Chapter 2921 Sparks flying

"them....."

After his reminder, others also discovered it.

And they didn't even notice when the trio of wallflowers disappeared. They had obviously heard them talking before.

"They may feel that their strength is not enough, so they go to fight with spiritual beasts nearby."

Lin Caisang glanced sideways, glanced at her husband, and said more calmly.

She had seen it really just now. The three people on the wall had received Sui Zimo's instructions and then left. If her prediction was correct, the three people should have gone to the old patriarch's cave.

But, with those three people, can they find the token they want?

The old patriarch was very cunning, and he didn't know where he would place the token, since it could be found so easily.

"Going to fight with spiritual beasts? Just a few of them?"

Lin Changhong blinked and couldn't help but start to worry. Those three people didn't make people worry, and they didn't look at where this place was. Could they break in?

"How about I go look for them nearby...uh."

Before he finished speaking, he felt his sleeve being pulled by Yue Chushui next to him.

He was stunned and turned to look at Yue Chushui, wanting to ask him what he wanted to do, but before he could speak, he realized that those three guys were off to do serious business, right?

In other words, his sister and brother-in-law had guessed early on that the old patriarch would not take out the token so casually, and it must be hidden somewhere.

So you let the threesome go looking for it?

Without saying anything else, he raised his head and looked at the old patriarch and Lu Tianfeng who were fighting in mid-air. Their battle was extremely fierce.

Although the old patriarch is not without opponents in this Thousand Machine Pond, relatively speaking, he is still a very powerful person, and his spiritual power will naturally not be much worse.

But although Lu Tianfeng's spiritual power is not as good as that of the old patriarch, he has many magic weapons in his hands.

If he didn't point it out, he would use all of it on the old patriarch. Even if he only used half of it, he would be able to suppress the old patriarch.

Therefore, the battle between the two was filled with sparks, all caused by Lu Tianfeng's magic weapon.

"The person behind this road Tianfeng is very generous."

Lin Changhong saw that Lu Tianfeng must have a magic weapon when he made a move, touched his chin and said.

"It's not generosity, but the temptation of the corpse-suppressing talisman is too great."

Yue Chushui glanced at Lin Changhong, then continued to focus on the battle between Lu Tianfeng and the old patriarch, and said.

If you can get the corpse-suppressing talisman, what do these magic weapons mean? The two are not on the same level at all, let alone being compared.

"that's true!"

Lin Changhong sighed lightly.

Although this corpse-suppressing talisman is not a good thing, for some people, it is very tempting.

Looking at Lu Tianfeng attacking the old patriarch in mid-air, but avoiding the vital point every time, he knew that Lu Tianfeng was not determined to kill the old patriarch.

He needs the old patriarch to take him into the forbidden forest.

After a while, Lu Tianfeng, who had the magic weapon in his hand, gained the upper hand. The old patriarch had many wounds on his body from the magic weapon, and he grinned in pain.

Even though he was the clan leader of Qianjitan, it couldn't bear it anymore and had to beg Lu Tianfeng for mercy.

"What do you want?"

Chapter 2922 Sons and grandchildren, all the same!

At this moment, the old patriarch had been knocked out of strength by Lu Tianfeng's magic weapon, and could only be stepped on by him. It asked bitterly.

"I am the clan leader of this place. If you hurt this clan leader, all the magical beasts in Qianjitan will not spare you. No matter how many magic weapons you have in your hand, they will tear them apart. , Eaten alive!"

he threatened.

"laugh."

Lu Tianfeng couldn't help but sneer.

This is really the funniest joke he has ever heard. If the other spirit beasts really respected this old patriarch, they should have stood up before. How could they not have done anything yet?

"Old man, who do you think you are? Look at them, look at these beasts in your clan, which one of them seems to stand up for you?"

He glanced at the spiritual beasts who were watching indifferently with his cold eyes, and sneered again.

"For a beast like you, you still want everyone to stand up for you. Let me tell you, they want you to die so that they can choose a new leader, one who will be kinder to them.

Do you think they would rush over to block the magic weapon in my hand for the sake of a clan leader who has exploited them for so many years? You old guy looks a lot older, but are you really naive? "

"puff!"

Listening to Lu Tianfeng's words, Lin Changhong, who was not far away, chuckled unconsciously.

Although he hates Lu Tianfeng, he has to say that Lu Tianfeng's words are still correct.

For a beast like the old patriarch, even its own descendants would not dare to stand up for it, let alone the other spiritual beasts in Qianji Pond. In their hearts, they really want the old patriarch to go quickly. Die?

"you you....."

After listening to Lu Tianfeng's words, the old patriarch was so angry that he couldn't even care about the pain on his body. He raised his paw and pointed at Lu Tianfeng, almost spitting out a mouthful of old blood.

It wanted to say that Lu Tianfeng was just talking nonsense.

But when he turned around and glanced at the group of spirit beasts who didn't dare to come forward to help him, he knew that none of these things were reliable, not even his own sons and grandsons!

"Why are you still standing there? Why don't you hurry up and beat him? Only by beating him to death will we be able to regain peace in Qianjitan!"

It shouted to those spiritual beasts.

However, the spirit beasts did not listen to a word of its words, and just looked at the person and the spirit beast in front of them indifferently.

If the human in front of them had no lethality, there might be spiritual beasts among them who might step forward. However, since the human in front of them has such a powerful thing in their hands, they would be stupid to step forward and die.

What's more, it's because of the old patriarch who has exploited them for so many years. They are not fools!

"Chief, we want to go to the Forbidden Forest. Please save our children. They are also members of Qianjitan and are your people."

Those who had spirit beasts at home who accidentally entered the Forbidden Forest brought up this topic again.

"You... you..."

The old patriarch was really pissed off by them, so angry that he couldn't speak.

That is the Forbidden Forest. Not just anyone can enter it. Even if it holds a token in its hand, it will be dangerous to enter the Forbidden Forest, let alone them.

It really does it for their own good by not letting them enter the Forbidden Forest!

Why don't these idiots understand its painstaking efforts?

Chapter 2923 You will die if you go in

"You idiots, do you think the Forbidden Forest is so easy to enter? If it is easy to enter, can those who go in come out? Why can't you figure it out?"

"Old Patriarch, you can stand and talk without pain in your back. We entered the Forbidden Forest together. Since it's not your child, you don't have to worry about it, right?"

"That's right, old patriarch, why are you so cruel? I've never seen anyone like you. So many children have entered the Forbidden Forest. If you don't quickly find a way to save them, you are here to prevent us from going in to save them. You what does this mean?"

"Are you afraid that our children will have better talents than yours in the future and will usurp your family's position as patriarch, so you deliberately don't save them, just to watch them die?"

"You...you are simply unreasonable!"

The old patriarch couldn't stand it anymore and was so angry that he vomited a mouthful of old blood.

Do these idiots really think that if it dies, these humans will take advantage of them? Human beings are always the worst, and they might take away all the spiritual beasts in Qianji Pond and raise them like pets.

In that case, their freedom is really gone!

But it knows that it is useless to say these words by itself, and those fools will not believe it.

"Well!"

Just when it was thinking about how to get out of danger, it felt that its feet were stepping harder and harder.

Originally, if it was just the weight of Lu Tianfeng, even if he used spiritual power, it would not have much impact on a spiritual beast like him.

But Lu Tianfeng still has a magic weapon on his body. If it is added, it will suffer a lot.

As soon as he stepped on it, he felt that his internal organs were about to break.

"What do you want?"

It gritted its teeth, looked at Lu Tianfeng with scarlet eyes, and asked.

"How about you take me into that place?"

Lu Tianfeng smiled evilly, raised his eyes and glanced at Lin Caisang and the others with pride.

So what can these people do, despite all their efforts, didn't this old guy fall into his hands in the end and just take him into the Forbidden Forest?

"What?!"

The old patriarch screamed in surprise when he heard Lu Tianfeng's words.

Does this guy actually want to enter the Forbidden Forest? It turns out that these humans came here for that thing?

"Impossible, this clan leader will never enter the Forbidden Forest!"

"Yeah?"

Lu Tianfeng smiled and didn't care what it said.

"You are now completely in my hands. Do you think you can avoid entering the Forbidden Forest just because you don't want to?"

After saying that, he directly lifted the old patriarch up and dragged him into the forbidden forest.

He must get the corpse-suppressing talisman before Lin Caisang and the others. He must not let them take advantage of it. There must be no mistakes this time.

"No, no, I can't go in, I can't go in!"

Seeing that he was about to be dragged into the Forbidden Forest by Lu Tianfeng, the old patriarch became frightened and struggled to escape from his hand.

But Lu Tianfeng came here just for the corpse-suppressing talisman, so how could he let the old patriarch run away?

This little struggle is nothing to him.

"No, you can't go in, you will die if you go in."

The old patriarch shook his head, struggling in his mind whether to tell the story about the token.

If it were told, would these spiritual beasts still listen to it in the future? But if he didn't tell him, his life would probably be lost!

Chapter 2924 There is actually a token?

This is a dilemma. It doesn't want to choose either one.

But the reality is that it has to choose, and Lu Tianfeng will soon drag it into the forbidden forest.

"I don't have a token with me. If I go in, I'll die. Stop, stop! I'll get the token before I go in, otherwise we will all die, all of us!"

It doesn't matter if this hateful human being dies, but he doesn't want to die!

"Token?!"

When he heard the word 'token', Lu Tianfeng almost thought he heard it wrong.

Why didn't he know that there was such a thing as a token? I've been asking about it for so long, but I haven't heard of it!

Moreover, how can something that can be brought into the Forbidden Forest be called a token? What kind of existence is this? These hateful guys actually tricked him!

Turning around, he looked at Lin Caisang and his party, and was shocked to find that some of them were not there!

"Lin Caisang, where are the people in your team?"

He immediately questioned Lin Caisang, and couldn't help but wonder, had these people known about the existence of the 'token' for a long time, and had they really tricked him on purpose before?

"I don't know, maybe Qianjitan is fun and I can just go and enjoy it by myself." Lin Caisang smiled and shrugged at Lu Tianfeng and replied.

"you--"

Lu Tianfeng had a bad breath stuck in his throat, and he almost died of anger at her words.

He could almost conclude that the three people in Lin Caisang's team must have gone to find the 'token' that the old patriarch said. Otherwise, how could they not be there?

Although Qianjitan is not a very dangerous place, those three people have been following Lin Caisang and the others, and they cannot leave casually.

"Where is the token? Take me to find it!"

He made a quick decision and shouted at the old patriarch.

I hope it's too late, otherwise, after he has done so much and spent so many magic weapons, if he still gets the advantage of Lin Caisang and the others in the end, how can he be willing to do so?

Things absolutely couldn't be done like this, so he had to try to get the 'token' in hand before the trio.

"well."

The old patriarch's life was now in Lu Tianfeng's hands, so he could only respond and take him to his cave to get the token.

"There is actually a token?"

After the old patriarch was dragged away by Lu Tianfeng like a dog to death, the spirit beasts behind him all started to boil.

"Does the patriarch mean that it actually has a token in its hand and can freely enter and leave the Forbidden Forest without being harmed? It will not die either?"

"Is that what you mean?"

"It can enter the Forbidden Forest, but it tells us that it cannot enter. It is still not our clan leader. Is it really not its descendant, so its life is not important?"

"It's such a weird thing. How can it do this? How can such a thing be worthy of being our clan leader?"

All the spirit beasts were angry when they learned about the token, especially those whose family spirit beasts strayed into the forbidden forest and never came out again. They were really not allowed to eat or drink the patriarch's meat. The blood of the patriarch!

"Let's go and settle the score with the clan leader. We must get the token and save the children who accidentally broke in!"

Some spirit beasts put forward their own suggestions. Since there is a token, why don't they grab it and then use the token to find those children in the Forbidden Forest?

Chapter 2925 What's going on?

"That human being is not a good guy at first glance. If he gets the token, we will definitely not be able to enter the Forbidden Forest to save people. We can't let him succeed!"

"Yes, I think it was that human being who harmed our child just so he could enter the Forbidden Forest. Otherwise, how could it be such a coincidence?"

Our child entered the Forbidden Forest. He arrived as soon as the patriarch came, and he just happened to detain the patriarch. He wanted to drag the patriarch into the forbidden forest with him?

He must have harmed our child! "

I have to say that these spiritual beasts have discovered the truth. Isn't it Lu Tianfeng's fault?

"This Tianfeng road is really harmful to people. Even if he wants to enter the Forbidden Forest, why does he want to harm so many spiritual beasts?" Yue Chushui frowned and said.

It is really not a pity to die for such a person.

It's a pity that they still can't kill him now, and they still have to keep such a scourge. It's really annoying to think about it!

"Let's go and take a look."

Lin Caisang glanced at the spirit beasts chasing Lu Tianfeng and the old patriarch, and said to everyone.

"good."

The others responded and chased after each other.

...

the other side.

The three sisters on the wall followed Sui Zimo's order and went to the old patriarch's cave.

However, they arrived a step too late. Looking at the empty cave with nothing in it, the three of them were simply dumbfounded.

"What is...what is going on?"

One of them was stunned and murmured unconsciously.

Didn't it mean that the old patriarch got a lot of treasures and hid them in his cave?

But now this cave has nothing but a stone bed, not even any decorations. It couldn't be cleaner!

"Did Lu Tianfeng send someone to take away the things?" Another person guessed.

But as soon as he finished speaking, he shook his head. Logically speaking, Lu Tianfeng shouldn't know about the token, so how could he send someone here?

Moreover, his subordinate Zhao Rui has been arrested and has been tortured to a terrible state by the old patriarch. How can he help him?

So, what's going on? Why are all the things here gone?

"Did that old guy hide everything? How about we look for it?" the last person suggested.

"It's possible."

The other two people listened to his words and nodded immediately.

Didn't the old patriarch make a special trip back to his cave before? Maybe he hid it at that time.

If so, the thing should still be in the cave. They could still find it if they searched carefully.

"You have to find it quickly, otherwise the old patriarch will definitely come back when he gets things done over there!"

"Yes, look for it quickly!"

The other two people agreed, and then started searching in the cave.

After a long time, the three people gathered together again, crossing their waists and continuing to look at the empty cave.

"What...what's going on?"

"Yes, there is nothing at all. This cave must have been robbed. There is nothing left!"

That's right, there is really nothing in this cave.

There was something in the cave they lived in before, but there was really nothing in this cave.

Chapter 2926 You deserve to die!

There wasn't even a blanket to cover me with while sleeping.

"Being evacuated? Lu Tianfeng?"

"It can't be his. He doesn't know there is a token, so how could he send someone here? With so many helpers, he would have already used them to deal with our captain."

"Who could that be?"

The three people were puzzled. They really couldn't understand why there was nothing in this cave.

"No, we need to let the captain know about this matter immediately. The token is very important and cannot fall into Lu Tianfeng's hands. Absolutely not!"

"Yes, tell the captain quickly and let's go back!"

While talking, the three people quickly left the cave and walked towards the Forbidden Forest again.

...

On this side, Lu Tianfeng also sensed that there was a spiritual beast chasing behind them, so he increased his speed and ran towards the cave.

"Slow down, slow down..."

The old patriarch begged with pain on his face.

At this moment, it was tied with a rope by Lu Tianfeng and dragged on the ground. At such a fast speed, it had no time to walk and fell down every once in a while.

The skin on the entire body was almost worn away, and the pain was almost excruciating.

"waste!"

Lu Tianfeng glanced coldly at the old patriarch.

Unexpectedly, this old guy was not only afraid of death, but also couldn't bear the pain. He was wailing like this. He really didn't look like a clan leader!

"You can't even bear this little pain. You deserve to die! As the leader of the clan, so many spiritual beasts are chasing you and want to eat you alive. How dare you ask me to slow down?"

"Well."

When the old patriarch heard what he said, he didn't dare to say anything more.

At this moment, it is really afraid that Lu Tianfeng will slap it to death if it is not careful!

And it was also afraid that those spiritual beasts would really catch up with it. If the human had not pushed it too hard before, it would not have exposed the token.

This is just killing it.

Even if this human being is sent away by then, it will definitely not have an easy time in Qian Ji Pond.

All of this is thanks to the human being in front of me!

There was a trace of gloom in its eyes, and it was calculating in its mind what to do to kill the human in front of it.

How about waiting for it to enter the cave, deliberately get a fake thing as a token, give it to this human, and then secretly hide the real token inside itself?

Anyway, apart from it, no one knows what the real token looks like. Even if he gives the fake token to this human, how could he find out?

It definitely can't be discovered!

Yes, just do it!

However, soon, when Lu Tianfeng was brought to the cave by the old patriarch, both the man and the spirit beast were dumbfounded.

"What...what's going on? Where are my things?"

Looking at the empty cave, the old patriarch couldn't believe his eyes.

This cave is obviously full of treasures, but now, nothing is missing.

When he just left the cave, he came in to confirm that the treasures were there and the tokens were still there. How long had it been before that everything in such a big cave was gone?

"Is it you? You secretly sent someone to take away all my things, right?"

It looked at Lu Tianfeng, wishing to eat the person in front of it alive with its angry eyes.

Chapter 2927 We were late

This human being is so ruthless and greedy that he took away so many things from him, leaving nothing behind!

Lu Tianfeng also looked confused at the moment, but after hearing what the old patriarch said, he became even more angry.

Along the way, Lin Caisang and the others had been stepping on him and getting everything he wanted. He could only watch helplessly.

And now, it was obviously those people who took the things away, but was he charged with carrying them?

How is this possible?

"You idiot, I'm with you, how could I come to get this little thing from you?"

He just missed the old clan leader with a slap. His target was the corpse-suppressing talisman. How could he appreciate these little things? This old beast looked down upon him!

"you--"

The old patriarch was so angry that he could not speak and stared at Lu Tianfeng hatefully.

This human being has done something that a villain would do, but he still doesn't admit it. Who else could he be?

"No, I can't stay here any longer!"

Before the old patriarch could say anything, Lu Tianfeng thought of something more important.

He had not forgotten that those spiritual beasts had been chasing them before. If he had not used another magic weapon, how could he have kept those spiritual beasts away?

And now that they were in the cave, if they were surrounded by those spiritual beasts, they might not even be able to escape.

"Come with me!"

He picked up the old patriarch and ran towards the outside of the cave.

...

On the other side, the trio of wallflowers successfully avoided Lu Tianfeng, the old patriarch, and the spiritual beasts who were chasing them. When they finally saw their captain and the others, they came from the grass far away. walked out.

"Captain, we are late. There is nothing in the cave."

After returning to the team, the three people talked to Lin Caisang and the others. They were also puzzled. How could this thing be gone?

If they had suspected that Lu Tianfeng was responsible before, they had also met Lu Tianfeng before, and they were obviously there to get the token.

So, it was not Lu Tianfeng who did this, but who could it be?

"No?"

Hearing their words, even Lin Caisang was stunned for a moment and looked up at Sui Zimo.

Sui Zimo also glanced at his wife, and then looked at the trio of wallflowers, "What you are saying is that there is nothing in the cave?"

"right."

The three people nodded at the same time.

"Not to mention those treasures, even the things that the clan leader uses on daily basis have been emptied out."

"All that's left is a stone bed that cannot be moved, and it is connected to the cave."

"I guess if it can be moved, it will have to be moved. I don't know who did it. The looting was too clean, not even a hair was left!"

The three people sighed one by one.

There wasn't even a hair left in that cave.

"How could this happen?" Yuan Jue and Captain Liu frowned after hearing these words.

What on earth is going on? Things can't happen out of thin air, and things can't disappear for no reason. Who could have the guts to take away all the things belonging to the old clan leader?

That was the old patriarch of Qianjitan, and nothing like this had ever happened before.

Chapter 2928 There is a guess

"Come on, let's go see it together.

Lin Caisang spoke quietly. She suspected that the old patriarch had taken away the things and put them in a safer place.

However, they didn't need to worry at all. Before they could follow the footsteps of the spiritual beasts and arrive outside the old patriarch's cave, they were startled by a muffled voice.

"Here, here, come here, we are here!"

The very low voice reached their ears. Several people looked sideways curiously, and immediately saw the two spiritual beasts that had been guarding in front of their cave, waving their claws towards them. Woolen cloth.

"Why are they?"

Captain Liu looked at Lin Changhong with confusion in his eyes.

He remembered that the old patriarch had ordered the two of them to stay and watch the cave, but why were they here now?

"We didn't see them when we passed by just now." One of the three people on the wall said.

They felt strange just now and felt that they had forgotten something. Now that they saw these two spiritual beasts, they remembered that they had not seen them when they were in the cave.

"I have a guess in my mind."

Lin Changhong looked at the two spiritual beasts and couldn't help but twitch the corners of his mouth.

It won't be what he thinks, right?

"What guess?"

Others couldn't help but ask.

"It's not like they emptied the old patriarch's cave, right?" Lin Changhong said.

Everyone: "..."

His eyes turned back and forth between the two spiritual beasts and Lin Changhong, filled with disbelief.

It couldn't really be caused by these two, right?

"Isn't that right? You can tell if you go over and take a look?" Lin Caisang's red lips curled up slightly, and together with Sui Zimo, he took the lead and strode towards the two spiritual beasts.

They were waving at them anyway, obviously just wanting them to pass by.

And when they walked to the two spiritual beasts, they finally saw that there were several extra-large packages placed behind them. If they weren't the treasures in the old patriarch's cave, what could they be?

"Did you really empty out the old patriarch's cave?"

Seeing this scene, Captain Liu felt incredible. They had only coaxed the two spiritual beasts for a few words at that time, but they did not point out that they could really empty out the old patriarch's cave.

Is this something a grandson would do?

However, does this also mean that the old patriarch is really deserted by everyone, and even his own grandson no longer wants to stay with him.

"We didn't know what the token was, so we had to move everything in the cave." One of the spirit beasts raised his paws in embarrassment, scratched his head, and said.

Originally they didn't want to go to that trouble, but they didn't know what the token in the old patriarch's hand was, so they had to take everything.

"Why don't you take a look and see which one is the token? We will only take the token with us. It would be too troublesome to carry so many things." Another spirit beast also said.

If the old patriarch knew this, he would surely chase him, right? They won't be able to escape then.

And if they fall into the hands of the old patriarch and make such a big mistake, they will be disabled even if they don't die, right?

Therefore, it is absolutely impossible to go back.

"What do you mean? You still want to follow us?"

Chapter 2929 Do they dare to believe it?

Hearing their words, Lin Changhong was stunned for a moment. After regaining consciousness, he quickly asked.

Nowadays, the spirit beasts have become so easy to coax, can they follow them just by saying a few words? At this rate, humans don't need to catch the spirit beasts, but can just coax them home.

But the reality is of course impossible. The spiritual beasts outside will only raise their claws when they see humans.

"Of course, we have nowhere to go. If I don't follow you, who will we follow?" The two spirit beasts said matter-of-factly.

They have been in Qianji Pond for so many years, not to mention being taken seriously, and even their basic rights to survival depend on the mood of the old clan leader. How can they still stay in such a place?

"Don't you want to take us with you?"

Suddenly, one of the spirit beasts asked.

"of course not."

Lin Changhong quickly shook his head.

There are two free spirit beasts to earn, so don't be a fool, okay?

It would be better if there were a few more. They would accept anyone who came. It would be best if each person could get one.

"Sangsang, can we take them with us?"

Turning his head, he looked at his sister and asked.

"It's definitely not possible to carry it directly with you like this." Lin Caisang shook his head.

They were accompanied by two spiritual beasts, and they were following the two that guarded the cave before. They were just living targets!

This can't be the case.

"That....."

"Put them together with these things into the golden beads first. When we enter the Forbidden Forest, we will see which one is the token." Sui Zimo said.

Now, none of them know which token it is, and the old patriarch is not in their hands yet.

And even if the old patriarch is in their hands, do they dare to believe what he says?

Don't fool them with a fake token, right?

Several other people agreed. There was nothing the old guy said that could be believed. They agreed that even if it was in Lu Tianfeng's hands now, it was still unclear who would end up in whose hands. .

"good."

Lin Caisang responded and directly put the two spirit beasts and the large and small bags into the golden bead space.

"We will separate these things when we get outside. As for the two spiritual beasts, they can follow whoever they want to follow." She said to everyone.

Naturally, everyone had no objection to Lin Caisang's words, and the group quickly headed towards the forbidden forest.

...

On this side, after leaving the cave and finally not being blocked by a large group of spiritual beasts, the old patriarch finally knew who had plundered everything in the cave.

"Those two are eating things inside and outside. When the leader of this clan catches them, I will beat them to death!"

Even though it was still tied up by Lu Tianfeng, it couldn't stop the anger in its heart and shouted into the air.

After being defeated by humans, it could still tell itself that humans are sinister, but now it was betrayed by its two grandsons. This was different.

She really never thought that she would be betrayed by her two grandsons whom she had always looked down upon.

"Useless things!"

Lu Tianfeng looked at it coldly and cursed coldly.

Since those two spirit beasts were guarding Lin Caisang and his group, no matter what he thought, it must have been those people who coaxed the two spirit beasts into hiding, which enabled the two spirit beasts to evacuate the cave of the old patriarch. .

Chapter 2930 Is it alive?

He really underestimated Lin Caisang and his group. They were able to coax even the spiritual beasts and let them steal the old clan leader's things. Isn't it much more convenient than the people around him?

It's really a good calculation!

However, even though he said this and disliked the old patriarch, he still took it with him and hurriedly and slowly arrived outside the Forbidden Forest.

Looking at the forbidden forest full of icicles, he couldn't help but frown.

I don't know if Lin Caisang and his group have entered the Forbidden Forest. If they have, they can still catch up, right?

"Come in with me!"

Turning his head, he looked at the old patriarch, dragged it over, and headed towards the Forbidden Forest, one man and one spirit beast.

"No, no, I won't go. If I don't have a token, I will die. I really will die."

The old patriarch was so frightened that he almost lost his soul. How could they enter this place? Now it doesn't even have a token in its hand. If it goes in, it will be death!

In its heart, it simply hated itself. How could it have been so soft-hearted and allowed those two unfilial things to live?

If those two things had been dealt with directly at that time when they were not doing their job well, there wouldn't be anything like what happened now. Moreover, it would be hot-headed and let them guard the cave.

Isn't this used to attract thieves?

But now, it actually has to be dragged by this human being into the Forbidden Forest without a token.

It's so dead and has no life, it doesn't want to go in at all.

But the fact is that under Lu Tianfeng's coercion, it had to go in!

What kind of thing is this? As the clan leader of Qianjitan, when have you ever felt so aggrieved? This has never happened before.

Now not only are the spirit beasts aware of the token, but it is not certain whether he will be the clan leader or not in the future. Even his own life cannot be decided by himself.

"Whether you can get in or not is up to you!" Lu Tianfeng glanced at it coldly and continued walking.

Whether it is for that person or for yourself, you must obtain the Corpse Suppression Seal. You must not take advantage of Lin Caisang and his group!

...

Lin Caisang's group of people have also entered the forbidden forest.

After entering the Forbidden Forest, Lin Caisang took out everything from the Golden Bead Space and finally found the so-called token.

"Is this a token?"

Everyone opened their eyes wide and looked at the Jade Rat in front of them who was holding a crystal spirit stone in one paw and playing hard.

"Is it alive?"

How could something made of jade be alive?

But the jade rat in front of me is really alive, able to move, play, and even chirp.

"That should be it." Lin Caisang nodded.

Her feeling is not wrong. This jade rat is the so-called token, and its hobby is to play with these spiritual things.

That's why the old patriarch keeps attacking the spirit beasts in Qianji Pond to snatch the good things from their hands.

"But, what use can it be used for?" Lin Changhong and the others were puzzled.

It's just a little jade rat, what good can it be? Is it for fun?

Of course, in this Forbidden Forest, everything is covered with ice. No matter how you treat it, the Jade Rat will not freeze, but it will not be damaged.

But in their opinion, it is really useless!

Did they understand it wrongly? In fact, the token was not this little jade rat, but something else?
