

Star of Space 298

Chapter 298 He feels distressed

He didn't see it before, thinking that no matter how much Lin Caihe acted at home, his daughter would not be harmful to others, but after what happened with Lin Chushui, he came to understand.

Lin Caihe's temperament can really kill people when they are not paying attention.

"Weren't you still saying that before?"

It's not just Sangsang. Lin Caihe now even wants to kill her own mother. Is there anything else that can't be done? He was scared just thinking about it.

"this....."

Thinking of this, Lin Laogan was frightened for a while and had nothing to say.

"Then what did your Aunt Osmanthus say?"

Didn't you just say that Ya Osmanthus would have some heart? Why did you say it so horribly?

"I told Aunt Guihua to find a mother-in-law who can control that girl. Don't get married and cause trouble for our old Lin family." Lin Baiyi said angrily.

"What?"

Lin Laogong almost laughed out loud after hearing his son's words.

"What are you talking about, you bastard? That's your own daughter. Your wife will be furious if she hears what you said!"

How could anyone go to marry his daughter and say something like this? Isn't this harming his own daughter? Fortunately, he still thinks that his third son is honest and honest. How can he be honest?

This is simply cheating my daughter without paying for her life.

"That's what A Lin asked me to tell Aunt Guihua, and asked me to get ten eggs, saying that if I didn't get them, it wouldn't be possible." Lin Baiyi said without giving any face to his own father.

"Later, my mother added ten more eggs, and she accompanied me. Just like that, Aunt Guihua's face was as dark as ink, so she almost said in front of our mother, what's the matter with your family?" It's hard to find a girl's marriage, it's very rare."

In the past, Lin Baiyi said some powerful words, which were all taught by Lin Caisang, but this time it was for his daughter, and he said these words without blinking an eye.

This girl is really disturbing.

Lin Laogong: "..."

He was quite old, but he was so blocked that he couldn't say a word because of his son who he thought was very sincere when he was young.

"Come on, since everything has been settled, let's leave it at that." After a long while, he said.

What else can be said, to be honest, even he doesn't trust that he would marry such a granddaughter out to harm other people's families, but she is his granddaughter after all, so she can't stay unmarried for the rest of her life and just be an old girl at home, right?

"Go back and pull out a few feet of cloth and ask your wife to make a new dress for He Yatou. If someone comes to the house, they must wear something decent to meet people." He explained.

"Well, I understand."

Lin Baiyi responded dully, glanced at the two elders, turned around and went out.

"The third child's family is in the kitchen. I'll go take a look." Lu Qiubo looked at his old man and was about to go to the kitchen.

"Old woman."

Lin Laojie called out to her.

"What's the matter?" Lu Qiubo turned around and asked him.

"What has our Sangsang been doing recently?" Lin Laogong asked, frowning slightly.

"What can I do on this rainy day? Just stay at home." Lu Qiubo said.

Even if Sangsang wanted to go and do something, she couldn't allow Sangsang to go. What if she caught a cold later?

"Is she tired from taking care of Chu Shui these days? Haven't you noticed how thin she has become?" Lin Laogong frowned more and more. Seeing that his precious granddaughter had lost a lot of weight, he couldn't help but wonder. Feeling distressed.

"I think Chu Shui can go to the ground. She can take care of herself in the future. Don't let Sangsang work any more. Let her have a good rest. Don't look back and get really tired."

he said.
