

Star of Space 2981

Chapter 2981 It's telepathic

"I'll go over and take a look."

Seeing that they couldn't rescue the old patriarch, Sui Zimo wanted to go over.

However, before he could take a step forward, he was pulled by Lin Caisang. He turned back and looked at Lin Caisang in confusion.

"Um?"

"Zimo, if I'm not wrong, these vines should be able to sense when someone has found a trap, and then they will attack people. Lu Tianfeng should be too lucky to find the trap at once, so he will He was attacked by those vines and was thrown out unconscious. "

Lin Caisang looked at Sui Zimo seriously and explained.

Hearing this, Sui Zimo was silent for a moment, thinking that that was really what happened.

"Then let's unlock the mechanism first?" he suggested.

"good."

Lin Caisang responded.

She was also thinking just now, if she had unlocked the trap, those vines would not appear again, right?

It's okay now, I'm just pestering the old patriarch. The old patriarch is a spiritual beast, and he's so big. Even if he's poisoned, he'll be fine for a while.

But it's different for other people. If they are caught by those vines...

The two of them turned their heads at the same time and glanced at Captain Liu who was meditating and resting. Isn't this a living example in front of him?

It would be fine if one or two were poisoned, but if everyone... then the consequences would be disastrous.

"Yuan Jue, guard Captain Liu here while we go to the agency to take a look." Sui Zimo glanced at Yuan Jue, who had not gone there to help, and ordered.

"good."

Yuan Jue responded.

He didn't go there just now, it wasn't that he didn't want to help the old patriarch escape.

Instead, only Lin Caisang, Sui Zimo, and Captain Liu are left here. If the vines attack, Sui Zimo can protect Lin Caisang, but what about Captain Liu?

He always does things in a measured way and would never put anyone in danger.

After making an agreement with Yuan Jue, Sui Zimo took Lin Caisang to the mechanism he discovered.

However, before they could get close to the mechanism, the vines seemed to sense them and attacked again, blocking them two meters away.

"It's indeed a feeling."

Looking at the vines that prevented them from getting close to the mechanism, Lin Caisang said something.

"Whether you feel it or not, you must get through this level!" Sui Zimo snorted, protecting Lin Caisang with one hand, and slashing out a stream of spiritual power from the long sword in the other hand.

The next moment, many of the vines that originally blocked them were destroyed, but some were still there.

"Zimo, stop protecting me, I can protect myself." Lin Caisang said to Sui Zimo.

Of course, she would not hold him back. The long whip in her hand was also swung at the vines. With just one whip, she scattered the remaining vines.

But although these vines were scattered, several other vines came over and blocked them from the outside again.

Seeing this, Sui Zimo had no choice but to let go of Lin Caisang.

"Be careful yourself."

After he warned him, he began to concentrate on dealing with these vines.

Lin Caisang, on the other hand, was behind him, protecting him from those vines secretly attacking the two of them.

Not to mention, these vines seemed to have become fine. They really knew how to make a sneak attack. If Lin Caisang hadn't been on guard, they would have succeeded in the sneak attack.

Chapter 2982 Let this illusion be shattered

On the other side, Captain Liu was just sitting there exorcising the poison, but he still attracted some vines. Yuan Jue was very busy, not only to prevent the vines from getting entangled with Captain Liu, but also to prevent his own vines from being entangled by the vines. live.

Originally, if there was no poison, even if it was entangled, you could break free just by using your spiritual power.

But the key point is that these vines are poisonous, which makes him have to deal with them carefully, so it is quite difficult to deal with them.

"Captain, let me help you."

The female team member looked at the old patriarch's side. Although they were driving them away, there were still only a few more vines. Then she looked at Yuan Jue's side.

He immediately made a decision and turned back to help his captain.

The old patriarch is just a heinous old beast. He will die when he dies, but the captain has fought alongside her, so nothing can happen to her.

So without thinking, she came directly here to help.

These vines were really difficult to deal with. Even if Sui Zimo had Lin Caisang's help, he would not be able to reach the agency in a short while.

"This can't continue like this, Sangsang, see if there is any way to dispel this illusion?"

Lin Changhong flew over from the old patriarch, helped them break a vine, and then asked his sister.

Even if these vines are poisonous, they are not that scary and they can still deal with them. 6

However, the difficulty in this place is that they are in the light and the vines are in the dark. They don't know when the vines will come out and attack them.

And it was all silent, leaving them unprepared.

"There is no way. The agency in this place should be here, but we can't get through now!" Lin Caisang said.

Just because she and Sui Zimo are here, there are more vines on their side than on the old patriarch's side. It can be seen that this mechanism is guarded by those vines.

Therefore, they could only find ways to kill these vines that came out of nowhere before they could close the illusion.

"Is there really no way?"

Lin Changhong frowned, looked at the entangled vines, and took a deep breath.

"But it really can't go on like this. I guess these vines are just branches, and there is still a main vine. If the main vine doesn't die, no matter how hard we kill, we won't be able to kill them all."

However, they don't even know where the main vine is because they can't see it!

Hearing this, Lin Caisang also took a deep breath.

"I'll try to figure it out."

Although she thought it was impossible, Lin Caisang still moved Dabai and the others out of the golden bead space and carried them into her arms. Next to her stood Xiaohei.

"Xiao Hei, you guys split up to look for it and see if you can find out where the main vine is."

"squeak!"

Dabai and the others obeyed her instructions and immediately sprang out of her arms.

Xiao Hei, on the other hand, roared loudly and then went in the other direction, excitedly looking for the main vine.

However, before they could take a few steps, their way was blocked by his vines that suddenly jumped out. However, Dabai's bodies were flexible and they were able to run directly between the vines, and those vines couldn't catch them at all.

As for Xiao Hei, wherever his claws touched, the vines were cut open without any trouble at all.

Chapter 2983 I can't hide it anymore

Moreover, Xiao Mo was not afraid of the poisonous stings on the vines. Even if he was stung, there was no sign of poisoning at all.

"The poison on Xiao Hei's body can actually restrain the poisonous sting on the vine?" Lin Changhong was surprised when he saw this scene.

Xiao Hei was not poisonous originally. According to his sister, it was the poison that Xiao Hei cultivated independently after entering the Golden Bead Space, and it was also carried on his claws.

As long as you are scratched by it, you will not survive without an antidote.

When they first arrived in Qianhuan Continent, Xiao Hei had also killed the monsters alongside them. He always knocked down the monsters with one claw, without exception.

This time, when facing the vines, Xiao Hei was not inferior.

"The poison on Little Black's claws is naturally formed. It is incomparable to any other poison. If I am not mistaken, this vine was raised here before, and its poison was also acquired. from."

Lin Caisang said as he looked at Xiao Hei who was fighting with the vines and gaining some advantage.

"No wonder."

Lin Changhong nodded.

"I wonder if they can find the main vine?"

Lin Caisang doesn't have much hope for this. This place is very weird. Even spiritual beasts like the old patriarch can't see anything abnormal, let alone Xiaohei and the others. They are just beast. (audience)

Even if you already have some cultivation and know how to practice, your body is still a beast.

"Wait and see, let's help Zimo first," she said.

"good."

Lin Changhong nodded.

The two of them turned back and continued to help Sui Zimo deal with the vines, trying to open a path here.

...

After a while.

Just when Lin Caisang and Lin Changhong were helping Sui Zimo to open a road.

Suddenly, Xiao Hei roared.

"Roar!"

Lin Caisang paused the long whip in his hand and turned to look in the direction of Xiao Hei.

What's amazing is that Xiao Hei actually found the main vine. Seeing that he couldn't hide it anymore, the main vine revealed its figure and started a big battle with Xiao Hei.

But for the main vine, Xiaohei is too small and very flexible.

It is really difficult for it to entangle Xiao Hei, and even if its vines entangle Xiao Hei, as long as Xiao Hei's claws are there, it will only take one second to cut him again. It's open.

At this time, the main vine couldn't catch Xiao Hei no matter what, and it was also angry.

But even when it was angry, it didn't make a single sound, and the vines moved around silently.

If Xiao Hei hadn't let out a roar, they wouldn't have known that the main vine had appeared. This guy was indeed mysterious enough. He fought so fiercely with Xiao Hei that he didn't make any sound at all.

"Zimo, Sangsang, over there..."

Lin Changhong also saw the scene where the main vine was fighting with Xiao Hei, so he wanted to turn around and remind his sister and brother-in-law.

However, when he turned back, there were still two figures there. They had long since disappeared. Then, when he turned back to look at the main vine again, he saw only two people, who had already opened towards the main vine.

Lin Changhong: "..."

Why is this speed so fast? If he had such a fast reaction speed, his parents wouldn't scold him bloody every time!

"You two, please wait for me!"

Chapter 2984 He is a digger

After all, he is also a helper. What do these two people mean by just leaving him here?

When everyone saw the main vine, they rushed over, surrounded it, and began to fight with it. Because the main vine was entangled, the vines from the old patriarch and Captain Liu were all taken back.

With so many people working together to deal with a vine, no matter how powerful the vine is, it is impossible for them to gain the upper hand.

But this vine also has skills, and it is a skill that makes everyone speechless and helpless...

It will be invisible!

Seeing that it could not defeat these humans, it hid its body.

"What's going on? You're invisible again?"

Lin Changhong was stunned when he saw that the main vine that was still fighting with them suddenly disappeared.

"I don't believe that you can become invisible, how can you dig through the dirt and run away!" He thought secretly, and then fired a stream of spiritual power into the air.

"Wow!"

One of the three people on the wall was standing opposite Lin Changhong. When he saw Lin Changhong's spiritual power coming towards him, he quickly avoided it.

'boom! '

The next moment, everyone heard a loud noise, and Lin Changhong's spiritual power hit the ground not far away.

Everyone: "..."

Not only can this main vine become invisible, but it's also really good at digging dirt, isn't it?

Of course, it is normal for wood-type monsters to be able to dig dirt. It would be abnormal if they could not dig dirt.

I just don't know where the main vine went. Could it be attacking them from behind again?

"Captain Lin, Mr. Sui, this is not the way to go. We must find..."

"Roar!"

Before Yuan Jue finished speaking, he heard Xiao Hei's roar.

Not far away, for some reason, Xiao Hei got into a fight with something again. Soon, the main vine appeared, and it was hard to separate from Xiao Hei.

"It seems that there is a way."

Lin Caisang slightly grinned her red lips and glanced at Sui Zimo. The two of them immediately stepped forward with a tacit understanding and fought with the main vine again.

As long as this main vine is killed, they can open the mechanism.

Others followed suit.

...

After the main vine became invisible several times and Xiao Hei found it several times, everyone finally used all their strength to kill the main vine.

What I didn't expect was that I thought I would have to wait until the mechanism was broken before the illusion would disappear.

Unexpectedly, as soon as the main vine died, the illusion here disappeared without a trace, and the scene was a mess. There were traces of Lu Tianfeng's blood inside, and the vines they had beaten to death were all over the ground.

And at their feet, some tiny vines were found. Although they were very small, about the size of a green vegetable, they were already baring their teeth at them, trying to bite their feet. One bite.

"This vine..."

"Destroy them all!"

Before Lin Caisang finished speaking, he heard Sui Zimo's words.

She nodded immediately, and that was what she wanted to say. If this thing spread outside, it would be the nemesis of spiritual cultivators.

It would be fine if they were just ordinary ones, but the key point is that these vines are likely to have the invisibility function of the main vines. Whether they are killing monsters or humans, they are all accurate.

"Zimo, you help Sangsang rest, and we will destroy these vines." Lin Changhong said.

Chapter 2985 Do you want to go in?

He took the initiative to do something, and Sui Zimo naturally wouldn't refuse, so he nodded.

However, where do they have time to rest? The mechanism has not been opened yet, so they should continue to deal with that mechanism.

"Watch yourself."

After admonishing them, he took Lin Caisang away and went to the agency.

When Xiao Hei saw his master leaving, he naturally followed him, while the two big whites had already been taken back into the Golden Pearl Space by Lin Caisang.

"Zimo, this mechanism shouldn't be difficult to open, but the vines from before were indeed a bit more difficult to deal with." Looking at the mechanism, even if Sui Zimo came alone, he could open it.

Lin Caisang was a little confused. This shouldn't be set up like this, right?

It was so easy to unlock the mechanism. Just now, even if one of them dragged the main vine or Sui Zimo came by himself, he could open the mechanism.

Thinking about it, it seems like something is wrong.

"Is there something wrong with my thinking? After this mechanism, there is another more powerful mechanism, so the mechanism here is simpler."

"have no idea."

Sui Zimo shook his head, saying that it was really hard to guess.

But his intuition told him that getting the corpse-suppressing talisman would definitely not be that simple.

If it were just such a mechanism, plus those vines, there would really be many people who could get the Corpse Suppressing Talisman except for that idiot Lu Tianfeng.

"Sonny, please be careful. I'll go over and take a look."

"good."

Lin Caisang responded and took a step back.

Sui Zimo saw her standing far away, then he felt relieved and walked towards the agency.

However, this time, before he could get close to the mechanism, he felt a dazzling spiritual power coming towards him.

"careful!"

Lin Caisang was on guard, and immediately threw out the long whip in his hand, wrapped it around Sui Zimo's waist, and pulled him back.

However, the dazzling spiritual power did not harm the two of them, nor did it attack them. Instead, it slowly formed a figure.

"This is....."

'boom! '

After a loud noise, they saw what seemed to be a door behind the figure being opened.

"Later humans, do you want to go in?"

A slow voice came from the figure formed by spiritual power. Sui Zimo and the two could still see the figure's lips, opening and closing, as if it was speaking.

But they all know that it is impossible for a figure composed of spiritual power to speak. At most, it is used to scare people who don't understand.

"The corpse-suppressing talisman is behind me. You people who don't know what it is called are here just for the corpse-suppressing talisman, right? That thing has done a lot of harm to people in the past!

I really don't understand why you humans have to want to get such evil things and then use them to harm your own kind again? "

The figure shook his head in a dignified manner, expressing his confusion.

Lin Caisang and Sui Zimo: "..."

In fact, they also want to know what are the people who are trying every means to get the corpse-suppressing talisman thinking in their hearts?

The corpse-suppressing talisman can not only deal with foreign enemies, it can also cause great harm to oneself.

Even though you know it's harmful to you, you still want to control it and use it to satisfy your insatiable greed. Isn't that looking for death?

Chapter 2986 Spiritual Armor?

Or do those people think that they have the ability to prevent the corpse-suppressing talisman from harming themselves and to eliminate all foreign enemies?

But it's useless no matter what they think about now, because they can't get the answer.

"Zimo, what should we do now?"

Turning her head, she looked at Sui Zimo and asked.

Although this is just a human figure formed by spiritual power, if they want to force their way through, I'm afraid it won't be that simple.

Especially since she is pregnant now, if she wants to break through this place, she will definitely be injured by the rebound of spiritual power.

She can't afford to be hurt now.

"I come!"

Sui Zimo thought for a moment and then said.

"no!"

Before he could move forward, Lin Caisang raised his hand to stop him.

"You can't do this alone."

It's not that she thinks Sui Zimo can't get through, but they have such a large group of people here. If they get through this spiritual statue, what else is waiting for them behind the door?

And if Sui Zimo wants to get through this spiritual statue, he will definitely be seriously injured!

"Let Chang Hong and Chu Shui come over together." Sui Zimo said.

"them....."

Lin Caisang turned around and glanced at Lin Changhong and Yue Chushui, who were coming towards them.

They can do it. It is the strength of the two of them to combine again. If the three of them share the damage caused by the spiritual statue, they will not cause too much damage.

However, she is still worried...

"Sister Sangsang, brother-in-law, just the two of us are enough, you can just watch from the side." When Yue Chushui saw the spiritual figure, she knew it was not simple.

Here, Lu Tianfeng doesn't know when he will wake up. Unless they go out now and stab Lu Tianfeng's body, they can rest assured.

And even if Lu Tianfeng was stabbed, those who went out didn't know if they could come back, but after entering this door, they didn't know what else was waiting for them.

Therefore, neither Sui Zimo nor Lin Caisang can be injured at this moment.

"What are we doing here?"

Lin Changhong hadn't figured it out yet. He just felt that this was a spiritual power that would dissipate after he finished speaking.

"Brother Changhong, what do you think is here? This is a spiritual shield. If we don't break it, we won't be able to get in." Yue Chushui looked at him angrily and reminded.

"Psychic armor?"

Hearing this, Lin Changhong looked at the portrait in surprise.

"What is it? It turns out to be a spiritual armor. What else is there? There are so many of us here, can we still let you break it open?"

He looked at his sister and brother-in-law with a smile and said.

Not to mention the trio, Yuan Jue and Captain Liu should also come in handy now, right?

"Zimo, you can't get hurt. Leave it to us to break this spiritual armor."

"This spiritual shield cannot be broken by ordinary people." Sui Zimo shook his head, saying that he couldn't do it without him.

"Hey."

After hearing what he said, Lin Changhong really didn't believe this evil.

"I still don't believe it. There are so many of us, and we can't deal with such a spiritual shield?"

Turning his head, he looked at Yue Chushui.

"Chu Shui, go and call Yuan Jue and Captain Liu over."

"good."

Yue Chushui responded and went to call Yuan Jue and Captain Liu.

From his point of view, he didn't want Sui Zimo to get hurt, and Sister Sangsang was still pointing at him to protect him.

Chapter 2987 There should be no fate

But this kind of spiritual shield is just like this. No matter whether it is done well or not, anyone who wants to break it will be rebounded by the spiritual power and be injured.

This is unavoidable.

When Chu Shui went to find Yuan Jue and Captain Liu that month, Lin Changhong also took out some formation balls from his arms and held them in his hands.

"I don't believe it. With these things, can you still break through a spiritual shield?"

...

Two more hours later, Lin Changhong and Yue Chushui joined Yuan Jue and Captain Liu.

It took the four people working together for two hours to break through the spiritual shield.

'boom--'

Only a violent roar was heard.

When the spiritual power shield was broken, the four people who bore the brunt were rebounded by the spiritual power and flew straight back.

And others weren't much better.

Even the trio and the female team members who were standing far away were affected by the rebounding spiritual power and spit out a mouthful of blood.

Sui Zimo turned his body upside down and held Lin Caisang tightly in his arms to prevent Lin Caisang from getting hurt. However, when the spiritual power came to suppress Lin Caisang, he also felt a moment of depression. My chest felt uncomfortable and tight.

"call!"

After a long time, the remaining spiritual power slowly disappeared. Everyone raised their hands, wiped the corners of their mouths, and let out a sigh of relief.

"This spiritual power is indeed powerful, Zimo. If you were alone just now, you would be in danger."

Lin Changhong got up from the ground, covering his chest with one hand, wiping the blood from the corner of his mouth with the other, and said to Sui Zimo, who was nervously checking on his wife.

That's right, the four of them were all seriously injured.

If it were Sui Zimo who replaced him, how could they rest assured? Without them, his sister would have to worry to death!

"I don't know what's inside, why don't we go in and take a look?"

Captain Liu's injuries were unclear, but at this moment he didn't care about his injuries and suggested to everyone.

Although this corpse-suppressing talisman probably has no fate with him, at least he can take a look at it, which is considered to have seen it, right?

After hearing his words, everyone turned their attention to Lin Caisang and Sui Zimo.

"Zimo, I'm fine, let's go take a look first." Lin Caisang said.

"good....."

Just as Sui Zimo was about to respond, he heard a wail.

"woo woo woo woo!"

Everyone heard the sound and went away, only to see the old patriarch who was tied up with five flowers. At this moment, his skin color was no longer the same as before, it was much darker.

It seems that the poisoning is really serious.

"Tsk, I've been poisoned for so long and yet I'm still alive. It's really a disaster that will last for thousands of years!"

Lin Changhong looked at the old patriarch and frowned, wishing he could slap this old guy to death. The old guy must know the danger here, right?

But when he pressed it before, the old guy didn't say anything.

Lifting his feet, he strode towards the old patriarch, and then stepped on him.

"You still have the nerve to scream? If you hadn't insisted on not saying anything, would you have been poisoned? You call this retribution! Well, you won't die after being poisoned anyway, so just continue to suffer!"

[illegible]

The old patriarch's eyes widened when he heard his words.

It was poisoned and survived because it was a spiritual beast, large in size, and the treasure-guarding spiritual beast that the old man kissed.

Chapter 2988 Can only survive

But if there is no antidote for a long time, it will really die. I saw Lin Caisang giving Captain Liu an antidote before, and Captain Liu got better after that.

Can't these people also give it an antidote?

It used its own eyes to stare hard at Lin Caisang in the distance.

Lin Changhong looked at its appearance, followed its gaze, saw his sister, and knew what it was thinking.

"hehe."

He smiled mockingly.

"You want an antidote? Are you dreaming? My sister's antidote is to feed dogs, and I won't feed it to a guy like you. You'd better be able to endure it. If you can't, then keep it. Here, just be a Bing Tuozi.

Hearing this, the old patriarch's eyes widened.

"Wooooo..."

It doesn't want to stay here and be a lump of ice. Even if it dies, it doesn't want to be left in this ghost place.

Moreover, who said it would die? It still has a long life and will definitely live well.

"Brother, give it an antidote first."

Not long after Lin Changhong finished speaking, Lin Caisang's voice reached his ears.

"ah?"

He turned his head and looked at his sister.

Why do you need to give this guy an antidote? It won't die for the time being anyway, so leaving it half-dead is not very good. You don't have to constantly be on guard for it to escape, and you have to find someone to keep an eye on it.

"Give it one pill first, and give it the rest of the antidote later." Lin Caisang said.

"What?"

Captain Liu was shocked when he heard her words.

"Captain Lin, do you need to take this antidote several times?"

Then why didn't he feel that there were still toxins in his body? Shouldn't it have been detoxified?

Wouldn't it be said that the poison has not been completely cured and it will relapse?

"Old Patriarch, it is so big that it cannot be measured by the amount of medicine we humans can use. Therefore, one antidote can only cure half of the poison at most.

Of course, this is just my guess. Maybe it will be better and can only remain immortal. "

Lin Caisang explained.

Everyone: "..."

Is there any other way to say this? Isn't it to coax the old patriarch into not leaving them?

However, Lin Caisang really didn't coax them, let alone the old patriarch.

The antidote elixir she refined cannot be completely detoxified by anyone who eats it. It is as big as the old patriarch, and it has been entangled in vines for so long, and it is still entangled all over the body.

Unlike Captain Liu, he was just stung.

However, she didn't understand why the old patriarch had been wrapped into a big rice dumpling before, even though he was poisoned, and had been wrapped in it for so long, but nothing happened.

But Captain Liu was only stung a little and almost went to see the King of Hell.

What the hell is going on?

But now is not the time to think about this. The most important thing they should do now is to go through this door and see what is inside.

After a while, Lin Changhong reluctantly gave the old patriarch an antidote. Seeing that the old patriarch stopped wailing, he glared at him fiercely.

Then, he dragged it and followed a group of people into the door.

"Wow, what beautiful flowers!"

As soon as they entered the door, the female team member let out an exclamation of exclamation.

For women, no matter they are young or have lived into their seventies or eighties, there are few who do not like beautiful flowers.

Chapter 2989 Are you awake yet?

The flowers in front of you are pink and tender, and they also exude a charming fragrance, which is simply refreshing.

"Be careful."

Sui Zimo was afraid that his wife would be deceived by this flower, so he spoke out to remind her.

Hearing this, Lin Caisang glanced sideways and gave him a reassuring look.

Is she such a superficial person?

These flowers were bigger than a person, and the largest one was as big as the old patriarch. She had to believe it, so she thought they were beautiful instead of scary.

It's obviously not normal, and this strange smell is not a good smell to her.

"Beautiful ass!"

Before Lin Caisang could say anything, Captain Liu couldn't help but cursed after hearing the female team member's praise for the flowers.

In addition, his face was also livid, and he looked reproachfully not only at the female team member, but also at Yuan Jue, seeming to blame him for bringing such a team member.

Then, he raised his hand unceremoniously and slapped the female player directly on the face.

"you--"

The female team member suddenly woke up after being beaten by him. She felt the burning pain on her face and suddenly became angry.

He looked at Captain Liu angrily and almost raised his hand to slap him in the face.

"Are you awake?"

Captain Liu asked the female team member with a cold face.

"What do you mean?"

The female team member was still immersed in the feeling of being beaten and failed to think about what Captain Liu's words meant.

"What do you mean by asking me?"

Captain Liu sneered, then turned his eyes and scanned everyone's bodies.

No one was confused by the flower, which proved that everyone was on alert. Only this female team member was almost confused by the flower.

"This is a fragrant flower. It can emit a hallucinogenic fragrance, but it is not fatal. However, if you dare to get close to it, it will immediately open its flowers and eat you all. It is guaranteed to be No bones or scraps are left!"

"Who are you kidding? How could such a beautiful flower eat people?" Naturally, the female team member did not believe Captain Liu's words.

If Lin Caisang said this, she would still believe it.

But this was what Captain Liu said. She wouldn't believe anything he said. This man must have just hit her and didn't want her to pay him back, so he deliberately made up lies.

"If you don't believe me, go over and try!"

As he spoke, Captain Liu stretched out his hand and pushed the female team member forward.

The female team member was pushed out two steps. Unexpectedly, the fragrant flower closest to her seemed to sense a strange aura and actually swayed a few times.

Next, the flower suddenly opened, and the stamens inside were like knives, trying to catch the strange thing.

"ah!"

The female team member screamed and hurriedly stepped back.

At this moment, her face was extremely pale, her legs were shaking uncontrollably, and she was about to fall down.

This flower could actually eat people. If she hadn't seen it with her own eyes, she wouldn't have believed it. Even the stamens inside the flower were as sharp as a knife!

"Captain Liu, you have gone too far."

Yuan Jue glanced at his female team members, then glanced at Captain Liu and said.

However, his words were calm, not like he was blaming Captain Liu, but just like a routine maintenance, just to regain some face for his team members.

Chapter 2990 It will be a big war!

If you are not as good as others, what can you do?

In terms of ability, this team member of his is no worse than the trio of wallflowers, but none of the three of them were fooled by the fragrant flower.

It happened that only one of his own team members was confused, and he also felt that what his own people said was incorrect.

Encountering so many dangers along the way, none of them had built a high wall of defense in their hearts, but it was her who was so easily fascinated by a few flowers.

If she said a few more words, maybe she would not be the only one who was confused, and they would also be led into the ditch.

He didn't care about the shamelessness, but in this place, he really should be careful.

Otherwise, I really don't know how I died.

"team leader....."

The female team member looked at Yuan Jue gratefully.

It seemed that her captain also felt that it was not her fault, so she felt relieved.

But before she could finish feeling happy, she heard Yuan Jue's cold words, which were poured on her like a bucket of cold water.

"Think carefully about the next road you should take. It's okay if you walk into a dead end, but don't implicate other people." He warned his team members.

"team leader!"

The female team member's eyes widened and she looked at Yuan Jue in disbelief.

Is this still the captain who once fought side by side with her and shared life and death, and he actually said this about her?

"Okay, don't say any more."

Yue Chushui couldn't bear to see them arguing there, so he frowned in displeasure and interrupted them.

"Girl, do you know that if you were deceived and approached the area of the fragrant flowers, after they swallowed you, they would search every corner of the place.

When the time comes, it will be hard for us people to avoid it. Even if we don't die, it will still be a big war! "

"That's right, especially this fragrant flower, which is the same as the vine. It can move around, which makes it easier to find people."

One of the trio of wallflowers also echoed.

"Well!"

The female team member choked at their words and immediately blushed.

How did she know it would be so serious? She just thinks these flowers are particularly beautiful. Women love flowers. Is there anything wrong with them?

She couldn't help but murmur in her heart, but when she looked at Lin Caisang, she saw that she was not confused at all. Instead, she was discussing with Sui Zimo how to deal with these fragrant flowers.

A hint of haze flashed in her eyes. Are the differences between people really that big?

The same woman, she was the one who was deceived, and Lin Caisang was the one who would come to rescue them from danger!

"I know I was wrong. What happened this time was my fault. I will change it in the future."

What else could she do? Her skills were inferior to others, and she was pointed out directly. She could only lower her head and apologize.

"It's okay to know you were wrong."

Captain Liu said to her with a cold face.

If he hadn't seen this woman almost walking out and taking the initiative to feed those fragrant flowers, he wouldn't have taken action.

Of course, he and Yuan Jue were the only ones standing on the left and right sides of this woman here. He was better at taking action than Yuan Jue. After all, Yuan Jue was her captain.

And he doesn't care.

"Sir, Captain Lin, have you thought of how to deal with these fragrant flowers?"
