

## Star of Space 2751

Chapter 2751 Sneeze! Ah sneeze!

...

It was almost evening the next afternoon, when everyone had prepared their things and looked at the poisonous swamp not far from them.

Lu Tianfeng had such silver teeth that he almost bit them into pieces.

"They actually know, they actually know!"

He was really on the verge of yelling, why did Lin Caisang and the others know about Beimingju?

Even if the little beast overheard their conversation before, it wouldn't be able to know the specific route, would it?

There is only one possibility, that is, those people came with the purpose of entering Kusi Tower and Beiming Residence from the beginning, so they have a more detailed map of Haikuo Forest in their hands.

Even he was able to figure out the general route of Beimingju after being explained to that person for a long time. He only knew that to go to Beimingju, he had to pass through the poisonous swamp.

But these people seemed to come prepared.

"Master, what should we do now? Do we want to cross the poisonous swamp together?" Zhe Feng also frowned and asked.

It seemed that what he had expected was correct. Those people had indeed been against them all the way, and now even entering Beiming Residence was their business.

"what to do?"

Lu Tianfeng's face was full of gloom and he glanced at Zhefeng.

Although no one said anything about what happened last night, they already knew it secretly.

So what can be done now? They can only take one step at a time, and see who is more ruthless among them, who can reach Beimingju alive, and then come out from Beimingju with what they want.

"What do you think should be done?"

"My subordinate feels... ugh!"

Zhefeng wanted to come up with some ideas, but when he looked up, he saw his master's gloomy eyes.

All the things he wanted to say and all the methods were swallowed up in his master's eyes. How could he still say it out loud?

"Go prepare your things and enter the Poison Swamp at night!"

Lu Tianfeng would not give him another chance to speak and gave the order directly.

They also came prepared. They had all the things needed for the poisonous swamp, and they also brought the pills to detoxify the swamp.

Of course, he would not tell the truth to others. Others should let them continue to linger here and think of ways to catch up. This time, he wanted to see who could reach Beiming faster. Residence.

"A sneeze! A sneeze!"

Just after returning from the poisonous swamp, the purple-eyed little guy kept sneezing around Sui Zimo.

Then his two front paws kept scratching his nose, as if something was occupying his nose, making him extremely uncomfortable.

"puff!"

Looking at its small appearance, Lin Caisang couldn't help but laugh.

"I just told you that I won't let you go. You have to go. Isn't it uncomfortable? What can I do?"

"A sneeze, a sneeze!"

The little guy sneezed loudly a few more times, almost knocking his little body upside down and flying out.

Helpless, Sui Zimo could only fish it out with his big hand and stuff it back into his small satchel.

If he was given a choice, he would rather send the little guy back to Sangmoyuan, but the little guy doesn't want to, and with it here, any little trick Lu Tianfeng wants to do will be discovered in time.

"Stay well."

After giving a deep warning, he poured out a pill from the porcelain bottle in his hand and threw it into his mouth.

"Sonny, you wait here, I'll go over and try first," he said.

Chapter 2752 Let him also contribute

"etc.

Seeing that he was about to go to the poisonous swamp, Lin Caisang hesitated and held him back.

"How about I go?" she suggested.

Anyway, no matter how she was poisoned, as long as she entered the Golden Pearl Space, all the poison would disappear and nothing would happen.

But her husband is different. If he is poisoned, even if she detoxifies, it will take a long time, right?

"Sangsang, you can't go, it's better for me to go."

When Lin Changhong saw that his sister actually proposed to go, he was so frightened that he broke into a cold sweat, so he stopped her and said.

"Zimo, it's better for me to go. It's probably useless for you to go. After all, what's happening to you... you understand, right?"

Sui Zimo's body is still infected with a strange poison. Although it can be suppressed now, his sister has not yet found a cure. Moreover, they all guess that it has something to do with Lu Tianfeng. of.

After hearing Lin Changhong's words, Sui Zimo hesitated.

But it was just a moment of hesitation, and soon he made a decision.

"Sonny, wait here and we'll go together."

He glanced at his wife, then turned back to Lin Changhong, and said that there was no way he could be at ease letting Lin Changhong go alone. He was his wife's eldest brother and must be protected. .

How could he be allowed to go to such a terrifying place as Poison Swamp alone?

Lin Caisang thought for a while and then nodded.

"That's fine."

The two of them always took care of each other, so let them go together. As for herself, she had a big belly, so she shouldn't join in the fun.

"Bring Yuan Jue with you and let him contribute."

She glanced at Yuan Jue's team. Not only was it because she wanted Yuan Jue to contribute his strength, but also because Yuan Jue went there with her. After she came back, she could talk to her team members about the situation in the poisonous swamp. .

It also saves them from being confused about the situation and falling into danger when they enter the poison swamp.

"Yes, I'll come with you too."

Yuan Jue nodded, and when he saw Sui Zimo, he didn't hesitate and handed him the porcelain bottle in his hand. He immediately took it, poured a pill, and threw it into his mouth.

After a while, the three of them headed to the Poison Swamp together.

Seeing these three people entering the poisonous swamp, Lu Tianfeng, who had the antidote in his hand, sneered.

Zhe Feng was beside him, looking at the three of them with vicious eyes, cursing in his heart that it would be best for them to never come out again and just die inside.

...

As soon as they entered the poisonous swamp, a stench, mixed with an unpleasant smell, entered the noses of Sui Zimo and the others.

The sound of "porphy porphy" kept coming, and bubbles popped up in the swamp, bringing the poisonous gas underneath into the air, making it even more difficult for everyone to move.

"It smells so bad."

Even if he had taken the elixir, he would not be directly poisoned to death, but the smell was too unpleasant.

Lin Changhong raised his hand and kept fanning the wind between his nose, hoping to blow away some of the unpleasant smell, but it was of no use at all.

"I should have just brought a few masks and put them on. It was a mistake."

His girl's mask was just about ready to be used here, but unfortunately, he didn't expect it for a moment.

Chapter 2753 Beneath the Poison Swamp

The most important thing is that I didn't expect the smell to be so bad.

"call!"

He exhaled heavily, his face turning red from the unpleasant smell.

"As long as you're not dead, you don't care whether it smells bad or not." Yuan Jue glanced at Lin Changhong and said.

Although he also felt that this place was not a place for people to stay and it was really scary, they had to pass by this place.

This poisonous swamp surrounded Beimingju at 360 degrees without blind spots. The area was so large that even if they wanted to find a place to avoid it, it would be impossible.

"In this place, if you don't get poisoned, you can be smoked to death!" Lin Changhong couldn't help but complain.

But no matter how much they complain, they have to go over here and give it a try.

Therefore, the three of them prepared and prepared to go over. Although the poisonous swamp was large, it wouldn't take too long to cross it. They could just fly over by themselves.

"Walk!"

Following a word from Sui Zimo's mouth, the three of them leaped up and prepared to go to the other side, but...

Before they had even reached the poisonous swamp, they felt a strong air current rushing towards them.

"Roar!"

A roar of a monster came from the poisonous swamp.

Immediately afterwards, the poisonous swamp was arched by something. As the poisonous mud continued to fall down, the thing became clearer and clearer.

A lot of poisonous mud splashed towards them.

"go back!"

The long sword in Sui Zimo's hand knocked away the poisonous mud flying towards them, and then Lin Changhong immediately threw out a protective shield. Yuan Jue's spiritual power cooperated to prevent them from getting covered in the poisonous mud.

The three people once again returned to the place where they were standing before, and the poisonous mud was still flying in their direction and landed near them.

"what happened?"

After a while, the three of them returned to their team in despair.

Lin Caisang and the others immediately came up to them and asked.

"Zimo, I just heard the roar of a monster. Was it underneath the poisonous swamp? Are there any monsters?"

"yes."

Sui Zimo simply answered with one word, his expression a bit ugly.

After hearing his answer, not only Lin Caisang, but also other people's faces became uneasy. Even Lu Tianfeng and Zhefeng, who had always thought they could get through safely, looked very ugly.

They have antidote pills, but they can't deal with those monsters!

At this moment, Lu Tianfeng secretly breathed a sigh of relief and secretly sighed that it was a good thing that he had not been able to succeed before.

Otherwise, Sui Zimo and the others would all be dead, and their team alone would definitely not be able to cross the poisonous swamp and enter it.

"A monster living in a poisonous swamp must be poisonous all over its body." Yue Chushui said.

The poisonous swamp is poisonous enough, and people will die if they touch it, but that kind of monster can live in the poisonous swamp and can also attack them. It seems that this monster is not simple.

"Could it be the guardian beast of Beimingju?" Lin Caisang asked in a deep voice.

She thought that even the Poison Swamp was used to protect Beiming Residence, and the monsters in it must also be used to protect Beiming Residence.

"should be."

After thinking for a moment, Sui Zimo nodded.

"And there should be more than one."

"That would be troublesome." Lin Caisang gritted his teeth.

Chapter 2754 Mutated Poison Beast

Isn't it troublesome? The poisonous swamp itself is dangerous enough, and they can't touch the poisonous mud.

Nowadays, there are monsters in the poisonous swamp. If you flip it over, you can get the poisonous mud out of the poisonous swamp and throw it everywhere.

How do they get into such a situation?

"You guys take a rest first, and we'll think about what we can do."

Although they need to think of a way, they should let the three people who just passed by rest first and see if they are poisoned by the poison in the swamp. What if her antidote pill doesn't work?

Soon, all three people sat down.

"Zimo, you are not poisoned."

Lin Caisang first took Sui Zimo's pulse to make sure he was not poisoned, and then took the pulses of Lin Changhong and Yuan Jue.

"Brother, you and Captain Yuan were only slightly poisoned. Take a rest and wait and see. Maybe the effect of the detoxification pill has not been exerted yet."

She looked at the two of them and said.

"good."

Yuan Jue responded lightly.

In fact, he didn't feel any discomfort on his body.

"I remember the appearance of that monster. It should be a poisonous beast. I just don't know how a poisonous beast can live in that poisonous swamp."

"The poisonous beast?"

After hearing Yuan Jue's words, Lin Caisang looked at her husband and eldest brother, wanting to get their confirmation.

"It should be a mutated poisonous beast."

Sui Zimo explained that if it were just a poisonous beast, it would not be able to stay in the poisonous swamp.

"The body of the mutated poisonous beast is larger than that of ordinary poisonous beasts. Moreover, there are four ear-like things on its head, which can hold or wrap poisonous mud. If you want to use poisonous mud, You can throw the mud anywhere."

"Yes, yes, that's right."

Speaking of this, Lin Changhong also had something to say.

"That's not all. The eyes of this poisonous beast are not red, but black, and its nose can spray poisonous mud, just like an elephant's trunk."

Most poison beasts have red eyes, but the one they saw was black.

He didn't know if it was because it was stained with poisonous mud, or if it was the color itself, but he could really see the poisonous mud coming out of his nose.

If he hadn't raised the protective shield quickly at that time, the three of them would have been sprayed with poisonous mud. We don't know what would have happened now.

"Tsk, Sangsang, one of them is so difficult to deal with. If there are others in the poisonous swamp, and several of them attack together, it will be really troublesome."

But, they really have to go through this poisonous swamp. His girl needs to complete her mission, right?

"Then what can we do? We can only find a way to get over it."

Lin Caisang shrugged his shoulders, but there was no trace of worry on his face.

Anyway, they have the city lord's order here, so they can leave the Sea-Kuo Forest whenever they want. They can afford it, but...

Turning his head, he looked in the direction of Lu Tianfeng and Zhefeng.

I just don't know if these two people can afford it, because everyone knows before that after entering the Haikuo Forest for a month, no matter whether anyone has not arrived at the assembly point, everyone will leave, and they will not do it for anyone. Waiting specifically.

When Lu Tianfeng saw Lin Caisang looking towards him, his face suddenly darkened.

It seems that these people have really known their identities for a long time, right? That's why I guarded against him all the way.

Chapter 2755 What a Captain Lin

"Mr. Lu, are you just going to watch like this? Why don't you come over and find a solution together?"

Just when he was wondering whether everyone knew his identity, he heard Lin Caisang calling him carelessly, and almost revealed his identity.

"you....."

When Zhefeng heard Lin Caisang calling his master, he almost wanted to take action.

Could it be that they knew it a long time ago? Since they already knew the identity of his master, they dared to deal with them like this. It is simply unforgivable!

"you shut up!"

Lu Tianfeng interrupted Zhefeng's words and glared at him.

After receiving his master's anger, Zhe Feng pursed his lips and lowered his head, not daring to speak any more. ~"°•.~°.°\*~

"It turns out that Captain Lin also needs help from others."

Lu Tianfeng walked towards Lin Caisang and the others, with a smile on his face and said quietly.

"It doesn't matter to me whether you can help or not. I can always find a way to get through it anyway, and I'm... not in a hurry." Lin Caisang raised his eyebrows and spoke leisurely.

"I just don't know if some people will be anxious."

"you--"

Lu Tianfeng had a bad breath stuck in his throat, and she almost made her angry to death.

Yes, he was in a hurry, because time did not allow him to delay in this mere poisonous swamp.

But no matter how anxious he is, the monsters in the poisonous swamp cannot be dealt with by him alone. The solution still needs to be figured out by everyone together.

He originally thought that he would let Lin Caisang and the others come up with a solution, while he would just sit back and enjoy their achievements.

But reality did not allow it. Lin Caisang directly revealed his identity, which made him understand that Lin Caisang and the others knew what he wanted to do in Beimingju.

There was a faint worry in his heart now.

If Lin Caisang and the others have nothing to do with Lin Baizhong, that's okay.

But Lin Baizhong and Lin Caisang have a father-daughter relationship, so he has to rethink. Could everything outside have been known to Lin Baizhong?

And since Lin Baizhong came back, Lu Tianlan directly handed over the task that he originally led to Lin Baizhong.

Is there any connection between this?

The situation outside is not good. Could it be that Lu Tianlan listened to Lin Baizhong's slander and wanted to attack him, and they actually deliberately put him into the Haikuo Forest?

Connecting everything that happened before, everything seems so obvious!

Did these people deliberately set a trap to let him burrow into the vast forest, and then attack those outside him? !

"Okay, what a Captain Lin, what a Commander Lin!"

He lowered his voice and spoke to them only in a voice that he, Lin Caisang, and Sui Zimo could hear.

A pair of bloodthirsty eyes were staring at Lin Caisang!

"Easy to say, easy to say."

Lin Caisang smiled and didn't want to deny anything.

And these four words she said undoubtedly confirmed Lu Tianfeng's suspicion.

"You're--very good!"

He gritted his teeth and spit out these three words almost from between his teeth.

He, Lu Tianfeng, has never fallen so hard before. This is the first time. Moreover, I believe that what happened in Kusi Tower is also related to Lin Caisang and the others.

"If I'm not good, am I still good to you?"

Lin Caisang grinned and asked him funny.

She was naturally good. Seeing Lu Tianfeng's deflated appearance, she felt happy in her heart.

Chapter 2756 Am I mistaken?

"Captain Lin, you..."

"Stop talking nonsense and think of a solution.

Just when Lu Tianfeng was about to say something to her, Lin Caisang interrupted him directly.

She didn't want to listen to Lu Tianfeng's threatening words anymore. She had better think about how to get through this poisonous swamp first. That was the most important thing.

As for the rest, she didn't want to pay attention to anything right now.

"I think Mr. Lu must have made complete preparations before coming to Poison Swamp, right?" she asked.

"snort!"

Lu Tianfeng snorted coldly.

He didn't even want to talk to this woman. She was full of scheming people and looked dangerous.

However, it was impossible not to say it. If he relied on himself alone, he would not be able to get through this poisonous swamp. He could only join forces with Lin Caisang and the others.

"I have antidote pills in my hand, but I didn't expect that there would be monsters in the poisonous swamp. I can't deal with this monster. Captain Lin should find a way on his own."

He said honestly.

"oh?"

Lin Caisang's red lips were slightly raised and she looked at Lu Tianfeng.

"Should I figure it out myself?"

Ha, this is a good thing. Could it be that the method she came up with can be used by herself in the future instead of Lu Tianfeng and the others?

"So, Mr. Lu is not planning to go there, so there is no need to think of any solution? That is really wonderful, it will save us a lot of trouble.

"Well."

Lu Tianfeng choked at her words.

"Nonsense, who said I'm not going to go there?"

He must go to this poisonous swamp, there are still things waiting for him to get it.

"Didn't Mr. Lu say that himself? If we want to get over it, we have to find a way ourselves. Could it be that I am wrong?"

Lin Caisang raised his hand, touched his chin, and asked Lu Tianfeng.

"I...you..."

Lu Tianfeng was blocked by her and really didn't know what to say.

He just wanted Lin Caisang to find a way to make it easier for everyone to pass by.

Moreover, Lin Caisang's team originally had more ideas and better abilities. Those who are capable work harder. Isn't this normal?

But he really didn't think that Lin Caisang and the others would know his identity before. It's no wonder that Lin Caisang and the others never had a good look towards him.

He now suspected that if Captain Liu and his team had not been with him, Lin Caisang would not have let them follow them at all.

"Since it's everyone's business and everyone wants to get over it, let's think about it together."

Taking a deep breath, that was all he could say.

Hearing this, Lin Caisang just raised his eyebrows and said nothing more.

However, after a while, when Lu Tianfeng was thinking of a solution, he saw Lin Caisang and Yuan Jue starting to light a fire and cook.

A breath of bad breath suddenly caught in his throat, and he almost cursed at them.

Didn't we agree to find a solution together? What's going on now? You're just focusing on eating. Will you starve to death if you don't eat?

At least we should go through the Poison Swamp first before eating!

"Captain Lin, the treatment in your team is quite good. You got it so quickly." He said to Lin Caisang and the others in a sinister tone.

"What? Mr. Lu, are you envious?"

Lin Caisang didn't speak, but Lin Changhong raised his eyebrows at Lu Tianfeng.

"But this kind of thing is something you can't envy. Why didn't Mr. Lu bring someone who can cook with him into Haikuo Forest?"

Chapter 2757 Very good friends

"I'm not envious.

Lu Tianfeng tried hard to make his facial expression look normal and smile.

"I'm just out and about, so I don't feel the need to be so particular about everything. Captain Lin is already thinking about having a meal. Has he already thought of a solution?"

He said something to Lin Changhong, then looked at Lin Caisang again and asked.

"The solution depends on everyone's ideas, and it's not my business alone."

Lin Caisang chuckled and thought that Lu Tianfeng was really interesting. Could it be that she couldn't even eat a meal?

"What's more, we have already explored the road just now. My eldest brother and Captain Yuan are still slightly poisoned. Now, it's Master Lu's turn to help, isn't it? "

"this....."

Lu Tianfeng was blocked by Lin Caisang's words again.

Yes, this is what depresses him the most. He has an antidote pill on his body, so it is not difficult to enter the poisonous swamp.

But why were Lin Caisang and his men only slightly poisoned after entering the poisonous swamp and returning? Could this Lin Caisang's detoxifying pill be comparable to that person?

Of course it's impossible. That person is so powerful, how can Lin Caisang be compared with him?

But he couldn't see any signs of poisoning on Sui Zimo, Lin Changhong, or Yuan Jue. Even when Lin Caisang said they were slightly poisoned, he thought she was lying!

How could this keep him from being angry?

"Captain Lin just said that the solution is up to everyone. Captain Lin, I think you should also contribute, right?" He said with a smile.

"It's natural."

Lin Caisang nodded without thinking.

"But if you don't have a full meal, how can you find the strength to think of a solution? As a human being, you can't go hungry, right?"

she asked him back.

Hearing this, Lu Tianfeng really didn't want to talk to this woman.

Since he had broken his skin, there was nothing to be ashamed of. He shook his sleeves heavily at them and turned back to his side.

At that time, Captain Liu and the other four team members were still looking at Lu Tianfeng.

They were all guessing. Captain Lin had previously called Lu Tianfeng Mr. Lu, and considering that Lin Caisang was Lin Baizhong's daughter, they couldn't help but guess whether this person in their team might be related to the City Lord's Mansion. ?

But how many people named Lu are related to the City Lord's Mansion?

Lu Tianfeng? The road is wide?

There are only these two people, right? Who could this person be in front of me?

It's hard to guess, it's possible that Lu Tiankuo has it, but as far as they know, Lu Tiankuo's temperament is not like this.

Is that Lu Tianfeng?

But isn't Lu Tianfeng very close to the city lord? How can he treat Commander Lin's daughter with this attitude?

Could it be that these two people are competing for the trust of the Lord of the City?

This is possible. After all, the city lord has always trusted Commander Lin. Look, when Commander Lin came, it was Lu Tianfeng who was supposed to lead the team into Haikuo Forest, but he was directly given to Commander Lin.

According to this statement, it is not impossible for Lu Tianfeng to target Lin Caisang.

But, don't people outside say that Lu Tianfeng is a sick person? Why doesn't he look like him at all now?

It seems that the rumors outside are not so true.

Chapter 2758 Want your own life?

As said outside, Lu Tianfeng is a gentle, generous and tolerant person, but based on how they have been getting along these days, it is clear that he is a sinister and sinister person full of scheming!

The difference from what outsiders say is really huge.

Unless, this person is not Lu Tianfeng!

However, this is just their speculation. Don't speak out, or you will be silenced.

"Captain, what are we going to do next?"

One of the team members lowered his voice and asked Captain Liu whether he could keep it since he was worried about his life.

"What can we do? Follow Captain Lin and Captain Yuan closely. Can these two people still eat us?"  
Captain Liu glared at the team member and said calmly.

Now is the time for them to take sides, but they must have their own ideas about which team to join. It is obvious that Lin Caisang is the daughter of Commander Lin, and the Lord of the City has given the task of leading the team to Commander Lin.

This is too obvious. The city lord trusts Commander Lin, not Lu Tianfeng!

So they must be right in siding with Lin Caisang!

And, the most important thing is that Lu Tianfeng has already killed them, and more than once.

So, why are they going towards the people who want to kill them? If this is not seeking death, what else could it be?

As long as you are not stupid, you know what to choose, right?

"Why, captain, I think following Mr. Lu and the others..."

If a team member wanted to overrule Captain Liu, he felt that Lin Caisang and the others were no different from Lu Tianfeng. They treated them as if they didn't exist and would never discuss anything with them.

In the final analysis, they are dispensable to Lin Caisang and the others, as well as to Lu Tianfeng and the others.

It would be better to follow Lu Tianfeng and the others, at least they are in the same team.

Moreover, there are only two people in Lu Tianfeng, so when they get good things, they can share more, right?

But before he could finish his words, Captain Liu gave him a cold look, and next to Captain Liu, another team member couldn't help but slap the person who spoke.

"Are you crazy? Are you following Mr. Lu because you think you have lived too long?"

Lu Tianfeng was okay and hadn't expressed it yet, but the subordinate next to him was full of dissatisfaction with them.

That murderous aura can be felt even from a distance.

In such a situation, there are still people trying to die?

"I don't care which one you want to follow. Anyway, if you want me to talk to that person named Lu, that's absolutely impossible. I still want to leave Seaside Forest alive."

He just came to the Haikuo Forest to collect some medicinal materials, and he didn't want to lose his life here.

Others, after hearing his words, nodded, saying that they would never follow someone like Lu Tianfeng who eats people without spitting out their bones.

"you....."

The man suddenly became angry when he saw that everyone did not agree with his idea.

"Don't you want to get more good things? Mr. Lu and the others are just two people. When we get the things, we will definitely be able to share more. Unlike Captain Lin and Captain Yuan, there are so many people..."

"Do you want those extraneous things, or do you want your own life?" Captain Liu interrupted him coldly and asked him.

Chapter 2759 Shut your mouth!

"Well.

The man choked at Captain Liu's words, and his face suddenly turned red.

He also admitted that following Lu Tianfeng and the others would indeed involve taking great risks.

"I think we can still deal with them, and we may not be harmed by them, captain..."

"If you want to go, you can go by yourself, but don't drag us along."

Seeing that he was talking about this, Captain Liu was still stubborn and wanted to follow Lu Tianfeng and the others. He stopped talking nonsense with him. After directly leaving a word, he took the other three people and turned around to go to Lin Caisang and the others. Walk away.

What can you say to someone who wants money rather than his life?

This man wants to die, so let him go. There is nothing to persuade him. Everyone has his own life. If he doesn't know how to cherish it, does he want others to cherish it for him?

He really doesn't have the energy to care about other people's affairs now, and he can't even care about his own affairs.

"By the way, if you want to follow Mr. Lu, just obediently return the formation ball that Mr. Lin gave you before, and don't wait for Mr. Lin to ask for it."

Suddenly, he thought of the formation ball that Lin Changhong gave them before, turned his head, and said something to the team member again.

Now it is obvious that Lin Caisang and Lu Tianfeng are on opposite sides, so Lin Changhong did not give Lu Tianfeng and Zhe Feng the formation ball before.

And if his team members want to follow Lu Tianfeng, the things Lin Changhong gave them will naturally have to be returned.

Otherwise, could they point to Lu Tianfeng and use Lin Changhong's own things to harm themselves? This is something Lu Tianfeng would do.

The person who wanted to follow Lu Tianfeng: "!!!"

Isn't it just a little formation ball, and you actually want him to return it?

Although Lin Changhong did not say this personally, what Captain Liu said may not necessarily be false. It is indeed possible.

Thinking that he had never benefited from Lu Tianfeng and the others, on the contrary, when he followed Lin Caisang and the others to fight World of Warcraft, it was better to be able to defeat him.

Perhaps, his previous idea was wrong, and following the captain to Captain Lin's place was the right choice?

"Captain, captain, wait for me."

He hurriedly chased after him, not wanting to be left alone and go to Lu Tianfeng where he would get no benefit at all.

"laugh."

Captain Liu heard the sound and sneered without even turning his head.

They have finally seen clearly what Lu Tianfeng is like. This person actually wants to lean on Lu Tianfeng, which shows how stupid he is.

What is there to care about such people?

He continued walking and came to where Lin Caisang and the others were.

"Captain Lin, are you having lunch?"

"yes."

Lin Caisang raised his head, looked at Captain Liu, and nodded.

"Have Captain Liu eaten? Do you want to eat something together?" she asked politely.

"No, no, we've already eaten."

Captain Liu shook his head hastily. In this situation, how could he dare to take advantage of Lin Caisang again? He just hoped that she could protect them all the way.

"Captain, how can we... huh!" After eating.

The team member who had just caught up wanted to refute when he heard his captain's words, but his teammate covered his mouth.

"shut your mouth!"

The team member dragged him not far away.

"What's going on here?"

Lin Caisang looked at the people being dragged away and asked Captain Liu pretending to be confused.

Chapter 2760 Yunlan grass juice

According to her wishes, such a person who doesn't know how to praise will be a disaster in the future. Why not let him harm Lu Tianfeng and the two of them?

It's a pity that she was afraid of death and came back to her again.

"It's nothing, he's just a disobedient person. I just said a few words to him, but he just wanted to go against me." Captain Liu shrugged, fabricated a reason at random, and excused himself.

"That's it."

Lin Caisang raised her eyebrows. No matter what, as long as it didn't trouble her, she wouldn't care.

"Captain Liu, come here. What's the matter?"

"This...is like this.

Captain Liu came over and really had something to say.

But after his words came out, he didn't know if they would be of any use to them, so he didn't hesitate all the time.

"I have dealt with the poisonous beast before, using the juice extracted from the indigo grass. The poisonous beast is particularly afraid of that thing. It's a coincidence this time. I also brought the indigo grass juice, and I was thinking about it. Let's see if we can push back those poisonous beasts?"

he asked.

Although he had dealt with poisonous beasts in the past, he also went with others when accepting missions.

Those people were very powerful, but none of them was an alchemist, so I chose him as an alchemist to go with them.

But that time, they almost fell into the poisonous beast. Fortunately, the juice of the bluegrass caused the poisonous beast to run away, and they were able to escape from being swallowed by the poisonous beast. The end.

Therefore, he always carries the juice of Yunlan grass with him in case of emergency.

He didn't expect that this time, they would encounter Yun Du Beast again. What a coincidence. He felt that God wanted him to join Lin Caisang and the others.

It's God's will.

"Do you have the juice of the bluegrass?"

Hearing his words, Lin Caisang's eyes suddenly lit up.

Yunlan grass is used to deal with poisonous beasts. Many alchemists know this, but the juice of Yunlan grass alone does not have much effect.

Perhaps for ordinary poisonous beasts, it would cause them to become desolate.

But for the mutated poisonous beast, it was not that simple. She had to add other things to the juice of the bluegrass to be able to deal with the mutated poisonous beast.

"Yes, yes."

Captain Liu nodded weakly, and then handed over a small porcelain bottle in his arms.

The next moment, a hand appeared in the sky and tried to snatch the small porcelain bottle from his hand. He was startled, almost subconsciously, and when he retracted his hand, the man's hand flew away.

"drink!"

Lin Changhong flew up and kicked the person out.

"Tsk, tsk, I've seen shameless people, but I've never seen anyone so shameless. What's the matter, do you want to rob me?"

He stood up, walked to Captain Liu's side to protect him, and then looked at another member of Captain Liu's team, the one who just suggested that Captain Liu and the others follow Lu Tianfeng.

"Ugh! Poof!"

The man was kicked by Lin Changhong and fell to the ground, spitting out a mouthful of blood.

"you you....."

Captain Liu turned around and looked at the team member in surprise.

He actually dared to grab it directly. Did he like to go to Lu Tianfeng and the others that much?

Just for that little wealth, would you even risk your own life? You know, just at first glance, Lu Tianfeng and the two people are not easy to get along with.
