

Star of Space 3081

Chapter 3081 Is the Earth's Core Fire about to erupt?

Of course, he probably didn't even believe this excuse, but he couldn't find any reason, so it could only be like this, right?

"Captain Yuan, why don't you and everyone else go outside and have a look? Let's just take a look. Maybe we can find the mechanism and find the corpse-suppressing talisman.

Lin Caisang spoke to him and suggested.

"That's... okay, I just don't know where the corpse-suppressing talisman is?"

With that said, Yuan Jue turned around and left slowly.

"Zimo, can you see it?"

After Yuan Jue left, Lin Caisang looked at Sui Zimo.

Hearing this, Sui Zimo just raised his hand, rubbed her head a few times, and smiled.

How could he not see that Yuan Jue would only have extraordinary reactions when others mentioned the corpse-suppressing talisman. At other times, he still had his own consciousness and was not completely under control.

On the other hand, the previous female team member was completely controlled.

It can be seen that no matter how powerful the technique is, it is still somewhat powerless in the face of human willpower.

"I'll be here to protect you, so be careful." He warned.

"Um."

Lin Caisang responded softly, and then walked out of the gate with Sui Zimo.

Turning around, he looked at the two doors that had been opened. If he wanted to use space against space, it didn't mean that he had to use any special method.

For example, this small space has a door opened. It is not very simple for her to get the hot water from outside in.

Thinking about it, holding the Golden Pearl Order in her hand, she began to mobilize her Golden Pearl Space.

Everyone could only feel waves of water surging around them. Even if they tried hard to stabilize their bodies, they were still swaying.

"what's the situation?"

The trio of wallflowers were pretty good, they were just shaking their bodies.

Several people didn't know what was happening, and they stood together hand in hand in panic to resist the surge of water.

"Is it the Earth's Core Fire? The Earth's Core Fire is about to erupt?" another person asked.

It's impossible. This earth's core fire erupted. There were pink bubbles before, but now there are obviously nothing. What's going on?

"Isn't this the Earth's Core Fire? If it were the Earth's Core Fire, would we still be able to escape?"

The last person couldn't help but raise his own doubts. With such a strong surge of water, if the earth's core fire really erupted, wouldn't they all end up here?

"Lin Caisang, Sui Zimo, what are you doing?"

After a while, Lu Tianfeng, who rushed over from a distance to see what happened, immediately noticed Sui Zimo and the other two.

He didn't believe that such a surge of water could be caused by the fire in the core of the earth. The two couples must be up to something. Sure enough, he saw Lin Caisang facing the door, not knowing what he was doing.

Sui Zimo, on the other hand, was facing their direction, and he seemed to be guarding against them.

"About you?"

Sui Zimo uttered four words calmly.

"you--"

Lu Tianfeng choked on his four words and almost rushed forward with his sword.

What you still don't understand now is that these two people deliberately deceived them all in order to do something good for them.

"You have a good plan. Do you want to monopolize the corpse-suppressing talisman? You don't want to see if I agree or not!"

Chapter 3082 Just wait!

After saying this harshly, he ignored Sui Zimo standing there and stepped forward, trying to pull Lin Caisang back.

However, how could Sui Zimo give him this opportunity? Not even him, not even Lin Changhong would give Lu Tianfeng the chance to get close to his sister.

A burst of spiritual power directly hit Lu Tianfeng.

"If you want to touch my girl, do you have my permission?"

"you....."

Lu Tianfeng only felt a danger coming towards him. He was startled and immediately took a few steps back.

When he turned to look at Lin Changhong, he took a deep breath.

He had always regarded Sui Zimo and Lin Caisang as his opponents, but he had forgotten about Lin Changhong. This man was not a bad man, and his spiritual power was excellent.

He secretly thought to himself that fortunately Yue Chushui had been injured before and would not come out to fight him now.

Without any more nonsense, he hit Lin Changhong directly, and even used the magical weapons on his body immediately.

"You are seeking death! Water Explosion Talisman!"

The magic weapon in his hand was thrown directly at Lin Changhong. He imagined that Lin Changhong would be knocked down directly by him.

In that case, he can continue to deal with Sui Zimo, and he will be one step closer to Lin Caisang, and there are still some useless magic weapons on his body.

But.....

But he underestimated Lin Changhong's ability.

He has a magic weapon, but Lin Changhong also has his own formation ball.

Although those small formation balls are not as good as the magic weapon in Lu Tianfeng's hand, if others use one, he can use ten or twenty, right?

He also made a lot of formation balls in batches before, but after entering the sea forest, he hasn't used many yet.

Therefore, when he saw Lu Tianfeng using the magic weapon, he also grabbed a lot of magic weapons and threw them towards Lu Tianfeng.

'boom--'

Only a loud noise was heard, spreading from the water.

Everyone only felt a more violent shaking in the water, and they were almost unable to stand.

"Well!"

Two explosive powers with different effects are encountered in the water.

Because Lin Changhong had so many formation balls in his hand, he directly ejected Lu Tianfeng who was holding the magic weapon in his hand.

Fortunately, it was in the water, otherwise, Lu Tianfeng would have risked half of his life on Lin Changhong's body. Before he could recover, he heard Lin Changhong's disdainful voice.

"Who is looking for death? I'm not sure. You really think you're a green onion, don't you? You don't even look at how much you weigh! Haha!"

Finally, Lin Changhong sneered twice.

"you--"

Lu Tianfeng managed to calm down and stared at Lin Changhong with sharp eyes.

He really underestimated this person. No one should be underestimated if he has a treasure in his hands!

"You wait!"

At this time, he could only show off his words.

Of course, it is impossible to use up all the magic weapons on his body. Otherwise, who will he rely on when the time comes to grab the corpse-suppressing talisman? Doesn't he have to rely on himself?

"Wait? Hey."

Lin Changhong rolled his eyes at him, his tone full of contempt.

Apart from being able to show off with your mouth, there is nothing else, right? Let him know who owns the world here in a moment.

Anyway, as long as he finds the corpse suppressing talisman, the formation ball in his hand will have no other use. If Lu Tianfeng really dares to reach out and grab it, of course he will not mind and throw all the formation balls on the road. It went to Tianfeng.

Chapter 3083 Small black bubbles

He is already ready, and he doesn't know if Lu Tianfeng will give him this opportunity!

Of course, Lu Tianfeng would definitely give him this opportunity.

The two of them kept staring at each other, and on the other side, Lin Caisang felt something was wrong the more he poured water from the outside into the small space.

This place is only that big, but it can still allow her to fill it with water for so long?

"Zimo, this small space is wrong."

Thinking of this, she immediately stopped her hand and turned to look at Sui Zimo.

"What's wrong?"

Sui Zimo immediately walked up and looked at the door side by side with her.

This is also the strangest thing about him. He has never seen what is weird about this place.

The weirdest thing about this place is that no one can see the weirdness.

"This shouldn't be a small space, but..."

Before Lin Caisang could finish his words, the golden beads in his hand began to feel hot.

She lowered her head, glanced at Jin Zhuling, and then looked at the door in front of her. Her eyes were full of surprise, as if she couldn't believe it.

Sui Zimo seemed to have sensed something strange, and immediately reached out to pull Lin Caisang into his arms, and the two of them stepped back.

"Everyone, get out of here."

As he stepped back, he loudly reminded those around him.

"What's wrong?"

Lin Changhong was the first to react.

Although he didn't understand what was going on, out of instinct, he followed the two of them and retreated.

After hearing Sui Zimo's words, the three people on the wall and Captain Liu quickly evacuated further away.

They don't have much interest in the corpse-suppressing talisman. At most, they can just find it and take a look at it.

You can't risk your life just because of something you took a look at, right?

So, it's better to run away quickly.

When Yuan Jue saw them leaving, he originally wanted to stay, but Sui Zimo didn't give him a chance to stay. When he passed by, he pulled him directly and threw him further away.

"Well!"

After all, his strength was not as good as Sui Zimo, so he was immediately left behind.

As for Lu Tianfeng, even though he had a magical weapon on his body, he did not dare to risk his own life. Seeing that everyone was far away, he hurriedly evacuated in their direction.

In a word, he only needs to keep Sui Zimo and Lin Caisang behind bars, and he doesn't need to pay attention to the others.

When everyone was about the same distance away from the small space, they finally felt a slight vibration coming from the small space.

Then, dense small bubbles popped up from the foot of the walls around the small space.

This time, the bubbles that popped up were not pink, but black. They were all pitch black bubbles, rising toward the surface of the water.

"This is....."

Everyone looked at the scene and were so shocked that they couldn't even speak.

What's going on? They thought it was earth-centered fire before, but that's not the case.

If it's not the Earth's Core Fire, what is this?

"Captain Lin, Mr. Sui, this... what is this? How could it be like this?"

At this time, Yuan Jue began to play his role again. Standing next to Lin Caisang and the others, he had the most advantageous position and began to ask questions to the two of them.

After hearing his words, Captain Liu and the trio just glanced at him, already not surprised.

Chapter 3084 will no longer exist

After all, even they could discover strange things, how could Sui Zimo and Lin Caisang not discover them? Since they don't say it, there must be their reasons, right?

Lu Tianfeng, on the other hand, glanced at Yuan Jue strangely.

It was only at this time that he discovered the weirdness of Yuan Jue. Why was this person different from the previous Yuan Jue?

In the past, Yuan Jue would not have been urging Lin Caisang and the others to find an agency or something. At most, he would just help them as soon as possible.

And now...

Could it be that Yuan Jue also wanted to snatch the corpse-suppressing talisman from him?

Thinking of this possibility, his face suddenly turned bad. He looked at Yuan Jue like a hungry wolf staring at the food, wishing to devour him in one bite.

Zimo and his wife have been working against him for a long time, causing him to get nothing before.

Do you still want to grab the corpse suppressing talisman from him now?

If he wants to snatch it, it depends on whether he agrees or not!

He couldn't beat Sui Zimo and Lin Caisang, how could he even beat Yuan Jue?

Thinking of this, he had already planned in his mind how to deal with Yuan Jue. A little guy like this was not worthy of being taken seriously by him. As long as he had to deal with Sui Zimo and Yuan Jue, he was the only one. If the magic weapon is thrown away, it will no longer exist.

Yuan Jue naturally saw Lu Tianfeng's calculating eyes, and just glanced at him without saying anything.

Over there in the small space, the black bubbles were getting denser and denser. Everyone unconsciously took a few steps back, watching the scene with good eyes.

"What is going on? Are we going to uproot this place?" Captain Liu couldn't help but say.

There are so many black bubbles, it's almost like digging something out of a mud pond, right? And this thing is the place in front of them that they just entered not long ago.

After hearing his words, Sui Zimo just lowered his eyes and glanced at his wife.

"It seems that we still guessed wrong." He said solemnly.

Lin Caisang shook his head, but did not speak, and just stared at the scene in front of him.

"What do you two mean?"

Lu Tianfeng was originally waiting for Lin Caisang to say something, but he just heard Sui Zimo say that he guessed wrong, and then said nothing more.

He couldn't help it and asked.

guessed wrong? Did you guess something wrong? Isn't this the place where the corpse-suppressing talisman is suppressed?

Besides here, where else can the corpse-suppressing talisman be suppressed? Among the Qianji Pond, there are only two places, the Forbidden Forest and the Forbidden Pond, where the Corpse Suppression Talisman can be placed, right?

Could it be that there are corpse-suppressing talismans in the treasure chests on those spirit beasts or spirit beast fish?

Then wouldn't they have to kill Qianjitan until the blood was shed in order to obtain the corpse-suppressing talisman?

He doesn't care about the lives of those spirit beasts and spirit beast fish, but there are so many spirit beasts and spirit beast fish in this Qianji Pond. When will they kill them?

The time to enter Haikuo Forest is limited. They have been in for so long, and they don't know if they have arrived outside in a month.

Thinking of the outside, he couldn't help but frown.

According to the current situation, if he wanted to leave here safely, he still had to find a way. Otherwise, if Lin Caisang told Lin Baizhong about his matter, there would be no way Lin Baizhong would let him leave safely.

Thinking of this, he wanted to kill Lin Caisang and his group directly.

Chapter 3085 What a lot of nonsense!

It was better than these people causing him trouble again, which really made him very upset.

However, now is really not the time to think about this. We have to find the corpse-suppressing talisman. Where is the corpse-suppressing talisman?

He had been thinking about it for a long time, but he could not imagine where else the Corpse Suppressing Talisman could be hidden in this Thousand Machine Pond.

"Captain Lin, Mr. Sui, maybe you can think of where the corpse-suppressing talisman is hidden?" Since he couldn't think of it, he asked others, aren't we all looking for the corpse-suppressing talisman together?

Hearing this, Lin Caisang glanced sideways at him, with that faint look, as if he was looking at an idiot.

I have seen stupid people, but I have never seen such stupid people. How could the person behind Lu Tianfeng let Lu Tianfeng come to find the corpse suppressing talisman? Wouldn't it be better to send other smarter subordinates down?

However, if you think about it, whoever is like Lu Tianfeng, who has been in Haikuo Forest for so long and hasn't gotten anything he wants, will be so restless, right?

Lu Tianfeng is considered well. Maybe someone else would have come forward to fight them desperately, right?

"Zimo, wait a moment..."

"I'll block them, and you go get your stuff."

Before Lin Caisang could finish speaking, Sui Zimo lowered his voice and whispered in her ear.

Rather than blocking the road with Tianfeng and Yuan Jue, who had an unusual soul, he thought it would be safer for his wife to get the corpse-suppressing talisman. This was something that did not need to be discussed.

"good."

Without thinking, Lin Caisang nodded in agreement.

"Be careful, both of them should be difficult to deal with."

"As long as Changhong and the others are here, nothing will happen." Sui Zimo smiled at her and said.

"what are you guys saying?"

Lu Tianfeng could only watch the two people's lips moving, but couldn't hear what they were saying.

His whole body was tense, and his intuition was not very good, so he asked aloud.

"Does it have anything to do with you?"

Lin Caisang glanced at him, and then continued to focus on the dense black bubbles.

He is clearly facing an enemy. Where did Lu Tianfeng get his face? He thinks they will answer all his questions. Where is his face? Can't he pick it up after it falls on the ground?

"So much nonsense!" Sui Zimo also said.

"you....."

Lu Tianfeng was almost angered to death by them.

These two people really have the ability to piss him off to death, each one is more powerful than the other!

Fortunately, he could bear it and didn't want to argue with these two people for the time being. Regardless of whether they said it or not, he had made up his mind to follow them closely.

...

After a while.

Everyone felt as if a long time had passed, and finally, the strong shock no longer existed, and the dense black bubbles also disappeared.

However, that small space disappeared right in front of their eyes, leaving only a big pit.

"What's this?"

They looked up and saw a huge black object spinning in the water.

But no matter how it rotates, the water around it doesn't move at all, as if it has never moved at all.

And as it rotated countless times, the originally huge black object slowly became smaller until it became the size of their fist.

"This...couldn't it be the corpse-suppressing talisman?"

I don't know who said this, but the eyes of Lu Tianfeng and Yuan Jue lit up at the same time, and they rushed towards the corpse suppressing talisman.

Chapter 3086 Did you ask me if I agreed?

They were very fast and wanted to put the corpse-suppressing talisman into their bags as quickly as possible.

But there was one person who was faster than them. Sui Zimo took action directly and blocked them with a burst of spiritual sword energy.

"Sui Zimo!"

Lu Tianfeng was forced to retreat with Yuan Jue, glaring fiercely at Sui Zimo who blocked them.

"Do you want the Corpse Suppression Talisman? Have you asked me if I agree?" Sui Zimo slowly turned around, looked at the two of them, and then walked towards them step by step.

"Do you think you can stop me?" Lu Tianfeng said coldly.

In order to get the corpse-suppressing talisman, he was going to risk everything. Even if it was a life-and-death fight, he had to get the corpse-suppressing talisman in his own hands.

Just in time, another Yuan Jue appeared. Sure enough, human greed is endless. As long as he can make good use of Yuan Jue, he can stop Sui Zimo, and then he can go directly to Lin Caisang. .

As for other people, he didn't pay attention at all.

"Step aside!"

Yuan Jue also stared at Sui Zimo with cold eyes, as if he wanted to kill Sui Zimo directly.

"Ah."

Sui Zimo just smiled calmly.

"What's going on? Captain Yuan wants to steal the Corpse Suppression Talisman. How come I didn't notice it before?" One of the three people on the wall was dumbfounded when he saw Yuan Jue's appearance. .

Before, he just thought that Yuan Jue wanted to see the corpse-suppressing talisman as soon as possible. He really didn't expect that Yuan Jue would be interested in the corpse-suppressing talisman!

what 's wrong? Since when did this person start to take a peek at the corpse-suppressing talisman?

"He has always wanted to get the corpse-suppressing talisman, right? Then he hid it too well before, and he really didn't notice it at all!" Another person also said.

Let alone them, even the captain and Mr. Sui probably didn't realize that Yuan Jue actually wanted to get the corpse-suppressing talisman, right?

"Why is this person like this? If you want to get the Corpse Suppression Talisman, just go and grab it yourself. Lu Tianfeng is more upright than him!" The last person couldn't help but curse.

Yes, since he wants to get the corpse-suppressing talisman, why should he hide in their captain's team?

This is obviously taking advantage of them, which is really amazing.

"You haven't noticed that he only became like this after his female team member died." Captain Liu stood beside them and said.

He had already seen it, and Sui Zimo and Lin Caisang must have known what happened to Yuan Jue, right?

It can't be such a coincidence. Before, the female team member kept rushing forward, doing this and that, but now, as soon as the female team member died, the talkative person became Yuan Jue?

"What's the meaning?"

The three of them looked at Captain Liu at the same time and asked.

"How do I know?" Captain Liu rolled his eyes.

He was just guessing that Yuan Jue had some ulterior secrets, and he didn't know what happened.

"Hurry up. If these two people really get the corpse suppressing talisman, will Qianhuan Continent still have a peaceful life?"

He didn't care about anything else. Even Lu Tianfeng and Yuan Jue would never be able to obtain the Corpse Suppressing Talisman. He would stop these two people even if he tried to hurt both sides.

Although they only have one life, if these two people really get the corpse-suppressing talisman, even if they save their lives here, what will happen outside?

Chapter 3087 What happened to us?

"Yep.

The three people heard his words and responded quickly.

With that said, the four people flew forward at the same time and came to Sui Zimo's side.

"Master Sui, please leave Yuan Jue to us. Although we cannot match Yuan Jue in terms of individual strength, we can still beat him together."

Captain Liu said to Sui Zimo.

"Um."

Sui Zimo responded lightly.

Just when Captain Liu and the others thought that their enemy was Yuan Jue, they heard Sui Zimo speak again.

"Lu Tianfeng will be left to you, Changhong, you deal with them together, and Captain Yuan will be left to me." He said to Lin Changhong not far away.

Hearing his words, not only Captain Liu and the trio, but even Lin Changhong was stunned for a moment.

Does Sui Zimo mean that Yuan Jue is actually more difficult to deal with than Lu Tianfeng?

So who is this person, who can actually make Sui Zimo say such a thing? You know, although Lin Caisang is the captain, they always feel that Sui Zimo is their leader.

"Okay, be careful!"

Although he had doubts in his heart, Lin Changhong did not ask why, but responded.

"Just them?"

Lu Tianfeng snorted coldly and glanced at Lin Changhong and the others with disdain.

Although he was almost defeated by Lin Changhong before, it was because he underestimated others before, but now, he will never underestimate Lin Changhong again.

However, since Sui Zimo wanted to deal with Yuan Jue, he would be happy to kill these minions quickly and then get the Corpse Suppressing Talisman. Why not?

"What happened to us?"

One of the three people on the wall shouted to him.

The next moment, several people attacked him at the same time, without giving him a chance to react.

Of course, Lu Tianfeng would not really be unresponsive. When he saw them attacking, he flew back on his toes, avoiding the fatal blows from several people who were attacking him at the same time.

Several people took advantage of the victory and chased after him.

But here, Sui Zimo locked his eyes on Yuan Jue.

"When did you find out?" he asked.

"Soon, just now."

Sui Zimo answered calmly, as if he just discovered that an unrelated person had not eaten breakfast.

"It's really beyond my expectation. The two of you were able to discover even my secrets. It seems that you have learned quite a lot."

Yuan Jue's thin lips curled up slightly, staring at Sui Zimo with cold eyes.

Although these two people had tracked down some of his little secrets, what annoyed him was that he hadn't even found out who these two people were.

He did send people to the deserted land several times, but every group of people never returned.

They are all a bunch of trash, they can't even find out anything, and they don't even have anyone with them. Sure enough, the dogs around them are becoming more and more useless.

"Who are you?" he asked coldly.

"Shouldn't you know best who we are?" Sui Zimo threw the question to him again and asked him in return.

"you--"

Yuan Jue was stunned by his words.

What should he know and what can he know? The identities of Sui Zimo and Lin Caisang?

Even if Lin Baizhong is the commander of Sky City, he is nothing in his eyes. Naturally, he will not care about the commander's daughter, let alone know anything about it.

Therefore, the only identity is Sui Zimo.

Chapter 3088 It's you? !

But what identity could Sui Zimo have? A person who came from the wasteland, what could he have that was worthy of his attention?

Could it be his spiritual power? But there are many people stronger than him on the Thousand Illusions Continent.

Unless...

"Who are you?"

Suddenly, his black eyes narrowed slightly, staring at Sui Zimo without blinking.

This face slowly changed in front of his eyes, and then he actually saw another face from this face.

"It's you?!"

Why didn't he realize before that Sui Zimo's face was so similar to Lu Tianlan's.

"You actually ran back from the wasteland, I really underestimated you!"

Hearing Yuan Jue's words, Sui Zimo knew that the biggest part of his experience was still caused by the person behind Lu Tianfeng.

"You underestimated a lot of people!" he said.

"Haha."

Yuan Jue smiled coldly.

He didn't want to say any nonsense. The most important thing now was to grab the corpse-suppressing talisman, and everything else could be postponed for the time being.

So, he didn't communicate with Sui Zimo anymore, but attacked him directly.

On the other side, Lu Tianfeng and Captain Liu and the others also opened up.

Lin Changhong didn't take action, but watched Captain Liu and the three fence-sitters fight with Lu Tianfeng, and he stood aside, ready to support them at any time.

After all, if they only dealt with Lu Tianfeng, they didn't need so many people to go on the field.

And he also paid attention to Sui Zimo. What if Yuan Jue was as sinister and vicious as Lu Tianfeng? He had to be ready at any time.

Lin Caisang stood there, watching the black light getting smaller and smaller, and time passed by little by little.

Yuan Jue was not the same Yuan Jue as before, and his cultivation became extremely powerful. Even Sui Zimo was almost unable to resist.

He secretly said in his heart: I still have to work hard to practice in the future!

Otherwise, even if I find the person behind Lu Tianfeng, I can't beat him.

"It's him!"

Lin Caisang, who didn't take action, looked at Yuan Jue's figure.

From the conversation between the two just now, she could hear that this person was most likely the one who poisoned her family's Zimo.

Then this person should have the antidote in his hand, right?

But the Yuan Jue in front of him was not the real body of that person. It was impossible to take him down and get the antidote directly. She could only think of another way.

She looked up and looked at the half of the corpse-suppressing talisman that was about to turn into a black dot. If...

A life without adventure is not a good life. As a human being, you still have to have some fun, right?

"Zimo, the corpse-suppressing talisman is about to come out."

Thinking of this, she turned around again and shouted to her husband again.

This shout, not to mention other people, even Sui Zimo was frightened.

You said, it's out, it's out, can't you just take it and put it in your arms, why do you have to shout it out?

But is Sui Zimo an ordinary person? His wife must have her reasons for shouting it out like this.

Even if he doesn't know the reason at this moment, he will still cooperate with his wife.

Therefore, he increased the spiritual power in his hand to deal with Yuan Jue, and directly suppressed Yuan Jue's arrogance.

"You want to take it all for yourself? No way!"

How could Yuan Jue let Lin Caisang get the corpse-suppressing talisman?

He no longer held back his strength, and the spiritual power in his body surged again, and he hit Lin Sui Zimo with a palm.

Chapter 3089 The Corpse Suppression Talisman is mine!

'boom! '

A loud noise came from between the two people, and they were ejected by the two spiritual powers at the same time.

Sui Zimo was bounced a little far, and Yuan Jue, who didn't know whether it was a coincidence or not, was bounced directly in the direction of Lin Caisang.

"Sangsang, be careful!"

Looking at this scene, Lin Changhong's heart almost stopped.

At this moment, the half of the corpse-suppressing talisman appeared in front of everyone.

Yuan Jue originally wanted to capture Lin Caisang directly, but before he could get close to Lin Caisang, he saw that she had already flown into the air and headed towards the Corpse Suppressing Talisman.

Without even thinking about it, he just moved towards the corpse suppressing talisman.

At this time, there is nothing to worry about whether to take Lin Caisang or not, but if he can't get the corpse-suppressing talisman, then he really wants to die!

Soon, two hands, one left and one right, grabbed half of the corpse suppressing talisman.

"open!"

Yuan Jue frowned when he saw Lin Caisang holding the Corpse Suppressing Talisman in his hand just like him.

The next moment, he was going to raise his foot and kick the woman in front of him out.

But how could Lin Caisang let him be kicked? Although she is pregnant with a baby, the sensitivity of her feet is no worse than Yuan Jue's.

At the same time as Yuan Jue raised his foot, she also quickly raised her foot and kicked Yuan Jue's calf.

"hiss!"

Yuan Jue was in pain and couldn't help but gasped.

Although he was in pain, the strength in his hand did not decrease at all. He directly grabbed the corpse suppressing talisman and immediately retreated far away from Lin Caisang.

"Haha, the corpse-suppressing talisman is mine now!"

He laughed out loud without even looking at the corpse-suppressing talisman in his hand.

Lin Caisang, who was still standing there: "..."

She looked up and looked at the hand she was holding high, which was holding half of the corpse-suppressing talisman... No, it should be a quarter of the corpse-suppressing talisman.

At this time, the few people who were fighting stopped moving and looked at the corpse-suppressing talismans in the hands of Lin Caisang and Yuan Jue.

Who will tell them what is happening?

Isn't this corpse-suppressing talisman said to be an artifact? Then why is it so fragile that it is broken in half by just grabbing it?

"This...this...the corpse suppressing talisman is broken?"

Captain Liu opened his mouth, took a long time to react, and said with stiff tongue.

"What...what's going on?!"

It was only after Yuan Jue heard Captain Liu's words that he saw that there was only half of the corpse-suppressing talisman in his hand.

At that moment, his face was extremely dark, and his whole body began to twist. How could the corpse-suppressing talisman be broken apart so easily?

"what have you done?"

His intuition told him that it was Lin Caisang who did something this time. Otherwise, how could the artifact be broken as soon as it was said to be broken?

Lin Caisang: "..."

What she can do is just hold the corpse-suppressing talisman in her hand.

How could she have known that this corpse-suppressing talisman was so fragile that it was split into two halves by her.

If Jin Zhuling had not confirmed that these were fragments of the corpse-suppressing talisman, she would not have believed it. Was this the corpse-suppressing talisman? Stones are not that much like tofu.

"I should be asking you this, right?"

She directly threw this accusation on Yuan Jue. She didn't do anything anyway, so of course she wouldn't admit what she had done for nothing.

"you--"

Yuan Jue was almost mad at her.

Chapter 3090 There is only one way to die!

But considering that the other half of the corpse-suppressing talisman was in Lin Caisang's hand, he couldn't really scold Lin Caisang.

"Give me the half of the corpse-suppressing talisman!" He said fiercely to Lin Caisang.

Although the corpse-suppressing talisman was broken, he thought that with his ability, he could still try to repair the corpse-suppressing talisman again, so this thing must be in his hands.

"Give it to you? Why?"

Lin Caisang sneered and asked him with raised eyebrows.

"If I ask you to give me half of the corpse-suppressing talisman in your hand, will you agree?"

"Wishful thinking!" Yuan Jue replied directly to her.

"hehe.

Lin Caisang chuckled.

"These four words are also what I want to tell you!"

Hearing this, Yuan Jue's face darkened almost invisible.

Of course, his face was already very dark, so he wasn't afraid of getting a little darker, but Lin Caisang's words made him extremely unhappy.

"Don't you want your husband's life? His body is poisoned. Without the antidote given by me, he will only die!" He threatened in a cold voice.

"I gave you half of the corpse suppressing talisman, can you detoxify my Zimo?" Lin Caisang threw the question to him again.

"Of course, you can give me the thing, and I will give the antidote to Sui Zimo." Yuan Jue said immediately.

As long as he can deceive half of the corpse-suppressing talisman from Lin Caisang, he can do whatever he wants. Anyway, how many of the promises he made to others have been fulfilled?

"laugh."

Hearing his words, not only Lin Caisang, but also Lin Changhong and the others couldn't help but laugh out loud.

The person in front of him is Yuan Jue, but he is not really the person behind Lu Tianfeng. Do you really think that they are all fools, and they can't even hear such simple coaxing words?

"If you talk too much, it will get off your tongue!" Lin Changhong said to Yuan Jue.

"Who do you think you are and you dare to talk to me?!"

Hearing Lin Changhong's voice, Yuan Jue glanced at him with cold eyes. In order to get the Corpse Suppressing Talisman quickly, he did not hit Lin Changhong with a palm.

After listening to their conversation, Lu Tianfeng realized that the Yuan Jue in front of him was actually that person?

"master?"

He stepped forward doubtfully and came to Yuan Jue's side.

"waste!"

Yuan Jue glanced at him coldly.

I was really blind before, and I actually chose this Lu Tianfeng to enter the Haikuo Forest. If I had known better, I would have chosen someone else, which would have been better than letting Lu Tianfeng come in and accomplish nothing in the end.

In the end, he still had to take action himself!

When Lu Tianfeng heard his curse, he shrank his neck involuntarily.

He also knew that he didn't get anything, which would definitely make his master unhappy with him, but there was no way. Zimo and Lin Caisang didn't even have a chance to take action at this time.

If you want to blame, you can only blame the two people in front of you. I hope the master can kill these two people and avenge his shame.

"Master, let's kill them together..."

'Snapped!'

With a crisp sound, a fiery red slap mark appeared on Lu Tianfeng's face.

"Idiot, I have never seen anyone as stupid as you!"

If something really happened to Sui Zimo and Lin Caisang here, could they still leave Haikuo Forest?

If these two people don't die, they can pretend to be someone else and leave.
