

Star of Space 2961

Chapter 2961 Half and half?

"Chang Hong, Chu Shui, you guys go over first. Sonner and I are here to watch it. If what it says is wrong, or if you act strangely, we will take action immediately and kill it to avenge you.

Everyone: "..."

This was so well said that the old patriarch no longer even had the chance to lie.

As long as what it says is not right, even if there is a slight mistake, it will die.

How could it possibly lie again under such circumstances?

Old patriarch: "!!!"

Before, even if it was seen through by Yue Chushui, it was still thinking of mixing one lie among the three truths. In this way, they would not believe that it would not be able to find fault with it, and it would all look like Lu Tianfeng. Same.

But now, they actually said to let a few of them go first, while the two strongest ones stayed to watch it and deal with it?

So if it really told a lie, could it still walk out alive?

"explain!"

Lin Changhong said a word to it coldly.

This time, he was kind enough not to step on the old patriarch's body again. However, he didn't want to let it go, but felt that if he stepped on it again, he would probably be trampled to pieces. He couldn't even speak. I can't say enough.

They still had to listen to the old patriarch explain what was going on here.

"I don't know, I really don't know, I...ah!"

Before the old patriarch could finish speaking, he was stepped on by Lin Changhong again, and the screams rang through everyone's eardrums again.

"Now, you still can't learn well. Let me tell you what you are good at. Old patriarch, do you really want to die?" Lin Changhong squinted dangerously and looked at the old patriarch.

"I said, what I said is really the truth. I...I have never been to this place. I only know that this place hides half of something. As for whether it is the corpse-suppressing talisman you want, I really don't know!"

The old patriarch was afraid that Lin Changhong would attack him again. He spoke these words so urgently and quickly that no one else could hear them clearly.

"Half..."

After hearing its words, Lin Caisang raised his eyes and looked at Sui Zimo.

Could it be that only half of the corpse-suppressing talisman is hidden here? But that's right, after all, there are two types of people above and below the Qianji Pond.

Since there is a place under the pond, it is naturally impossible to put everything on the pond.

"How can this corpse-suppressing talisman be separated into half and half?" At this point, she had to wonder, what use can a divine weapon that has been separated do?

It can't be a fake, right?

"You won't know until you see it." Sui Zimo comforted her.

"Right."

Lin Caisang nodded and said nothing more.

On the other side, Lin Changhong and the others didn't seem to care about the half-hidden thing in the old patriarch's mouth, but continued to ask about what was going on.

Because he was really frightened by Lin Changhong. The old patriarch always answered Lin Changhong's questions, and he answered them quickly and urgently. He was afraid that Lin Changhong would think that it was because of its hesitation. Playing tricks.

In that case, it will be tortured again.

"Really, what I said is true. There are many traps here. It is said that they are all on that... that drawing, but... but..."

The old patriarch glanced secretly at Lin Caisang and Sui Zimo.

It originally wanted to hide this blueprint, but God didn't have its wish. Lin Changhong dug out the blueprint directly.

Chapter 2962 Was it human blood?

"But what?!"

Lin Changhong glared at it fiercely and asked.

"But I've been looking at that drawing for so many years, and I don't know what's on it. Moreover, the old man clearly said that using blood can change the shape of the drawing, which can unlock the mechanism of this place."

The old patriarch seemed a little angry when he mentioned this.

In fact, it's not like it hasn't had the idea of doing something in this place over the years, but the key is that it doesn't even know how to use that picture.

In the end, with all kinds of helplessness, it could only give up the idea of getting the treasure in this place and become its leader with peace of mind.

Fortunately, being a clan leader is not without its benefits. At least he can get some things from those spiritual beasts. In this way, he feels a little satisfied.

How do you know that those treasures are not warm in its hands?

First, the little Jade Rat came to snatch it, and then it was stolen by its two unfilial grandsons. It is estimated that all of it fell into the hands of these people.

Just thinking about it makes me angry!

But what's the use of being angry? Even if you are angry again, you won't get those things back again.

Not only will the thing not come back, but it's not even certain whether it will come back alive.

"With blood?"

Lin Changhong repeated these three words, then turned his head and looked at his sister.

Judging from the old patriarch's tone, it should be that he had already tried to do this, but had never succeeded.

"Sang Sang, this is blood, is it human blood?" he asked.

After hearing the old patriarch's words, Lin Caisang and Sui Zimo were also stunned at the same time. It seemed that they did not expect that blood would be needed to open the leather map in their hands.

"With blood..."

Whose blood will it be used for?

The answer is, of course, yes. Apart from a certain little jade mouse, there is no other answer, right?

Without saying much, Sui Zimo immediately took out the little jade mouse from his bag and placed it on the leather map in Lin Caisang's hand.

Then, he took out a dagger and pointed it towards the little jade mouse's paw.

"Squeak, squeak, squeak!"

When the little jade mouse saw this, it immediately lost its fur. These humans were really terrifying, and they even wanted to hack it!

Is it easy to think that it is just a jade rat and can live to be that big?

It can be said to be a gathering of the spiritual energy of heaven and earth, absorbing all the spiritual energy from the spiritual objects that can be absorbed. As a result, these two humans actually wanted to use a knife on it?

Do you want to be so cruel?

The two of them saw it turn around quickly and wanted to get into Lin Caisang's arms.

However, how could Sui Zimo let it go as he wished? He directly picked it up with his other big free hand.

"Squeak, squeak, squeak."

The poor little jade rat was once again thrown onto the paper map.

"Don't move, I just want a little bit of your spiritual blood, but I won't kill you!" Lin Caisang glared at it and said when he saw that it was trying to struggle to escape.

Little Jade Rat: "!!!"

These two bad guys actually have the nerve to say that they just want a little bit of its spiritual blood?

What does spiritual blood mean to An?

For it, spiritual blood is its life!

The two bad guys were holding knives on one side and wanted to kill it, but on the other side they were telling it shamelessly that they didn't want to kill it, so don't be so fussy about it!

Are these two bad guys kidding it?

Chapter 2963 What the hell is sympathy?

However, it was so miserable that it couldn't struggle against these two bad guys at all. It could only watch as a cut was made on its claws, and the crystal green spiritual power was flowing everywhere as if it was free of money. came out.

"Zhizhi."

Its spiritual blood is just gone. How much spiritual energy does it have to absorb to condense it into spiritual blood?

However, fortunately, the two bad guys in front of them did not completely destroy Shui'er. They also knew how to stop the bleeding and then inject some spiritual power into it to prevent it from dying and dying.

"I don't really want to kill you, little guy. Your life is valuable. Maybe it will be useful in the future." Lin Caisang stretched out a finger and tapped the little jade mouse's head.

"Squeak, squeak, squeak!"

Originally, when it heard Lin Caisang's first words, it was still proud. This bad woman actually knew that its life was very valuable.

But after hearing the last sentence, it was so angry that it vomited blood.

I don't want to kill it now because I don't know when I will need it again in this place!

Could these two bad guys be any more hateful? I just want to piss it off!

However, even though he was angry, the little guy didn't dare to really argue with Lin Caisang and his wife. After all, it was really afraid of Lin Caisang and was afraid of her for no reason.

He had no choice but to obediently get into the satchel on Sui Zimo and raise his lost spiritual blood.

And the leather map, which had been soaked in the little jade mouse's spiritual blood, had undergone great changes at a speed visible to the naked eye.

Not only does it have a lot of mechanism settings that everyone can understand, but it also has the interpretation of what Ling Li said. Just by looking at this paper map, you can directly avoid the hidden formations of those mechanisms.

"My... my map!"

The old patriarch looked at the changes in the map in Lin Caisang's hand and was filled with tears, but he did not dare to express them.

How could it have thought that a little jade rat would actually have blood, and that the blood of the little jade rat would be needed to open this map.

If it had known it earlier, why would it have spent so much effort? It could have just killed the little jade rat.

But now, it's obviously too late to think about these things. Neither the little jade mouse nor the map is in its hands anymore.

"go away!"

After hearing what it said, Lin Changhong kicked it again.

If this map is really in the hands of the old patriarch, it cannot be used to do good things. Why does he still want the map? How is this possible?

"you....."

The old patriarch was kicked again, but he dared not speak out in anger. Who told these people that it really had nothing to do with them?

"This was originally my map, but it was taken away by you!"

Although it didn't dare to say it, it couldn't help it. These people had become robbers on him. Is it still reasonable? It's obviously the worst one.

Why do we have to look at the faces of these humans?

Even if the map cannot be returned to its hands, these people must know that it is the one who deserves sympathy the most.

However, it forgot how it treated the spiritual beasts of its own clan before, not even its own grandson.

In Lin Changhong's eyes, this beast deserved to die.

What the hell is sympathy? It doesn't exist at all.

Chapter 2964 I leave this to you

"Your map?"

Lin Changhong snorted disdainfully.

If this map is really related to it, how could it be that it has been so many years ago and it has been unable to open it?

"Old patriarch, do you want to call it now and see if it responds to you?"

"you....."

Listening to Lin Changhong's light words, the old patriarch really vomited out a mouthful of old blood.

It's just a map. Even if it's spiritual, it can't speak, let alone deserve it.

"Maybe, it will really respond to you, old patriarch!"

Lin Changhong didn't care at all whether the old patriarch vomited blood or fainted the next moment, and even used words to stimulate it.

Old patriarch: "..."

Could it be that these people think it has no use value anymore, so they want to piss it off?

"Hmph, just wait!"

It gritted its teeth and said something secretly.

Do you really think it has no use at all? Then they are totally wrong!

It is very useful in this place. If these people want to find that corpse-suppressing talisman, don't they have to rely on it?

Without it, could they find the corpse-killing sigil?

"laugh."

Lin Changhong naturally heard the voice of the old patriarch.

But so what? A spiritual beast that fell into their hands was still an old beast. No matter how hard it struggled, it would be useless, right?

"Sang Sang, do you see the secret?"

No longer paying attention to the old patriarch, he looked at his sister and asked.

"Um."

Lin Caisang nodded and looked up at Sui Zimo.

"Zimo, I'll leave this to you. I'll refine the antidote powder first."

From the golden bead space, he took out the alchemy furnace and some medicinal materials, and then started refining the detoxification powder on the spot.

"good."

Sui Zimo responded and protected her.

"Hiss, is that circle outside actually poisonous?"

Others listened to Lin Caisang's words and looked at her actions, and couldn't help but sigh.

If Lu Tianfeng hadn't explored the way for them, they would probably be like Lu Tianfeng now, poisoned and trapped in fantasy.

...

After almost half an hour, Lin Caisang finally refined the detoxifying powder.

"It'll be ready in half an hour. This captain's alchemy skills are really amazing. It takes me half a day to refine a batch of potions, and they are the ones I am most proficient in."

One of the three people on the wall said.

"Nonsense, can you compete with the captain?" Another person rolled his eyes at him and said.

If they can compare to the captain, then they will be the captain, okay?

"Chang Hong, distribute these medicinal powders to everyone. Just mix them with some water and apply them under your nose. It will ensure that you will not be contaminated by the poisonous gas outside for three hours."

Sui Zimo handed the medicinal powder refined by his wife to Lin Changhong.

"Okay, I'll go right away."

Lin Changhong took a few bottles of medicinal powder, walked towards the others, and distributed the things to everyone.

Then, when everyone had a bottle of antidote powder in their hands, they all turned their attention to Lu Tianfeng in the distance, who had not been able to get enough of the antidote for so long.

Although there was a cooperative relationship before, it has to be said that no one wanted to rescue Lu Tianfeng who was trapped in the illusion.

This person was rescued early in the morning, but it is not certain who will suffer.

Chapter 2965 Never possible

"Do you want to save him?"

"I don't think so. Without him by our side, we can save a lot of trouble.

"That's right, since the old patriarch is in our hands now, why save him? Just let him continue to fight with us."

"I look at him, he's having a good time by himself, isn't he?"

Everyone was talking a lot. Although there were occasionally one or two voices questioning whether Lu Tianfeng should be rescued, a strong sense of ridicule could be heard in the voices.

They are not stupid to save Lu Tianfeng!

"Let's go."

Sui Zimo stretched out his hand and wrapped his arms around his wife's waist. The two of them ignored Lu Tianfeng and walked towards the direction pointed by the paper map.

"Follow up, keep up."

Captain Liu waved to the others and quickly followed.

Lin Changhong and Yue Chushui continued to drag the old patriarch. At this moment, the old patriarch was also in tears.

I had thought that they would just leave it here, so that it could leave directly and no longer need to follow these people in fear.

But unfortunately, these people just don't want to follow the scriptures!

"I've said everything I can say, why don't you let me go?"

It wanted to struggle and escape countless times, but the answer was, it would never be possible.

Hearing this, Yue Chushui glanced sideways and glanced at it indifferently.

"We have already said what can be said. There is still something that cannot be said. We are not in a hurry. The old patriarch will always say it after he has considered it. Just take your time."

Old patriarch: "!!!"

These co-authors actually know that there are some secrets hidden in it that they haven't told yet?

That's why they keep carrying it with them and have no intention of letting it go. How could this happen?

"me....."

"Old man, you don't think we will let you go just like that, do you? You can squeeze out something with just a little torture. If you keep you, you will definitely be useful, right?"

Lin Changhong didn't even give it a chance to speak, and spoke with a faint smile.

"Don't they say that the biggest secret should always be kept until the critical moment of life and death? This is not even the critical moment of life and death. How can we be willing to kill you?"

"you--"

After hearing his words, the old patriarch's face darkened.

Did they actually have no intention of letting it go? Have you been thinking about letting it die?

"You still want to kill me? Aren't you afraid that I won't say anything later?" he asked angrily.

"What's there to be afraid of?" Lin Chang chuckled again.

Whether the old patriarch says it or not depends not on it, but on their methods, okay?

Are they still afraid of a spiritual beast that can't even bear pain and won't say anything to them to force a confession? When the time comes, they will have hundreds of ways to make the old patriarch reveal the secrets they want to know.

"you....."

The old patriarch wanted to speak, but he really didn't know what to say.

It has only now discovered that these people are no better than Lu Tianfeng. They are just the same thing!

Now that he fell into their hands, he probably wouldn't be able to make it back alive.

No, it has to find a way to escape from these people. Since it can't expect these people to spare it, it can only save itself.

"If I don't say anything, you don't want to know anything. Just wait here and die without a burial!"

Chapter 2966 Dare to work hard

It looked at the two of them mockingly and said with a smile.

"Yeah?"

Yue Chushui raised his hand and touched his chin.

"Don't worry, old patriarch, you don't have to worry. We will definitely send you down to greet us before we die without burial, so you don't have to worry."

Old patriarch: "..."

It has to be said that this human's words successfully threatened the old patriarch.

The most terrifying thing is that these people want to be buried with it before they die. This should not be its final fate.

It originally thought that it could watch these people die here with its own eyes, and then it would put the corpse-suppressing talisman into its bag.

But now...it really hesitated.

"Depend on!"

Looking at the old patriarch's appearance, Lin Changhong couldn't help but curse.

"Chu Shui, I really didn't expect that this old guy is still trying to plot against us. I thought he was honest. It seems that we are too kind!"

"When did the old guy become honest?"

Yue Chushui's expression was also gloomy. He originally asked the old patriarch to leave slowly, but now...

He went directly to Lin Caisang and took out a thick rope, tied up the old patriarch's feet, and then dragged him away.

"ah....."

The ice surface was not very smooth to begin with, and it was biting cold. How could the old patriarch endure it?

"It hurts, it hurts so much. I was wrong. I don't dare to do it anymore. Please let it go...ah!"

Before it could beg for mercy, Lin Changhong, who was walking aside, stepped on its tail again as if by accident.

The old patriarch immediately broke out in cold sweat from the pain and screamed.

These human beings are really not human beings. They are so old, yet they still have to suffer such torture. They really want to die.

However, if it really wanted to die, it wouldn't dare.

The older it gets, the more afraid it is of death. The most taboo thing is that others want it to die.

"You are so afraid of death, but you still dare to do it so hard, haha." Lin Changhong sneered twice and said.

"Mr. Lin, the old patriarch is afraid that we will be bored along the way, so he will make some noise and let us play with it. Look, how interesting it is."

Captain Liu smiled cheerfully, turned his head and said.

Everyone: "..."

Obviously that's not the case, but when Captain Liu said this, it really seemed like that was the case!

This old patriarch, didn't he just work hard, making them unable to hold back no matter what, and finally had to take action against him? Think about it, no one else.

These days, someone is looking for a beating for me!

The old patriarch listened to what they said, and then looked at a group of people looking at it with ridicule in their eyes. He was so angry that his whole body was shaking, and he didn't even bother to shout in pain.

...

Lu Tianfeng, who was trapped in the illusion, finally woke up with the help of his magic weapon.

I originally thought that if I was like this, then others would definitely be like this, and no one could escape the poison of this illusion.

Who knew...

When he looked around, he didn't see even a single figure. All he could see was a trace of something being dragged away.

He knew in his heart that it was definitely the old patriarch who was dragged away by them.

"Why weren't they poisoned?"

I couldn't help but wonder, what was going on? This poison was really powerful.

Chapter 2967 Favoring the third possibility

He just sucked a little bit into his body, but he couldn't control himself anymore and couldn't take back his steps.

How did Sui Zimo, Lin Caisang and the others escape?

He could imagine that those people only knew that there was a poisonous trap here after watching him fall into the illusion, but where did they find the method to detoxify it?

"Could it be..."

Thinking of that possibility, a hint of gloom appeared in Lu Tianfeng's eyes.

No wonder those people couldn't wait to take over after he abandoned the old patriarch. It turned out that they knew early on that there were many secrets about the old man that they didn't know!

Damn it!

It was obviously the old patriarch that he captured, but they dared to plot against him and let him throw the old patriarch away.

In the end, they picked up a ready-made one and walked out of this place unscathed!

"No, they must have gone to find the corpse-suppressing talisman."

Suddenly, as if he had figured it out, he stared into the distance.

"hiss!"

Taking a deep breath, he no longer cared about staying there and cursing. He followed the dragging traces and ran out quickly.

I believe that with the old patriarch leading the way, there must be no traps wherever Lin Caisang and the others go. If he follows their footsteps, he will definitely be much faster than the group of people exploring the road in front.

...

Although this place looks very big, it is not really a very big place when you walk around.

After avoiding all the powerful traps, Lin Caisang and his group finally stood in front of a large ice castle. Lin Changhong and Yue Chushui had already left the old patriarch to Captain Liu and the others, and stood on the ice themselves. in front of the door.

"Chu Shui, are you saying that such an ice door has been so frozen that it can't be opened?" Lin Changhong tilted his head and asked Yue Chu Shui beside him.

Hearing this, Yue Chushui turned her head and gave Lin Changhong a roll of her eyes.

"Do you think this is ordinary ice? This is spiritual ice. Even if it is preserved for a hundred thousand years, it will not melt even a little bit!" He explained while looking at the closed ice door.

"However, we still have to see how this door is opened."

He said again,

But there are only three possibilities: 1. The old patriarch; 2. The leather map; 3. The little jade rat.

He could only find a way to open the ice door among these three, but he still preferred the third possibility. The old patriarch did not have that weight.

As for the leather map, it should only be used to avoid those traps.

The only most likely one is that the little jade rat became more and more active as they came here.

He had seen the little guy poke his head out of Sui Zimo's satchel several times, and was finally pressed down mercilessly, allowing the little jade mouse to calm down for a while.

"Go and discuss it with Sister Sangsang." He suggested.

"good."

Lin Changhong glanced at the ice door and nodded.

There was nothing he could do about the ice door, because the mechanism could not be found by manpower, nor could it be entered directly by the strength of a few of them.

"Can't open it?"

Lin Caisang asked when he saw them coming back.

"Can't open it." Lin Changhong shook his head.

"Sister Sangsang, I estimate that the little jade rat is needed here, why not let it out first?" Yue Chushui reminded.

Chapter 2968 It's just pretending!

"Little Jade Rat."

Hearing this, Lin Caisang immediately set his sights on Sui Zimo.

Sui Zimo immediately took the little jade rat out of his bag. However, when he lifted the little jade rat into the palm of his hand, he found that the little guy had turned into a real jade object.

"Zimo, what happened to it?"

Lin Changhong looked at the little jade mouse that had turned into jade, stretched out his hand and tapped its head a few times, but there was still no reaction.

"Did he fall asleep, or did he lose too much spiritual blood and pass out?" he asked.

They have used the little jade rat several times before, and spiritual blood is one of them. There are other things that they have also used, but those things will not turn the little jade rat into a bottle of jade.

Did he discover something he didn't know about?

"Isn't it because we bullied it too hard before? Is it because we were too anxious to come here, so it consumed too much?" Yuan Jue also walked over and asked.

He looked at the tiny little jade mouse. Could it be that he was really bullied too much by them?

"Isn't that true? This is a spiritual weapon. How can it be possible to use so much spiritual blood and spiritual power to endanger life and death?" One of the three people on the wall asked in confusion.

The so-called spiritual energy is not classified according to its size.

Even though it was just such a small jade rat in front of them, the spiritual power hidden in it was beyond what they could describe in simple words.

Therefore, he did not think that what happened before would cause substantial harm to the little jade mouse.

"Then what's going on? Why isn't it moving?" Captain Liu looked at Lin Caisang and Sui Zimo and asked.

"Maybe the little guy is too tired."

Listening to what they said to each other, Lin Caisang was very calm.

"We have arrived at this place. Next, it doesn't matter whether there is a jade rat or not. Zimo, since it has turned into a bottle of jade, just grind it into powder. I believe that jade rat powder is also This ice door can be opened."

Everyone: "..."

Captain Lin, do you think it's true?

Do you really want to crush this jade rat that has been accompanying them to the ice gate and may be useful in the future?

However, before they could speak, they heard a burst of "squeaking" sounds coming towards their ears.

Everyone heard the sound and went away, only to see that the jade rat that had turned into jade was now raising its little paws and squeaking towards Lin Caisang.

This bad woman is really so bad. She can't even pretend to be dead. Once she pretends to be dead, she really wants to kill her. Why?

How could it be so unlucky to meet such a bad woman?

"Hey, you recovered so quickly?"

Watching the little guy transform in a second, Lin Caisang raised his eyebrows and asked jokingly.

Everyone: "!!!"

It turns out that this little guy was actually faking it!

But they were not surprised. After all, the little guy had caused many problems for Sui Zimo and Lin Caisang along the way.

It's a pity that this little guy doesn't have the ability to get benefits from Lin Caisang.

When the little guy heard Lin Caisang's words, he was almost so angry that he returned to his jade appearance again. This was obviously to bully it into not being able to speak, and to make it angry to death!

"Squeak, squeak, squeak."

It even pointed angrily at Lin Caisang with its paw.

Chapter 2969 Who? careful!

"You don't want the claws anymore?"

Sui Zi Mo Bing's cold voice sounded in its ears.

Little Jade Rat: "???"

How could it not want paws? It was obviously this woman who was so irritating. Even if it wanted to hold back a few scolds, it couldn't!

"If you are not sick or in trouble, then get up and work!"

At this end, the little jade rat was thinking about how to deal with Lin Caisang, when Lin Caisang's voice came over from the other end.

"Squeak!"

If it were a rat with fur on its body, its fur would definitely explode at this moment.

It's a pity that it is just a cute little jade mouse. Not to mention the hair on its body, even a speck of dust will not dare to stay on it because of its own spiritual power.

By the way, he has done so many things for this bad woman along the way.

None of it was what it wanted to do, but it had to do it all because of this bad woman's orders.

Now, this bad woman actually wants it to open the ice door. Do they know how much spiritual power and spiritual blood it will cost to open the ice door?

You still have to grind out some jade powder on it!

I think it was just a little jade rat in the first place. If it continues to be consumed like this, sooner or later nothing will be left.

But now, does it dare to say no?

Woo hoo, it doesn't dare, because it's afraid that if it doesn't do what it says, Lin Caisang, a bad woman, will grind it all into powder.

This is definitely something this bad woman would do.

"Squeak, squeak, squeak."

It squeaked at Lin Caisang a few more times, then jumped down from Sui Zimo's hand and quickly rushed towards the Bingmen.

...

After a while, finally, the ice door was slowly opened.

"It's open, it's open."

Everyone was very happy to see the ice door opened.

Although they don't have the ability to control the corpse-suppressing talisman, it's great to be able to feast their eyes on it!

"Captain Lin, Mr. Sui, who...are we? Be careful!"

Captain Liu was about to talk to Sui Zimo and Sui Zimo when he felt a dark shadow passing towards the ice gate.

"Squeak!"

The next moment, they heard the little jade mouse let out a scream.

"Haha, this little thing is finally in my hands." The man held the little jade mouse tightly in his palm and sneered.

"Lu Tianfeng!"

Everyone who had just reacted was shocked to see that the person coming was Lu Tianfeng.

How could this person come here so quickly? He was obviously poisoned before. Moreover, they looked at the map and came all the way. They must be the fastest!

"How did you come here so fast?" Yuan Jue asked.

"This smile."

Lu Tianfeng smiled at them.

"I have to thank that old thing for this. If its body hadn't left such a good guide mark, I really wouldn't be able to catch up with you." He said.

"Old patriarch?"

After hearing his words, everyone's expressions turned bad.

But they also couldn't understand that they had obviously discovered the traces of being dragged out by the old patriarch before and dealt with them.

Later, the old patriarch was allowed to leave on his own without any further delay. Could it be that...

Lin Changhong and Yue Chushui looked in the direction of the old patriarch with gloomy eyes. At this moment, the old patriarch looked guilty, his eyes were evasive, and he didn't even dare to look at them.

Yes, it had to use its hands and feet on the road to make Lu Tianfeng follow it so easily.

Chapter 2970 No need to exist anymore!

However, it originally thought that Lu Tianfeng would save it first after he came over. After all, it was the one who marked the way, so Lu Tianfeng followed him so quickly.

Who knew that this Lu Tianfeng was a complete white-eyed wolf? Not only did he not know how to be grateful, he actually caught its token in his own hands.

You know, this little jade mouse was originally in Lin Caisang's hands.

Now because it was marking all the way, it was caught by Lu Tianfeng.

According to Lin Changhong's attitude towards it all the way, if Lu Tianfeng didn't rescue it, it would really die in the hands of these people!

"Master Lu, save me, you save me!"

Not caring about hiding what it had done secretly, it had no choice but to ask Lu Tianfeng for help.

However, now that Lu Tianfeng is holding the little jade rat in his hand, and the ice door behind him has been opened, how could he still pay attention to the old patriarch's spiritual beast that should have died long ago?

"Who are you to deserve to be saved by me?!"

He glanced at the old patriarch with a mocking look on his face, and after asking a question, he turned his attention to Lin Caisang and Sui Zimo.

"Captain Lin, Mr. Sui, this time, I should really thank you for your hard work in finding the corpse suppressing talisman for me. Once the thing is found, then you... don't need to exist anymore!"

As soon as he finished speaking, everyone looked at his free hand and threw out several magic weapons.

"Tsk.

Lin Caisang tsked lightly.

Doesn't this guy think that just a few magic weapons can kill them?

"Zimo, I leave it to you."

"Um."

Sui Zimo responded, then raised his hand and swept a palm wind mixed with spiritual power towards several magic weapons.

The magic weapon collided with the wind in the palm, and the direction suddenly deviated a lot. Then, with the help of Sui Zimo's spiritual power, it was thrown farther away.

‘Boom, boom boom——’

Several loud noises were heard in their ears. After the magic weapon was smashed onto the ice, several large holes were made in the ice. Suddenly, flames flew everywhere!

"ah!"

Just as the loud noise disappeared, suddenly, everyone strangely heard a familiar scream.

When he turned around and looked outside the ice door, he saw Lu Tianfeng, with a pale face, throwing the little jade rat high and out. His hand that was holding the little jade rat was already covered in blood. Drenched.

But it turned out that the little jade mouse was not a good person. When Lu Tianfeng was angry that his magical weapon was blocked, he opened his mouth and bit Lu Tianfeng's tiger's mouth.

It was originally a jade object with spiritual energy, and its teeth were naturally very sharp, and it directly bit off a piece of meat from Lu Tianfeng's tiger's mouth.

"Squeak, squeak, squeak."

Seeing that he was free, the little jade mouse rushed to Lin Caisang's body without hesitation.

Just as he was about to hide in Lin Caisang's arms, he was carried back by a big hand and stuffed into his satchel again.

"Squeak!"

The little jade mouse only made a symbolic protest and then stayed in the satchel obediently.

"This little guy is really looking for trouble!"

Captain Liu touched his chin and looked at the little jade mouse with difficulty in speaking.

Obviously the little guy dislikes Lin Caisang very much, right? The first thing that came to mind was to hide in Lin Caisang's arms.

But how could he know that the little jade mouse was so shrewd, could it not know who was good and who was bad?
