

Star of Space 2991

Chapter 2991 Hidden among the fragrant flowers?

He no longer paid attention to the female team members, but turned his attention to Sui Zimo and Lin Caisang and asked them.

Hearing his words, Sui Zimo turned around and shook his head at him.

"I haven't thought of it yet."

Just now when these people were arguing, his son told him that although the fragrant flower feeds on living animals, even if it has no nutrients or water, it will not die and will only go dormant temporarily.

Moreover, fragrant flowers are the best tools for hiding treasures.

So now, they suspect that there is something they want to find hidden in these fragrant flowers!

However, of course they cannot say these words to other people. The more they are in front of the treasure, the more cautious they must be.

It's not that they want to monopolize the corpse-suppressing talisman, it's actually this thing that is too evil. They got it and used it to seal it up.

And if others get the corpse-suppressing talisman, who knows what they will use it for?

"How about... setting it on fire?" Captain Liu asked.

Everyone: "..."

Can fragrant flowers be burned with fire?

"Captain Liu, are you sure you can burn it with fire?" Yue Chushui looked at it and asked.

Hearing this, Captain Liu himself twitched the corner of his mouth.

Yes, it seems that Shixianghua always stays in that place and does not move, but once it is burned by fire, that guy can move and walk.

If they were running and came to them, wouldn't they be setting themselves on fire?

"How to deal with it?" he asked.

"Brother, take them out first. Zimo and I will come here to figure out a solution." Lin Caisang looked at his eldest brother and said.

Hearing her words, Lin Changhong raised his eyebrows.

Is there something in his girl's words? It seems that there is something else going on in this fragrant flower?

Could it be...

His eyes suddenly lit up. Could it be that this corpse-suppressing talisman was hidden among the fragrant flowers?

This is not impossible.

"Okay, Sangsang, you and Zimo should be more careful. We'll wait until you two get this thing done before we come in." He nodded seriously, then greeted everyone and prepared to go out.

"Captain Lin, Mr. Sui, do you really not need help?" Upon seeing this, Captain Liu wanted to stay and help them.

"No need, the two of us are enough." Sui Zimo said.

Seeing what he said, Captain Liu said nothing. Yuan Jue glanced at the female team member beside him and led her out first.

"Captain, Mr. Sui, you have to be careful." The trio of wallflowers warned them before they went out.

"Sister Sangsang, brother-in-law, be careful."

Yue Chushui looked at them deeply and then went out.

"Sang'er, are you going to take them in first?" Sui Zimo asked her when they were alone.

"Um."

Lin Caisang didn't deny it, he just admitted it.

"Take these fragrant flowers directly into the Infinite Hell. If they don't have corpse-suppressing talismans, just put them out with fire. If there are corpse-suppressing talismans, then do it slowly. Anyway, there is plenty of time. .

what do you think? "

"Can."

Sui Zimo nodded, but he was still worried.

"Be careful when taking them into the Infinite Hell."

"I know, I'll be careful." Lin Caisang nodded.

These things can eat people, and they are the kind that don't spit out bones.

Chapter 2992 They all disappeared

How could she be careless?

However, it is not so easy for these fragrant flowers to be collected into the golden bead space.

In the past, those things that were taken in were all voluntary or unconscious. However, although this fragrant flower is a plant, it has independent consciousness.

If it is unwilling to enter the Golden Pearl Space, it will inevitably have to fight a fierce battle before it has enough income.

No, a big war is about to begin.

As soon as they entered the range of the fragrant flowers, Lin Caisang and Sui Zimo were attacked by two fragrant flowers. Two bloody mouths came towards them.

"Pippy, pippy."

The stamens, which were like knives, also made a strange pizzling sound.

Lin Caisang turned sideways to avoid the attack of the fragrant flower, swung out the whip in her hand with one hand, and wrapped up the flower, which was much larger than her entire body.

As the whip was tightened tighter and tighter, the flowers of the fragrant flower were harvested into a bud.

The fragrant flower wanted to open up, but kept resisting, and made a weird noise again, as if calling other companions to save it.

Sure enough, after the fragrant flower made a strange noise, several other fragrant flowers that were relatively close also came in response and started attacking Lin Caisang.

Seeing this, Sui Zimo punched open the fragrant flower in his hand, and then came to support his wife.

"Sonny, be careful."

"good!"

Lin Caisang responded softly and dropped the long whip in his hand, directly pulling the rolled fragrant flower into the golden bead space.

As the fragrant flower disappeared, a large number of small flowers around it also disappeared.

It can be seen that those small flowers are the ones that have branched out from the big fragrant flower, but have not completely branched out. However, if they are given enough nutrients, it will be different.

"Pippypip..."

Those Shixianghua who had just come to support were not worried when they saw that their companions had disappeared, but they started to attack Lin Caisang.

In their eyes, their companions are nothing, but the food that reaches their mouths cannot disappear.

After all, the food belongs to you, but your companion is likely to compete with you for food. Which of the two is more important, even if they are a flower, you all know.

‘Kaka!’

Two loud noises were heard.

The two fragrant flowers attacked Sui Zimo at the same time. Because he dodged quickly and did not eat, the two fragrant flowers collided with each other.

Two equally hard knife-like stamens collided together, making a harsh sound.

But they did not stop because they were of the same kind, but continued to attack each other, eating everything from each other. When Lin Caisang and Sui Zimo saw this, they both stopped involuntarily and were stunned for a moment.

"They always attack each other. No wonder there are only so many fragrant flowers after so many years." She couldn't help but sigh.

Soon, the mutual attack between the two fragrant flowers came to an end, and it ended with one of the fragrant flowers being torn apart by the other.

But also because one flower ate the other, the flower of the winning flower grew a lot bigger, twice as big as before.

"We can't let them go on like this, otherwise, we won't be able to deal with them in the end." Sui Zimo said.

Hearing this, Lin Caisang took a deep breath and nodded in agreement with what he said.

Chapter 2993 Burn it with a fire

Raising her hand, she threw the fragrant flower that she had just rolled up into the infinite prison of the golden bead space, and then began to deal with the fragrant flower that had just eaten another fragrant flower.

"Zimo, you lead them here slowly, and I'll deal with them."

"good."

Sui Zimo responded, and the two began to cooperate.

One slowly attracted the fragrant flowers, and the other dragged the fragrant flowers attracted, and involved them all in the Infinite Hell.

After a long, long time, I don't know how long it took, the two of them finally cleaned up the fragrant flowers.

At this time, they could no longer stay here. They had to go to the Golden Pearl Space to see if there were any corpse-suppressing talismans they wanted among the fragrant flowers inside.

...

Infinite Hell.

Not only in other places in the Golden Pearl Space, but also in the Wuji Prison, there is also a jade mirror standing there.

It's just that the place where the jade mirror stands is not a place used to punish or imprison people, but a special place.

Lin Caisang didn't know until later that there was such a place, and this was only the second time he came in.

"Brother Yujing, please ask you, is there anything we are looking for among those fragrant flowers?" She brought Sui Zimo in and looked at Yujing and asked.

'Dear master, it's not that the jade mirror doesn't answer you, but that no matter what it is, it's not its original appearance. There's no way to know the jade mirror. You can only find it yourself.

A few lines of words were displayed in the jade mirror.

Lin Caisang: "..."

What does it mean that it's not the original appearance?

In other words, even if the corpse-suppressing talisman is really in the guts of those fragrant flowers, they have to find a way to get it out first, and then the Golden Pearl Order or the Jade Mirror will know that it is the corpse-suppressing talisman. ?

"You mean, we have to kill all the fragrant flowers and find the corpse-suppressing talisman?"

She couldn't help but roll her eyes and asked.

'Yes Master. ' Four words appeared in the jade mirror.

"Then can I set it on fire?" Lin Caisang asked immediately.

When I was there before, I didn't dare to burn it because I was afraid that there was something else there, or that if I lit a fire there, I might burn myself.

But what now?

The Infinite Prison is so big, even if a fire lights those fragrant flowers, it will not hurt them at all.

Moreover, there is no one else in the Wuji Prison. At most, there is only one former queen. She is invulnerable and invulnerable to water and fire. What are you afraid of?

'Dear Master, I don't know what form the corpse-suppressing talisman will take yet. If you set a fire, it will probably be burned. '

Brother Yu Jing had to tell the fact that they still didn't know what the corpse-suppressing talisman looked like now.

Lin Caisang: "..."

She couldn't even burn them, so didn't that mean that she had to work with Sui Zimo to kill all the fragrant flowers bit by bit?

That will be very tiring, okay? !

"Wouldn't it be better to destroy something as evil as the corpse-suppressing talisman? It just so happens that it saves us having to think of ways to destroy it in the future."

she said.

Brother Yujing: "!!!"

If the corpse-suppressing talisman could be destroyed so easily, wouldn't it have been destroyed long ago and ceased to exist after so many years?

Why wait until now, when it is just put in another form and frozen in this place?

Chapter 2994 Life is threatened by external forces

'Master, the burning mentioned by Yu Jing does not completely destroy the corpse-suppressing talisman, but it is very likely that it will be displayed in front of others in another, more evil form.

If it is obtained by evil people, the consequences will be even more unimaginable. '

"this....."

Seeing the words on the jade mirror, Lin Caisang hesitated.

Yes, if the corpse-suppressing talisman could be taken away so easily, how could it be left here now?

"Then what do you want to do? Be nice and ask it out politely?" When she said this, she wanted to laugh when she thought of herself politely asking the corpse-suppressing talisman to come out. ,OK?

'That's not necessary.

On the jade mirror, four words were displayed again.

'Master, the fragrant flowers are flowers of evil. If we can destroy them all, it will benefit the people. Why don't we just destroy all the fragrant flowers?

You have done a great good deed. '

Lin Caisang: "..."

This girl can stand and talk without pain in her back!

She wanted to destroy all the fragrant flowers, but was that so easy? Those fragrant flowers cannot be burned with fire. They can only be touched with spiritual power and chopped with swords.

"Sonny, can I try?"

Sui Zimo looked at Lin Caisang and asked.

He doesn't want his wife to deal with those fragrant flowers, but he can.

A fight with the Xianghua can also increase your cultivation level, which is also a good idea. It would be even better if you can find the corpse-suppressing talisman.

"You...okay."

Lin Caisang originally wanted to say that they went together.

But thinking about her belly, she wouldn't dare if something happened to their baby.

Therefore, we can only let Sui Zimo go. At worst, she will watch from the sidelines and sweep the formation for him. This is also okay.

"Let's go together. I'll be watching from the side while you deal with those fragrant flowers, but you must be careful."

"good."

Sui Zimo raised his hand, pinched her cheek lightly and nodded.

Naturally, he would be careful. The destructive power of the fragrant flower is not small. Those stamens look like knives, but they are poisonous. If they are touched, they will be poisoned and have no resistance.

"I'll be careful, don't worry."

Hearing this, Lin Caisang took a deep breath, and the two of them flashed to another place in Wuji Prison.

She can enter the Promise Prison whenever she wants, but for Sui Zimo, if she wants to enter the Promise Prison, she also needs points to enter.

Originally, the two of them needed to walk slowly to where the fragrant flower was.

But Lin Caisang has a lot of points now, so he doesn't care. It can save some time and energy, so of course he can just use the points to go there.

When they came to the place where the fragrant flowers were, they looked at the fragrant flowers that were quietly dormant. It was really...

"It seems that there is no aura here, and even these fragrant flowers can only go dormant."

She sighed softly and said.

Does that prove that it is relatively easier for them to deal with these fragrant flowers than it is outside?

"This is much easier to deal with."

"uncertain."

Sui Zimo shook his head and disagreed with Lin Caisang's view.

These things are just dormant, not dead. When they feel that their lives are threatened by external forces, they will still rise up to resist.

Chapter 2995 This arduous task

The most he can do is get a fragrant flower, which will kill him faster. Others still require spiritual power.

However, he had already anticipated this process, and did not want to use any lazy method to eliminate these fragrant flowers, otherwise, his cultivation would not be improved.

"Sonny, just watch from here, and I'll go deal with them."

"Be careful, don't get touched by the venom in the stamens." Lin Caisang warned carefully.

"If you encounter danger, just retreat quickly. It doesn't matter if you can't kill them. We can kill them slowly, not in a hurry."

"good."

Sui Zimo responded and flew forward.

When the fragrant flower did not react, he directly chopped off one of the large flowers with a sword, and then threw out a few rays of spiritual power from the sword, directly cutting the fragrant flower into pieces before it had time to react. Seven or eight dollars.

Lin Caisang: "..."

This speed is really fast enough. Shi Xianghua has not yet reacted, and she has not even had time to call out to her companions for help.

It would be nice if it was that fast every time.

It's a pity that I'm not that lucky.

Even though the killed fragrant flowers did not make any sound, a lot of pink liquid quickly flowed out of the killed fragrant flowers and flowed all over the ground.

After Sui Zimo killed several fragrant flowers silently, the other fragrant flowers smelled the scent of the liquid and began to stir.

Then, when Sui Zimo killed a fragrant flower again in the same way, those fragrant flowers all attacked towards his face.

Without stopping, he shot streaks of spiritual sword light toward the fragrant flowers.

"Tsk."

Lin Caisang watched as her husband used his long sword as a machete and chopped the fragrant flowers like vegetables and radishes.

"It's really annoying to compare people to each other!"

She practiced cultivation before her husband, but she couldn't compare to his cultivation. This was the benefit of having an innate talent. There was really no comparison.

Seeing a small fragrant flower, he actually wanted to sneak attack from behind Sui Zimo.

With a movement of her hand, the long whip swept away, directly smashing the small fragrant flower into flower mud. At the same time as her whip, there was also a sword spiritual power.

She looked up and saw Sui Zimo dealing with the big fragrant flowers, as if he hadn't even noticed the small fragrant flowers behind him.

"Are there eyes in your back?"

She couldn't help but mutter.

Gradually, the fragrant flowers that moved around Sui Zimo became less and less, but the pink liquid flowed all over the floor, and the fragrance was so fragrant that it made people feel sleepy.

She knew that it was not a good smell, but a hallucinogenic corpse liquid that was very poisonous.

Suddenly, a bright light lit up in the darkness of Wuji Prison.

"Zimo, come out!"

Her eyes lit up and she immediately reminded Sui Zimo.

This should be the corpse-suppressing talisman they want to get, right? If you don't hold it in your hand now, how much longer will you wait for it?

Of course, as she was pregnant with a child, she naturally did not dare to touch such an evil thing. Instead, she directly told Sui Zimo that she would leave this difficult task to her husband.

"Know."

How could Sui Zimo not know that the corpse suppressing talisman was printed? Naturally, he would not miss it and would grab it.

Chapter 2996: Broken in half

However, he thought that even if he was not caught in his hands, in this infinite prison, the corpse-suppressing talisman would not be able to escape anywhere, not from the left or right.

The next moment, the long sword in his hand transformed into several spiritual sword energies, attacking the fragrant flowers that were still moving, trying to swallow him.

"Pippy, pippy."

The fragrant flowers only had time to make a few pizzling sounds before they fell to the ground, no longer alive.

At the same time, Sui Zimo flew up and caught the light in mid-air in his hand. Just a closer look, but it was very different from the corpse-suppressing talisman in his mind.

"Why is it a piece of gravel?"

When he came to Lin Caisang with the crystal in his hand, she was shocked and couldn't help but murmur.

Suddenly, both of them thought of the old patriarch's words, which said that half of something was placed in this place. It seemed that it was the corpse suppressing talisman.

But how did this corpse-suppressing talisman get split in half? Now that it's like this, can it be put back together again in the future?

"There is another half, it should be underwater, we still have to get out." Sui Zimo also said, the corpse suppressing talisman on the water has been obtained, and only the underwater half is left.

"Zimo, you said half of this thing is left, can it be used again in the future?" Lin Caisang asked him.

"Such a thing can still be used in the hands of some people, otherwise the person behind Lu Tianfeng wouldn't try every means to get it.

Sui Zimo replied.

"Although I can't restore it now, it's possible if the alchemy reaches a certain level."

Hearing this, Lin Caisang shook his head in disbelief.

"That's your ability, it may not be the case for others."

The person behind Lu Tianfeng probably didn't know that the corpse-suppressing talisman had been cut in half, right?

If he knew, he might not know how he would regret it.

After hearing her words, Sui Zimo smiled, raised his hand to protect her in his arms, and then spoke.

"No matter whether others have such ability or not, let's go out first."

"All right."

Lin Caisang nodded.

The two came out of the Wuji Prison and took out the chopped Xianghua Hua from the Wuji Prison and placed it in its original position.

"This is...Sang Sang, were these all hacked to death by Zimo?"

Others heard their shouts and walked in. They were stunned when they saw the fragments of fragrant flowers on the ground.

Although they were outside, the fragrant flower would make a sound at least, but they didn't hear any sound.

How come all these fragrant flowers were disposed of so quickly?

"What, do you have any objections?" Lin Caisang glanced at him with raised eyebrows and asked.

Lin Changhong: "..."

What opinion can he have? His brother-in-law is capable, and it's not his sister who benefits from it.

It's too late to be happy, so what's the point?

"No objection, how could I have any objection?"

He quickly shook his head, indicating that he had no opinion and was just asking casually.

"only....."

"Captain Lin, Mr. Sui, there is nothing in here, not even a door. Are we going the wrong way?" Captain Liu asked the question on behalf of everyone.

Weren't they looking for the Corpse Suppression Talisman, but now they haven't found anything, but they have already reached the end of the road.

Chapter 2997 Hidden something?

What is this thing called?

"It's very possible that this place is just a false shot, and the real corpse-killing talisman is still hidden under the water." Lin Caisang said seriously.

Everyone: "..."

The traitor has faced so many dangers and almost died here. Is it all for nothing?

If I had known this, I might as well have gone underwater, right?

However, there is nothing to know in advance. They are not able to figure out things, so how could they know that there is nothing here?

"Since there is nothing here, let's... uh!" Before Yuan Jue finished speaking, he was pushed by someone and swallowed whole what he wanted to say.

"How could this be? How could it not be?"

The visitor was Lu Tianfeng, who had just woken up from a coma. After seeing that there was nothing inside, only a group of cannibalistic flowers, he went crazy.

Turning around, he looked at Lin Caisang and Sui Zimo, as if he wanted to eat them up.

"Is it you? Tell me! Did you hide the things?"

Everyone: "..."

Is this person crazy because he didn't get what he wanted?

The thing is not here now, but even if the corpse-suppressing talisman is here, so what?

Whoever gets it will get it. This is not something that has an owner. It deserves to be owned by Lu Tianfeng. Who is showing it to him now?

"It must be you, right? Hand over the things, otherwise, you will stay here forever and no one will want to leave!"

Lu Tianfeng didn't care about other people's thoughts and opinions. He only knew that the corpse-suppressing talisman was something he had to get, even if it cost him everything, he still had to get it.

But now, he has gotten nothing. How can he bear this?

He also thought that if he could use the corpse-suppressing talisman, he wouldn't have to be afraid even if it was the person behind him. He could just give the corpse-suppressing talisman to the contract, and that person would fawn over him in the future.

But now, he is told that there is nothing here and everything is just his fantasy?

Therefore, he intuitively believed that the things were hidden by Lin Caisang. After all, she, like him, had a magic weapon that could hide things.

"laugh."

Lin Changhong rolled his eyes at him disdainfully.

Even if his sister and brother-in-law hid the things, so what?

"I'm too lazy to care about you!"

"This man is really capable. Even if Captain Lin and Mr. Sui get something, so what? Why should I give it to you? Who are you?"

Captain Liu really can't stand this kind of person. He has no ability at all and is still here, thinking that he is invincible.

"That's right. Don't tell me that this thing isn't here in the first place. Even if it is here, why should I give it to you?" One of the three people on the wall looked at Lu Tianfeng with disdain and said.

"If you have the ability, don't be fooled by the vines before. You are not as skilled as others, but you still want to get something for free? How can such a cheap thing come from?"

Another person also spoke.

"We really regret it. When we saw you lying on the ground, we should have stabbed you again. In that case, you wouldn't be arrogant towards us now."

"you wanna die!"

Lu Tianfeng was already upset because he couldn't find what he was looking for.

Chapter 2998 Then follow

Hearing these people talking to him like this now was simply unbearable, and he felt even more angry. Without thinking, he raised his hand and attacked the trio of wallflowers.

"Wow!"

The trio of wallflowers were all startled and quickly ran away, not wanting to be hurt for no reason.

In fact, before the sword in Lu Tianfeng's hand could move the three of them, Sui Zimo had already taken action against Lu Tianfeng.

For a person who had just detoxified after being poisoned, and whose own strength and cultivation were not as good as his own, it only took one move to directly knock him out.

"Well!"

Lu Tianfeng felt a tightness in his chest and took a few steps back.

He raised his head and looked coldly at Sui Zimo, a man who was much younger than him.

If he had half the talent of this person, with his hard work, he wouldn't have to cooperate with that person and be stepped on.

"you....."

"roll!"

Sui Zimo just said one word lightly.

These people were all brought in by his wife, and they must be indispensable, let alone the three people on the wall, and even more so the people in their team.

If you want to move them, you have to see whether they agree or not.

Although there was only one word, it was enough to make Lu Tianfeng tremble.

An unknown chill shot up from the bottom of his feet and rushed to his forehead, causing him to take two steps back.

But so what?

Now that he didn't see the corpse suppressing talisman, it meant that it must be on these two people.

Without getting the corpse suppressing talisman, he would definitely die if he went out. Instead of dying in the hands of that person, it would be better to die happily in the hands of these two people.

So he immediately decided that he must follow these two people on the way back. As long as they made any movement, he would know it.

In this way, the corpse-suppressing talisman might return to his hands, and he could also find an excuse to explain to that person.

"Haha, you want me to leave, do you think it's possible? You can't even think of escaping from my sight!"

He bit the bullet and said in a deep voice to the two of them.

Hearing this, Lin Caisang raised his eyebrows. This guy is planning to follow them, isn't he?

Just being underwater and in such cold weather, can he endure it? It will then be seen whether Lu Tianfeng can keep up with them.

"If you want to follow, then go ahead, whatever you want."

With that said, she stretched out her hand and pulled Sui Zimo's sleeve, and the two of them turned around and prepared to leave.

"Sang Sang, you really want him to follow you. This person is not at ease at first glance. If you let him follow..."

"Then what else can you do?"

Lin Changhong had a lot of words in his heart, but he was hit by his sister's rhetorical question, and he swallowed them all back in his stomach.

Yes, what can he do?

Lu Tianfeng still has magic weapons on him. If he is really pissed off, no one will get much benefit. Although, he can also make some magic weapons.

But making the magic weapon is slow, and the magic weapon he makes may not be as effective as the one Lu Tianfeng has.

"Then let him follow us like this? I have a feeling that he will ruin our affairs." He reminded.

"If he wants to follow, it depends on whether he can keep up."

Lin Caisang glanced at Lu Tianfeng who was about to follow them, smiled lightly at his eldest brother, and said.

Chapter 2999: Said to be their clan leader?

Lin Changhong: "..."

Although Lu Tianfeng failed many times in front of them, he really did everything possible.

If he really wanted to follow them, could he still be unable to do so?

"That....."

"Brother Changhong, you talk too much. Let's go. Leave this place first before talking about anything else."

Seeing that Lin Changhong continued to ask questions, Yue Chushui couldn't listen anymore, so she pulled him aside and reminded him.

The place where they are now is really not safe. They can only be safe if they go out and return to Qianji Pond.

...

After another two days, finally, everyone came out. 69shux.Com

The old patriarch, who was poisoned and on the verge of death, was also dragged out by them.

When he went in, Lu Tianfeng was there, and after he was abandoned by Lu Tianfeng, he was dragged by Lin Changhong and Yue Chushui. When he came out, the task of bringing it out was given to the trio of wallflowers. .

Although the three of them disliked the old patriarch very much, Sui Zimo said that this was a good opportunity to hone his physique, so he let them come.

Everyone has said so. If they refuse again, it will not be the case.

After finally coming out of the Forbidden Forest, hope finally appeared in the old patriarch's eyes. Looking at the patrolling spirit beasts outside the Forbidden Forest, he immediately shouted at them.

"Why are you still standing there? Why don't you hurry up and save the leader of this clan!"

I have never seen something so blind. The patriarch was caught in the hands of these humans, and they could still watch indifferently.

"Clan leader?"

The spirit beasts looked at the old patriarch who was wandering around and couldn't help but sneered.

It's a joke that they have such a clan leader. They didn't know it before, but now they know it. Who would recognize such a guy as their clan leader?

"What kind of clan leader are you? We have already elected a new clan leader. As for you, life or death has nothing to do with our Qianjitan!"

One of the spiritual beasts said angrily to the old patriarch.

This guy still has the nerve to keep claiming that he is their clan leader?

If he was really the clan leader, how could he watch the spiritual beast among his clan leaders walk into the forbidden forest and not rescue him?

And obviously, it has a token in its hand that allows it to enter the Forbidden Forest, but it refuses. Not to mention because of the old man's instructions, it is obviously just because it is afraid of death!

It is the tragedy of their clan to have such a clan leader.

Since the old clan leader was captured, they no longer have to worry about their belongings being robbed, and the entire Qianji Pond is full of joy.

Later, they elected a new clan leader. Under the new clan leader's suggestion, they organized manpower to patrol outside the Forbidden Forest every day.

This will prevent those curious children from entering the forbidden forest and never returning.

And this old patriarch, knowing that the Forbidden Forest is so dangerous, just doesn't dare to enter it himself, and doesn't even take the most basic measures.

They just want to ask, what is the use of having such a patriarch?

"You... you..."

When the old patriarch heard their words, his whole heart trembled.

Do these despicable things want to rebel while he is away?

"You guys, you ungrateful people, dare to betray me. When I get my freedom, I will make you...ah!"

Chapter 3000 Everything is bad

Before it could finish its words, its entire body was kicked out by Lin Changhong and fell to the cold ice ground, letting out a scream.

Spirit beasts: "..."

This kick was powerful enough. Didn't the old patriarch lose half of his life?

However, they were so happy in their hearts. They originally thought that these humans would make the decision for the old patriarch. Who knew that not only did they not let the old patriarch make the decision, they also directly took advantage of it.

Seeing the old patriarch being kicked until he howled, their hearts were filled with joy, not to mention how happy they were, really, so happy!

"You still want to be free?"

Lin Changhong's feet were heavy and he walked towards the old patriarch step by step.

At this moment, the old patriarch, even though his body has been loosened, still has poison in his body and his spiritual power is weak, so he cannot be Lin Changhong's opponent at all.

"You...what do you want to do?"

Seeing Lin Changhong approaching, it hurriedly backed away.

It was this person who beat him the hardest along the way, even harder than Lu Tianfeng before.

It now has a shadow in its heart about Lin Changhong. It doesn't want to see this person again in this life or in the next life!

"Tsk, tsk, for someone like you, I really can't understand how you became the clan leader?" Lin Changhong shook his head and looked at the old clan leader.

"You...what do you mean?"

The old patriarch couldn't understand what he meant. Why couldn't it become the patriarch? Was this man jealous of it?

"Do you think that your life will be safe if you are free here?" Lin Changhong reminded it.

Didn't this old guy see the expressions on these spirit beasts' faces that they wanted to bite off a piece of meat from its body when they saw it? You actually think you can control them after you gain freedom?

This joke is not funny!

"I....."

After the old patriarch heard what he said, his whole body felt bad.

Yes, looking at the expressions of those spirit beasts, you know that the entire Qianjitan has spread the news that they have tokens on their bodies.

Even if these humans left and it came back here, how could these spiritual beasts still listen to it? It was already good if they didn't kill it directly.

In fact, it felt that if it hadn't been for standing with these humans now, it would definitely have been caught by these spiritual beasts.

At the thought of this possibility, it gulped.

"You... it's all because of you. If it weren't for you, how could the leader of this clan be in this situation?"

That's right, it's because of these humans. If they hadn't come to Qianji Pond and found some corpse-suppressing talisman, it would still be the superior clan leader. How could it be treated like a plague by those spiritual beasts?

"No, you have to be responsible. You can't just leave. You must let me become the clan leader of Qianjitan again. Otherwise, you can't leave here!"

At this moment, it didn't care that it was already meat on someone's chopping board, and shouted orders at them.

If these people hadn't come, it would have continued to be the leader of the clan. How could it be treated like this by those stupid spiritual beasts? Not only did they not save it, but they also hoped that it would die soon.

Lin Changhong: "..."

other people:"....."

They really have never seen such an old guy talk so shamelessly.
