

Star of Space 2901

Chapter 2901 Not enough to fill the gap between teeth

Only when they need to be used, the old patriarch will think of how many grandchildren can be used.

Of course, if there are any good things in the cave, it is even less likely that they will have their turn. Even slightly more delicious food, wild vegetables, etc., will not be their turn.

And they didn't dare to go out to get food at will. If the old clan leader found out, they would definitely not be able to eat and carry them around.

Fortunately, they don't need to eat food, otherwise, they might really starve to death in this cave, because no one would think of them, not even their parents. They.

"Fruit, are there any fruits on the trees that you don't have here?" Lin Changhong looked at the fruit in his hand and took a bite. He ate it deliciously and asked them pretending not to know.

The two spirit beasts shook their heads.

"Qianjitan cannot bear fruit."

To put it bluntly, even if there was fruit, it would not be enough for their grandfather to eat. How could it be their turn?

"That's it, then what did you eat when you grew up?" Lin Changhong asked again.

Two spirit beasts: "..."

What did they eat growing up?

Since they were little, they probably haven't even drank milk, let alone eaten anything.

In Qianji Pond, the little beasts that were born were barely raised by nature, and when they were in the clan leader's home, their treatment was even worse.

Good things always belong to my grandfather, so how can they have their share?

"This fruit is delicious. Do you want to eat one?"

Captain Liu looked at the two spiritual beasts with a greedy look that almost made his eyes pop out. He took out two fruits from the basket and handed them over.

"Yes, yes!"

The two spirit beasts happily took the fruit and threw it into their mouths.

It's just that they are spiritual beasts after all. With such a big body, a piece of fruit is not enough for them to fit between their teeth.

Before I even had time to taste it, it had already been swallowed into my stomach.

After finishing the fruit, the two spirit beasts opened their eyes again and looked at the basket in Captain Liu's hand with salivation.

But in the end, he still had a good heart. Even if he wanted to eat again, he did not grab it directly with his paws, but scratched his head in embarrassment.

"That... that fruit is too small, and I can't... taste it. Can you... give me another one?"

One of them timidly spoke to the three of them.

I'm really embarrassed. They should also know that they were sent by their grandfather to watch over them. Everyone knows it.

In such a situation, they still asked these three humans for fruit. How embarrassing.

"What do you have? I'll give you ten. If it's not enough, I have some more here." Captain Liu generously gave them five fruits and handed them in front of them.

The two spirit beasts burst into tears.

They have grown so big and have lived in Qianjitan for so many years, but no one has ever been so kind to them. In the cave, they have always been like shadows.

"thanks, thanks."

Thank you quickly and they took the fruit.

This time, I did not swallow it directly into my stomach like the previous time, but chewed it slowly in my mouth, slowly savoring the taste of the fruit.

"It's delicious. What does it taste like? It's so fragrant. I feel so happy after eating it!"

As spiritual beasts who have never eaten any food, they don't even know what sweetness is, they only know that it is fragrant and delicious.

Chapter 2902 It's just redundant

"How about it, is it delicious? Let me tell you, outside, these are not considered food." Captain Liu said with a slight look of disgust in his eyes, holding the fruit in his hand.

"If it's not food, then what is it?" the two spirit beasts asked in confusion.

If such delicious food is not considered food, then what is it? They really don't understand.

"There are a lot of delicious things outside." Lin Changhong immediately took up the conversation.

"What are these fruits? If it weren't for the mission, these things are easy to carry, and we wouldn't be willing to take them out. Those things outside are the real delicacies. Just thinking about it makes me drool."

He then described some of the food outside, which made the two spiritual beasts' eyes shine brightly.

Yue Chushui was standing behind them, listening to their exaggerated words. It was not they who were drooling now, but two spiritual beasts who were really drooling.

It seemed that he had worried too much before. Knowing these spiritual beasts, he still had to rely on his eldest brother and Captain Liu to be able to talk the dead into living things.

He is just superfluous.

Thinking about it, he stepped back, preparing to think about what help he could do when dealing with the old patriarch.

Sister Sangsang and her brother-in-law can't really do everything, and they can just watch from the side. Not only will this be a burden, but they will never grow.

On this side, Lin Changhong and Captain Liu continued to coax the two spirit beasts until they coaxed their saliva away.

"Is the outside world really so good? Then why does Grandpa still say that our Qianji Pond is the best?" One of the spirit beasts asked ignorantly.

"this....."

After all, Lin Changhong was young and came from the wilderness. Sometimes, his reactions were not fast enough.

"Don't listen to the old patriarch's nonsense, things are going well outside." Captain Liu immediately picked up the conversation.

"Of course, the outside world is a bit more dangerous, but there are a lot of delicious food out there. You can eat this and that. You can't finish them all even if you change the same thing every day."

"Really?"

"Is there really so much delicious food?" the two spirit beasts asked at the same time.

"Of course!"

Captain Liu nodded seriously.

"Of course, not everyone can eat the delicious food outside, they have to spend money to buy it."

"Spend money, why do you need to spend money, what is money for?" asked the two spirit beasts.

They also know how to buy things. Their grandfather often exchanges some inconspicuous things for the treasures of other spiritual beasts. They say they are buying, but in fact they are robbing them.

But unfortunately, my grandfather was the clan leader of Qianjitan, and the other spirit beasts did not dare to do anything to my grandfather, so they had no choice but to hand over the things and endure it.

"Money is just... some treasures. You should have a lot of them in Qianjitan. Just one treasure can buy a lot of delicious food, just like this one in mine."

With that said, Captain Liu took out a piece of treasure he had obtained before, handed it to the two spirit beasts, and explained to them.

"We have a lot of this stuff here."

The spirit beast looked at the things in Captain Liu's hand with a nonchalant look on his face.

"It would be great if we could get it. When we go to the outside world, we can buy a lot of things. Can we buy all such delicious fruits?"

But they are all in the hands of grandfather, hidden by it, and it is impossible for us to get them. "

Chapter 2903 will kill us!

The two spirit beasts shook their heads at the same time, feeling that this was impossible.

"Have they all been hidden by the clan leader? How is this possible?" Captain Liu frowned and asked.

"Aren't you the grandsons of the old patriarch, then he didn't share any of those treasures with you?" Lin Changhong also asked softly from the side.

"No."

The two spirit beasts shook their heads at the same time.

"In our Qianjitan, the best things all belong to my grandfather. Where can we get them?"

If they have something on their hands and their grandfather sees it, at least the thing will be taken away, or if grandfather gets angry, they will have to be beaten.

It's not as simple as being slapped like Lulu, they will shed their skin even if they die.

There was one person who was caught by his grandfather just because he was hiding some sparkling crystals he picked up from the edge of the Forbidden Forest. He was beaten so hard that he couldn't hold on any longer and died.

My grandfather was still angry until it died. He didn't even dig a hole to bury it, but threw it far away.

It's simply not too scary!

So they are afraid. Where can they put those precious things on their bodies? If they are discovered, they will really be beaten to death.

"Do you want to go out?" Captain Liu asked them.

"No, don't want to.

The two spirit beasts shook their heads. They liked to eat fruits, but they were also afraid of being beaten to death.

"Why don't you think about it? There are a lot of delicious food outside. Not only delicious food, but also fun and beautiful things." Captain Liu continued.

Of course, he wouldn't really want to trick these two little ones out, he would just find a reason to get more words out of their mouths.

"It's not like Qianjitan outside, which is always cold. In the outside world, there are colorful flowers to see in spring, and some flowers are edible, as sweet as fruits.

In summer, there is a lot to eat, not to mention autumn, which is the season when fruits are ripe, and the fields are full of fruits. There are all kinds of fruits.

Even in winter, the fruits saved in autumn will not be eaten until the next spring. "

There was a 'gudong' sound.

The two little ones listened and swallowed hard.

Just thinking about it made me feel good, but the two little ones still shook their heads.

"No, grandfather said that you can't get out of the Thousand Machine Formation, and the humans outside are very bad and will kill us!"

"Who said humans will kill you? Human beings love spiritual beasts the most. Not only will they not kill you, they will also give you a lot of delicious food."

Lin Changhong said.

Of course what he said was true. When humans see spiritual beasts, they only want to capture them for the purpose of making a contract. How can they be willing to kill them?

Even if the contract fails, the spirit beast can still be sold at a good price.

Can kill? Of course it's impossible.

"Really? You're not lying to us, are you?" the two spirit beasts asked with bright eyes.

"Why did I lie to you?" Lin Changhong asked them.

"Whether you can get out or not, we are human beings and we will definitely go back. By then we will have nothing to do with you. What's the point of lying to you now?"

"You want to go back?"

The two spirit beasts opened their eyes wide when they heard his words.

What does it mean to go back? If you are no longer here, then will they not even be able to eat the fruit?

Chapter 2904 Secrets, don't talk nonsense

"Yeah, of course we have to go back. This is not our home." Lin Changhong nodded and said it was natural.

After finishing things here, what are you doing here if you don't go back? His sister is going to have a baby in more than a month. How can she still stay in Qianjitan to give birth?

That is of course impossible.

"You want to go back, but how can you go back?"

The two little ones asked, for them, it is impossible to get out of Qianji Pond. How can they get out after entering?

"How to get out, of course..."

"Ahem!"

Just as Lin Changhong was about to answer, he heard Captain Liu coughing heavily.

He turned his head and glanced at Captain Liu.

"What are you doing?"

"Have you forgotten? The captain said that the way back is a secret and cannot be said nonsense." Captain Liu deliberately glanced at the two spiritual beasts, then lowered his voice to remind Lin Changhong.

Of course, the two little ones can hear this low voice clearly, that's all.

"Secret, what secret?"

The two spirit beasts heard their conversation and asked.

"Tsk, look, did they hear it?"

Captain Liu rolled his eyes at Lin Changhong with a look of helplessness on his face.

"Okay, this is not a secret. They are all good children and will not tell anyone about us." Lin Changhong bent down, picked up a few fruits, and handed them to the two little ones.

"Eat some more fruits."

"well."

The two spirit beasts had enough to eat, so they hurriedly took the fruit and ate it with big mouthfuls.

"It's delicious. It's delicious. What's the secret you're talking about?"

While eating, I didn't forget to ask them, what is the secret, and where can I leave Qianjitan?

If they can really leave, as they think, then can they secretly take some of their grandfather's treasures and leave, then go out to eat delicious food and never come back?

Anyway, no one in this Qianji Pond cares about them, and doesn't even ask them a question.

"The secret is, before we came in, a mysterious old man told us that as long as we enter the Forbidden Forest, we can find the exit of Qianji Pond, so we are going to the Forbidden Forest."

Lin Changhong lowered his voice again and said to them.

"Forbidden...forbidden forest?!"

Hearing the word 'forbidden forest', the two spirit beasts were frightened in unison.

"You are going to the Forbidden Forest. It is a very scary place. All the spiritual beasts that go there are dead and not one of them comes out alive!" They spoke at the same time and warned Lin Changhong.

The Forbidden Forest was a topic that could not be mentioned here, and their grandfather never let them mention it.

Every time a spirit beast broke into the Forbidden Forest, my grandfather would warn everyone in front of all the spirit beasts not to go. If they did, they would be dead and would never come out.

However, after my grandfather warned the spirit beasts, he would return to the cave and curse those spirit beasts that broke into the forbidden forest.

Why don't you know how to live and die? You deserve to die. Don't expect it to save you. They have heard many unpleasant words. This shows how dangerous it is in the Forbidden Forest.

"How do you know they are dead? Maybe they all went outside?" Captain Liu asked them in return, raising his eyebrows.

"Well."

The two spirit beasts choked at his words.

Think about it, is this the case? Otherwise, why would my grandfather be so angry every time?

Chapter 2905 The biggest person?

Those spiritual beasts were already dead, and my grandfather still wanted to scold them. It didn't just take a few words, it almost took him a whole day to scold them.

Could it be that my grandfather was angry with them and ran away to the outside world, but it could only be the leader of the clan in Qianjitan and stay in this small place for the rest of its life?

"Even...even if there is an exit there, it's really very dangerous there!"

One of the spirit beasts said softly.

They had seen it with their own eyes outside the Forbidden Forest. Those ice pillars fell from the huge ice trees and hit the ground, creating an ice hole in the ground.

If this hit them, they would definitely be dead.

If such big spiritual beasts were like this, let alone such small humans, wouldn't they be smashed into pieces?

"Danger is danger, but I heard that you have a big man here with a token in his hand. As long as you enter the Forbidden Forest with the token, there will be no danger.

Lin Changhong said pointedly.

"The biggest guy?"

The two spirit beasts looked at each other with their big eyes.

In Qianji Pond, apart from those under the water, among the spiritual beasts above, isn't it their grandfather who is the biggest?

Will these two tokens that humans talk about be in the hands of grandfather?

"Are you talking about our grandfather?"

Will there be a token in my grandfather's hand? Is it really possible to enter the Forbidden Forest without danger?

But before, a spiritual beast accidentally entered the Forbidden Forest, and my grandfather did not go in with the token to rescue him. Instead, he warned everyone that no one was allowed to enter the Forbidden Forest.

Could it be that before, my grandfather refused to save him? !

Thinking of this, they felt horrified. Grandfather could obviously save those spiritual beasts, but he refused to save them?

"That's right. As long as the old patriarch can take the token and send us to find the exit in the Forbidden Forest, we can go back." Captain Liu said in an innocent tone.

After hearing his words, the two spirit beasts laughed in unison.

How could their grandfather help the human being in front of him enter the Forbidden Forest? He was not even willing to save the spiritual beasts in Thousand Machine Pond, let alone the human beings who were neither relatives nor friends?

Look at it now, I clearly want to take advantage of these humans, but I still don't treat them well, I have to let the two of them guard me.

They simply treat these humans as prisoners.

In such a situation, would grandfather send them away with the token?

Don't joke with them, their grandfather is not such a spiritual beast at all!

Maybe after using these humans, it will attack them. This is what their grandfather would do.

"Stop joking. Grandpa will not send you to the Forbidden Forest."

"How could it be? We just rescued the old patriarch and just sent us back. He shouldn't refuse our request, right?"

Lin Changhong blinked and said.

"Why not?"

One of the spirit beasts heard his words and choked.

"It's nothing to save it. It has so many treasures. It doesn't give you any of them. It doesn't even give the human who saved it a sword!"

Before, their third uncle's proposal was interrupted by their grandfather in the middle of the proposal.

"You better stop thinking about it. Unless you steal the token, my grandfather will not send you to the Forbidden Forest." Another spiritual beast also said.

"Stealing tokens?"

Lin Changhong and Captain Liu's eyes lit up.

Chapter 2906 How about we give it a try?

He looked at the two spiritual beasts in front of him with some evil intentions.

"How about you steal it, and then we go to the Forbidden Forest together and leave Qianjitan, a place where there is no food?"

Of course, they didn't expect them to steal. With the way they were so afraid of the old patriarch, they definitely couldn't count on them.

Therefore, they still have to rely on themselves for some things.

"How is this possible?"

The two spirit beasts took Lin Changhong's words seriously and said it was impossible.

"Grandpa must have carried such an important thing with him. How could it be that we could just steal it if we wanted to? Even my grandfather's treasures were kept in the cave where they slept.

If anyone dares to go past those, Grandpa's claws will not show mercy! "

Moreover, their grandfather's nose is called a spirit. Anyone who has entered the cave where it lives can smell it immediately.

If they are caught by it, will they still have good fruits to eat? It's possible to be beaten to death. They don't dare to take such a risk. It's too scary.

No, it's not very likely, but he will definitely be beaten to death.

The old brother was beaten to death after doing something wrong, and they wanted to steal grandfather's treasure!

As for the token, it was said that he could enter the Forbidden Forest without any danger. If it was stolen by them, would he still be alive?

However, if they were really stolen, and then they could escape into the forest and escape into the outside world, wouldn't it mean that grandfather wouldn't be able to catch them, and they wouldn't be killed?

Maybe, it really can be done.

"How about we give it a try?"

One of the spirit beasts suggested in a low voice to the other.

But before the spirit beast could speak, it started shaking its head.

"No, no, grandpa can smell who has entered its cave. If we are discovered, we won't even be able to reach the Forbidden Forest, and we will have to be captured. This is absolutely not possible."

Lin Changhong and Captain Liu: "..."

These two guys are so easy to coax, but just saying that, do they really want to steal their grandfather's treasure?

However, if the two children really stole it, wouldn't they harm them?

The old patriarch didn't look good at first glance. Moreover, the two little ones were so afraid of the old patriarch. It must be because the old patriarch had done something outrageous and resentful in the past, which made his descendants so afraid of it, right?

The two looked at each other and felt that they couldn't harm people like this, even if they were spiritual beasts.

"No, we didn't tell you to steal. The old patriarch is your grandfather. It's definitely wrong for you to steal." Lin Changhong said quickly.

"Yeah?"

The two spirit beasts were puzzled and looked at them with big confused eyes.

In their eyes and hearts, the old patriarch is just the old patriarch. Although they call the old patriarch grandfather, they do not recognize him as their grandfather from the bottom of their hearts.

Because the old patriarch didn't treat them as grandsons.

Normally, even if they have done nothing wrong, as long as they are angry and they are unlucky to bump into it, a few curses will be mild, but in severe cases they will be beaten half to death.

This is the tragedy of being the descendants of the old patriarch!

Therefore, if there is a chance to leave Qianjitan and never come back, that would be the best thing.

Chapter 2907 Those who lose the hearts of the people will lose the world

Who wants to be scolded and beaten every day, and possibly lose their life?

"Why can't we steal? As long as we can leave Qianji Pond, there's nothing wrong with stealing.

But the key is to be able to leave Qianji Pond after stealing. If they can't leave, then they really have no choice but to die, so they are also very entangled and hesitant whether to take this risk or not.

"No, what if it's discovered? Grandpa is so fierce and will beat us to death, so it's better not to let him go. In a few years, after Grandpa is beaten to death, we won't be beaten."

"How long will it last? Grandpa is so strong and strong, how can he survive for another hundred thousand years? This is how the third brother endured, and he was beaten to death in the end.

There is also Ninth Brother, one of his claws was also broken, and now there is only one left, and he is often bullied by other brothers.

If you keep going on like this, when will you finally reach your end? "

"that's true."

The two spirit beasts just talked among themselves, discussing whether they should attack their grandfather.

"My grandfather was almost killed by that human just now. But did you see that none of my father, uncles or uncles said a word to warn them? They probably have the same idea as us..."

It's best that human kills his grandfather!

Of course, they didn't dare to say this casually. If their grandfather heard it, their end would really come.

Lin Changhong was about to be defeated by them, and he was also disgusted by the viciousness of the old patriarch.

Thinking about it, what these two spiritual beasts said should be the two things that the old patriarch had done that impressed them the most. There should be more other things.

If you treat your own descendants like this, let alone other spiritual beasts, it would be even more vicious, right? It's no wonder that when those spirit beasts mentioned the old clan leader, they didn't show any respect in their eyes.

This old clan leader has really lost the hearts of all the spirit beasts. It is estimated that even if they fight the old clan leader to death, not a single spirit beast will jump out and say no.

Maybe when the old patriarch dies, they will celebrate grandly.

This is what is called those who lose the support of the people and lose the world, right?

Even his own grandson is debating whether to steal the token and escape from Qianji Pond, his own grandfather, not to mention other spiritual beasts.

...

"That's pretty much it."

I chatted with the two spirit beasts outside for a long time, and then I persuaded them hard not to think of stealing my own grandfather's things.

It wasn't until they shook their heads and said they definitely wouldn't go that they returned with satisfaction.

"How's it going? Where are the things most likely to be placed?" Yuan Jue asked aloud. The trio also looked at them excitedly and motioned for them to speak quickly.

"Speak quickly, speak quickly."

"According to the information we gathered, the old guy should most likely put the token on himself." Captain Liu said to everyone.

Is there anything in this world that is safer than keeping your treasure with yourself?

"wrong."

Lin Changhong shook his head and disagreed with Captain Liu's words.

"According to what the two spirit beasts outside just said, the old patriarch hardly ever goes out. He is always in his cave. He will never come out unless something happens."

"What's the meaning?"

Others did not understand what Lin Changhong said.

Chapter 2908 Will you do this?

Does this have anything to do with the fact that the old patriarch would put the token on himself?

"You said that it is almost dark inside this cave. Even a spiritual beast cannot stay in the cave forever, right? Those spiritual beasts are not spiritual beasts that can hibernate.

Moreover, the two spiritual beasts also said that the old patriarch put all the treasures he snatched in his cave. Why is this? Is it because looking at it every day will make him feel better?

I think that the token was not something that the old patriarch could carry with him, so it always stayed in his cave and rarely went out. The reason why he wanted the treasures of the spiritual beasts must have had other purposes. "

Hearing this, everyone looked at Lin Changhong with raised eyebrows.

"What purpose would it have?"

Lin Caisang held his chin with one hand, looked at his husband, and asked softly.

"I don't know about this, Sangsang, Zimo, you have to think about it." Lin Changhong spread his hands, pouted his lips at the two of them, and said.

"The old patriarch got so many things, and Captain Liu and I also asked about them. Most of them are treasures that can improve spiritual power. Since the old patriarch got them all, it doesn't use them for cultivation. Instead, it only uses them like this Stacked.

If it were you, would you do this? That's a waste of those treasures, and it's especially vulnerable to prying eyes, isn't it? "

He could only think this way, did the old patriarch want to use those things to attract thieves?

"Brother, what you mean is that the old patriarch took those things not for his own use, but..." Lin Caisang narrowed her beautiful eyes and looked at her eldest brother.

"I don't know either, but I always feel that it's not that simple." Lin Changhong shook his head and said.

Of course, he didn't think of any reason. He only knew that the old patriarch got those things. It was not that simple. There must be some purpose.

But what the purpose was, he couldn't directly ask the old patriarch, so how could he know?

"Maybe it has something to do with the token." Sui Zimo said.

Hearing this, everyone looked at Sui Zimo, with confusion in their eyes.

It's just a token, does it need to be piled up with so many treasures? In this Qianji Pond, even if you pick up a random stone, it might be a spiritual cultivation object, right?

This is also the reason why Qianjitan can increase his strength without having to practice, eat, or even sleep.

But if it were said that those treasures were collected by the old patriarch for that token, then that would be a bit unbelievable, right?

"Isn't this impossible? Could it be that that token can still eat those treasures?" Captain Liu asked half-jokingly, thinking that this was simply impossible.

It's just a token, and it's not alive.

"Maybe it can actually be eaten. All weird things in this world exist." One of the three people on the wall said.

Who knows about that token and doesn't know how to eat spiritual things?

"But those two spiritual beasts said that those things are not missing." Captain Liu said.

However, it seems that the two spiritual beasts didn't even dare to enter the old patriarch's cave. The things they said about the old patriarch were just words and they were not seen with their own eyes.

"The tokens can't really eat spiritual things, can they? Then there is a reason for the old patriarch to collect those things." He said.

Chapter 2909 The only way

"But thinking about it, I always feel a little weird. Could it be that we thought wrong, or maybe the two spiritual beasts didn't understand the situation? In fact, the old patriarch collected those spiritual things for his own use? "

"This is impossible!"

Before anyone else could react, Yue Chushui spoke directly.

"Why?"

Captain Liu turned to look at him and asked.

"According to what you said, the old patriarch robbed a lot of spiritual things. If it really used up all those spiritual things, how could it still only have that little cultivation level? Even the things in Lu Tianfeng's hands Can't even hide from magic weapons?"

Yue Chushui said.

If the brother-in-law hadn't taken action, the old patriarch would have died.

He also saw the fearful look on the old patriarch's face at that time. That couldn't be fake, could it?

If it really absorbed so many spiritual things, how could it not even be able to dodge such a magic weapon? Lu Tianfeng was beaten to the ground a long time ago, right?

"After all, this old patriarch is indeed very weird." Lin Caisang nodded.

"Sang Sang, what should we do now?" Lin Changhong asked her.

Now I have to think of a foolproof strategy to get the token from the old patriarch's hand.

And they couldn't tell whether the token was on the old clan leader's body or in the cave. This made it difficult to start because they didn't know where to start.

"wait."

Lin Caisang calmly uttered one word.

"wait?"

Lin Changhong frowned, not only him, but others also looked puzzled.

"What are you waiting for?"

"Wait for Lu Tianfeng."

Sui Zimo explained for his wife.

"If Lu Tianfeng misses a hit, he will definitely go to other spiritual beasts to find out the information. If he knows that the person he is fighting is the clan leader, he will definitely come back to deal with the old clan leader."

"Indeed, Lu Tianfeng is just...not right."

Lin Changhong agreed half of what he said, but when he thought about it, it was wrong. There were many things that Lu Tianfeng didn't know.

"Lu Tianfeng doesn't know about the token. How could he come to the old patriarch again? You know, he was almost beaten to death by the old patriarch before."

"But, apart from the old patriarch, if Lu Tianfeng wants to find out the corpse-suppressing talisman, it will be like a night pool in the sky. Isn't his only way to find the old patriarch again?"

Yuan Jue felt that Lu Tianfeng would definitely come to the old patriarch again, because in a place, the person who knows the most about things must be the patriarch or some other big shot.

It's just that they don't know how Lu Tianfeng will appear.

After all, this Lu Tianfeng is also a person who will not give up until he achieves his goal. Maybe he will find out the temperament of the old patriarch and use the old patriarch's preferences to subdue the old patriarch?

With the old patriarch's greedy temperament, he might actually be fooled.

It's just that this possibility is very small. After all, the old patriarch was almost beaten to death by Lu Tianfeng before. The hatred between this person and the spiritual beast can be regarded as a big deal.

...

And just as Yuan Jue expected, Lu Tianfeng was in a place at this moment, asking the spirit beasts about the old clan leader.

Hearing that the old beast was actually the clan leader of Qianjitan, he was so angry that he almost fainted.

He knew that Lin Caisang and the others would never make it easy for him. They must have done it on purpose before. They pretended to attack Lulu and then let him do it first.

Next, it would be to provoke a fight between him and the old patriarch.

Chapter 2910 Encountering danger

What a good idea. Now he is fighting the old patriarch directly, even if he knows that the old beast is a greedy guy, he can't do it.

No matter how many treasures he brought over, the old man would only accept his treasures, think about them in his heart, and kill them all together.

Before, Lin Caisang and the others had saved the old beast by the way. With this life-saving grace, they were able to stay by the old patriarch's side shamelessly, but he unexpectedly lost the opportunity again.

"Lin Caisang, Sui Zimo, you are really hateful!"

He put his hands on his hips and looked into the distance with scarlet eyes, as if Lin Caisang and Sui Zimo were standing there. He really wanted to strangle them to death!

"Do you want me to give up?"

This is of course impossible, how could he give up.

After obtaining the corpse-suppressing talisman, even if he didn't give it to that person, he would be able to kill those people with his own use, and then dominate the Qianhuan Continent.

Therefore, we must not let it go this time, and we cannot use the corpse-suppressing talisman to benefit Lin Caisang and his group again.

"With so many magic weapons, am I still afraid of them?"

His eyes were sharp and he stared into the distance, mentally calculating who he should deal with first.

Before entering Beiming Residence, the boss gave him a lot of magic weapons, enough for him to use in Beiming Residence.

But there were so many spiritual beasts in the Thousand Machines Pond, so he naturally couldn't fight them one by one. However, the old patriarch had trapped himself in a cocoon, and his reputation in the Thousand Machines Pond was so bad.

In this way, even if it is in danger, no spiritual beast will come to help it.

This gave him a chance to take down the old patriarch first. After all, of all the places in Thousand Machine Pond, who is more familiar with it than the old patriarch?

As long as he can catch the old patriarch and threaten it with his life, he can know the whereabouts of the corpse-suppressing talisman, right?

Even if the old patriarch doesn't know the specific location, he will have a rough place to hide the treasure.

"Old man, just wait!"

He took a deep breath, and just as Lin Caisang and the others expected, he was ready to attack the old patriarch first.

However, the old patriarch was now surrounded by Lin Caisang and the others. He could not make a move at all and could only transfer Lin Caisang and the others away first.

But how to get those people away?

"Where is the Forbidden Forest you are talking about?" He looked up at the spiritual beasts and asked.

"It's far away, right there, in the far east."

One of the spirit beasts pointed to the east and said to Lu Tianfeng.

"Can you take me there?" Lu Tianfeng asked.

"No, no!"

The spirit beast listened and shook his head quickly.

How dare they go to that scary place in the Forbidden Forest, which is a mortal beast. How many spiritual beasts have strayed into the Forbidden Forest and never come out again?

They don't want to end up like this. They haven't lived enough yet and just want to live well.

"We will not go to the Forbidden Forest. It is a very scary place. If we go in, we will never get out. Moreover, the patriarch will only look outside the Forbidden Forest and will not go in to save them at all. Yes, we don't want to go."

It doesn't matter that the clan leader doesn't go into the Forbidden Forest to save those spiritual beasts. He still makes sarcastic remarks outside the Forbidden Forest. This makes everyone unbearable.

But that was the clan leader, and there was nothing they could do.
