

Star of Space 2871

Chapter 2871 So powerful?

"It is originally difficult for our spirit beasts to give birth to offspring, but the Forbidden Forest alone has a lot of them. Those disobedient spirit beasts are really hateful!"

Other spirit beasts also echoed.

It's easy for their spirit beasts to give birth to the next generation. Those disobedient ones actually have the courage to break into the Forbidden Forest, which makes their families sad and makes everyone even more afraid of these two Forbidden Forest people. Words.

It is estimated that in a short time, no spiritual beast will dare to mention the word "forbidden forest".

After hearing their words, the trio of Wall Grasses also looked at each other. One of them opened his mouth to the other two and silently uttered the word "Forbidden Forest".

The other person also opened his mouth and spoke silently.

"I'll tell the captain.

Then he smiled at those spiritual beasts and spoke.

"Do you know our human characters? I also have a story written by an outsider. How about I go get it for you?" he said.

"Know it, know it. The elders in the pool taught us how to know it."

When the spirit beast heard that there were story books, he almost jumped up with joy and quickly nodded with bright eyes.

"Then just wait, I'll go get it."

The man nodded quickly, turned around and left. Fortunately, he liked to write about his experiences in the world before, which was perfect for coaxing these spiritual beasts.

It would be great if they could be coaxed into taking them outside the Forbidden Forest later.

"Okay, okay, go ahead."

...

After a while, one of the people on the wall came to Lin Caisang and Sui Zimo.

When he came, the two of them were still chatting with the spirit beast fish in the pool. He glanced at the spirit beast fish in the pool and paused.

"Captain, we heard something."

After thinking about it, since I can chat with their captain and his wife, there should be nothing bad to say.

However, when he was thinking about how to speak, he saw the spirit beast fish glance at him and then swim away quickly, which gave him a chance not to think about it anymore.

"What's the matter?"

Lin Caisang looked up at him and asked.

"Captain, there is a Forbidden Forest in the Thousand Machines Pond." The man whispered.

"Forbidden Forest?"

Lin Caisang raised his eyebrows.

The word "forbidden" often appears in some mysterious places. It is usually used to hide some shady things or sacred power.

Could it be that the corpse-suppressing talisman would be in the forbidden forest?

"Yes, the Forbidden Forest. The several spirit beasts over there like to listen to stories outside. While we were talking about things outside, we heard them mention the Thousand Machine Pond and the Forbidden Forest. There are all kinds of things in it. It's an ice tree.

It is said that the spiritual beasts that secretly entered the Forbidden Forest in the past have never come out again. It is not known whether they are dead or alive. There are often ghostly sounds inside. "

"so smart?"

Lin Caisang raised her eyebrows again and glanced at her husband.

"Since a spirit beast is missing, no other spirit beast has gone in to look for it?" Sui Zimo asked.

"No." The man shook his head.

"According to them, the Forbidden Forest was created by the old man who built the Thousand Machines Gate. The old man told them at the beginning that no spiritual beasts were allowed to enter the Forbidden Forest, otherwise, the Thousand Machines Pond would be destroyed.

Therefore, except for those ignorant spirit beasts, other spirit beasts have never entered. Even the elders of those spirit beasts who broke in did not dare to go in to look for their children. "

"There is actually a place like this?"

Lin Caisang said with a smile on his lips.

Chapter 2872 Why are you back?

It seems that that place is the place they need to find, right?

Even if it's not that place, they still need to go and have a try. Maybe they will get unexpected results, who knows.

"Go and inquire again."

She ordered her team members to continue to inquire.

"Okay, Captain."

The man responded, took out a book from his bag, and walked in the direction of the spiritual beasts.

After the others left, Lin Caisang, who wanted to discuss the current situation with her husband, saw with keen eyes that the spirit beast fish came back with its tail swinging.

"Didn't you leave? Why are you back?"

"Did you just talk about the Forbidden Forest? I know that place is the Forbidden Forest of the Water Spirit Beast Clan. You can't enter that place without the token of their clan leader."

The spirit beast fish spoke to them with some disdain.

It listened to those spirit beasts discussing how spirit beasts had entered the forbidden forest before and never came out again, and couldn't help but despise the leader of their water spirit beast tribe.

It was obviously because it refused to tell everyone that it had a token in its hand and could enter the Forbidden Forest, but it insisted on saying that entry into the Forbidden Forest was not allowed.

It's obvious that the patriarch is greedy for life and afraid of death, and he talks so grandly.

Isn't that why they, the underwater spirit beast fish clan, despise him?

"How did you know?" Lin Caisang asked it, raising an eyebrow.

None of the spirit beasts on the water knew about this, right? Otherwise, if the dignified clan leader refused to save him, Qianjitan would have been in trouble long ago, right?

"Hmph, I know a lot!" The spirit beast fish snorted softly and said.

"Um?"

Lin Caisang raised his eyebrows again and looked deeply at the spirit beast fish.

"Oh, actually our underwater clan also has a forbidden pool. You can enter it with the clan leader's token, but that place is very dangerous. Even if the clan leader goes in, he may not be able to get out. That's it. It's something."

The spirit beast fish felt a little embarrassed to be stared at by Lin Caisang and said a little coyly.

Lin Caisang: "!!!"

There is also a forbidden pool among the underwater clan? !

Then which place is the corpse suppressing talisman placed? It can't be placed in both places, right?

"Your underwater spirit beast clan also has a forbidden pool. Is it the same as the above water spirit beast clan's forbidden forest?" she asked.

"If it's different, I don't know." The spirit beast fish flattened its mouth and said.

"We, Qianji Lake, have rules. Well, as you can see, the spirit beasts and fish of our underwater clan cannot go to the water clan, and the spirit beasts of the above water clan cannot come down to the water.

Therefore, we have never seen the Forbidden Forest of the above water clan, and they don't know what our underwater clan is like. "

"You mean, can't we get under the water?" Lin Caisang asked, looking at his feet.

It seems that the water and the water are blocked by a seal, so they can put anything in the water as if walking on flat ground.

"Yes, why don't you come down and take a look? You can only come through the small mechanism on the other side of the Thousand Machines Gate. But in all these years, I have never seen any spiritual beast that can open that mechanism."

The spirit beast fish said.

After hearing its words, Lin Caisang turned his head and looked at Sui Zimo.

Whether on the water or under the water, she needed to confirm whether there was a corpse-suppressing talisman in the Forbidden Forest and the Forbidden Pool.

Chapter 2873 The old patriarch wants to pass on the throne

However, it is not that easy to enter the water.

"No matter what, we still have to meet the leader of the Water Spirit Beast Tribe." Sui Zimo said.

Since a token is needed, it must be obtained from the hands of the clan leader. Otherwise, it is estimated that even if they enter this forbidden forest, they will not survive.

"Um."

Lin Caisang nodded.

They must meet this clan leader for a while.

"Brother, come here."

She spoke out and called her eldest brother over there who was talking to those spiritual beasts.

"Sangsang, what do you want from me?"

When Lin Changhong heard his sister calling him, he immediately walked over quickly and asked.

"Brother, next you focus on asking them about the whereabouts of the clan leader. Don't worry too much about the rest." Lin Caisang ordered to his eldest brother.

"Inquiry about the clan leader?"

Lin Changhong was stunned for a moment, but quickly nodded.

"Okay, let me go find out. Sangsang, what do you want to ask about the clan leader?" he asked.

"Why are you asking so many questions? It's useful anyway." Lin Caisang curled his lips and said.

If one more person knows about this kind of thing, there will be more uncertainty. Her eldest brother, it is better not to know about it. Who knows that there is Lu Tianfeng who may come up at any time on the seventeenth floor?

"Zimo..."

Lin Changhong saw that he couldn't get the answer he wanted from his sister, so he looked at Sui Zimo.

Unexpectedly, Sui Zimo just glanced at him sharply, and he immediately surrendered.

"Okay, okay, I won't ask anymore. Why don't you go and inquire now?" He quickly followed his sister's instructions and went to inquire.

Maybe it's something important, and I need to find out quickly.

...

"Our old patriarch is doting on Lulu. No, the old patriarch wants to pass on the throne. It should not be passed to Lulu's father, but the old patriarch didn't even mention Lulu's father, so he said Pass on your position as clan leader to Lulu."

Several spiritual beasts surrounded Lin Changhong and the others, telling them about the patriarch's family.

That is the leader of the spiritual beast clan who dotes on his grandson. The son was picked up, but the grandson is his biological son. When he looks at his son on weekdays, his nose is not his nose, and his face is not his face.

But when I turned to look at my grandson, he felt so kind!

This is simply incomparable. How can ordinary spiritual beasts like them be able to stand it?

It's just that it is a matter of the clan leader's family after all. What's more, the clan leader has the final say on the surface of Qianji Pond. How dare they talk nonsense and offend the current old clan leader or the new clan leader who is about to take office?

Therefore, we can only watch and let them do whatever they want.

"Is that Lulu very powerful?" Lin Changhong asked tentatively.

Otherwise, why would the old patriarch not pass on the position of patriarch to his son when he has a son, but would have to pass it on to his grandson? It must be because his grandson is more powerful than his son, right?

However, after he asked this question, he felt that the eyes of those spiritual beasts looking at him became a little strange.

"What's wrong? Did I say something wrong?"

he asked in confusion.

"You guys are talking about Lulu. It's not very powerful compared to other people, but with its mouth, it can be invincible. It can make the old patriarch happy."

"Yes, Lulu is the favorite of the old patriarch, and it's not because he can say nice things. The old patriarch is coaxed by him, and that makes him happy."

Chapter 2874 In the treasure box on the body

"In terms of spiritual power, it is much younger than us. If everyone gives in to it, it can still defeat us, but if we really want to talk about strength, then... haha."

The spirit beasts smiled. At this point, it was almost done. They could all guess how capable Lulu was.

Lin Changhong: "..."

He thought it was so powerful, but it turned out to be an embroidered pillow and straw bag?

"Then can we see Lulu? Where is it?" he asked.

"You don't have to worry about this. You will definitely be able to see Lulu. He likes the excitement the most. After all, we humans like Qianjitan are here. He will definitely come to see this excitement.

"That's right, Lulu likes fun the most. Maybe he will invite you to his home then."

Several spirit beasts echoed.

But being invited to the house by Lulu won't end well. Relying on the old patriarch's favor, it often dominates Qianjitan.

This time, a few humans finally came in. It must want to take it as its own and have a good time, right?

It's like a person who has been bored for a long time and finally gets a pet. Of course, he has to lock it up and only play with himself.

When Lin Changhong listened to the words of those spirit beasts, he knew that they were not good words, because the contempt in their words was clearly displayed.

It seems that this Lulu didn't have a good impression in front of these spiritual beasts in Qianjitan.

Can such a spiritual beast become a clan leader?

If Lulu is really allowed to become the clan leader of Qianjitan, wouldn't things happen in the water? Is the old clan leader too dim-sighted to mistake fish eyes for pearls?

"If you want to see Lulu, just wait here. It has probably heard the news and will come here soon."

"Oh, by the way, Lulu also has a treasure box on his body. I heard that the old patriarch gave it to him. It's very beautiful. I don't know what's inside. Maybe the treasure you are looking for is in the treasure box on it. Here."

A spiritual beast reminded them.

"can you?"

Yue Chushui asked.

"Why not?"

"The old patriarch dotes on Lulu. We haven't seen the treasure box on the old patriarch's body. There is an extra treasure box on Lulu's body. It must have been hidden by the old patriarch before. Now he takes it out for Alright.

What is in the treasure box if it's not a treasure? It must be something good, and maybe it's really what you want. "

Several spiritual beasts were guessing there again.

They have been living in Qianji Pond and don't know what the corpse-suppressing talisman is for. They only know that it is a treasure that the humans in front of them want to get.

And since the old patriarch loves Lulu so much, he must have given the best things to Lulu.

If the corpse-suppressing talisman is not on Lulu's body, who can it be on?

The three of them chatted with the spirit beasts for who knows how long. Finally, when everyone felt a little bored and the spirit beasts looked at humans just as well, a voice came into their ears.

"Where are humans? Didn't you see humans? Where is a human coming out for Ben Lulu to see?"

A spirit beast that was smaller than the other spirit beasts ran over from a distance and roared at the other spirit beasts. It looked like it was the king here and was invincible in the world.

Chapter 2875 Eat well and drink spicy food in Qianjitan

"It's Lulu, it's Lulu here.

"You have to be careful. Let's retreat first. Don't get caught by it."

The spirit beasts who were still chatting heard the sound, and after reminding Lin Changhong and the others, they ran away like the wind.

The same goes for the spirit beasts on the other side of the trio of wallflowers. They ran so fast. There was also the spirit beast fish talking to Lin Caisang and Sui Zimo. They also reminded Lin Caisang and the others and swam with their tails wagging. gone.

Everyone: "..."

Is this Lulu a devil? When it came, all the spiritual beasts were scared away?

It seems that in the past in Qianjitan, relying on the favor of the old clan leader, he often bullied other spirit beasts. No wonder the relationship with the beasts was so bad, and he didn't know if he would be able to marry a female spirit beast in the future.

Soon, Lin Caisang and his group were the only ones left at the scene.

"Are you humans? Humans actually look so weird?"

After the spirit beasts ran away, Lulu immediately saw a few people. He walked up to Lin Changhong and the others and spoke in confusion.

Lin Changhong: "..."

He hadn't even said that this spiritual beast was so weird, but he heard that this guy actually dared to talk about them?

"Are you the new patriarch who is about to take office?" he asked.

"Huh?"

Lulu let out a light sigh when she heard his question.

They actually knew that it was the new patriarch who was about to take office. It must have been said by those spiritual beasts, right?

Although many of these rumors were not true and were spread by him, his grandfather had promised him that the position of clan leader would definitely belong to him in the future.

Therefore, it is not wrong for it to say outside that it is about to become the leader of the clan.

"You actually know this, haha, then you should know that if you follow me, Lulu, you will be able to have a good time in Qianjitan, right?"

He laughed. These humans looked so strange that they could be taken home by him and used as his pets. From now on, he would no longer have to play with the lowly spiritual beasts outside.

"Don't you need to eat in Qianjitan? Do you still enjoy spicy food?" Lin Changhong chuckled and asked.

"You are about to take over as the new clan leader. How come you don't even know the most basic things in Qianji Pond? What kind of new clan leader is this?"

"Well!"

Lulu choked at his words and blushed.

There is no feeling of hunger in Qian Ji Pond, and all the spirit beasts here know this.

However, didn't it hear that humans outside need to eat, and that the more delicious the food, the better, the more they like it?

So it planned to lure them with delicious food, but it was too lazy to do it, so it tied them up and took them to its own home, thinking to save trouble.

I didn't expect that these humans were very cunning. It just said a word and they exposed it.

It seems that the humans outside are not as stupid as it thinks in its heart.

"cough!"

It coughed heavily.

"You are talking about those low-level spiritual beasts. They said that because they have nothing to eat. I am the future clan leader of Qianjitan. How can I be compared to these low-level spiritual beasts?

There is a lot of delicious food in my house. You can have whatever you want.

What do you think, do you want to consider visiting my home? When I first went out, the servants at home were still making my favorite food. "

Chapter 2876 Such an obstacle

It thought, as long as it seduces them and waits for them to arrive at its home, it can do whatever it wants.

Grandfather loves it so much that as long as it wants these humans to be its pets, grandpa will definitely help it catch all these humans.

At that time, these humans will not be able to escape even if they want to.

"Ah."

Lin Changhong couldn't help but chuckle.

Doesn't this guy himself know how lewd the expression on his face is now?

Even if the person facing them is a spiritual beast, they can still feel the danger, right? Don't treat them as idiots, okay?

How could such a spiritual beast be able to coax its clan leader and grandfather into running around? Could it be that the old clan leader of Qianjitan was too confused?

Thinking about it, it's really possible. Otherwise, how could such an evil obstacle be allowed to cause trouble everywhere?

It's just that the reputation of this old patriarch is not very good in Qianjitan, right?

"We are really interested in your family." He touched his chin with one hand and said pointedly.

Didn't his sister ask him to inquire about the clan leader? Now the clan leader's most precious grandson has already come to them to invite them.

Then wouldn't it be unreasonable for them not to go there?

"Sangsang, it invited us to its home. Do you think we should go?" He turned around, looked at his sister, and asked loudly.

At this moment, Lin Caisang and Sui Zimo had stood up. After hearing what his eldest brother said, Lin Caisang smiled and nodded.

"Since it is the kind invitation, we naturally want to go and take a look."

I don't know what this token is, but I have to check it out. Otherwise, how are they going to get it?

However, they are not that easy and just go. At least they have to get something from the old patriarch's precious grandson in order to frighten the old patriarch.

"Zimo, tell me, what is there in it that can scare the old patriarch?"

Turning her head, she looked at her husband and asked.

After hearing her words, Sui Zimo looked at the spiritual beast in front of Lin Changhong that looked uglier than the other spiritual beasts. He really didn't understand whether the old patriarch was blind. Why would he dote on such an ugly thing?

"First take off the treasure box from it, then I'll go."

He whispered, and wanted to let go of his wife's hand and go to fight with Lulu.

However, things always happen to be so unlucky. Before he could make any move, he heard a familiar voice.

"No one can try to steal the corpse-suppressing talisman from me!"

Before anyone could react, they saw Lulu being hit by something unknown, and then her whole body rolled back, like a ball.

"Ah, ah!"

The surface of the water looks soft when you step on it, but if you actually hit it, it would be very painful.

Lulu's body is not a round ball. Even if it is rolling on the water, it will be bumped here and there.

Therefore, screams kept coming from its mouth.

When it finally stabilized its body and stopped rolling forward, it was only then that it saw that the one who had knocked it out before was actually a human being!

Moreover, it was a human being that it had never seen before!

Sure enough, the elders were right, humans are very shameless.

Chapter 2877 Help us increase the hatred value

This human must have been hiding in other places before, waiting for it to come, and then rushed out to do harm to it!

No matter who it is, Lulu, it is the heir most valued by his grandfather. How could it be defeated by such a guy? How can it succeed as the clan leader if this news spreads?

"You dare to hit me? I'll kill you!"

It showed a vicious expression towards Lu Tianfeng, and then rushed towards him.

Soon, one person and one spiritual beast were fighting together.

Lin Changhong was a little confused when he saw that the spiritual beast that was still in front of him suddenly became involved with Lu Tianfeng.

"Chu Shui, has this duck been robbed by someone?"

He turned his head blankly, looked in the direction of Yue Chushui, and asked him.

Yue Chushui didn't say anything and just nodded. This Lu Tianfeng was quite capable. He reached the eighteenth floor so quickly. I don't know what kind of method he used.

"Damn it, this guy is so shameless!" Lin Changhong couldn't help but cursed.

He actually hit the spiritual beast out while he wasn't paying attention, leaving him without a chance to react. Is there anything more shameless than this?

He scolded Lu Tianfeng thousands of times in his heart, but as he continued to scold, he felt something was wrong.

"That's not right. How could this guy get here so quickly? How did he come in through Thousand Machines Gate?"

Isn't it that if the Thousand Machine Sect doesn't have the right method and fate, it might have to solve thousands of mechanisms. How did Lu Tianfeng get in?

Could it be that Lu Tianfeng was as lucky as his sister?

With that guy's bad luck, how could it be possible?

"Perhaps there are other magical weapons on his body that are unknown." Yue Chushui guessed.

Since there is another more powerful person behind Lu Tianfeng, Lu Tianfeng will definitely be fully prepared before coming in.

Even though they caught Lu Tianfeng off guard before, didn't that person send someone in?

Those two people should have given Lu Tianfeng some magic weapon, right?

"Sangsang, what should we do?"

Lin Changhong came to his sister's side with a sad face.

"Sister Sang Sang, the spiritual beast was snatched away by Lu Tianfeng, what should we do now?" Yue Chushui also asked.

"We were not careful, but we gave Lu Tianfeng an advantage!" Yuan Jue sighed heavily and said.

Captain Liu and others also gathered around and glared fiercely at Lu Tianfeng, who was rolling into a pile with Lulu, and then looked at Lin Caisang and Sui Zimo.

"Captain Lin, what should we do now?" the female team member asked.

"what to do?"

Lin Caisang raised his eyes and looked at Lu Tianfeng, who was thrown to the ground in embarrassment.

"Zimo, what do you think we should do?" she asked the person next to her.

"Wouldn't it be nice to have someone help us increase the hatred?"

Sui Zimo looked at the others, smiled lightly, and asked them.

What they need is someone who can draw away the hatred of that spiritual beast that is not only arrogant but also arrogant.

"You don't need me to teach you how to gain favor, right?" he asked.

"Well."

Everyone choked at his words.

Are you asking them to stand here and curse at Lu Tianfeng?

Pretend that you are on the same side as that spiritual beast, and are disdainful of Lu Tianfeng's secret actions?

Chapter 2878 Where did I provoke you?

But obviously before, they also wanted to attack the spiritual beast directly, and they also thought about getting something from the spiritual beast to threaten the old patriarch.

Now, you actually want to help that spiritual beast speak?

But it's not impossible. After all, Lu Tianfeng's behavior of suddenly rushing out and starting a fight without saying a word was really shameful.

It's normal that they can't stand it anymore, isn't it?

"This is easy, leave it to us."

Captain Liu immediately patted his chest and assured Lin Caisang and Sui Zimo.

He doesn't know anything else. It's not a simple matter to talk nonsense. Besides, he has long been dissatisfied with Lu Tianfeng's disgusting behaviors.

I just took this opportunity to give him a good scolding to relieve my anger.

"Captain, just watch and I will make sure that Lu is scolded so hard that he can't hold his head up and be a good man!" One of the grassroots on the wall also promised to his captain.

So, after listening to their captain's words, several people lined up towards Lu Tianfeng and Lulu, and cursed directly in the air.

"Lu, are you too shameless? You start fighting before they even have time to react?"

"It's just that you didn't know to tell me before you hit me. Doing it behind the scenes like this is an embarrassment to us humans. How can there be a scum like you among humans?"

"Is it really okay for you to be against us all the time? We want to make friends with Lulu, but you can't stand it, you shameless and despicable guy!"

"Hurry up and stop us. If you have the skills, come and fight us. If you are angry, just take it out on us. Why are you bullying Lulu? Where did it provoke you?"

These are the words of a trio of idiots scolding Lu Tianfeng, and this is just an appetizer.

Zhao Rui, who had just rushed over from the Qianji Gate and saw his master opening the door with a spiritual beast, was really confused when he heard the words of the trio.

What is this situation? Didn't the master say that he wanted to come over first to check the situation? Why didn't he follow him for a while, but the master was already fighting with the spirit beast.

Moreover, what is going on with Lin Caisang and the others? Do they think their master is easy to bully?

"Don't talk nonsense. My master is interested in the treasure chest on that spiritual beast. Let's wait until my master kills that spiritual beast and see how we deal with you!"

He thought that since his master had locked a spiritual beast so quickly, the treasure chest of that spiritual beast must have what they needed.

Therefore, now he was no longer afraid of Lin Caisang and the others, and shouted directly at them.

The trio of wallflowers said: "..."

Is this person the undercover agent they sent to Lu Tianfeng?

It's really a divine assist. You know, this is not the previous seventeenth floor. The monsters are all fictitious. In the eighteenth floor, the spirit beasts are all real.

Lulu is so pampered by the old patriarch, can it be harmed?

Moreover, this Lulu's own temper is also very bad, right? After hearing what Zhao Rui said, he was so angry that he beat Lu Tianfeng to death.

Sure enough, when Lulu heard Zhao Rui's words, the anger in her heart immediately came to the ground.

"Okay, you vicious human being, you still want to kill me? See if I don't kill you, you are just looking for death!"

Chapter 2879 Behind! Watch out behind!

As it said, it slapped Lu Tianfeng with its two front paws fiercely. Even if it didn't hit Lu Tianfeng, the spiritual wind brought by its paws knocked Lu Tianfeng away. When he reached the surface of the water, he was bounced up again.

"Damn humans, take your life!"

Lulu saw him fall and rushed towards him again.

Before, it was thinking of playing with this human being, but unexpectedly, this guy actually wanted its life.

Fortunately, they themselves let it slip. Otherwise, with the vigor with which this guy attacked it just now, who knows what kind of evil tricks he might have used against it behind its back.

Don't wait until it has time to react, and the melons in its head will have separated from its body.

It is still young and has not yet taken the position of clan leader. How could it be destroyed like this?

And it will never let go of this guy who wants to harm it. He must die in its hands. It doesn't even bother to have such a pet!

"Stop, stop!"

Lu Tianfeng looked at Lulu's frantic appearance and could only run away, thinking that he would be sure to win by consuming the spiritual power of this spiritual beast first.

"Master, be careful!"

Zhao Rui looked at the thrilling scenes and was so frightened that he was almost speechless.

The words he just said must have been heard by the spiritual beast, and then he went crazy and wanted to kill his master. It was him who did something wrong again.

The master will definitely not let him off lightly later, he has to make amends quickly.

Therefore, he reminded his master on the side, asking him to be careful and avoid it, so as not to be killed by a spiritual beast.

It's not that he's not cruel enough. He clearly knows that his master will punish him severely, but he still wants to remind his master. It's that if Lu Tianfeng dies, he won't be able to get out of this place. He can only use his life. His life depended on Lu Tianfeng.

"Master, be careful, behind! Be careful behind!"

"Shut up and get out of here!"

When Lu Tianfeng was swept to the surface by Lulu, he finally couldn't help it and yelled at Zhao Rui.

He was in such a miserable state now, and it wasn't because he was implicated by this idiot. He was just like Zhe Feng. He didn't have a good word in his mouth. He regretted letting Zhao Rui come out.

He should have found an obedient subordinate to work with him.

"Well."

Zhao Rui choked at his words.

He kindly reminded me, isn't it still wrong?

But his master didn't let him speak anymore, so he could only shut up and watched with fear as his master was slapped by the claws of the spiritual beast and flew around on the water.

After shouting at his subordinates, Lu Tianfeng looked at the spiritual beast with fierce eyes.

If Zhao Rui hadn't said those stupid words just now, he would have had a chance to use the magic weapon on his body to take down the spiritual beast in front of him in one fell swoop. In this way, the treasure box on it would be his.

But now...

He couldn't find any chance to use the magical weapon. The spiritual beast was chasing him relentlessly, and it was not as easy as before.

However, even if he can't find an opportunity, he has to find one. If this continues, it will be him who dies here, not the spiritual beast in front of him.

Thinking about it, he took out his magic weapon and blasted it at Lulu, who was slapping him with his claws.

'boom--'

Everyone only heard a loud noise, and Lulu was blown away by the magic weapon in Lu Tianfeng's hand.

Chapter 2880 It hurts!

But Lu Tianfeng himself didn't fare much better. Lulu's claws still hit him and sent him flying away. He landed on the water not far away and spit out a mouthful of blood.

"What the hell is this, so powerful?"

Lulu rolled several times on the surface of the water and finally regained his composure. He was so dizzy that he shook his head and looked in the direction where Lu Tianfeng fell.

It saw just now that the thing the human was holding was only so small.

However, it was able to blast such a big thing away. It seems that human things really cannot be underestimated. It will need to be more careful later.

"You despicable guy, let's do it again!"

Thinking and talking, it strode towards Lu Tianfeng again, vowing to fight to the death with Lu Tianfeng.

As for Lu Tianfeng, he was seriously injured by Lulu's claw, and he was so strong that he was thrown out. The water surface didn't look like real water. Although it was a little soft, it was still waiting for him to fall. At that time, it was three points harder than a rock.

He could feel that his internal injuries at this moment were very serious and had already affected his Dantian.

If he dares to use his spiritual power again, it is very likely that his Dantian will be destroyed.

Seeing Lulu running towards him quickly again, Lu Tianfeng didn't think anything else. He just wanted to kill this guy first and save his own life.

At this time, no matter what the boss said, if you want to use all the magic weapons at the most appropriate time, you must get the corpse suppressing talisman.

If his life could not be saved, how could he obtain the corpse-suppressing talisman?

Therefore, almost without thinking, he took out several magic weapons and threw them at Lulu. Immediately, Lulu's body made a crackling sound.

Lulu's screams also started to sound.

"Stop hitting me, stop hitting me. What do you want to do? Just say no. Why do you have to hit me? It hurts!"

Everyone only smelled a burning smell coming from Lulu's body. It turned out that the magic weapons that Lu Tianfeng played were all of the fire element.

As for Qianjitan, where he has lived on a water source since he was a child, and it is winter all year round, how can any spiritual beast be able to withstand the fire element?

"Hand over the treasure box you're carrying!"

Lu Tianfeng himself was extremely injured. He was breathing heavily, trying hard to look less embarrassed, and spoke to Lulu viciously.

"You want...a treasure chest?"

Lulu was stunned when she heard Lu Tianfeng's words.

Soon, it came to its senses and almost jumped out of anger, asking for a treasure chest. As for beating it like this, this human being is too much!

When it leaves here, you must let your grandfather deal with this bad guy!

"What the hell are you doing? I just want a treasure chest. Is that all? Give it to you, give it all to you. What are you doing if you have to live or die?

If you can't beat yourself, just use some weird stuff, isn't it a shame? "

While talking, it threw the treasure box on its body onto the water, then turned and ran away. It was going to tell its grandfather to deal with the person who bullied it.

Lu Tianfeng was also stunned when he saw how easily this spiritual beast dropped the treasure box.

Not only him, but also Lin Caisang and the others were stunned for a moment.
