Chapter 2911 Breaking into the Forbidden Forest

"Will the patriarch come?"

After hearing the spirit beast's words, Lu Tianfeng's eyes suddenly lit up.

"Yes, there are spiritual beasts entering the Forbidden Forest. Why wouldn't the old patriarch come? The Forbidden Forest is a place under his control." Several spiritual beasts nodded.

It's just that the clan leader will not save the spiritual beasts that break into the Forbidden Forest. Instead, he will warn them outside and then leave angrily.

Otherwise, the clan leader will not do anything else.

Of course, they wouldn't say this in front of strangers. If this human told the clan leader what they said, wouldn't they be finished?

The old patriarch has a very bad temper. Even his own grandson will be beaten and killed whenever he wants.

After listening to the spirit beast's words, Lu Tianfeng's eyes became even brighter.

In this way, he was more confident and came up with an excellent idea. Since he couldn't separate Lin Caisang and the others from the old patriarch, he shouldn't think of a way.

Since if a spiritual beast breaks into the forbidden forest, the old patriarch will come out, then he will use this method to lure the old patriarch out.

Thinking about it, he turned his attention to the several spiritual beasts in front of him.

Since it was delivered to his door, there is no reason not to take advantage of it. Let them open up the next section of the road for him first. It can be considered that they deserved their death.

...

Not long after, shocking news came from outside the cave.

"Patriarch, the patriarch is not good!"

Several spirit beasts ran towards the cave, shouting that something was wrong.

In the cave, the old patriarch, who was planning how to use Lin Caisang and the others to lure Lu Tianfeng out, heard this voice and his eyelids jumped.

What do you mean it's bad?

It's living well, and even if it's going to suffer, it's the human being who dares to go against it. It's him who's going to suffer, not it!

"What are you doing in a panic? Stand still for the leader of the clan and speak slowly!"

It glared coldly at those spirit beasts, as if it was as calm as if the sky was falling and it wouldn't be shocked.

"Patriarch, it's really bad. Several spiritual beasts have broken into the Forbidden Forest. Now their parents are surrounding the Forbidden Forest. They all say they want to go in to find their children. Patriarch, what's going on? Do it?"

Several spirit beasts looked at the old patriarch anxiously and asked what he meant.

"What?!"

The old patriarch was also frightened when he heard the spirit beast's words.

Normally, they would rush into the Forbidden Forest one by one, but there would be a group of them all at once.

Isn't this deliberately against it?

"It's really unreasonable. I warned them early in the morning that they are not allowed to go even half a step closer to the Forbidden Forest. They are still so anxious to enter the Forbidden Forest. Aren't they going to die?"

It showed a worried look on its face, but in its heart it was thinking that those things that didn't know whether to live or die dared to break into the Forbidden Forest, so they deserved to die.

It wouldn't risk venturing into the Forbidden Forest for some damn thing.

If the parents and relatives of those spiritual beasts dare to go in, they will die, and it will not stop them.

On the contrary, without those disobedient spiritual beasts, this Qianji Pond can be better controlled by it. With so many lessons learned, everyone will listen to it more.

"Chief, please think of a solution quickly. If we don't get through, they will break into the forbidden forest again."

Chapter 2912 The discussion failed

Seeing that the old clan leader was also anxious, the spirit beasts spoke again.

Hearing this, the clan leader took a deep breath and became angry. He wanted to curse directly.

If only one or two spirit beasts break into the Forbidden Forest, they can still act like a clan leader, severely reprimand other spirit beasts who want to enter the Forbidden Forest to rescue them, and then pretend to be sad and leave.

But if there are too many spiritual beasts that break into the Forbidden Forest, it won't be so easy to fool them.

If it didn't take the spirit beasts to look for it, those spirit beasts would definitely have resentment towards it in the future, and resentment would grow crazily if they were even a little bit dissatisfied with it in the future.

It now doubts that if it doesn't go into the Forbidden Forest to save those spirit beasts now, whether the spirit beasts in Qianji Pond will listen to it in the future.

"You go and appease those spirit beasts first, I'll be there right away."

The old patriarch said something to a few spiritual beasts, and then hurriedly returned to his cave.

"Clan leader, clan leader!"

Several spirit beasts called the old clan leader several times, but when they saw that the call was not answered, they turned around and left.

Hey, their old clan leader doesn't look like he would go into the forbidden forest with everyone to save those reckless spiritual beasts. What should we do now?

"Let's go, let's go, we have to go quickly and find a solution. It seems that we can't count on the clan leader.

"Did the old guy go in to get the token?"

On the side, Lin Changhong and others, who had subdued the two spirit beasts guarding them, were looking at the old clan leader at the entrance of another cave. They could clearly hear the words of the spirit beasts just now.

"probably?"

Captain Liu nodded.

So many spiritual beasts have entered the Forbidden Forest. If the old patriarch doesn't come forward and do something, then he really won't be a thing.

Will it be able to suppress the spiritual beasts in Qianji Pond in the future?

After all, they could see that, except for the title of clan leader, the spiritual power of the old clan leader was not much higher than that of other spirit beasts, and some spirit beasts even had higher cultivation levels.

In such a situation, the old patriarch has to weigh everything he does.

"But that's not right. In the past, one or two spiritual beasts accidentally broke into the Forbidden Forest. What happened this time? With so many spiritual beasts running into the Forbidden Forest, could they still have negotiated an agreement? "

One of the trio raised his own doubts.

If there were only one or two spiritual beasts, it would be possible for them to enter the Forbidden Forest due to their passion. But if there were several of them, or even more than ten, then it would be impossible.

If you want to do something, you don't need a large number of people, especially in an existence like the Forbidden Forest. The more spiritual beast teams there are, as long as one of them shows fear and doesn't want to go, it will arouse The other spirit beasts feel the same way.

In this way, they will definitely not be able to go into the Forbidden Forest. Maybe they won't even be able to go outside the Forbidden Forest, so they will be so scared that they will go home.

"Is there something we don't know about this? Isn't it possible that the Forbidden Forest is alive and that it lured those spiritual beasts into it?"

Another person in the crowd asked the others.

In his opinion, this is really possible. Weird things, everything is possible, isn't it?

But his words caused a burst of ridicule from others, who looked at him with playful eyes.

Chapter 2913 The current situation

"What's wrong? Did I say something wrong?" He looked at them puzzled and asked.

"I don't know if the Forbidden Forest is alive, but I know that Lu Tianfeng must be alive." Yuan Jue spoke calmly, expressing what he was thinking at the moment.

"It's him!"

The person in the trio of wallflowers also figured it out.

Yes, he almost forgot that it was only Zhao Rui who was arrested by the old patriarch, not Lu Tianfeng.

The spiritual beasts in Qianjitan are extremely simple and can clearly distinguish between right and wrong. They are hostile to the old patriarch because the old patriarch treats them badly.

But if Lu Tianfeng didn't spread evil thoughts toward them, how could they see what kind of person Lu Tianfeng was?

Therefore, those spiritual beasts that broke into the Forbidden Forest were not because of the Forbidden Forest, but because of their unlucky encounter with Lu Tianfeng.

I don't know what that vicious guy did. He actually let so many spiritual beasts go to die in the Forbidden Forest. And the main purpose was to lure out the clan leader?

"Did he already know that the token was with the old patriarch?" he asked.

"Not too possible."

Yuan Jue shook his head, indicating that this was unlikely.

The old patriarch never told the other spirit beasts about the token, and the Forbidden Forest was a place that no spirit beast mentioned. Even they learned about it from the mouth of the spirit beast fish.

According to Captain Lin, the spirit beast fish and the spirit beast basically do not talk to each other. They are on the Qianji Pond and below the Thousand Ji Pond, just like the spirit beasts in two worlds.

In that case, the possibility of the spirit beasts knowing that there is a token is not high.

Moreover, if the spirit beasts knew that the clan leader had a token that allowed them to safely enter the Forbidden Forest, they would probably explode their nests long ago, right?

How can you tolerate such a clan leader until now?

Therefore, it is unlikely that Lu Tianfeng knew the token.

"Maybe he wants to capture the clan leader and ask him to take him into the forbidden forest and find the corpse-suppressing talisman, right?" he guessed.

"That's possible."

Lin Changhong nodded, turned his head, and took a look inside the cave.

"You guys just keep an eye on it while I go tell my sister and brother-in-law about the current situation."

After all, his sister is pregnant with a child, so she can't stay outside with them. Besides, even if she wanted to come over, Sui Zimo wouldn't allow it.

Therefore, they were here to observe the situation outside, while Lin Caisang and Sui Zimo were inside the cave.

I don't know how these caves were created. Talking and chatting outside can't be transmitted inside the cave at all, and what's going on inside the cave is unknown to the outside.

This sound insulation effect is absolutely good even without a door as a barrier.

"Okay, go ahead."

Yuan Jue nodded, and then continued to stare at the old patriarch and the others.

...

In the cave, Lin Changhong told his sister and brother-in-law what happened outside.

"In other words, you suspect that Lu Tianfeng created this. His purpose is to get the old patriarch to go to the Forbidden Forest so that he can capture the old patriarch and then enter the Forbidden Forest together to get what he wants. ?"

Lin Caisang raised his eyes and looked at his eldest brother and asked.

Could Lu Tianfeng know such detailed information from the mouths of those monsters?

He was seriously injured by the old patriarch, but he had also been seriously injured by Lulu before. He was fine after a while. He should have a lot of elixirs on him.

Chapter 2914 The fierce gaze

However, he was facing the old patriarch, and he had already used a magic weapon against him once. The old patriarch would definitely be on guard against him, right?

Under such circumstances, would Lu Tianfeng want to capture the old patriarch directly?

"Sang Sang, should we follow?" Just when Lin Caisang was thinking about what Lu Tianfeng would do, Lin Changhong's voice came to mind again.

Hearing this, Lin Caisang took a deep breath.

Now that Lu Tianfeng is alone, it is impossible to make false claims in the east and in the west.

But he had to be a little cautious. After all, he still had a magical weapon on him. Didn't he also exchange Zhe Feng and Zhao Rui before?

"Zi Mowei, what do you think we should do?" She looked at Sui Zimo and asked him.

"Let's follow him and take a look first."

After Sui Zimo thought for a while, he decided to go and take a look first.

"good."

Lin Caisang nodded immediately.

The three people walked towards the cave. By chance, when they came outside the cave, the old patriarch was also walking out of his cave in a hurry.

And not only it, but also other spiritual beasts, almost all of them went out just to see the Forbidden Forest.

"Old patriarch, you are in such a hurry, what are you going to do?"

Suddenly, some familiar voices came. The old patriarch paused in his steps and turned to look at Lin Caisang and his group. They were all outside at this moment.

"Why did you come out?"

It frowned and glared fiercely at the two spiritual beasts guarding Lin Caisang and the others.

Instead of letting them take a good look at these humans and not allowing them to leave the cave casually, these two useless things actually let them out. They were simply looking for death.

The two spirit beasts trembled subconsciously when they received their grandfather's fierce gaze.

Before, they were still hesitating whether they should steal their grandfather's treasure, but now they were stared at like this, it was really...

"Let's go out and bask in the sun. It's cold and dark inside, so it's really not suitable for us to stay there all the time. It's better outside, and the spiritual energy outside is more abundant than inside."

Lin Caisang pretended not to understand the old patriarch's unkind expression and explained with a smile.

"What are you going to do with so many spiritual beasts? Is there something urgent? Can we help?"

She asked the old patriarch a series of questions.

But it still didn't surprise the old patriarch, instead it took it into consideration.

Just now, it had doubts as to why so many spiritual beasts broke into the Forbidden Forest, and whether the escaped human was causing trouble again.

Even if it wasn't the human being's fault, with so many spirit beasts entering the Forbidden Forest now, the other spirit beasts would definitely force it to search in the Forbidden Forest with them. Naturally, it doesn't want to die.

Now, it's just right that these humans are popping up.

Don't they want to help? Then let them go with you, and then coax them into the Forbidden Forest to find those spiritual beasts.

Even if these humans enter the Forbidden Forest and never come out, that is still their business. They are the ones who died and have nothing to do with it.

Moreover, this can also be used to deter those disobedient spiritual beasts and let them know how terrifying it is in the Forbidden Forest.

Don't always think about entering the Forbidden Forest, and don't always think about going to the Forbidden Forest to save people.

"Hey, there are a few disobedient children who ran away to a very dangerous place. No, everyone is anxious. The leader of the clan also wants to take his family to have a look."

Chapter 2915 You two stay!

He gave a fake sigh and explained.

"That's it. How can we help?" Lin Changhong answered.

Judging from what the old patriarch meant, did he want them to follow him?

It seems like they want them to be cannon fodder and die in the Forbidden Forest, right? That's why he told them the matter so generously.

The old patriarch and the others were indeed right, he was not ordinary vicious!

"Well... you are distinguished guests of Qianjitan. How can I ask you to help? This is impossible, absolutely impossible." The old patriarch hesitated and shook his head.

"There is nothing we can't do. Now that we have entered Thousand Machines Pond, it proves that we are destined to you, so we should help." Captain Liu said with a smile.

"this....."

The old patriarch wanted to say something else, but Lin Caisang and the others would not give the old patriarch another chance.

This old patriarch really doesn't care about the life and death of those spiritual beasts. He still has time to say polite words to them here. If he has this time, those spiritual beasts that break into the forest will probably die long ago, right?

"Old Patriarch, the situation is serious, so without further delay, let's go over together and take a look to see if there is anything we can do to help."

Lin Caisang said to the old patriarch.

"Well...if that's the case, I'll trouble you, let's go together. The old patriarch then nodded and said that everyone can go together.

"good."

"good!"

Several people responded one after another and prepared to go in the direction of the Forbidden Forest.

"You two stay!"

The old patriarch glanced sharply at the two spirit beasts that were about to follow them together, the two guarding Lin Caisang and the others, with a trace of viciousness flashing in his eyes.

Now that these people are still there, it will not punish these two useless things. When they all run into the Forbidden Forest to die, it will deal with these two again.

"Yes, Grandpa."

The two spirit beasts responded timidly, not daring to disobey the old patriarch's orders.

It seemed that it was necessary for them to leave Qianji Pond. Grandfather's eyes had told them that he would not let them go when he came back.

Although they had not had many opportunities to get along with their grandfather before, they still had a deep understanding of what kind of spiritual beast he was.

They don't want to die here, so they should leave quickly and leave this ghost place.

And they are not as easy to coax as those humans, thinking that their grandfather will take out the most precious things after a quick trip to his cave, and then enter the Forbidden Forest to save people.

Their grandfather was not that considerate of others.

They guessed that their grandfather must have gone into his cave to confirm whether his treasure was hidden, right?

Maybe it felt that its treasure was not hidden better, so it found a better place to hide it. Otherwise, how could it have been hidden for so long?

Seeing the old patriarch leaving with all the spirit beasts and Lin Caisang, the two spirit beasts looked at each other.

"Do you want to...continue to stay here?"

The spirit beast on the left spoke and asked the other one in a small voice.

"Never!"

The one on the right quickly shook his head like a rattle.

"Didn't you see the look in my grandfather's eyes just now? When it comes back, it will definitely beat us to death."

They are well aware of the terrifying nature of the old patriarch. Whether he wants to kill someone or not, they can tell with just one glance.

In such a situation, what should they do?

Chapter 2916 It will harm us

Are you going to stay here and wait for grandpa to kill them?

They were all still young, so who would want to die in such an unknown way?

"I want to go outside, I don't want to stay here and wait to die." The spirit beast on the left said.

"Even if grandpa doesn't beat us to death this time, what about the next time? Who knows when we will be beaten to death? If we just endure it like this, we will definitely not survive."

"yes."

The spirit beast on the right nodded, thinking the same thing.

Growing up, I saw other spirit beast families, the elders were so kind to the younger ones, but as for them, the only treatment they received was the punches and kicks from their grandfather.

There is also the indifference and alienation of parents towards them.

"Nineteen, I want to go with those people, do you think that's okay?"

"Those humans?"

Nineteen was stunned for a moment. It had never thought about going with humans. It wanted to go with this brother, not including those humans.

"Twenty-four, why would you want to go with them? They are human beings and they might harm us."

"But there are humans outside, at least those we are familiar with, but for those outside, we don't know if they will kill us directly.

Twenty-four also expressed his thoughts.

Its idea is actually quite simple. It just wants to follow those humans and follow them as long as it doesn't die.

No matter how hard it is outside, it's still better than being in Qianjitan, right?

Although there are some temptations such as delicious food, life is the most important thing. If they stay in Qianji Pond, their lives will be in danger at any time.

"Anyway, I think it will be safer if we follow them."

It nodded its huge head and said to Nineteen. At the same time, it told itself in its heart that these humans did not look like bad people, but the same could not be said for other humans outside.

Since we have already bumped into each other, it is better to just rely on them.

"Besides, if you think about it, they encouraged us to steal my grandfather's treasure before. Once we stole it and released it in front of them, they wouldn't even want to take us with them.

Is it possible that they can still watch us come back and be beaten to death by our grandfather?

I don't think they look like hard-hearted people. "

"This... is true."

After listening to Twenty-Four's words, Nineteen also nodded, thinking that was the case.

"But we don't know where grandfather's treasure is hidden, and we don't know what the token is. How can we find it?"

He was a little confused. If he wanted to find one of his grandfather's many treasures, don't wait for his grandfather to come back. They haven't found it yet, right?

Then they are dead, right?

"What's so difficult about this? It's up to me. I'm sure to get that token!" Twenty-four patted his chest with his paws and said confidently.

There are only two of them in this place now, and from the Forbidden Forest, they will definitely not be able to come back for a while. They have enough time to get out the things in their grandfather's cave.

After getting the things, they went outside the Forbidden Forest and waited for the humans. After they stole the tokens, those humans would definitely not be able to stay here anymore, so they would just leave the Forbidden Forest. , what a good thing.

Chapter 2917 Want to curse it

...

On the other side, it's been a long journey.

Finally, a group of people led by Sui Zimo followed the old patriarch and the others to the outside of the Forbidden Forest.

And just as they thought, those spirit beasts were outside, although they were thrashing about to go in and save their children, they were also crying and shouting their children's names.

However, no spiritual beast actually entered.

On the one hand, they are blocked by other spiritual beasts, but on the other hand, they cannot and do not dare to enter the Forbidden Forest without the consent of the clan leader.

Who doesn't know that entering the Forbidden Forest means death? Otherwise, after so many years, why haven't any of the spiritual beasts that have broken in come out?

Therefore, even if their children enter by mistake, everyone does not dare to go in directly.

They are somewhat selfish, and they all hope in their hearts that the patriarch can kiss a few spiritual beasts, and then go in and find their children.

That way, they don't have to go into the Forbidden Forest to die.

But who would go to the Forbidden Forest to die for other people's children? No one would be willing.

"Let me in, my children. Both children have entered the Forbidden Forest. How could this happen? My poor children, why are you so stupid?"

"Where's the patriarch? Why hasn't it come yet? The person who went in is not his child, and it doesn't care so much. Does it have to be his child for it to be willing to go in and save him?"

Crying like this continued, making people's heads hurt.

As soon as the clan leader came over, he heard that a spiritual beast dared to speak ill of it behind its back. Is this okay?

"What are you arguing about? What's there to argue about?!"

It coughed heavily and roared at the crying spirit beasts.

"Well!"

When the spirit beasts who were crying and scolding the clan leader heard this familiar voice, their breath suddenly got stuck in their throats, and they turned to look at the old clan leader with a guilty conscience.

"Clan...Clan leader...why are you here?"

One of the spirit beasts stuttered and asked the old patriarch.

"snort!"

The old patriarch glared at them and snorted coldly.

"This is all cursing the descendants of my clan leader. If my clan leader doesn't come out, will these things also be cursed by my clan leader?"

What it hates most is that I want to curse it. Although it is old, it has not lived enough.

Who dares to speak ill of it behind its back, it will definitely not let them off lightly.

"Well!"

Those spirit beasts who had said bad things about the clan leader were unable to say a word.

"Chief, what are you talking about? They are all anxious. Didn't their children accidentally enter the Forbidden Forest? They were anxious, so they started talking nonsense."

One of the spiritual beasts was a good talker, and he quickly came forward to comfort the angry old patriarch.

But the old patriarch obviously didn't give it any face. It is the patriarch of the tribe. These ungrateful things dare to curse it. If it is not suppressed, how will its reputation be spread in the future? ?

Therefore, this is absolutely intolerable.

"you....."

"Patriarch, now is not the time to talk about this. Aren't we preparing to go in and save those ignorant spiritual beasts? What feasible solution do you have?"

Just as the old patriarch was about to open his mouth to teach those ignorant spirit beasts a lesson, he heard a slightly familiar voice ringing from its ears.

Chapter 2918 To save other spiritual beasts?

Looking down, he saw Lin Changhong with a smile on his face, looking up at it.

The bad breath in its chest almost suffocated itself to death.

It had already thought about using the curses cast on it by these spirit beasts this time to reduce the matter of the spirit beasts breaking into the Forbidden Forest to a minor matter. It would not allow any spirit beasts to enter the Forbidden Forest to rescue them again. of.

But who knew that before his words were spoken, these humans had something to say.

What does this person mean? Does he mean that he only cares about his own reputation and does not even care about the lives of the beasts in his own clan?

It raised its head and looked at the spiritual beasts on the opposite side. Apparently, they seemed to understand the meaning of Lin Changhong's words, and were looking at it with unkind eyes.

At this moment, if it forcibly prevents those spirit beasts from entering the forbidden forest to save the little spirit beasts, it will definitely have an impact on its position as the leader of the clan.

These few human beings who seem to be pretty good, what they say are really... despicable!

But the key point is that it cannot refute the words of those humans now. If it refutes, wouldn't it make the spiritual beasts even more disgusted with itself?

"What this young master said is reasonable. We should think about how to save people. However, no spiritual beast has entered this forbidden forest since ancient times. Even if it does, it cannot come out.

Even though I am the leader of the clan, I still don't know how to get in. There is nothing I can do about it.

Otherwise, as the leader of the clan, I would not watch the spiritual beasts in my clan enter the Forbidden Forest and not save them. There is really no way to save them. The Forbidden Forest is really too dangerous. "

It pretended to shake its head, looking regretful.

"Then what should we do, Patriarch, there are not just one spirit beast that went in this time, but so many. You can't just die without saving them!" Those spirit beasts who were about to lose their children heard the words of the old Patriarch. They were all dissatisfied.

"That's right, clan leader, we don't have many young spiritual beasts in Qianji Lake to begin with. If we continue to lose like this, there will be no more beasts in Qianji Lake!"

"Clan Chief, you can't just ignore our children just because your children have not entered the Forbidden Forest. That is also the hope of Qianjitan!"

"Patriarch, do you have to wait until your children enter the Forbidden Forest before you save them?"

"presumptuous!"

Hearing what the last spiritual beast said, he immediately became angry.

Why does it mean that it will rescue its children if they enter the Forbidden Forest?

What is a child? Does it matter if he can have his own life? Even if those useless things from its family enter the Forbidden Forest, it will not save them.

Why should he risk his life to save other spiritual beasts?

Isn't its life just life?

"The matter of saving them still needs to be considered in the long term. Do you think the Forbidden Forest is a good place, where you can come in and come out as you please, and still have enough to come out?

That's the Forbidden Forest. It's easy to get in, but it's difficult to get out. Have any of you seen the spiritual beasts that broke in come out? "

"this....."

When the other spirit beasts heard what it said, they all fell silent and stopped saying anything.

Yes, the Forbidden Forest is a place where you can go in whenever you want and come out whenever you want.

But those who went in were their children. How could they watch their children die while they themselves remained indifferent?

Chapter 2919 Whatever you want!

"Patriarch, if you don't want to save me, then I will. I must save my Liu'er, who is the lifeblood of my family!" One of the older spirit beasts stood up and faced The old patriarch said.

"You have a lot of children, so it doesn't matter if one or two die, but our family is different. With just two children, it won't be okay if either of them ends up in the Forbidden Forest!"

"you you....."

After hearing what the spiritual beast said, the old patriarch was almost angry to death.

What do you call this? Are their children not children? It doesn't matter if one or two die, why?

It really wanted to yell at it. All its children were precious and none of them would die. But at the next moment, it thought of the one it had beaten to death in anger because it had made a mistake. grandson.

Thinking about it, I really regret it. If I had known that I would have endured it, I wouldn't have had to be criticized by the old beasts in the clan for such an unfilial grandson.

Didn't this guy deliberately bring this matter up to block it?

It took a deep breath and turned to look at the spiritual beasts behind it. One of them glared at it coldly.

The spiritual beast felt the cold and terrifying gaze from the old clan leader, and was so frightened that it could only lower its head, not even daring to raise its head to look ahead.

The spiritual beast beaten to death by the old patriarch was its child. It was usually obedient and sensible, and would not cause trouble.

It was really a coincidence that time, the old patriarch, his biological grandfather, happened to be angry and angry, so he was beaten to death by the old patriarch.

"Since you want to go in and rescue me, then this clan leader has no control over you. You can do whatever you like." The old clan leader retracted his gaze, looked at the spiritual beast head-on, and said with hatred.

"I just want to remind you that once you enter the forbidden forest, you won't be able to get out just by thinking about it. Don't regret it when the time comes!"

It warned the spirit beast sternly.

Anyway, it is impossible for it to enter the Forbidden Forest. It will not be stupid enough to die.

"you--"

When the spirit beast heard what it said, it was so angry that it almost cursed.

Such an old beast, so greedy for life and afraid of death, why did he let such a spiritual beast become their clan leader?

"Okay, the patriarch said it well. Since you can't control us anymore, let's go in by ourselves."

"Whatever you want!"

The old patriarch shook his paw and said.

Everyone: "..."

What is this for? This old patriarch must have deliberately wanted other spiritual beasts to die so that they could live freely here, right?

In order not to enter the Forbidden Forest, did you even give up your own face?

Do you want to take advantage of the fact that the spirit beast said something to offend it, and then pretend to be angry and ignore it, and then say it is the spirit beast's fault when you talk about it in the future?

Isn't it too beautiful to think about?

"Old patriarch..."

"Take your life!"

Just as Lin Changhong was about to speak, he heard a familiar voice.

He only felt something flickering in front of him. The next moment he looked carefully, he saw someone already fighting with the old patriarch.

"It's actually him. We really think highly of him!"

He couldn't help but sigh, looked at the figure of Lu Tianfeng fighting with the old patriarch, and said.

Before, Yuan Jue thought that Lu Tianfeng would not choose this last resort, but now, he directly turned on the old patriarch.

Chapter 2920 Who will win this game?

But as they expected, even if Lu Tianfeng and the old patriarch opened it, none of the other spiritual beasts thought of going up to help.

He didn't even move his steps.

Not even the old patriarch's own descendants were willing to step forward to help, and they watched helplessly as the old patriarch and Lu Tianfeng had an affair.

"The Tianfeng on this road is really despicable." Captain Liu said with great disdain.

He has never seen such a person. In order to achieve his own goals, he can bring so many spiritual beasts into the forbidden forest. That is a dead end!

For such a person, if he really gets the Corpse Suppression Talisman, who knows what he will do. I guess none of these people here can escape, right?

"There is never a time when he is not despicable. Yuan Jue glanced at Captain Liu, and then looked at Lu Tianfeng.

I didn't understand it before, and thought how good Lu Tianfeng, the number one son of Qianhuan Continent, was, but now I know that he is such a person.

"Captain Lin, Mr. Sui, look at this, who will win?" He looked at Sui Zimo and Lin Caisang and asked.

"Isn't this an obvious thing?"

Lin Caisang kept his eyes on the old patriarch and Lu Tianfeng, and spoke calmly.

Lu Tianfeng was obviously well prepared this time, and he would definitely defeat the old patriarch this time.

And it's not as simple as defeating him. He should get some news from the old patriarch, such as the corpse-suppressing talisman.

This is what Lu Tianfeng has always wanted.

Since Lu Tianfeng already knows about the old patriarch, he must have thought that the old patriarch must know something, right?

Perhaps he would have guessed that the corpse-suppressing talisman would be in the Forbidden Forest, so his eyes were on catching the old patriarch and threatening him to get the corpse-suppressing talisman in the Forbidden Forest.

"Then do we want to help?"

Captain Liu also came closer and asked softly.

"Why are you helping me? It's best if both of them lose!" The female team member curled her red lips and said directly.

Neither this person nor the spirit beast is a good thing. With such a bad thing, do you still want them to help? She would be happy to see anyone die.

"Both sides will not suffer." Lin Caisang said again.

Lu Tianfeng must not use all the magical weapons in his hand, but he will not give the old patriarch a chance to gain the upper hand.

"Lu Tianfeng intends to suppress the corpse talisman and will not give the old patriarch a chance."

"What should we do, Sangsang, the token should be with the old patriarch, right?" Lin Changhong said anxiously after hearing what his sister said.

"Token..."

Hearing the word 'token', Lin Caisang also took a deep breath.

"I hope the token is on his body."

Except for the old patriarch, no one knows what the token looks like. Even if it is on the old patriarch's body, they will not know that it is the token.

This is the most difficult part, so they don't know if the old patriarch has any tokens on him.

"Captain Lin, what do you mean by this?" Yuan Jue heard the underlying meaning of Lin Caisang's words.

Could it be that this token was not on the old patriarch's body? Then what was he doing when he returned to his cave in such a hurry, to confuse them?

"By the way, where are the trio? Where have they gone?"

Finally, he discovered that the three people on the wall had stopped following them at some point.
