

Star of Space 3011

Chapter 3011 It's finally here

Yes, this warm water is not necessarily good. Not to mention that if you soak your head in warm water for a long time, the skin on your body will swell, and you will easily feel dizzy.

If there was no spiritual protection, they would probably get lost in the water.

Thinking of this possibility, everyone gasped.

"What should we do?"

The trio of wallflowers asked at the same time.

"We can't go up there anymore, then our trip will be in vain."

"That's not the case."

Sui Zimo shook his head, saying that it was not yet time to be so pessimistic.

"Although the water is not warm enough, we all have spiritual power around us. It is okay for everyone to use spiritual power to protect ourselves. Furthermore, we will not stay in the water for too long and leave as soon as we find something. .

While speaking, he glanced at Sui Zimo.

Although there is a magic weapon for underwater breathing, you never think that the water is warm, right?

Spiritual energy needs to be consumed, and everyone must consume it together, otherwise, they really don't know how to do it. The longer they stay underwater, the more likely they are to fall into the hands of Lu Tianfeng.

"In this way, will our spiritual power be consumed too much?" Captain Liu asked his own question.

They are cultivators and are not afraid of the cold. Even if they are in cold water, they do not need to consume too much spiritual power, but it is different in this warm water.

Sui Zimo and Lin Caisang were right. If one of them failed, they would probably be killed by the warm water without knowing it.

And it would definitely consume a lot of spiritual energy to protect the whole body at all times.

"Is there any other way?" he asked.

"do you have?"

Lin Changhong asked him back.

Captain Liu: "..."

What can he do? If so, there is no need to ask them.

"What can I do? This is all I can do." He shrugged and said.

"It seems that this is all we can do now."

One of the three people on the wall said helplessly.

"Captain Lin, we are all fine, but here..." The three of them turned their heads and looked at Lin Caisang.

It doesn't matter to them. Once the spiritual power is used up, it will be used up and there will be no serious problems. But it is different here with Lin Caisang. She is pregnant.

If you are not careful, your child may make mistakes.

This is no small matter, and they may need to discuss what to do.

"Of course nothing will happen to me here. Zimo is by my side." Lin Caisang said with a calm smile.

She has her husband here, so what else is she afraid of? Could it be that her husband still couldn't protect her?

"That....."

"You are finally here. We have been waiting for a long time."

Captain Liu still wanted to speak, but was interrupted by a voice. He turned his head and looked, and was almost frightened by the huge fish body.

"hiss!"

Suddenly, there was a gasp.

"Didn't you say you would wait for us at the entrance?" Lin Caisang was stunned for a moment when he saw the spiritual beast fish coming.

Didn't it say to wait for them at the entrance? Why are you here?

"This is the entrance." The spirit beast fish said.

"Is this the entrance to the Forbidden Pool?" Lin Caisang was surprised.

"The entrance to the forbidden pool? Of course not." The spirit beast fish shook its head.

"This is the entrance from water to underwater. It is quite far from the place where we talked before, but we did arrive before you."

Chapter 3012 Not the same place

The two spirit beast fish were also a little confused after hearing her words.

"Why do you think that? The Forbidden Pond is far away from us. How could it arrive so quickly?"

If the Forbidden Pool was so close to where they lived, wouldn't anyone dare to go in and take a walk before coming out?

But the key point is, what kind of place is the Forbidden Pool? Even if it goes in, it is impossible to come out. It has never seen anyone who can come out after entering the Forbidden Pool, of course, except for the patriarch.

But the clan leader will not enter the forbidden pool casually. He will only enter when a spiritual beast fish mistakenly enters the forbidden pool.

However, I went in to look for the spirit beast fish that had entered by mistake, but I didn't find anything. I didn't even find the skeleton of the paraspirit beast fish and brought it back.

Hearing this, Lin Caisang was a little stunned.

He raised his head and looked at the opening above the water. It was the place where the trap was unlocked.

Could it be that this place is not directly proportional to the previous place above, and are not in the same place at all?

"Then this is..."

"This is where we live. Our underwater world is different from the above water." The spiritual beast fish named Ayao explained.

"According to what the clan leader said, it should be the mechanisms above and below the water. The entrances and exits of the two places are set up in different places. Therefore, when you enter the water from the water, they are not in the same place."

"That's true."

Only then did Lin Changhong understand what was going on.

He was just thinking about why they didn't see his sister and brother-in-law on the water after they jumped off just now.

But it turns out that they are not in the same place at all. Naturally, it is impossible to see his sister and brother-in-law on the water. But such a formation is very difficult to do. This is equivalent to reversing a time and space.

"I didn't expect that under this small mechanism, there would be an instantaneous formation."

"We don't know what formation this is, we just know that the entrance is here, but no spiritual beast on the water has come down." Ayao said.

But this should also be because the spiritual beasts on the water cannot survive underwater, right?

Moreover, the old patriarch on the water is so disgusting, extremely greedy for life and afraid of death, and treats the spirit beasts so badly, it is estimated that the spirit beasts will not come here casually.

But it does have some doubts in its heart. The spiritual beasts on the water don't even dare to destroy their underwater mechanisms, so how can they have the courage to break into the Forbidden Forest?

This is really weird, isn't it?

"Ayao, let's not talk about this here. They have already come down. Let's go to the Spiritual Palace quickly. The patriarch is still there at this time. If we go late, the patriarch will have to go out."

The spirit beast fish beside Ayao reminded him.

Their clan leader is not on the same page as the old clan leader in Shuishui who only bullies spirit beasts but doesn't do anything practical.

Their clan leader has always been very kind to their underwater spirit beast fishes, and goes out on patrol every afternoon. Whenever something unfair happens, he will take care of it.

And they also think that the clan leader is so good, so this method of borrowing tokens from the clan leader should be feasible, right?

They don't want to get anything from the Forbidden Pool, they just want to rescue their companions. It's impossible for the clan leader to disagree, right?

However, it is a bit difficult to bring these humans in together.

Chapter 3013: Worried about the patriarch

It's best to hide it from the clan leader first and not let the clan leader know that there are these humans who went in with them.

"Afeng, you take them to the entrance of the Forbidden Pool and wait while I borrow the token from the clan leader. What do you think?" it suggested.

"this....."

Afeng looked at Lin Caisang and his group, and then at Ayao.

"Okay, let's go there first. After you borrow the token, come here quickly. Well, Ayao, come here. I have something to tell you."

After saying that, it was still a little worried and took Ayao to the side to whisper.

"What's wrong?"

Ah Yao didn't know why, so he glanced at Lin Caisang and the others behind him, then looked at Ah Feng seriously and asked.

"Are you worried about these humans?"

"I....."

"Afeng, don't worry. They didn't even kill the old patriarch on the water. They are definitely not the kind of heinous human beings. Don't worry, we will enter the Forbidden Pool with them and nothing will happen."

Before Ah Feng could say anything, he heard Ah Yao speaking to him with a smile.

A Feng: "..."

Who is worried about those humans? It has no grudges against them. Could it be possible that they can murder them secretly?

Moreover, they just want to go in and save their friends. There is no conflict with these people who are looking for things, so there is nothing to worry about.

"I'm worried about the patriarch."

"What happened to the patriarch?" Ayao asked, not understanding.

The clan leader had promised it before that as long as they wanted to enter the Forbidden Pool to look for it, it would lend them the token.

"Why don't you understand? The patriarch has a token in his hand, and he said he would lend it to you, but maybe he just said it casually. Think about it, that token is his lifeblood, how could it be so easy? Just lend it to you?"

Ah Feng frowned and looked at Ah Yao.

"If we don't rescue Ah Jin after we enter, it will be fine. The clan leader won't blame us for anything. At most, he will take back the token. But what if after we enter, we will fold all the tokens with us inside? What's up?"

The clan leader doesn't have to worry about the token in his hand disappearing. Moreover, if we really rescue Ah Jin, how will the clan leader deal with it? "

"Why is this so uncomfortable? If we can rescue Ah Jin, that's a great thing and something worth celebrating." Ah Yao said with a smile.

If it can rescue Ah Jin, it will be able to laugh out of its dreams in the future, and all the spirit beasts and fish in the pond will be happy.

However, Ahon didn't think so.

"Still celebrating, it's not like no other spirit beasts and fish have entered our Forbidden Pool. The clan leader went in to look for him, but he didn't find any of them. But when we went in, we brought Ah Jin back. You let What do the spirit beasts and fish in the pond think of the patriarch?"

"Well!"

Ayao choked at its words.

Yes, if they rescue A Jin after entering, will the spirit beasts and fish feel that the patriarch did not do his best when he entered the forbidden pool to save his people?

This is also possible, after all, the clan leader has really never rescued anyone.

But it really doesn't want to think about this idea, and it doesn't dare to have it. After all, the clan leader is very good to the spiritual beasts and fish in the pond, and their reputation is very high. How can it dare to treat the clan leader? Just think about it.

Chapter 3014 What are you talking about secretly?

"Afeng, are you thinking too much? The patriarch is not that kind of person. He smiled dryly and said to Afeng.

"You still don't understand."

Afeng shook his head, a little helpless.

Now is not the time to wonder if the clan leader is that kind of person!

"Ayao, what I mean is that if you go there this time, you probably won't be able to get the token, so you will use extraordinary means when the time comes. Do you understand?"

"Extraordinary means?"

A Yao frowned, as if he didn't understand what A Feng meant.

But the next moment, his eyes lit up, and he almost couldn't swallow a mouthful of water, suffocating himself to death.

"You mean, let me...steal!"

"If you can't get it, you have no choice but to do this, unless you don't want to save Ah Jin." Afeng said helplessly.

"This... of course Ah Jin must be rescued." A Yao gritted his teeth and said.

The two of them risked being discovered by the clan leader and went to talk to the humans on the water. Wasn't it just to enter the forbidden pool to save Ah Jin? If they couldn't be rescued, then why did they make this trip?

"Let's do this. When I see the clan leader later, I will act accordingly. If it doesn't work, I will steal the token!" it said.

"Okay, it's up to you."

When Ah Feng saw it saying this, he felt relieved and said.

Among them, Ayao is the only one who can catch the eyes of the clan leader. As long as Ayao can take action, whether it is directly borrowing or stealing, he can always get the token.

"Then I'll leave first. You take them to the Forbidden Pool and wait for me." Ayao said to it, then looked at Lin Caisang and the others, nodded, and then left.

"What are these two guys talking about secretly?"

While waiting for Afeng to lead them towards the Forbidden Pond, Lin Changhong whispered in his sister's ear.

"I guess they are talking bad about us. Who told us that we are not the same kind as them?" Captain Liu also heard Lin Changhong's words, turned his head and interjected.

But his words caused several people to roll their eyes at the same time.

"Captain Liu, have you ever seen someone speak ill of us so blatantly? Those two spirit beast fish pointed at us to go to the Forbidden Pool to rescue their companions."

One of the trio of wallflowers asked angrily.

"Who can say for sure?"

Captain Liu shrugged, feeling that these two spirit beast fish must not have anything nice to say.

Otherwise, why would you avoid them and speak so secretly? You're not saying bad things about them, but you're also saying bad things, right?

"I don't know anything else, but I'm sure they are not talking bad about us. Otherwise, who wouldn't go to the Forbidden Pool with them?"

The female team member also said.

If these two guys dared to speak ill of her, then she would definitely not enter the Forbidden Pool with them.

Who knows if they might stab them in the back later?

Who can say for sure?

"Hey, this..."

"Tokens are not so easy to obtain."

Sui Zimo looked at what Captain Liu wanted to say, so he spoke.

Hearing this, everyone fell silent.

"Zimo, what do you mean, they were just discussing how to get the token?" Lin Changhong raised his eyebrows and asked.

But didn't Ayao say before that the clan leader was willing to lend out the token? This couldn't be false, right?

Chapter 3015: Give him a touch up

Although he also found it strange, how could the clan leader lend such an important thing as a token? If he couldn't take it back after lending it out, then as the clan leader, how could it enter the Forbidden Pool?

But this is not a place he knows, but the water of Qianji Lake. Maybe the people here are really simple?

"Brother, if it were you, would you be willing to hand such an important thing into other people's hands?" Lin Caisang asked him.

Hearing this, Lin Changhong immediately shook his head.

He must be stupid, handing something so important to others, like the old patriarch on the water, who is not even willing to save his own people. Only he knows the token.

Isn't it just that it is afraid that others will force it to carry the token to save people in the Forbidden Forest?

Even if it is not to save people, your own things, and they are still so important, must be stored properly. How can you give them to others at will?

"So, they were just discussing how to get the token?" he asked, raising his eyebrows.

"You can say that." Lin Caisang nodded.

Although the two spirit beast fish spoke in low voices before, she and Sui Zimo could still hear them. It was not Ah Feng who suggested to Ah Yao that if he couldn't borrow it, he should just steal it.

Although this is not a good thing, they are probably happy to see it happen.

After hearing her words, Lu Tianfeng, who had been silent all this time, his eyes flashed.

It seems that he really underestimated these two people. He didn't even hear clearly what the two spirit beast fish were talking about, but these two people reproduced their conversation verbatim. heard it.

What does this prove?

This proved that the spiritual power of these two people was completely superior to his.

If at a certain time, we really have a head-to-head confrontation with these two people, even if we have magic weapons in our hands, we will definitely not be able to fight.

It seems that when he sees the corpse-suppressing talisman, he will have to think of another way. Otherwise, there are two people in front of him. If one of them stops him and the other goes to get the corpse-suppressing talisman, he will really There is no chance at all.

"hiss!"

He took a deep breath and thought about what he should do before he could get the Corpse Suppressing Talisman in his hand.

If it really doesn't work, then we can only take out all the people in the magic weapon and drag the people in front of us. If those people die, then they will die.

In short, he must get the Corpse Suppression Talisman!

"Hello."

When Captain Liu glanced sideways, he happened to catch Lu Tianfeng's gloomy eyes. He couldn't help but stretched out his elbow and bumped Yue Chushui beside him.

"That guy, what is he thinking about?"

Following his gaze, Yue Chushui also saw Lu Tianfeng and curled her lips.

"What else can you think about, how to plot against us people." Lu Tianfeng couldn't think of anything else.

Just looking at how calm this man has been these past few days, just staring at his sister Sangsang and brother-in-law, you can tell what this man wants to do. He must be trying to get ahead of them and give the corpse suppressing talisman. Take it away.

I guess he must have some plans. Instead of taking action first this time, he decided to strike later?

"Ha, he is really..." Captain Liu chuckled.

There is just such a person, but they really don't know what to do.

"If I had known, when I saw him unconscious in the Forbidden Forest, I should have stabbed him again!" He said angrily.

Chapter 3016 Can't I borrow the token?

Yue Chushui: "..."

He really wanted to do this, but the reality was that he couldn't.

Lu Tianfeng's death would affect their ability to find the person behind him, otherwise, he would really...

"Keep an eye on him along the way."

"Um."

Everyone listened to his words and responded.

This person went from being impatient before to being so calm now, just staring at them.

They must be harboring something evil in their hearts. They must keep an eye on him, otherwise, who knows if he will pounce over and bite them.

...

The entrance to the Forbidden Pool.

"Sonny, here you go."

Passing a bowl filled with rice and wrapped in spiritual power in front of Lin Caisang, Sui Zimo gave everything else to the others.

"Let's eat something first. When we get inside, we'll probably be exhausted from dealing with those emergencies," he said.

"Know."

Lin Caisang also nodded.

In the Forbidden Forest, they can still handle it.

But this is underwater. Being in the water is a shortcoming of humans. If there is any danger in this place, it may not be within their reach.

"I wonder how Ayao is doing?"

Ah Feng looked at their food, just looking at it, with no intention of taking a bite.

No matter whether it is above or below the water, there is no need to eat in Qianji Pond, and the same goes for their spiritual beasts and fish.

"Can't you borrow the token? Your companion is quite powerful, so he should be able to borrow it, right?" Yuan Jue glanced at Afeng and said.

Hearing this, Afeng glanced over and glanced at Yuan Jue.

Of course Ayao is very powerful, otherwise how could he get the attention of the clan leader?

But it was a token. Just like what it said to A Yao before, if it was lost, it would be no joke. How could the clan leader just lend it out casually?

It estimated that it would be impossible for Ayao to borrow it, and the only way was...

It's just that it's not that simple to steal the token. Does the clan leader regard the token as more important than his own life?

"It should be soon."

It comforts itself. When Ayao does things, it is absolutely at ease.

"Afeng, Afeng, let everyone clean up quickly. The clan leader and his men are chasing us."

After a while, A Yao's voice came from the distance. Everyone heard the sound and ran away, only to see A Yao holding something in his hand and swimming towards this side quickly.

"Everyone, hurry up..." Clean up.

When Ah Feng heard Ah Yao's reminder, he quickly spoke out to remind the people around him. However, before he could say the four words, he saw that everything was already cleaned up in front of him.

"Let's go, let's go. If you don't leave, the patriarch will chase you."

He said immediately, but he was muttering in his heart, Ayao didn't succeed in stealing, but failed in robbing, right?

But that's the clan leader. His spiritual power is infinitely more powerful than theirs. Even if he wants to grab it, he has to grab it, right?

How did Ayao manage to snatch the token from the clan leader's hands?

But now is really not the time to think about this. Lin Caisang has already put the things into the Golden Pearl Space, and then several people came to A Feng's side and waited for A Yao to come over, so that they could directly enter the Forbidden Pool. .

"Let's go, go quickly!"

As soon as Ayao came over, everyone followed him into the forbidden pool, and his figure disappeared in the barrier.

Chapter 3017 Do you want a token?

...

"A Yao, what's going on with you? Could it be that you just stole the token from the clan leader?" After everyone entered the forbidden pool, A Feng stopped and asked A Yao.

"How can it be?"

Ah Yao rolled his eyes helplessly at Ah Feng.

Can it snatch the token from the clan leader's hand? Who in the whole pond can have such ability?

"There is another spirit beast fish that has the courage to enter the forbidden pool. It should be just before you. Many spirit beast fish have gone to the clan leader for help."

It was also unlucky. Just after stealing the token, it was discovered.

Fortunately, the clan leader only discovered it after it left the palace, otherwise, the token would have to be taken back.

"Another spirit beast fish has entered the Forbidden Pool. They are really not afraid of death!"

Afeng was speechless after hearing what it said. The forbidden pool was so terrifying, and those guys were really looking for death.

"Who knows whose instigation those guys listened to? The clan leader came after me. Fortunately, I ran fast, otherwise I would have been caught up." Ayao said.

Fortunately, the token is in their hands, otherwise, the clan leader would have to chase him into the Forbidden Pond.

"What should we do now?" Afon asked.

"What else can we do? Let's look for them all. First, let's find out where the guy who came in without knowing his life or death is." A Yao said, then turned to look at Sui Zimo and Lin Caisang.

"Do you want to help us look for it?"

"this....."

"I think it's better for us to discuss who should put the token on?" Lin Changhong was about to speak when he was interrupted by Lin Caisang.

It wasn't that she couldn't trust the two spiritual beast fish in front of her.

But after all, they only have a cooperative relationship. This token has never been in their hands, which means that they will always be controlled by the two spiritual beast fish in front of them.

This was not the result she wanted to see.

"You want a token?"

Hearing Lin Caisang's words, Ayao's whole body tensed up.

It took a risk to get this, so it would definitely be impossible to hand it over like this.

What's more, what if it gives them the token and they don't find a companion for it? It is said that humans are the most untrustworthy. Although it doesn't think so, it still has to be on guard.

"Who wouldn't want a token?" Lin Caisang asked it directly.

If they say they don't want a token, it's absolutely a lie. No one will believe it.

"This...this token was brought by me. It doesn't matter if I keep it..."

"careful!"

Before Ayao finished speaking, suddenly, a large stream of fire lava spewed out from its side.

Everyone only felt that their bodies were being washed by the heat wave and were almost cooked, and the place where the fire lava spurted out seemed to be boiling, constantly bubbling.

Being frightened awake by the reminder, everyone hurriedly swam to another place. After swimming for a long time, they turned around and looked at the place where the hot bubbles were still bubbling.

"Hiss, I almost got cooked!"

One of the trio of wallflowers couldn't help but raise his hand and touch his face.

If he hadn't been reminded by Captain Lin and the others to protect his body with spiritual power, he would really have been cooked by the heat wave.

"It's so scary. I finally know why the water in this pool is warm. How can it not be warm?" Another person also said, with a frightened expression on his face.

Chapter 3018 Earth's core fire is a force of nature

Who can bear the sudden burst of flames?

"This is magma. It seems that there is earth's core fire below!" Lin Caisang looked at Sui Zimo and said.

"yes."

Sui Zimo naturally knew the Earth Heart Fire and nodded.

If this thing is accidentally sprayed, not even the bone residue will be left. I didn't expect that there is such a dangerous place in Qianji Pond.

"And it's not ordinary earth core fire." He said.

Ordinary earth core fire does not spit out flames frequently. It can spray out a few times a day and that's about it.

Even if you are in the water, it is impossible to turn the entire pool of water into warm water, not to mention that this is an ice pool, and it is covered with ice and snow.

But in this place, the water is warm, so it can be seen that the inner earth fire in this forbidden pool erupts frequently.

"Everyone must be careful. In this forbidden pool, the geocentric fire may erupt at any time." He reminded.

"clear."

Yuan Jue and Captain Liu responded at the same time.

The trio of wallflowers also raised their eyebrows, indicating that they understood.

"You are too careful. We have a token in our hands. As long as it's there, Earth Core Fire doesn't dare to do anything to us." Afeng felt like laughing after hearing their nervous words.

It believes that as long as they have tokens in their hands, the Earth Core Fire will definitely avoid them.

Everyone: "..."

The fire in the center of the earth is a force of nature, can it still look at people?

Oh, as long as you hold the token in your hand, you'll be fine. Then they didn't need to dodge at all just now. The Earth's Core Fire wouldn't erupt towards them at all.

But just now, the fire from the center of the earth clearly erupted towards A Yao who was holding the token in his hand!

"No matter what, it's best for everyone to be careful. Tokens are not omnipotent. It..."

'Grrrrrrrr. '

Before Yue Chushui finished speaking, he heard a voice coming from under their feet.

Everyone looked down and saw a few pink bubbles, passing directly over them and heading upwards. Seeing this, everyone's expressions suddenly turned bad.

"Watch out!"

As soon as Sui Zimo reminded them, everyone immediately swam in different directions.

The next second, where there were only a few pink bubbles before, there was a roar, and a red core fire rushed up. Hot bubbles began to bubble around it, and the water was boiling. .

After a while, everyone gathered together again, and the trio's eyes were directly on the spirit beast fish Ayao.

"Why do I feel like the fire from the center of the earth has targeted it and specifically shot out at it?"

"I feel the same way. It was underneath it before, and this time it is again. It completely emerged from under it."

"Is this a sighting of it, or is it a token on it?"

The three of them said one word to you and another to me, and they directly focused on the topic and said it to A Yao.

"this....."

Ayao listened to what they said, although he wanted to deny it.

But thinking about just now, the two core fires emerged from under it, and it felt unsure.

Could it be that this token is here just to draw out the fire from the core of the earth?

If that were the case, what use would the token have? It would have become a disaster, something that would harm them.

"It shouldn't be the case. This kind of coincidence is not impossible..."

"Ayao, be careful!"

Chapter 3019 Or just a coincidence

Before it finished speaking, it heard a familiar voice shouting towards itself.

It turned out to be Afeng. When he saw pink bubbles rising from under his body, he reminded him loudly.

Immediately, it was frightened and broke into a cold sweat.

Before it could make any move, Lin Caisang whipped out the long whip in his hand, directly rolled up the dazed A Yao and threw him to the side.

The next moment, a more powerful inner earth fire rushed straight up where Ayao had been.

A larger heat wave swept over, almost drowning everyone.

Everyone: "..."

Now, not only the trio, but also the other people chose to believe their words.

It doesn't make sense to say that this is all a coincidence. Why didn't the Earth Core Fire emerge from their bottoms, but only from Ayao's bottom?

Could it be that you just think A Yao looks... good-looking?

This is of course impossible. The only possibility is that the inner fire was caused by something on Ayao's body.

But what is there about them that only A Yao has and no one else has?

The only thing it can think of is a token. Only A Yao has a token, but they don't have it. So, is it really a token that will attract the fire from the center of the earth?

"Ayao, I think you should take out the token?"

After hesitating for a long time, A Feng spoke to A Yao, asking him to hand over the token. Maybe it would be fine if he handed it over.

Otherwise, like now, we have to be on guard against those earth core fires spraying towards them at any time.

And before, it had seen people who could inexplicably take out things, so they must have magic weapons that could carry things.

Maybe if the token is placed in the magic weapon, everything will be fine?

"this....."

Ayao also felt in his heart that maybe this was the reason for the token.

But letting him take out the token just like that, he always felt that it was not the case. It had stolen it, and he always felt more at ease when he kept the token on his body.

"Maybe it's not because of the token, or it's just a coincidence..."

‘Gulu, Guru.’

Before it finished speaking, it felt another string of bubbles coming out from under its body.

This time, Lin Caisang didn't need to take action. It was so frightened that it quickly ran away to the other side, and the next moment, where it had been before, bursts of earth fire came out.

Ayao: "..."

This time it couldn't even tell if it was just a coincidence.

If this is a coincidence, what a coincidence it must be.

This earth core fire is definitely aiming at its token, so it keeps attacking it, right?

"This token is for...who?"

Finally, no matter how reluctant it was to part with it, it had to take out the token. Otherwise, it would have died under the attack of the Earth Core Fire before it could find its companions.

Hearing its words, Lu Tianfeng's eyes flashed.

"Give me", although I really wanted to say it, I still didn't really say it.

This time he could no longer be reckless and had to follow Lin Caisang and the others in order to obtain the Corpse Suppression Talisman.

The token is just an auxiliary thing. It doesn't make much difference whether it is present or not. The only ones who need to keep an eye on it are always Sui Zi and Mo!

Chapter 3020 Always a disaster

He took a deep breath and tried not to focus on the token.

"give it to me."

Seeing that Lu Tianfeng could hold back even this, Lin Caisang opened his mouth and said to Ayao.

It seems that they should be more careful about Lu Tianfeng. Silence is the one who is most likely to do bad things.

"well."

When Ayao saw Lin Caisang reaching out his hand, he immediately handed over the thing in his hand.

It shouldn't hold this thing anymore. No matter how important it is, it's not as important as its own life. It still has to save its own life to save its friends.

Lin Caisang took what it handed over and took it into his own hand to look at it.

"This thing is not a living thing?"

The jade rat before was alive, but the one in front of him, although it was also made of jade, was obviously a dead thing.

"Take it in first, leaving it outside will always be a disaster." Sui Zimo reminded her.

"Um."

Lin Caisang responded lightly and put the things directly into the golden bead space.

Since then, the Earth Core Fire has rarely appeared under A Yao, and everyone's chances have become the same.

However, around them, there are earth-centered fires emerging from time to time. These earth-centered fires can melt even the stones in the water into water, which is indeed terrifying.

"There is no map here, so I have to rely on myself." Lin Changhong looked at the traceless Forbidden Pool and sighed softly.

Not only did they have to find the corpse-suppressing talisman, but they also had to help Ayao and the others find their companion. But how on earth were they going to find this companion? Are you just going to keep searching aimlessly?

"Ah Yao, Ah Feng, how are you going to find your companion? Is there anything you can do?" he asked the two spirit beast fish.

"this....."

Ah Yao and Ah Feng were also a little confused when they heard what he said.

They just want to come in and find their companion, but they don't know where it is.

And it came into the Forbidden Pool unintentionally. It probably didn't know that they would come in to look for it, right? Where to start?

"If it's outside, we can look for its scent, but here..."

The water temperature in the Forbidden Pool is obviously much hotter than outside. It is impossible to search for the smell. The smell is gone, so how can we search for it?

"What should we do?"

Lin Changhong was simply dumbfounded.

In other words, they have to search the entire Forbidden Pond, right?

But that's not right. Even if they search the entire Forbidden Pool, they may not be able to find the spirit beast fish, right?

If they were to look for it here, the spirit beast fish would also be walking around there. It would be strange if they could find it. Moreover, the water in this place is really uncomfortable.

If they hadn't used their spiritual power to protect themselves, I'm afraid...

Can they be sure that the spirit beast fish is still alive?

"How are we going to find it like this? Is it possible that... I'm scared!"

Before he finished speaking, a large bunch of pink bubbles sprang up from under his feet, and he hurried away.

However, what scared him was not the coming of the Earth Core Fire.

But when the string of pink bubbles burst out, several bones were washed out from the bottom of the sea.

"boom--"

After a loud noise, the Earth Core Fire came out again.

This time was different from the previous times. This time, along with the Earth Core Fire, there was also the corpse of a Warcraft. When the Earth Core Fire came out, the entire skeleton was ejected.
