

Star of Space 2941

Chapter 2941 So much nonsense

Moreover, the human being in front of him obviously came here for something in the Forbidden Forest, and it was simply impossible for him to leave like this.

It seems that it is still too naive.

"Then where do you want to go?"

After thinking clearly that Lu Tianfeng would never leave the Forbidden Forest unless he got what he wanted, the old patriarch could only ask.

"Where to go?"

Lu Tianfeng looked the old patriarch up and down with evil intentions.

"Of course I will take you to negotiate terms with those people."

"What?!"

Hearing Lu Tianfeng's words, the old patriarch screamed, almost thinking that he heard wrongly.

"You... what you want to do, I don't know anything. You... you don't want to use me for anything, I... I really have no use value."

This human being doesn't want to threaten those people with his life, right?

But what's the use? Those people who lived in its cave before had a purpose, so naturally they can't save it now.

But after hearing the old patriarch's words, Lu Tianfeng sneered.

Of little value? The value of this old thing is very high. At least it can give him the possibility of getting a token and finding the corpse-suppressing talisman, right?

As for after cooperation, he can find a way to get the so-called token, but this is a bit difficult.

"That's a lot of nonsense, let's go!"

"No, no, I don't..."

The old patriarch still wanted to resist, but Lu Tianfeng would not give it a chance and dragged it away quickly to Lin Caisang and the others.

"Captain Lin, Mr. Sui, could you please stop and say a few words?" He looked at Lin Caisang and suggested with a smile.

"What do you want to say? You can say it while walking."

Lin Caisang would not stop for Lu Tianfeng. Besides, she didn't dare to stop, and the icicles above her head would not let them stop.

As for the others, none of them paid attention to Lu Tianfeng. They just ignored him and followed Lin Caisang and the others forward.

"You... you..."

Lu Tianfeng was really angry when he saw their attitude towards him, and he was going crazy inside.

But what can he do? Now he needs to beg the people in front of him, so he can only lower his head first, obey Lin Caisang's wishes, and walk on.

"good!"

He took a deep breath, dragged the old patriarch, and spoke to Lin Caisang and the others.

"You got this old guy's token, right?"

Without mincing words, he asked directly.

"Ah."

Lin Caisang sneered and glanced sideways at him.

"So what if it is, so what if it's not?"

"As expected, it was you who took these things. Return the token to me quickly!"

Before Lu Tianfeng could speak, the old patriarch who was dragged away by him started to curse angrily.

"Also, bring back my clan leader's two unfilial grandsons. If they dare to steal my clan leader's things, they are still evil while they are still alive. My clan leader must beat them to death!"

Everyone: "..."

An old spiritual beast who was tied up and dragged away dared to talk nonsense about who he wanted to kill?

I'm afraid this guy is sick, and he's seriously ill.

Lu Tianfeng did not disappoint everyone. He slapped the old patriarch on the mouth, causing him to scream and blood came out of his mouth.

"you you....."

This human being actually beat it in front of so many people?

Chapter 2942 The most sensitive topic

"You, you, do you really think you are so important? If you piss me off, I will kill you anyway!" Lu Tianfeng took the lead and threatened.

"you--"

The old patriarch had a bad breath stuck in his throat and had to swallow all the curse words.

It also knows that its life is in the hands of the human in front of it. If it dares to talk nonsense and make this human anxious, it will really attack it.

"Didn't you hear? They just stole my token. If they hadn't stolen it, how could there have been so many dangers along the way?"

Although it no longer curses, it chooses to provoke.

It's just that Lu Tianfeng needs to get the token from Lin Caisang now, so how could he fall for such a simple provocation by the old patriarch?

I saw him sneer again.

"Can you try saying one more thing?"

"Well!"

The old patriarch was successfully stopped by his words, because it felt a strong murderous intention and was heading towards it.

Does this human really want to kill it?

No, no, if it dies, then they will never be able to find what they want. To that place, it is the only one who knows the general route.

However, although it told itself in its heart that it was still very useful to them, it was still very sensible and stopped talking.

"Captain Lin, Mr. Sui, can we talk now? I have it in my hand, and you have the token in your hand. How about we cooperate and find the corpse suppressing talisman together?"

When Lu Tianfeng saw that the old patriarch was silent, he asked Lin Caisang and Sui Zimo.

"Let's go look for the corpse suppressing talisman together?"

Lin Caisang looked at him with a smile on his face.

That's a good thing to say, but I'm afraid that's not what you think in your heart, right?

"I would like to look for it together, but after we find it, who will own it?" She pointed out the problem sharply.

This is the most critical issue, and it is also the thing that Lu Tianfeng cares about most. Naturally, he will not give the opportunity to obtain the Corpse Suppressing Talisman to Lin Caisang and the others!

When Lin Caisang mentioned this, Lu Tianfeng also fell silent.

The most sensitive topic in his heart was still brought up. Shouldn't this topic be hidden?

Even if he wanted to get the corpse-suppressing talisman by himself, he would not say it directly, and Lin Caisang and the others would naturally not say it in front of him if they wanted to get the corpse-suppressing talisman.

Some things wouldn't be good if they were revealed, so why bother?

But it was obvious that Lin Caisang failed to satisfy him and raised the issue directly.

"This... naturally comes to those who are destined to get it." He twitched the corner of his mouth slightly and said.

"hehe."

Looking at Lu Tianfeng, she really wanted to laugh.

Her eyes are clearly filled with calculations. Do you really think she is stupid and can't you see it?

"Lu Tianfeng, do you think I am stupid, or do you think you are stupid?" She looked at him and asked.

Lu Tianfeng: "..."

So what else do they want? Is it possible that he still wants him to hand over the old patriarch directly, and then promise that he has no thoughts about the corpse-suppressing talisman?

Then they think too wonderfully, right?

"Then what do you want?"

He took a deep breath and asked with a smile on his face.

Hearing his words, Lin Caisang shrugged his shoulders and chuckled.

"So, what if you don't want to."

Chapter 2943 Want to fight

"you--"

Lu Tianfeng was almost mad at her.

"It seems that Captain Lin doesn't want to cooperate anymore, right?"

It seems that these people don't want to cooperate, so he has nothing left to stay here. I don't believe that without the token, he won't be able to get the corpse suppressing talisman.

The old patriarch is in his hands. As long as he knows where the corpse-suppressing talisman is hidden, can he still not get in?

"That's the case, I haven't been here before."

Turning around, he wanted to drag the old patriarch away, but...

He just turned around and saw Yuan Jue and Captain Liu, who had already blocked their way.

"What's the meaning?"

He narrowed his eyes dangerously and looked at the two of them.

Does he want to fight and keep the old patriarch in his hands?

Haha, did they really think that he would come here to cooperate with these people without preparation? Do you still dare to jump out and find trouble with him?

"Do you think you can defeat me?"

"I don't know, but you can try." Yuan Jue said.

He really wanted to give it a try. He had to get the old clan leader so that they could find the corpse-suppressing talisman.

"Ah."

Lu Tianfeng sneered.

He can even control the old patriarch, so how can he be afraid of a few of them?

Although he wants to save the magic weapon in his hand for the most critical time, if these people dare to stop him, then he will naturally not be polite, right?

"Then let's try it."

"Just try it, will we still be afraid of you?" Captain Liu raised his chin and looked sideways at Lu Tianfeng.

Although they know that cooperation with Lu Tianfeng is inevitable, they cannot let their own people be at a disadvantage, so it is still necessary to give Lu Tianfeng a show of strength.

"Captain Yuan, Captain Liu, please get out of the way first."

Seeing that the three of them were about to start a fight, Yue Chushui walked out and then spoke out.

"Sister Sang Sang, in fact, it would be beneficial to cooperate with Mr. Lu. Otherwise, we should go find the Corpse Suppressing Talisman together. As for who can get it in the end, it depends on chance."

Turning his head, he looked at Lin Caisang, pretending to be persuasive.

"After all, it is the corpse-suppressing talisman. It is something that can be encountered but cannot be sought. It is not something that anyone can get if they want it, right?"

As he spoke, he glanced at Lu Tianfeng with disdain.

With Lu Tianfeng's weak energy, he can't get it just because he wants to get the Corpse Suppressing Talisman, right?

What's more, when there are several of them blocking it, Lu Tianfeng is the only one who can get the corpse-suppressing talisman. Even if he uses the magic weapon, it should be useless, right?

"Zimo, what do you think?"

Lin Caisang did not immediately obey Yue Chushui's words. Instead, he looked at Sui Zimo and asked what he meant.

Hearing this, Sui Zimo turned his eyes and looked at Lu Tianfeng.

"It seems that Mr. Lu didn't get anything good along the way. Since he wants to find the corpse-suppressing talisman, let's go look for him together. We can't let Mr. Lu really get nothing. Bai Laihai A trip to the forest?"

he said.

Lu Tianfeng: "!!!"

This is obviously a life attack. He didn't get anything along the way, so what?

Even if he didn't get anything before, it doesn't mean that he is unlucky. He will be snatched away by the people in front of him, even with the corpse suppressing talisman, right?

"Master Sui means that we can cooperate?" he asked.

Chapter 2944 Even if you fight to death

Huh, let them be proud. He must get the corpse-suppressing talisman. Even if he uses up all the magic weapons, he will not hesitate.

"Cooperation is fine, but Mr. Lu, you'd better not put your ideas on us. After all... no one is stupid."

Lin Caisang smiled lightly and warned Lu Tianfeng.

Just like they need the old patriarch, Lu Tianfeng also needs the token in their hands.

"Haha, each other." Lu Tianfeng said with a smile.

Although he said this, it was unknown what he was thinking in his heart.

Seeing Lu Tianfeng, Lin Caisang and the others reaching an agreement, the old patriarch suddenly had a bad feeling in his heart.

If these two gangs get together, wouldn't it be doomed?

These people will definitely try their best to pry out the secrets it knows from its mouth. It will definitely be tortured. What if it can't bear the torture by then?

"You, you actually want to cooperate, how is this possible..."

It looked at the two groups sadly, almost wanting to use its own body to isolate Lu Tianfeng and Lin Caisang.

"What, do you have any objections to our cooperation?" Lin Changhong looked at it and asked sadly.

This old thing is not a good thing. Now that it has fallen into their hands, don't even think about getting better.

"I....."

The old patriarch looked at Lin Caisang and then at Lin Changhong. These two almost identical faces were so angry that he wanted to vomit blood.

Turning its head, it looked at Lu Tianfeng.

"My clan leader tells you that if you dare to cooperate with these people, my clan leader will not tell you anything. Even if you risk your life, you will not get any secrets from my clan leader's mouth."

These words can be regarded as a serious threat. After all, everyone in front of them wants to get the secret of the old patriarch.

But even if the old patriarch said this, no one present would frown.

It's just an old beast that has been caught. What else do they have to worry about?

What's more, he is still an old beast who is so afraid of death.

If they make a move casually, this guy will probably reveal all the information he knows, right?

"Then you'd better guarantee that you won't say a word in the future. Otherwise, you should know what will happen to you, right? Old patriarch!"

Lin Changhong said to it.

"you....."

After hearing his words, the old patriarch felt a bad breath stuck in his throat.

However, what can it do? It is also very desperate. After all, it is the one who is caught, and it has no room to fight back.

"Are you sure you want to cooperate with so many people?"

It looked at Lu Tianfeng again, trying to persuade him to stay farther away from these people.

Because it knows very well that as long as these two groups of people unite, it will really have no way to survive, and its death will not be far away.

How could this be? It still wants to live.

"There are so many of them. How can you, the people, find the treasure in the Forbidden Forest and snatch it away from them? Aren't you going to make wedding clothes for others by then?"

Are you stupid? You are being taken advantage of by these people and you don't even know it. "

Listening to its words, Lu Tianfeng just sneered.

Without cooperating with Sui Zimo, Lin Caisang and the others, would he be able to find the corpse suppressing talisman on his own?

Chapter 2945 What a forbidden forest!

The token was not in his hand, so there was no way he could find the corpse-suppressing talisman. What's more, he always had a feeling in his heart that this so-called token was not actually used on a large scale in the Forbidden Forest. .

Perhaps, the purpose of the token is just to find the corpse suppressing talisman.

So Lin Caisang and the others...

'boom--'

Before he could finish his thoughts, he heard a loud noise behind him and a large icicle fell down, hitting the ground directly and creating a large crater.

The place where the pit is located is where Yuan Jue and Captain Liu stood before to block him.

At this moment, a big hole has been dug.

"Ah, ah!"

When the old patriarch saw such a scene, he was so frightened that he couldn't even speak. He could only make a few ahhhhhh sounds.

They had almost been hit by icicles before, but not as big as this time. If the icicle was hit by the size of this icicle, even if the body of this spiritual beast was huge, it would not be able to withstand it and would be hit directly. Into patties.

Lu Tianfeng was also frightened, and he finally understood why Lin Caisang and the others said before that they could just talk while walking.

Is it because you simply can't stop?

He has realized that as long as he stays in the same place for a short period of time, the icicles there will fall down, and they will do so quietly.

It's a pity that he was almost hit many times before, but he didn't even think of this possibility.

"What a forbidden forest!"

This makes people don't even have time to rest. Fortunately, he has been looking for Lin Caisang and his group in order to get the token. He has been on the road and has no intention of stopping to rest.

Otherwise, he might really be smashed into a meat pie!

"Let's go, let's go quickly, it's too scary here." The old patriarch was also frightened. Although he was restrained by Lu Tianfeng, he still wanted to run.

Looking around, the icicles on all the ice trees here were much larger than what they had seen before.

If this was hit on it, it would be a sure death!

Is there still a way to survive?

"Walk."

Lu Tianfeng no longer hesitated and continued to drag the old patriarch forward.

Lin Caisang and the others were following him not far behind. She glanced sideways at Sui Zimo, then raised her head and glanced at the ice tree above her head.

"Zimo, do you feel..."

"Um."

Before she could finish speaking, Sui Zimo nodded directly.

Naturally, he also felt it. Along the way, the icicles above his head were getting bigger and bigger.

"This is a good sign."

"Too."

Lin Caisang also nodded.

"Zimo, Sangsang, what are you talking about?" Lin Changhong was near them. After hearing this, he suddenly felt confused and leaned his head over and asked.

"The bigger the icicle is, it means that what we are looking for may be closer to us." Lin Caisang looked around and explained in a lowered voice.

Now that there is Lu Tianfeng in the team, no matter what he says, he has to be careful.

"This...it seems to be true!" Lin Changhong couldn't help but nodded.

"So, we are getting closer to the corpse-suppressing talisman? Then why do we still have to bring the burden of the old patriarch? And also bring the trouble of Lu Tianfeng?"

he asks.

Neither Lu Tianfeng nor the old patriarch was what he wanted to see.

Chapter 2946 That is its life-saving talisman

"It's safest to take the old patriarch with you." Sui Zimo said in a deep voice.

At this moment, none of them knew where the corpse-suppressing talisman was. Or could it be that the corpse-suppressing talisman was not in the Forbidden Forest, but under the water?

This is also possible.

But no matter what, since there is such a role as the old patriarch, it must play a very crucial role.

I took the old patriarch with me just in case.

"It's insurance, but isn't it owned by Lu Tianfeng?" Lin Changhong said angrily.

After hearing his words, Sui Zimo and Lin Caisang chuckled in unison.

Now that the old patriarch is in Lu Tianfeng's hands, so what? There are so many of them, can't they still defeat one Lu Tianfeng?

Even if the old patriarch is always in Lu Tianfeng's hands, it doesn't matter. Whether they try their luck or their strength with Lu Tianfeng, they will never lose to him, right?

"Just wait, you will always have a chance to take action against Lu Tianfeng." Lin Caisang said.

"real?"

Lin Changhong's eyes lit up and he asked.

He has been looking down on that guy for a long time and has always wanted to beat him up.

Of course, he himself is self-aware. It is impossible for him to defeat Lu Tianfeng alone, but there are so many people here. With so many people together, can they still defeat Lu Tianfeng?

"Then I'll wait."

He raised his hands and rubbed his chest vigorously, excitedly.

"Just wait, now it's time to hurry up." Lin Caisang said with a smile.

"But actually, I think what we should do most now is to teach the old patriarch a good lesson and make him say everything he needs to say."

she added.

"That's its life-saving talisman. You won't say it easily, right?"

Before Sui Zimo could say anything, Lin Changhong had already guessed the old patriarch's heart.

Even if it is for their own lives, the old patriarch will not easily tell some secrets that others do not know, so it should not be so easy for them to get what they want to know from the old patriarch's mouth. Pry it out.

"Let's go in a direction where there are more and bigger icicles. I believe we will find them," he said.

Hearing this, Lin Caisang took a deep breath and nodded.

"I hope I can find it."

However, they still think too simply.

...

After walking for two consecutive days in the Forbidden Forest, they watched the ice trees getting bigger and bigger, and now they were so big that if they wanted to pass through, they had to walk through the middle of the icicles.

It was like ice caves, extending in all directions. It was impossible to see what was a few meters ahead, or whether there was a road.

"Captain Lin, are we going to the wrong place? This place is very dangerous!"

Yuan Jue looked at the place like this and couldn't help but say, and after hearing his words, others nodded.

The icicles in this place are very likely to fall down in pieces. By then, they won't be able to escape, and they will be buried by the ice.

After hearing Yuan Jue's words, Lin Caisang didn't say anything. He just turned around and glanced at Lu Tianfeng who was walking behind them and the old patriarch who had been dragged away.

At this moment, the old patriarch, seeing that he was getting closer and closer to the secret, was already too frightened to say a word.

Chapter 2947 It's hard to say about certain spiritual beasts

He is not afraid that those secrets will be discovered, but once the secret is discovered, it means that he is no longer useful, and these people will definitely give it to...

It couldn't even imagine what his fate would be like in the future. It would definitely be miserable, right?

And it didn't know that its dazed expression had been caught by Lin Caisang and Sui Zimo, and whatever was in its heart was revealed on its face.

"It looks like it's almost here."

Lin Caisang turned around, looked at the ice tree like an ice cave, and said.

After hearing her words, Lu Tianfeng's eyes dimmed. Did these two people know early on that they would be able to find the corpse-suppressing talisman if they kept going to places with more and more icicles?

Therefore, they had no intention of cooperating with him at all. The so-called cooperation was just lip service.

The old patriarch has no role at all to them?

"idiot!"

He glanced at the old patriarch with great disgust, and really wanted to throw it away.

Since it was of no use, why did he spend a lot of effort to get it over in the first place? Dragging it all the way here was even more exhausting on his part.

"Useless things!"

Old patriarch: "..."

If it was really useless, he would have thrown it away. Just in time, it could run away quickly and leave this hellish place.

But none of this group of people is a good person. Even though they have almost found a place, they still refuse to let it go and force it to come together.

It couldn't help but wonder whether Lin Caisang and his party had not found the token.

After all, it is not easy to find a token among so many things!

Maybe the responsibility of finding the token in the end has to be left to him, right?

It thought beautifully, if this was really the case, then its life would at least be guaranteed now and would not be taken away by Lu Tianfeng.

However, what it didn't know was that the jade rat, which had been bossing it around, would be frightened by Lin Caisang and immediately become honest.

Moreover, when the Jade Rat is there, except when it threatens it to find treasures, the rest of the time it is like jade and has no breath of life.

The group of people continued to move forward, and because it became increasingly difficult to walk, everyone's speed became slower and slower.

The journey that could have been completed in one hour took most of the day and was not completed.

"Are we here yet, Captain? Why do I feel like it's getting harder and harder to leave?" one of the trio asked with fatigue in his voice.

Especially when they take the old patriarch with them, walking in this place is definitely the most difficult thing.

The old patriarch is a spiritual beast, much larger than their humans. It is really difficult to move around in this narrow icicle. Sometimes, they feel like they are walking through a maze.

If this road doesn't work, go back and take another one.

"Yes, captain, I'm afraid now that if the icicle behind us falls, we won't be able to get out." Another person in the trio of wallflowers also said.

"What are we worried about?"

The last person was not worried at all, and looked at the old patriarch with evil intentions.

"We can still pass through this place, but... it's hard to say for certain spiritual beasts. If this place is blocked, we may not even be able to get out, and we will have to be smashed down by the icicles above. Smashed to pieces."

Chapter 2948 Want to take a rest?

Old patriarch: "!!!"

This is really an ironclad fact. If it is really blocked here, there will be no possibility of getting out.

But what can it do? It's tied up, and I don't know what magic weapon Lu Tianfeng used. It can't use the spiritual power at all.

"If you dare, just let me go!"

It had the mentality of giving it a try and shouted at them.

Hearing this, everyone really laughed out loud.

Release it, how is this possible? If you release the old patriarch in this place where you may encounter danger at any time, wouldn't that be equivalent to releasing an amulet?

They are not really stupid, how could they do such a thing?

"Do you think it's possible to let you go?" Captain Liu looked at the old patriarch as if he were a fool.

Lu Tianfeng also sneered a few times. Even if he felt that the old patriarch was no longer useful, it was always safe to keep it. Otherwise, what if this old thing had to be used?

Do they have to wait until they need the old patriarch before regretting that they have let him go?

"I would like to ask you, old man, do you think I will let you go? Huh?"

He looked at the old patriarch and asked with a sneer.

"I....."

The old patriarch was stunned and almost got angry to death.

In fact, it also knows in its heart that these people will not let it go so easily, let alone let it go. It is still unknown whether they will kill it and silence it after using it.

However, when it heard Lu Tianfeng say this directly, it was really angry!

These people were about to find the entrance to that place, so why did they tie it up and prevent it from leaving?

That place was much more dangerous than other places in the Forbidden Forest. It really didn't want to go in with these people and die.

"Old patriarch, have you been walking for too long and want to take a rest?" Lin Changhong looked at it and asked.

Old patriarch: "..."

It doesn't want to rest. After following these people for so long, how can it not know that this place cannot rest casually?

If it rests here, it will really have to rest here for the rest of its life.

It's been smashed into a pulp, why can't it rest? Its life has been lost here, it hasn't lived enough yet!

"It's silent. It seems that it needs a rest. Sangsang, how about we rest here for a while?" Seeing that it didn't speak, Lin Changhong looked at his sister and asked.

"also....."

"No, no, no, I won't rest, I won't rest!"

Before Lin Caisang could say the word 'good', the old patriarch spoke in a panic.

It doesn't want to rest here. It doesn't want to waste even an hour or a few minutes here!

"No rest? Old patriarch, you don't want to rest?"

Yuan Jue raised his hand, patted it, and looked at it with a smile.

"Probably not. You have been walking for such a long time. Old patriarch, you are tied up and you always need to rest. If you didn't have physical strength, you wouldn't be able to keep up, right?

Why don't we all just take a rest here and recover our strength? There's no rush anyway, we don't know where the corpse-suppressing talisman is hidden, and we still have to find it. "

"no, do not want."

The old patriarch shook his head in fear and wanted to refuse.

But how could anyone else give him the chance to say no? Don't even give it a chance to speak.

Chapter 2949 It's really too dangerous!

"You don't need it, but we do!" Yue Chushui said directly.

"That's right, we are all exhausted from walking, so we just stopped to take a rest." The female team member also said, and tapped her shoulder a few times with her hand.

To be honest, they were really tired. After all, they never stopped after arriving in the Forbidden Forest.

Originally, Captain Lin told them that if they were tired, they could take a rest in her magic weapon, but before they could rest, Lu Tianfeng came up.

There's no way they could bring Lu Tianfeng in with them, right?

"Anyway, we are all very agile. If we see something is wrong, we can escape before the icicles fall, so there is nothing to fear.

Old patriarch: "..."

It really doesn't hurt my back to talk while standing!

They could escape, but it, with such a big body, could barely squeeze in in this place. If the icicle really fell down, it would definitely be the first to be killed.

It doesn't want to take this risk!

"No, you can't, it's too dangerous, it's really too dangerous!" it said, shaking its head.

"Is it dangerous?"

Everyone, look at me, then I look at you, and then everyone's eyes focused on the old patriarch.

"I don't know where the corpse-suppressing talisman is, and I don't know how long it will take to find it. It's impossible not to rest, so we'd better take a rest first.

"That's right. I think one hour is not enough. I always have to rest for half a day. I also want to sleep for a while. I haven't slept for several days."

"You... you..."

The old patriarch was so angry that he was shaking all over and was speechless.

Isn't this obviously telling it that if it doesn't tell them where to put the corpse-suppressing talisman, then they will just waste time with it here.

Human beings are indeed the most insidious. If it doesn't say anything, they just threaten it!

"How about it, old patriarch, have you thought about it? Is there something that you forgot to tell us?" Lin Caisang asked it with a smile.

"you--"

The old patriarch had a bad breath stuck in his throat.

Does it want to say? The answer is of course no, if you say yes, who knows what your end will be?

But if you don't say it can be done, can you?

It seems impossible. These people will definitely try their best to pry something out of its mouth.

In other words, if it really doesn't say anything, then in the eyes of these people, there is no need for it to exist, because carrying it with you in such a difficult environment is still a drag.

"What do you want to know?"

After hesitating for a while, it gritted its teeth and asked.

"Where exactly is the corpse-suppressing talisman?"

As soon as he heard the old patriarch relent, Lu Tianfeng immediately asked, faster than anyone else.

Everyone: "..."

Couldn't Lu Tianfeng, an idiot, really not see that this old patriarch even heard about the Corpse Suppression Talisman only from their mouths?

He actually had the nerve to ask where the corpse suppressing talisman was? Isn't this obviously a reminder to the old patriarch to make up whatever he wants.

"I...I don't know what the corpse-suppressing talisman is. I only know...that there are treasures under the water. As for the Forbidden Forest, I really don't know what's in it. It's just that the old man from before told us to guard the forbidden forest." Just Lin."

Sure enough, the old patriarch's eyes rolled around a few times, and then he spoke.

Chapter 2950 Want to negotiate terms with them

"you do not know?"

Lu Tianfeng obviously believed what the old patriarch said. He was eager to know the whereabouts of the corpse-suppressing talisman, and he stayed with Lin Caisang and the others. From the fifth moment, he was thinking about how to bypass these people and grab the corpse-suppressing talisman. Sigil.

I almost lost my mind thinking about it.

So whatever the old patriarch said, he intuitively thought it was true.

"How could you not know? If you don't know, then what's the use of keeping you?!" He dragged the old patriarch in front of him, glared at him fiercely, and asked.

"me....."

The old patriarch was so frightened by the cruelty in his eyes that he couldn't even speak for a moment.

"I kill you!"

Once he knew that the old patriarch was of no use at all, Lu Tianfeng really had murderous intentions.

After all, the old patriarch has been dragged by him before. For him, it is really a huge burden, and he has long wanted to throw it away.

"no no."

After hearing his words, the old patriarch quickly shook his head.

"I know, I know, I know the road to that place. I have a map with me, a map of the Forbidden Forest."

Seeing that it was about to die, how dare it not tell the truth and directly reveal the map of the forest on its body.

"There is actually a map?"

Lin Caisang laughed, he had never expected this.

"This is really an unexpected gain. The old man has a map on his body, but he didn't hand it over for a long time. He is looking for death!" Lin Changhong was not so polite and kicked the old patriarch a few times.

"Ah, ah!"

The old patriarch was kicked by him until he screamed.

Lu Tianfeng watched the old patriarch being beaten without saying a word, because just now, he almost killed the old guy with one palm.

It seems that this old thing is really a thief. He knew that he really wanted to kill it, so he revealed something. If he didn't want to kill it, he probably wouldn't want to take out the map.

"Where is the map?" he asked coldly.

"I can promise you to hand over the map, but you have to... ow!"

Just as the old patriarch wanted to negotiate terms with them, he was kicked by Lin Changhong again.

Lin Changhong was not polite to this old thing at all. He would feel pain just thinking about it when he kicked him.

"You still want to negotiate terms with us. Is an old beast who has been tied up with five flowers qualified to negotiate terms with us? You are worthy of it. Hand it over quickly, and we can spare your life. Otherwise, we can get it even if we kill you. map!"

"me....."

The old patriarch was really afraid of Lin Changhong.

I don't know what this human's foot is made of, but it is even more painful than when Lu Tianfeng hit it with a magic weapon before.

"I hand it over, I hand it over, stop hitting me, stop hitting me, the map is in my right ear."

After hearing this, Lu Tianfeng immediately came to the old patriarch's right ear and looked inside. Sure enough, he saw something like a map in the folds of the ear and took it out directly.

"There's something in the right ear, what about the left ear?"

Lin Changhong was a person who could draw inferences from one instance to another. When he saw Lu Tianfeng found the map from the old patriarch's right ear, he went directly to his left ear to find it based on the principle of not being at a disadvantage.

"Tsk, it's really something."

He actually found something, but he really couldn't tell what it was.
