

## Star of Space 2741

Chapter 2741 If it's wrong, it's wrong

"Zimo!"

Lin Caisang was the first to feel it and immediately rushed over to help Sui Zimo who fell to the ground.

"How are you? Is everything okay?" she asked with concern.

Although she knew that no matter what happened, she would never let anything happen to her husband, but it was absolutely impossible to say that she was not worried. There was a contingency for everything, right?

"I'm fine, don't worry."

Sui Zimo smoothly lifted her into his arms and patted her back gently.

The fall just now was just for show. Now that Kusi Tower has been changed to Sang Mo Garden by him, this stone wall naturally does not exist. Sang Mo Garden is a jade pendant that he can carry with him.

Although he said he was fine, Lin Caisang still took his pulse to make sure he was really fine before he could feel at ease.

"As long as it's okay, it'll be okay."

On the other side, Zhe Feng saw his master being thrown out and fell so embarrassingly, so he also rushed forward.

"Master!"

He helped the man up and saw that Lu Tianfeng's face was injured and blood was flowing down. He quickly took out the medicine and wanted to apply it to his master.

Unexpectedly, Lu Tianfeng shook Zhefeng's hand away and swept his medicine directly to the ground.

"Master..."

Zhe Feng was startled and wondered what had happened to his master.

"Zhefeng, your courage is getting bigger and bigger. You even dare to offend me!"

Lu Tianfeng said this with gritted teeth. After all, if Zhe Feng hadn't been by his side, he wouldn't have had to endure so many difficulties.

Moreover, if Zhe Feng hadn't offended Old Man, how could Old Man have recorded all of this on him?

"I....."

Zhe Feng was choked by his words.

"Sir, I... didn't know that there was an old man in Kusi Tower before, so..."

At that time, he really thought that the old guy was created by Lin Caisang and Sui Zimo, so he got angry and said a few words to the old guy.

He did this wrong.

However, as a senior, Mr. Gu was so fussy with them over such a trivial matter that he really didn't know what to say.

"Sir, it's my subordinate's fault."

In front of his master, no matter what the reasons are for what he does, if it is wrong, it is wrong, and he can only admit it.

"snort!"

Lu Tianfeng snorted coldly.

"If you are so reckless next time, I won't be able to keep you by my side!"

He directly warned Zhe Feng that the reason why he lost to Lin Caisang and the others this time in Skull Residence was all because of Zhe Feng!

He originally thought that everyone was the same and had not come out of Skull Residence, but when he saw it just now, everyone had come out. Even Sui Zimo was thrown out of Skull Residence with him.

Therefore, no matter what, he couldn't get what that person said!

"Yes, I understand."

When Zhe Feng heard his words, his face turned pale, but he still responded.

The mission failed like this, and Lu Tianfeng's face became even more ugly. He turned his head and glanced at the stone wall, and his face turned even livid.

Because he saw so many cracks, it seemed that there was indeed a problem with Kusi Building before. Fortunately, he ran fast and did not think of trying again to see if the old man was joking with him again and wanted to Zhe Feng took back the bad breath of being rude to him.

"hateful!"

After taking a deep breath, he cursed softly.

## Chapter 2742 You ask too many questions

Since the things in Kusi Tower were not taken out, he could only put his hope in Beiming Residence.

No matter what, he had to take something out, otherwise, that person would not let him go. Even if he still needed to do things by himself in Qianhuan Continent, his life in the future would not be so easy.

His eyes swept over Lin Caisang and the others.

Next, he had to think about how to get rid of these people and go to Beimingju by himself.

Or in other words, how to use these people, let them be his stepping stones, and then enable him to successfully get what the person in Beimingju needs.

In this way, his position in Qianhuan Continent and Sky City will be more stable, and he will be able to reach the heights that he could not reach earlier.

Realizing that Lu Tianfeng's eyes were always staring at him, Sui Zimo's cold eyes swept towards where Lu Tianfeng and Zhe Feng were.

Lu Tianfeng was startled when he saw Sui Zimo's cold gaze. He immediately withdrew his gaze and looked at Zhe Feng pretending to be nonchalant.

"Go sit over there."

"Okay, sir."

Zhefeng breathed a sigh of relief when he saw that his master was still willing to talk to him.

Zhenzhen helped Lu Tianfeng go to the place where he was before, let him sit down, and then started to barbecue for him.

However, seeing a few unkind eyes that were secretly looking at him, Lu Tianfeng frowned again, wondering why Captain Liu and the others looked like this.

Could it be...

He looked at Zhe Feng's back.

Could it be that Zhe Feng offended these idiots again when he didn't come out?

"Captain, didn't you get a lot of good things when you went into Kusi Building this time?" He looked at Captain Liu and asked tentatively.

Hearing this, Captain Liu's face darkened.

What did he get, what does it have to do with this guy? Doesn't he know that in the vast forest, the most taboo thing is for one's wealth to be revealed?

He wouldn't be so stupid as to tell others everything he got.

"You ask too many questions."

He said something directly and blocked Lu Tianfeng.

Hearing his words, Lu Tianfeng didn't think anything of it, because Captain Liu had the same attitude towards them before.

However, when Zhe Feng heard these words, it was no longer the case. He immediately frowned and glared at Captain Liu.

"Why are you talking to my young master? Whatever he asks you, just answer him!"

"you--"

Captain Liu was almost angered to death by his words.

But it was hard to say anything. After all, he really couldn't beat this person, and he didn't want to fall prey to this person's secret tactics.

"What did you say?!"

Lu Tianfeng raised his foot and kicked Zhe Feng in the leg.

He said that Captain Liu and the others had not treated him and Zhe Feng in this way before. Before, they had only coaxed Captain Liu to say that he could do anything.

Now like this, it's obvious that Zhe Feng has offended someone again.

Do you really want to piss him off to death? Did Zhe Feng offend everyone once he was gone?

"Sir, I..."

Zhe Feng seemed to realize what he had done wrong and turned to look at Lu Tianfeng.

"Shut up!"

Lu Tianfeng shouted sharply, and then took a deep breath.

Everything he did was defeated by Zhe Feng. If he had known better, he should not have brought him out.

Chapter 2743 Where are we going?

But now, it was impossible for him to replace Zhe Feng with other people he brought with him. Moreover, even if he replaced him, the attitude of these people towards them would be the same.

He sighed heavily. He really didn't want to say anything more to Zhe Feng. He turned his head and looked at Captain Liu.

"Captain, this friend of mine, sometimes he is just one-minded in what he says and does. You must not be the same as him. It's not worth it. If he has offended you in any way, I will apologize to you on his behalf."

He said to Captain Liu, now he still needs to use Captain Liu. He can't let so many people just ignore them, can he?

"Master..."

When Zhefeng saw that his master had turned down his face and apologized for him in order to please Captain Liu, he immediately felt bad.

His master is a high-ranking figure, how can he apologize to someone like Captain Liu?

"Shut up! You idiot, you don't do any good things, but you do a lot of messy things. Now you dare to offend the captain, you are really amazing!"

Seeing that he still wanted to speak, Lu Tianfeng interrupted him sharply.

Let him continue talking about how they are going to get to Beimingju next. That place is not something that just a few of them can get past. They have to find a lot of stepping stones.

He needs Captain Liu and the others, or Captain Liu to coax Lin Caisang and Yuan Jue to go together to serve as a stepping stone for him!

"You still haven't apologized to the captain?!"

"Yes, sir.

Zhe Feng had no choice but to hold back his anger and turned to look at Captain Liu.

"Captain, it was my fault before. I shouldn't have spoken harshly to you. I was too worried about my young master. I hope you, Captain, will ignore the faults of others and don't be on the same level as me."

This time, he endured it. After coming out of Beimingju, he must let all these people die!

However, it is still unknown whether they can come out from Beimingju.

"Easy to say, easy to say."

Captain Liu listened to their words and just responded with a smile.

I have already seen the true colors of these two people, but it's just not the right time to break up with them.

However, how to get along with these two people next? He will naturally not listen to these two people stupidly, go against Lin Caisang and the others, and compare with them who gets more.

This is basically falling into their trap. I guess these two people just want to use other people to achieve their own goals, right?

"You are all still injured, so don't say any more. While we are still staying here tonight, take a rest for the night. We will be traveling with everyone tomorrow."

he said to them.

"Tomorrow... are you on your way?"

Lu Tianfeng almost had a bad reception.

What road do they need to drive tomorrow? Although he hopes to set off tomorrow to Beimingju, what road do others need to drive? Could it be that they have already decided where they are going?

"Where are we going? Captain." he asked.

"have no idea."

Captain Liu replied directly to him with three words.

He didn't know where he was going, he just wanted to follow Lin Caisang and the others.

He had also heard Lin Caisang and Yuan Jue talking there before, saying that they were waiting for Sui Zimo to come out of Kusi Tower, rest for the night, and then set off to another place the next day.

As for where it was, he really didn't know.

Chapter 2744 There is really no one left

However, he thought that it would be much better to follow Lin Caisang and the others than to lead Lu Tianfeng and Zhefeng alone, two demons who eat people without bones, seeking death in the vast forest, right?

So without even thinking about it, he would take the people in his team and follow Lin Caisang and the others.

As for whether Lu Tianfeng and Zhefeng wanted to follow them, that was none of his business. What he hoped most was that these two people had their own affairs and could sneak away halfway.

"have no idea?"

Lu Tianfeng frowned.

Although Captain Liu's words sounded meaningless, he just wanted to follow Lin Caisang and the others.

But if you listen carefully, you are still dissatisfied with them. Otherwise, I would have explained it more anyway. Just three words, weren't they used to dismiss them.

He turned his head and looked at the others, only to see that when they saw him looking over, they also turned their heads or lowered their heads, minding their own business.

It seems that these people really don't take him seriously during the time he's not here.

But there was no other way. He still had to coax them to follow him to Beimingju. Otherwise, how would he find his stepping stone?

"Captain, Captain Lin and Captain Yuan, can you tell me where they are going?" After hesitating for a while, he asked Captain Liu.

"have no idea."

Captain Liu still shook his head, saying that he knew nothing.

"Captain Lin and the others naturally have their own destinations, but how can they tell us these things? In fact, according to my opinion, we don't need to worry about it. We can just go wherever they go. "

To put it bluntly, even if he knew where Captain Lin and the others were going, he wouldn't tell Lu Tianfeng and the others. He just had to understand it in his own mind.

What's more, he really doesn't know anything.

Lu Tianfeng: "..."

This Captain Liu is really no one else.

You don't even know Lin Caisang's next destination, so you just want to follow them?

Isn't he afraid that Lin Caisang will betray a group of them? In this vast forest, there is danger everywhere. These people who have no ability can become a stepping stone for others at any time.

He couldn't help but murmur in his heart, but what he didn't know was that what Captain Liu and the others were thinking was that they would rather be a stepping stone for Lin Caisang and the others than die inexplicably under Lu Tianfeng's hands.

"Captain, then we have to know where they are going, right? We don't know anything. What if we can't find anything in the following days and fail to complete the mission?"

he asked tentatively.

"Task....."

Captain Liu hesitated for a moment, pursed his lips and looked at the unroasted barbecue in his hand, and then looked up after a while.

"If we are destined to fail to complete the mission, there is nothing we can do about it. Besides, when we came to Haikuo Forest, what we got has exceeded our original budget. It can be regarded as a blessing in disguise."

He looked at the other team members and said.

"Yes, yes, the captain is right."

"That's right, we have already obtained a lot of things in the sea forest. Even if we fail to complete the task, we don't have to hand in some things. At least we won't lose money, right?"

Other team members echoed.

Anyway, they have seen the true colors of Lu Tianfeng and Zhefeng, and will no longer be used foolishly.

Chapter 2745 What does he mean?

Although they still don't know who these two people are, they can't follow these two people and do some bad things, right?

"you....."

After listening to their words, Lu Tianfeng didn't know what to say.

Have they been brainwashed by Lin Caisang and the others? Why do they keep speaking for them?

Besides, he didn't say he wouldn't follow Lin Caisang and the others. He just wanted to know where they would go next. What if they were traveling the same way?

"Captain, you misunderstood. What I mean is, let's ask Captain Lin where they are going. We don't know anything now, not even what we need to prepare.

If we encounter danger on the road, we don't know how to deal with it.

You still have to be prepared for everything, right? Otherwise, captain, you can ask Captain Lin and the others, or you can ask Captain Yuan. At least you know that you need to prepare something to follow them all the way. "

"Any questions?"

Captain Liu didn't care at all what Lu Tianfeng said and even sneered.

"We always have to prepare things that should be prepared. How we prepared the elixir before, we just prepare it now. The rest will be discussed later."

He obviously hadn't thought about asking Lin Caisang and the others, and he also had his own ideas.

What if he really goes to ask and Lin Caisang tells him that they are not going to take them with him?

He couldn't let go of his decision to let them follow Lu Tianfeng and Zhefeng alone. He might as well wait until tomorrow morning and follow Lin Caisang and the others in vain.

"You have too many things to do. Everyone needs a rest. Captain Lin is even pregnant. How can we have the nerve to disturb her?"

As he said that, he glanced at Lu Tianfeng with a very disapproving look, as if Lu Tianfeng was ignorant.

The look on his face almost made Lu Tianfeng so angry that he wanted to spit out a mouthful of blood.

Zhefeng wanted to speak several times, and wanted to threaten Captain Liu not to talk nonsense, but when he saw the unkind look on his master's face, he held back and continued roasting the monster meat in his hands.

...

On this side, after Lin Caisang and the others simply ate something, they began to prepare the things they needed to prepare for the road the next day.

Pills and the like are indispensable.

Before Lin Caisang and the others came out, the trio also found a lot of medicinal materials nearby and refined a lot of elixirs.

They showed Lin Caisang just now and found that they were quite useful.

Of course, Lin Caisang was also preparing to refine some elixirs, so at night, Sui Zimo and Yue Chushui kept watch, while Lin Caisang had been refining elixirs for the first half of the night.

Because the places he had to pass to get to Beimingju were all very dangerous, Lin Changhong also began to make some simple magic spheres.

Early the next morning, before preparing to leave, while there was still some time, I distributed them to everyone.

Even several members of Yuan Jue's team and members of Captain Liu's team were distributed even if they didn't land.

only.....

"What does he mean?"

Everyone was given formation balls, but Lu Tianfeng and Zhe Feng alone received nothing.

Zhe Feng also stretched out his hand to grab the formation ball in Lin Changhong's hand.

Chapter 2746 Get rid of them?

Unexpectedly, Lin Changhong's hand turned around his, and he put the things directly into his cloth bag, then looked at them with a slight grin on his lips, and left.

"Young Master, they... they are simply..." This is too much!

Everyone else was more or less able to distribute some, but when it came to him and his master, they just left like that?

He obviously had a lot of formation balls in his hand, he saw them all, but Lin Changhong just wouldn't give them to them!

Moreover, if you don't give it, don't give it. You'll show it off in front of them and then take it back.

He saw clearly just now that Lin Changhong was deliberately waiting for him to stretch out his hand before retracting his hand. He was deliberately waiting to embarrass him.

"Shut up!"

Lu Tianfeng drank coldly.

Isn't that embarrassing enough? His face was completely disgraced.

It's not like he didn't prepare what he needed to prepare. Although he was in a hurry, he still brought all the things he had prepared before.

Moreover, what he brought was for a group of seven people. Could it be that just two of them wouldn't be enough?

Where do you need to ask other people for things?

"Get ready, let's follow them." He ordered Zhe Feng with a dark face.

"Yes, sir."

Zhefeng could only respond. He couldn't do anything to Lin Changhong and the others now.

Let's see if his master wants to deal with these annoying people along the way. If these people need to be dealt with, he must avenge today and the past!

...

Not long after, the three teams set off together.

Naturally, with Lu Tianfeng and his servant here, everyone walked, so Lin Caisang and the others would not contribute their flying mounts.

And soon, Lu Tianfeng also discovered that the direction Lin Caisang and the others were traveling was exactly the direction they needed to go.

This time, his expression became even worse.

Lin Caisang and the others knew about Kusi Tower before, but now they were going in the direction of Beimingju.

He couldn't help but secretly guess, could it be that they still knew about Beiming Residence, so they were going to Beiming Residence now and wanted to get those things before him?

He had already lost the things in Kusi Tower. This time, if Lin Caisang and the others were allowed to take away the things from Bei Mingzhong, how would he explain to that person?

Therefore, he secretly winked at Zhe Feng, and then the two began to discuss secretly.

"Sir, do you mean to get rid of them?"

Zhefeng's tone was full of excitement that couldn't be hidden.

He had been waiting for this day for a long time. Not only were these people an eyesore, they were also arrogant and did not take them seriously at all.

Therefore, he wished he could get rid of Lin Caisang and the others right away, but because his master had never issued this order, he could only hold back for now.

"Shh!"

Hearing Zhe Feng's not loud words, he immediately made a gesture of silence.

Now that we have come to this step, if we want to get rid of those people, we must be careful and careful. Along the way, he has also seen that none of these people are easy to mess with.

"Keep your voice down, these people should have more than just that white fox in their hands."

He warned Zhe Feng.

"Yes, sir, I understand."

From the corner of his eye, Zhe Feng secretly looked at Lin Caisang and the others, and then looked at Captain Liu and the other five.

Chapter 2747 For example: people!

"What about the others? Do we want them to follow us?" he asked.

He felt that Captain Liu and the others were not good people, so it would be better to solve them together to save them trouble later.

"Get rid of those people named Lin first."

Although Lu Tianfeng didn't like Captain Liu and the others, they were still useful. He had to use them to enter Beiming Residence, and it would be too easy for them to die now.

"As for the others, as long as those few people die, they won't be able to make any trouble. I'll keep them if they are still useful, so I'll let them live for a few more days."

"Yes, sir.

Zhefeng responded and looked sideways at Captain Liu and the others, as if he were looking at prey waiting to be slaughtered.

As long as he gets the master, these people will definitely have no way to survive. It's just a matter of sooner or later, so he can rest assured.

"Then... Young Master, what are we going to do next? We can't get past Captain Lin and his friends at all. They are very guarded against us. Even when Captain Liu goes over, they are very cautious."

It is somewhat difficult to get in touch with Lin Caisang and the others.

But he believed that this would not be a problem for his master, and he would definitely find a way.

"Do nothing now and wait until evening."

Lu Tianfeng glanced at Lin Caisang and his group, who were not far away from them, but not too close either, and then looked at Yuan Jue and his group of six others.

Among these people, Lin Caisang, Sui Zimo, Lin Changhong, Yue Chushui, and Yuan Jue, these five must die. As for the others, if they resist, they will be killed.

And if someone doesn't want to die now and can surrender in a pragmatic way, then he will consider letting them die later.

"Okay, everything will be up to the master's arrangement." Zhe Feng responded in a low voice.

...

After a day's journey, the sky quickly darkened.

Yuechushui found a relatively flat place, and the group sat down and started to light a fire.

"Zimo, come here and take a look."

Lin Caisang sat on a big rock and waved to Sui Zimo.

Next to her other hand, there was a map of Haikuo Forest. It was not the one given by Lin Baizhong, but the one he exchanged from Lian Xinmai.

"This is the poisonous swamp. If the prediction is good, we will arrive tomorrow afternoon."

"what are you worried about?"

Sui Zimo knew his wife well. She was just a poisonous swamp and was not qualified to make his wife look worried.

Therefore, what she is worried about is not the poisonous swamp, but something more poisonous than the poisonous swamp, such as: people!

"What else can you worry about?"

Lin Caisang shrugged innocently and glanced in the direction of Lu Tianfeng and the others with a vague gaze.

These two people were muttering along the way, thinking that they couldn't hear it, but they never thought that even if they couldn't hear it, as long as these two people got together and muttered, nothing good would happen.

"They should have discovered our destination. Tonight... it won't be too quiet," she said.

"Don't worry, even if they try again, they will just seek their own death." Sui Zimo said, not taking Lu Tianfeng and the others seriously.

If he hadn't thought about why Lu Tianfeng had to come to Haikuo Forest before, then he already knows a little bit about it. One of the purposes is to get the Kusi Tower, right?

I don't know what kind of person the person behind Lu Tianfeng is, and he has a really big appetite.

Chapter 2748 Fire Ants

"I'm not worried about ourselves, but others... are hard to guard against," Lin Caisang said.

"Let both teams gather together tonight." After thinking about it, Sui Zimo suggested.

As for Captain Liu and the others, he didn't need to pay attention to them. No matter how stupid Lu Tianfeng was, he would not harm Captain Liu and the others before getting rid of them.

Doing so would directly put himself in danger.

"Let Changhong call the people over later."

"Um."

Lin Caisang responded lightly.

...

That night. perform

Yuan Yue's team of six people was called over by Lin Changhong. They all rested together, and then every hour one person from each team came to keep watch.

But people can keep it, but there are some things that cannot be seen with human eyes.

Just like...

Countless ants lined up in a row and crawled towards this side.

In the dark night, it was such a small thing. How could the night watchman see it? It couldn't even hear a sound. While the two night watchmen were still talking, the ants had already arrived. They came forward.

On the other side, Lu Tianfeng put away the bamboo tube in his hand, then controlled his pet and headed towards Lin Caisang and the others.

Those ants were not ordinary ants, but fire-eating ants, which he had raised for many years.

What they eat every day is poisonous meat, dried fruits, etc. If they take a bite, although they won't kill you immediately, they won't feel any better either.

At least the ability to resist will be much weaker.

When the time comes, he will be given the opportunity to deal with those people, and these people will die in his hands.

"Sir, those people..."

"Shut up!"

Zhe Feng wanted to ask something, but how could Lu Tianfeng give him this chance?

Now he doesn't have much favorable impression of his subordinate Zhe Feng, because all the hardships he endured in Kusi Tower were all because of Zhe Feng.

And outside, if Zhe Feng hadn't offended Captain Liu and the others, why would he have to bow to these low-level people?

Therefore, he didn't want to hear Zhe Feng speak, let alone ruin his plan because of what he said, giving Lin Caisang and Yuan Jue a chance to survive.

It's a pity, maybe Zhe Feng is destined to be the person Lu Tianfeng brought in to ruin his plan, right?

After he yelled at Zhe Feng, he watched helplessly as a magical beast emerged from the small satchel Sui Zimo carried on his back and rushed towards his fire ants.

Although he couldn't see where his fire ants had arrived, he was certain that this plan would definitely come to nothing.

"Squeak, squeak."

As the little guy stomped on the ground and rolled his tongue, he successfully disturbed Lin Caisang and the others.

Several people woke up one after another and looked towards the little guy.

"Brother, Chu Shui, why don't you go and see what's going on?"

Lin Caisang looked at his eldest brother and Yue Chushui with slightly confused eyes.

If she remembered correctly, this little guy with purple eyes usually slept at her husband's place. Why did he come out to cause trouble so late at night?

It seems that the people over there are making some noise.

But she didn't know what the movement was so that they didn't notice it.

"I'll go too."

Lin Changhong and Yue Chushui walked over. Seeing this, Yuan Jue took the initiative to follow them.

Chapter 2749 Forget about being hacked to death

Soon, they came back, and the two night watchmen also came over. In Lin Changhong's hand, there were several corpses of fire-eating ants.

But there was no difference between these fire-eating ants and ordinary ants. Not to mention Lin Changhong and Yue Chushui, who had just arrived from Huanglu, even Yuan Jue did not recognize them for a while.

"Sang Sang, I just saw this ant. It seems that the little guy is hungry and is giving himself extra food at night." Lin Changhong took one look at the fire ant and wanted to throw it away to his sister.

"do not move!"

Seeing this, Lin Caisang immediately stopped his movement.

"These are fire-eating ants, not ordinary ants."

She looked at Sui Zimo, and then at the fire ant in her eldest brother's hand.

"What? It's actually a fire ant?!"

Hearing the words 'fire-eating ants', Yuan Jue suddenly lost his composure.

"What's wrong? Is there something wrong with fire ants? They're just as small as ants." Lin Changhong didn't take it seriously and thought it was nothing.

But what he didn't notice was that Yue Chushui's face was extremely ugly when he heard Lin Caisang talking about fire ants, and he looked at Lu Tianfeng and the others unkindly.

At this moment, Lu Tianfeng seemed to have expected it, and he and Zhe Feng had already lied down and pretended to sleep, with their backs to them, and their expressions could not be seen at all.

However, Lu Tianfeng's expression was even worse.

He thought that the fire ants were his killer move, and it would be impossible for those people to avoid them.

But he didn't expect that even Sui Zimo had a magical beast that could detect his fire-eating ants. What exactly that magical beast was, he had never seen before.

Moreover, he thought about it carefully and found that he had never seen such a magical beast on the Qianhuan Continent.

"hateful!"

He lowered his voice and cursed secretly.

On the other side, without Yuan Jue saying anything, Yue Chushui began to explain the power of this fire-eating ant.

"Fire ants are usually fed with poison, which can be said to be a sharp weapon for killing people. If a bite from a fire ant raised by humans is more poisonous, it can directly cause death.

If such a small fire-eating ant is bitten, it is very likely to lose its fighting ability, and it may end up being slaughtered by others, and it is possible to die without a burial place.

Moreover, fire ants are so small that they are extremely difficult to detect and are absolutely unpredictable.

This plan is really vicious! "

At the end of the sentence, he gritted his teeth and really wanted to rush directly in front of Lu Tianfeng and hack those two people to death.

"They...I'll go find them!"

After hearing what he said, Lin Changhong was shaking with anger. If Yuan Jue hadn't pulled him, he might have rushed over and killed those two people.

"Don't go there, don't be impulsive."

Yuan Jue pulled Lin Changhong and refused to let him pass.

He thought clearly that even if he went to question Lu Tianfeng now, all the fire-eating ants had been released, and almost all of them had been killed by the little guy with purple eyes.

As long as Lu Tianfeng refuses to admit it, he will bite them back and say that they have wronged them!

"They didn't get anything cheap, but we killed these fire ants and learned a lesson. Now we go to them to settle the score, but they won't admit it."

"snort!"

Lin Changhong snorted heavily.

He took a deep breath, gritted his teeth, threw all the fire ants in his hand to the ground, and then stepped on them a few times.

Chapter 2750 It comes in handy

"Fortunately, we were discovered, otherwise, we would all have to stay here.

You're right, if they hadn't been discovered, they would really have fallen on this little fire ant. After all, it was such a small thing, and it was difficult for them to find the fire ant.

Just such a thing, even if it crawls on them, they won't care too much, right?

What's more, I can't even feel it when I'm sleeping.

"Xiao Zi, have you killed all those fire ants?"

He took a deep breath again and refrained from asking Lu Tianfeng for trouble. Instead, he hugged the purple-eyed little guy who had already run to them.

He just saw that those fire-eating ants were not only trampled to death by the little guys, but even if they were close to them, they would be frozen into ice. It would be impossible to survive. Therefore, the fire-eating ants that Lu Tianfeng and the others brought over, There should be no one left, right?

And upon hearing his question, the purple-eyed little guy raised his head proudly, and that little look could not have been more obvious.

Those little things, no matter how they could be its opponents, would be killed immediately without it having to take action.

"Squeak, squeak, squeak."

The little guy jumped up from Lin Changhong's hand, jumped directly onto Sui Zimo's body, then crawled and crawled, got into its small satchel again, and continued to sleep.

After that, Sui Zimo directly made a protective shield for everyone, so that everyone could rest inside and no longer pay attention to Lu Tianfeng's little calculation.

On the other side, Lu Tianfeng was absolutely furious.

Because none of his fire-eating ants came back, and they all fell at the feet of the purple-eyed little guy.

He has been raising fire ants for so long, using many rare and poisonous materials, and raising them with great care so as not to lose any of them, but this time, not one of them came back.

I originally thought they were put to great use, but how could I know...

Lin Caisang and the others are really crazy. Where did they get all these little guys? I only saw a white fox before, but what is that little monster now?

Why doesn't he know what kind of monster it is?

"call!"

He suppressed himself and breathed out softly.

Now he still remembers the appearance of that little monster. After leaving the sea forest, he must find that person and ask him what kind of monster it is and why his ears are so smart?

His fire ants make no sound at all when they walk, but the little thing can actually hear them!

"Sir, what should we do now?"

Zhe Feng was beside him, and those fire ants were on Lin Caisang's side. He naturally knew that and asked in a low voice.

Hearing this, Lu Tianfeng glared at him.

How does he know what to do? Before, he thought that there were just a few people and he could deal with them just by finding something on his body.

But now he knows that these people are really not that easy to deal with. There are definitely no less weird things in them than him, or even more than him.

Now, he could only secretly hope that Lin Caisang's destination was different from his, and they just happened to be on the same road as them.

I hope they don't know about Beimingju.

But his hope will never be realized. He will soon know that they are on the same road, and Lin Caisang is more prepared than him.
