

Star of Space 2861

Chapter 2861 What is this?

"Array..."

Lin Changhong almost cried.

What kind of place is this? After he dismantled the mechanism, another formation came out?

He won't wait until he dismantles this formation, and something else will come out, right?

It's endless, isn't it?

"continue."

He took a deep breath, glanced at Sui Zimo beside him, and then continued to fight against the formation in front of him.

This morning was just a formation. Naturally, Sui Zimo could not stay by Lin Changhong's side anymore, so he took a few steps back and returned to his wife's side.

"Sonny, how are you?" he asked with concern.

"It's okay, I'm just a little bored waiting." Lin Caisang glanced sideways at him and replied.

"Let's cook and eat first. It is estimated that Chang Hong will not be able to dismantle this formation within an hour." Sui Zimo said.

"Too."

Lin Caisang nodded matter-of-factly.

Somehow, she had a vague feeling in her heart that after the formation was dismantled, there should be something blocking them from entering the eighteenth floor.

But it's naturally impossible for her to say this now, what if she didn't?

Even if it was true, she didn't want to be called a crow's mouth by others. That would be so embarrassing.

"What do you want to eat?" Sui Zimo asked her.

"I want to drink some porridge. How about preserved egg and lean meat porridge?" Lin Caisang asked him.

"good."

Sui Zi naturally responded.

Then, the two people quickly took out all the cooking utensils and started cooking.

Everyone: "..."

Everyone is waiting for news about Lin Changhong. At this time, only the two of them can calmly focus on what to eat, right?

Lin Changhong turned around and took a look: "..."

He was fighting against machine formations here, and these two were actually making food there?

No matter, his girl still has one in her belly. She must eat well and drink well. He can't care about it. So, just eat whatever you want.

"Zimo, roast a duck for me."

Now that they have already started to do it, they can't treat their own mouth badly, right?

"Okay, I'll do it for you."

Sui Zimo glanced at him and nodded in agreement.

"How about I cook you two roast ducks and let you eat enough later?"

"That's pretty much it."

Lin Changhong was satisfied and nodded.

A long time passed, and it wasn't until the smell of roast duck hit your nostrils that the wooden door made a "kaka" sound.

After a while, the formation was found, but because the formation was opened, the wooden door had disappeared, and what followed was a wisp of mist like a rainbow.

The mist envelops the wooden door.

"What is this?"

Lin Changhong looked at the mist and was about to be pissed to death.

I thought that by opening two doors in succession, I should be able to enter the eighteenth floor, but who knew, it wouldn't work yet!

"Charms."

Lin Caisang had been paying attention to the situation on his elder brother's side. As soon as he saw the mist, he knew what was going on.

Her guess was indeed correct. This door was indeed not that easy to open.

"talisman...talisman?"

Lin Changhong looked at the mist with astonishment.

He is now good at mechanisms and formations, but he hasn't learned much about this talisman yet. How can he do it?

After a long while, he turned around and looked at his sister.

"Sang Sang, I don't know how to do this, what should I do?" he asked, somewhat dumbfounded.

Chapter 2862 Don't dare to really tell anyone

"Let me do it.

Lin Caisang took a deep breath and said.

There should be no one here who is better at spells than her, so she is the only one here.

"Eat first, I'll go with you later." Sui Zimo said.

"no."

Lin Caisang denied what he said.

"No one knows how this door is set up. If the two floors are opened and then closed again soon, it is better to unlock the third floor as soon as possible."

Hearing her words, Sui Zimo paused.

"Okay, then I'll accompany you there."

He didn't say anything else, but let the others finish their meal first, while he accompanied Lin Caisang to see the mist body.

...

On the other side, Lu Tianfeng and the others had rushed all the way up and had already reached the sixteenth floor.

After accepting the previous lesson, Lu Tianfeng chose the worst treasure chest these few times. As expected, the speed was much faster, and he had already reached the sixteenth floor so quickly.

He believed that it wouldn't be long before he could reach the seventeenth level and stand side by side with Lin Caisang and the others.

"Zhao Rui, what are you still dawdling about? Hurry up."

Lu Tianfeng quickly dealt with the monsters on the sixteenth floor, but Zhao Rui was not so lucky. He was unfortunately chased by the monsters and ran away with a rat in his arms.

"Yes, Master."

Zhao Rui responded to his master while running away.

Before, he killed the monster before his master. When he was waiting for his master, he didn't urge him to hurry up. But now, it was better. It was rare that his master was able to catch up with him, so he rushed him.

So long ago, what was he doing back then?

But he only dared to think about these words in his heart, but he didn't dare to say them outside. If it were his master, his life would still be in his master's hands.

He could only grit his teeth and try his best to kill the monster chasing him.

But the reality is not as simple as he imagined. He doesn't know what is going on with this monster. It is simply too powerful. It is not on the same level as the ones he encountered before.

Therefore, he had to spend a lot of time dealing with the monsters, which made his master very dissatisfied.

However, although Lu Tianfeng was dissatisfied with Zhao Rui, he still did not do anything to him. He could only keep urging him. In this Zhenbeimingju, if you want to climb up, you still have to rely on yourself. .

...

Outside the mist, Lin Caisang was holding a red brush in his hand and was writing and drawing on his hand.

It's not that she has found a way to open the spell, but that she is making a draft because the spell is so difficult that even she has to rely on Lian Xinmai and Jinzhu Pavilion to unlock the spell.

"But slow down, don't be in a hurry."

Sui Zimo saw her sweating profusely and reminded her.

It is very difficult to unravel a talisman. How can it be so simple if every talisman must echo the talisman on the mist?

"I'm not in a hurry."

Lin Caisang raised his head, glanced at his husband, and replied.

She was definitely not in a hurry, and the reason why she was sweating profusely was just because this spell required a lot of her spiritual energy.

But it's nothing. Once your spiritual energy is exhausted, it will come back soon. What are you afraid of?

"Zimo, I'm a little hungry."

"I'm going to get you some food. What do you want to eat?" Sui Zimo asked immediately.

"Anything is fine."

Chapter 2863: Being knocked out

Lin Caisang replied to him, as long as it is food, she can eat it, no matter what, as long as it can fill her stomach.

"I'll get it for you."

Sui Zimo responded and turned around to get some food, first feeding his wife.

However, he had just turned around when he heard a "stuck" sound, as if something had been broken off. Before he could turn around to see what was going on, he heard someone else's cry. sound.

"It's open, it's finally open!"

Everyone also turned their heads when they heard the sound, and saw that the mist was opened, and the mist in front of them turned into the previous vortex, as if it had not changed at all.

However, something has changed. The current vortex is the same vortex that Lin Changhong untied.

"this....."

Lin Caisang himself was a little confused and didn't understand how this was opened.

Because the talisman in her hand has not been finished yet. She is still drawing it and has not used it in the mist. How can it be opened?

She raised her head and looked at the vortex, then looked down at the runes on her hand. She always felt that the two were similar in some way, but she couldn't tell how they were similar.

"Sonny, what are you..."

"I don't know. Anyway, it just happened to open like this. Maybe I'm lucky." Lin Caisang explained with a somewhat innocent smile.

Hearing this, Sui Zimo smiled.

It is indeed better luck, no...not better luck, but very good luck.

If it had been anyone else, there would be no way he could untie the spell mist so easily. Only his son would be so lucky, right?

"Other people want such good luck, but they don't have it yet."

He raised his hand, patted her head gently, said with a smile, and then put down his hand before looking at the others.

"Now that the 18th floor is open, everyone should pack up and go in immediately."

"good."

Several people responded one after another, quickly packed their things, and followed Lin Caisang and Sui Zimo into the eighteenth floor.

"Wait a moment!"

Suddenly, a familiar voice came.

Yue Chushui, who was walking last, turned around and happened to see Lu Tianfeng and his subordinate Zhao Rui rushing up from the sixteenth floor.

I just want to squeeze in while they open the entrance to the 18th floor.

When Lu Tianfeng rushed towards the vortex, Yue Chushui flew up and kicked the unsuspecting Lu Tianfeng back.

Zhao Rui saw this and tried to help his master, but he was also knocked away.

"Master, are you okay?"

The two people fell to the ground together and could only watch helplessly as the entrance was closed again.

"hateful!"

Lu Tianfeng cursed fiercely.

Those people's hearts were so vicious that they didn't even think about dragging them to the 18th floor together. Instead, they kicked him. This was because they didn't want them to enter the 18th floor!

"Master, we haven't defeated the monsters on the seventeenth floor yet, so we probably won't be able to enter the eighteenth floor." Zhao Rui couldn't help but remind his master.

"Do I still need you to remind me?"

Hearing this, Lu Tianfeng turned around with scarlet eyes and glared at his subordinates.

He just wanted to give it a try. If he could pass directly, that would be good, but if he couldn't, at least he had tried.

Chapter 2864 Are these humans?

But now, he didn't even succeed in trying. How could he be willing to do this?

"My subordinates are too talkative. Master, please forgive me.

Zhao Rui quickly apologized, how dare he say anything more.

But he felt that he was not wrong at all. None of them had fought against the monsters on the seventeenth floor. Even if they followed Captain Lin and the others into the eighteenth floor, what if there was something inside that they couldn't handle?

Then wouldn't they lose more than they gain?

"What are you waiting for? Hurry and find the treasure chest!"

Lu Tianfeng didn't have the time to discuss with his subordinates who was talking too much. Lin Caisang and the others had already entered the 18th floor, so they must get there quickly.

What if they stole the Corpse Suppression Talisman? How would he explain it to that person?

"Yes, Master, I will go find the treasure chest immediately." Zhao Rui responded and went to find the treasure chest.

...

On the other side, Lin Caisang and his group had already reached the eighteenth floor.

This is a place that is different from the previous seventeen floors. As soon as they entered, it was like stepping on the water. Every step they took could make circles of ripples.

And when they lowered their heads, they could see their own reflections, just under the water.

Looking around, there are many spiritual beasts running around on the water surface, and there are also some fish spiritual creatures swimming under the water surface.

They all carry a treasure box on their bodies.

"It's so weird here!"

Captain Liu watched the spirit beasts slowly surrounding them and took a step back, but still whispered in a low voice.

Yes, the aura of this place was so powerful that he had never felt it anywhere, and it didn't look like Qianhuan Continent at all.

Others also agreed with Captain Liu's words, this place is strange.

"Are these humans? They can actually come here."

"There have always been only spiritual beasts in Qianji Pond. How could humans enter? Could it be that the mechanism outside is broken?"

"They couldn't have forced their way in from outside, right? That would be serious!"

"It's impossible. The Thousand Machine Sect is very powerful. How is it possible that anyone who wants to break in can break in? They must have cracked the Thousand Machine Sect before they got in!"

A group of spirit beasts murmured quietly there, and while talking, they looked at Lin Caisang and the others.

Lin Caisang and the others were also looking at this group of spiritual beasts.

"Captain, tell me, do we still have to fight against these spiritual beasts? I feel like I can't defeat any of them." One of the three people on the wall asked his captain in a low voice, and said directly own strength.

Spirit beasts and Warcraft are different. Warcraft has not activated spiritual intelligence, but Spirit Beast has activated Spirit Beast and can speak human language.

Moreover, the aura of this place is so rich that it looks like a good place for cultivation.

These spiritual beasts are cultivating here, and their spiritual power must be many times better than theirs. How can they beat them?

He felt that if they fought with these spiritual beasts, they would definitely become dinner in their mouths. This was not an exaggeration at all.

"Captain, I also think that if we face these spiritual beasts, it would be difficult for a few of them to deal with just one." Another person also said.

Although they have become much stronger in ability along the way, this is something they could not even imagine before.

Chapter 2865 Do you think it's strange?

But it's a fact that they can't fight now. These spiritual beasts are not easy to bully at first glance. It's just a dream for them to defeat these spiritual beasts.

"Yes, Captain, we definitely can't deal with these monsters."

Listening to their words, Lin Caisang was also speechless.

She didn't expect that the 18th floor of Zhenbeiming Residence was no longer on Qianhuan Continent.

"Brother, are you going to make friends with those spiritual beasts?" She looked at her eldest brother and suggested.

Lin Changhong: "..."

That was a spiritual beast. Although it didn't look murderous, it wasn't the same kind as them!

Moreover, since ancient times, it has been believed that no matter whether it is a magical beast or a spiritual beast, they have no good opinion of humans, because the existence of humans is to contract those magical beasts and spiritual beasts for their own use.

It would be okay if you can find a master who can treat your spiritual pet well, but if you are contracted by a cruel master, the end will definitely not be good!

In such a situation, how could he make friends with those spiritual beasts?

"Sangsang, I am your big brother!" He looked at his sister with emotion and reminded her.

Are there any sisters who push their eldest brother to the tiger's mouth like this? Are you afraid that he won't die soon enough? Who knows when those monsters will go crazy and beat him up?

"It is precisely because you are my elder brother that I entrust you with such an important task." Lin Caisang also replied.

Lin Changhong: "..."

What else could he say? Can't do it?

"Okay, I'll go."

In the end, he could only nod and agree. Who knew that this was what his sister said? He was embarrassed not to agree, right?

"Brother Changhong, I'll go with you." Yue Chushui said.

"I am coming too."

Yuan Jue also wanted to know where this place was, and thought it would be better to go there and ask in person.

So, the three of them went to the pile of spirit beasts together.

On this side, Lin Caisang was supported by her husband and found a place to sit down.

"Eat some first, didn't you say you were hungry just now?"

Sui Zimo held a bowl of millet porridge in his hand and handed it to Lin Caisang.

However, Lin Caisang did not take the bowl from his hand. There was a trace of doubt in his eyes, and then he looked up at Sui Zimo.

"I don't know why, I felt so hungry before, but since I entered the 18th floor, I don't feel hungry at all, but quite full. Zimo, do you think it's strange?"

she asked.

And after hearing what she said, Sui Zimo also felt his body.

Before, he accompanied Lin Caisang to solve the spell without eating, but now, he doesn't feel hungry and feels full of energy.

He didn't know the reason for this, and he was also confused.

"Don't you know?"

Suddenly, a voice came from under their feet. The two of them looked down, and it turned out that it was a spiritual beast fish under the water. It was carrying a treasure box on its back and was talking to them with its head raised.

"what do you know?"

Sui Zimo looked at the others, then at the spirit beast fish, and asked.

"Are you from another continent? You don't know anything? This is Qianji Pond on Yunhuan Continent. The spirit beasts here don't need to eat any food.

Because the spiritual power in Qianji Pond is abundant, all spiritual beasts can absorb the essence of heaven and earth, and there is no need to eat those common things. Such common things will only make our bodies have too many impurities, which is not conducive to cultivation. "

Chapter 2866 The blind cat meets a dead mouse

"So, you don't need to eat here?" Lin Caisang was surprised.

No wonder she didn't feel any hunger at all after arriving here. It turns out that she can absorb the essence of heaven and earth like a spirit?

"Of course!"

The spirit beast fish raised its head proudly and glanced at the bowl in Sui Zimo's hand with a hint of disgust in its eyes.

"As for the thing in your hand, there are no spiritual beasts here who can eat it. We don't even bother to eat the flesh of you humans. Otherwise, do you think that when you get here, why won't everyone attack you?

Because your meat is so bad for us that we don't even bother to take a bite.

Lin Caisang: "..."

How despised are they? You don't even bother to take a bite of their meat. That's what you're saying!

"So, you spirit beasts are all real?" she asked.

"Of course it is real. Why do you ask that?" the spirit beast fish asked in confusion.

Don't they really exist? How is that possible? They are obviously real. I heard from the older generation that humans used to secretly enter Qianji Pond to capture them and keep them as pets.

Later, there was an old man named Qianji. He really couldn't blame the humans outside for bullying their spiritual beasts, so he set up a formation at the entrance.

That formation was named after the old man, and it was only from that time that their Thousand Machine Pool was called Thousand Machine Pool.

As for what it was called before, they actually don't know, but he believes that the older generation still knows.

However, there are not many spiritual beasts from the older generation here.

"You...are you coming up from Beimingju?"

It looked at Lin Caisang and Sui Zimo without blinking, then lowered its voice and asked cautiously.

"yes."

Lin Caisang nodded.

It sounds like this place is more than just Nendo Beimingju. She looked at the spirit beast fish and asked aloud.

"Why, can we get up from this place through other places?"

"Then I don't know."

The spirit beast fish shook his head and said that he didn't know either.

"Although I don't know where you can come to our place, but I have heard from the older generation of my family that not just anyone can come in here if they want.

As for the Thousand Planes Gate outside, it is very difficult to understand. Moreover, Thousand Planes Gate can appear in many places and will have different forms in front of different people.

That can be called an ever-changing one, so it's called Thousand Planes Gate.

If you are not destined, even if you find the Thousand Machine Sect, you will not be able to enter our place, because there are thousands of mechanisms and formations in this Thousand Machine Sect. "

Lin Caisang: "..."

So, they were blind cats who met a dead mouse, and why did they get into Qianji Pond so easily?

She glanced sideways, looked at her husband, and then continued to look at the spirit beast fish.

"You go on."

"Actually, there's nothing to say. The spiritual beasts of our generation have never seen humans. Everyone is curious about your appearance. Just take a look. This is just the beginning.

As soon as the news spreads that humans are coming in, more spiritual beasts will come to watch you. Who will make everyone curious about what humans look like. "

Chapter 2867 Commentary

Lin Caisang: "!!!"

I have only heard of humans viewing spiritual beasts as monkeys, but I have never heard of spiritual beasts surrounding humans to watch.

This is really the first time she has heard of this!

"Hey, by the way, are you looking for some treasure when you come into our Thousand Machine Pond?" Spirit Beast Fish suddenly thought that these people must not be here for fun, so he asked.

"nature."

Lin Caisang did not deny it and nodded.

They came to the 18th floor of Zhenbeiming Residence not just to see the beautiful scenery here, right?

"Do you have something called a corpse-suppressing talisman here?" She quickly struck while the iron was hot and asked.

"Corpse Suppressing Talisman? What is that? I've never heard of it."

The spirit beast fish thought about it carefully, then shook his head, saying that he really had never heard of this thing.

"You have all come here specifically to look for it. It must be a top-notch treasure, right? Are you looking in the wrong place? You have never heard of such a thing."

Hearing this, Lin Caisang turned his head and looked at Sui Zimo again.

Are they looking in the wrong place?

Although she first heard about this thing from Lu Tianfeng and the boss, Jin Zhuling later gave her a task to find this thing on the 18th floor of Zhenbei Mingju.

Could the Golden Pearl Order also deceive people?

But it is possible. What if Jin Zhuling really made a mistake and this thing is really not here?

"Let's ask other spiritual beasts." Sui Zimo said.

"You ask other spirit beasts the same thing. How can they know things that I don't know? Everyone lives in this Thousand Machine Pond. Even if they are divided into upper and lower classes, they still know the same things. ah."

When the spirit beast fish heard Sui Zimo's words, they thought that they felt that their information was not well-informed, and immediately screamed.

"If you don't believe it, how about I go find other friends and ask? But like me, they must have never heard of what the corpse-suppressing talisman is. I won't lie to you."

With that said, it swam deeper, giving Lin Caisang and the others no chance to stop it.

"this....."

Lin Caisang was stunned when he saw the figure of the spirit beast fish disappearing in front of his eyes.

This speed was too fast. She didn't react at all, and the spirit beast fish was already gone.

However, she didn't think about stopping it. Wouldn't it be better to ask?

"Zimo, tell me, are we really making a mistake?" She looked at Sui Zimo and asked quietly.

"It's impossible that the thing isn't here." Sui Zimo shook his head.

If only Lu Tianfeng and the others knew the news that the corpse-suppressing talisman was printed here, it might be false, but since Jinzhu Space also has this mission, it should be correct.

"Whether the thing is here or not is less important. Sonny, don't you think it's strange? Are the spiritual beasts here too curious when they see the reaction of humans?"

he asked rhetorically.

Those spiritual beasts almost surrounded them and made comments about them.

"Well."

Lin Caisang choked at his words.

She had thought about this problem before. Under normal circumstances, if the people encountered a stranger in a hidden village, they would either rush forward and gather everyone's strength to drive the person out.

Or, just hide quickly.

How could there be any spiritual beast like this one that would take the initiative to come forward?

Chapter 2868 What's weird?

And the same thing happened to the spirit beast fish just now. She didn't even talk to it. It took the initiative to talk to them, which had to make them feel very strange.

"I do think so, but is there anything weird about it?"

This makes no sense. Are these spiritual beasts plotting against them from the beginning? They don't even know where this place is, how can they plot against them?

It felt so unreasonable, but she also felt that it was so unreasonable that these spiritual beasts didn't run away first when they saw them.

"have no idea."

Sui Zimo couldn't say anything for a moment and could only shake his head.

"Could it be that with our strength, we can't defeat them anyway, so we are too lazy to hide?" Lin Caisang guessed.

Sui Zimo: "..."

This possibility is almost non-existent, okay?

The first reaction does not depend on who has good abilities and strong spiritual power. When receiving the appearance of a new creature, the first instinctive reaction is to hide.

If not then there is a problem.

It can't be the spiritual beast here, is it really too ignorant?

I have to say that Sui Zimo really hit the mark. The spiritual beasts here have not been disturbed by outside humans for many years, and they are no longer the same monsters that were bullied by humans.

For them, humans have only heard about it from the mouths of their elders, or seen pictures in books, but they have never seen their real appearance at all.

Therefore, they are extremely curious about humans.

On this side, the spirit beast fish went to help Lin Caisang to inquire about other spirit beast fish. On the other side, Lin Changhong and the others talked very openly with several spirit beasts.

"The corpse-suppressing talisman, what is that? I have never heard of it."

Everyone's faces were full of confusion. They didn't know what the corpse-suppressing talisman was, let alone where it would be.

Even, they have never heard of it.

"I've never heard of it, what should I do?"

Lin Changhong saw that they didn't look like they were lying, so he looked at the other two people.

I have never heard of this, how can I ask them? They only know that the thing is here, but they don't know where it is.

Moreover, they had just inquired about how big this Thousand Machine Pond was, so they could not find what they wanted just by looking for it in a day or two.

"Ask about the treasure chests they carry." Yue Chushui lowered her voice and said to Lin Changhong.

Hearing this, Lin Changhong looked at the treasure chests on the spirit beasts, which was strange. Listening to what they just said, they had been living here for generations.

Never seen another human being before.

So, where did the treasure chests on them come from? Isn't it a coincidence that there is one for a spiritual beast?

"The treasure chests you are carrying are so special. Where do they come from?"

Thinking about it, he smiled at the spirit beasts and asked.

"You said these treasure chests were given to us by the elders." One of the spirit beasts explained to Lin Changhong.

"The old man who protected us gave these treasure boxes to our elders, asking them to protect them, one for each spiritual beast.

The treasure box I have on me was taken from my mother. When my mother gets old, I will inherit her treasure box. "

It patted the water surface with its front paws, making several ripples.

Chapter 2869 Go on an adventure

Then he looked down at his reflection and the treasure box on his body.

"This is the agreement between our Qianjitan spirit beast and the old man. He is responsible for protecting us from harm, and we are responsible for guarding the treasure chests while he is there."

Another monster also said.

"Yes, yes, my treasure chest also belongs to my elders. They are no longer here, so naturally their treasure chests must be carried with us." Other spirit beasts agreed.

After hearing their words, Lin Changhong, Yue Chushui, and Yuan Jue looked at each other.

They couldn't help but wonder, wouldn't these spirit beasts know what's in their respective treasure chests?

"Then haven't you ever opened the treasure box on your body?" Yuan Jue asked.

"No, why do you want to open it?" The spirit beasts shook their heads, feeling that this question was not a good one.

What are they doing opening these treasure chests? In this Qianji Pond, no matter how good the treasures are in the treasure chests, they are of no use.

Moreover, this is the treasure box that the old man gave to their elders. What if they can no longer get the protection of the old man after opening it? What should they do?

Therefore, they are not curious about what is in the treasure box. Even if they are really curious, they don't dare to open it.

If you can't afford the risk, no one dares to risk their curiosity, right?

"I see that your treasure chests are also different. This one is obviously more beautiful, isn't it?" Lin Changhong looked at one of the spirit beasts. That one was the most luxurious treasure chest.

Is it true that the best treasures should be placed in the best treasure chests?

"Tsk tsk, what does the treasure box on it mean? You have never seen the treasure box on Lulu. That is the most beautiful and most beautiful thing."

The other spirit beast glanced at the treasure box on its partner with disgust. Of course, no spirit beast would dislike someone else's treasure box, but it was just brought up, so they had a look of disgust to express the other treasure box. How noble.

"Yes, the treasure box on Lulu's body is the most beautiful. Its treasure box was left to it by our old patriarch of Qianjitan. I heard that he will soon become the new patriarch of our Qianjitan. "

The spirit beast that Lin Changhong said was the winner of the most beautiful treasure chest nodded wildly at them and explained perfectly who Lulu was.

"So, this Lulu is still very powerful?"

Lin Changhong and Yue Chushui raised their eyebrows. The meaning of those words couldn't be more obvious.

It's very possible that this corpse-suppressing talisman is in the treasure chest called Lulu, right? The treasure chest left by the old patriarch, even if it doesn't contain the corpse-suppressing talisman, it should be a treasure that can be encountered but cannot be sought.

When Yue Chushui heard what he said, he immediately turned around and went to tell Lin Caisang the news.

...

"Lulu? The existence that is about to become the new patriarch of Qianjitan?"

After listening to Yue Chushui's words, Lin Caisang glanced at her husband and asked him what he meant.

"Not too possible."

Sui Zimo spoke directly and denied Yue Chushui's speculation.

"Brother-in-law, why do you say that?"

Yue Chushui didn't expect that Sui Zimo would think otherwise, so he asked doubtfully.

"If it's really that simple, then it would be too easy to get the corpse-suppressing talisman, right? Chief, that's the most impossible." Lin Caisang said directly.

Chapter 2870 The terrifying ghost cry

The best things must be given to the people in the highest position, and that is what most people want.

However, it is precisely because it is something that most people want to achieve, so it is impossible.

If that were the case, whoever came into Qianji Pond and attacked the clan leader directly would definitely be able to obtain the corpse-suppressing talisman. What even a fool can think of, would that old man not think of it?

"According to my guess, the corpse-suppressing talisman should be placed in a special place, not on the body of any spiritual beast." She added.

"Is it like this?"

Although Yue Chushui asked this question, he agreed with Lin Caisang's words in his heart.

If it were so easy to guess where the Corpse Suppression Talisman is, it would be too simple and too easy to obtain.

If these spirit beasts combine their strength, they can still defeat one of them. And he just heard those spirit beasts say that they have regulations in Qianji Pond. Anyone who wants to snatch the treasure chest from them must defeat them. they.

Moreover, other spirit beasts are not allowed to help, which means that they can deal with one of the spirit beasts, but the other spirit beasts cannot help.

"Then we won't find the new clan leader?" he asked.

"Looking, of course I still have to look for it." Sui Zimo said.

If they didn't find the clan leader, they wouldn't know the specific situation of Qianji Pond, and it would be even more impossible to find the corpse-suppressing talisman.

"Then I'll go check again and see where the new clan leader who is about to take office will be?" Yue Chushui stood up again and walked towards the group of spirit beasts.

And here, the spirit beast fish soon came back, swinging its big tail.

"Well, I really asked about it. I don't know any corpse-suppressing talisman. I really don't." It said to Lin Caisang and Sui Zimo.

After hearing what it said, the two of them were not too disappointed. Anyway, they had plenty of time and could take their time to find it.

Not only them, but the trio on the other side of the wall were also entangled by several spiritual beasts, asking them to tell stories about the outside world, whether they were human stories or stories about monsters, they all wanted to hear them.

Of course, the trio would not say anything bad. They would tell the best stories between humans and monsters, and also inquire about the situation of Qianji Pond.

At this moment, they really found out something.

"What I said is true. From time to time, there are ghost screams in our Forbidden Forest. It's very scary! Well, it's just like what you said in the story just now. They are all scary ghost screams."

"Forbidden Forest? Isn't this a pond? Why is there a Forbidden Forest?" one of them immediately asked.

"Our Qianji Pond is a big place. In addition to this pond, there are also forests. But it's not an ordinary forest, it's a water forest. It's all made of ice, and there are no real trees."

One of the spirit beasts said.

"Does anyone dare to go there? The ice tree makes a "kaka" sound. I heard that sometimes ice pillars will fall down. In the past, disobedient spiritual beasts ran in and never came out again. However, the elders did not dare to go in and look for it.

Because that place was banned by the old man, and we spirit beasts were not allowed to enter. Who dared to break in? Only those ignorant spirit beasts would break in without fear of death.

Don't even think about it. If you break in and come back alive, you just pity their parents! "

The spirit beast sighed and said.
