

Star of Space 2881

Chapter 2881 I'm laughing so hard!

Because they had been chatting with other monsters for a long time before. Even ordinary monsters would not hand over their treasure chests after suffering such a slight injury.

Is the grandson of the old patriarch completely spineless, or is the treasure chest on his body not important to him at all?

If it's really the first type, then the old patriarch must be too short-sighted. Even if it's the second type, that's... I really don't know what other abilities this Lulu has.

Lu Tianfeng didn't care about this. He took a deep breath and was supported by his subordinate Zhao Rui who rushed forward, and limped to the front of the treasure chest.

He reached out with trembling hands, opened the treasure box, looked at the thing inside, and kept praying in his heart that it must be the thing he wanted to get.

pity.....

When he saw the thing inside, he was stunned.

"Damn...damn it, damn it!"

Inside the treasure box, I saw a piece of white paper lying quietly without even a single word on it. The moment the treasure box was opened, it no longer looked as bright and dazzling as before. It has become an extremely ordinary box.

Even the most ordinary treasure chest they had seen before was inferior to it. It was just like a box made of several pieces of wood.

"That's... fake!"

Lin Changhong looked intently at the so-called treasure box in front of Lu Tianfeng and almost laughed out loud.

I originally thought it would be a king's treasure chest, but I didn't expect it to be a bronze one. Couldn't the guy named Lulu have made this thing by himself?

It wasn't given to him by his grandfather, the old patriarch, but something he made himself to show off in front of the spiritual beasts outside?

If that were the case, wouldn't Lu Tianfeng be miserable?

After suffering such serious injuries and using so many magic weapons, in the end this thing turned out to be fake and useless?

"Haha, I'm laughing so hard!"

He finally couldn't help it anymore and burst out laughing.

The others also looked at Lu Tianfeng with gloating eyes.

"you....."

Lu Tianfeng naturally heard the laughter of those people, so he turned his head sadly and looked at those bitches.

How dare you laugh at him? So what if he was deceived? There is nothing in the treasure chest, so what? At least he has defeated a spiritual beast on the 18th floor, right?

Compared to him, these people who only laugh at others are nothing at all!

"Sir, these people..."

When Zhao Rui saw that his master was being laughed at by others, he was naturally angry and wanted to go forward and argue.

"What happened to them?"

Lu Tianfeng turned his head and looked at his subordinates.

"them....."

"Are other people's eyes that important?"

Before he could speak, Lu Tianfeng asked him accurately.

Their most important goal now is to get what they should get and not let Lin Caisang and his party take the advantage.

But now, it's obvious that he has the upper hand. I believe that it won't be long before those people can't laugh anymore, because he will definitely get the corpse suppressing talisman.

"No, no, it's not important."

Zhao Rui shook his head under his master's cannibalistic gaze.

How could he dare to say it was important? He was very suspicious. If he really dared to say that, his master would eat him alive.

Chapter 2882 It's a magic talisman

"Master, what should I do with this box?"

He glanced at the so-called treasure box at his feet and asked cautiously.

Seeing the so-called treasure box, Lu Tianfeng couldn't help but curse, and when he raised his hand, a burst of spiritual power was thrown directly towards the box.

With a 'boom', the box was smashed out and shattered into debris on the ground, which was quickly absorbed by the water surface. Only the piece of paper was left, still falling on the water surface, moving slightly with the breeze. .

"Hmph, let's go, let me chase you!"

He didn't believe that there would be such a piece of paper hidden in the treasure chest of the spiritual beast. It must be a fake, and then it could be true.

As long as he catches that abominable spiritual beast, he will definitely be able to hand it over.

He had wasted so many magic weapons, but he couldn't waste them in vain. He had to get something from that guy. Didn't it run away? He wanted to take a look. When he caught it, How will it run then?

However, before he could make any move, and Zhao Rui had no time to respond, he saw the movement on Yue Chushui's side.

Because Lu Tianfeng kicked the broken box before, it happened to be next to Yue Chushui and Lin Changhong, and the white paper floated to Yue Chushui's feet.

No one paid attention to a piece of white paper at first, but this piece of white paper followed Yue Chushui's robe and suddenly turned into a white light and penetrated into the palm of his hand.

"hiss!"

Yue Chushui's palms hurt and she immediately frowned.

"Chu Shui, what's wrong with you?"

Lin Changhong had been paying attention to the movements of Lu Tianfeng and the others, but he didn't see the white paper slipping into Yue Chushui's palm. Seeing that he was holding his hand in such pain, he quickly asked.

"It's a magic talisman."

Yue Chushui was so painful that cold sweat broke out on his forehead, so he gritted his teeth and explained.

"Spirit talisman? What talisman?"

Lin Changhong was confused for a moment. Where did the magic talisman come from? Why didn't he see it?

Suddenly, he thought of the broken box that Lu Tianfeng kicked to their side. The white paper inside. He lowered his head and looked at the water. Where was the white paper? It was gone.

"Could that piece of paper be..."

"You brat, hand over my magic talisman, otherwise, I won't let you get out of this place!"

Before he could finish speaking, Lu Tianfeng threatened Yue Chushui fiercely over there. He really didn't expect that what looked like just a blank piece of paper could actually be a spiritual talisman.

On the Qianhuan Continent, spiritual talismans are something that can be encountered but cannot be sought. How many people have gone bankrupt just to get a spiritual talisman.

But even if you lose everything, you can't get it, because there is a price but no market.

However, there was clearly a magic talisman in front of him, but he kicked it out. Instead, a brat named Yue Chushui took advantage of it.

How could this make him angry?

"Are you out of your mind? What is your magic talisman? Is your name written on it?" Lin Changhong glanced at Lu Tianfeng with cold eyes, as if he was looking at an idiot.

Why didn't he grab the talisman when it was returned to him?

It was obviously him who kicked the box to Chu Shui's feet. The talisman identified Yue Chu Shui, who can blame him?

I can only blame Lu Tianfeng for not knowing the goods. He was about to get the treasure, but he kicked it out.

"That's my box!"

Lu Tianfeng gritted his teeth and glared at Lin Changhong and Yue Chushui.

Chapter 2883 Point it out to me

That was the box that he spent a lot of magic weapons to get. Didn't they see it before?

However, beside him, Zhao Rui, who was supporting him, did not dare to say a word and could only lower his head secretly. m

Although it was his master's box, it was kicked out by his master. This means that the master threw it away and didn't want it. If someone else picked it up, how can it still be regarded as the master's?

"Box, what box? Where is your box here? Point it out to me." Lin Changhong raised an eyebrow and asked him.

He didn't care. How could they hand over something that was already in their hands? Besides, it was the spiritual talisman that came to Chu Shui on its own. Maybe the spiritual talisman sensed Lu Tianfeng's dislike of it and then approached someone else. Where is the owner?

"you--"

After hearing his rogue words, Lu Tianfeng felt a bad breath stuck in his throat, almost suffocating himself to death.

The box originally had a box, but because of his previous kick, the box was already broken and was directly absorbed by the water surface.

Where can he find the box now?

He took a deep breath and looked at the two of them steadily, "So, you are not going to return the magic talisman to me?"

That tone, that stance, it was obvious that if they said no, he would fight these two people desperately. Of course, the magic weapon he had on him was enough for him to deal with these two people. 6

"Mr. Lu, since this talisman has chosen Mr. Yue as its master, it means that we are destined to him. Why do you have to force it?" Yuan Yue, who had been beside Yue Chushui, said calmly.

The spirit talisman is a thing with spiritual consciousness. If it is not willing to find Yue Chushui as its master, it will naturally not take any action. Now that it has entered Yue Chushui's body, even if it is forced out again, it will reach Lu Tianfeng In my hand, it will only be the same as the blank piece of paper before.

Can't Lu Tianfeng even understand this?

"Master Yuan said it lightly. What if your things are taken over by others?" Lu Tianfeng sneered and asked.

"It's my thing and no one else can take it away. Since it can be taken away by others, it proves that it has nothing to do with me. Why should I force it?" Yuan Jue said calmly again.

"What's more, how can you be sure that this talisman is yours?"

"Isn't it just the torn piece of paper in my box before?" Lu Tianfeng immediately retorted.

"Who told you that it was your piece of torn paper? Did you see it? Is there any evidence?" Lin Changhong asked him.

"Lu, you said it yourself. The piece of paper in your box is just a piece of tattered paper. Since it is a piece of tattered paper, can it be compared with the magic talisman?"

You do have the face to speak out, are you ashamed? "

"You-ahem!"

Lin Changhong's words almost made Lu Tianfeng angry to death.

Originally, his spiritual power was somewhat weakened by Lulu's beating, but now he was so angry with Lin Changhong that he almost collapsed and went crazy.

"Lin Changhong, you are really sharp-tongued. You are obviously my magic talisman, but you forcefully told me that you have nothing to do with me. Are all of you in the Lin family like this?"

"Yeah, do you have any objections?"

Lin Changhong raised his eyebrows and asked him directly.

That's who they are, so what? Anyway, nothing could be done to get Lu Tianfeng something as good as the talisman.

Chapter 2884: Against you...?

Although he didn't know what the talisman did, in short, if it fell into Lu Tianfeng's hands, it would definitely not be used in any right way.

"This talisman is in our hands, and it is used to benefit the common people, but if it were in your hands, what would you use it to do, harm a living being?

Tsk, you are so embarrassed to open your mouth and ask for it from us. Do you think we are stupid or something, and will give you the magic talisman so that you can cause trouble to the world?

What a beautiful thought you have! "

Everyone: "..."

Mr. Lin, is it really okay for you to nod in such a serious manner and agree that you are a 'robber'?

However, they all agreed on one thing. If Lu Tianfeng got this magic talisman, he would not use it to do anything good.

So there is nothing that can be done to let the magic talisman fall into Lu Tianfeng's hands.

"This Lu Tianfeng, no matter how good he is, I have never seen anyone as unlucky as him." Lin Caisang couldn't help but say to her husband.

On the first floor, he lost a treasure, but now he kicked it and gave the talisman to Chu Shui.

To sum up, as long as it is good, it will definitely not belong to Lu Tianfeng.

I really don't know how the person behind Lu Tianfeng came up with the idea of letting Lu Tianfeng come to Haikuo Forest to get the Corpse Suppressing Talisman. How could a person with bad luck like him get the Corpse Suppressing Talisman?

"Why bother with him?"

Sui Zimo held her hand and walked out slowly. Gangshou came to Yue Chushui and the others, looking steadily at Lu Tianfeng.

"Mr. Lu, it's not yours, so it's best not to think about it, right?"

"you....."

Lu Tianfeng was wary of Sui Zimo and Lin Caisang, even if they carried many magic weapons with them.

But that is a spiritual talisman. After obtaining the spiritual talisman, not only can his own spiritual power increase a lot, but he can also use the spiritual talisman in the future to make his practice more effective with half the effort.

Such things are really hard to find. He searched all over the Qianhuan Continent but could not find them.

How could he be willing to let something like this fall into Yue Chushui's hands?

"Captain Lin, Mr. Sui, are you sure you really want to go against me?" He took a deep breath and looked at the two people intently.

"Go against?"

Lin Caisang sneered.

"Master Lu, I really don't understand. You are almost half dead. What qualifications do you have to say that we want to go against you? To be honest, do you have the ability to let us go against you...?"

"you--"

Lu Tianfeng was speechless for a moment, not knowing what to say.

He currently lacks spiritual power in his body. If he wants to snatch the spiritual talisman, he can only rely on the magical weapons on his body.

But those magic weapons are needed at the most critical moment, to seize the corpse-suppressing talisman. If they are used now, what will he use to snatch the corpse-suppressing talisman from these people in front of him in the future?

"Okay, very good, just wait for me!"

He won't care about these people for the time being. When he gets the Corpse Suppression Talisman, isn't it a matter of using his hands to deal with these people?

As he spoke, he waved his hand, looked sideways and motioned to his subordinates to help him leave.

"He...just left like that? Isn't it too easy?"

Lin Changhong looked at the retreating figures of Lu Tianfeng's master and servant with some astonishment, feeling puzzled.

Chapter 2885 Go get the corpse suppressing talisman

He thought that Lu Tianfeng would still have to wait a long time to follow them, but he didn't know that they left so quickly, which made people want to be on guard.

"Sang Sang, Zi Mo, this guy named Lu, isn't he planning something else?" He turned around and asked.

"Who knows?"

Lin Caisang curled her red lips and said.

"Perhaps he is thinking that when he gets the corpse-suppressing talisman, he can snatch all the things he likes from our hands."

"Just him?"

Not only Lin Changhong, but also the trio of wallflowers who had just walked over couldn't help but question in their hearts when they heard Lin Caisang's words.

Even with Lu Tianfeng's unlucky appearance, he could still obtain the corpse-suppressing talisman?

Let's have his spring and autumn dreams!

"This magic talisman is in his hands and he can't hold it. How can he get something better? Haha, it's time to wake up from the sweet dream, right?" Captain Liu said with a smile.

"maybe."

The female team member is very sober, nothing is absolute.

What if by that time, Lu Tianfeng really got the Corpse Suppression Talisman?

Therefore, they had to be a little more careful, and no one knew what kind of magic weapon Lu Tianfeng had on him. The word "what if" was really uncertain.

"I think we still have to be careful about Lu Tianfeng. He seems to be determined to get the Corpse Suppressing Talisman." She said.

"What thing was he not determined to get before?"

Lin Changhong asked back, there were several treasures before, Lu Tianfeng had an expression and attitude as if they were all in his pocket.

What happened? Haven't gotten anything yet?

"However, Sangsang, Zimo, I don't know what kind of magic weapon this person has in his hand. If there is a yellow bird behind him, we will lose more than we gain."

This point has to be guarded against.

There are all kinds of weird things like magic weapons. If by that time, the corpse-suppressing talisman in their hands is replaced by that guy, it will really be their turn to cry.

"You can't defend yourself. You can only take one step at a time." Yue Chushui said with a stern face.

Of course, as long as the corpse-suppressing talisman can reach Sister Sang Sang's hands, Lu Tianfeng can't snatch it away even if he wants to. He can just put it into the golden bead space.

But Lu Tianfeng...

"Sister Sang Sang, we will be responsible for keeping an eye on Lu Tianfeng when the time comes, and you go get the corpse suppressing talisman." He looked at Lin Caisang and suggested.

Hearing their words, Lin Caisang chuckled.

"You guys, it's too early to say this now. We still don't know whether the Corpse Suppressing Talisman is in Qianji Pond or not."

Even if they are here, they don't know where they are now, so why bother immediately about the corpse suppressing talisman.

"That's right."

Others nodded, what are you thinking about now?

"So what do we do now?"

"Catch up with Lu Tianfeng first." Sui Zimo said directly.

"Ah, why are we chasing him? Shouldn't we go to the old patriarch?" Others were confused. Why are we chasing Lu Tianfeng? Isn't it to go to the old patriarch to get some tokens and then go to the Forbidden Forest?

"Lulu was beaten, what would you do if you were it?" Lin Caisang asked them.

"According to the spirit beast's temperament, it must go home and complain, and then let the family come out to avenge it...ah, I understand!"

Halfway through Lin Changhong's words, he understood why they wanted to follow Lu Tianfeng.

Chapter 2886 I can't spare you!

If Lulu wants revenge, she must go to Lu Tianfeng. If they follow Lu Tianfeng, they might even see the old patriarch of Qianjitan.

"Then what are you waiting for? Let's follow now."

he said quickly.

...

Soon, everyone followed Lu Tianfeng.

Over there, Lu Tianfeng also chased Lulu in the direction he ran before, and while chasing, he took out the healing elixir and drank it.

In his current state, even if he really saw the spiritual beast, he wouldn't have any upper hand. Naturally, he had to recover his injuries and spiritual power first.

After taking a lot of healing pills and spirit-gathering pills, I finally felt a little bit recovered.

"Master, are you okay?"

Zhao Rui looked at his master's face and finally returned to a little normal. Then he let out a breath and asked softly.

After hearing his subordinate's words, Lu Tianfeng glanced at him coldly.

"Next time you talk nonsense, I won't forgive you!"

If Zhao Rui hadn't talked nonsense in front of the spirit beast, the spirit beast wouldn't have fought him immediately, and the killing move he had hidden wouldn't have been unable to be used.

"My subordinate realizes his mistake, please punish me master." The skin on Zhao Rui's back tightened and he quickly admitted his mistake.

As soon as he said those words, he already regretted them, but at that time, regrets were of no use because the spiritual beasts had already heard them.

He even suspected that those words were deliberately provoked by Lin Caisang and others!

Those people are too despicable.

"What's the use of punishing you now? Do what you should do!" Lu Tianfeng said coldly.

Although he said this, he was thinking in his heart that when he left this place, he must make this subordinate disappear before his eyes!

But now, this subordinate is still useful to him. After all, he should not be able to get the zombie suppressing talisman here by himself. Moreover, he also tried it just now and wanted to use the magic weapon here. It would be impossible for the people inside to get them out again.

But Zhao Rui didn't know what his master was thinking, and secretly sighed in his heart.

"Thank you, Master, for not punishing me."

As long as his master does not punish him, he is willing to devote himself to his master and die.

"Let's go, catch up quickly, we must get the treasure chest on the spirit beast!" Lu Tianfeng said.

He couldn't afford to use so many magic weapons in vain. He had to take advantage of the fact that the spirit beast was still afraid of him and force it to hand over the treasure chest.

"Master, is that treasure chest real? Did we just...see it wrong?" Zhao Rui hesitated for a moment, but still asked in a low voice.

Although the treasure box dropped by the spirit beast was a broken box, there was a spiritual talisman inside.

Could this be a cover-up for those treasure chests? In fact, they are real treasure chests, not fake ones? Were they just fooled by the treasure chest itself?

Hearing this, Lu Tianfeng was stunned.

That's right, why didn't he think of it before? There was already a spiritual talisman in the treasure chest of the spiritual beast. That spiritual talisman was something that could only be found but not sought.

So, he used so many magic weapons, but gave the treasures in the treasure box to that brat Yue Chushui who didn't know where they came from?

He really couldn't swallow this breath!

"Then we have to find that monster. Maybe we can find out something from his mouth!" He gritted his teeth and said.

Chapter 2887 Such villain's tricks

Now that he no longer had that spiritual power, if he wanted to fight another spiritual beast again, he could only find the injured spiritual beast that he had beaten and get some information from it.

But there was one thing he really couldn't figure out.

Previously, in the other seventeen floors, the monsters fought against him to the death to protect their treasure chests.

But on the eighteenth floor, the spirit beast dropped the treasure box for his own life and just ran away.

At first he thought the treasure box was fake, especially when he saw that there was only a piece of white paper inside the treasure box, he was extremely sure that it was a fake.

However, it turned out that it was a magic talisman and not a fake.

So, was it really that the spiritual beast was greedy for life and afraid of death, and handed over his treasure box just so that he could survive?

"Master, where are we going to find that spiritual beast? It seems... they all look the same here." Zhao Rui looked at the surrounding environment. They were almost exactly the same.

They walked for such a long time and didn't see any other spiritual beasts. They didn't even know who to ask.

"I put tracking powder on the spirit beast. As long as you follow the direction of the scent, you will be able to find it. Don't delay, hurry up and leave!"

Lu Tianfeng glared at Zhao Rui coldly and said.

This place is full of weirdness. Who knows when the tracking powder he put on the spirit beast will disappear?

Therefore, he had to find that spiritual beast quickly. He didn't have time to talk to this stupid subordinate here.

"Yes, Master."

Zhao Rui didn't dare to say anything more, so he responded and helped his master go in one direction.

...

"This Lu Tianfeng still has some brains, and he even knows how to track Lulu."

Not far behind them, Lin Caisang and his group heard clearly what the first two people said, and Lin Changhong couldn't help but say something.

In this way, they would be able to find the location of the old patriarch without much effort.

"He only knows the tricks of a villain."

One of the trio of wallflowers curled his lips and said something.

Lu Tianfeng, who used to be known as a gentleman in Sky City, would turn out to be such a villain. It was really unexpected.

I just don't know how people outside would react if they knew that Lu Tianfeng was such a good person. They probably wouldn't believe it. After all, they haven't seen this guy's insidious methods with their own eyes.

Just like this time, tracking fans usually prey on mortal enemies or vicious people, but Lu Tianfeng preyed on a spiritual beast that didn't even have any grudge against him.

Although both tracking powder and spirit-chasing powder are used for tracking, the spirit-chasing powder will not damage the body of the drugged person.

As for stalking fans, that can hurt people's sanity.

Even if the opponent is a spiritual beast, it will still be damaged. Lu Tianfeng just fell on Lulu's body without asking anything. It can be seen that he has never thought about whether this tracking powder will damage Lulu's intelligence. ,what to do?

With this kind of character, do you dare to call him the number one young master?

"That's right, whoever meets him will really be unlucky for eight lifetimes!" Another person also echoed.

Hearing this, everyone turned to look at them.

As I said, the people who met Lu Tianfeng were not just their group. They had been mixed up with Lu Tianfeng since they came in from Hongye Building.

Chapter 2888 The behavior of the old patriarch

"Ahem."

The man was looked at by everyone and suddenly felt guilty.

He quickly coughed a few times, rolled his eyes, and reversed his words.

"Of course, when Lu Tianfeng met us, he had bad luck for eight lifetimes. He can't even think of anything during this trip to the vast sea and forest!"

he said.

"That's pretty much it."

Lin Changhong raised his hand, patted the man's shoulder, and nodded with satisfaction.

On this road, no matter how capable Tianfeng is, they will let him return without any benefits in Zhenbeimingju.

"Sang Sang, if they really fight later, who are we going to help?"

He turned his head, looked at his sister, and asked.

He thought that where Lu Tianfeng was going now must be the old patriarch's home, right?

With the virtue he had inflicted on the old patriarch's beloved grandson, the old patriarch wouldn't let Lu Tianfeng go so easily, would he?

Then there will definitely be a fight.

So when the time comes, who will they help? Helping Lu Tianfeng is definitely impossible, so they only use spiritual beasts?

But when spiritual beasts and humans fight, no one else can participate, right?

"Let's see then. If we can't do anything, why can't we just talk?" Lin Caisang replied.

Now, they should follow Lu Tianfeng and the others first. Lu Tianfeng carried a lot of pills with him. He had just walked a short distance, and the internal and external injuries on his body were almost healed.

It can be seen that the person behind Lu Tianfeng really paid a lot for him to get the corpse suppressing talisman.

I just don't know if Lu Tianfeng can successfully bring out the things and hand them into that person's hands amidst the expectations of the person behind him.

Her red lips curled up slightly, and she turned to look at Sui Zimo.

"Zimo, based on what those spiritual beasts said before, what do you think of the old patriarch's character?" she asked as she walked forward.

"Not really."

Sui Zimo gave her three words directly.

"From those spiritual beasts' reports that a spiritual beast broke into the Forbidden Forest, but the old patriarch clearly had a token in his hand but refused to go in to save it, we can see the character of the old patriarch.

If he was really worthy of the title of clan leader, how could he refuse to save his clan leader? "

"Too."

Lin Caisang nodded.

Everyone else also agreed with Sui Zimo's words.

If the old clan leader was really a spiritual beast, why would he not save his clan members when they accidentally broke into the Forbidden Forest?

Moreover, there are no spiritual beasts on the water. Knowing that the old patriarch has a token in his hand, can he enter the Forbidden Forest?

Obviously it didn't want other clan leaders to know, because it was afraid that others would force him to enter the Forbidden Forest to save people.

What good virtues can such a patriarch have?

"It seems that it is a bit difficult for us to get the token in his hand." Yuan Jue said quietly.

"That won't happen."

Lin Changhong and Yue Chushui shook their heads at the same time.

"Why not?" Several people asked at the same time.

"For a spiritual beast that is greedy for life and afraid of death, nothing is more important than its life, right? For the sake of your own life, what can't you give up?"

Yue Chu Shui Road.

As long as they control the old patriarch's life or death, they are not afraid that he will not hand over the token.

"So, we still want to fight?" others said.

So what they thought before, to help the old patriarch deal with Lu Tianfeng, was just empty talk?

Chapter 2889 Those who are greedy for life and afraid of death

"We have to fight, but it also depends on how we fight." Sui Zimo looked at the backs of Lu Tianfeng and the others and said.

"Master Sui, what does this mean?"

Captain Liu spoke, not understanding the meaning of Sui Zimo's words.

Just fight, is there anything else you can do to fight? Isn't it possible to directly take down the old clan leader with just a few of them, right?

"The best strategy is to take advantage of them when they are not prepared." Lin Caisang said.

Everyone was silent after hearing her words.

It's almost impossible to take advantage of it, and they also saw the previous battle between Lulu and Lu Tianfeng with new eyes.

If any one of them could take down Lulu in one fell swoop, it would be possible for Sui Zimo, but if the other party were the old clan leader, it wouldn't be that easy.

"Sister Sangsang, what do you mean, first get close to the old patriarch and then take him down when he is not prepared?" Yue Chushui reacted the fastest and said.

Whether they can defeat the old patriarch in one fell swoop depends on whether Lu Tianfeng and the old patriarch can fight each other.

However, looking at Lu Tianfeng in front of him, he was so angry that he was cursing Lulu even as he walked. He should be able to fight, right? And this battle will not be small.

In front, Lu Tianfeng kept walking forward without feeling that anyone was following them at all. If they could turn around and take a look...

It's a pity that they don't have it.

In Lu Tianfeng's mind, he was thinking about how to catch Lulu and ask him to tell him where the corpse-suppressing talisman was placed.

Of course, he wasn't afraid that Lulu didn't know, so what if he didn't know, he could still get the treasure box on Lulu first, and talk about the rest later.

Anyway, you have to fix this greedy thing like Lulu first, right?

...

Two people walking in the same direction.

On the other side, Lulu escaped from Lu Tianfeng's hands and fled back to his home, a cave in the forest.

There lived a family there. The old patriarch had three sons, several grandsons and granddaughters, all living together.

Speaking of Lulu, he is not the most beloved grandson in the old patriarch's family. After all, in the old patriarch's heart, nothing can compare with his position as the patriarch, so his grandson is dispensable to him. of.

But Lulu's mouth was really eloquent, and she made the old patriarch very happy.

It was also once when the old patriarch was drunk and coaxed by Lulu that he said that Lulu would succeed him as the patriarch in the future.

Therefore, the rumor that Lulu was going to inherit the position of clan leader spread like wildfire.

But unfortunately, the old patriarch himself didn't know it yet, because all the spiritual beasts were afraid of the old patriarch, and naturally they didn't dare to mention anything in front of him.

'Snapped! '

A crisp sound came from the cave.

There was a scream, and then the sound of heavy objects hitting rocks.

"You idiot, you were bullied by humans outside, but you still have the nerve to come back and complain. Why don't you die outside?" A rich voice came from inside the cave, angrily cursing.

"I'll beat you to death, you useless thing!"

While he was speaking, the old beast raised his paw to greet Lulu, who was lying motionless on the ground after being beaten.

Chapter 2890 Teach Lu Tianfeng a lesson

"Dad, don't be angry. Now is not the time to beat or scold Lulu. Didn't you listen to what Lulu said just now? A human has actually come in to our Qianji Lake!"

One of the spirit beasts hurried forward and stopped the old beast's cruel behavior.

After hearing the words of this spiritual beast, the old beast stopped and looked at Lulu, who was lying on the ground pretending to be fainted.

"You little thing, get up here. Don't think I don't know you're just pretending. Tell me quickly what's going on. If you can't explain clearly, I'll chop you alive!"

With that said, it raised its paws again, trying to hit Lulu.

"No, don't hit me. Grandpa, please don't hit me. I said, I said it's not okay."

When Lulu heard what it said, she turned over and stood up. She covered the painful and bleeding place with her paws and hid further away from her grandfather.

"explain!"

The old beast's two big copper bell-like eyes stared fiercely at Lulu, and uttered a word coldly from his mouth.

"oh oh."

Lulu nodded repeatedly, and then talked about what happened on the water before.

"That human was so useless. He didn't even say a word. He just hit me and used some tricks. Otherwise, how could I not beat him? By that time, I had already beaten him all over the floor. It's over!"

When Lu Tianfeng was mentioned, Lulu was so angry that she gritted her teeth.

If it hadn't been knocked down and used a magic weapon, as a spiritual beast, how could it not have been able to defeat a mere human being? It was all because that human being was too cunning.

"Grandpa, you must avenge Lulu. When that human hit me, he slapped you in the face. If the other spirit beasts in Qianjitan know this, what will they think of you, the leader of the clan? ah!"

In order to get the old patriarch to stand up for him and teach Lu Tianfeng a lesson, Lulu even risked his life, even bringing up his grandfather's face issues.

You know, although the old patriarch is greedy for life and afraid of death, he is also very concerned about face. If the tribesmen know that his descendants have been beaten by humans, then what shame will he have to go out and walk around?

Sure enough, after hearing Lulu's words, the old patriarch took a deep breath and looked into the distance with cold eyes.

"Who is that human being? He dares to hit my grandson?"

Lulu was misbehaving outside. As the clan leader, it wasn't that he didn't know, but he also had his own thoughts in his heart.

Since Lulu likes to act in the name of the future clan leader, he doesn't stop him. The old man from before also warned him that they don't know when humans will break into Qianji Pond.

After all, his strength is also limited, and outside, there are always people outside the world, and there is always a sky outside.

A Thousand Machine Formation cannot protect Thousand Machine Pond forever.

Therefore, Lulu, his grandson, can be regarded as a chess piece placed outside. If humans coming in from the outside listen to other spiritual beasts, they will definitely target Lulu first.

In this way, he can be given time to evacuate safely. He will not lose money in this wave of business.

It's just that he didn't expect that this day would come so quickly, and that a human would break into Qianji Pond so quickly and even injure his grandson.

The one who was injured was his grandson, but what was really injured was his face.

"I want to go meet this person and see how much he is capable of. Come on, come with me and see!"
