

## Star of Space 2771

Chapter 2771 It will be more terrifying

"I thought you were going to say, save me?"

He curled his lips and said something.

"This man can't be saved." Lin Caisang said directly.

There is only one way to save this man, and that is to make him a slave in the Golden Pearl Space.

However, she doesn't need this kind of person who doesn't even care about her own safety for profit. She might as well be Ding Rong. At least she won't betray herself for the slightest benefit.

Therefore, she would not let such a person become a slave in her golden bead space.

But again, she doesn't want to save such a person, even if she can save him, but right now, she doesn't have the ability to save him.

"Go over there and rest.

Sui Zimo naturally wouldn't pay attention to a damned person. He half-armed his wife and went to a place that looked better.

"Help, help..."

Seeing that everyone had left, leaving him alone in pain, the team member still wanted to ask for help.

Finally, Captain Liu turned to look at him and left.

He would not have sympathy for such a person. Even he knew that he had to repent. He knew that Lu Tianfeng and the others were not good people and could not get too close, but this person refused to change.

"Let's go, let's leave it alone."

The other three team members also left with Captain Liu.

...

After more than half an hour, the team member who had been breathing out more than he was breathing in finally breathed his last.

Just as Lin Caisang expected, Lu Tianfeng and the other two watched helplessly as the man who saved his life lay dead on the ground, not even knowing to collect the body.

In the end, Lin Changhong and Yuan Jue went to collect the body of the team member. Of course, Captain Liu and others also went.

After burying the man, Captain Liu came back and glared at Lu Tianfeng hatefully!

On this side, Lin Caisang and the others were discussing Lost.

"There are mutated poisonous beasts in the Poison Swamp. I think there must be some magical beasts in the confusion, but I don't know what kind of magical beasts they will be." She said to Sui Zimo.

"You can still explore the poisonous swamp, but if you get lost, you can't explore the way." Sui Zimo raised his eyes and glanced at his wife and said.

The maze is full of fog. If you go in to explore the way, you may not be able to get out. Moreover, there will definitely be more than just fog in the maze, there will be some monsters.

Then, the method of tying one end with a rope will not work.

"At least the mist is not poisonous, so it will be easier." Yue Chushui said.

At least the fog is not poisonous like a poisonous swamp. Even if you fumble around in it, you won't be afraid of being poisoned.

"perhaps....."

Looking at the map, Lin Caisang hesitated for a while before looking up at the crowd.

"It would be scarier."

"What?"

"More terrifying?"

"impossible?"

"It's not impossible to get lost outside. It's not that scary."

The people in Yuan Yue's team and the three people on the wall all talked about it. They had encountered Miwan before, and they didn't think it was that scary.

"Captain Lin is right."

Yuan Yue, who had just returned, agreed with Lin Caisang's words.

"Captain, what do you mean?"

The woman in Yuan Jue's team turned to look at him and asked.

Could it be that Yuan Jue also thinks that this confusion is a big trouble and it will be difficult for them to get over it? This is unlikely, right?

"If Beimingju is really that important, then those around him, whether it's Wandering or Poison Swamp, are all very powerful."

Chapter 2772 What do you think?

Having said this, Yuan Jue paused, glanced at Lin Caisang and Sui Zimo, and then turned his eyes to the others again.

"And the current situation is that Miwan is inside and Poison Swamp is outside. This only shows that Miwan is more powerful than Poison Swamp and is even more difficult to guard against."

He explained to everyone.

If this maze is really so easy to enter, it is not the maze outside Beiming Ju. It is obvious that this maze is specially designed for Beiming Ju.

"this....."

After hearing Yuan Jue's words, everyone fell silent.

I have to say that Yuan Jue's words are right. If this confusion was really that easy, it wouldn't be the confusion here.

"But haven't we all come over to Poison Swamp? There's nothing to lose."

Someone couldn't help but murmured that they did come safely. Except for the man who was regarded as a shield by Lu Tianfeng, no one else was injured.

It can be seen that there are not many powerful things in this poisonous swamp, right?

"That's because Captain Liu happened to be carrying something that could restrain him. Otherwise, do you think we could have come over so easily?" Before Yuan Jue could speak, another team member retorted.

If there were no mutually reinforcing things, how could they come from the Poison Swamp so easily?

Therefore, the fact that they arrived safely in the Poison Swamp cannot be used as an excuse for them to enter the Lost Bend. These are two completely different concepts and cannot be confused.

"What should we do?"

The team member asked. In fact, he also knew that it was not that easy to enter the Lost Bay.

It's just that he kept talking, thinking about giving it a try, thinking that maybe entering the maze is really easy? Although this possibility is very small, it is not impossible, right?

However, he can't take everyone on the adventure together.

Even if he is willing to take them, they may not go with him, so he just said that.

"Master Sui, Captain Lin, what do you think?" Yuan Jue looked at Sui Zimo and Lin Caisang and asked.

Hearing this, Lin Caisang's eyes paused. For a moment, she really didn't know what to do, because the only way she could think of now was to take one step at a time, and there really was no other way.

"Zimo..."

Turning her head, she looked at Sui Zimo.

"Step by step."

Sui Zimo uttered six words to his wife, and then looked at Yuan Jue and the others.

"I tell everyone, prepare your own things. After entering the maze, try to gather everyone in the team together and don't spread out."

After hearing his words, Yuan Jue took a deep breath.

Naturally, he would give instructions on this, and they would naturally have everything prepared.

But, has it really come to this? Take it one step at a time, and you won't do it unless you have to.

But he also knows that there is an unknown number in the confusion, an unknown number that cannot even be explored. Otherwise, someone would have gone to explore the path a long time ago, and he would have gone there.

"call!"

He exhaled heavily and turned to look at the female team members beside him.

"Let me tell you, everything is ready. Weapons must be in hand. Poison, poison and powder are also essential."

"good."

The woman responded softly and took the four people in her team to prepare things.

Chapter 2773 Going back to the drawing board and rebuilding it

When Captain Liu and the others saw Yuan Jue and the others, they all went to prepare things. Although there were only four of them, they naturally still had to prepare the things that needed to be prepared.

Just like Yuan Jue said, how can we not prepare the poisonous erysipelas powder that should be prepared, and more should be prepared.

"You three, go around here and collect more poisonous and detoxifying herbs and come back." Lin Caisang ordered as he looked at the trio of wallflowers who didn't know what to do.

"Okay, okay, Captain Lin, we're going right now."

It was rare for the three of them to be assigned by Lin Caisang to do something, so they immediately responded and left quickly to collect poisonous weeds and antidote materials.

"Sangsang, have you thought of something?"

After hearing his sister's instructions to the trio, Lin Changhong flashed over and asked.

"If there are really magical beasts in the maze, then why are they only in the maze and not here?" Lin Caisang looked at his eldest brother and asked him.

"Uh, this..."

Lin Changhong stopped talking and didn't know what to say.

How could he know this? He was not those monsters. Besides, if he were those monsters, that would be great. He could command them directly, right?

"How would I know? Maybe those monsters are also lost in the maze, so they can't get out.

He shrugged and replied.

Lin Caisang: "..."

This is how her eldest brother understands. How bad are those monsters' sense of direction? How can they be lost for so many years?

You know, Beiming lives in the Sea Forest, but it exists the same as the Sea Forest. It appeared very early, so early that others could hardly imagine it.

After so many years, those monsters can actually get so lost that not even one monster can get out of the way?

"Brother, you can really go back and rebuild."

She shook her head and said to him.

"Then why did you say it was?"

Lin Changhong raised his hand and scratched the back of his head and asked.

Besides this reason, what else could there be? He really couldn't think of it, what could he do?

"Could it be because they can't get out? Isn't that the same as them getting lost in the maze?"

He spread his hands in front of Lin Caisang and asked.

"How can this be the same?" Lin Caisang shook his head again.

"Sister Sang Sang, you mean, there is something incompatible with those monsters here, so those monsters will not come here?" Yue Chushui on the side immediately understood the meaning of Lin Caisang's words, asked.

"That's a possibility."

Lin Caisang nodded and glanced at Sui Zimo, who immediately accepted her words.

"Another possibility is that those monsters like places with fog, or there are things they like in the fog that they are reluctant to part with."

But this possibility is slim, because no matter how much Warcraft likes something, it is impossible to guard it all the time. There will always be one or two Warcraft that wander around in these fog-free places.

But the current situation is that they haven't even seen a single monster.

"That's impossible. No matter how much you like something, you can't keep it forever, right?" Lin Changhong immediately shook his head, feeling that Sui Zimo was wrong.

"Then the only possibility is what Chu Shui said." Sui Zimo said.

Chapter 2774 Let's go there too

"So, do you think that outside this fog, there are medicinal materials that are mutually beneficial to those monsters? They can't smell those scents, so they won't come out?"

Lin Changhong felt that this possibility was not very likely. It was possible, but not certain.

"What if there are no monsters inside?" he asked.

"Then there must be something else, something more powerful than the Warcraft, something that is even more difficult to guard against!" Lin Caisang immediately took up what his eldest brother said.

Lin Changhong: "..."

Can we still chat happily?

His sister can't say that, so there's no danger inside?

Although this is impossible, it is okay to let him think about it first and have a sweet dream, right?

"Okay, whatever you say is what it is.

He can't say anything more, right? Because there is nothing powerful in Miwan, it is impossible. This is something he knows in his mind.

...

As Lin Caisang and the others said so much about Miwan, there were naturally more things to prepare.

There are only two people, Lu Tianfeng and Zhefeng, who have already fallen out with the previous team, so they can only prepare the things that need to be prepared.

In the Kusi Building before, Lu Tianfeng did so many things by himself, not to mention that he was the master, so now he just sits aside and directs Zhe Feng to do this and that.

Zhe Feng was as tired as a dog after being commanded by his master, and almost died of exhaustion.

But fortunately, his hands and feet were fast enough and he finally prepared everything. When Lin Caisang and the others refined the elixir and prepared everything, they also had everything they should prepare.

Among them, only the elixir was refined by Lu Tianfeng himself, and the others were prepared by Zhe Feng.

"I haven't used it before. I hope it won't go wrong this time!"

When he was about to set off, Lu Tianfeng glanced at Zhefeng coldly.

Hearing this, the skin on Zhe Feng's back tightened and he nodded to his master, "Yes, master, I understand that I will definitely catch the monster in the confusion."

The beast cage they had made before was of no use after seeing such a large monster in the poisonous swamp, so they gave up decisively.

But this time he was in a confusing situation. No matter what kind of monsters there were, he had to catch a few. Only in this way could he complete the task assigned to him by his master, and only then could he redeem his merits.

Therefore, this time he had already prepared the beast cage and was waiting to catch the monster.

"Master, they are ready to leave. Let's go there too."

He glanced at Lin Caisang and his group who were about to set off, and said to his master.

Hearing this, Lu Tianfeng glanced at Lin Caisang and the seven of them.

The three people who were just on the wall before were completely useless. I didn't expect that they could do so many things after just a few days with Lin Caisang and the others.

After collecting so many medicinal materials, I also refined a lot of medicines.

Their previous spiritual power would not have been enough to support them, but now they are really capable.

"Let's go, follow them."

He said something deeply, and finally decided to follow Lin Caisang's team.

Although you can't squeeze into their team, you can still follow them. Even if there is danger then, you can divert the trouble to the east and directly point the finger at Lin Caisang and his group.

Chapter 2775 Shut your mouth!

As for the other people, he really doesn't like them.

"Hey, hey, what are you doing here? We didn't ask you to come over!"

Seeing Lu Tianfeng and Zhefeng walking over, Lin Changhong's eyes showed disgust, and he told them straightforwardly that he didn't want to go with them.

Everyone has seen the lessons learned. He died so miserably and even refused to collect his body. Now he is asking them to follow him. This is not asking for death. They will not do such stupid things.

"What's wrong? This place belongs to Mr. Lin's house?"

Before Lu Tianfeng could speak, Zhefeng beside him began to question Lin Changhong in a cold voice.

Where they choose to enter the maze is their own business. This road faces the sky and everyone goes their own way. The road does not belong to their family.

Everyone: "..."

How did you say it? Even if the road does not belong to Lin Changhong's house, there are so many places. Why do Lu Tianfeng and Zhefeng have to go to Lin Caisang and the others?

Doesn't this mean that these two people want to follow Lin Caisang and the others into the maze.

Is it wrong for others to reject them?

Look at his face, so ugly, as if it was such an honor to be followed by them, but who among them didn't see how that team member died?

No matter how stupid you are, you can't go with them again. Aren't you afraid of being caught and used as a shield again and killed?

"Zhefeng!"

Seeing everyone looking at them speechlessly, Lu Tianfeng gave Zhe Feng a cold look.

His subordinate didn't seem to be like this before. Why is he like this now? This is the time when these people need to be used to achieve their goals. How can you speak like this?

"Master, what are your orders?"

Zhe Feng heard his master's voice and asked respectfully.

Hearing this, Lu Tianfeng's face suddenly darkened.

What other instructions does he have? If he didn't give any instructions, things have been so frozen by this idiot. What other instructions can he have?

"If you can't speak, just shut your mouth!" he said coldly.

"Well."

Zhe Feng choked hard at his words.

"laugh."

Lin Changhong sneered.

"Mr. Lu, this subordinate of yours can't speak, and it hasn't happened for a day or two. Didn't you personally experience whether he can speak before?"

He raised his eyebrows at Lu Tianfeng and said pointedly.

Hearing this, Lu Tianfeng's face turned darker. He had suffered too much in the Kusi Tower before. I'm afraid he would never forget everything he thought about in the Kusi Tower. .

And all of this was brought to him by his subordinate Zhe Feng.

"Master, subordinate..."

When Zhe Feng heard Lin Changhong's words, he suddenly felt something bad in his heart. He turned around and wanted to explain a few words to his master.

But Lu Tianfeng would not give him this chance at all, and raised his hand to directly stop him.

"I don't want to mention what happened before. As long as you remember in the future, don't cause trouble to me anymore. Now, be quiet, don't cause trouble, and don't mess with them!"

He continued to warn Zhe Feng in a cold voice, and lowered his voice for the last sentence so that only Zhe Feng could hear it.

Since we still need them, we can't stay too far away from them even if we are torn apart.

"Yes, I understand."

Zhe Feng responded with an ugly expression and turned to look at Lin Changhong and others.

Chapter 2776 Shrinking the head is also a knife

"Captain Lin, Mr. Sui, I spoke too hastily just now. My master just wants to find a better place and enter the maze. He has no intention of following you.

He spoke to them and explained.

Of course, no one else would believe this except them, not even themselves.

"Oh, that's it."

Lin Changhong pretended to be emotional, nodded his head, and then looked at Zhe Feng again.

"Then have you found any geomantic treasures that can help you enter the maze smoothly? Huh?"

"Well."

Zhefeng choked at Lin Changhong's words and almost cursed again.

What a feng shui treasure land, these words don't sound like good words, but they are scolding them that they will never come out after entering the maze.

But his master had warned him before, and he didn't dare to talk back to this arrogant person, so he just grinded his teeth secretly.

"Master Lin has said that it is a geomantic treasure. How can we find it so quickly? Of course we have to find it slowly." Although Lu Tianfeng's face was dark, he still forced a smile and said.

Anyway, no matter how these people ridiculed him, he was determined to follow them.

The person who followed them before is gone. They need more shields to die for them.

Although the people in Lin Caisang's team were not easy to deal with, they were followed by Captain Yuan Jue, Captain Liu and his three team members.

These people can all become his targets.

"Then you take your time and look for it."

Lin Changhong rolled his eyes at Lu Tianfeng rudely, then turned to look at his sister and stopped paying attention to them.

"Sangsang, shall we leave now?" he asked.

"Um."

Lin Caisang responded lightly.

"Sister Sangsang, where are we starting from?" Yue Chushui walked over and asked.

"Just find a place and go in."

Lin Caisang and Sui Zimo looked at each other, then turned to look at Mi Wan and said.

"We are not Mr. Lu. We have to find a feng shui treasure when we enter the maze. All we have to do is choose a good time. Just be casual. Extending your head is a knife, and shrinking your head is also a knife."

"you--"

Listening to Lin Caisang's words, Zhe Feng really wanted to curse.

But as soon as he said the word "you", his master gave him a sideways look, and he immediately did not dare to speak anymore.

"You'd better shut your mouth!" Lu Tianfeng lowered his voice again and warned Zhefeng.

He didn't want the incident in Kusi Tower to happen again in the confusion. This was no joke. If it hadn't been for the magic weapon that person gave him, he might have been trapped in Kusi Tower.

But here, he has no magic weapon to use, and the only ones who can use it are the people around him.

But with Lin Caisang and the others here, it would be difficult to use those people, so he didn't want Zhe Feng to cause any trouble.

"Yes, Master."

Zhe Feng lowered his head and responded softly.

He didn't want to either, but what Lin Caisang and the others said was so irritating that he couldn't bear it.

"Master, do you want to follow them?" he asked.

"Just follow him if he's not too far or too close."

Lu Tianfeng glanced at Lin Caisang and the others again and ordered.

If they followed too closely, Lin Caisang and the others would definitely be on guard against them. It would be better to follow them not too far or too close, so that they would not be able to find any fault.

Chapter 2777 Did you catch it?

In that case, not only can their defenses be lowered, but when danger occurs, they can react quickly and grab someone to use as a shield.

"Remember, after entering the maze, shut your mouth. If I hear you provoking others again, don't stay by my side." Lu Tianfeng warned Zhefeng again.

"Yes, Master, I understand."

Zhefeng responded. In fact, he didn't dare to do it again. He had already harmed his master once before in Kusi Tower, so how dare he do it again.

It's just that Lin Caisang's words were indeed too provoking to them, so he couldn't help but want to teach them a lesson.

...

Soon, everyone was confused.

As soon as they entered the maze, everyone's vision was immediately blocked.

Everyone knows about the confusion on Qianhuan Continent, and many people have experienced it personally.

But the mazes here are already known to everyone as soon as they enter, and they are many times more powerful than the mazes outside.

No matter how dense the fog is in the bend outside, you can vaguely see the blurry figures of people nearby, but in this bend, no one around you can be seen.

Moreover, even if you pick up your five fingers and put them in front of your eyes, you can't see them clearly.

I really did it, and I couldn't see my fingers.

'call out--'

Suddenly, a sound that broke through the air sounded in everyone's ears.

"careful!"

Following Sui Zimo's reminder, Yue Chushui jumped up and turned sideways in the air.

Under his body, a sharp arrow flew past, almost slicing his clothes.

When the sharp arrow flew by, a hand stretched out, trying to catch the sharp arrow. In fact, it was caught. The sharp arrow was squeezed tightly in Sui Zimo's hand.

However, when he turned his hand over to take a closer look at what material the arrow was made of, he saw that the arrow in his hand suddenly disappeared without a trace.

"How's it going? Did you catch it?"

Lin Caisang asked immediately. Because she couldn't see, she could only ask aloud.

"No."

Sui Zimo shook his head and said softly.

He obviously caught it, but he still let it run away. It can be seen that the person who made this sharp arrow must have done some tricks in the sharp arrow.

"Brother-in-law, I just felt the fluctuation of spiritual power." Yue Chushui said in the direction of Sui Zimo as soon as he stood firm.

When the sharp arrow almost hit him, he felt the fluctuation of spiritual power. This should be related to the sharp arrow, right? he thinks.

"Am I feeling wrong?" he asked.

"You're not wrong, it's because there are spiritual fluctuations." Sui Zimo replied directly without denying Yue Chushui's words.

"Perhaps, this has a clear relationship with the sharp arrow, or..."

"Or what?" Lin Caisang asked.

"Zimo, you are doubting that this is condensed by spiritual power, but if it is really condensed by spiritual power."

"is that so?"

Lin Changhong and Yue Chushui asked at the same time.

Condensed by spiritual power, no one has penetrated this bend for many years, let alone this old man, who has been in the vast forest for many years.

After so many years, the sharp arrows made by these people can still be so lethal.

"That should be it, it...be careful!"

Just as Lin Caisang was about to explain, he heard a few crisp sounds, which were the sounds of several sharp arrows that had been shot towards them at high speed.

Chapter 2778 Two bloody eyes!

Several people took a few steps back, taking the risk to avoid those sharp arrows. As soon as they stood firm, they heard the continuous sound of sharp arrows piercing the sky reaching their ears.

"Everyone, be careful. These are probably spiritual arrows made of spiritual power. Ordinary weapons alone cannot stop them. We can only dodge them for the time being."

Sui Zimo's rich voice reached everyone's ears.

"Depend on!"

As soon as he heard Sui Zimo's words, Lin Changhong cursed loudly.

Because he didn't dodge in time, he was almost hit by an oncoming sharp arrow, which gave him a chill.

Fortunately, something hit my feet. I stumbled and was able to save my life. I was secretly surprised. Sure enough, this place was terrible.

Crouching down, he took the thing that knocked him down and allowed him to escape the pile, and got it in his hand, wanting to take a closer look at what it was.

But.....

When he raised the thing in front of him, he only saw two blood-red eyes, staring straight at him.

"scare!"

He was so frightened that he threw the thing in his hand far away.

His heart was pounding, and he didn't know what it was. Except for his two eyes, he didn't see anything else.

After a while, the sharp arrows transformed by spiritual power finally stopped attacking them.

Following the sound, everyone gathered together. Even Lu Tianfeng and Zhefeng came to the vicinity of Lin Caisang and the others.

At this moment, there were several wounds on their bodies, all caused by failure to evade in time, but fortunately, no one's wounds were serious, and it would not affect the next actions.

"What I said is true. I tripped just now. When I picked up the thing, I saw there were only two bloody eyes!"

Lin Changhong was still talking to his sister and brother-in-law about the scene he had seen before. He couldn't look at those bloody eyes, and he didn't know what they were.

"Only two eyes?" Yue Chushui asked.

Everything he sees now is a vast expanse of white, but just now Lin Changhong could see two bloody eyes. Isn't this normal?

"Yes, only two eyes can be seen, and the others cannot be seen."

Lin Changhong nodded with great certainty, although he only nodded for himself and others could not see it.

"But I caught it with my hands, and I could feel that its body was plush. It seemed like it had no limbs, right? I'm not sure about this."

I had just escaped death and saw two bloody eyes. I couldn't help but throw the thing away without panicking.

"Changhong, please describe those two eyes in detail." Sui Zimo said in a deep voice.

"Describe it..."

Lin Changhong paused and thought carefully about the scene just now.

"I seemed to see those two eyes, looking straight at me... No."

He shook his head, feeling that this description was a little inaccurate. Those eyes were not looking directly at him, but...

"Tsk!"

He clicked his tongue.

"It's hard to describe. How should I put it? I obviously grabbed it with my hands, but I felt that those two eyes kept rushing towards my face, but weren't they just two eyes? I was holding it. It shouldn't be moving anymore, right?"

Chapter 2779 It's a blood leech!

he asked doubtfully.

I have never heard of eyes that can move on their own. They move with the head and body.

"And... there's something strange. Based on the height of my hand, that guy's eyes were too close to my hand. I even doubted whether I was grabbing his head instead of his body."

Everyone: "..."

Listening to Lin Changhong's description, they couldn't imagine what it would be.

"Brother, are you sure you caught a monster?" Lin Caisang couldn't help but ask.

"Well."

Lin Changhong choked.

Thinking back carefully, since he couldn't see anything, he seemed to have just fished a handful from the ground. It's really hard to tell whether he caught one or several.

"It seems to be one...I can't tell, because except for those two eyes, I can't see anything else."

Hearing this, Lin Caisang took a deep breath.

"okay I know."

"It's blood leeches!"

Yuan Jue's voice sounded at the same time as Lin Caisang's.

"What?!"

But his words made everyone present feel the hair on their bodies stand up.

Blood leeches!

Are they really blood leeches? !

"Blood leechworms? What are blood leechworms?" Lin Changhong asked, confused.

Forgive him for being a person who hasn't been to Qianhuan Continent for a long time. He really doesn't know what blood leechworms are?

"The blood leech is the only kind of insect that even poison cultivators dare not touch. Its body is white and fluffy, with no limbs and no eyes.

However, it has a blood-red tongue, and even its saliva is as red as blood. The blood leechworm's tongue is so long that it can stick out from its body and insert directly into the brain of the monster.

Blood leeches specialize in sucking the brains of animals or humans. Mr. Lin, what you just caught may not be a monster with eyes, but two blood leeches. "

Yuan Jue explained aloud.

Lin Changhong: "..."

Didn't he just come out of the wolf's den and almost fall into the tiger's den?

Fortunately, he was startled and threw it away quickly, otherwise, he would really have turned into a mindless corpse!

"so far so good!"

He quickly raised his hand and patted his chest to calm down his shock.

It seems that in this confusion, as they said before, there are all kinds of scary things. These blood leeches can actually eat people's brains!

"Next, everyone should be careful. Blood leeches have very long tongues. Even monsters as big as a mountain can reach their heads with their tongues, let alone us humans."

Captain Liu also said to everyone.

He had suffered losses from blood leeches before. Once when he went out on a mission, a whole team of people were surrounded by blood leeches, and several of them died.

"It seems like it's really a troublesome place." Lin Caisang chuckled.

The blood leech is probably not the only kind of monster in the maze, there are other monsters.

What's more, those sharp arrows transformed by spiritual power are not just this kind, there must be others. Now that the sharp arrows have stopped, I don't know what will happen next?

"Sonny, let's keep going."

Sui Zimo took his wife's hand and led her forward.

His sense of direction has always been very good. Even if he is confused, he will not lose his direction. Let everyone follow him.

Chapter 2780 Thank you just now

However, after walking a few steps with Lin Caisang, he felt the cold wind whistling by his ears. His heart tightened and he immediately pulled her into his arms.

"It's an ice wind formation transformed by spiritual power. Please be careful."

Before he could finish his words, he heard a scream that rang in his ears.

"ah!"

Some people didn't have time to react and were swept away by a gust of wind and blown out directly.

Fortunately, Yuan Jue was not far from him and used his spiritual power to pull him back. However, even after he was pulled back, the knife-like wind had already cut many parts of the man's body. A wound.

The blood flowed straight down.

However, the situation was such that the man could only grit his teeth, take out a porcelain bottle from his arms, open it, and then quickly apply medicine to his wound.

In this place where he couldn't even see his fingers, it was impossible for others to apply medicine to him. Even he himself had to fumble based on his feeling. This feeling was really bad.

"Are you OK?"

Yuan Jue was beside him and asked with concern.

"It's okay, as long as I can't die."

The man wanted to shake his head, but after thinking that even if he shook his head, the people around him wouldn't be able to see it, he changed his mind and spoke directly.

Yes, in this place, you are lucky enough not to die.

At that moment, if there hadn't been someone beside him, he would have been trapped in this maze. He never thought that a maze could be so dangerous.

"Thank you just now." He thanked Yuan Jue.

"You're welcome. In this place, everyone should help each other." Yuan Jue said.

This time he helped this person, maybe he will need help from others when the time comes. If he doesn't lend a helping hand himself, then who will come to help him?
