

## Star of Space 2951

Chapter 2951 Taking advantage of a lot

"Sangsang, come and see what this is?"

He handed the thing to Lin Caisang. Lu Tianfeng originally wanted to reach out and grab it. After all, it belonged to the old patriarch, and the old patriarch was in his hands.

Its things are naturally his things.

But as soon as he stretched out his hand, he was almost swept away by Sui Zimo's palm. Fortunately, he dodged in time.

"You dare to touch her and try." Sui Zimo's eyes sparkled with cold light as he stared at Lu Tianfeng.

"Well!"

Only after being threatened by him did Lu Tianfeng react. He was so anxious just now that he almost ran into Lin Caisang.

It's no wonder that Sui Zimo would attack him. How could he not see how much Sui Zimo doted on this woman? He had eyes.

"This is my thing!"

Although he retracted his hand, he still stared at the piece of paper that was now in Lin Caisang's hand.

"your things?"

Lin Caisang glanced at the leather paper in his hand, then raised his eyes and looked at Lu Tianfeng.

"You said this is yours? How about you call it and see if it responds to you?" she said.

"puff!"

Everyone couldn't help laughing when they heard her words.

It's just a piece of paper, how could it respond? Captain Lin's words were indeed clever.

Although this thing was obtained from the old patriarch, they would not admit that it belonged to Lu Tianfeng. After all, it belongs to whoever has the ability to get it.

What's more, Lu Tianfeng and them were enemies to begin with. Who would speak for the enemy?

"Mr. Lu, you have followed us all the way and you have taken a lot of advantage, right? It's not an exaggeration for Captain Lin to take something from you now, right?"

Yuan absolutely said to him.

Since Lu Tianfeng followed them, they have eaten and drank so much from Lin Caisang. Don't think that they don't feel it, okay?

If those things were in normal times, they would definitely not be worth much.

But what kind of place is this? This is the Forbidden Forest of Qianji Pond. It's freezing and snowy. You can't even find a blade of grass, let alone food. In such a place, even a grain of food can be taken out. Rice is very precious.

"I....."

Hearing Yuan Yue's words, Lu Tianfeng looked disgusted.

He thought that Lin Caisang and the others gave him food because of their cooperative relationship, but now they told him that he needed to reciprocate!

If he had known this to be the case, why would he accept it? Isn't there anything edible in his magic weapon?

"Okay, you can do it!"

After taking a deep breath, he raised a big thumb towards them.

This time, he asked them to hold that thing. He didn't believe how useful it could be. At most, it was just one of the useful things on the old patriarch's body!

"Keep going!"

The old patriarch was dragged over. Because he had a map in his hand, he took the lead and walked forward.

The old patriarch who was being dragged by him was already bursting with tears in his heart. What Lin Changhong had just taken away was his greatest guarantee. He didn't even dare to think that if Lu Tianfeng knew about it, he would just take it away. Killed.

"Sang Sang, what do you think this could be?" Seeing that Lu Tianfeng and the others were walking at the front, Lin Changhong asked the girl beside him as he walked.

"Map." Lin Caisang said.

"map?!"

Lin Changhong was shocked.

## Chapter 2952 Shadow Bug's Tracking Skills

As a mechanism mage, how could he not even read a map? He could see even the most sophisticated drawings.

However, forgive his blindness, he really didn't see what the hell was drawn on the paper.

Because just now, he only saw a lot of circles on the piece of paper, each one with no rules at all. It made him feel dizzy, and he couldn't figure out what they were.

"This is a map? No way? What kind of place would have such a map!"

He couldn't believe that this thing could be a map. He said it was a circle drawn by a child, which was more or less the same.

"It's the map."

Lin Caisang raised his head, looked at him seriously, and said.

"Okay, if you say it's a map, then it's a map." Lin Changhong touched his nose and said.

It's just that few people can understand this map. Does the old patriarch know what this is?

"Shall we continue walking? Follow Lu Tianfeng?" he asked.

Why do they always feel that Lu Tianfeng will do something unexpected for them? You don't want to trick them, do you?

"Follow him." Sui Zimo said.

There is no other way now. The topographic map of the Forbidden Forest is in Lu Tianfeng's hands. If they don't follow him, they may not even be able to find the place where the corpse suppressing talisman is hidden.

But if you just follow Lu Tianfeng, that's impossible.

"Sonny..."

"I understand." Lin Caisang nodded.

From the golden bead space, he took out a bamboo tube, opened the lid, and poured something out.

"This is....."

When Lin Changhong saw this thing, his eyes suddenly lit up.

Isn't this a bug that his sister caught before? I heard from her that as long as you use it well, two bugs, a male and a female, can sense each other. No matter how far away they are, one can always track them. to the other one.

Therefore, people on Qianhuan Continent call this kind of bugs shadow bugs.

It's just that the tracking skills of shadow bugs cannot be cultivated by just catching a few and cultivating them. It requires a lot of effort.

"Sangsang, have you developed it?"

he asked.

Lin Caisang just raised his eyebrows and said nothing.

What can be said, she raised the shadow bugs in the golden bead space, and she didn't need to spend too much thought. As for whether she raised them or not, she would know if she tried them.

She glanced sideways at Sui Zimo on the other side, and stretched out her hand to him.

"Zimo, leave it to you."

"good."

Sui Zimo took the shadow bug in her hand and quickly flicked it onto Lu Tianfeng's clothes.

The shadow bug was a very small one. It crawled on Lu Tianfeng's back and soon crawled into his clothes. Lu Tianfeng just walked forward and did not notice that the shadow bug was already on his back. On the body.

It's not that Lu Tianfeng was unprepared, it was just that he was thinking about how to trick Lin Caisang and the others into getting the tokens out of their hands.

Along the way, he felt more and more that this token was used to activate the corpse-suppressing talisman. If he couldn't get the token, he would probably not get the corpse-suppressing talisman either.

But similarly, along the way, he didn't even know what the token looked like, and the old patriarch couldn't even ask.

It would be nice if you could know what the token looks like. At least you can know where to start.

"call!"

While dragging the old patriarch, he sighed heavily.

Chapter 2953 We must act together!

He lowered his head and glanced at the terrain map in his hand, thinking to himself, do we really have to wait until they find the corpse suppressing talisman together?

But it was obvious that he was right. With the guidance of the topographic map, the group quickly came to a very empty place, where there were no ice trees.

The group of people could finally stop. When they turned around and looked behind them, they saw that the place they had just come out of looked like a cave.

Then everyone looked at the old patriarch and raised their eyebrows.

That cave entrance was obviously much smaller than the old patriarch's body. I really don't know what kind of skills the old patriarch had that he was able to get in!

"It's finally here!"

Captain Liu exhaled heavily and almost sat down.

After walking for several days without sleeping a wink, it would be too much for everyone.

Now that he finally didn't have to leave, he naturally thought that this was the place where the corpse-suppressing talisman was stored. Of course, it might also be this place, and there was another entrance. Only after entering that entrance could he see the corpse-suppressing talisman.

"How can we arrive so quickly? At most we have arrived near the entrance, right?" said one of the three people on the wall.

Yes, at most they just found the entrance, and they don't even know where the entrance is yet, and they don't know who among them will find the entrance first.

"Captain, should we look for him separately?"

Another person asked Lin Caisang, he felt that this place was quite big. If a whole team of people moved together, they would probably not be able to find the entrance for several days.

Of course, this description is a bit exaggerated, but it is not impossible.

"this....."

"Not to!"

Before Lin Caisang could speak, Lu Tianfeng was the first to reject the proposal.

"We must act together!"

He will not be separated from these people. Now that the old patriarch's things have been accounted for, according to the map, the entrance is right here.

What if these people found the entrance and led a group of people in while he wasn't paying attention.

So what is he going to do?

Therefore, the closer we get to this time, the more we must act together, and we must never separate to find the entrance.

After hearing his irritable words, Sui Zimo and Lin Caisang looked at each other and smiled.

Let's look for it together. Anyway, they don't trust Lu Tianfeng to look for it alone. This person has a lot of tricks up his sleeve.

Of course, just because the token was in their hands, Lu Tianfeng didn't dare to mess around. They were relieved about this, and they weren't afraid of what tricks he might do when he found the entrance.

"Then let's look for it together. I believe that with Mr. Lu leading us, we will be able to find the entrance quickly." Lin Caisang looked at Lu Tianfeng jokingly and said.

Lu Tianfeng: "..."

If he hadn't been able to hold back well, he would have hit Lin Caisang with one palm.

This woman really makes people don't know what to say. She actually has the nerve to say, let him lead the way. He only knows this place. Who knows where the entrance is.

"Even if Captain Lin says so, I should lead the way, right?"

He gritted his teeth and said.

...

It has to be said that since Lu Tianfeng entered the Haikuo Forest, his luck has really not been good, and he really feels sad that he has been declining all the way.

Chapter 2954: Get first place

After searching this place for almost a day, I found nothing. Instead, Lin Changhong and Yue Chushui were looking for a place to sit down and rest.

Unexpectedly, a vortex door was opened by accident.

"Sang Sang, Zimo, come here quickly, the entrance is here." Lin Changhong hurriedly shouted to the others.

They definitely showed great character. They found the entrance by accident. This place was really easy to find for them.

On the other side, when they heard Lin Changhong's ghostly roar, Lu Tianfeng rushed over quickly before Lin Caisang and the others could react.

"Hey, hey, what do you want to do? I'll tell you, you..."

When Lin Changhong saw him rushing over, he instinctively wanted to stop him from entering the vortex. This man, thinking about it with his toes, knew what he wanted to do.

Who knew that before he could take action, Lu Tianfeng was bounced back by a powerful spiritual force before he touched the vortex.

"ah!"

Seeing a powerful spiritual power attacking him, Lu Tianfeng wanted to retreat.

But he had no choice but to rush over in such a hurry that his whole body was already in mid-air. Even if he wanted to retreat, he could do so.

He was ejected far away by the spiritual power. After a scream, his whole body was smashed onto the ice. The surrounding ice cracked with spider patterns because of his impact.

Seeing him fall to the ground, Lin Changhong and Yue Chushui looked at each other, and saw gloating in each other's eyes.

"Deserve it!"

Soon, Captain Liu walked over with Lin Caisang, Sui Zimo and the others. When he saw Lu Tianfeng standing up tremblingly, holding his chest, with his mouth full of blood, he couldn't help but cursed.

Just be like them and come over slowly, why not be the first to come over and seek death!

If this entrance was really that easy to enter, it wouldn't be the place where the corpse-suppressing talisman was placed, and there would be no need for them to go in, okay?

"Mr. Lu, why are you in such a hurry? Didn't we agree to go in together? Could it be that Mr. Lu wants to go in alone?"

Lin Caisang, protected by Sui Zimo, came to Lu Tianfeng and asked softly.

He knew that Lu Tianfeng was not so calm anymore, and wanted to grab the first place while they were not in a hurry. He didn't think about whether the first place was so easy to grab?

"This young master is impatient."

Lu Tianfeng said with a gloomy face.

He didn't expect that not just anyone could enter this vortex.

It seemed that he was right. This place was where the token was needed. Lin Caisang had never taken out the token before.

"Captain Lin, I have brought you here. Isn't it time for you to take out the tokens?" he reminded.

"Master Lu, are you so anxious?" Lin Caisang chuckled.

Now that she had found the entrance, she was not in a hurry. She turned around and looked at her eldest brother.

"Brother, go and drag the old patriarch over."

"good!"

Lin Changhong responded immediately.

In order to find the entrance, they left the old patriarch in one place and ignored him.

Now that the entrance has been found, it is natural to get the old patriarch back. What if he gets inside, is that old thing still useful?

Chapter 2955 Spending time here

"What's the use of that old thing? Once inside, he will definitely be a burden!" Lu Tianfeng was extremely disgusted. He felt that the entrance had been found and the old patriarch was of no use.

"Master Lu, do you mean you don't want to take it with you anymore?" Yuan Jue asked.

"I don't mean this. Since you are not afraid of trouble, then you can take it with you." Lu Tianfeng naturally would not say that he would not take the old patriarch with him. They wanted to take him with him, so what did he say?

If he gets into trouble because of the old patriarch, the worst he can do is run away as quickly as possible.

Anyway, if this group of people really gets into trouble for this old guy, it's a good thing on his side, and no one will compete with him for the corpse-suppressing talisman!

He glanced at Sui Zi and Mo with evil intentions.

Soon, Lin Changhong dragged the old patriarch over. When he came over, the old patriarch was still yelling and screaming, saying that he didn't want to leave or enter that ghost place.

"No, I don't want to go in. It's a ghost place. It's terrible. Once you go in, you can't get out. You go in by yourselves. I don't want to go in..."

"Shut up!"

Before it could finish speaking, Sui Zimo hit it in the mouth with a backhand of spiritual power. The pain was so painful that it could only scream and could not speak at all.

"Hey, old man, do you think you have any other choice?" Lin Changhong threw it on the ground and clapped his hands.

"Whoa, whoa, whoa!"

The old patriarch's mouth began to bleed because of Sui Zimo's spiritual power. Although he couldn't speak clearly, he still resisted entering the vortex.

"Brother, since it doesn't want to go in, then just leave it here. It can't get out anyway. Such a big grave is enough for it to live in."

Lin Caisang said.

Old patriarch: "..."

These humans are really cruel, they actually want it to die here.

However, it really didn't dare to enter that place. Who told the old man before to say that it was a very scary place, and if you entered it, you would not be able to get out, and you would have to die in it.

Who would want to go to a place where death is 100% guaranteed? !

However, it seems that it has no other choice, either go in, or... maybe with the viciousness of these people, they will kill him before they go in!

This is no longer the time when it can do whatever it wants.

However, it's not there either. These people don't know which one is the token. It has collected so many treasures before. If they try them one by one, who knows how long they will have to try them?

"Captain Lin, Sui Zimo, do you want to take out the token? I don't have much time to waste it here." Lu Tianfeng saw that they had been wasting time with the old patriarch, and his patience was exhausted. Said to them.

"A token!"

Lin Caisang turned his gaze back from the old patriarch, and then looked at Sui Zimo.

"Zimo, take it out."

After hearing his wife's words, Sui Zimo reached into his satchel and fished out the little jade rat.

"Squeak, squeak."

The little jade rat could finally come out to take a breath, and couldn't help but use its little paw to gesture towards Lin Caisang.

This woman is the worst. She even threatened it before. Is it that easy to threaten?

It needs to be fierce, very fierce, so these people will be afraid of it.

Chapter 2956 Are things so easy to grab?

only.....

When Lin Caisang glared at it coldly, the little jade rat, which was originally planning to pretend to be very vicious, immediately turned into a quail.

"Squeak, squeak, squeak."

Bad, still a bad woman, but it is really naturally afraid of this bad woman.

It's as if something in this bad woman has been restraining her ability, preventing her from exerting her authority as a Jade Rat.

"Token, my token."

As soon as he saw the Jade Rat, the old patriarch's eyes became bright.

Not caring how much his mouth hurt, he struggled forward, trying to grab the jade rat in Sui Zimo's hand.

That is its token, it belongs to it, not to these humans. It must snatch it back, so that it can regain the initiative!

But the reality is that it had no chance at all. As soon as it moved, it was kicked out by Lin Changhong, and its huge body hit the ice with a loud noise.

"Tsk!"

Yuan Jue and Captain Liu made a light tut at the same time, with a sarcastic smile on their lips.

This old patriarch is really awesome, and he wants to snatch something from Sui Zimo's hand. You know, even Lu Tianfeng didn't move when he saw Sui Zimo's token.

"You are so incorrigible. Are things so easy to steal?" The female team member murmured with a sarcastic smile on her lips.

"You, you, how should we say hello to you? Are you able to grab the things in Mr. Sui's hands?" One of the three people on the wall said with a smile.

"The plain one!"

The old patriarch trembled and struggled to get up, speaking incomprehensibly.

Yes, that is obviously its token. It was stolen by these humans, so why does it become theirs? How shameless is it!

"What? What did this guy say?"

The man picked out his ears and looked at his other companion.

"I didn't hear it clearly. Maybe I'm apologizing to Mr. Sui." Another companion explained.

Old patriarch: "..."

Why does it need to apologize to these robbers? That thing belongs to it, it belongs to it. Why do you want it to apologize to them after robbing it?

Raising its head, it looked at Lu Tianfeng, hoping that he could take action and snatch the token from Sui Zimo's hand.

Lu Tianfeng didn't have a lot of magic weapons in his hands. He used those magic weapons to catch it before. Now that the token is in front of him, he hasn't grabbed it yet. What are he waiting for?

However, Lu Tianfeng didn't even look at the old patriarch. In his eyes, the old patriarch was already a waste and had no use at all.

"Captain Lin, Mr. Sui, you don't want to say that this gadget can open this vortex, right?"

No matter who opens this vortex, he can enter it, so why should he waste his magic weapon on this useless effort.

Isn't it good to keep the magic weapon until it's time to snatch the corpse-suppressing talisman?

"Whether it's possible or not, Mr. Lu can just look at it, isn't it?"

Lin Caisang smiled and turned to look at the little jade mouse in Sui Zimo's hand.

At this moment, the little jade mouse was pretending to be dead in the hands of Sui Zimo because it did not want to offend the evil star Lin Caisang. Who would have thought that even if it pretended to be dead, the evil star would not let it go.

"Get up and work, don't pretend to be dead for me!"

Chapter 2957 I want to grind it into powder

Lin Caisang raised his hand and flicked the little jade mouse hard.

The next moment, the little jade rat seemed to have lost its fur, bouncing on Sui Zimo's body, and almost pointed at his paw and scolded Lin Caisang for not being human!

"Squeak, squeak, squeak."

A bad woman is a bad woman. She just wants to coax it with nice words. If she doesn't give her good things, she just wants it to work.

How can there be such a good thing? The ability of Lord Jade Rat is not something anyone can be lucky enough to see!

"If you don't want to work, just shoot him to death!" Lin Caisang said.

Little Jade Rat: "..."

How could it meet such a cruel and bad woman?

Beat it to death, luckily she could figure it out, beat it to death, how are they going to enter the vortex, with just these people...

"Zimo, I want to open this vortex and crush the jade rat directly into powder and scatter it. Before the jade rat could finish thinking about it, he heard Lin Caisang raise his eyes and face The man holding it spoke.

Little Jade Rat: "!!!"

This bad woman is really cruel without any limits!

It can even say such cruel things as grinding it into powder. The key is that it feels that what this woman said is not false. They really want to grind it into powder!

And the most important thing is that doing this can really open the vortex.

It grinned sadly, it was really unlucky to meet such shameless and vicious people.

"Squeak, squeak."

Thinking of the possibility of being ground into powder, the little jade mouse suddenly became much more well-behaved. It laid its little paw on Sui Zimo's finger and pointed at the vortex door.

Everyone: "..."

A little jade rat could be so threatened, and could it be successfully threatened?

Is this the little jade rat that has become a spirit, or is it Lin Caisang...

Sui Zimo glanced at the little jade mouse in his hand indifferently, then took steps towards the whirlpool, not wanting to warn Lin Changhong and Yue Chushui as he walked.

"Protect Sonny."

"good."

The two responded, still one on the left and one on the right, protecting Lin Caisang in the middle.

At this time, Lu Tianfeng had no intention of attacking Lin Caisang, but kept his eyes on Sui Zimo.

He planned to go in as soon as the vortex opened, so that he could get a head start and maybe get the Corpse Suppression Talisman first.

On the other side, Sui Zimo looked at the little jade mouse in his hand, and saw that its little paws were making unknown signs, and then slowly, his jade belly began to round.

After a while, he saw streams of spiritual power spurting out from the little jade mouse's mouth, blowing directly towards the vortex.

Yes, it was blown by a blower. The strong wind of spiritual power was so fast that it could form wind knives, making Sui Zimo almost unable to stand.

A strong wind immediately blew up from the vortex, causing everyone's clothes to fly.

"Sangsang, be careful."

Lin Changhong and Yue Chushui supported Lin Caisang on the left and right together, and then the three of them looked towards the whirlpool.

The three people on the wall were not much better. They worked hard to stabilize their bodies so as not to be blown away by the strong wind. Yuan Jue and Captain Liu also worked hard to maintain their bodies.

Lu Tianfeng, on the other hand, learned the lesson this time and directly picked up the old patriarch who had been kicked away by Lin Changhong. By holding on to him, he would not be blown away.

Chapter 2958 Others are not needed.

Who made the old patriarch big?

The strong wind lasted for a while and then gradually stopped.

"Squeak, squeak."

The little jade mouse in Sui Zimo's hand scratched his fingers a few times, indicating that the vortex had been resolved.

Lu Tianfeng was the first to react. He immediately left the old patriarch who had been used by him and came to the vortex. He walked directly in without even looking at Lin Caisang and the others.

"Hey, he..."

One of the trio of wallflowers saw him walking into the whirlpool and immediately became angry.

This guy is really thick-skinned. He didn't do anything. When the whirlpool was open for people to enter, he was the first one to enter.

"Don't worry about him. Even if he goes in, he is just exploring the way for us. Do you think he can really get all the way to the end?" Another person in the trio of wallflowers thought clearly.

If the corpse-suppressing talisman was really that easy to get, could it still be in a ghost place like this?

I don't know how many mechanisms there are inside, and they must have a narrow escape. It's okay to let Lu Tianfeng go and break through for them first.

The last person raised his eyebrows when he heard what he said.

Isn't that right? Lu Tianfeng's temperament is still so anxious. He didn't take the lead before, but he never suffered a loss.

You've been taught repeatedly, but you just won't change!

"Captain Lin, Mr. Sui, do we need to prepare anything?" Captain Liu and the other three looked at Sui Zimo and his wife and asked.

They don't think they can enter the whirlpool so easily. Don't they need to be fully prepared? It's obviously a bad place.

"Bring it with you, nothing else is needed."

Sui Zimo glanced at the old patriarch who was still bound by Wu Hua Da, and ordered.

"Okay."

Captain Liu was naturally happy to bring the old patriarch with him. It wouldn't take much effort to bring this old thing with him, but if he didn't bring it with him, he would regret it later if he needed it. It's too late.

Therefore, he glanced at Yuan Yue, and the two of them directly dragged the old patriarch over. At Sui Zimo's signal, they took the lead into the vortex.

Next came Lin Changhong, Yue Chushui, and the trio of wallflowers, who also entered the vortex.

Finally, there are Lin Caisang and Sui Zimo.

However, when the two came into the vortex, they were also stunned when they looked at the other people who were stunned.

"What is this scenario?"

Lin Caisang glanced sideways at her husband, and then turned her attention to Lu Tianfeng, who was fighting not far away.

What was the situation with this guy? He looked like he was fighting something. But the key point was that from their point of view, Lu Tianfeng was fighting with himself in the air.

"Brother, has he always been like this?" She looked at her eldest brother and asked.

"Yeah."

When Lin Changhong heard his sister's voice, he turned around and nodded.

"He's been hitting since we came in, he just didn't know what he was hitting."

Just because Lu Tianfeng didn't know what he was fighting with, they didn't dare to rush forward. Of course, they wouldn't move around until his sister and brother-in-law waited.

Including the trio and Yuan Jue, none of them wandered around.

"Hey, I'm impatient. I really can't eat hot tofu." Lin Caisang sighed lightly.

Chapter 2959 Poisoned or evil

She just said, why are you in such a hurry? Sure enough, Tianfeng is rushing to surrender. What a bad luck.

I really doubt that Lu Tianfeng was possessed by some bad god when he entered the sea forest. Otherwise, why would terrible things happen to him wherever he goes?

"Sonny, where's the topographical map?"

Sui Zimo ignored Lu Tianfeng, but looked at his wife and asked.

"Here it is."

Lin Caisang took out the leather paper that his eldest brother had collected from the old patriarch and shook it a few times in front of him.

"Um."

Sui Zimo nodded, then looked at the others.

"Everyone, come here and look at this map together."

"map?"

Yuan Jue and Captain Liu came over curiously.

However, when they saw the so-called map, they really didn't know what to say.

Is this a map? Why do you feel that this thing is a random circle drawn by a child? Are they the only ones who feel like this? Lin Caisang and Sui Zimo are so talented that they can actually see something from this thing?

"Zimo, this is where we are standing."

Lin Caisang pointed to one of the circles and looked at Sui Zimo.

"Here, why?"

Before Sui Zimo nodded, other people's voices rang out.

Why was Lin Caisang so sure, but they couldn't see anything on the map?

"Because this point is different from other circles. There is a point in the middle of this circle, and other places are reddish. This proves that except for this point, other places are dangerous areas."

Everyone: "..."

Can you guess this?

However, everyone's eyes fell on Lu Tianfeng again.

If according to what Lin Caisang said, that guy stepped on those reddish ones, so was he poisoned or possessed by an evil spirit, and he actually fought me?

So, if they enter that place, will they be played by themselves like Lu Tianfeng?

Lu Tianfeng now looks like a complete fool.

When they think that they might become such a 'fool', they feel uncomfortable in their hearts. Can they think of a good way?

"Captain Lin, Mr. Sui, what should we do now?" They looked at Sui Zimo and Lin Caisang and asked.

The IQs of these two people are obviously not at the same level as them, so there is nothing wrong with asking them. You must ask them what to do.

Upon hearing the question, Lin Caisang didn't say anything, and Sui Zimo didn't either. The two of them just focused on the old patriarch who was dragged in by them.

Seeing this, everyone also understood.

This leather map was taken from the old patriarch, so the answer naturally lies in it.

"You...what do you want to do?"

Seeing several people looking at him with evil intentions and walking towards him, the old patriarch was panicking in his heart at this moment.

How unlucky is it to meet such terrible humans? Why did it think these humans were easy to bully before?

"Old Patriarch, tell me, how should we get out of this place, huh?" One of the three people on the wall asked it sadly.

"I...I don't know. I've never been here, how could I possibly know...Ah!"

Chapter 2960 I said, I said

Before the old patriarch could deny it, Lin Changhong rudely stepped on it again. This time, it was the old patriarch's tail. That was the most vulnerable place. How could it withstand such force? What about the stampede?

"you you....."

The old patriarch was so painful that he was breaking out in cold sweat, and he couldn't say a word.

It knows that this group of people is really vicious and capable of doing anything. Isn't it just to let them know how to get out of this circle?

How dare you torture it like that? Even if it is dead, it won't tell you!

"ah!"

Before it could hold on for a while, when Lin Changhong's foot stepped on its tail again, it screamed again.

"Don't want to talk?"

Lin Changhong looked at it with raised eyebrows, a faint smile on his face.

"Since you don't want to say it, let's polish it off slowly. Don't be hasty. With such a long tail, I can step on it for a long time, right?"

"you....."

The old patriarch was frightened by his teasing gaze.

Is this a stance where you want to trample all of its tail into a pulp? So how could it possibly stand it?

Even if he won't really be hurt to death, he will still be completely hurt and faint. Moreover, there is no chance that after stepping on the tail, this human will come up with other ways to torture him.

"me!"

It just wanted to speak, wanting to delay for a while so that the pain on its body could be relieved.

Unexpectedly, Lin Changhong didn't give it a chance at all and stepped on it again.

"No, no, don't step on it... step on it, I... I said, I said." What else can he do? If this continues, it will really die, and it will all die miserably.

However, it is impossible to let it just tell you a way. It must find a way to lure these people into the circle and let them all die, so that it is also safe.

"hehe."

Hearing its intermittent words, Lin Changhong sneered twice.

This old patriarch is really an interesting guy. He has such an obvious calculating look in his eyes. Can't you think that they are all fools and not see it?

"Old patriarch, I think you should stop talking and just let me... trample you to death!"

As he said that, he continued to step on the old patriarch's tail without any hesitation.

"ah!"

The old patriarch screamed again. This time, his scream was much softer, because he was in too much pain and had no strength to shout.

"I said, I said..."

"What do you mean? Are you talking about those calculated nonsense of yours? Huh?" Yue Chushui raised her hand to touch her chin, looked at the old clan leader, and asked coldly.

"I....."

The old patriarch was trembling. He really didn't expect that these people would know what he was thinking.

At the same time, it felt guilty. After all, its own life was in the hands of these humans. If they were really unhappy, they would definitely kill it.

But now, it doesn't even have the ability to fight back, so it can only wait to die.

"I'm telling the truth, really, I'm telling the truth, if I make a false statement, people will die badly and they will not be able to get out of this hellish place for the rest of their lives."

It could only reluctantly swear to the sky that it would save its own life first.

"Yeah?"

How could Suizi Mo and the others believe the lies the old patriarch told him? When you say these words, it's enough if there is one sentence that makes them believe it.
