

Star of Space 3001

Chapter 3001 A look of intolerance

What does this have to do with them? If the old patriarch had treated those spiritual beasts better on weekdays, and when those spiritual beasts accidentally broke into the forbidden forest, even if it was just a pretense on the surface, he would have gone in to look for it. Is something going on?

Now that he is no longer the leader of the clan, he did not do it himself, and he wants to put the responsibility on them.

"Don't say they established a new clan leader. Even if they didn't, we won't let you become the clan leader of Qianjitan again. Old man, you should have come to an end as the clan leader!"

Captain Liu strode over and said to the old patriarch.

Does such a disgusting old guy still want to keep Qianjitan under its control, and then let those spiritual beasts continue to be oppressed by him?

Is this possible?

Those spiritual beasts were just because it was the patriarch chosen by the old man. Now that they knew what it would do in the future, it would be strange for them to be so greedy for life and afraid of death that they would let him continue to be their leader.

It's not like he thinks his life is too long and doesn't want to live anymore.

"You... you..."

The old patriarch was trembling, but there was nothing he could do.

Who allowed him to bully the spiritual beasts in the clan too harshly because of his status as the clan leader?

Now the spiritual beasts in the clan have begun to resist it. If it wants to continue to be the leader of the clan, it is probably impossible and there is no need to think about it.

But think about it, it is really unwilling.

"If it hadn't been for you...if you hadn't come in, how could such a thing have happened?"

It looked at Lin Changhong and Captain Liu with infinite hatred, and then glanced at Lin Caisang and the others.

It was these people who caused it to lose its position as clan leader, and even more so, it was possible for it to die at the hands of these spiritual beasts that it looked down upon at all in the past.

"oh."

Lin Changhong said softly, not caring at all about the hatred in the old patriarch's eyes.

"Then you have to thank us. If it weren't for us, all the spirit beasts in Qianji Pond would have been squeezed to death by you. Then by then, wouldn't your clan be extinct?"

hiss! Extinction, what a terrible thing that would be. If it weren't for us, your family... Hey! "

As he spoke, he pretended to shudder, and then looked at the old patriarch with an unbearable expression.

"you--"

The old patriarch was almost pissed off by him.

Does it matter whether their clan will become extinct or not?

What's more, it will be gone by then, and whether they are extinct or not will have nothing to do with it, right?

As long as it is alive, these spirit beasts can obey it in everything, that's fine. After it dies, these spirit beasts will love it to death, and this family will become extinct if they love it!

However, it didn't dare to say this to anyone, it just thought about it in its heart.

Otherwise, these spiritual beasts staring closely at it will definitely eat it alive. It still wants to live for a few more days.

"Can you please give it to us?"

Finally, one of those spiritual beasts spoke to Lin Changhong.

"Why, it's such an old thing, and you still want to save its life?" Lin Changhong turned his head and looked at them in surprise.

He thought these spiritual beasts would wish they had killed the old patriarch directly, and they actually wanted to take him back?

What are you going back for? Go back and offer it as an ancestor?

Chapter 3002: Is it worthy of being respected by spiritual beasts?

"It's already so old, and it's impossible to continue the family line. What's the use of keeping it? Can it be used as food?"

If he remembers correctly, the spirit beasts in Qianji Pond don't need to eat, okay? What's the use of taking the old patriarch back?

These spiritual beasts don't have a masochistic constitution, right?

"no.

When the spirit beasts heard what he said, they immediately denied it.

They had already had enough of people like the old patriarch bullying them, and they knew that for so many years, the old patriarch had refused to save the spiritual beasts who accidentally broke into the forbidden forest.

How could they still want to save it?

"It is our Qianjitan spiritual beast. Even if it is punished, it must be executed by us. We want to drag it to the clan hall and have the new clan leader personally execute its death sentence.

Another spirit beast spoke to him.

They had already decided before that if the old patriarch didn't come out of the Forbidden Forest, that would be fine, but if it came out, they would never let it live again.

But it would be too cheap to kill this old thing with one slap, which would give the new clan leader a chance to establish his authority.

We also want the new clan leader to set an example and not follow the old path of the old clan leader.

"What?!"

When the old patriarch heard the spirit beast's words, he really spit out a mouthful of blood.

Do these little cubs still want to kill it? Sure enough, they are all a bunch of unfamiliar white-eyed wolves. It shouldn't have been so kind to them before!

"How dare you? I am also the leader of the clan, and you must respect me!"

"laugh."

After hearing its shameless words, everyone couldn't help laughing.

You still respect it. You can say this without fear of flashing your tongue. If you are really worthy of their respect, it doesn't matter if you respect him. But what is this person?

To be honest, is it worthy of being respected by spiritual beasts?

"I've never seen such a thick-skinned... beast."

One of the three people on the wall raised his eyebrows at the other two and said something.

His eyes were full of contempt for the old patriarch. What should they say to this old beast? It was as if others should treat it well. Why was its face so big?

"How can such a weird beast be compared with other beasts? It is a mutated species, do you understand?" Another person also looked at him and said.

"Mutated variety?"

The last person almost spit out his saliva after listening to what the two said.

Is this the way this mutated variety is used now? Can he still believe that mutant breeds are the best in the future?

Looking at the old patriarch, it was simply miserable!

"I finally know why the mutated varieties are so expensive. It turns out that's how it is!" He sighed and shook his head.

Otherwise, why does the old patriarch like to search for other spiritual beasts' things? It should not only be because of the little jade rat, but also for itself, right?

"you....."

The old patriarch was so angry that he didn't even know what to say.

Hearing that those spirit beasts wanted to kill it, these people not only did not say a good word for it, but even made sarcastic remarks there. What's more, they might even add insult to injury later.

"Captain Lin, Mr. Sui, don't forget, without me, you would never have come out of that place! Are you so ungrateful? I saved your lives!"

It knew that it was useless to talk to Lin Changhong and his posthumous name, but it was still useful to talk to Lin Caisang and Sui Zimo.

Chapter 3003 You must die a happy death!

These two people are the leaders of this group.

After hearing its words, Lin Caisang and Sui Zimo turned around at the same time and looked at the old patriarch.

Along the way, although the old patriarch had some merits, these achievements would be recorded by Lin Changhong and Yue Chushui.

Because if their methods of extracting confessions were not so powerful, the old patriarch would not have said anything to them.

So, how did it save their lives?

"You old beast, are you really good at putting gold on your face and saving our lives?" Lin Caisang asked it back with a smile.

Then he glanced sideways at Lin Changhong and Yue Chushui.

"Brother, Chu Shui, I have no objection to handing it over to them. After all, this old beast is also a member of Qianjitan, but before handing it over to them, its spiritual power must be destroyed.

Otherwise, there is no telling what this guy will do. There should be no other spiritual beast that understands this Thousand Machine Pond better than it, right? "

"you--"

The old patriarch almost died of anger when he heard her reminder.

It also thought that after these humans left, it would always have a way to deal with these evil beasts in Qianjitan. Who knew that this woman actually wanted to destroy its spiritual power.

Once the spiritual power is wasted, what's the use? No matter how many methods it has, once the spiritual power in one's body is gone, those methods will be useless!

"Sang Sang, you have reminded us that this guy has spiritual power. If he really uses his cultivation to do something, he will be really hard to guard against.

Lin Changhong's eyes lit up, he touched his chin and said.

Maybe Qianjitan will have a new clan leader by then. Who knows if this old guy may have some hidden tricks to get the new clan leader?

This is not impossible, the old guy can do it.

"I'll handle this with Chu Shui, and I'll make sure there won't be any more trouble!" He raised his hand and patted his chest, promising his sister.

"You, what do you want to do?"

Seeing Lin Changhong approaching it step by step, the old patriarch unconsciously stepped back.

If his spiritual power is really destroyed, he will really have nothing left. No, it must not be possible!

Several patrolling spirit beasts saw that the old patriarch's spiritual power was about to be destroyed, and they felt happy in their hearts. If it hadn't been for the woman's reminder, maybe the old patriarch would have caused some trouble.

That's right, the old patriarch is very familiar with this place.

"No, no, you can't do this, you can't destroy my spirit...ah! ah!"

Before the old patriarch finished speaking, he felt a sharp pain coming from his Dantian. He couldn't help but scream, and cold sweat began to break out all over his body.

It knows that its Dantian has been destroyed and it is absolutely impossible to practice again in the future.

"You...you don't deserve to die!"

With scarlet eyes, it was not Lin Changhong who was staring at Lin Changhong, but Lin Caisang and Sui Zimo.

If it hadn't been reminded by this woman, it would have been possible for it to make a comeback, but now, with its Dantian destroyed, it no longer had the power to do anything it wanted to do.

"Hoho!"

Lin Changhong couldn't bear to hear people talking about his girl. When he saw this, he kicked the old patriarch directly.

How could his sister be scolded so easily?

Chapter 3004: Early death and early rebirth!

"You are the one who makes you talk nonsense and die a good death! I haven't dealt with you in the past two days, but you have become more and more courageous. You dare to curse my sister. You think you have lived too long, don't you? "

While he was talking, he chased after him again, punching and kicking the old patriarch until he screamed.

The people and spirit beasts around looked at this scene and felt a little miserable.

Although to the old patriarch, it didn't matter how hard they were beaten, but after all, the screams were really frightening.

"Okay, brother, stop fighting. If you continue to fight, I will be beaten to death by you."

Finally, when the old patriarch's screams became weaker and weaker, Lin Caisang spoke up and stopped her eldest brother.

"If you beat him to death, beat him to death. Do you still lack his life in your hands?" Lin Changhong kicked the old patriarch hard several times, then stopped and said to Lin Caisang.

If he dares to curse his girl, she deserves to be beaten. He still feels that the beating is not hard enough!

The old patriarch lay motionless on the ground, feeling as if all the bones in his body had been torn apart by Lin Changhong. The pain was so painful that he couldn't even scream.

Even if I take a breath, I feel that everything on my body is more painful.

"Death early, rebirth early!"

Lu Tianfeng stood aside, looking like it had nothing to do with him, and glanced at the old patriarch.

He didn't understand why such an old thing had to go to so much trouble to get it out. Wouldn't it be better to just throw it in the Forbidden Forest?

It's fine now, but I still have to work hard to beat it.

However, this is not what he wants to focus on. He mainly wants to keep an eye on Lin Caisang and Sui Zimo to see where they are going next.

If the corpse-suppressing talisman is already in their hands, then they must leave from Qianjitan.

And if he is not there, then they will continue to look for him, and he will have another chance to grab the corpse suppressing talisman.

He has lost a thousand opportunities. This time, he really can't be reckless anymore. He must make a decision before taking action!

This time, he followed Lin Caisang and Sui Zimo. Wherever they went, he would go. When they wanted to take action, he would move again.

Although he can't deal with Sui Zimo, with his ability, he can still deal with a pregnant woman.

Besides, he still has a lot of magic weapons in his hand.

In short, the possible corpse-suppressing talisman must not be allowed to fall into the hands of these two people. It must be held in your own hands!

"hiss!"

He took a deep breath and looked at Lin Caisang and Sui Zimo again.

On the other side, Lin Caisang and Sui Zimo naturally felt Lu Tianfeng's eyes on them, and they felt quite helpless.

"This guy really has us targeted."

Lin Caisang raised her eyes, glanced at her husband, and spoke with some helplessness in her tone.

"If he wants to stare, let him stare. He doesn't have much time to stare." Sui Zimo curled his lips slightly and said.

Lin Caisang: "..."

That's right. When they went underwater, it was already difficult for Lu Tianfeng to just maintain breathing underwater. Did he still want to keep an eye on them?

And to say the least, even if Lu Tianfeng had this ability.

Chapter 3005 Are you coming back?

But they already have a piece of gravel for the corpse-suppressing talisman in their hands. Even if Lu Tianfeng is really capable, it will be of no use to get the other half.

So, they really have nothing to worry about. It is good to get the next underwater line, but if they cannot get it, they have nothing to worry about.

"Brother, leave this old guy alone, let's go."

"good."

When Lin Changhong heard his sister's words, he didn't bother to focus on the old patriarch anymore.

He stretched out his hand directly, dragged the old patriarch over, and then threw him in front of those spiritual beasts, looking at them twice with cold eyes.

"This guy will be left to you. When we come back, we will see that he gets the punishment he deserves. Do you understand?"

"What? Are you coming back?"

After hearing Lin Changhong's words, their tone changed, and their expressions naturally became less pretty.

They thought that these people came out of the Forbidden Forest, got what they wanted, and then left directly. How did they know that they would come back again?

"What, don't you want us to come back?" Lin Changhong raised his eyebrows and asked them.

All spirit beasts: "..."

Isn't this nonsense? None of these human beings are good, so who would want them to come back?

But how could they dare to say this? They didn't see the old patriarch just saying something he shouldn't have said, and then he was beaten until he couldn't even scream.

They don't want to touch this brow.

"No, no, what are you talking about? If you want to come, we will naturally... naturally welcome you."
One of the spirit beasts said to Lin Changhong insincerely.

Lin Changhong didn't care what these spirit beasts would think of them. They had more important things to do now.

The group of people left the Forbidden Forest directly, returned to the ice again, and came to the Thousand Machines Gate. Sure enough, as the spirit beast fish said before, there was a small mechanism next to the Thousand Machines Gate.

"Sang Sang, Zimo, although this mechanism is a small one, it is not that simple to open it. You guys should take a rest first and leave this thing to me."

Lin Changhong looked at the small mechanism and spoke to Lin Caisang and Sui Zimo.

"Sister Sang Sang, I'm here to help Brother Chang Hong." Yue Chushui also said.

"Okay, I'll leave that to you." Lin Caisang nodded.

"Come on, come over there and have a rest. What do you want to eat? I'll make some for you?" Sui Zimo asked as he helped her go to the side.

"I'll eat whatever you do."

Lin Caisang looked up at him and said.

After arriving at this place, she felt that her appetite was really gone because she didn't feel hungry at all.

However, if you really don't eat anything, it will definitely not work.

She moved a lot of things out of the Golden Pearl Space and placed them on the ice.

"Then I'll watch and you sit down first."

Sui Zimo first put the blanket up so that Lin Caisang could sit down, and then went to prepare something to eat.

"Are you back?"

Before making any food, Lin Caisang heard a voice coming from under the ice.

Looking down, she saw that the spirit beast fish that had talked to them before came to talk to her again, bringing another spirit beast fish with her.

Chapter 3006 I really don't want to admit it

"It is you.

Lin Caisang was quite interested in it and said with a smile.

After all, if it hadn't been for it, they wouldn't have been able to get the jade rat from the old clan leader, and then get the half of the corpse-suppressing talisman from the Forbidden Forest.

"Why are you here again? Didn't you say that your underwater spirit beasts and fish cannot talk to the spirit beasts above the water?"

"You are not spirit beasts, so what are you afraid of?" The spirit beast fish curled its lips indifferently and said.

It's just a rule that you can't talk to spiritual beasts. So what you are talking to now is obviously a human being. What should it be afraid of? Even if it is discovered, the clan leader can't tell it a typo, okay?

"How's it going? Did you find what you were looking for? Is that Forbidden Forest scary?" it asked quickly.

"How...how do you say this?"

Lin Caisang was stunned for a moment. She didn't expect that the spirit beast fish would ask her about entering the forbidden forest, and she suddenly felt that something was wrong.

"It's quite dangerous in the Forbidden Forest. After we entered the Forbidden Forest, we didn't see the spiritual beasts that we accidentally entered before. They are probably all dead.

We were also lucky because we had a token in our hands, so we didn't die inside. "

"Puff puff!"

Suddenly, the sound of several bubbles rising reached Lin Caisang's ears.

She looked down and saw another spirit beast fish brought by the spirit beast fish. After hearing her words, she was so frightened that she didn't know what to do.

"Is it really that dangerous? What should we do, Ayao, then they are in there, so there won't be any danger, right?"

"No, no, there is a difference between the Forbidden Pond and the Forbidden Forest. Nothing will happen." Ayao was very panicked when he heard what it said, but he still stabilized himself and comforted it.

"This this....."

How could that spirit beast fish believe its words? It's just their speculation outside that it's not dangerous and nothing will happen.

"What's wrong?"

Lin Caisang looked at them like that and listened to their words, and he had a vague guess in his heart.

"Have any of your friends entered the Forbidden Pool?"

"Well."

The two spirit beast fish choked at her words.

Although I really didn't want to admit it, I had to admit in the end that there was indeed a friend who entered the forbidden pool and never came out again.

"Yes, we have a friend who doesn't know why he had to go to the Forbidden Pond. He couldn't stop him no matter what. He went in and never came out again."

Ayao said with some frustration in his voice.

Hearing this, Lin Caisang raised his eyebrows but said nothing.

If her guess was not wrong, the reason why the spirit beast fish named Ayao came to talk to them before was probably because its friend entered the forbidden pool.

And it wanted to see if they could come out after entering the Forbidden Forest.

That's why Ah Yao came to her so quickly when they returned outside. He was waiting for them to come out, right?

"You want to save it?" she asked.

"Yes, we want to save it, but..." A Yao hesitated, not knowing what to say.

"You are right to want to save your friends, but to be honest, even if you enter the Forbidden Pool now, you may not be able to save your friends. You must be aware of this, right?"

Lin Caisang reminded them.

The Forbidden Forest on the water is so dangerous, so the Forbidden Pool must be similar.

Chapter 3007 Wait until you come under the water

The idea of going in to save a friend is a good one, but it also depends on whether the spirit beast fish inside is still alive, right?

When those spirit beasts entered the Forbidden Forest before, they didn't even see a shadow, and they were probably dead. As for the Forbidden Pond, they didn't know what a dangerous place it was. Who knew what level of danger there was in it?

Maybe it would be difficult for them to even enter.

"We also know this, but we still want to give it a try." A Yao looked at Lin Caisang and said in a deep voice.

How could they not know how dangerous the Forbidden Pool was?

But what about the danger? That friend was the friend they had played with for so many years. If they lost it like this, how could they let it go?

"You want to enter the Forbidden Pool, right? When the time comes, can you take us in with you?" it asked Lin Caisang.

"It's okay to go in, but isn't it necessary to keep a token?" Lin Caisang asked.

"Also, you disliked the old clan leader so much before. Then your underwater clan leader didn't send anyone to look for it after he learned that a spiritual beast fish had entered the forbidden pool?"

"Of course there is, how could it not be?"

The spirit beast fish beside Ayao heard her words and quickly defended the clan leader.

"We have all gone in and searched, but found nothing. We don't even know where it went. How can we find it? Moreover, the clan leader himself searched for three days in the Forbidden Pond and still couldn't find it. Finally he had to come out. .

Lin Caisang: "..."

The clan leader himself searched inside for three days. In other words, the other spirit beast fish came out without searching inside for too long, right?

"So, you want to follow us in to find it? But we don't have any tokens," she said.

"You don't have to worry about this."

Ayao felt relieved immediately after hearing her words.

As long as they can agree to let them follow them into the Forbidden Pool, that's fine.

As for the tokens, they can always find a way to 'take' them from the hands of the clan leader. The clan leader is the least defensive against them.

"When you come to the water, we will go get the token together. The clan leader will give it to us," it said.

"Yeah?"

Lin Caisang raised his eyebrows.

She obviously doesn't believe this, okay?

But since they have their own channels to get the tokens, she will trust them for the time being.

They are about to go underwater and go to the Forbidden Pool. If they can get the token, it will be more convenient and save them a lot of trouble.

"Then just wait a little longer, it will take some time here," she said.

"Okay, then we will wait for you at the entrance." After Ayao agreed to her words, he left with his companions.

"So, you have already known that there is such a thing as a token?"

After the two spirit beast fish left, Lu Tianfeng, who had been staring closely at the two of them, spoke quietly.

He knew that this matter was not that simple. Why had he never heard the spirit beasts talk about the tokens, but Lin Caisang and the others seemed to have known about it early on.

It turns out that it was not from the mouths of the spiritual beasts above that I learned about it, but from the spiritual beasts and fish underwater!

And these people, in front of him, actually pretended not to know anything. They were so good at pretending!

I was really deceived by them.

"What's wrong? Is there a problem?" Lin Caisang looked sideways at Lu Tianfeng and asked him.

Chapter 3008 I thought she was being modest!

They knew what happened to the token, what did it have to do with him?

They are people from different walks of life, so why should they tell him all the news they get?

It's too beautiful to think about, right?

Lu Tianfeng really thought that in his heart. He felt that these people should be cut to pieces if they didn't tell him even though they knew about the token.

But even if he thinks so in his heart, what can he do?

When facing Lin Caisang and Sui Zimo, he really had no choice at all. Even if he risked all his magical weapons, he might not be able to kill these two people.

The only way now is to keep a close eye on these two people and prevent them from disappearing under their noses.

...

After a long time, Lin Changhong finally opened the small mechanism, and a hole as big as a wellhead appeared in front of him, allowing him to directly enter the water.

"Zimo, Sangsang, the trap is open, do we want to go down now?"

Everyone was excited when they saw the mechanism being opened. Lin Changhong asked his sister and brother-in-law directly.

"Wait a minute."

Lin Caisang shook his head, took out several porcelain bottles from his golden bead space, and handed them to everyone in his team.

"This is a breath-changing pill. After taking one pill, you can stay underwater for six hours without breathing. There are ten pills in each porcelain bottle.

While dividing it, he explained to them.

When everyone heard her words, they immediately understood.

They are human beings, so naturally they cannot stay underwater forever. No matter how powerful they are, they have to return to the surface to breathe.

But in this Thousand Machine Pond, except for the wellhead-sized entrance and exit, other places above and below the water are isolated. It is impossible for them to come up to breathe.

Naturally, you have to rely on medicine to maintain basic breathing underwater.

"Thank you, Captain Lin."

Everyone thanked Lin Caisang. This breath-changing pill cannot be refined by just any alchemist. Moreover, even if an alchemist of their level can refine the breath-changing pill in the water, The time to survive will not be long.

At most, it's half an hour.

And each of the breath-changing pills inside can last for six hours underwater, which shows its efficacy.

Lu Tianfeng looked at the porcelain bottles in their hands with a heavy gaze.

This Lin Caisang was indeed too scheming. He needed to use the Xidan but didn't mention it earlier. Did he want to leave him alone on the water?

"Captain Lin is really amazing. He was able to come up with so many breath exchange pills at once." He spoke to Lin Caisang in a sinister voice.

Hearing this, Lin Caisang glanced sideways and looked at Lu Tianfeng.

"Mr. Lu, you're welcome. Although I don't have many other things, I still have a lot of pills. Who made me an alchemist?

However, there are only a few bottles. If my wife is not mistaken, Mr. Lu is also an alchemist, and he must have a breath-changing pill in his hand, so I will not waste any time and embarrass myself in front of Mr. Lu. "

Lu Tianfeng: "..."

People who didn't know better would really think that she was being modest!

However, he is not someone who cares about such trivial things. It is medicine that is three parts poison, and he does not like to exchange for Xidan.

"Captain Lin is right. I do have the Breath Exchange Pill. However, this Breath Exchange Pill is just a third-rate pill. Naturally, I don't like to use it."

Chapter 3009 Are you just waiting for me?

As he spoke, he took out something like a mask from his magic weapon, but it was much thicker than an ordinary mask, and it also had a mechanical-like thing on it.

"Is this a magic weapon used underwater?"

Yuan Jue had a bad look on his face when he saw this thing.

This Lu Tianfeng was really well prepared. He even brought all the magic weapons he needed to use underwater. He really didn't allow them to see clearly.

"He even prepared magical weapons for underwater use. It shows that he has long thought that one day he will go underwater." Lin Changhong also looked at Lu Tianfeng and said lightly.

"perhaps....."

Sui Zi narrowed his dark eyes and moved his gaze back from Lu Tianfeng.

"It was the person behind him who prepared it for him."

Judging from the contact these days, this person's mind is not very smart, and before, they had obviously caught him off guard.

These things should have been prepared for him by the two people who came in later.

"It seems that they are really determined to win the Corpse Suppression Talisman!" Lin Caisang said with a chuckle.

Although Lu Tianfeng was not far from them, because their voices were so low, he naturally didn't hear them. He could only see their lips opening and closing.

But he couldn't read lips and couldn't understand what they were saying, so he could only feel angry secretly in his heart.

"Captain Lin, Mr. Sui, are you ready and waiting for me?"

He couldn't help but feel happy when he thought that he had a magic weapon for underwater use, but they could only take medicine.

These people will be stepped on by him one day!

But he can't be arrogant either. After all, he has offended them several times by taking the initiative. This time, he is allowed to make them angry to death, and he must not be angry with these people.

And, be sure to keep an eye on them!

"Yes, we are just waiting for Mr. Lu." Lin Caisang smiled lightly and said.

"Well!"

Lu Tianfeng choked at her words and almost got angry again.

These people could always surprise him. He even made them so angry, but he didn't even change his expression.

"If that's the case, I'm really a little embarrassed. I'm ready. Let's set off."

"OK."

Lin Changhong nodded and made a gesture of invitation to him.

"Mr. Lu, do you want to go first?"

He pointed his index finger at the well-mouth-sized passage and asked Lu Tianfeng.

Hearing this, Lu Tianfeng twitched the corner of his mouth and glared at Lin Changhong fiercely. This guy definitely did it on purpose.

"You should go first, I'll just follow."

"hehe."

Lin Changhong smiled.

"Young Master Lu is so scared. It's really rare. We thought that Mr. Lu would not look back even if he hit a wall, but we didn't expect that he turned back so easily."

Lu Tianfeng: "..."

He really wanted to go ahead and strangle this person to death.

Every time he opened his mouth, it made him extremely angry.

After taking a deep breath, he tried to tell himself in his mind that he couldn't be angry, he couldn't be angry, if he was angry, he would be playing into their hands.

"You can say whatever you want. No matter what, I can't risk my life for something, right?" He said calmly and answered.

Hearing this, Lin Caisang raised his eyebrows and looked sideways at Sui Zimo.

This person has really 'reformed', even her eldest brother said so, and he's not even angry yet.

Chapter 3010 The water is warm

"Brother, don't waste time talking to him, let's go." "Okay." Lin Changhong responded. He and Yue Chushui took the lead and jumped into the water first. Then came the three fence-sitters, then Yuan Jue and Captain Liu, and finally it was Lin Caisang and Sui Zimo's turn. "Be careful, it's very cold underwater. I'll protect you later. The spiritual power can warm you up. Don't use the spiritual power yourself, you will get tired." Sui Zimo told her before the two jumped into the water. "Okay." Lin Caisang did not refuse his proposal. At this time, she naturally would not joke with her own body, let alone their baby. She could only trouble her husband. However, although she thought that she could only trouble her husband, after everyone jumped into the water, they found that the water and the underwater were two completely different worlds. Because this water is not cold, but warm. "Woo, woo, woo, woo. "

Lin Changhong swam to his sister's side, stared at her, and wrote a lot of words at her.

Lin Caisang: "..."

She turned her head and looked at Sui Zimo, then looked at Yue Chushui and the others, and finally looked at her own brother.

"Brother, what are you doing? When you are in the water, even your IQ drops to the bottom?"

Lin Changhong: "!!!"

Can you talk underwater? Why didn't he know it before?

He turned his head and looked at the others. Seeing that they all had smiles on their faces, he was a little speechless.

These people are really good. He also followed them before, but no one came out. The one who could remind him was still a fellow traveler, right?

"Sangsang, the water here is warm." He turned his head and looked at his sister and said.

"Yeah."

Lin Caisang responded lightly.

"I can feel it. The water is indeed warm, but this does not mean that this is a good phenomenon."

She had to remind everyone that whether the water is warm or cold is very important.

“Why?”

This time, even Yue Chushui was confused.

Wouldn't it be better if the water was warm? They could search here more conveniently and wouldn't be afraid of freezing themselves.

“Sister Sangsang, wouldn't it be better if the water was warm?”

“Yes, Captain Lin, the water temperature here is just right. We don't even need to use spiritual power.” One of the three fence-sitters also spoke to Lin Caisang.

Yuan Jue and the others also looked at Lin Caisang in confusion.

What's wrong with the water being warm? Why are you so nervous?

“Idiot!”

Lu Tianfeng looked at their ignorant appearance, sneered, and cursed casually.

“What are you talking about! ”

Lin Changhong got angry when he heard his voice.

Why are you scolding me? Does he know the reason?

If he knows the reason, he should tell it. He knows nothing but pretends to know. What do he think he is?

"Okay, brother, there is no need to bother with this guy. Let's talk about the water temperature first."
Lin Caisang didn't want to have any conflict with Lu Tianfeng, so she interrupted Lin Changhong's argument.

"This water temperature is suitable for us, but it doesn't mean we can stay underwater all the time. Even when we are bathing, we all know that soaking in warm water for too long is harmful to the body, let alone in this pool?"

"This..."

Everyone finally came to their senses after hearing her words.
