

## Star of Space 3061

Chapter 3061 It's a great disaster

Captain Liu glanced at the female team member, and now he didn't think that the female team member was still alive.

That Hua Guoyang is poisonous. Even if there is no such thing as a sojourn soul, the poison alone can kill the female team member. What's more, that Hua Guoyang can find other people's corpses to live in. That would be even more unusual.

But now, they don't even dare to get close.

But you can't really not get closer, right? That was Hua Guoyang. When it was in the form of a monster, it was so difficult to deal with. If it turned into a human form, then they wouldn't be able to...

Therefore, he felt that the body of the female team member had to be disposed of, otherwise they would probably be deprived of the possibility of leaving here.

"This is Hua Guoyang's ability. Now that it can control the corpse at will, and in this water, Hua Guoyang can naturally go wherever it wants.

The patriarch spoke to them again.

Originally, the human body was relatively flexible. Isn't it normal to be like this now?

"That won't work!"

Captain Liu uttered three words and turned to look at Sui Zimo and Lin Caisang.

"Master Sui, do you think there is any way to get rid of that Hua Guoyang? If it turns into a human form, I don't know how many people will be harmed. Maybe it can even go outside the Forbidden Pond."

The female team member whose body was taken away by Hua Guoyang is a great disaster!

"Yeah?"

Sui Zimo raised his eyebrows slightly, but didn't pay much attention to Captain Liu's words.

He reached out and took out a porcelain vase from his arms. When everyone saw it, they knew it was one of the porcelain vases that Lin Caisang gave them before.

"Is the time up? Let's take one first."

Yuan Jue said something and understood what Sui Zimo meant.

They were able to stay underwater for so long only because of the pills Lin Caisang gave them.

Now, the female team member had a pill on her body, but Hua Guoyang didn't know it. It was naturally impossible for a human to live underwater.

So they don't have to worry, because soon, Hua Guoyang's soul will come out of the female team member's body again.

...

After a while, after everyone had taken the elixir, Hua Guoyang couldn't hold it in any longer, and the body of the female team member suddenly stood up.

"Uh-huh, uh-huh!"

Her whole face was suffocated with redness. A human without breathing could not hold on for too long even if she was supported by spiritual power.

Finally, the female team member could no longer hold on and fell down softly.

The moment her body fell down, everyone only saw her chest, and a black smoke suddenly sprang out and headed towards them.

"Everyone, be careful!"

When the clan leader saw this, he immediately reminded everyone.

However, Hua Guoyang's soul seemed to have become smarter. Instead of attacking humans like Sui Zimo, it targeted Ayao and Afeng and rushed over.

"ah!"

Ah Feng screamed, probably out of his instinct to dodge danger. When he saw Hua Ke's soul coming towards them, he stretched out his hand and pushed Ah Yao out.

"Ayao!"

The patriarch roared and wanted to block Ayao's life.

You know, it likes Ayao the most. This child is the best among the three in terms of temperament and cultivation.

If it really gets caught in this forbidden pool, it will regret it for the rest of its life!

Chapter 3062 Who dares to touch it!

But before it had time to rush over, Lin Caisang's long whip had already been brought, directly wrapped around Ayao's arm and pulled it hard.

At this time, Afeng had already moved to the other side.

Hua Guoyang's soul couldn't be hit, and he didn't dare to stay any longer, and was ready to leave.

But with so many people present, how could they let Hua Guoyang's soul leave? Sui Zimo raised the long sword in his hand and slashed a stream of spiritual power towards it.

"Squeak!"

Na Hua Guoyang had no time to dodge and was slashed to the head, making a cry of pain.

But soon, the soul that was split in half merged into one, and once again thought about running away.

"You still know it hurts, that's good!"

Lin Caisang had rescued Ayao, and now he could use his hands free to deal with Hua Guoyang's soul, and swung the long whip directly towards it.

But after all, Hua Guoyang has no body, just a soul, and her spiritual whip really can't sweep it away.

"hateful!"

She cursed secretly.

The next moment, the spiritual whip in her hand carried a powerful spiritual power and hit Hua Guoyang's soul again.

'Zizz, sizzle!'

A sound like something burning reached everyone's ears.

Nahua Guoyang thought that he couldn't escape, so he simply turned his head and rushed towards them.

And what it aimed at was not other people, but Lin Caisang's belly. Everyone else had spiritual power, but the child in that woman's belly had no spiritual power, right?

It just so happens that it could be used.

Moreover, as long as it enters the woman's belly, it wants to see who dares to touch it!

"Sonny, be careful!"

Sui Zimo naturally saw the Hua Guoyang's movements, and was startled. He was about to come over and stop him, but unexpectedly, there were many small Hua Guoyang on the other side, rushing toward them again.

Those Huaguoyang were summoned by the Huaguoyang's soul, and the purpose was to delay it.

As long as it can get into that woman's belly, it might even be able to transform into a real person in the future, and then it won't have to stay in the Forbidden Pool anymore.

Although this place is comfortable, there are still many more powerful Huaguoyangs than it, and it is not the boss here.

"You still dare to come towards me?"

Lin Caisang looked at the movements of Hua Guoyang's soul and sneered.

Do you think she is really easy to bully?

However, looking at her big belly, if people didn't know her well, they would really think that she was easy to bully, and they would attack her first if she did anything bad.

It's not that no one has done this before, but the result won't be very good.

She moved her hand and used her sleeve to sweep away the soul, then turned to look at the others.

"Leave this guy to me and you go deal with the other Hua Guoyang."

"this....."

Lin Changhong looked at his sister with a bit of embarrassment on his face.

Let him watch her deal with Hua Guoyang's soul alone, but they left, how can he not feel at ease!

But on the other end, Sui Zimo had already opened it. There were too many Xiaohua Guoyang, and he definitely couldn't kill them alone.

"Sangsang, be careful!"

Gritting his teeth, he said something to his sister, and then walked towards Sui Zimo to help.

Yuan Jue and Captain Liu glanced at Lin Caisang, thinking that since she could say this, she must be sure. Maybe they would cause trouble to Lin Caisang by staying here, right?

Chapter 3063 Does it have anything to do with you?

Therefore, the two of them said to her that it's better to be careful, and then went to help Sui Zimo.

The others also followed. Those little Hua Guoyang rushed over, it was not a trivial matter, they might be drowned.

But here, Lin Caisang looked at Hua Guoyang's soul, which was rushing towards him again, and sneered.

"You came here to seek death yourself, don't blame me!"

As she spoke, she took out a net bag from the Jinzhu Space and opened it directly.

Just as Hua Guoyang rushed toward her belly, she turned sideways, and Hua Guoyang rushed directly into the net bag in her hand.

The next moment, she tied the net bag tightly.

Just when he was about to come over, Lu Tianfeng secretly made a move towards Lin Caisang: "..."

What was going on? Lin Caisang was clearly holding just a piece of cloth in his hand. Why was he able to capture Hua Guoyang's soul?

What kind of magic weapon is this?

But when he looked at it, the thing in Lin Caisang's hand was not a magic weapon at all!

"What is this?"

He stared at Lin Caisang and asked.

"Here?"

Lin Caisang lowered his head and glanced at the net bag in his hand.

Hua Guoyang's soul inside seemed unwilling to give in and was still struggling to break out.

But every time she broke in, she would make a painful 'whimpering' sound, which made her quite happy and her mood improved a lot.

"Does it have anything to do with you?"

She raised her eyebrows and gave Lu Tianfeng a blank look.

This is cloth woven from ice silk and then made into a net bag.

Originally, she wanted to make some children's clothes, but her husband thought it was too laborious, and it is not good for children to wear clothes that are too cold.

So, it was directly changed into a net bag.

As for the other ice silk cloths, apart from making clothes for her family, she has stored them all and will definitely need them in the future.

Lu Tianfeng: "..."

He shouldn't talk too much. Wouldn't it be better to observe in secret?

I didn't expect to get any useful information from Duolin Caimulberry's mouth, so why bother?

Lin Caisang ignored him, took out a sealing talisman from the golden bead space, and pasted it on the mouth of the net bag. In this way, even if he had great abilities, he would not be able to escape. .

Next, there are those small Huayang.

Although they are small, they are not small at all, but compared with these giant Huaguoyang, they are indeed very small.

"Mr. Lu, you have quite a lot of time on this road."

Thinking that they were here to kill these Hua Guoyang, but Lu Tianfeng stood there doing nothing, and finally followed them forward.

Thinking about it, it feels so unfair!

So, she couldn't let Lu Tianfeng be too idle, could she?

"Sir, I don't have anything to do. How about we have a fight?" She suggested to Lu Tianfeng with a sharp look in her eyes.

If they really didn't take him seriously, he could plot against them like this, right?

"Well!"

Lu Tianfeng choked at her suggestion.

Along the way, he didn't take action unless he had to. Isn't it just to save his own spiritual power?

If he really had a fight with Lin Caisang, it was not certain how much spiritual power he would lose. Even in the fight itself, whether he could beat Lin Caisang was still a question.

"There's no need to fight, right? I'm holding the battle for Young Master Sui and the others from behind, right? If they get hurt somewhere, I'll be able to help, right?"

Chapter 3064 Do you see the clue?

He smiled and said rather shamelessly.

Lin Caisang: "!!!"

How could this man say such disgusting things?

Even if they were all injured, this man would have shown mercy by not giving them a knife, right?

"Young Master Lu is really a capable man. If that's the case, then there's no need for Mr. Lu to follow us on the rest of the way. How about we just say goodbye?"

"you--"

Lu Tianfeng was almost angry at her words.

He is following these people now, and it is only because they ask him to follow that he is able to follow them.

If Lin Caisang didn't want him to follow, Sui Zimo would definitely listen to her. By then, they would have plenty of ways to keep him alone.

"What are you talking about, Captain Lin? We are all friends, so why make it so unpleasant? Since you think I should go and help, then I will go."

In the end, he could only compromise and help kill those Hua Guoyang.

It just so happened that he was worried that all the Huaguoyang he had collected before was gone. It just so happened that he could take advantage of this moment to collect more and put it into his magic weapon.

As for those subordinates, let them die, they are of no use.

However, the matter was not as simple as he imagined. Just the spiritual energy that Captain Liu and the others shot at him was enough to keep him busy, not to mention those Hua Guoyang, who were indeed interested.

It kept crawling towards his feet, leaving him no time to put it into the magic weapon.

"Yuan Jue, do you see the way?"

Captain Liu had been secretly paying attention to Lu Tianfeng. Finally, he discovered a big secret. He quickly turned around and asked Yuan Jue, who was dealing with Hua Guoyang.

"What?"

How could Yuan Jue be so cunning as Captain Liu? After hearing his words, he just turned around and glanced at him.

"That guy's magic weapon can only take one thing in at a time, and it takes a lot of spiritual energy." Captain Liu's eyes lit up when he mentioned this important discovery of his.

"Yeah?"

After hearing his words, Yuan Jue finally turned his head and looked at Lu Tianfeng.

"Then work harder and make way for him."

"good!"

Captain Liu smiled secretly.

What they call giving way is not an ordinary way.

But when they were killing Hua Guoyang, they deliberately ignored Hua Guoyang who came towards Lu Tianfeng.

Of course, this was not what they had discussed, but because everyone had such a tacit understanding, they must have been dissatisfied with Lu Tianfeng's character for a long time. It would be best to let Hua Guoyang bury him directly.

After a while, Lu Tianfeng saw the Hua Guoyang coming towards him like a tide, while the other people didn't even take a second look at the situation on his side.

"hateful!"

He cursed secretly.

The other people were all in a group, but he was the only one fighting here.

However, even if he wanted to retreat, it was no longer possible. These Hua Guoyang moved very fast. If he retreated now, they would definitely follow.

By then, he would have become the fool who led Hua Guoyang away for Sui Zimo and the others and allowed them to move on!

Naturally, he would not do such a thing that would harm himself or others, so even though there were more Hua Guoyang attacking him, he still gritted his teeth and endured it.

Chapter 3065: Even if you have the intention, you are powerless

"This is not the way to go, Ayao, where is the token?"

After a long time, seeing more and more Hua Guoyang, and the more they killed them, the more energetic the Hua Guoyang became, the clan leader felt that it was impossible and asked Ayao.

"this....."

A Yao was choked by the clan leader's question.

The token was never on it. The clan leader had guessed this a long time ago.

"The token will attract fire from the core of the earth. I gave it to Captain Lin for safekeeping."

"At Captain Lin's place?"

The clan leader naturally knew what consequences this token would have if it was in the Forbidden Pond, and he did not point out that it would be on Ah Yao or Ah Feng.

"You guys hold on, I'll discuss it with Captain Lin. We have to use tokens to drive away these Huaguoyangs!"

Hua Guoyang can't be killed all. If this continues, they don't know how long they will be here. What they will be wasting is their own spiritual power!

"good!"

Ayao responded three times and took Hua Guoyang from the clan leader's side into his hands.

On the other side, Sui Zimo saw the patriarch heading towards his wife and said something to Lin Changhong and the others.

"You guys are holding on here."

Then, he followed.

Although I don't think the patriarch would do anything bad to his wife, it is still necessary to be on guard.

"Captain Lin, I heard that you have the token of our clan, right?" The clan leader came to Lin Caisang and asked her very straightforwardly.

Lin Caisang didn't reply to its words, but looked past it and behind it.

When the clan leader saw this, he also turned around, wanting to see what Lin Caisang was looking at?

Unexpectedly, as soon as he spoke, he saw Sui Zimo coming up behind him silently, and he was immediately startled.

When did this man follow it and he didn't notice it at all?

Fortunately, he didn't have any evil intentions towards Lin Caisang. Otherwise, if this man was behind it, would it still have a way to survive? These humans are indeed terrifying.

"It's Master Sui. I'm just here to ask about the tokens. There are so many Hua Guoyangs, and only the tokens can drive them away." It immediately explained.

"The token is indeed with us."

Sui Zimo passed the clan leader and came to Lin Caisang's side. He turned to face the clan leader and said.

"It's just the patriarch, you should be very clear about what your token will attract in the forbidden pool, right?"

"this....."

The patriarch choked at his words.

How could it, as the clan leader, not know what the token could attract?

But so what, even if it causes something, it's not a big deal. As the leader of the clan, he can still find a way to solve it.

"Before, your companion Afeng also suggested that we take out the tokens, but what he thought of was to let my wife take the tokens to drive away those Hua Guoyang. Therefore, none of us agreed. "

Sui Zimo spoke calmly.

Lin Caisang: "..."

Even she was a little impressed by her husband's secretive accusation!

Although she couldn't bear to mention that Afeng, it was after all a matter about the spirit beast and fish and had nothing to do with her. She didn't want to say anything more to save herself the trouble.

But this does not mean that she does not support her husband's lawsuit.

"I do want to help with this, but as clan leader, you should have seen that I am really powerless even though I am willing, don't you think so?"

Chapter 3066: Not for Good

She added openly.

When the patriarch heard their words, he subconsciously turned his head and glanced in the direction of Afeng.

Afeng had also watched him grow up, so how could he do such a thing? Let a pregnant woman take the risk to drive away those Hua Guoyang?

Even among the spirit beast fish clan, there is no such thing!

"A Feng is so confused. How could he do such a thing? Mr. Sui, Captain Lin, I am here to apologize to you on behalf of A Feng."

After all, it was under its education that such a spirit beast fish was born. It also has an unshirkable responsibility, so it can only apologize.

"It's just that nowadays, there are more and more Hua Guoyang. If we don't take out the tokens, we may be submerged in the Hua Guoyang group."

"How can I use the token without triggering the eruption of the Earth's Core Fire?" Lin Caisang asked directly without any nonsense.

Patriarch: "..."

It just wants them to hand over the token.

Because it was struggling in its heart whether to hand over the Corpse Suppression Talisman to the people in front of it.

However, these humans seemed to know what it was planning in its heart, and told it what it was going to do next before it could say anything.

Yes, tokens can trigger Earth Core Fire, but there are also ways to prevent tokens from triggering Earth Core Fire.

As the leader of the clan, he naturally has this ability.

"It's easy to say this is simple, but it's not easy to say it's not..."

"The patriarch should tell you how to operate it in detail." Lin Caisang said directly, not wanting to hear the patriarch's words.

No one among them is a fool and would not know what the clan leader is thinking. After all, this corpse-suppressing talisman has been suppressed here for many years.

If someone took away the treasures from her home, she wouldn't notice.

What's more, the corpse-suppressing talisman is not a good thing.

"this....."

The clan leader hesitated after hearing what she said so straightforwardly.

"Captain Lin, Mr. Sui, to tell you the truth, according to what the ancestors said, the things suppressed in this forbidden pool are not good things. If they are released, they will bring disaster to the people!"

Until now, it could only tell them what it wanted to say.

If this thing is really taken away, we don't know what the outside world will be like.

Although they, the spirit beast fish clan, have always been in Qianji Pond, if the world outside is in chaos, there is no guarantee that they will not be in chaos here!

"Has the patriarch ever thought that since we can find it here, it means that it is no longer safe to put this thing here?" Lin Caisang asked it back.

"this....."

How could it not think of this after the patriarch's words?

But, does it really want these humans to take away those evil things? In doing so, is it worthy of its ancestors?

When it first wanted to choose a good clan leader, it even gave up on its own relatives and descendants. Wasn't it just because it was afraid that Orijian would take out the things in the forbidden pool for its own benefit.

Now.....

"Clan leader, let's be honest with you. The people here are divided into two teams. I don't guarantee that the people in our team are all good people.

But for the people on the other team, I guarantee that if they get the corpse-suppressing talisman, they will never do anything good with it. "

"Well!"

The patriarch choked at her words.

Chapter 3067 The Exit of Qianji Pond

It also saw just now that the man called Mr. Lu was at odds with the two people in front of him and should not be on the same team.

But before you call others bad people, are they really good people?

"Then you can't guarantee that you..."

"We won't guarantee you anything, but we are determined to get this. Even without your help, we can get it!"

Lin Caisang interrupted the patriarch and said.

To be honest, she already had half of the corpse-suppressing talisman in her hand, and it didn't matter to her even if she didn't get the other half.

Anyway, the left and right parts can't be combined into a complete corpse-suppressing talisman, right?

But she also felt in her heart that if there was still such a capable person, it was not absolute that he could use the half of the corpse-suppressing talisman to do something evil.

Therefore, she still wants to get the other half of the corpse-suppressing talisman!

"But the premise is that no one else can get this thing!" She looked at the clan leader seriously and narrowed her beautiful eyes.

The most important thing is that the person behind Lu Tianfeng cannot get the corpse suppressing talisman, even if it is a small corner, he cannot get it!

"You...hey!"

The clan leader sighed heavily, but there was nothing he could do.

"That being the case, I will tell you how to use the token. In addition... I will also tell you what you need to pay attention to in the Forbidden Pool.

But when the time comes, I will take Ayao and the others out of the Forbidden Pool, and I can no longer follow you. "

"good."

Lin Caisang never thought of letting Ayao and the others follow them on their adventures in the Forbidden Pond.

After all, the corpse-suppressing talisman is what they are looking for, not Ayao and the others. There is no need to let them follow.

...

"What do you mean, the exit from Qianji Pond is in the Forbidden Pond?"

Even if they were as calm as Sui Zimo and Lin Caisang, they were shocked for a moment after hearing the patriarch's words.

They thought they had to go back to the entrance and leave from the entrance, but they didn't expect that there was an exit in the forbidden pool under the water.

"Yes, there is an exit in the Forbidden Pond, and it is also the only exit." The clan leader nodded to the two of them.

"I only learned about this secret before the previous clan leader passed away. There is no way to leave Qian Ji Pond, but no matter how powerful the mechanism is, it is impossible to completely seal off a certain place.

Therefore, there is still an exit, and that exit is in the Forbidden Pond, but I don't know where it is specifically, but I have a map here, you can take it and find it yourself. "

With that said, it took out a map and handed it to Sui Zimo.

Sui Zimo took the map into his hand, looked at it carefully, and then raised his eyes to look at his wife.

"It's the map in the Forbidden Pool. It's real."

Lin Caisang nodded when he heard what he said. It would be great if it was true. He was just afraid that the clan leader would give them a false shot here.

"How could this be fake? This map was left by that old man." Seeing that they actually wanted to verify the authenticity of the map after they obtained it, the patriarch was speechless.

It's not the old guy on the water who never does good things. It's a serious patriarch, okay?

"There are still some things you need to pay attention to in the Forbidden Pool. I have told you all. As for other dangers, the previous clan leader did not tell me, so naturally I will not know about them. You can only explore them on your own."

Chapter 3068 Everyone was forced to leave

It has said everything it can say. As for the things it doesn't know, it doesn't know how to say it.

Anyway, these people are so smart and will always find that thing, but they just don't know what the use of that thing they want is?

If it is really used to do bad things, how can it meet the previous patriarch?

However, even if they knew that the thing would appear in the world, with their current abilities, they could not stop the humans in front of them. Should the entire family of spirit beasts and fish be sent to the Forbidden Pool to stop them?

"Hey, just take care of yourself, Ah Yao, Ah Feng, Ah Jin, let's go."

It sighed softly at the end, turned around and called Ayao and the others, gesturing for them to leave the forbidden pool with it.

"good."

Ayao and the others responded at the same time.

When he was about to leave, Ayao turned his head and looked at Sui Zimo and Lin Caisang.

"Mr. Sui, Captain Lin, please be careful."

"Ah Yao, what are you talking about with them? Hurry up and leave." Ah Feng curled his lower lip when he saw that Ah Yao was reluctant to leave these humans.

It has not forgotten that the palm that Sui Zimo slapped it before. If it hadn't been strong enough, it would have been half dead, right?

With these human beings, why should we remind them to be careful? It would be best to let them stay in the Forbidden Pool forever.

"I will never come to this forbidden pool again."

I have encountered so many things. If they continue to stay here, they may not know what they will encounter in the future.

Hearing this, the clan leader looked at Afeng thoughtfully.

Will you never come to the Forbidden Pool again? That's really a pity. Afeng is destined to miss the position of clan leader.

Like it, after becoming the leader of the clan, even if it doesn't like this forbidden pool, when the spirit beasts and fish break in by mistake, they will definitely come in and look for it as soon as possible.

Even if you have never recovered them before, you still have to do your part.

But here in Afon...

He was obviously such a kind child before, but now he can't find even half of his former self in Afeng. This forbidden pool is really capable of training one's heart.

Just by walking around for a while, he was able to realize problems that he had not recognized before, and to see whether A Feng was suitable for the position of clan leader.

"Let's go, we have to leave the Forbidden Pool as soon as possible. Ayao, you have delayed Mr. Sui and the others to find something." It said.

"oh."

Ayao turned around and finally left with the clan leader and the others.

The next step is how to use the tokens to drive away these Huaguoyang. Of course, this is still on the premise that the Earth's Core Fire cannot be triggered.

Lin Caisang did not do this, but was taken over by Sui Zimo.

Sui Zimo would naturally not let his wife do such a dangerous thing. Before Lin Caisang could react, the token was already in his hands.

...

Half an hour later, there was not even a single Huaguo Yang around, and they were all forced to leave.

Of course, core fire rarely erupts, but that doesn't mean it doesn't happen.

"It turns out that this token can be used in this way." Captain Liu looked at the token in Sui Zimo's hand and marveled.

If they had known earlier, they would have gone to the clan leader before. If they had brought the clan leader over, they wouldn't have to worry, and they wouldn't have encountered so many troublesome things.

Chapter 3069 There will be no exception, right?

"Hua Guoyang has run away, so shall we continue on our way?" one of the three people on the wall asked.

"Going on your way so soon?"

The other person frowned when he heard the word "hurry".

"Why don't we rest for a while first? Although we don't need to eat in this place, after all, we are human beings and we can't do it without eating."

"Rest for a while first."

Sui Zimo looked down at Lin Caisang and asked.

"That's fine."

Lin Caisang naturally had no objection and responded.

The whole team sat down together, ready to eat something before moving forward.

...

After one day and one night.

"Phew, it's finally here!"

Looking at the gate, Captain Liu felt that he had finally become a human again.

In order to keep up with the speed, they used to swim before. Now that they don't have to breathe in the water, they can naturally swim faster.

"Sang Sang, should I go over and take a look first?" Lin Changhong turned to look at his sister and brother-in-law and suggested.

Yue Chushui has been recovering from his injuries in the Jinzhu Space for the past few days. He doesn't know what happened, but the injury has not improved. Looking at the few people in the space, they are all confused.

Only Lin Caisang and Sui Zimo knew that the time in Qianjitan was actually different from the time outside.

Yue Chushui was seriously injured, and the recovery time could not be calculated based on the time spent in Qianjitan. Even though the injuries suffered by Ayao were both caused by Hua Guoyang, they were different.

"I'll go with you."

Sui Zimo glanced at Lin Caisang, told her to be careful, and then walked to the door with Lin Changhong.

At this time, Lu Tianfeng naturally would not fall behind and quickly followed him.

Although he was not as impulsive as before and went straight in when he saw the door open, he still had to follow Sui Zimo and Lin Caisang.

He would follow whichever one was closest to the gate.

This time, he absolutely couldn't make any mistakes, he had to be more prudent.

"laugh!"

Several people couldn't help but laugh when they saw Lu Tianfeng following Sui Zimo so closely.

"It's his turn to show off at this time." Captain Liu said angrily.

Seeing that the meat is right in front of his eyes, it's no wonder that Lu Tianfeng took out his claws. If he doesn't show his claws now, when will he wait?

"Captain Lin, do you have the token in your hand? If they don't have the token, can they open the door?" Yuan Jue looked at the direction of the door, frowning and asked Lin Caisang beside him.

He remembers that the token is on Lin Caisang's body, right?

And when we were in the Forbidden Forest before, didn't we rely on tokens to open those doors?

There will be no exception now, right?

"Not urgent."

Lin Caisang glanced sideways at Yuan Jue and said two words lightly.

"Don't you go and take a look?"

Yuan Jue saw that she was not anxious at all, but looked like she was watching a show, so he couldn't help but say something more.

This was different from what he imagined. Shouldn't Lin Caisang give the token to Sui Zimo and ask him to open the door? They did this before too.

"Usually they won't let me go to dangerous places first. Are Captain Yuan waiting in a hurry?" Lin Caisang asked.

Yuan Yue: "..."

That's right. I don't know what's behind the gate. What if it's something dangerous?

Chapter 3070 Is this...open?

It would definitely not work to let Lin Caisang go over now. Not to mention Sui Zimo and Lin Changhong, even they would not agree.

It seems that he really talks too much.

"Sorry, I don't know what this corpse-suppressing talisman looks like. I'm really curious."

He spoke up to explain himself.

That was the Corpse Suppression Talisman, something I had never even heard of before. Now that I was about to see it, did he really want to see it?

Don't know what it looks like? It would be great if I could be lucky enough to meet him.

"Um."

At this time, Lin Caisang had no intention of paying attention to Yuan Yue. He just responded lightly and kept his eyes on his husband and eldest brother.

Who knows what kind of mechanism is inside this door?

The leader of the Spirit Beast Fish Clan didn't say anything, and they didn't know either, so they could only walk in and take precautions.

"Zimo, brother, be careful. This door shouldn't be easy to open... ugh!"

I was still reminding him, but when I saw countless bubbles popping up between the two doors, I almost choked.

"Is this...open?"

"Yes, it's open."

Sui Zimo had already come to her side and took her into his arms to protect her.

Lin Changhong and the others also watched the slowly opening door warily, in case any more powerful monster came out.

only.....

After a long time, the door finally opened completely, and except for the bubbles, there was nothing else.

Let alone a monster, there is not even a single small fish or aquatic plant.

"What's going on? Isn't there any mechanism here in the passage?" Lin Caisang raised his eyes, glanced at his husband, and asked.

"maybe."

Sui Zimo responded, and then hugged the person in his arms tighter.

"Let's go in together, I'll protect you, and you should be careful yourself," he said.

"good."

Lin Caisang responded, and the two of them walked inside together.

The others also followed them and walked inside, and Lu Tianfeng almost stuck to the two of them.

Sui Zimo and the others took a step, and he followed closely. Lin Changhong behind him almost hit him with a palm. Who was this? A mutated conjoined twin?

"Drive away, drive away, blocking my way!"

After struggling to hold it back, but still unable to hold it back, he stretched out his hand to separate Lu Tianfeng's body.

It's okay to stick to his brother-in-law's side. After all, we are all men and there's nothing to say. But what does this man want to do by sticking to his sister's side?

Are you sick or something? What about taking advantage?

"you--"

Lu Tianfeng had no defense and was pushed away by Lin Changhong.

When he wanted to stand back again, there were already people standing behind Sui Zimo and Lin Caisang. Where was his place?

Glancing at Lin Changhong hatefully, he almost felt like beating him to death with a slap.

He goes his own way, what does it have to do with this person, why do he have to mess with him? Is he really that easy to mess with?

"Lin Changhong!"

"what?"

Lin Changhong turned his head and smiled coldly at him.

"You think you don't have enough women in your family, and you still want to take advantage of my girls? You don't even know what you are, are you worthy?"

"you--"

Lu Tianfeng almost spit out a mouthful of old blood.
