

Star of Space 3071

Chapter 3071 What's the secret?

Who said he fell in love with that vicious woman Lin Caisang? How could he have so many women like this around him?

Moreover, they are all prettier than Lin Caisang, and they are less likely to be pregnant with another man's child!

"You wait.

"I'll just wait, what do you want?" Lin Changhong said again.

Hearing this, Lu Tianfeng grinded his teeth, but he still didn't want to do anything to Lin Changhong.

He knew that Lin Changhong was looking at his destination and deliberately came to provoke him. If he really said something and did something, he would have fallen into their trap.

Thinking about it, he stopped paying attention to Lin Changhong and continued to follow Sui Zimo and Lin Caisang.

Even if you are farther away from them, it doesn't matter.

If you follow them, your view will be blocked by them, but if you stay further away, you can see more clearly.

"Brother, why are you arguing with such a person?

Lin Caisang walked forward and spoke to his eldest brother behind him.

"I just can't stand this guy. What the hell? Even if everyone knows that he has bad intentions, he should restrain himself a little. Is it necessary to be so obvious?"

Lin Changhong glared at Lu Tianfeng again and said.

Do you really think that by being so tolerant to him, they can't defeat him? He didn't even look at how much he weighed. Is it worth them not to attack him again and again?

Everything is just to lure out the person behind him!

"By the way, keep an eye on him for you." He muttered again.

It's not just about keeping an eye on him, it's just about finding something for Lu Tianfeng to do. For example, hating him a little bit would be pretty good.

"uh-huh."

Lin Caisang snorted lightly, and then looked at his surroundings again.

They came in, but there was nothing in this place, not to mention the decorations, not even a door that could allow them to enter again.

But she also knew that this was their final destination.

Just like what the clan leader said to her and Zimo before, it doesn't know what mechanism is inside, but there is only this place here, and there is no more.

"Zimo, can you see what's going on here?" she asked the man next to her.

"Look again."

For a moment, Sui Zimo couldn't tell what the secret was.

This place can only be summed up in two words, concise! Perhaps speaking of simplicity is a bit incorrect. Apart from the circular wall, there really is nothing!

"Is there any doorway on those walls?" Lin Changhong reminded.

He is someone who plays with machine formations, so he knows a little bit about it. The wall is also the easiest place to make a fuss.

However, he really couldn't figure out what the circular wall was like. There wasn't even a hole for placing concealed weapons or installing switches.

"Maybe, Zimo, let's go and take a look."

Lin Caisang also felt that the problem should be on the wall, otherwise, she really wouldn't be able to see anything else out of the ordinary.

"How about we come and take a look separately?" Yuan Jue suggested.

"This place may not be big, but it's not small either. If we all act together, it might take a lot of time?"

If you don't want to spend too much time, you can only separate them and everyone can find the agency by themselves. That might be better. He personally agrees with this method.

Chapter 3072 I'll sing irony with you

"No! No!"

Before Sui Zi and Mo could say anything, Captain Liu immediately refuted his words.

Just before he spoke, he saw that Yuan Jue had already glanced at him with disapproval. He immediately felt a little embarrassed and coughed lightly.

"why not?"

Yuan Jue frowned, disapproving of Captain Liu. This guy had never spoken against him before. Didn't he always say what he said or something?

Of course, except for the words of Lin Caisang and the others, in short, Captain Liu is the person who listens to him the most besides listening to the words of Lin Caisang and Sui Zimo.

How is it today?

"This place doesn't look dangerous, and it's quite big. It might as well be..."

"It looks like there's no danger, but that doesn't mean there's really no danger!"

Captain Liu resisted rolling his eyes at Yuan Jue. When he was in the Forbidden Forest, there seemed to be no danger, but weren't there those invisible vine monsters?

The lessons from the past are still fresh in my mind, how can I be so careless, right?

"Captain Yuan, I'm not being sarcastic to you. In fact, no one knows what hidden weapons are in this place. What if someone triggers some mechanism?"

It's better for everyone to act together. It's safest to be careful. Everyone is already here anyway, and we have plenty of time. Spending more time is better than putting everyone in danger.

Mr. Sui, Captain Lin, do you think so? "

Afraid that he could not convince Yuan Jue alone, he also roped in Sui Zimo and Lin Caisang.

In fact, the look Yuan Jue gave him just now made him feel a little...how should I put it, shuddering.

He didn't even understand why Yuan Jue gave him such a feeling. Obviously along the way, he and Yuan Jue often got together to fight monsters.

Of course, there was also the female team member from before, but it was a pity that she died after she started talking too much and became more and more curious.

"Well, Captain Liu is right."

Lin Caisang glanced at Yuan Jue and spoke meaningfully.

Who can guarantee that there is no danger in this place? Do we have to wait until something happens before blaming someone for random ideas?

If that time comes, it will be too late to blame, right?

"Captain Yuan, since we are already here, we can always see the corpse suppressing talisman, so we are not in a hurry now, right?"

"this....."

After hearing her words, Yuan Jue's ten thousand words were stuck in his throat.

Thinking of the things he had encountered before and what he had just proposed to do, he was really too anxious.

"Sorry, I was too anxious and didn't consider everyone's safety." He raised his hand and touched his nose, saying with a hint of apology in his voice.

"It's nothing. Seeing that we are about to find the corpse suppressing talisman, it is understandable to be anxious." Lin Caisang chuckled and replied to him.

However, although Yuan Jue didn't understand the meaning of this sentence, Captain Liu, who had been glared at by Yuan Jue at the side, felt a little weird no matter how he thought about it.

Seeing that we are about to find the corpse-suppressing talisman, so what?

After all, these people are just foils, including Yuan Jue, even if they get the corpse-suppressing talisman, so what?

Chapter 3073 The desire to get it

What's more, for someone like him, he never thought about getting the corpse-suppressing talisman.

Some things, no matter how powerful they are, must be guarded if they are in your hands. If you cannot guard them, it will endanger your own life. Why bother?

"Captain Yuan, don't be anxious. Just like me, why don't you follow Mr. Sui and Captain Lin to talk to them? This thing won't be ours anyway.

Let's just follow our palms, palms and eyes. I don't even dare to think about the rest. "

Yuan Jue: "!!!"

Originally, he had not thought about what Lin Caisang meant by what he said.

Now after listening to Captain Liu's words, he could taste it. It seemed that Lin Caisang was doubting him?

He followed Sui Zimo and Lin Caisang all the way here. The team members around him were either dead or gone. As for those who left, they were probably dead.

Having fallen into this situation, these two couples are still doubting him?

"It's my fault that Mr. Sui and Captain Lin misunderstood. I'm just worried for you. By the way, time does fly by very fast. I wonder what's going on outside?"

He drew everyone's attention to time.

When they entered Qian Ji Pond, they didn't know if the time was the same as outside, or was it already more than a month ago?

If this is the case, will Commander Lin wait for them?

Although he has nothing to worry about, after all, Commander Lin and Lin Caisang have a father-daughter relationship. How could they leave without seeing their daughter? But others who might...

He was still a little worried.

"I just think that we should go as fast as possible. I didn't notice that this place is also dangerous."

What he said was very sincere, and even the trio felt that what he said made sense and nodded.

"That's right. I don't know if Qian Ji Pond is the same as outside."

"It's been a long time since we came to Qianji Pond, right? I don't know how long it has been outside."

"The key thing is that there is no distinction between day and night in this Qianji Pond. Not only do you not need to eat, but you don't even need to sleep. I don't even know how many days have passed."

The trio of wallflowers spoke one after another.

On the side, Captain Liu was speechless when he heard their words.

No matter how anxious you are, is there really any need to be anxious just for a moment? You must know that this is Qianji Pond, and it is also the most dangerous place in Qianji Pond, Forbidden Pond!

If there was any mistake, they wouldn't even have to leave and just bury the body here.

However, even though he thought so in his heart, he still didn't say anything out loud. However, the look in his eyes when he looked at Yuan Jue changed a bit. He always felt that Yuan Jue was different somewhere.

Do you want to keep an eye on him? I always feel like there is something wrong with this person's psychology?

He murmured in his heart while secretly looking at Yuan Jue. Could it be that the temptation of the Corpse Suppression Talisman was so great that Yuan Jue also wanted to get it?

No way, only someone like Yuan Jue can control the corpse-suppressing talisman, so he won't end up becoming a puppet used by the corpse-suppressing talisman, right?

"Captain Lin, Mr. Sui, what do you think we should do?"

"Same as before, let's find a place to rest. Zimo and I will find the agency." Before Lin Caisang could speak, Lin Changhong said to everyone.

Chapter 3074 Something weird

There's nothing to hesitate about. They can't really take one step. Everyone should follow suit. This is not a shopping trip. The more people there are, the more lively it will be.

"Sang'er, you should also take a rest and leave the other things to me." Sui Zimo looked at Lin Caisang and spoke.

"Yes, yes, Sangsang, you sit down and rest. Zimo and I will lay out a blanket for you first. You sit down and have a good rest. Leave the rest to me and Zimo."

Lin Changhong also immediately said to his sister.

"good."

Lin Caisang responded.

A blanket was taken out from the golden bead space, and Sui Zimo immediately took it and began to spread the blanket on the spot.

Then Lin Caisang took out another cushion and sat down.

After she sat down, Sui Zimo left with Lin Changhong to find the agency. At this time, Lu Tianfeng was naturally indispensable.

Lin Caisang was sitting there, so naturally there would be nothing for him to keep an eye on.

Since Sui Zimo and Lin Changhong were looking for the agency, he would naturally keep an eye on them. Therefore, he made a quick decision and followed Sui Zimo and the others.

"This guy is really tolerant this time!"

After the three of them left, Captain Liu came to Lin Caisang and said with emotion.

"I didn't expect it either."

Lin Caisang turned around, glanced at Captain Liu, and smiled.

The Lu Tianfeng these days looked really different from the Lu Tianfeng before. She had a vague illusion that there was such a person beside him, reminding him that he should be like this. Do it, or do it that way?

But there are only a few of them here, who would remind Lu Tianfeng?

"Captain Lin, do you feel that the atmosphere in our team is a little weird right now?" The trio also came over and asked Lin Caisang.

Although they felt something strange, they really couldn't tell what was strange about it.

"Is it weird?"

Yuan Jue also came over, and everyone formed a circle around where Lin Caisang was sitting.

"Why don't I feel it? Maybe it's because everyone knows that they can see the corpse suppressing talisman soon, so they feel a little excited."

he said.

Hearing this, Lin Caisang just raised his eyebrows and did not say anything.

What's there to be excited about? This corpse-suppressing talisman is not a good thing, so it can still be exciting?

Look at Captain Liu, he has seen some treasures and his face has turned into a flower of happiness, but he is about to see the corpse suppressing talisman. Does he show any excitement?

No, Captain Liu's face was very calm.

Look at the trio of wallflowers again. How excited are they? Nope either.

Yuan Jue is probably the more excited, and this may have something to do with his expectations for the corpse-suppressing talisman. After all, who doesn't want to see what the corpse-suppressing talisman looks like?

"Everyone, would you like to sit down and take a rest? The water in this place is not hot anymore, so we can use less spiritual power." She sighed softly and said.

"Right."

Everyone nodded after hearing her words.

Who would have thought that the water outside was so hot due to the fire in the core of the earth, but when they got inside, the water temperature was actually cold, not hot or ice at all.

"I'll take a break."

Yuan Jue took the lead in finding a seat and sat down.

"Then let's take a break too."

The trio also found a seat and sat down, and they happened to be next to Yuan Jue, causing Yuan Jue to frown involuntarily.

Chapter 3075: Are you looking in the wrong place?

"Captain Lin, I have something else to ask you. Captain Liu looked at the trio of Yuan Jue and Qiantoucao, then looked at Lin Caisang and asked.

"What's the matter?"

Lin Caisang looked up at him and asked.

"When we came in, the door was open. The hot water outside should have merged with the inside. What's more, the door has not been closed since we came in."

Captain Liu looked at the door that was not closed again, then turned back to look at Lin Caisang.

"But it's been almost a quarter of an hour, but it's still so cool inside. What do you think is the reason for this?" he asked.

Hearing his words, Lin Caisang raised his eyebrows in surprise.

It's not that she discovered this after Captain Liu's reminder, but that Captain Liu is actually getting smarter and smarter, and he can even discover this little thing.

At least, the trio of Yuan Jue and Qiantoucao did not discover this matter.

The fusion speed in the water is very fast, not to mention that in this space, they are always moving, so they can drive the water flow even more.

Therefore, how could it be so hot outside but the water inside be so cool? This is completely impossible, unless there is some mechanism here.

"Um."

Lin Caisang nodded slightly to show that he understood.

Captain Liu: "..."

He responded so calmly. Did he already know about this matter, or...

He thought, with Captain Lin's intelligence, he should have discovered it a long time ago, right?

"Captain Lin, what do you think..."

"Let them search for it first. If they don't find the trap, let's talk about it later. Before Captain Liu could finish his words, Lin Caisang interrupted him and said.

Hearing this, Captain Liu nodded and said nothing more.

...

Time passed for a while.

Finally, Sui Zimo and Lin Changhong searched around, but found nothing, so they had to come back.

Lu Tianfeng followed them, his eyes full of disappointment.

He thought that he would definitely be able to find some mechanism, and then the corpse-suppressing talisman would come out, and when the time came, he would be the first to grab it.

Who knows, that's not the case at all. After searching all over, there is still no mechanism.

"Didn't find it?"

When Yuan Jue saw them coming back, he immediately stood up and came to his side and asked.

"No."

Sui Zimo ignored him, but looked at Lin Caisang and shook his head.

There was nothing strange about the surrounding walls, and he couldn't find any mechanism. This was also what was strange about him.

"Sang Sang, could we have found the wrong place and it's not actually here?" Lin Changhong couldn't help but wonder.

There really weren't any secret passages in this place. No matter how he looked for it, he couldn't even find one!

"No, it's right here." Lin Caisang said with great confirmation.

There is no other place except this place. Where else could it be if it were not here?

Of course, this place also has its quirks. As Captain Liu discovered, the water temperature inside is completely different from that outside.

This is a strange place, maybe they can start from this strange place.

"Mr. Sui, Captain Lin, why don't we split up and go look for it? Maybe one of us here will be lucky enough to directly open the mechanism inside?"

Chapter 3076 Aren't you looking for death?

Yuan Jue became anxious when he saw that they had searched around but still couldn't find any mechanism.

Looking at Sui Zimo, he suggested again.

"Captain Yuan, do you still want to look for him?" Lin Caisang raised his eyebrows and looked at Yuan Jue.

"Since Captain Yuan wants to look for it, let's go look for it together. Maybe someone will be lucky enough to find the corpse suppressing talisman."

"Well!"

Yuan Jue choked at her words.

He just wants to find the corpse-suppressing talisman as soon as possible, so that he can leave Qianji Pond as soon as possible, right?

Besides, if they stay in Thousand Machine Pond for one more day, they will consume a little more spiritual power. How can they continue like this? Their spiritual power is not obtained out of thin air.

"I'm also thinking about everyone. After all, staying here for one more day will consume a lot of spiritual power." He explained with a guilty conscience.

"Right."

After listening to his words, Lin Changhong nodded in agreement.

But in my heart, I felt that Captain Yuan had become impatient in the past two days. He was obviously not like this before.

This feeling was just like the previous female player. If they hadn't been together all the time and the female player was dead, otherwise, he would have thought that Yuan Jue was the fake female player.

"Sang Sang, why don't we all go look for it together? This is Captain Yuan's suggestion anyway, and it doesn't have much to do with us, does it?"

Turning his head, he looked at his sister and said with a smile.

Everyone: "..."

They are not as big-hearted as Yuan Jue.

In this place, everything is quiet, there is not even a fire in the core of the earth, and the water is ice cold. How stupid are they to act separately here.

Isn't this seeking death?

Besides, Yuan Jue wanted to die himself, so why did he have to drag them along?

They don't want to die, so why not live?

"Then let's..."

"Well, Captain Lin, Mr. Sui, have you seen any clues?" Yuan Juegang wanted to say, let's go look for it together, but one of the three people on the wall took away his words.

They don't want to take risks.

Moreover, take risks, take risks, but they don't understand mechanisms and so on. If they really discover something and one person fails to fix it and everyone is implicated, then who will be blamed?

What's more, this place has been sneaked around by Sui Zimo and the three of them. They didn't find anything, and then they relied on others?

It's quite a beautiful thought!

"That's right, Mr. Sui, you have all taken a look around, have you found anything?" Another person asked.

"If you haven't found anything, then we won't be able to find anything if we look for it, right?" The last person said quickly.

In short, they didn't want to take risks, or in other words, cause trouble to Sui Zimo and Lin Caisang.

"For now, we really haven't found anything." Sui Zimo shook his head again.

He didn't want to hide anything, and he also wanted to discover something, but this place was indeed too clean, so clean that he didn't even want to discover anything.

"Let's all search together. Maybe we can actually find something. After all, there is strength in numbers." Lin Caisang's voice came again, and then she looked up at Lin Changhong.

"Brother, go look for it again. There may be some place that you haven't looked for before."

Chapter 3077 Where are you going?

"this....."

Lin Changhong received the hint from his sister and pretended to hesitate.

"Okay then, I'll go take a look again."

As he said that, he glanced at the others, turned around and walked away alone.

Lu Tianfeng watched him leave, glanced at Sui Zimo and Lin Caisang, gritted his teeth secretly, and followed him.

The last thing he wants is for everyone to act separately. In this way, who will he keep an eye on in the future? If someone encounters the mechanism and the corpse-suppressing talisman is revealed, he may not have time to grab it!

But now, everyone has separated, and besides, these are of no use. He can only follow the person who is most likely to find the corpse-suppressing talisman.

And this person is Lin Changhong!

The trio of wallflowers also moved separately and left. Finally, Yuan Jue also left with them.

Here, only Lin Caisang and Sui Zimo were left.

"Zimo, you noticed it too, didn't you?" She looked up at him and asked.

"You noticed it too."

Sui Mo's thin lips curled up slightly and he looked at his wife.

"The water here is indeed different from the outside. There is no heat at all. I suspect that this small space is similar to your Golden Bead Space."

Hearing this, Lin Caisang raised his eyebrows.

Although she noticed something strange about the water, she never thought about it.

"But I thought too simply. You are right. This should be a small world. I just don't know where to really open up this world."

"Let's think of another way." Sui Zimo said in a deep voice.

After a while, the others were still looking for traps, and no one wanted to come back.

"Zimo, tell me, what would happen if we combined the water inside with the water outside?" Lin Caisang suggested, maybe this is also a way?

"To sum it up?"

Sui Zimo's eyes lit up, this was a method he could try.

"You stand here and I'll try it."

"etc."

Seeing that Sui Zimo was about to leave, Lin Caisang quickly stopped him.

"I think it's easiest to use space to space. I used Jinzhu Space to drill a hole outside the gate, and then the water from outside can be poured in."

If this small world is really a space, then using the Golden Pearl Space to deal with it is the easiest way.

"So, I'll go with you."

"good!"

Sui Zimo responded, and the two of them walked towards the door.

"Where are you going?"

Lu Tianfeng had been paying attention to the two people. He was the first to notice them heading towards the door, so he immediately chased after them and asked.

The two of them turned their heads at the same time when they heard his voice.

"It's too boring here. We want to go outside for a walk, can't we?" Lin Caisang asked him with a raised eyebrow.

Lu Tianfeng: "..."

I believed you ghosts!

It is absolutely impossible for people like you to do something for such a simple reason. There must be some ulterior motive!

"Mr. Sui, Captain Lin, are you going outside?" Yuan Jue also came over and asked them.

Others heard the commotion here and came over, but they didn't speak and just looked at them lightly.

They know very well that people like them are here just to serve as foils. If there are some questions that you shouldn't ask, don't ask. Even if you ask, you won't know the answer.

Chapter 3078 It's indeed a bit strange

"Yes, since we can't find the answer inside, let's go outside and take a look. Maybe there will be some other mechanism outside." Lin Caisang said honestly.

Lu Tianfeng: "..."

Why hadn't he thought of this possibility before?

Since nothing can be found inside, it might be outside!

"But I got distracted."

With that said, he lifted his feet and walked outside.

Yuan Jue watched him leave, then looked at Sui Zimo and Lin Caisang.

"Mr. Sui, Captain Lin, and Lu Tianfeng have already gone out. Won't you catch up?" he asked.

"Go, but with such a big belly, I have to walk slowly, right?" Lin Caisang replied with a faint smile.

Captain Liu: "..."

You have such a big belly. I haven't fought with those monsters before, and I haven't seen how inflexible you are, right?

But he naturally chose not to say this, because he had nothing to say.

"Then... let's go out and look for it first, and help you keep an eye on Lu Tianfeng?"

Yuan Jue said, looking at Captain Liu, and pulled Captain Liu to his side, half pulling and half dragging Captain Liu away.

Captain Liu: "!"

He looked at his arm that was being pulled in a daze, wanting to say that he actually didn't want to go out at all, okay?

What are you doing? It was so hot outside that it could burn his skin, and it took so much spiritual power. Why should he suffer this, waiting inside to see what the corpse-suppressing talisman looks like? No Okay?

But Yuan Jue didn't give him this chance!

"Have you noticed that Captain Yuan has been acting a little weird lately?" The trio muttered as they walked outside.

"It's not just a little weird, it's very weird, very weird!" Another person said thoughtfully.

"I really doubt that the female team member who has been following Captain Yuan was secretly following Captain Yuan without closing her eyes. But her death had nothing to do with Captain Yuan. It was because she was accidentally killed by the giant Huaguoyang Towed away."

The last one also said, and the three of them walked out while talking, and slowly disappeared from the eyes of Sui Zimo and Sui Zimo.

"Yuan Yue, there is indeed something strange." Lin Caisang looked at Sui Zimo.

She has naturally been paying attention these past two days. Yuan Yue is really weird. In the past, he would not have such a big reaction to the corpse-suppressing talisman, but now...

"He is just as restless as the previous woman." Sui Zimo said.

"He started acting like this after that woman died. Didn't you notice? The way Yuan Yue feels at this moment is the way that woman looked before she was devoured by Hua Guoyang."

Hearing this, Lin Caisang was stunned.

Yes, no wonder she feels very familiar. Yuan Yue looks exactly the same as the previous female team members.

Moreover, they all have a common characteristic, that is, they had no warning before and everything was business as usual, but suddenly at a certain point, they became very interested in the corpse-suppressing talisman.

"You mean...they were eroded by something?" she asked in disbelief.

This is not impossible. After all, there are people outside the world, there is heaven outside the world, and there is a higher level continent besides Qianhuan Continent. Nothing is impossible.

"How about I go to the Golden Pearl Space and ask the Jade Mirror first? It might be able to know about this situation." She suggested.

Chapter 3079 There is a strange soul

"good!"

Sui Zimo naturally agreed.

...

After a while, Lin Caisang walked out of the Jinzhu Space with a sullen face.

"how?"

Sui Zimo asked her.

"There is indeed such a vicious technique called Soul Tempering!" Lin Caisang's face was almost dripping with ink.

"What do you mean?" Sui Zimo asked her again.

The word "soul tempering" sounds like a good technique, used to temper the soul?

But since his son can say the word vicious, it shows that this technique is not a fun thing.

"After practicing the soul-quenching technique, you can force your own soul out of your body, and then place it on the person you want. In this way, you can control someone's body."

Lin Caisang explained.

"To put it bluntly, this is the method used to control puppets. However, general control techniques are only used to deal with weak humans or dead people, such as the former queen. No matter how the other party controls them, they still have their own thoughts. .

But soul quenching is different. It is an extremely vicious technique. People who are controlled by this technique will suffer physical damage and cultivation, and in severe cases, they will die, just like that female team member! "

"Lu Tianfeng did it."

This sentence is absolutely certain, except for Lu Tianfeng, there is no one else.

However, Lu Tianfeng didn't seem to know what was going on with Yuan Jue and the dead female team member. Could it be that Lu Tianfeng had done something to him without him knowing?

"It's those magic weapons. There is a soul of that person hidden in those magic weapons, so after using it, that soul will randomly enter someone's body."

And that person is the easiest female player to control among them.

However, the female team member was swept away by Hua Guoyang due to her lack of strength. After that, the spirit chose Yuan Jue, who was closest to the female team member.

"I redeemed a talisman in the Jinzhu Pavilion."

Lin Caisang spread out his hand, revealing the shining golden talisman.

"This is a tracking charm. It can only be used to track strange souls. It is useless for the physical body."

"give it to me!"

Sui Zimo immediately took the talisman into his hand and placed it carefully.

If Yuan Jue really has a soul that does not belong to him, then this talisman can be used just right. And if the corpse-suppressing talisman really appears by then, there will definitely be a fight.

"This time, we must let that person's soul come and go." He said with a smile.

"good."

Lin Caisang responded softly, and then the two of them walked towards the door.

Just at this time, Lu Tianfeng, who noticed that the two of them had not come out, came over.

"Why don't you come out?" he asked.

"What does it have to do with you whether we can get out?" Lin Caisang asked, raising his eyebrows.

Where are you going with them? Do you still need to report to Lu Tianfeng now? Don't look at the relationship between them now. It's as tense as it gets, right?

The battle is almost about to break out!

"Of course it's none of my business. Everyone is waiting for you, so hurry up and leave."

At this time, Lu Tianfeng would not quarrel with them directly. He said something to them and turned around to go back.

"He's quite tolerant!" Lin Caisang said with a chuckle.

Looking at Lu Tianfeng's appearance, she felt that this guy was pitiful.

Chapter 3080 Not far, not close

Originally, I came to Haikuo Forest full of confidence and wanted to get a lot of things. However, I got nothing. I was forced to follow behind them, not daring to leave even a step.

If this continues, he probably won't be able to get even a corner of the corpse-suppressing talisman.

However, they would not care about Lu Tianfeng.

The two came to the gate, and Yuan Jue happened to see them and immediately walked towards them.

"Mr. Sui, Captain Lin, we took a general look outside and found nothing. Mr. Lin was also looking, but didn't find anything."

As he said that, he set his eyes on Lin Changhong, but turned back within a second and looked at Sui Zimo and Lin Caisang.

Lin Changhong, who was watching 'carefully' on the other side: "..."

He didn't even say that he didn't find anything. Why did this guy beat him to death with a stick?

This Yuan Jue is so weird. Not only did the trio talk about it, but Captain Liu started to talk back to Yuan Jue. It was so weird that even he felt...

"Zimo, Sangsang, you..."

"Brother, keep taking a look, you should be able to find something." Before Lin Changhong could say anything, Lin Caisang interrupted him.

"If you find the corpse-suppressing talisman then, just inform me and Zimo immediately."

Hearing this, Lin Changhong's eyes flashed. He looked at Yuan Jue first, and then looked at the two of them again, feeling a little clearer in his heart.

"Okay, let me take another look and find nothing inside. Then the problem should be outside."

"good."

Lin Caisang responded.

"Excuse me, brother. Once we find the corpse-suppressing talisman, we can leave Qianji Pond."

"Yes, I also want to find it quickly. The water is really..."

Lin Changhong pursed his lips and said to himself, he really wanted to stay in the water, and he didn't even want to stay in Qianji Pond.

But they still have to find the corpse-suppressing talisman, so they should speed up.

On the other side, Lu Tianfeng saw Lin Changhong going to a farther place to check again, and quickly followed him.

But Yuan Jue was a smart man. He always stayed by Sui Zimo and Lin Caisang's side, neither far nor near, and reminded them from time to time that they had to find the mechanism quickly.

"Captain Lin, Mr. Sui, what do you think..."

"We don't think so!"

Sui Zimo's cold voice interrupted what Yuan Jue was about to say, and even glanced at him coldly.

Yuan Jue's scalp felt numb at his glance, and he took a step back unconsciously.

"Captain Yuan, you didn't talk so much before. Why do you talk so much these days? This really surprises us."

Lin Caisang looked at Yuan Jue with a smile and asked half-jokingly.

Yuan Jue: "..."

Can he say that he also feels that he talks too much?

Sometimes, even he himself doesn't know why he talks so much. The most important thing is that there are some things he doesn't want to ask at all.

It didn't take long for him to regret it after asking.

But what can be done? Sometimes the words just come out without going through the brain!

"I'm sorry, I don't know what's going on lately. I've been talking more and more unknowingly. Maybe it's because I saw my companions being killed, but I couldn't step forward to help."

He made an excuse for himself.
