

Star of Space 2891

Chapter 2891 You want to avenge me!

In fact, it wants to see if this person is very powerful. If he is really powerful, as the saying goes, those who know practical things are heroes, it does not need to fight with those who will kill them for the sake of extraneous wealth. Humanity is against it.

"Dad, if we come here like this, we won't suffer any loss, right?" A spirit beast couldn't help but question after hearing what the old beast said.

They just ran over, what if they suffered a loss from those humans? I have to be careful about this.

"No, no, there are only two of them, and if they hadn't used despicable means, they wouldn't have been able to defeat me." Lulu said quickly when she saw a beast coming out to object.

Those two people were really no big deal, they just had some treasures on their hands.

"Didn't you say there are other humans? There are several of them?" The spirit beast turned its head, looked at Lulu, and asked.

Why is it different from what I said just now? Why are we two humans again? Didn't you say there are many?

"Those guys, they didn't hurt me."

Lulu was stunned for a moment, thinking of the humans who had helped it speak before, it still felt a little fond of it.

After expelling those two hateful humans, it plans to keep those humans as its pets, so it's better for Grandpa not to hurt those humans.

"Not only did they not hurt me, they also helped me speak. They are not the same as those two hateful humans." He said.

"is that so?"

The old beast glanced at Lulu with a fierce gaze and asked coldly.

"Well."

Lulu flinched when the old beast stared at him, but he still nodded.

"Grandpa, those other humans are quite easy to talk to. Before I went over, they were talking to other spirit beasts. They seemed to be having a good time chatting, and they didn't look bad."

"call!"

The old beast let out a heavy breath.

That's the best. It doesn't have to think about how to deal with so many humans.

After all, human beings are too vicious and cunning, and even if they want to deal with them, they may not be able to deal with them.

If you want to surrender, just hand over all the treasure boxes and other things they want. No treasure is as important as your own life, right?

But then I thought about it, and felt unwilling to accept it. After all, it is also the leader of the clan here. It has gained so many years of prestige. It can't end, and it doesn't even want to lose its own face.

It's always bad to let the spiritual beasts in the clan think that they are weak and try to be friendly with humans, right?

"Let's go, no matter how strong human beings are, we can't hide all the time. We always have to learn a lesson. We can't let them think that we are afraid of them, right?"

With that said, it took the spirit beasts at home and walked out of the cave.

...

As soon as they arrived outside the cave, before they had time to look for Lu Tianfeng and the others on the water, they were already coming towards them.

"It was him, grandfather, this despicable and shameless guy who used those dirty methods to defeat me. Grandpa, you have to avenge me!"

Lulu was extremely jealous when she saw Lu Tianfeng, who was an enemy.

Immediately, it screamed at the old beast, and it also knew that the old beast would seek justice for it even if it was for its own sake.

In its view, the human being in front of it wouldn't be its opponent if it weren't for some weird gadgets in its hands. How could it be its grandfather's opponent?

Chapter 2892 I thought of a good idea

Therefore, his grandfather could knock this person down with just a hook!

When the old beast saw Lu Tianfeng, he also snorted from his nose, and his two eyes as big as copper bells stared directly at Lu Tianfeng.

"Is it you who bullied my grandson?" he asked, gritting his teeth.

Lu Tianfeng: "..."

He came after the tracking powder he had spread, and thought of several different situations when he encountered Lulu on the way.

But I never expected that Lulu would bring so many spiritual beasts. Looking at this stance, it seemed that he wanted to take out his anger and seek revenge on him.

What should he do? No matter how many magic weapons he has in his hand, there are not enough spiritual beasts to swarm him.

Zhao Rui was also frightened when he saw this stance.

This little spirit beast doesn't look like much, but he didn't expect that he has so many family members. With this crowd coming up, he and his master will probably be trampled into mud, right?

"Master, something is wrong. How about we run away first?" He turned sideways and whispered in Lu Tianfeng's ear.

When Lu Tianfeng heard his words, he just glanced at him coldly.

It's too late to run now. Since they can fly, they can't have the footsteps of these spiritual beasts in front of them. Moreover, there is not just one spiritual beast in front of them, but a large group of them!

Zhao Rui was looked at with cold eyes by his master, and he knew in his heart that he had a bad idea, so he could only grit his teeth secretly.

"Master, just now I saw someone following me. It should be Captain Lin and the others, or..."

Hearing this, Lu Tianfeng's eyes lit up and he thought of a good idea.

"Captain Lin, we have already found the lair of the spirit beasts for you. If you don't come out at this time, let them run away. Come out quickly and catch these spirit beasts. Don't you want the treasure chests on them? "

he shouted behind him.

Lin Caisang and others who had just arrived behind them said: "..."

They are provoking whoever they want. This guy Lu Tianfeng can really travel all over the world with just one mouth.

Do you still want to divert misfortune to the east and direct the hatred of the old clan leader and others towards them?

"Lu Tianfeng, you..."

"You are a bad boy, full of bad intentions. Those humans are not as bad as you say."

Before Lin Caisang and the others could explain anything, Lulu had already blasted away at Lu Tianfeng. While talking, she held her paws and made famous gestures towards Lu Tianfeng.

"Grandpa, don't believe him. If they were really a group, he wouldn't say that. He would definitely hide those people and give us a secret blow.

When he does this now, he must know that those few humans will help us in the end, so he wants us to deal with him by ourselves. First, we will fight with those few humans, and both sides will suffer. Then this bad guy will come back to reap the benefits. profit. "

Hearing this, Lin Changhong and the others almost raised their thumbs at Lulu.

They didn't even need to say anything, this little guy had already said what they wanted to say, and what it said was much more credible than what they wanted to say.

Sure enough, when the old beast heard Lulu's words, his big copper bell-like eyes narrowed fiercely.

"Boy, you are the first one who dares to use a stratagem to alienate me in front of the clan leader. Watch your moves!"

Before Lu Tianfeng could explain anything, its claws had already moved towards him. The claws carried a fierce wind and swept straight towards Lu Tianfeng.

Chapter 2893 Finally got it

Lu Tianfeng turned sideways and narrowly avoided the blow, but was swept away by the strong wind and flew straight out.

"master!"

Zhao Rui was shocked and shouted.

But he himself was not much better, because he was standing very close to Lu Tianfeng, and he was also affected and flew in another direction.

The other beast thought that Zhao Rui wanted to run away alone while the old patriarch was fighting with Lu Tianfeng.

"Human beings are indeed greedy for life and afraid of death. Where can we run!"

After saying this, he pursued Zhao Rui.

Poor Zhao Rui was just swept to the ground by the strong wind brought by the old patriarch, and then was slapped by the spiritual beast and flew out again.

"ah!"

A sharp scream sounded, and Zhao Rui was shot out with a mouthful of blood.

"Tsk."

Lin Caisang and the others watched this scene and couldn't help but mourn for Zhao Rui.

Following such a master, in addition to being beaten, scolded, and arrested to support the master, now he also has to be implicated and almost died at the claws of a spiritual beast.

This time, this subordinate of Lu Tianfeng will probably have to answer here, right?

No matter how Zhao Rui ends up, they certainly won't care about it. Even if they survive here this time, they will have to be completely eliminated after returning to Sky City.

After being beaten several times and almost being distracted again, Lu Tianfeng finally knew.

It turns out that these spiritual beasts not only belong to the same family, but the largest old beast is actually the clan leader of this place!

Therefore, the reason why Lin Caisang and the others wanted to attack the spiritual beast at that time was not because they wanted the treasure box on it, but because they wanted to take it down and use it to threaten the old beast and make it Hand over what they want?

He had just come up from the seventeenth floor at that time, and he hadn't figured out anything yet. He just wanted to grab the best treasure box, which must contain what he wanted.

Who knows the result...

Could it be said that he actually blocked the disaster for Lin Caisang and the others?

He took a few steps back after being slapped by the old beast, and glanced at Sui Zimo and others who were standing watching the show with a vicious gaze.

If they were the ones who beat up Lulu at that time, then now they are the ones being beaten by the old beast and his family, instead of himself and his subordinates.

"Lin Caisang, you still have the nerve to stand there and watch the show. If you hadn't wanted to deal with that spiritual beast, why would I have fought against you? All of this is because of you!"

He wanted to explain it clearly to the old beast, but obviously, he couldn't explain it clearly.

Because it was him who beat up the spirit beast, not any of Lin Caisang and the others, and that stupid spirit beast actually thought that Lin Caisang and the others were good people?

This is really the most ridiculous thing in the world. If these people hadn't become greedy for Lulu, how could he...

It was too late to say this now. He could only find a way to bring Lin Caisang and the others into his camp to deal with these spiritual beasts together.

However, Lin Caisang and his party obviously didn't want to.

"Lu Tianfeng, what are you talking about? What do you mean we want to deal with Lulu? At that time we just wanted to talk to Lulu. As soon as you came up, you started fighting without distinguishing the right and wrong. Okay? good?"

Lin Caisang said to Lu Tianfeng with a smile on his face.

"That's right, Lu Tianfeng, are you still shameless?"

Lin Changhong immediately accepted his sister's words and cursed at Lu Tianfeng.

Chapter 2894 Are you getting old?

Even if they wanted to capture Lulu at that time, so what, the situation has been reversed now.

What they have to do now is to establish a good relationship with these spiritual beasts.

"It's just that you have dirty thoughts, do you still want to drag us into the water? We have provoked you. These spiritual beasts are so kind, why should we deal with them?

We want them to take action against us, and then the two parties fight. Can you run away? You have a pretty good idea! "

"you--"

Lu Tianfeng had a bad breath stuck in his throat, and Lin Changhong almost made him angry to death.

He never thought about escaping. No matter what, he still needed this old beast to tell him everything it knew. He wanted to get the corpse-suppressing talisman.

"Lin Changhong, stop talking nonsense there, do you dare to swear to God, you..."

"Grandpa, you heard me, this human being is simply evil. He just wants us and those humans to suffer harm so that he can benefit from it.

It was impossible to believe a single word that came out of his mouth. "

Before Lu Tianfeng could finish speaking, Lulu spoke to the old beast again.

"Grandpa, beat him, beat him to death for this vicious human being!"

"Shut up!"

The old beast stopped what he was doing and glared at his grandson coldly.

If it weren't for it, how could these humans find its home? Although the spiritual power of these humans is not very good, humans all have magic weapons on their bodies. If they use magic weapons, they may still be defeated.

The reason why it stopped attacking just now was because it was thinking that it would not give this human a chance to breathe again, and it had to defeat the enemy with one move.

Just wanting to defeat the enemy with one move is not that easy.

When Lulu was yelled at by her grandfather, she immediately shrank her neck and turned to look to the other side. Her father had already knocked Zhao Rui unconscious, and he had no ability to resist at all.

"It's my father after all!"

He lowered his voice and muttered.

My grandfather is old after all. No matter how high his spiritual power is, he is still more than capable when it comes to fighting.

But its father was able to knock out a human so quickly. It was truly amazing. In the future, they would still have to rely on him and his father in Qianji Pond.

The old beast didn't hear Lu Lu's words, but looked at Lu Tianfeng again.

"Boy, take your life!"

With that said, it attacked Lu Tianfeng again, preparing to capture Lu Tianfeng at once.

Lu Tianfeng naturally felt the fierce momentum under the old beast's claws, and he secretly screamed something bad. He immediately took out a magic weapon, pointed it at the old beast, and smashed it.

"Watch out!"

Lin Caisang saw the magic weapon with sharp eyes and gave a reminder.

Sui Zimo immediately took action and shot out the long sword in his hand, which collided with the magic weapon thrown by Lu Tianfeng. The direction of the magic weapon deviated and fell to the ground together with the long sword.

'boom--'

With a loud noise, a large black hole exploded on the spot, and charred smoke came out. Sui Zimo's long sword was also gone and must have turned into powder.

Everyone was shocked. Even the magical weapons used by Lu Tianfeng before were not that lethal.

If this was thrown to the old patriarch, would the old patriarch still be around?

"Damn it, this human being deserves to be killed, take..."

Chapter 2895 Even more angry

The old beast was stunned for a moment, then quickly came to his senses and looked in the direction where Lu Tianfeng was standing.

However, when it looked over, it could see nothing but thick smoke. In its ears, it could only hear the voices of a few small animals asking it concernedly if everything was okay.

"Shut up, everyone!"

It roared, silencing them all.

With so much noise, how could it use sound to identify the direction of that abominable human being?

However, before he had time to feel where Lu Tianfeng was, the thick smoke around him had already dispersed. Where was the shadow of Lu Tianfeng in the same place, he had already run away.

"Damn it, damn it. Humans who are greedy for life and afraid of death dare to run away!"

Not seeing the human who wanted to kill it, the old beast was so angry that it jumped on the spot. Then, it set its sights on Zhao Rui, who was already unconscious.

This person is with the one who escaped. With him around, it can still vent its anger.

"Take this human away to me. I will torture him severely to vent my anger!" He ordered to his family.

"Grandpa, are we not going to chase that person? Are we going to let him run away like this?" Lulu screamed in anger when she saw that her grandfather stopped chasing the escaped human being.

That person escaped. Who knows when he will come back? He is a complete villain!

"shut up.

The old beast became even more angry when he heard what it said.

He directly slapped his paw and flew away the disobedient grandson who was causing trouble everywhere.

Although it wants to regain its own face, it does not mean that it will allow its disobedient grandson to deceive itself and put itself in danger!

That human obviously has a very lethal magic weapon on his body. If it really chases it, it's not certain whether it can come back?

Is his grandson so anxious to let his grandfather die?

"ah!"

Lulu was photographed hitting her head against a rock and then rolled to the ground.

But even though it hurt badly from being thrown, it didn't dare to cry. It just shrank back timidly and looked at its grandfather carefully.

Seeing Lulu being treated like this, Lin Caisang and others looked at each other.

It seems that this old patriarch is really not that much of a thing anymore. He can even use it to vent his anger on his own grandson, just say fight.

Even if Lulu said something wrong or something, but in front of so many of them, he was slapped away with a palm. Is this really good?

As for the other spiritual beasts, when Lulu was shot away, none of them dared to step forward and ask how it was doing.

It can be seen that they were also frightened by the old patriarch.

"You are the clan leader of Qianjitan, right?"

Lin Changhong stood up, looked at the old patriarch with burning eyes, and asked with a smile.

"You are....."

When the old patriarch heard the sound, he realized that there were other humans there.

I didn't want to pay attention to these humans at first and let them go back wherever they came from. Who knew that they wanted to talk to it?

"Oh, we were breaking through the level outside. I didn't expect that in the last level, we would end up at this place. If we hadn't inquired above the water, we wouldn't have known that this is no longer the continent we are on."

Lin Changhong explained with a smile.

In his heart, he despised the old patriarch. His brother-in-law had actually saved this old beast just now.

Chapter 2896 I would rather everything rot here!

But now, instead of hearing a word of thanks from the old beast, he had an attitude of not wanting to pay attention to them and wanting them to get away as far away as possible.

What's the meaning? Do you really think they are easy to bully?

"Those two people before were two very vicious people. They wanted to come to this place to find something important and give it to the master behind them. We were also afraid that they would be harmful to the spiritual beasts here, so we followed them to take a look. watch.

Who would have known that our teammate was lucky enough to save you from that evil man? It was so fateful!

It's just a pity that a superior weapon owned by me, the captain, was destroyed like this. What a pity! "

If he didn't want them to mention the fact that it was rescued, he would bring it up anyway!

"Well!"

The old patriarch was so moved by Lin Changhong's words that his breath was stuck in his throat.

Think about how high its prestige has been in Qianji Pond over the years, and its spiritual power is the strongest. When will it need to be rescued by mere humans?

Just now it deliberately ignored the fact that it was rescued by humans, and it was also because of its own face issues, and it didn't want to be coerced into doing this or that by being a favor.

Little did he know that things he didn't want to be mentioned were brought up by this human being.

I just don't know, is this person part of the story, or did he do it on purpose?

"Well...it turns out that someone saved me just now. If you don't tell me, I really don't know.

It smiled pretending not to care and said.

Humph, it's just a small weapon, can it be compared to the life of the majestic Qianjitan Clan leader? A weapon can save it, that is the honor of that weapon!

Do these guys still want it to pay them a weapon?

There are many good things in his Qian Ji Pond.

But no matter how many good things there are, it will not make these humans cheap. It would rather all the good things rot here!

Everyone: "..."

If it doesn't know, who would know? It's the spiritual beast that was saved, right?

As long as it's not blind, it should be the one who can see the most clearly, right? He actually had the nerve to tell them that he didn't know!

Lin Caisang glanced sideways at her husband.

The meaning in those eyes couldn't be more obvious. It seems that it is impossible for this old patriarch to do anything with the help of life-saving grace?

This old patriarch is a slippery man. Not only is he greedy for life and afraid of death, but he also bullies the weak and fears the strong!

When Lu Tianfeng saw him escaping just now, he didn't chase him. He was afraid of the magic weapon in Lu Tianfeng's hand. Instead, he turned around and targeted Zhao Rui.

Because Zhao Rui had been knocked unconscious and he was still Lu Tianfeng's subordinate.

The master can't bully, or rather he doesn't dare to bully, so he can only bully his subordinates. Persimmons, just pick on the weak ones.

"Zimo, how are you going to take it down later?" she asked softly.

"I'll do it."

Sui Zimo only gave three words to his wife.

To deal with this old spiritual beast, you can't just use force, you have to use some means.

Of course, there are many ideas. It depends on which method this old spiritual beast takes, and then you can feel its bottom and deal with it.

"I'm really sorry for this young master. Look, I don't have anything good in Qianjitan. Otherwise, I would definitely have to give you a decent weapon in return."

Just as the two were discussing how to deal with the old beast, over there, the old beast also spoke to Sui Zimo.

Chapter 2897 It's not your turn to intervene

When it opened its mouth, not to mention Lin Changhong and the others, even its own descendants were shocked.

That human at least saved the life of the old patriarch. It's not like they really don't have any good things in Qianjitan. Even if they don't have weapons, they can still compensate appropriately for other things, right?

But at this time, the old patriarch was crying to humans about his poverty. He didn't want to take out anything.

"Dad, this young master saved your life. At least we..."

A spiritual beast came forward and wanted to send something to Sui Zimo. After all, how could the things outside the body be more important than life?

Yes or no?

But before it finished speaking, it was frightened by the old beast who turned around and stared at it sharply.

"It's not your turn to intervene when the leader of the clan is doing something, so who do you think you are?"

"Well."

The spirit beast choked at its words.

But it seemed that it was already accustomed to the old spirit beast talking like this, so it didn't say a word and retreated to the side again.

What can be done? Who told him that he is not the patriarch, but the patriarch is their father?

"I was the one who talked too much. I was wrong."

It quickly admitted its mistake, not daring to let the old beast take revenge on it.

"snort!"

The old clan leader snorted heavily, then turned his head and glared at the other spiritual beasts.

The spirit beasts felt the old clan leader's glare towards them, and they immediately shrank their necks in fear. They were so full of words that they did not dare to say a word, for fear of offending the old beast.

Seeing this, Yuan Jue turned around and looked at Captain Liu and the female team members.

They also saw that the old patriarch would not do any good things in Qianji Pond on weekdays, and would often use his power to bully others.

No wonder, when they heard the spirit beasts mentioning that Lulu was about to become the new clan leader, they were not unhappy because of Lulu's temperament that took pleasure in bullying spirit beasts.

It seems that there is a mountain as high as a mountain. This old beast must be even worse than Lulu, right?

Just as everyone was thinking this, they heard the old patriarch talking to Lin Changhong and the others with a smile.

"Oh, this meeting is just fate. You can come to our Qianji Lake from other places. It's not the fate between us. Although we are too poor here, we really can't give you anything good. You guys, but...

We still have enough places to rest here. The leader of this clan will tell them to prepare a place for you to live.

Although... they are all places where spirit beasts live, at least we Qianjitan, the outstanding beast spirits, have abundant spiritual energy, so you can just make do with rest. "

He said to Lin Changhong very politely.

Lin Changhong: "..."

Just now you were looking forward to them leaving. Why did your attitude change now?

Did the old patriarch come up with some harmful idea again and want to use them for experiments? If there are so many spiritual beasts here, they should think it is very simple to attack them, right?

Lin Changhong was really right. The old patriarch's attitude suddenly changed, and he really had his own ideas.

Lulu said something right before, what if the evil guy Lu Tianfeng comes back again?

He had a magic weapon on his body, and with one blast, such a large area was turned into coke. If there was a fight, it would definitely suffer.

Chapter 2898 This is really a trick

And these humans in front of him happened to be Lu Tianfeng's nemesis. As long as they were around, it would not be easy for Lu Tianfeng to come back even if he wanted to. 69shux.Com

By then, he had already taken these people in kindly. If it started fighting with Lu Tianfeng again, how could they not help?

If you don't help, that's too unreasonable, right?

"What are you still doing? Why don't you invite the guests to rest in the cave?"

Without giving Lin Changhong a chance to react, the old patriarch roared angrily at the spiritual beasts beside him.

"well."

Several spirit beasts heard the old patriarch's voice and were so frightened that they hurriedly responded.

...

After a while, Lin Caisang and his party were already in the cave.

There's no need to think about food. People here don't eat, and they don't feel hungry. There's nothing to say if they don't eat.

However, since they are invited to rest, they must have something to cover, right?

You didn't even bring them a quilt or something. Isn't this a little unreasonable?

"This old patriarch is really a mastermind. Do you want us to sleep covered with air?" Captain Liu looked at the hard stone bed and couldn't help but sigh.

"Captain Liu, please stop talking. Those are all spiritual beasts. What kind of quilts can they have? It would be nice to have a stone bed for us to sleep on.

One of the three people on the wall said to Captain Liu.

They should be self-sufficient. The old patriarch obviously doesn't want to see them.

"I don't know what they want to do by leaving us here?" asked another person in the trio.

"Oh, what else could they be asking for? Isn't it just asking us to help them deal with Lu Tianfeng? To be honest, the magic weapon in that guy's hand scares me even just looking at it."

Lin Changhong said "ha" and explained.

Apart from dealing with Lu Tianfeng, what use did they have in the eyes of the old patriarch?

"Captain, captain, I just went outside and took a look. The old guy asked the spirit beast to guard us outside the cave." The last person among the grass on the wall hurried in from the cave and said in a low voice.

Everyone: "..."

They even found spiritual beasts to show them off?

If they really want to leave, can a spiritual beast watch them?

"Sure enough, that old beast is not much better than Lu Tianfeng!" Captain Liu tilted his head and cursed.

It would be really interesting to find spirit beasts and show them off. Not only do you want to treat them as prisoners, but also think that when Lu Tianfeng comes to the door again, you can let them deal with him?

How can this old thing be so capable? He has taken advantage of all the good and bad things!

That's awesome!

"Captain Lin, Mr. Sui, Captain Yuan, what should we do now?" He looked at Lin Caisang and Sui Zimo and asked.

"What can we do? Since they want to keep us so much, let's stay here first."

Lin Caisang's red lips curled up slightly and she replied.

The old patriarch wanted to take advantage of them, and it just so happened that they also wanted to take advantage of the old patriarch. They also wanted to get the so-called token.

"Brother, Captain Liu, since they have released their spirit beasts to guard outside, we naturally have to get close, right?"

As she spoke, she took out a basket of fruits from her golden bead space and handed it to the two of them.

Chapter 2899 What are you going to do?

"Sang Sang, even if you want to get close, you can't use these, right?"

Lin Changhong looked at the fruits, then raised his head and looked at his sister.

"Those spiritual beasts don't need to eat food. These things are of no use to them. Will they be disliked?"

"No, no, how could it be?"

Without waiting for Lin Caisang's answer, Captain Liu directly picked up the basket of fruits.

"Just because you don't need to eat doesn't mean you don't like eating, but it means that no good plants can grow here, right? If we give them so many delicious fruits, don't we believe they will still be unwilling to eat them?"

Besides, mouths are on our bodies, so we just talk to them while eating, which makes them greedy!

Let's go outside.

"That's it, that's okay."

Lin Changhong glanced at the basket of fruits, and then went out together.

"Sister Sangsang, brother-in-law, I'll go out and have a look too." Yue Chushui saw that Lin Changhong and Captain Liu were the only ones going out. She felt a little unreliable, so she took the initiative to follow them.

"Okay, you can go too."

Lin Caisang nodded, then looked at Sui Zimo.

"Zimo, have you thought of a good idea? What should we do next?" she asked.

The old patriarch must be dealt with, and the token must be obtained, but how to get it is still a problem.

I used to think of relying on Lulu to get the token, but now it seems that in the heart of the old patriarch, other than himself, the other descendants are really not important at all.

He either beat or scolded his grandson. Except for himself, all the other spiritual beasts must have been scolded and beaten by him, right?

Those spirit beasts were afraid of being beaten or scolded, so they fell silent when the old patriarch spoke.

"That Lulu is of no use at all." said one of the trio.

"Yes, when I went out just now, I heard the old beast scolding Lulu. He was a loser. Why didn't he just die outside?"

The man who just came back from outside also said.

I have never seen such a vicious old beast, cursing his own grandson to die outside? !

If he hadn't heard it truly, he wouldn't have believed it.

"Mr. Sui, what are you going to do?" Yuan Jue and the female team members also looked at him and asked.

"Since the old patriarch is not nice to anyone, then I don't think there is a single spiritual beast in this cave that really obeys him, right?" Sui Zimo asked them back.

A beast is a beast. Even if it is a spiritual beast and has human thinking, the nature of the beast cannot be escaped.

Just like the old patriarch, his relatives, children or grandchildren, can be beaten and scolded whenever they want, and no one is exempt.

Living in such an environment, how much family affection would those spirit beasts still have in their hearts? Maybe he already had a rebellious mentality, thinking that the old beast would die sooner.

"This... is really possible."

The trio of wallflowers looked at each other and nodded in agreement.

Those spiritual beasts appear submissive on the surface, but who knows what they are thinking in their hearts. Who wants to be angry with the older generation for the rest of their lives?

If he was a good old clan leader, that would be fine, but this old beast is too useless.

"Mr. Sui, do you mean that we provoke them first? Let them get rid of them first?" Yuan Jue asked.

"That's pretty much what it means." Sui Zimo nodded.

Chapter 2900 Eyeballs popped out

"Is this... okay?" Yuan Jue hesitated.

From what he saw just now, except for the old beast, the other spirit beasts are pretty good, except Lulu, who was raised a little crooked by the old beast.

"Although they are spirit beasts, they are all living beings. Are we sure we want to... do this?"

"There should be a limit to instigating, and it doesn't have to be too much."

After listening to Sui Zimo's idea, Lin Caisang immediately had a feasible plan in his mind.

"It's not that the old patriarch and his family will kill each other. As long as those spirit beasts don't kill us when we deal with the old patriarch, it's fine.

Proper instigation will make it difficult for the spirit beasts to deal with them due to their resentment towards the old patriarch.

As for the others, it doesn't mean that the spirit beasts must do anything for them.

"However, if necessary, we still have to find out what the token is. I think the old patriarch is very cunning." She reminded.

It would be bad if the old patriarch pretended to obey and gave them a fake product.

"When the time comes, take the old patriarch with you. "Sui Zimo suggested.

He didn't believe it. How could he not keep the token on himself? Then a person who is afraid of death will consider his life in everything he does.

So, a token that can enter the forbidden forest, it must be carried with it, so that he can be prepared for the day when he has to enter the forbidden forest?

It can't be a critical moment, and then go back to a certain place to get the token out, right?

Since it can keep the news that there is a token that can enter the forbidden forest secret, it will definitely not let any spirit beast know.

...

Outside, Lin Changhong, Captain Liu, and Yue Chushui, each holding a fruit in their hands, eating it with relish.

There was only one spirit beast watching outside the cave, but the old patriarch was still worried, thinking that one spirit beast might not be able to watch these cunning humans, so he sent another spirit beast.

The two spirit beasts looked at the fruits in Lin Changhong's hands, and their eyes popped out.

Especially When they approached, they smelled the natural fragrance of the fruit. How could they resist the temptation?

In Qianji Lake, although there is only water and forest, every day in Qianji Lake is winter. Not only is it difficult for plants to grow, but even food is very rare.

Moreover, even if there is food, because it is winter, the fruits are very unpalatable.

Not to mention the fragrance, even the appearance is not delicious. How can they eat it? Fortunately, the spirit beasts in Qianji Lake do not need to eat food, so they will not starve to death.

But Captain Liu is right. Not to eat does not mean not liking food. Who doesn't want to eat delicious food?

What's more, food has only been heard in the words of the elders, and it sounds delicious. It's a pity that they didn't eat too much. What a pity.

At this moment, smelling the fragrance of the fruit and seeing the red fruit, the eyes of the two spirit beasts lit up.

"What are you eating? It looks delicious! "

These two little ones are both grandchildren of the old patriarch, but they are not favored, even less favored than Lulu. On weekdays, they are almost transparent in the cave.
