

## Star of Space 2971

Chapter 2971 was thrown out directly

The bad woman in front of her just had a bad mouth and suppressed her a little bit, but the man who caught her before was not a good thing.

The look in his eyes was so vicious that I wished I could just crush it so that it could be used where it should be used.

That's really bad!

As for Lin Caisang, a bad woman, although she threatened her, on the whole, she would not do anything bad to her.

Comparing the two sides, it seems that it only wanted to be captured by Lu Tianfeng because it believed in evil!

"Damn thing!"

Lu Tianfeng was furious as he watched the little jade mouse escape from his hands.

But what could he do? It was all his fault that he couldn't hold back for a moment and wanted to kill Lin Caisang and the others.

If he had taken the little jade rat directly into the ice gate as soon as he caught it, this thing would not have happened. Unfortunately, there was no regret medicine for him to take.

Immediately, without thinking, he turned around, covered his injured hand, and quickly entered the ice door.

When they saw him entering, the others were not in a hurry. Anyway, it was one of the trio who raised his hand in surprise and touched his chin.

"This road Tianfeng is really stubborn."

He has suffered so much because of his impulsiveness, and yet he hasn't learned his lesson yet, yet he still dares to rush in alone?

"Maybe he thinks he is so powerful that nothing can trouble him. Another person said.

But this is true. Although Lu Tianfeng is a bit unlucky, he is still somewhat lucky.

Otherwise, after going through so many unfortunate things, how could you still have such a good life, survive until now, and be ahead of them all the way?

"Those who open the way are the ones who open the way. Nothing good will come of it." Captain Liu said.

"Sangsang, are we going in too?"

Lin Changhong looked at his sister and brother-in-law and asked.

"Um."

Lin Caisang responded lightly.

But he did not move forward, but instead focused his attention on the old patriarch.

Others saw her gaze and looked towards the old patriarch. Being disturbed by Lu Tianfeng, they really forgot that the old patriarch was tied up and his life was in their hands. He also dared to make trouble in secret.

If you don't teach such an old guy a lesson, do you still need to keep him here for the New Year?

"Sister Sangsang, don't worry, this guy will definitely be punished as long as we are here." Peng Chushui was also extremely angry at this moment. He also didn't expect that the old patriarch would dare to use evil tricks.

At that moment, he, who had never made a move, and Lin Changhong, punched and kicked the old patriarch.

"Ah, stop, stop, you... it hurts so much, ah!"

The old patriarch was beaten so hard by them that he cried out in pain. If he had known that Lu Tianfeng would not save him after getting help from him and let him fend for himself here, he would never have helped him like this. Lu Tianfeng's!

It's a pity that even if you regret it now, it's too late.

After being beaten thoroughly, Lin Changhong dragged the old patriarch, who was like a dead dog, and was about to follow his sister and brother-in-law into the ice gate.

Who knew...

Before they could get closer, they felt a strong wind coming out of the ice door.

Then, everyone saw a figure that was thrown out and hit the ice. At first glance, it turned out to be Lu Tianfeng.

Chapter 2972 The agency is given to the elder brother

At this moment, Lu Tianfeng had been beaten unconscious, and his entire face had no human appearance.

If it weren't for the fact that the clothes he was wearing hadn't changed, and the only person who entered the ice gate was Lu Tianfeng, they wouldn't have dared to guess that this person was Lu Tianfeng.

His body was covered with injuries and blood stains were everywhere. It was as miserable as it could be!

"He...he is..."

Captain Liu and the others were so shocked that their jaws almost dropped when they saw Lu Tianfeng like this.

Although Lu Tianfeng's cultivation level is not very good, he still has a lot of magic weapons on his body. Even their group does not dare to fight with him head-on.

However, just such a person has only been in the ice gate for a long time.

He turned around and glanced at the old patriarch who was still moaning. They just delayed beating the old patriarch. Is Lu Tianfeng like this?

Is it that scary? !

"Captain Lin, Mr. Sui, the situation here..." I'm afraid it's not good, right?

He didn't say the last few words directly, but it was clear from everyone's eyes.

At this moment, Lin Caisang also looked at the unconscious Lu Tianfeng with surprise.

Being able to make Lu Tianfeng look like this, it seems that the risk factor inside is quite high, so they should be more careful.

"Zimo, let's open a shield."

"Um.

Sui Zimo nodded in agreement.

Seeing his agreement, Lin Caisang immediately took out a black, umbrella-like thing from the golden bead space, but this thing had many corners, and there were strings of small spiritual stones hanging on it. .

Then he opened it directly, and after opening it, handed it to Sui Zimo's hand.

Sui Zimo took the shield umbrella from her hand, and then looked at the others, "Come here, Chang Hong, Chu Shui, you protect Sang'er."

"good."

Lin Changhong and Yue Chushui immediately responded, and then came to stand on the left and right of Lin Caisang.

After Lu Tianfeng's lesson, they didn't dare to be careless. Behind this ice gate was really dangerous, very dangerous. Their family's key protection objects must be protected.

"Sang Sang, you will remember it later and you can't rush forward, do you understand?" Lin Changhong warned his sister uneasily.

Lin Caisang: "..."

Since entering the vast sea forest, when has she rushed forward?

Isn't it the one who is best protected?

"Okay, I won't rush forward. I'll leave this mechanism to my eldest brother, okay?"

Lin Changhong: "!!!"

He is a girl who really knows how to betray her own brother.

Can he say that he actually doesn't want to rush forward? Looking at Lu Tianfeng's behavior, he knows how dangerous it is behind the ice gate.

"Okay, I'll do it. I'll do it."

However, Ying Ziran still has to deal with it, it is a matter of his own face.

"Let's go and experience the dangers inside." Sui Zimo said.

"good!"

Everyone responded.

The next moment, the shield umbrella in Sui Zimo's hand began to rotate continuously, throwing away the strings of spiritual stones, forming a beautiful scenery like a waterfall.

Everyone hid behind the shield umbrella and entered the ice gate together.

However, when they entered, they were dumbfounded.

"What is this scenario?"

Wasn't Lu Tianfeng outside so beaten that even his parents could only recognize his clothes?

Chapter 2973 We are in an illusion

But why is it so peaceful inside?

Indeed, it is really peaceful inside. Except that it is made of ice, it is no different from an ordinary room.

There are tables, stools, a royal couch, and several bookcases inside.

The things are clearly visible and can be seen clearly, but these things are not ordinary things, but are made of ice, and I don't know if they can be used.

"Sister Sang Sang, I don't see any danger here." Yue Chushui carefully observed the furnishings inside, but couldn't see anything.

"Yes, Sangsang, I didn't see any trace of an agency here. Could it be that we were deceived by Lu Tianfeng?" Lin Changhong also said.

Could it be that Lu Tianfeng had already obtained the corpse-suppressing talisman, and in order to avoid them, he deliberately pretended to be in a serious coma, and then tricked them into entering, so as to give him a chance to escape?

If this is the case, then next time he sees Lu Tianfeng, he will have to chop this man into ten or eight pieces!

"No, it's true that Lu Tianfeng was unconscious." Lin Caisang shook his head and said.

Even if Lu Tianfeng wasn't really unconscious, she could see him and make him really unconscious. It would be impossible for him to escape.

"Lu Tianfeng must have touched something inside and triggered the mechanism, which is why he was so seriously injured.

"But, Captain Lin, this place is so clean. Lu Tianfeng was so seriously injured and had so much blood flowing, but there is no trace of blood at all here!"

Captain Liu reminded Lin Caisang and the others.

As soon as everyone heard what he said, they looked at the ice again. Well, let alone blood, there were no traces of fighting at all.

Could it be that this place is not the place where Lu Tianfeng was just now?

Sui Zimo and Lin Caisang naturally noticed this. The surroundings were too clean, so unreal that they both doubted whether this place was real.

"This must be where Lu Tianfeng stayed before, but there are some things we can't see." Sui Zimo said lightly.

"Can't we see?" Yuan Jue couldn't help but frowned when he heard what he said.

Sui Zimo said it was just that they couldn't see it, which meant that there were traces of Lu Tianfeng's previous fight here. It was just that their eyes were confused by a certain appearance, so they couldn't see it?

"We're in a hallucination, aren't we?"

He immediately thought of this, and there was no other possibility except entering an illusion.

"What? Are you hallucinating?"

Others were shocked when they heard what he said.

So, they have been poisoned since they entered here, and everything they see now is probably not real, but just the fantasy of being poisoned?

"But that's not right. Even if you are in an illusion, it is impossible for everyone to enter the same illusion at the same time. Could it be that everyone is thinking the same thing?"

One of the trio of wallflowers asked.

Everyone's thoughts are different, so the reaction after being poisoned by psychedelic drugs cannot be the same.

But judging from everyone's performance just now, they clearly saw the same thing. Could it be that after being poisoned, there was only one thing they saw?

"It's not caused by poisoning." Lin Caisang shook his head.

Chapter 2974 Should I save you or save myself?

"It's not poisoning, what is it?" Yuan Jue asked.

"It's a phantom formation. Every group of people who come in will trigger the same phantom formation." Lin Caisang explained.

"So, a few of us came in together, so naturally we were in the same illusory formation. But Lu Tianfeng entered the formation alone just now, so naturally he was injured alone."

What she can conclude is that the phantom formation that Lu Tianfeng entered should be a dangerous and extremely dangerous phantom formation.

"Well!"

Everyone choked at her words and were almost frightened.

"Does that mean that if we come in earlier than Lu Tianfeng, it is very likely that we will be the ones who enter the previous illusory formation?"

The female team member asked with a nervous and scared look on her face.

So, if they had been a step ahead, would they be the ones lying outside now?

But Lu Tianfeng was not as kind-hearted as them. Seeing them lying unconscious on the ground, he might even stab each of them with a knife.

"Maybe." Lin Caisang shrugged.

What didn't happen, who knows, maybe it was the unlucky Lu Tianfeng who blocked them.

However, since nothing happened to them, she would not sympathize with Lu Tianfeng, and no one was holding a knife to force Lu Tianfeng to come in first?

He had to sharpen his head and got in first. What does it have to do with them?

"Who cares about Lu Tianfeng? He deserves it. Sangsang, let's look around to see if there is any mechanism. Maybe we can find the corpse suppressing talisman soon.

Lin Changhong didn't even pay attention to Lu Tianfeng. He was still thinking in his heart, why didn't the magic array kill Lu Tianfeng?

"Don't move!"

As soon as he finished speaking, Sui Zimo's cold eyes swept over him.

"Well."

He was choked, and the steps he originally wanted to lift back down again.

"Brother, why are you so anxious? Everyone is already here, are you still worried that you won't find something?" Lin Caisang rolled his eyes at Lin Changhong angrily and reminded.

"Although it looks peaceful here, who knows what's inside. If you accidentally fall into a trap, will we save you or ourselves?"

"this....."

Lin Changhong touched himself with some guilt.

"Well, I was too anxious. Seeing how peaceful it was here, I thought there would be no danger."

"The calmer the place, the more careful you have to be." Yue Chushui couldn't help but tell him.

Real dangers arise suddenly from calm. Otherwise, it would be impossible for them to be able to cope with the danger based on their reaction.

"Do you need to remind me now? Won't you tell me earlier next time?" Lin Changhong glared at Yue Chushui angrily.

He had already been taught a lesson by his sister and brother-in-law, and now he asked what he had done earlier. He should have been reminded earlier not to talk nonsense.

But he knew that Yue Chushui couldn't be blamed for this. He was indeed too anxious.

"Sangsang, don't be angry, brother will pay attention."

"That's good."

The person who answered him was Sui Zimo.

His brother-in-law has some abilities, but he tends to be impulsive.

If his temperament could be more balanced with Yue Chushui's, he would be able to rest assured and not have to keep an eye on him.

After hearing his words, Lin Changhong pursed his lips, feeling a little innocent.

Chapter 2975 Who can bear it!

It seems that he has really received special care from everyone. He will have to change in the future. He must get rid of this irritable problem, otherwise, even he himself will almost be unable to stand it.

"Brother, you still have to be careful and try to act together with everyone. As for the old patriarch, you still have to carry it and don't let it go." Lin Caisang also warned.

For the old patriarch, the closer she got to the corpse-suppressing talisman, the more uneasy she became, and she didn't know why.

It should just be a vague uneasiness in the heart. It may also be that the old patriarch holds some secrets that they don't know about. Maybe they can ask again.

"Brother, Chu Shui, ask the old patriarch again if there is anything else that we don't know that only he knows."

she ordered.

"We are all gone, and you will have no one to protect you." Lin Changhong's eyes widened, unwilling to leave his sister.

To interrogate the old patriarch, Yue Chushui can go alone, why should they go together?

"Chu Shui, go interrogate me..."

"Go if you are told. There are so many words to talk about. Go quickly." Before Lin Changhong could say anything, Lin Caisang's face turned sharp and she said fiercely to him.

"Well."

Lin Changhong was insulted by his own sister and had to respond numbly.

"Okay, okay, why don't I go? Then let Chu Shui stay here to guard you..."

"I can't survive without you two, right? Go quickly!" Lin Caisang interrupted him angrily and said.

After all, her own spiritual power is not very weak, and it is higher than these two, okay? Don't treat her like a fragile doll!

"Okay, let's go over there."

Lin Changhong had no choice but to take Yue Chushui with him to interrogate the old patriarch.

The poor old patriarch was so frightened that he almost fainted when he saw the two evil stars walking towards him.

These two humans were the most terrifying humans it had ever seen. They would hit each other if they disagreed, and they tortured them until they were in pain, but their faces would not change much.

It's simply not too scary!

"You...what do you want to do?"

It asked with trembling lips, looking at the two of them in fear.

"What are we doing? What else could we do here? What do you think we are here for?" Lin Changhong looked at it with evil intentions and asked sullenly.

"you....."

The old patriarch was so scared that he dared to reply.

It has secrets in its heart, and it is very clear to itself. It is obvious that these two people want to extract some secrets from its mouth.

However, it really doesn't want to say it, but it has to be said.

Because they gritted their teeth and refused to say anything, how could these two people let it go? Instead of killing it directly, they tortured it bit by bit. Who could bear it!

"Sonny, you wait here, I'll go over and take a look."

After Lin Changhong and Yue Chushui left, Sui Zimo handed the shield umbrella to Lin Caisang's hand and prepared to look around.

"Be careful."

Lin Caisang warned.

Since this place is an illusion, there must be dangers that they cannot see with the naked eye.

Therefore, they really have to be careful. Who knows what kind of thing might be staring at them next to the seemingly peaceful side?

"Captain Lin, should I go and have a look too?" Yuan Jue saw that Sui Zimo had gone to check. He was too embarrassed to just stand and do nothing, so he suggested.

"you?"

Chapter 2976 Don't know how to be grateful

Lin Caisang glanced sideways at Yuan Jue. 6

"Captain Yuan, it's better not to go."

It's not that he is worried about what Yuan Jue will do, but he is afraid that Yuan Jue will fall down like Lu Tianfeng without doing anything.

After all, she and Sui Zimo had practiced well, but Yuan Jue's reaction was far from as fast as theirs. If he was not careful, he might end up like Lu Tianfeng.

"To avoid being hurt by innocent people, when the time comes..." Someone has to watch over him.

Yuan Jue: "..."

His abilities are quite good, and during these days in the vast forest, his own cultivation has become much stronger. It can be said that he is completely different from what he used to be!

No matter what, it's always okay to explore a way or something, right?

Why, in Lin Caisang's eyes, is he still a person who has accomplished nothing and knows nothing?

"Yes, Captain Yuan, you'd better stay here. This place looks peaceful, but it's really weird. Maybe there's danger you don't know about when you see nothing.

Seeing Yuan Jue's helpless expression, Captain Liu also tried to persuade him.

It's not that he likes to say it, but with their little cultivation, they really can't compare with Sui Zimo, so he thinks they should just stay calm and wait to see what the corpse-suppressing talisman looks like. .

"Captain, let's just wait here. This place is so big. You can explore it alone. Mr. Sui can do it. The female team member also said something to her captain.

Yuan Jue: "..."

It seems that except for himself, everyone else thinks very little of him.

But it doesn't matter. Although he is far behind Sui Zimo and Lin Caisang, compared with others, he is already very good.

If he is not enough compared to the superiors, he will always have more than enough to compare with the inferiors, right?

"Okay, I'll wait here." He nodded and agreed.

On the other side, Lin Changhong and Yue Chushui looked at the old patriarch with a sinister smile. Listening to the old patriarch's screams, they were immediately satisfied.

"What else do you want to know? I don't know anything. I don't know!"

The old patriarch was dripping with cold sweat, because the environment was so cold that it turned into ice, and his whole body was almost frozen.

But what can it do? These people are its nemesis. It has told so many things, but it is still not satisfied and wants to know more.

Why are these people so greedy? Don't they know that if they know too much, they will die quickly?

"Do not you know?"

Yue Chushui stared at him with cold eyes and snorted softly.

"Since you don't know anything, there's no point in living, right?"

Lin Changhong raised his eyebrows at Yue Chushui, then pulled the long sword out of the scabbard with a 'swish' sound, and was about to greet the old patriarch.

"No, don't come here!"

The old patriarch was so frightened that he tried to shrink back, but he couldn't move.

It knows very well in its heart that if there are really no secrets in its body, these people will really kill it.

I don't know why these people are so vicious. It has obviously never offended them before, and it was the one who took them to the cave to stay for one night.

It's just that he doesn't know how to be grateful, but he repays kindness with kindness and wants it to die.

"I said, I said."

"explain!"

Yue Chushui spat out a word again.

Chapter 2977 They are all demons

The old patriarch was about to cry but had no tears, and looked at them pitifully.

"I want to say, but what do you want to know?" He didn't know what these people wanted to know, so how should he tell them?

Do you want it to say some nonsense?

It really wants to say something made up, but can it say it? These people are as smart as ghosts. They will detect it immediately when it lies, making it afraid to tell it.

"What do we want to know?"

Hearing what the old patriarch said, not to mention Lin Changhong, even Yue Chushui's face was very surprised.

The two looked at each other and saw the same thought in each other's eyes.

"Can't you tell, old man, you actually have so many secrets hidden in your body? So many that you can only answer them if we ask what we want to know?"

Lin Changhong turned around, looked at the old patriarch with a sinister look, and asked quietly.

"Well."

The old patriarch choked at his words.

There are many secrets hidden in it, but I just don't want to tell all the secrets.

I felt that if it answered whatever Lin Changhong and the others asked, then it would be able to hide some unknown secrets, and then I would hope to get out alive.

But now...

It seems like he let something slip. What should I do?

"No, no... I just... I just don't know what to say. It happened so many years ago, how can I still remember it so clearly?

It's just... I just thought that if you ask what you want to know, I might still be able to remember it.

If you don't ask, how would I know what to say...ah! "

Before it could finish its words, it was stepped heavily by Lin Changhong, and its screams rang out again, but this time, midway through its screams, it was silenced by Yue Chushui's spiritual power.

"Uh-huh!"

The old patriarch was in so much pain that he couldn't scream. He could only stare at the two people in front of him with his eyes wide open in disbelief.

Devils, devils, these people are all devils. Compared to Lu Tianfeng, these people are not much better. They all eat people without spitting out their bones!

"If you dare to call out again and disturb my brother-in-law, we won't need any secrets!" Yue Chushui warned it with cold eyes.

"Uh-huh."

The old patriarch is in pain, but he still doesn't want to die. How can he not know what Yue Chushui's words mean?

There is no need for any secrets, don't you just want to kill it?

Out of the instinct of not wanting to die, it shook its head violently, staring directly at Yue Chushui with a pair of eyes as big as copper bells.

"Hmm."

"Chu Shui, what does it want to say?"

Lin Changhong looked at its look and knew what it wanted to say.

"There is something hidden in its arms. Take it out and take a look." Yue Chushui said.

"There are still things hidden. They are really well hidden." Lin Changhong couldn't help but sigh. For spiritual beasts, things can really be hidden anywhere.

Not to mention in the ears, nose, or even in a piece of scales, things can be hidden. Why don't we humans have this ability?

But now was not the time to think about this. He reached out and touched the old patriarch's arms.

Sure enough, he took out something again. This time it was not a map, but a leather notebook. He opened it and looked at it. He didn't know what was recorded in it, but he couldn't understand it anyway.

Chapter 2978 It's actually quite easy to scare

"What's this?"

He asked as he put the thing in front of Yue Chushui.

"I don't know. Let's show it to Sister Sangsang later and we'll find out." Yue Chushui also shook his head.

How could Lin Changhong understand something that even a machine master couldn't understand? You know, these things are all related to this place. It's normal for him not to understand.

"Then I'll take it now..."

"Wait a moment."

Just when Lin Changhong was about to take the things to his sister, he heard Yue Chushui make a sound and stopped him.

"Is there anything else?"

He turned around, looked at Yue Chushui, and then glanced at the old patriarch.

"You don't want to pry open its mouth all at once, do you? No, what's the point? This kind of thing has to be done bit by bit to be interesting, right?"

Old patriarch: "..."

Damn it, these people are still not human after all!

Step by step, don't you just want to torture it again and again, but you still say it so naturally!

However, they had almost stripped away everything it knew, and if it really told the little bit about it, its own death would not be far away.

"Since you said that, let's do this for now, and we'll talk about the rest later." After hearing what he said, Yue Chushui thought that was the case.

This old patriarch bullied all the spirit beasts he could bully several times in Qianjitan, and also killed all his own grandchildren. They couldn't let such an old beast live too well, right?

So, let it continue to suffer. Being so worried now can be considered a kind of torture.

"That's right."

Lin Changhong smiled with satisfaction when he saw what he said.

Of course, when he set his sights on the old patriarch, his eyes were sharp.

"Be honest, when you get here, don't even think about escaping from our grasp. If you stay honest, you may still be able to come back alive. Otherwise, we will let you be buried here after your death, and you will not even have the chance to be reincarnated." No!"

He kicked the old patriarch again and said viciously.

The old patriarch was so frightened by his words that he trembled all over.

You know, if you die in this place, you won't even have a chance to be reincarnated. This is what it told them. This is what the old man told it before.

It may not remember other things, but it remembers this very clearly.

So for so many years, so many spiritual beasts have accidentally entered the forest, and it has never dared to come in to look for it, because it is afraid. Once it enters here, it cannot get out, and then it is really doomed. !

"Brother Changhong, please take it easy, this guy is actually quite easy to scare." Yue Chushui said.

"Ah."

Lin Changhong sneered at the two of them.

"What are you afraid of? I'm afraid it will be scared out of its wits. If it was so timid, it shouldn't have done so many evil things."

If you do something evil, you should know what will happen to you. Isn't there a saying that evil will be punished.

After listening to his words, the old patriarch really wanted to reply and ask, what evil thing did he do?

Is it just because it reached out to the spiritual beasts in its own clan and asked for a few insignificant spiritual stones? What's that? Nothing counts!

Even if it was its grandson who was beaten to death, it deserved it!

Chapter 2979 Instructions for using the corpse suppressing talisman

It's so good that you have to make it angry. If the evil obstacle doesn't die, who will die? It will regret not torturing the evil obstacle properly and let it die so easily!

How dare it say these words in front of Lin Changhong and Yue Chushui?

If he really said that, he would be beaten and kicked by these two people, and he would have to shed his skin even if he didn't die!

Therefore, no matter how unconvinced it was, it did not dare to say anything. It could only secretly think in its heart that when it got free, it would kill all these people and leave no one behind.

But now, in front of Lin Changhong and Yue Chushui, it really didn't even dare to take a breath.

Not only that, he also had to carefully cover up the vicious aura that was accidentally revealed on his body, so that they wouldn't see it.

If he was seen, he would inevitably be beaten and scolded again.

Soon, Lin Changhong and Yue Chushui went to Lin Caisang's side, and the old patriarch let out a sigh of relief.

"Sang Sang, I got this from that old guy. Take a look and see if you can understand what's written in it?" Lin Changhong handed the leather notebook in his hand to his sister.

"Let me see."

Lin Caisang reached out, took the leather notebook into his hand, and opened the first page to read.

"The words here..."

Looking at the words written inside, she couldn't help but narrow her eyes slightly.

"Neither Chu Shui nor I can understand the words here. We don't even know what is written. Sang Sang, can you understand it?" Lin Changhong took up her words and asked.

Hearing this, Lin Caisang raised his head and shook his head at his eldest brother.

"I don't understand, it shouldn't be the words here." She said.

While she was talking, she put the leather notebook into her golden bead space.

Of course she could understand the words, but what she didn't expect was that the old patriarch would have instructions for using the corpse-suppressing talisman.

It seemed that it didn't know what it was, otherwise it would definitely not have been guarding this thing for so many years without knowing how to use it.

Of course, other spirit beasts might remain calm even if they knew what it was, but the old patriarch's temperament...

"I'll put it away first and then take a closer look at what it is."

"good."

Lin Changhong naturally responded. The things he found must be handed over to his sister.

Otherwise, there would be no use for him to keep this thing, right?

"Captain Lin, does this thing have any use here?" Captain Liu asked aloud.

But he felt a little pity in his heart. Even if it was useful, if he couldn't recognize the words on it, he couldn't use it. It was just like taking it blindly.

"Sonny, here..."

Just as everyone's attention was focused on the leather notebook that Lin Changhong found, Sui Zimo touched something on the other side and turned to look at them.

"Watch out!"

Before he could say anything, he saw a vine that seemed to appear out of thin air and moved quickly in the direction of Lin Caisang and the others.

"What?!"

Several people haven't reacted yet.

When they turned their heads to see what was there, the rattan was already in front of their eyes.

"careful!"

Lin Caisang grabbed the female team member's shoulder, dodged, and led her out of the way.

Chapter 2980 Already poisoned

Lin Changhong and the others also reacted very quickly and walked away immediately without letting the cane touch anyone.

Just as they were about to leave, the rattan that originally wanted to entangle them suddenly disappeared without even a shadow.

It's as if they never appeared.

But the vines on this side disappeared, and on the other side, several vines rolled over.

"Watch out!"

Sui Zimo ducked over, took Lin Caisang into his arms, and then stepped back.

As for the female team member, he would naturally ignore it. After a sneak attack, it would be useless if the vines caught her a second time.

Seeing this, other people also fled away.

"hiss!"

Captain Liu was a little slow to dodge, and his arm was wrapped by vines.

But he used his long sword to cut the vines on his arm in time, but...

"This vine has thorns and is highly poisonous!"

While he was talking, his arm had already started to turn blue.

"Eat this."

Lin Caisang and Sui Zimo came over, took out a porcelain bottle from the Golden Pearl Space, poured a pill and handed it to Captain Liu.

At this time, no longer caring about being polite, Captain Liu threw the elixir directly into his mouth. He didn't even have time to find water, so he swallowed it directly. With one hand, he couldn't find water at all.

"It's actually poisonous. This place is indeed not a peaceful place!" One of the trio said as he looked around nervously.

"It's never been a peaceful place."

Another person said angrily, but they were lucky before and the vines didn't find them.

"I don't know what's going on. There was obviously no movement just now, so why did it suddenly..."

"It's an agency."

Lin Caisang said calmly with a cold face.

"organ?"

Lin Changhong was puzzled and turned to look at the others.

"Have any of you encountered the agency?"

They have always stood together, who would encounter the agency, unless... it was the old patriarch whom they left on the other side.

But that old guy was tied up, so he couldn't help but do whatever he wanted.

"The old patriarch..."

"ah!"

Just when he thought of the old patriarch, he heard a scream.

Everyone turned around and saw that the old patriarch's body was wrapped with a lot of vines, and they were just about to roll it into a rice dumpling.

"Help, help me!"

The old patriarch felt that his whole body was entangled with vines, and the thorns on the vines hurt him so much that he almost died.

But even though it was shaking with pain, it didn't know it was asking for help.

"Oops!"

Lin Changhong secretly screamed something bad and immediately dodged towards the old patriarch.

Seeing this, Yue Chushui flew over to help. Others also went over and chopped down the vines on the old patriarch's body.

But this time, the vines didn't hide and run away like they did before. Instead, they became more and more entangled on the old patriarch's body.

No matter how much Lin Changhong and the others cut off, the vines would become entangled even more and they would never be able to cut them all.

"UUUUUUUUUUUUUUUUUUUU"

The old patriarch was haunted everywhere, and he could no longer even speak.

At this time, it is not just tightly entangled, it has already been poisoned. If it is not handled properly, it will die!

Although it couldn't speak, it still wanted to ask for help.
