

Star of Space 3051

Chapter 3051 Why don't you take it out quickly?

"Is there no other way? The fire from the center of the earth will always erupt. Doesn't that mean we will never be able to kill this monster?"

Afeng was going crazy and suddenly regretted in his heart, why did he have to come to the Forbidden Pool?

These humans are right. Who knows whether Ajin has come to the Forbidden Pool? He and Ayao will have to wait a little longer. Maybe Ajin will come back after waiting a little longer?

I also blame these humans, why didn't I warn them earlier?

If they had thought earlier that Ajin might not be in the Forbidden Pond, then they wouldn't have had to steal the clan leader's token and come to the Forbidden Pond to suffer such a crime.

In the final analysis, it is still the fault of these humans. They wanted to enter the Forbidden Pool to find what they were looking for, so they did not care about their life or death.

He tricked A Yao into stealing the token. After arriving in the Forbidden Pond, in order to get the token, he told them that A Jin was probably not in the Forbidden Pond.

It was all designed by them early in the morning, right?

"You brought us in, you should think of a way!" it yelled at Sui Zimo.

Everyone: "..."

What do you mean they brought these two spiritual beast fish in?

No one has the ability to do this, right? They obviously wanted to cooperate with them because they wanted to come in and find Ah Jin, okay?

"You spirit beast fish, what are you talking about?"

Captain Liu was the first to disagree with Afeng's words and immediately questioned him.

It was as if they forced it into the Forbidden Pool. They were obviously the ones who found Lin Caisang first. Otherwise, do you think they were willing to bring these two spiritual beast fish in?

Do you really think that without these two, they will not get the token?

"I'm telling the truth, isn't it just you..."

"There are two ways to go now, whichever you want to choose is fine."

Afeng also wanted to blame all the mistakes on them, but Sui Zimo no longer wanted to hear what it said.

"What?"

Afon asked subconsciously.

There are two ways to choose. Why didn't he tell him earlier? Is this red-eyed shadow in front of him really difficult to deal with?

"The first rule is to join hands and kill this red-eyed monster."

Without stopping, Sui Zimo's spiritual power continued to hit the red-eyed shadow, and he spat out words coldly.

"Nonsense, let's talk about the second one!" Afeng said without thinking.

This guy is obviously impossible to kill. If they hit it once, it will grow bigger again. When are they going to find it? Any fool knows to choose the second option!

"Second, we take out the token and give it to you. These red-eyed monsters should be afraid of tokens." Sui Zimo said lightly.

"Then why don't you take it out quickly? What are you waiting for?" Afeng said angrily.

"Have you known for a long time that those monsters are afraid of the tokens? Why didn't you take them out earlier? You still saw Ayao being injured. We were fighting to death here. Are you happy?"

It couldn't help but question them.

Everyone: "..."

Is there something wrong with the brain of this spirit beast fish?

Doesn't it know what kind of danger it will face once it takes out the token?

"The earth's core fire is erupting so densely here. Are you sure you want to take out the token?" Yuan Jue asked, raising his voice.

"Of course I have to take it out! In such a dangerous place, if the token is not used here, where else can I get it?" Afeng said immediately.

Chapter 3052 Why did you offend them?

He didn't hear clearly what Sui Zimo said before, and he was still thinking in his heart. Anyway, the token was not in its hands at this moment. Even if the token really attracted the Earth's Core Fire, so what?

Anyway, it would definitely not be the one sprayed by the Earth's Core Fire.

"Okay, let Captain Lin give you the token."

Captain Liu couldn't stand listening anymore and said something to Afeng.

Ah Feng was stunned for a moment, then as if he had just come to his senses, he turned to look at Captain Liu: "Why did you give me the token?"

That token will attract fire from the center of the earth, okay? Why should you give it to it? Does it deserve to be sprayed to death by the earth's core fire? How could these humans be so vicious?

"You want to choose the second method, why don't you give me the token?" Captain Liu asked it angrily, not daring to stop at all, and kept dealing with the red-eyed shadow.

"Then... the token is obviously in your captain's hand. As long as she takes out the token, it's fine. Why do you want me to go...ah!" Before Afeng could finish his words, he felt a spiritual power, directly scanned towards it.

Its entire body flew up and flew far away.

"Afon!"

When A Yao saw it being beaten out, he thought it had been hit by the red-eyed shadow like Yue Chushui, so he hurried over to check.

But after taking a look, I discovered that the injuries on its body were not caused by the red-eyed shadow, but...

"Afeng, how...how did you offend them?"

It's almost impossible to say a complete sentence. Why is it that when everyone is dealing with the red-eyed shadow together, A Feng will be attacked by humans? What's going on?

"Young Master Sui, well done.

Even Yuan Jue, who had always been taciturn, couldn't help but say something to Sui Zimo after seeing Afeng being beaten out.

Such a spiritual beast and fish could be selected as the heir of the clan leader, and he had nothing to say.

"What happened?"

On the other side, the people guarding Lin Caisang saw Afeng being beaten out and didn't know what was going on.

Logically speaking, if he was really hit by the red-eyed shadow, he would at least spit out several mouthfuls of blood like A Yao, right? But this A Feng did not.

However, if he wasn't hit by the red-eyed shadow, what would have happened?

"You will not be able to survive if you do something wrong!"

Lin Caisang just glanced at Afeng indifferently, and did not look at the two spiritual beast fish again.

"Afeng, tell me, why did you offend them?" Ayao didn't hear Afeng speak, so he became a little anxious and asked again.

What did A Feng do? Even if he saved some strength when fighting the red-eyed shadow, it wouldn't be enough for those humans to stop him.

After all, they joined together and came to the Forbidden Pond.

"What can I say?"

Afeng was also angry. Why did that human attack him?

"They said it themselves. The token might be able to scare those red-eyed monsters away? Then I want that woman to take out the token and drive away the red-eyed monster. What's wrong with that?"

Ah Yao, you don't know that those humans are really disgusting. They don't dare to hold the tokens themselves, but they let me hold them. Why?

That woman didn't do anything, she just stood there and watched. I just asked her to do such a small thing, why couldn't she do it? "

Chapter 3053 Absolutely impossible

At this moment, it feels that it has been wronged. Do these humans really think it is easy to bully?

It was just a sneak attack just now. If it really fights face to face, it may not be the opponent of that man. It is not sure who will win and who will lose!

"Afeng, you...are you proposing to them that Captain Lin take a token to drive away the red-eyed monster?"

After hearing what it said, Ah Yao couldn't believe it. Is this still the Ah Feng it knew? To actually say such a thing.

How did such an idea come to be?

"What's wrong?"

Afeng still didn't feel that he was at fault. Instead, he thought that Lin Caisang was too lazy and unwilling to pay for everyone. Such a person was not worthy of being the captain at all.

"Afeng, Captain Lin...is pregnant!"

Ayao opened his mouth, and in time, he choked on the words he wanted to scold Afeng, and replaced them with this sentence.

"What's wrong with being pregnant? Do I need special care?" Afeng snorted coldly.

Humans are troublesome. They are just pregnant with a child, and they are pregnant. They have to do everything. Has anyone complained?

"Afeng, you..."

Ayao didn't even know what to say.

It is a spirit animal fish with a sound body and no previous illness. It is more flexible and comfortable in the water than humans. It is not willing to touch the token. Isn't it just because it is afraid of being sprayed by the earth's core fire?

However, he wanted to leave such a matter to Lin Caisang and let her complete it without even thinking about it?

Wouldn't that be the same as asking her to die? And it's still a life-for-life. Does Afeng think his own life is more important than Lin Caisang's?

How could its friends have such shameless thoughts?

"Afeng, you don't want to go to the red-eyed monster. It's better for me to go. It gritted its teeth, endured it, and then said to Afeng.

"No, how can you go?"

When Afeng heard what it said, he immediately caught it.

"I think those humans dealt with the red-eyed monster very easily, so don't go and cause trouble. We'd better wait here for good news."

Anyway, it had already stepped forward to help. It was Sui Zimo who had punched it out, but no one could blame it. If they tried to use the excuse of not helping, it would not allow it.

Hearing this, Ayao endured it and said nothing, but he still shook off Afeng's hand and took the initiative to help.

It is absolutely impossible for it to stand idly by like Afon.

"Ayao!"

Ah Feng watched helplessly as Ah Yao swam towards the red-eyed shadow.

What it wanted to stop, what it wanted to do was to move forward, but at the next moment, it paused.

Since it was Ayao's own choice, there was nothing to stop it. Moreover, it could feel that Ayao had some opinions on it.

It doesn't even know what it's doing. Obviously, it's doing all this for their own good!

"What are the benefits of helping these humans like this?"

Sure enough, Ayao is still too soft-hearted. When encountering any danger, he will not think of avoiding it first, but step forward to help. Such a temper is really bad!

Of course, no one would answer its murmurings, and Ayao couldn't answer it either.

...

On the other side, Ayao stepped forward to help and directly opened up with the red-eyed shadow.

Chapter 3054 Spiritual power will be exhausted

Although it still has injuries on its body, its body is huge. Even if it can't compare to the red-eyed shadow, the force it can hit is still very strong.

In just a few strokes, the red-eyed shadow was reduced in size several times, and its shape seemed to have changed.

Seeing this, Captain Liu and the others used the spiritual power in their hands to hit even harder. This time, we must not give this monster a chance to rebound. We must suppress it once and for all!

However, could the reality be as simple as they thought?

The shadow of the red eye was getting smaller and smaller, but suddenly, it seemed to be filled with something and swelled up again.

"What should I do? This guy has grown so big again!"

The eyes of Captain Liu and others are really full of despair. If this continues, when will they be able to kill this monster? Will there never be a moment of being beaten to death?

"What the hell? How can it keep getting bigger? What should I do?"

No matter how much their spiritual power is, it will eventually come to an end, but the red-eyed shadow in front of them has always been

"Everyone, continue, don't stop the spiritual power output!" Lin Changhong gritted his teeth and said to everyone.

"Zimo, this is not possible. If this continues, our spiritual power will be exhausted, but this red-eyed monster will not. The source of its spiritual power is the fire in the core of the earth."

Turning his head, he looked at Sui Zimo and said.

Hearing his words, Sui Zimo didn't say anything, but the spiritual power on his hands suddenly became a little stronger, and the net-like spiritual power almost covered the red eye shadow.

The red-eyed shadow seemed to be able to sense that Sui Zimo wanted to kill it instantly, so he began to resist and struggled hard.

The silver spiritual power net was struggling and swinging around, and was about to be torn apart.

Upon seeing this, Lin Caisang, who had been watching the battle from a distance, sharpened her eyes, tapped her toes, and floated towards the red-eyed shadow, but she was not very close to it.

"Zimo, let me help you!"

As he spoke, both hands pushed out at the same time. Two powerful purple spiritual powers slowly spread into the silver spiritual power. The two spiritual powers at the same time, like an extremely large net, directly wrapped the red-eyed shadow. stand up.

Then, cold water of a different color from the water in the forbidden pool rushed out directly from her hands. Slowly, the cold water enveloped the entire shadow of the red eye.

"Zhizhi."

When the red-eyed shadow was completely wrapped and felt the coldness, it was natural that he felt uncomfortable everywhere.

It wanted to struggle, but under the simultaneous action of two spiritual powers, it couldn't move.

Under Lin Caisang's continuous output of water, the red-eyed shadow's body slowly shrank at a speed visible to the naked eye, and soon it was almost the same as Ayao's body.

"Everyone, work harder and kill it!"

Lin Changhong's eyes were filled with excitement, and the spiritual power in his hands became even more powerful.

Everyone, including Ayao, excitedly increased the spiritual power in their hands and threw it at the red-eyed shadow. The red-eyed shadow quickly became very small, almost as big as a fist.

but.....

Just when everyone thought that the red-eyed shadow would be eliminated, suddenly, it directly burst the spiritual power network.

"careful!"

Sui Zimo's face darkened, and he immediately retreated with everyone, came to Lin Caisang's side, and then protected her in his arms.

Chapter 3055 Poisonous!

The next moment, everyone heard a "boom", and the red-eyed shadow exploded in front of everyone, and pieces of black smoke fell on everyone's heads.

But not far from their heads, it turned a corner, was thrown in an arc, and fell to the ground.

"Oh my God, that scared me to death!"

Captain Liu was the first to react and looked at the place where the disappeared red-eyed shadow had been.

I didn't expect this thing to explode. If they were any closer, wouldn't they be blown into pieces? It was really scary.

"Is this a self-destruction from spiritual power?" Yuan Jue looked at the fragments and wanted to go over and have a look.

However, before he could get in front of the fragments, his way was blocked by a layer of glass-like material.

"Hey, this is..."

He reached out and touched the cover, but the next moment, he couldn't touch anything. He turned around and looked at Sui Zimo and Lin Caisang, wanting to ask them what was going on.

"Sir, Captain Lin, this is..."

"Before the red-eyed monster exploded, I activated the formation."

Lin Caisang explained calmly, then raised his feet and walked towards the black fragments.

No one thought that these red-eyed shadows would explode at the last moment. If she had reacted a little slower, everyone would have died here.

And this formation is not an ordinary formation. She redeemed it from the Jinzhu Pavilion, but it cost her a lot of points.

"Zimo, look at these, what are they?"

She wanted to pick up one of the fragments and put it into her hands to study it carefully, but Sui Zimo wouldn't let her.

Helpless, she could only ask him.

"Like pieces of cloth."

Sui Zimo played with the fragments in his hand and said.

"It's a little soft, not quite like a piece of cloth, it seems like..."

For a moment, he really couldn't describe what this thing looked like.

"Piece of cloth? Let me take a look."

Lin Caisang stretched out his hand and took the fragment into his hand.

Because it had already passed through Sui Zimo's hand, he didn't pay much attention to it, but... as soon as she got it in his hand, she immediately felt something was wrong.

"poisonous!"

Just uttering two words lightly, she flashed and entered the golden bead space.

"Don't touch those things!"

Outside, Sui Zimo's face turned dark and he reminded the people next to him sternly.

"hiss!"

Captain Liu, who was about to touch the fragment, immediately retracted his hand after hearing his words.

Poisonous, actually a poisonous thing? !

"It's impossible, Mr. Sui, you..."

Doesn't he have nothing to do? Why is it poisonous?

"This thing is poisonous, then Sangsang..."

Lin Changhong didn't care if this thing was poisonous, but he was worried about his sister!

"Sonny will be fine."

Regarding this, Sui Zimo was relieved. He still remembered that when he was in his hometown, the fat girl who was covered in blood in the bamboo house had no injuries at all.

This is the credit of the Jinzhu Space. As long as he does not die outside and enters the Jinzhu Space, his wife will be fine.

"She's fine, that's good."

Lin Changhong's heart finally relaxed.

As long as his sister was fine, it would be fine. However, when he looked at Sui Zimo, he didn't understand why things he had touched had become poisonous in his sister's hands.

Chapter 3056 Are you okay?

"Then are you... okay?"

He couldn't help but wonder, was it because his brother-in-law's cultivation was too strong and suppressed the toxicity, and then, at some point, it would suddenly burst out?

"I'm fine.

Sui Zimo bit his thin lip and replied with three words.

I have been in Qianhuan Continent for so long that I even forgot about the poison on my body.

However, what kind of poison is this? Even the poison of the red-eyed shadow can be automatically ignored, which shows that it is not a poison on Qianhuan Continent.

Soon, Lin Caisang, who flashed into the Jinzhu space, came out again.

"How's it going? Are you okay?"

When Sui Zimo saw her coming out, he immediately held her hand and asked.

"What can happen to me?"

Lin Caisang raised his eyes, glanced at him, and chuckled.

"Don't worry, it's okay. No poison will have any effect on me. It's just this thing..."

"What's wrong with this thing?" Sui Zimo asked.

Others also followed Lin Caisang's gaze and looked at the black fragments. These things were poisonous. They knew that they must not touch these things.

"I know what this is." Lin Caisang said.

"Sang Sang, what is this? Tell us?" Lin Changhong asked immediately.

"The name of this thing is Hua Guoyang. It is a kind of magical beast that can only live in water. The hotter the place, the more energy it can absorb and use for its own use.

And if it is placed in cold water, it will turn into an ordinary, non-attackable monster. If it is placed in ice water, this guy can shrink to the size of a grain of rice. "

"Is this thing so magical?" Captain Liu and the others were amazed after hearing her words.

They have never heard of such a thing. It should not be a magical beast on the Qianhuan Continent. However, the survival conditions of this thing are really harsh.

"It's quite magical, but..."

Lin Caisang nodded, agreeing with Captain Liu's words.

But she still raised her head and took a rare look at Lu Tianfeng beside her. She felt that this person had really done something great for them this time.

"But what?"

When Sui Zimo saw his wife setting her sights on Lu Tianfeng, he felt that there must be nothing good going on.

What did Lu Tianfeng do again? Was his wife caught him?

"If Hua Guoyang is in the air, it will continue to emit toxic gases, and those who are poisoned will have hallucinations." Lin Caisang said with a slight smile on his red lips, looking at Lu Tianfeng.

The reason why she was poisoned before was because her body was wrapped by a layer of air in the golden bead space.

When the fragments of Hua Guoyang reached her hands, it was equivalent to being exposed to the air.

Naturally, the poisonous gas came out.

Hearing this, Lu Tianfeng's face suddenly darkened, and his whole body felt bad.

He had received this Hua Guoyang into his magical weapon before. If this thing was in the air, it would be highly poisonous, and then the subordinates in his magical weapon...

Thinking that all his subordinates had been harmed by Hua Guoyang, how could he look good?

"hateful!"

At this moment, he no longer cared about hiding anything in front of Sui Zimo and the others, and immediately took out one of the subordinates in the magic weapon.

"Well!"

The subordinate was staying well in the magic weapon.

Suddenly, I was thrown into the water, and the water was so hot that I almost drowned before I even took a breath.

Chapter 3057 Is there someone?

"Use your spiritual power to resist the water temperature!"

Seeing his desperate look, Lu Tianfeng immediately reminded him with a dark face.

"Hmm."

The subordinates quickly responded and surrounded themselves with spiritual power.

But he still didn't understand why he was brought out by his master. Wasn't his master afraid that those people would know their existence?

And when he turned his head, he saw the people standing beside him, and he almost drowned in fear again.

"master!"

He is also a spiritual practitioner, so he won't run out of air so quickly in the water.

"Is everyone inside okay?" Lu Tianfeng stared at him coldly and asked.

"It's nothing."

The subordinate looked innocent and didn't understand why his master would ask such a question.

When Lu Tianfeng heard what his subordinate said, his first reaction was that Lin Caisang dared to lie to him. Did he deliberately want him to expose all the subordinates in the magic weapon?

"Where are the things I took in?" he asked again.

"ah?"

The subordinate was stunned and almost didn't understand what he said.

After a while, he finally figured out that his master was asking about those black things that almost poisoned them all.

"Oh, we killed those things. Master, it's terrible. Those things are all poisonous. We almost told them where they were!"

What he said was absolutely correct. If they hadn't taken action in time, they would have been responsible for those things.

However, when Lu Tianfeng heard his words, he almost cursed.

Does he care whether these useless things die? As long as those Hua Guoyang are still there, that's fine. As for these people, he really doesn't care at all.

"You...you...well done!"

Those Hua Guoyang were gone, so naturally he couldn't blame his subordinates for something that no longer existed.

Otherwise, these subordinates would really rebel against him, and now he still needs to use them.

Thinking of this, he directly took his subordinates back into the magic weapon again. Since Hua Guoyang was dead, there was no other way.

"Look, is there someone there?"

Suddenly, one of the three people on the wall pointed at the person lying on the ground in the distance and shouted to everyone.

"What?"

Everyone looked over after hearing the sound and saw the female team member lying not far away.

However, no one rushed over to see what was going on. Even Yuan Jue just moved his legs and immediately stopped without stepping forward.

Because he brought the female team member in, after the Hua Guoyang explosion, he looked around to make sure there was no sign of the female team member.

But now, this person is not far away from them, why does it feel weird?

"Why is she here?"

"There was no one there just now, where did she appear from?"

"It's impossible. I just looked around and made sure there was no one else. How did she appear?"

Several people started talking, because they had not seen the female team member before, and after fighting with the giant Huaguoyang for a long time, they had given up, thinking that this person could not be saved.

But at this moment, this female team member appeared again?

"Go over and take a look?"

Lin Caisang glanced sideways at her husband.

Chapter 3058 Don't go there!

"Be careful and come behind me.

Sui Zimo was naturally suspicious. When he was waiting for his wife, he had looked around to make sure that the female team member was not there.

But now, it appears out of nowhere. Is there anything weirder than this?

"Everyone go over together, I want to see if this is a human or a ghost!" Yuan Jue said to everyone with a cold face.

Even the team members he brought here cannot forget the safety of others just because he cares about her, so he still has the responsibility to remind everyone.

"Also, everyone should be careful."

"Don't go there!"

Just as everyone was walking towards the female team members, suddenly, a voice yelled behind them.

"Clan leader?!"

Ah Yao and Ah Feng turned around at the same time and called the clan leader first.

Because the clan leader's voice is the most familiar to them, after hearing this voice, the first reaction is naturally to shout first.

However, when they turned their heads and saw the spiritual beast fish beside the clan leader, they were stunned.

"A...Ajin?"

It took a while for Ayao to react and look at Ajin beside the clan leader.

"Ah Yao, Ah Feng, are you okay?" Ah Jin rushed to the two friends and asked nervously.

Along the way with the clan leader, it almost scared itself to death. Even the clan leader said that he didn't expect Ayao and the others to go so fast. He thought he would not be able to catch up with them.

"No, it's okay."

Ayao stuttered a little, looked at Ajin, and then at the clan leader who slowly swam towards them.

"Ajin, why are you with the clan leader?"

Compared to A Yao, A Feng's face was not so good-looking, so he directly questioned A Jin.

The two of them came to such a dangerous Forbidden Pond for Ah Jin, but Ah Jin was with the clan leader. What did this mean? It meant that when they entered the Forbidden Pond, Ah Jin was still outside.

"I heard that you were coming to the Forbidden Pool, so I quickly came in with the clan leader!"

Ah Jin told his two good friends what he had encountered, and then glanced at the clan leader.

"It's Orimi!"

Afeng wanted to scold Zhe Mian to death, but unfortunately, Zhe Mian was the descendant of the clan leader. Even if he wanted to scold Zhe Mian, he didn't dare to do so in front of the clan leader.

"How can it do this? We have never offended it!"

Hearing this, Ayao raised his eyes and glanced at Afeng.

It thought to itself that it was just the clan leader's attitude towards them. They didn't need to offend Zhejian any more. Zhejian already regarded them as a thorn in his side and a thorn in his flesh.

If they hadn't appeared, the position of clan leader would have been lost in the future.

"Clan leader..."

It looked at the patriarch and shouted softly.

"Ayao, Afeng, it's Orijian's fault this time. When we get out, I will definitely give you an explanation." The clan leader was also furious and said helplessly to Ayao and Afeng.

"Clan leader, Orijian was just confused for a moment, so he did this. You'd better... just be familiar with it," Ayao said.

After all, they are relatives of the clan leader. Even if it is for the sake of the clan leader, they can't do anything to it. Otherwise, how can they still gain a foothold in the pond?

What's more, if it were Orimi, it might do something like this.

This is just like it stealing the clan leader's token in order to enter the Forbidden Pond. It makes sense.

Chapter 3059 Just too kind-hearted

Both it and Orimi have things they want to insist on, and they can't blame others, let alone themselves.

"Ayao!"

When Afeng heard what it said, he called it displeased.

Orijian can use such means to trick them into entering the forbidden pool. Isn't this because he wants to kill them?

That's it. Is Ayao still able to endure it?

He actually persuaded the clan leader to let go of this matter and not punish Orimi?

Ayao can do this, but he can't do it. Even if he doesn't go to Zhejiang in front of the clan leader, he will definitely not let Zhejiang go when he becomes the clan leader in the future!

"Afeng, Orimi must have known that he was wrong, and he won't do it again. We all grew up together, so why bother?" Ayao advised him.

"you....."

Afeng opened his mouth, but said no more.

If the patriarch was not here, he would even want to scold Ayao. What's the use of having a good conscience?

That Orimi, it's not a good thing at first glance. Every time I see a few of them go to see the clan leader, they look like they want to eat them. It's so awesome.

Is this it, or did you grow up with them?

"Why!"

The clan leader also sighed softly when he heard Ayao's words.

If Orijian was as broad-minded as A Yao, he wouldn't have done such a thing.

But having said that, if Orijian is really like Ayao, why would it think that it would be better to pass on the position of patriarch to Ayao?

"Ayao, you are so kind-hearted."

It shook its fish head, but although it was too kind-hearted, it would not work if it was too cruel in the water.

But this time Zhijian's unexpected behavior made him see a lot more clearly.

Originally, he wanted to choose one of the three Ayao to inherit his position as the clan leader, but now it seems that there is no other choice except Ayao.

Look at Feng, he looks like he wants to kill Orimi right now, and Jin... a child who can be deceived by Orumi, might he be deceived again in the future?

Let's look at Ayao again. Although he stole his token and entered the Forbidden Pool, he did so to save his friend.

But now, after knowing that the suffering it suffered was all because of Orimi, it could still continue to say good things for Orimi, and it did not hear a word of pleading for Orimi in Ayao's words.

It thought that Ayao felt that Orimi needed to learn a lesson, but this lesson should not be too big.

Forget it, there is no hope for that child anymore, so let him receive a lesson. It is best that he can live a peaceful life in the future and stop making troubles.

"Are you the clan leader of this pool?"

Just when they were thinking about how to punish Zhejian, Sui Zimo's voice rang in their ears.

"Well!"

Ah Yao and Ah Feng choked at the same time and turned to look at them.

"Clan leader, these are...the humans from outside Qianji Pond."

Ayao introduced to the clan leader. He was just talking and forgot about them.

"Are you the human friends who came in with Ayao and Afeng?" the clan leader looked at them and asked.

"No."

Sui Zimo calmly said "no" to the clan leader.

"Ayao and Afeng accompanied us in." He said with a hint of meaning.

Sure enough, after hearing his words, the patriarch was stunned for a moment, and soon an incredible look appeared in his eyes.

Chapter 3060 Of course we can't go there!

"you....."

"Clan leader, you should know what we are here for, right?" Before it could say anything, Sui Zimo interrupted it and asked.

"this....."

The patriarch stopped talking, even though he didn't hear them mention it, but he wasn't stupid, so how could he not know anything?

"You...you are really here...how did you know?"

Even he only knew about the Corpse Suppression Talisman after he took over the position of clan leader, but where did these humans get the news?

Obviously the old patriarch told it before that only the old man knew about this matter, and other people outside Qianjitan did not know.

And there is one thing that, except for the patriarch under the water, even the patriarch above the water does not know.

That is, after sealing Qianji Pond, the old man did not leave again, but passed away under the water. Therefore, it did not understand the corpse-suppressing talisman that the humans outside knew about it, so how did it know about it?

"How do we know? Patriarch, you don't have to ask. We naturally have our own way." Suizi Mo said.

"Young Master Sui, clan leader, let's not talk about this for now. You should tell us first. Why don't you let us pass? That person is our companion!"

Captain Liu can be considered an impatient person, and he will say whatever he wants.

They wanted to take care of the corpse-suppressing talisman themselves, but before doing this, they wanted to know what happened to the female team member?

You can't just let her lie there like this, with a whole group of them and ignore her, right?

"Of course you can't go there!"

Only then did the clan leader realize why he rushed over in such a hurry.

"You don't know that Hua Guoyang in this forbidden pool has another ability, that is, he can use the corpses of other monsters to enter his own soul."

"What?!"

Everyone was shocked when they heard the clan leader's words.

In other words, it is very likely that the female team member is no longer herself, but the giant Hua Guoyang?

If that were the case, then they really wouldn't be able to pass.

"How could this happen? Isn't that a resident soul? When did Warcraft have such ability?" One of the trio of wallflowers asked in surprise.

They had only heard of things like sojourning souls, but had never seen them before. They didn't expect to see them in this Thousand Machine Pond.

"According to the previous clan leader, Hua Guoyang in the Forbidden Pond is different from other places. The earth's core fire here can cause Hua Guoyang's changes, so that Hua Guoyang has the ability to inhabit the soul. The ability to learn from other monsters."

The patriarch explained to them seriously.

"Of course, ordinary Huaguoyangs don't have such abilities. Only the very large ones, like the Huaguoyang you killed before, have such abilities.

However, I think there should be more than one Huaguoyang of this size in this place. After all, this is a forbidden pool, and no one has come in for many years. "

Maybe there are more giant Huaguoyang in places they don't know about, but they haven't seen them yet.

"That's not right. I clearly didn't see the body just now, but now she appears. Is there something else we don't know about it?"
