Chapter 2931 Communicating with a Jade Rat

That's possible, isn't it?

"That's it!"

Sui Zimo spoke with absolute certainty.

"Sonny, take all the other things back."

"good."

Lin Caisang raised his hand and directly collected the pile of things into the golden bead space.

The next moment, everyone saw the little jade mouse having fun. It seemed as if he was shocked, and the crystal spirit stone in his hand suddenly fell to the ground.

Then, like a real mouse, it swooped over, landed on Lin Caisang, and climbed onto her shoulders.

"Squeak, squeak, squeak!"

It pointed at her anxiously, as if asking: Is it mine? Where did you hide my things?

Everyone: "..."

It turns out that it is really this little jade mouse. Looking at its anxious look, you can tell that these things belong to it.

"I'm keeping the things. As long as you obediently help us get things done, I will return all those things to you when the time comes."

Lin Caisang raised his hand, grabbed it from his shoulder, and stuffed it directly into Sui Zimo's satchel.

"Squeak!"

The little jade rat was stuffed into the satchel, poked its head out again, and called Lin Caisang a few more times.

Lin Caisang glared fiercely, and the little guy shrank his neck and shrank back into his satchel.

Everyone: "..."

It's just a jade rat. How could it be so humanized? They would think it was a human being!

"Sang Sang, I don't know, you can still communicate with a jade rat." Lin Changhong said with a smile.

"Do you think I can communicate with it?"

Lin Caisang rolled his eyes and asked him angrily.

Is she communicating? It's obviously a threat!

However, I really didn't expect that a jade rat could actually be threatened by her. She had no one else.

"It doesn't look like that."

Lin Changhong shook his head.

"Whether it looks like it or not, as long as it can follow us obediently, that's fine. I don't know where the corpse-suppressing talisman will be?"

"I don't think even the old clan leader knows about this. We can only rely on us to find it slowly." Lin Caisang said.

The old patriarch is so afraid of death. He must have never been here before. He must not know what is in it and where it is placed?

Therefore, even if the old patriarch is with them, they still have to find it slowly.

"move on."

Sui Zimo said something, then supported Lin Caisang and walked forward.

In this forbidden forest, they don't know how long it will take to find some clues, and they don't have much time to waste.

The key is that there is Lu Tianfeng behind, watching them closely. If he knew that they had come in, even if they didn't have a token, he would definitely break in.

Everyone followed the two of them.

"Watch out!"

Before walking a few steps, Yue Chushui's sharp eyes saw an icicle falling straight from the tall ice tree, almost hitting Sui Zimo and Lin Caisang who were walking in front.

However, before Yue Chushui issued a warning, Sui Zimo had already led Lin Caisang to the other side in a flash.

With the roar of a heavy object falling to the ground, the icicle fell to the ground and shattered into ice shards, but at the same time, a medium-sized ice hole was made.

"hiss!"

Everyone gasped when they saw it.

Chapter 2932 Is there anything weirder than this?

If this was hit on someone, would there still be life? I'm afraid I'm going to be smashed into meat pies, right?

"I obviously looked at it... It was fixed before and it wouldn't move. How could it..." Captain Liu stared at the huge ice tree above his head, and then turned his attention to the broken ice. .

Because this place was really dangerous, he was very careful every step he took. The thing he was most wary of was the sharp icicles above his head.

And he had really seen clearly just now that the icicles were very strong and looked like they would fall down at any time.

"Everyone...be careful!"

Before Yuan Jue finished his words of reminder, he saw another icicle falling straight towards the trio of wallflowers.

However, the three of them had been on guard for a long time and retreated to the other side in time, so they were not hit. However, they saw with sharp eyes that where Yuan Jue and the others were standing, there was an ice stick above them. The column shook a few times.

"there....."

Yuan Jue didn't hear any movement at first, but he kept paying attention to the trio of wallflowers and successfully saw his own reflection in their eyes.

And the icicles above them that were about to fall.

He immediately reached out and lifted the female team member and Captain Liu, one in each hand, directly to the side.

After a while, the icicles fell again where they were standing.

"We can't stay here, let's keep going." Yue Chushui reminded everyone with a bad look on his face.

This place was too strange. He didn't even hear the sound of icicles cracking just now, but the fact was that those icicles were falling straight towards them.

Is there anything weirder than this?

"Walk."

Sui Zimo glanced at Lin Caisang, and the two of them walked forward.

But the group did not walk very fast, but walked slowly. Finally, after walking a long way, they were able to be sure.

"These icicles are sensitive to humans. As long as we stay under them for a long time, they will fall down," Lin Caisang said.

Others echoed her words and thought so too.

"Didn't you say that if you have a token, you will be safe here?" Lin Changhong frowned and asked.

Even if there is no complete guarantee, at least it is not like this, right? Those icicles fell towards them silently.

"You will be the first one to be hit."

Yuan Jue and Captain Liu looked at Sui Zimo at the same time.

The token jade rat was obviously on his body, but why was he the first one to be smashed?

Is there something wrong? The beginning of their entry into the Forbidden Forest shouldn't be like this, right? Even if other people were hit, Sui Zimo, who was carrying the Jade Rat with him, wouldn't be hit, right?

Unless, the jade rat is not a token at all, why is the token kept by Lin Caisang?

Sui Zimo was helpless at the moment. He didn't understand what was going on. He and his wife were both very confused.

"Sang Sang, Zi Mo, is this jade rat not a token?" Lin Changhong asked.

Hearing this, other people nodded, thinking that this jade rat was just used to fool people. How could it be a token?

After hearing his words, Lin Caisang, who was continuing to walk forward, shook his head.

"Probably not, this is a token."

Chapter 2933 All frozen

"Then what's going on?" Lin Changhong asked.

If the jade rat is a token, then what is the use of this so-called token? It cannot be used to prevent danger from happening.

"Isn't this so-called token just a cover?"

"That's not really the case, is it?"

"If this is really the case, then what's the use of this jade rat? It's better to just throw it away!"

Others couldn't help but murmur, and they couldn't help but guess, does this jade rat have any use? Isn't it really meant to bluff people?

If this is the case, then they will have to laugh.

"This jade rat will have an effect sooner or later, otherwise, it would not exist." Lin Caisang said.

She raised her eyes and glanced at her husband, both of whom were thinking about a possibility at the same time.

Perhaps the role of this jade rat is not to guard against these icicles at all, but to play its role at the most important and critical moment.

And in this Qian Ji Pond, what is the most important thing?

If he didn't think so, it would naturally be a corpse-suppressing talisman!

"Sangsang, what do you mean..."

Lin Changhong's eyes lit up, and he seemed to have thought of this possibility.

But he did not speak out, but chose to keep his mouth shut. Some things will be known to everyone when they are used, so there is no need to waste words at this time.

"What do you miss? Mr. Lin." Yuan Jue asked.

At this moment, he has not yet connected the jade rat with the corpse-suppressing talisman.

"nothing."

Lin Changhong immediately shook his head.

"What I mean is that if we stay here any longer, the icicles will hit us again, so we should keep walking forward. Just walk slowly, don't be in a hurry."

He changed the topic and spoke to everyone.

His sister is pregnant with a child, so naturally she can't walk fast, but in this place, it's impossible not to walk, otherwise they will be greeted by icicles.

...

Before entering the Forbidden Forest, you really can't tell how big it is.

But after entering, I realized that this forbidden forest is really not that big. It's so big that after walking for a long time, I couldn't see the edge at all.

Not even a single thing other than ice trees could be seen.

Finally, everyone was hungry, but they couldn't stop. They could only take out the dry food while walking, preparing to satisfy their own stomachs first.

It was only when they took out the dry food that they found that they couldn't eat it at all.

"My cake is frozen."

Captain Liu was the first to discover that his dry food had turned into ice, and he couldn't even chew it. He couldn't eat it at all!

"Me too, not only dry food, but also water." The female team member also said.

When she found that she couldn't bite the dry food, she looked at the water bag she was carrying, only to find that the water in the water bag had frozen into a piece of ice, so she could still drink it.

"The same is true for ours. It's inedible at all."

The same goes for the trio of wallflowers. They couldn't be eaten at all. They probably would have made a loud sound when they hit the ground.

"What should I do? You can't eat anything. Are you hungry?"

"Isn't this okay? If you're hungry in this place, wouldn't you have to die?"

Everyone was worried. There was nothing to eat. In normal times, as a cultivator, it would be okay to go without food for a few days.

Chapter 2934 It gives us an advantage

But this is the Forbidden Forest of Qianji Pond. If they don't have spiritual power to resist the cold, they will be frozen into lumps of ice. To use spiritual power, you must first have strength.

If enough food were added, they would soon be exhausted.

"Sang Sang, Zimo, what's going on?" Lin Changhong looked at his sister and brother-in-law and asked.

Generally speaking, food is also very important to people who practice spirituality, so they will also subconsciously use their spiritual power to protect their food, so that food or water will not be frozen. .

But now, the food they brought with them was frozen.

"There should be some restrictions in this forbidden forest, and freezing food should be one of them."  
Suizi Mo said.

"Then what shall we eat?" Captain Liu asked.

"Are you hungry?" Lin Caisang asked him.

"Well."

Captain Liu was choked by her question.

Yes, is he hungry?

He also asked himself in his heart, and the answer was, not very hungry.

Because they knew from the moment they entered Qianji Pond that this was a world where they could survive without eating, so naturally they wouldn't be too hungry.

However, for people like them who are already accustomed to eating, even if they are not hungry, they will still want to eat when the time comes.

Habits cannot be controlled, okay or not.

"If you want to eat, just eat a little."

Lin Caisang took out some fruits from the Golden Pearl Space and placed them in front of everyone.

She had roughly calculated that it would take some time for things like food to be completely frozen in the Forbidden Forest.

Then if she takes out the food from the Golden Pearl Space for everyone, they can still eat it, and they are not afraid of being hungry by then, but she has to take something out from the Golden Pearl Space every time.

However, she had put all those things in, so she was not afraid that they would know that there was a space hidden in her body.

Seeing the fruit, Captain Liu couldn't help but rub his palms.

"Captain Lin, it's you again. You brought so much fruit with you, so you gave us an advantage."

Although he said this, he still took the fruit basket from Lin Caisang's hand very politely, and then took the initiative to do the logistics work and share the fruits with everyone.

"Come on, come on, don't be polite, everyone, eat quickly. Only when you are full will you have the strength to go on the road."

Everyone: "..."

Captain Liu, you are quite rude, taking other people's things as a favor, the real owner is watching over there.

But everyone was not polite and started eating the fruit. To be honest, they didn't know whether it was reliable to survive without eating in Qianjitan.

I wonder if their bodies will change after leaving Qianji Pond.

...

On the other side, Lu Tianfeng dragged the old patriarch, also constantly avoiding the icicles that smashed them to death.

But on his side, it was much worse.

Dragging an old patriarch who was greedy for life and afraid of death, and listening to it whining and holding his head, he really wanted to beat the old patriarch to death with one palm.

If it weren't for the fact that he could get something useful from the old patriarch, he would really do this.

"You could die. I told you not to come in. It could really kill someone. Why didn't you listen?"

"That's enough, shut up!"

Chapter 2935 Icicle doesn't recognize us

Listening to the old patriarch's constant muttering, Lu Tianfeng couldn't bear it anymore and kicked it.

No matter what the death, what he hates the most is those who don't know how to fight at the moment of life and death, but only know how to hold back. Spiritual beasts are no exception.

This old clan leader has simply lost all face to their spiritual beast clan.

He has never seen a guy so greedy for life and afraid of death!

"If you curse again, I will send you to death right now!"

"you--"

When the old patriarch heard what he said, a bad breath caught in his throat and he looked up at him.

What's wrong with being afraid? It had never thought about entering the Forbidden Forest. This place, it knew early on, was not a good place, and not just anyone could come in if they wanted to.

Now that they are in danger, can't they let them talk about their pain?

However, it only dared to think about these words in its heart, but did not dare to say it openly. It could not offend the human being in front of it now. This person would really kill it.

"No more, I won't say any more."

"snort!"

Lu Tianfeng snorted coldly and turned to look at the big hole that had been smashed out.

He couldn't understand why those icicles that looked so solid fell down, and the icicles around them didn't respond, but the icicle above their heads just fell straight down.

What's going on?

"Let's go, keep moving forward!"

No matter what the situation was with these icicles, he only knew one thing: he had to get the corpse-suppressing talisman. This was a must.

"What? Are you still going forward?"

The old patriarch couldn't believe it after hearing what he said.

It thought that this human being would go back after seeing the dangers of the Forbidden Forest, and it would escape from danger as well.

Who knew that this human being still wanted to go there? What on earth did he want to do?

"No, we really can't go any further, we will die. Those icicles don't recognize us, they will definitely smash us...ah!"

Before he could finish his words, Lu Tianfeng stepped on his paw, and the screams suddenly rang out, causing the ice trees around them to shake a few times.

"shut up!"

Lu Tianfeng cursed harshly again.

Don't you think they have enough trouble? He believed that these icicles felt their presence and fell straight towards their heads.

The purpose is to let them die.

I guess those spirit beasts from the past who came in by mistake were killed by icicles unknowingly, right?

"Walk!"

"I....."

The old patriarch was forcefully dragged away by Lu Tianfeng, but in fact it really didn't want to leave.

But if it refuses, and it cannot refuse, what can it do?

"This place is really not a good place. Let's not leave, shall we? Go back?" It still wanted to give some advice. It would be best to go back. It really doesn't want to die here.

"Shut up!"

Lu Tianfeng took a deep breath and dragged it forward regardless of the old patriarch's objections.

...

"Are you tired? Let me carry you away?"

Sui Zimo looked at Lin Caisang and asked softly.

In this forbidden forest, those icicles may fall at any time, so everyone must move around, whether it is day or night.

And this kind of consumption is really huge. No matter who you are, it's impossible for you to stay awake all the time, right?

Chapter 2936 Is there anyone? Who?

The setting of this place is to prevent people from resting and to move around endlessly without stopping.

"fine."

Lin Caisang raised her eyes, glanced at him, and said.

It's just that everyone knows in their hearts that continuing like this is definitely not the answer, as it will consume too much physical energy.

Even though there is no need to eat in this place, everyone needs to sleep. It will be okay for a few days. If this continues, who can bear it?

"If we can hold on a little longer, but it's too much to bear, let's just go to the space and rest for one night before leaving." She suggested.

There is no good way now. We can only enter the Golden Pearl Space to rest. Otherwise, what else can we do?

"good.

Sui Zimo nodded.

"I thought we still had to find the old patriarch. Maybe there would be some useful clues in his mouth. At least it wouldn't keep us wandering around here."

he said.

After hearing his words, everyone nodded.

This place is so big that it is really difficult to find where the corpse-suppressing talisman is hidden.

"Old patriarch?"

Lin Changhong frowned. He really didn't like the word "old patriarch".

"Then a spiritual beast that is greedy for life and afraid of death will come to the Forbidden Forest to die? What's more, the food is still in our hands."

"It won't, but someone will," Lin Caisang said.

"Is there someone? Who?"

Lin Changhong asked, but before anyone else could speak, he had already thought of it himself.

"Sang Sang, are you talking about Lu Tianfeng? Does that guy dare to break into the Forbidden Forest without food?"

Although he asked this question, he knew very well in his heart that Lu Tianfeng really dared to go in in order to get the corpse suppressing talisman.

After all, the corpse-suppressing talisman is something that every evil person wants, a good thing that can make them do evil!

"It's just that the Forbidden Forest is so big, how do we know where that guy will go? What if it's not in the same direction as us?"

Everyone: "..."

This is really a big problem. If Lu Tianfeng and them were not walking in the same direction, they might not meet them.

Originally, it was not easy to encounter him in such a large forbidden forest.

"Don't worry about that."

Sui Zimo smiled lightly and looked down at his wife.

"Sonny, call them out. Only with them are Lu Tianfeng able to catch up."

"Them? Who are they?" Others asked in confusion.

However, Sui Zimo did not answer their questions, but Lin Caisang directly moved the two spiritual beasts that wanted to leave with them out of the Golden Pearl Space.

"Well."

Two spiritual beasts were eating delicious fruits when suddenly the environment in front of them changed, which really scared them.

"It's them."

Everyone finally understood that if it were these two spiritual beasts, it would really be possible.

The old patriarch must be able to use special methods to sense the scent of his descendants, so that he can know whether any spiritual beast has entered his cave.

As long as they are released, Lu Tianfeng goes without saying, but with the old patriarch's fear of death, he will definitely follow their scent.

"Then do we have to wait here?" Yuan Jue asked.

It feels like no matter what direction I take now, I don't know where I will end up.

"Wait?"

Lin Caisang raised his eyebrows, then looked up at the icicles hanging above his head and shook his head.

Chapter 2937 What do you want?

"Keep moving forward, I can't wait.

Everyone: "..."

Only then did I realize that I really couldn't afford to wait. I couldn't stand in this place for too long.

"Let's go, Lu Tianfeng will catch up."

Everyone continued to walk forward. The two spirit beasts looked at you and then at him, and they had no choice but to follow suit.

"Are you talking about grandfather? Will he come here too?"

If you say you're not worried, you're definitely lying. The old patriarch is what they fear most. If they meet him again, he will definitely beat them to death.

"Don't worry, we will protect you and won't let you get hurt in any way. Lin Caisang made a promise.

The old patriarch had better not follow Lu Tianfeng to do evil, otherwise, they will never let him go. If Lu Tianfeng does evil, they can let him go now for the sake of the overall situation, but the old patriarch is different.

"Really?"

When the two spirit beasts heard her words, their eyes suddenly lit up.

If this is the case, then they will be relieved, and they will follow her from now on. Anyway, there are so many delicious food in her space, and they have not eaten enough.

...

Time passed slowly.

On the other side, Lu Tianfeng didn't dare to stay in the same place for too long because the icicles kept falling down and silently.

"Etc., etc."

Just when Lu Tianfeng was dragging the old patriarch and trying to move forward, he suddenly heard the old patriarch's voice.

"What do you want?" Lu Tianfeng glanced at it with cold eyes and asked.

"I...I seem to smell the breath of those two unfilial grandsons. The token is in their hands, so I must get it." The old patriarch said quickly.

Although the human being in front of him is what it hates.

But his own life is the most important thing. Getting the token so that he is not in danger is what needs to be done immediately.

"What?!"

Hearing its words, Lu Tianfeng felt happy.

Doesn't this mean that Lin Caisang and the others are nearby? As long as he finds them and gets the token, will he be able to get the corpse-suppressing talisman?

However, he didn't think that he could get the corpse suppressing talisman just by getting the token. This old guy must have a very important role.

It should still know something, but it hasn't said it yet.

Thinking of this, he reached out and picked up the old patriarch.

"Tell me, what else have you not said about this Forbidden Forest? If you say it now, I can still consider letting you leave here alive. If you don't say it, then I will tie you here and not be able to move!"

"you--"

The old patriarch was almost angry to death by his words.

It had just told this human about the news of his grandson, and he wanted to threaten it into telling it a secret that only it knew.

Don't think that it doesn't know. If it tells all those secrets, once it finds the token, there will be no need for its own life. Then there will only be one word of death!

It has been the leader of the clan for so many years, so he is not a fool, right?

"I really don't know. Regarding this Forbidden Forest, no spiritual beasts in Thousand Machine Pond know anything about it. We are only prohibited from coming here, so how can we know what's inside."

It pretended to be innocent and said to Lu Tianfeng.

It is impossible to know its secret, and it will not tell the secret so casually.

Chapter 2938: Strike first!

Don't think it doesn't know. As long as it doesn't say anything, what can this human do to it? If it kills it, then it will have nothing left to gain.

"Even if you kill me, I can't make up something you don't know."

"you--"

This time, Lu Tianfeng had a bad breath stuck in his throat.

Is this a disguised threat to him? If he kills it, he will not get any secrets. Also, if he presses again, he will make up some unreliable things?

This old beast is really not ordinary slippery!

"hiss!"

He took a deep breath, picked up the old patriarch, and dragged him forward.

"Since you don't want to say it, then don't say it. You will have to say it when the time comes. When the time comes, we will wait and see what your end will be!"

"laugh."

The old patriarch sneered, not believing his nonsense.

As long as it finds its two unfilial grandsons and gets the token in its hands, it can leave this ghost place directly. Who will stay here to accompany them to death?

Therefore, when it sees those two evil obstacles, it must strike first!

...

There is one person and one spirit beast. Although I can always smell the breath of the two little spirit beasts, it is still difficult to actually find them.

It wasn't until two days later that they tracked Sui Zimo and his party.

However, when they saw Sui Zimo and his party, they didn't see the two little spirit beasts at all, only a few people in the group.

"Didn't you say you smelled the breath of those two spiritual beasts? What's going on?" Lu Tianfeng looked at the old clan leader and asked coldly.

There are only Sui Zimo and Lin Caisang here, so where are the spiritual beasts?

Could it be that those two spiritual beasts came alone and were not able to be with Lin Caisang and the others at all? Was he thinking wrong before?

At this moment, the old patriarch also looked confused.

It obviously came here smelling the scent, but when it got here, it didn't see its two evil grandsons. Could they still be invisible?

"I...I don't know what's going on. Otherwise, we can go over and ask...uh!"

Before it could finish its words, Lu Tianfeng slapped it in the face and turned its head sideways.

"idiot!"

Lu Tianfeng couldn't help but curse.

What they have to do now is to secretly follow Sui Zimo and Lin Caisang. How can they ask them?

"Do you want to go there and die?"

"I....."

The old patriarch wanted to say, what is the difference between it being in the hands of this human being and going to that group?

There is no difference at all.

But in this case, it has not been said out loud because it does not dare to be said.

His life is not threatened, because this human still has secrets that haven't been pried out of its mouth, but it will still hurt after a few hits.

"Otherwise, what should I do? I can sense that the two evil obstacles are here, but I don't know where they are hiding."

"Can you still feel it?"

Lu Tianfeng was stunned for a moment, then looked at Sui Zimo and Lin Caisang's group.

In other words, the token was really in the hands of that group of people, and his previous guess was correct.

"In their hands, it will be much easier to handle."

He gritted his teeth and looked deeply in the direction of Sui Zimo and the others.

Old patriarch: "..."

It looked at Lu Tianfeng speechlessly.

Chapter 2939 Wait? What are you waiting for?

No matter how strong this human being is, can only one person fight against so many people?

What's more, it looked at the cultivation level of this human being and those people, and it was not as good as those people. Although it couldn't defeat this human being, how could he win when humans fought against humans?

"What do you want? Those people are watching, they are not easy to bully!" it reminded Lu Tianfeng.

It's not that it doesn't want this human being to die directly, but now it and this human being are related. If this human being dies, what will be its fate?

Now it cannot estimate itself.

So for now, it should follow this human for the time being. After he gets the token first, it will find a way to snatch it away and leave this ghost place.

Hearing this, Lu Tianfeng took a deep look at the old patriarch.

Doesn't he know that these people are not easy to bully, and his magical weapons can only be used at the most critical times, and can no longer be wasted casually.

Therefore, for the time being, it is better to follow them and think carefully about how to get the token.

"Zimo, do you feel it?"

Among the group of people walking in front, Lin Caisang glanced sideways at her husband and asked.

"Um."

Sui Zimo nodded.

How could he not sense that Lu Tianfeng and the old patriarch were behind them at the moment.

He was so evasive, thinking that they wouldn't notice it, but it was really ridiculous to think about it!

"Are you going to snatch the old patriarch over directly?" Lin Changhong came over and asked.

"Yes, Captain Lin, do we want to snatch the old patriarch over directly?" Captain Liu also came over. As long as Captain Lin said a word, all of them immediately went out to snatch the old patriarch over.

"Ah."

Lin Caisang smiled and continued to look at her husband.

"Zimo, what do you think?"

"Wait, then."

Sui Zimo slightly curled his thin lips and said.

"Wait? Wait for what?"

Even Yue Chushui didn't understand. What were they waiting for?

Lu Tianfeng was following them like this, obviously he wanted to steal their tokens, wasn't he?

"Of course I'm waiting for someone to come to me and ask for cooperation." Lin Caisang said.

"What do you mean?" Lin Changhong was confused.

He knew that the person his sister was talking about must be Lu Tianfeng.

But what can they do to cooperate?

"You said, what could be more anxious than getting something that he desperately wants but can't see?" Lin Caisang asked.

"Well."

Everyone understood that this was talking about Lu Tianfeng, because Lu Tianfeng must be eager to get the token now!

But what's the use of being anxious? Can I still eat it if I am anxious?

"I don't understand." Captain Liu shook his head.

"fool!"

Lin Changhong rolled his eyes at him.

"Lu Tianfeng wants to get the token, but he can't get it now. Not only can he not get it, he doesn't even know where the token is."

After hearing what he said, everyone thought about it and realized that he was indeed right.

As soon as they sensed that Lu Tianfeng and the others were nearby, they hid the two spirit beasts, so Lu Tianfeng didn't see them at all.

Since he doesn't know, he must be scratching his head now thinking about where the token is, right? Even if he was sure in his heart that they were here, he didn't know where they were hiding.

What's more, Lu Tianfeng knew that Lin Caisang had a space where he could hide things.

Chapter 2940 When crying with joy

In that case, it would be impossible for him to get the token.

So, what will Lu Tianfeng do in the end?

Soon, everyone understood and couldn't help but widen their eyes.

"Captain, do you mean that shameless Lu Tianfeng will come back to us for cooperation?" one of the three people on the wall asked.

This is entirely possible, and it is very possible!

However, this is really shameless. After all, they were at odds before. Can Lu Tianfeng really make up his mind to come to them for cooperation?

"Ah."

Lin Caisang chuckled and said nothing more.

...

On the other side, Lu Tianfeng was also very confused, wondering whether he should cooperate with Lin Caisang and the others.

He didn't worry about his own face, but he didn't believe that Lin Caisang and the others were determined to get the Corpse Suppressing Talisman.

But if they cooperate with Lin Caisang and the others, doesn't that mean that they will go to the place where the corpse-suppressing talisman is hidden together?

At that time, it is not certain whether the corpse-suppressing talisman will still be in his hands.

After all, along the way, it was obvious that his luck was much worse than that of Lin Caisang and others. There was no comparison at all.

He felt that if he really cooperated with Lin Caisang and the others, the corpse-suppressing talisman might not be his, which was why he was very entangled in his heart.

But what can we do if we don't cooperate?

The token is obviously in the hands of the group of people opposite, but he can't see it.

If he didn't cooperate, he wouldn't even be able to touch the corners of the corpse-suppressing talisman.

"call!"

He took a deep breath and exhaled heavily.

In the end, he still had to choose the path he least wanted to take and cooperate with the group of people on the opposite side.

"Walk."

"Go? What are we going to do? Are we leaving here? That's great." The old patriarch only heard the word "go" and thought Lu Tianfeng was going to take it out of this ghostly place in the Forbidden Forest.

Just as it was crying with joy, it was still glared at by Lu Tianfeng.

"Is this what you always wanted to leave here?" Lu Tianfeng asked it.

"Well."

The old patriarch choked at his words, his eyes evaded, and he didn't know what to say.

Of course it hopes to leave the Forbidden Forest. After all, it was almost killed by icicles several times before. Who would want to stay in such a dangerous place?

"Old man, do you think that when you go outside, the spiritual beasts outside will still recognize you as the leader of the clan? They are just eager to eat your flesh and drink your blood, right?"

Lu Tianfeng reminded it rudely.

"Well."

The old patriarch was choked again.

In fact, it really wanted to yell loudly at Lu Tianfeng. Isn't this all his fault?

If he hadn't had to drag it into the Forbidden Forest, how could it have said in front of all the spirit beasts that it needed a token to enter the Forbidden Forest?

If the spirit beasts don't know about the token, it will still be their clan leader. Who dares to resist it?

But now, it's really not sure whether those spiritual beasts will pounce on it and kill it if it really goes out.

With so many spiritual beasts rushing forward, no matter how powerful it is, it is impossible for it to survive.

If you think about it this way, it feels that there is nothing wrong with being in the Forbidden Forest like this.
