

Star of Space 2851

Chapter 2851 He looks like a stupid face

"Captain Lin, why is this?" Captain Liu asked in confusion.

They have already come up, why do they have to go to the first floor to fight World of Warcraft? Isn't this unnecessary?

"Captain Liu, didn't I tell you that those spiritual power ladders are not so easy to walk? The higher you go, the harder it is to walk. Only by constantly improving your strength, or by making sacrifices at each level, can you succeed. Enough to walk up?"

Everyone: "..."

There is such a thing, and they haven't heard anyone mention it.

"Captain Lin, how did you know?" Captain Liu asked.

"It's written on the Beiming token," Lin Caisang said.

Everyone: "!!!"

The Beiming Token was already obtained when I was in the Fake Beiming Residence.

So, Lin Caisang knew the rules before entering Zhenbei Mingju?

But before, she walked straight up without batting an eye. Wasn't she doing it on purpose to show Lu Tianfeng and his subordinate Zhao Rui?

"Before that...you did it on purpose? Captain."

The three people on the wall pointed in the direction of the spiritual power ladder at the same time. The three of them felt that they could predict the look on Lu Tianfeng's face that would be so angry that he would gnash his teeth after knowing the truth.

In other words, when Lu Tianfeng and the others were walking, they couldn't go up the floating ladder. The more they walked, the more difficult it became. Then, when they had no choice but to find out, it turned out that each level had to fight a monster. superior.

It would be weird if they didn't get angry to death.

"Captain Lin, you are quite cunning!" Captain Liu raised a big thumb towards Lin Caisang.

"What cunning? This is called a war that never tires of deceit!"

Lin Changhong rolled his eyes at Captain Liu. His girl was called smart. How could she use a bad word like cunning to describe her?

"Yes, yes, soldiers never tire of deceit. Why does Lu have such a stupid face!" Captain Liu quickly agreed.

...

Soon, Lin Caisang and the others returned to the first floor. Everyone found a treasure box and began to fight with the monsters.

These monsters are quite powerful, but as long as they use their heart and strength, they can defeat them and get the contents of the treasure chest.

Although the things were not very good, at least their spiritual power had improved, so they walked faster on the spiritual power ladder.

On the other hand, Lu Tianfeng and the others had a total of eighteen floors in Zhenbei Mingju. From the first to the sixth floor, they walked very energetically and went up.

But after reaching the seventh floor, it became increasingly difficult to leave.

Both Lu Tianfeng and Zhao Rui have good cultivation levels, and they can grit their teeth and continue walking up to the fifteenth floor.

Finally, Zhao Rui vomited out a mouthful of blood, fell down on the floating ladder, and could no longer walk up.

Lu Tianfeng himself was not much better. He did not vomit blood, but he was still sitting on the floating ladder and could not stand up.

"Master, something is wrong. Did we do something wrong?" Zhao Rui noticed something was wrong, but he didn't know what was going on.

Therefore, he asked his master aloud, hoping to hear some thoughts from his mouth.

At this moment, Lu Tianfeng naturally realized it, but he also didn't know what the problem was.

"what on earth is it?"

He was also asking himself, why is it so difficult to walk up?

Chapter 2852 Continue!

"Have those people not come up yet?"

He didn't know Lin Caisang, but Sui Zimo's spiritual power must have been above his. With his ability, he should have caught up with them long ago.

But until now, they haven't seen those people yet.

Is it because Sui Zimo followed them to take care of others and was dragged down?

It shouldn't be possible. With Sui Zimo's abilities, they must have heard what the boss said to him and knew what that person wanted to get.

Who wouldn't want something like the Corpse Suppression Talisman? Would Sui Zimo give up such a powerful treasure for some outsiders?

So, Sui Zimo was not dragged down by anyone, but he was still down there, completing what task?

"No, we were fooled!"

Suddenly, he figured out why he saw Lin Changhong and the others lingering on the second floor without going up.

Because they had already expected that it would be difficult to go up these spiritual ladders after reaching a certain level, so they must know the trick to make it easier to go up.

"Zhao Rui, let's go down again!"

He gritted his teeth and said something to Zhao Rui, then he stood up and walked down.

"go down?"

Although Zhao Rui was surprised, he had no choice but to follow his master's example, stand up and walk down.

What surprised them was that when they walked down, the resistance that was originally pressing on them disappeared and they could not feel it at all.

"What...what's going on? Master, what's happening to us..."

He raised his head and looked at Lu Tianfeng, who was walking down in front of him. He couldn't believe it. They were obviously on the same ladder, so why was there such a big difference?

However, before he could finish his words, he was stopped by Lu Tianfeng's raised hand.

He already knew that he had once again fallen into the trap of Lin Caisang's group. It seemed that there was something else in the True Beiming Residence that they had not thought of.

And what exactly it is, we won't know until we meet Lin Caisang and the others.

Therefore, he walked non-stop to the next level, but he did not go up too many floating stairs. On the thirteenth floor, they saw Lin Caisang and his group who were fighting with the monsters. .

"Master, they are fighting with the monsters. We..." Do you want to help?

Before Zhao Rui could even ask a few words, he was so frightened by his master's gloomy eyes that he swallowed his words.

After all, Lu Tianfeng is not a real fool. He can be favored by that person because he has his merits. Now when I see Lin Caisang and the others, they are all fighting on their own terms without interfering with each other. Know what's wrong.

They have simply been deceived by these people. It turns out that they have to defeat the monsters on each floor and get through the contents of a treasure chest before they can successfully come up, right?

It took them so much time to reach the fifteenth floor, but these people, fighting all the way up, were able to reach the thirteenth floor.

It can be seen that when they walked up, they really didn't feel any resistance at all.

"Let's go on!"

There was no other way but to continue down, starting from the first level.

He didn't know if there would be any problems if he didn't get the treasure chest on the first floor.

Chapter 2853 You guys go first

But he couldn't make any more mistakes, so he would rather start from the first level and work his way up.

I hope he can still catch up. After all, it is not easy for Lin Caisang and his group to deal with the monsters. Except for Lin Caisang and Sui Zimo, everyone else was almost beaten around by the monsters.

Looking at it this way, they still have a chance to catch up with these people.

"Yes, Master."

Zhao Rui also understood what was going on. After giving Lin Caisang and the others a hateful look, he followed his master to the next level.

...

After a long time, finally, they had collected several treasure boxes on the thirteenth floor. But there are still a few people left, still fighting World of Warcraft.

"Captain Lin, just now I saw Lu leading his subordinates down. Judging from the way he looked at us, it seemed that he was thinking of how to surpass us."

Captain Liu raised his hand to wipe the sweat from his face, put away the contents of his treasure box, then looked at Lin Caisang and Sui Zimo and said.

According to him, Lu Tianfeng still had a lot of magic weapons in his hands. If he used them all on those magical beasts, he might really be able to catch up with them.

In fact, if it was just Lin Caisang and the others, it would naturally not take too long, but the key point is that there are still 'burdens' like them.

Going up from the first level, the monsters become more and more difficult to kill. Naturally, it is even more difficult to go to a higher level. If Lin Caisang and Sui Zimo had been waiting for them, they would have to It took a lot of time.

If we have this time, we might as well leave them behind and go up first. This way, we don't have to worry about Lu Tianfeng coming up.

"Otherwise, you'd better go up first. We don't want to get those Laozi corpse suppressing talismans anyway. By the way, we can help you drag Lu."

He thinks this idea is quite good.

"Captain Lin, Mr. Sui, what Captain Liu said is absolutely true. Why don't you take the first step and leave the others to us?" Yuan Jue also followed Captain Liu's words and said.

No matter what, he felt that something like the corpse-suppressing talisman must not fall into the hands of someone like Lu Tianfeng.

However, Lin Caisang smiled after hearing their words.

"No need, we just take our time."

If Lu Tianfeng goes down, what does it have to do with them?

From the moment he kicked over the treasure box he had obtained without taking the contents of the treasure box, she knew that Lu Tianfeng's fortune in Zhenbei Mingju had been ruined.

It can be seen that after Lu Tianfeng went down, it was simply impossible to quickly deal with the monsters on the twelve floors below and then run up to race with them.

"How can that person who has no other redeeming features except his own ego be able to rob us?" Lin Changhong also said.

His words were full of contempt and disgust for Lu Tianfeng. Apart from bragging, what else could Lu Tianfeng do when he felt how great he was?

"Sangsang, take a rest first. It's still early over there, so we can wait slowly."

"Um."

Lin Caisang responded softly, and actually sat down, looking sideways at the fighting trio and the female team member.

"Zimo, don't talk about it. The progress of these three people is really fast."

Chapter 2854 Wait and see!

When they first followed them into the vast sea forest, this three-person team was not that capable, and no one of them dared to challenge a monster.

Those are three cowards.

Unexpectedly, in just a few days, the three people have changed so much.

"It's all your fault."

Sui Zimo smiled, sat next to her, and handed her a fruit.

Everyone: "..."

Can they stop talking so indifferently that they don't know where to put their eyes? Is this really good?

But there is no other way. Who told them to follow Sui Zimo and his wife?

...

It was very fast to go down, and Lu Tianfeng and the two quickly reached the first floor.

Originally, he wanted to pick up the contents of the treasure chest that he kicked open, so that they could kill one less monster.

But when he came to the treasure chest, what else was there?

"Where are the things? Where are my things?"

Lu Tianfeng was about to be furious. Without even thinking about it, he knew who had stolen the contents of his treasure box.

But what can he do? He didn't want it himself. Even if he wanted it later, he couldn't find anyone to compensate him because he didn't know who took it. 69shux.Com

"Master, forget it, let's continue looking for other treasure chests." Zhao Rui advised, looking at his master's angry look.

Now they have no time to waste. Since the things have not been found, can they go up one more time and ask Sui Zimo, Lin Caisang and the others to return the things to them?

He didn't need to think about it to know that those people would definitely not admit it.

"These bastards, just wait and see!" Lu Tianfeng secretly grinded his teeth and said bitterly.

But now is really not the time to worry about a treasure box. They have to find another treasure box first and then kill the guarding monster.

"You go look over there, and I'll look over here. Remember, we're going to kill the monsters separately this time. Don't come here to show off how powerful you are!"

He ordered Zhao Rui, and at the end, he also gave a warning.

What if in this broken place, other people are not allowed to help when fighting World of Warcraft? Then if they help each other, wouldn't they have to start all over again?

He didn't want something like what happened before to happen again.

"Yes, Master, I understand." Zhao Rui responded.

How could he not understand? After seeing what Lin Caisang and the others did, he had already understood.

Therefore, he followed Lu Tianfeng's instructions and went to find the treasure chest alone. Lu Tianfeng also went in the opposite direction of Zhao Rui.

...

Low-level monsters are still incomparable to high-level ones.

Lu Tianfeng and Zhao Rui became serious and wanted to surpass Lin Caisang and others. Naturally, they were even more fierce in dealing with the monsters.

As before, they walked smoothly from the first floor to the sixth floor and got up quickly.

But after reaching the seventh level, and even after that, it wasn't that easy. Every time they fought with the monsters, both of them were beaten badly, and the time dragged on longer and longer.

I don't know how long it took before Lu Tianfeng and Zhao Rui reached the thirteenth floor.

"It's not here anymore!"

Looking at the empty thirteenth floor, Lu Tianfeng almost said these five words from between his teeth.

The subordinate Zhao Rui on the side said: "..."

Chapter 2855 That is a spiritual weapon

Sometimes, he really couldn't understand his master's thinking.

He couldn't even estimate how much time had passed since they started working their way up from the first floor.

Does the master think that Lin Caisang and his team would be so generous as to be on the thirteenth floor, waiting for them to catch up?

It must have gone to another level, or even to the eighteenth level, so they had to speed up to catch up.

"Master, there is a treasure chest over there. You go there first."

He saw a treasure chest with sharp eyes and quickly said to his master.

"You go there first.

Lu Tianfeng glanced at his subordinates with disgust and said coldly.

Every time he finished fighting the monsters and waited for this subordinate. If not for the absence of Zhao Rui, he would probably suffer in the hands of Lin Caisang and the others. Do you think he would wait for this subordinate?

"Remember, hit faster." He warned again.

Hearing his master's words, Zhao Rui smiled bitterly in his heart. He wanted to fight faster and deal with those monsters as soon as possible.

But the reality is that he really can't go faster, because he is the one who gets beaten up and flees every time. Unlike his master, he still has so many magic weapons in his hand.

What if he was really beaten by the monsters?

"Yes, my subordinates know.

Although he was thinking so in his heart, he still had to respond with a voice to let his master know that he would definitely try his best.

But he really had no idea how to defeat the monster later.

But he thought, Lin Caisang and the other trash can deal with these monsters, why can't he? He will definitely surpass those trash!

"It's good to know."

After Lu Tianfeng glanced at him coldly, he turned around and went out to find his treasure box.

He didn't know what was going on, but he and Zhao Rui didn't even get a decent good thing even though they had already reached the thirteenth floor.

No, that's not right either.

At least Zhao Rui got a sky-breaking blade, which was a spiritual weapon.

But as for him, there was nothing!

He vaguely wondered if this was related to the fact that he kicked the treasure box on the first floor before, but when he thought about it, he thought it was unlikely. It was just a broken treasure box with only a broken bone armor inside. What was there? What's so great?

Therefore, it should be that there are not many decent things in this Zhenbeimingju, right?

Soon, he found a passable treasure chest, and then started fighting with the monster guarding the treasure chest.

He also discovered that the treasure chests on the same floor also had levels. The better-looking treasure chests, the more advanced the monsters they guarded, and the more difficult they were to defeat.

Every time, he would just find a treasure chest and fight the weakest monster.

But every time, he was unwilling to give in and would choose a treasure chest that he liked. Therefore, the monsters he fought were not the weakest ones.

But I have to say that his luck is really bad. Every time the treasure box comes out, it is not good.

"I don't believe it, there's still no good stuff this time!"

He looked at the treasure box in front of him with cold eyes. This was a treasure box inlaid with gems. Thinking about it, there should be something pretty good in it, right?

Chapter 2856 Who did you see?

"watch out!"

The long sword in his hand fiercely attacked the monster.

...

"This Lu Tianfeng, is he crazy about the baby?"

In a corner of the thirteenth floor, Lin Caisang and Sui Zimo, who had defeated the monsters on the seventeenth floor and obtained good things, were standing there, watching the two fight with two monsters of different levels.

"Even his subordinates know that the guardian monsters will be at a lower level if they don't like the treasure chest. He actually raised the challenge to a higher level. There is really no one else. He is really greedy."

"If he wasn't greedy, how could he be easily deceived and do such unscrupulous things?" Sui Zimo replied to her calmly.

If Lu Tianfeng was not greedy, how could he be taken advantage of by the person behind him? Did Lu Tianfeng really think that after he finished helping that person, there would be something good?

Don't even think about it!

"Too!"

After listening to his words, Lin Caisang nodded.

It is conceivable that people like Lu Tianfeng are greedy. Just like now, he is clearly thinking about how to catch up with them, but he can't control his words and deeds, and he is still here fighting against the superior monsters.

"Ignore him, let's go, I still don't know what is in the eighteenth floor."

No longer paying attention to Lu Tianfeng and his subordinates, she looked at Sui Zimo, and Sui Zimo stretched out his hand, took her little hand, and the two disappeared together.

On the other side, Zhao Rui was just beaten by the monster and looked over, just in time to see their fleeting figures before disappearing.

His face froze, and he almost thought he had seen it wrong.

In just such a flash, he was beaten out by the monster again, spitting out a mouthful of blood.

However, he was beaten all the way and vomiting blood became a common thing. He didn't pay attention and continued to stand up and attack the monster.

...

After an unknown amount of time passed, both of them finally killed the monster and were left in a state of utter embarrassment.

But this time, it was Zhao Rui who consumed the monster to death before his master.

"Master, my subordinates seem to have seen Captain Lin and Mr. Sui."

Seeing that his master finally killed the monster, Zhao Rui quickly walked forward and said to him.

"What did you say?!"

Hearing the names of these two people, Lu Tianfeng didn't even care about the fatigue on his body. He rushed in front of Zhao Rui and lifted up his collar.

"Tell me again, who did you see?"

"Uh, Master, my subordinate said that I just saw Captain Lin and Mr. Sui."

Seeing how excited his master was, Zhao Rui quickly repeated what he had just said, and then subconsciously wanted to deny what he said.

"This... Master, I don't know if I saw it wrong, because I only saw these two people, not the other people, and they flashed past my eyes very quickly. Then it disappeared."

This is Zhenbeimingju, and Lin Caisang and Sui Zimo can't just go wherever they want.

Therefore, he also wondered if he had seen it wrong. Did he want to see them so much that he saw it wrong?

But why didn't he want to see those two people? It was his master who wanted to see Sui Zimo and his wife more. It wasn't him, was it?

Then why did he meet these two people?

"Nonsense, how is this possible?"

Lu Tianfeng subconsciously felt that this was nonsense and simply impossible.

Chapter 2857 It's not a spiritual power ladder

But after thinking about it, it's not impossible. Maybe Lin Caisang and Sui Zimo got something else from their stay in Fake Beimingju?

After all, these two people entered the Fake Beiming Residence before them, and those people also came out after him.

So it's not impossible to get treasures that he doesn't know about.

Isn't it said that the two Beimingjus, real and fake, complement each other? So the treasures obtained in the fake Beiming Residence can also be used in the real Beiming Residence?

"Perhaps they really have the ability to come down?"

He clenched the hand on his side suddenly, thinking to himself, how great it would be if he got the treasure in the hands of these two people instead.

It's a pity that all the good luck he had in the past disappeared after meeting Sui Zimo and Lin Caisang.

It seems that these two people really defeated him, right?

"If they really have treasures on their bodies, then this time, they will never leave Zhenbei Mingju again!" He said viciously, and then looked at his subordinates.

"Don't delay, keep going up, and be sure to catch up with them!"

This time, he will no longer be unable to control his hands. No matter how unpleasant the treasure chest is, he can take it as long as he can catch up with Lin Caisang and the others as soon as possible.

Of course, this is not all because of the treasures in Lin Caisang's hands, there are also other reasons.

Just like...

He looked at the broken weapon lying in the treasure box at his feet with disgust. He actually didn't like it at all.

But in order to reach the 18th floor earlier, he naturally wanted to get this weapon in his hand and take it with him. He didn't want to go back and collect these things again.

The most important thing is that if Lin Caisang and the others can really enter any level at will, then the things he left behind will most likely be taken away by those two shameless people.

He didn't want to take the risk.

After hurriedly getting the broken weapon, he took Zhao Rui directly to the fourteenth floor. This time, the walk was much smoother than the previous time.

...

The entrance to the eighteenth floor is not a spiritual floating ladder, but a vortex door.

Having defeated all the monsters, Lin Caisang and the others stood at the door of the whirlpool, having been bounced back by the whirlpool for the Nth time.

"Is it because the treasure chests we found are not enough?"

Seeing that he couldn't get in, one of the three people on the wall guessed.

Otherwise, why wouldn't they be able to get in? Even Captain Lin and Mr. Sui couldn't get in, and they couldn't get to the 18th floor.

"Yes, Captain, do we need to open some more treasure boxes before we can get in?" Another person also asked.

He also guessed that, and Yuan Jue and the others also set their sights on Lin Caisang, hoping to get an explanation from her.

"impossible."

Lin Caisang shook her head. She had the Beiming Token in her hand, so she naturally knew the rules of the True Beiming Residence.

As long as you get a treasure box on each floor, you can enter the eighteenth floor. This is a rule. Could it be that they just changed it casually because there are so many people coming?

"What's going on?" Captain Liu asked.

"This probably is....."

"There should be a mechanism here, right?"

Chapter 2858 You must do it

As soon as Lin Caisang started talking, he heard his eldest brother's voice.

Lin Changhong was seen holding his chin alone, looking at the vortex door, looking thoughtful.

"organ?"

Several people listened to his words and spoke at the same time.

They had never heard that someone would actually build a mechanism in the vortex. They had only heard of the formation.

"Isn't it a formation?"

"It's not a formation, it's a mechanism."

Sui Zimo also looked at the vortex carefully, and then confirmed that it was indeed a mechanism. The entire vortex was composed of one mechanism.

If you want to enter the eighteenth floor, you have to open this mechanism.

"What should I do? I've never heard of such an institution?" the female team member asked everyone.

They couldn't even get close to this whirlpool, so how could they unlock the mechanism? Even Young Master Sui, who had the most profound spiritual power among them, was bounced back.

"How to unlock this mechanism? Isn't it too difficult?" Captain Liu also asked.

However, after thinking about it, if it weren't for such a sophisticated mechanism, it would be too easy to enter the eighteenth floor.

What's more, there is a harmful thing like the corpse-suppressing talisman inside. I must get someone powerful to guard the corpse-suppressing talisman.

Thinking of this situation, they felt that there was an agency, and they were not surprised.

"Brother, I leave it to you." Lin Caisang looked at Lin Changhong and said.

"Don't worry, let me go."

Lin Changhong nodded to his sister.

"Zimo, I need you to help me. This is a mechanism composed of multiple talismans. It requires spiritual power to push each talisman to the correct position. Here, you have the highest spiritual power. This matter must be done It's up to you."

He looked at Sui Zimo and explained to him.

"good."

Sui Zimo responded and took a step forward.

The others followed Lin Caisang back a few steps and came to a safe place to wait.

"I don't know how Lu Tianfeng and the others are doing now, and which level they are on."

Seeing Sui Zimo and Lin Changhong dismantling the mechanism there, the others who had nothing to do thought of Lu Tianfeng and the two who had not come up yet.

What if the two people came up as soon as they opened the mechanism, then they had made wedding clothes for others, which is not what they would do.

In particular, the two Lu Tianfeng were not good people, so they were even less willing.

"Don't think about them. It's still early for them to reach the seventeenth floor." Lin Caisang replied without looking at him.

If Lu Tianfeng and the others want to reach the seventeenth floor, they still have to wait. Even after reaching the seventeenth floor, they still have to fight World of Warcraft, which will take a lot of time.

The monsters on the seventeenth floor are not easy to fight, as they knew just now.

"I just can't get angry. How can there be such vicious people in this world?" Captain Liu said angrily.

Going up from the first floor, in the spare time, I also heard Lin Changhong and the others talking about Guo Lu Tianfeng, and I knew how many bad things this person had done.

Listening to what they said, he only thought of the word beast.

I have never seen such a person. He looks good on weekdays and has a good reputation, but behind the scenes, he does bad things that endanger people's lives, and he does not just one or two things, but many things.

For a person like this, why didn't he die early and be born early? Only in this way can he be worthy of the people of Qianhuan Continent!

Chapter 2859 The loss is really too great

However, he also thought that the people in Sky City were still deceived by Lu Tianfeng's weak and handsome appearance, and he felt even more angry.

"When I get out, I have to tell everyone what kind of thing this person is!"

he said.

Hearing this, Lin Caisang raised his eyebrows and chuckled.

At this time, I'm afraid Lu Tianfeng's influence in Sky City has been almost wiped out. He probably never dreamed that he would fall into the hands of Lu Tiankuo, whom he despised the most, right?

When the time comes, let him have a good look at it.

...

Lin Caisang was right. Ninety percent of Lu Tianfeng's subordinates had fallen into Lu Tiankuo's hands.

Moreover, Lu Tiankuo was not much better. As soon as he defeated Lu Tianfeng's men with his front foot, the person behind him got the news.

That person didn't expect that Lu Tiankuo would cause so many things for him just because he didn't notice it for a while.

Almost all of Lu Tianfeng's people were folded in. It was impossible for him to use Lu Tianfeng to do anything again, because he had already exposed those of his people to the people of Sky City.

There are now a lot of discussions in Sky City, all discussing the things Lu Tianfeng did before.

And all these things were exposed by this idiot Lu Tiankuo, just because he valued Lu Tianfeng before and didn't pay too much attention to Lu Tiankuo.

In fact, even the forces behind the women around Lu Tianfeng were dug out by the people of Sky City and suffered a great blow.

The loss this time is really too great.

The Lu Tianfeng incident caused a big fuss, and finally the city lord Lu Tianlan had to stand up and show the people that this matter would be dealt with seriously.

He also explained to everyone that Lu Tianfeng had already blended into the sea forest, and when he came out, he would be brought to justice.

How could that person believe that the city lord was passively handling this matter?

If this idiot Lu Tiankuo didn't have a black hand secretly pushing him forward, how could he have the ability to deal with so many subordinates under Lu Tianfeng?

This matter must be related to Lu Tianlan.

But for the moment, he didn't think about what was going on. Why did Lu Tianlan suddenly think of dealing with Lu Tianfeng?

It is impossible for a person to want to deal with another person for no reason, unless Lu Tianfeng did something and was discovered by Lu Tianlan, which led to such an end.

"Is it because...that woman is pregnant?"

He couldn't think of the reason even after deep meditation. Suddenly, he remembered that the reason Lu Tianfeng used to open Haikuo Forest was because Lu Tianlan's wife was pregnant.

Is it because this matter was discovered?

But this matter was done so covertly, how was it discovered?

"Go and check that woman in the city lord's palace!" He glanced at the subordinate in front of him with his gloomy eyes and ordered him.

If this matter really happened to such a woman, he would definitely not make it easy for Lu Tianfeng, because it was Lu Tianfeng who came up with this idea.

Although it was Lu Tianfeng's subordinates who lost their lives, Lu Tianfeng was also a dog he had carefully cultivated. How could his subordinates just be broken off?

Chapter 2860 What to take?

"Yes, Master, I will go check it out right now.

The subordinate responded, and after receiving the order, he turned around and went out to do things.

"Lu Tianfeng, I still overestimate him." Finally, the man sighed quietly and said.

He had been carefully cultivating him for so many years, but in the end he was still so weak that he couldn't even compete with Lu Tiankuo.

Lu Tianfeng is simply useless!

It might as well be Lu Tiankuo. He didn't expect that there was such a force behind Lu Tiankuo. He could still take advantage of this.

"Master, do you want our people to capture Lu Tiankuo?"

The subordinate looked at his master's silence and asked cautiously.

This Lu Tiankuo is so ignorant. It is not easy for his master to cultivate such a loyal dog like Lu Tianfeng, but it has failed like this.

The master must be very angry now. He guessed that Lu Tiankuo was going to die.

"What to take?"

The man didn't take it seriously and asked his subordinate calmly.

"Since Lu Tiankuo has this ability, let him continue to play his role."

"Master, what do you mean..."

The subordinate raised his head hesitantly and looked at his master.

Does the master want to restart Lu Tiankuo, a chess piece that he has abandoned for many years?

But will such a chess piece still be the master after it is restarted? He was very doubtful about this. After all, he dared to touch Lu Tianfeng's power. In the future, would he be bold enough to try to touch his master?

"Where is Lu Tiankuo now? Let him come to see me." The man ordered in a cold voice.

"Yes, Master."

Although the subordinates were doubtful, they still responded.

Turning around, he went out to find Lu Tiankuo, a man who had caused trouble in his master's head, but was still able to be reused by his master.

...

In the seventeenth floor of True Beiming's residence, Sui Zimo and Lin Changhong cooperated and slowly began to move the patterns on the vortex. At the beginning, the patterns on the vortex directly printed on the entire seventeenth floor. They all changed colors.

The gray sky almost lost everyone's eyes.

But as the lines became clearer and clearer, the sky got better and better. In the end, it turned into bright weather, and even the wild flowers on the ground suddenly bloomed.

"This change is really big. It seems that Mr. Lin has found a trick and will be able to open the 18th floor soon."

Captain Liu looked down at the wild flowers at his feet and couldn't help but sigh.

If it weren't for Lin Caisang and his group, how could they have come here, how could they have obtained so many things, and it would have been even more impossible to open the entrance to the eighteenth floor.

Suddenly, there was a 'click' sound.

Everyone heard the sound and went away, only to see a door appearing in the whirlpool, and the sound came from that door.

"This...this subordinate is not the Whirlpool Gate, but..."

Everyone was surprised, because this was not a vortex door, but a wooden door that was similar to an ordinary door, but everyone knew that this door was definitely not that simple.

I saw that the five characters of gold, wood, water, fire and earth were engraved on the door, and they were still in a circle.

"This is....."

Yuan Jue took a step forward and looked at the door.

Isn't this a small formation? There is actually another formation behind this mechanism. It seems that behind this door, it is really not a simple place.
