

Star of Space 3091

Chapter 3091 He is Yuan Jue

But if these two people die, then Lin Baizhong will definitely avenge his daughter. They are all inseparable from the sea and forest. Could it be that he can't even understand such a simple truth?

"Go away, don't bother me here!"

Although Lu Tianfeng was beaten, he dared not speak out in anger. He covered his face that was so painful that his whole body throbbed, and stood aside silently.

"Captain Yuan, is he actually Lu Tianfeng's master?"

The three people on the wall looked at Yuan Jue and couldn't believe this fact.

Yuan Jue and Lu Tianfeng didn't look like they were from the same group, so how could they get together?

"It doesn't look like it. We didn't see it at all before. There must be something happening that we didn't expect." Another person said.

Naturally, they don't believe that Yuan Jue is that person. At most, Yuan Jue's body and the soul inside have been replaced.

"Give me half of the corpse-suppressing talisman, and I will give you his antidote." Yuan Jue looked at Lin Caisang again and said.

"Ah."

Lin Caisang chuckled.

At this time, Sui Zimo had also come to her side.

"Zimo, he said he would give you the antidote." She looked at Sui Zimo and reminded him coquettishly.

"He is Yuan Jue."

Sui Zimo only replied her with four words. Of course, he said this while looking into Yuan Jue's eyes.

"I know."

Lin Caisang nodded, agreeing with her husband's words.

"I'm just curious, does a self-righteous person always think that other people are stupid and he is the only one who is smart?"

Otherwise, how could you say such stupid things and still feel that you are right?

"you--"

Yuan Jue had a breath of bad breath stuck in his throat.

"Then what do you want? I will decide on this corpse-suppressing talisman. Even if you take it outside, what I want to get will never be obtained by others!"

He said harshly to the two of them.

Trying to use such a tone and such words made them have to hand over the corpse suppressing talisman in their hands.

"Yeah?"

After listening to his words, the expression on Sui Zimo's face was calm, without any fear at all.

"That's such a pity. We have a thousand and ten thousand places where we can hide this thing, and we guarantee that you will not be able to find it not only in this life, but also in the next life and the next life."

"you--"

If Yuan Jue hadn't been able to endure it, he would have been furious to death by Sui Zimo's words.

He knew that Lin Caisang had a magical weapon on her body that could hide things, and other than her, no one else could get it, even by killing her.

Moreover, this woman was clearly poisoned before, but after ducking into her artifact, she walked out soon as if nothing was wrong.

He could conclude that it was definitely not a simple artifact.

"Okay, I promise you that I will give you the antidote. Is that okay? I must get this corpse-suppressing talisman. Otherwise, none of you will be able to leave Qianji. Tan!"

He stepped back and said to the two of them.

"Give me the prescription first." Lin Caisang said.

Although after some time, she would be able to transfer the poison from Sui Zimo's body to her own body, and then remove it in the Golden Pearl Space.

But her husband might not allow her to do that.

Chapter 3092 The White Wolf with Empty Gloves

"Hand over the prescription in one hand and the corpse-suppressing talisman in the other hand." Yuan Jue spoke up. He had a good idea. As long as he got the fragment of the corpse-suppressing talisman, everything would be fine. "Heh." Lin Caisang chuckled and looked at Yuan Jue with a look full of sarcasm. "Friend, do you know there is a saying, 'know when to stop'? There are so many people in the world, how can you think you are the only smart person? Is it because you are too special, so special that you are not on the same level as us humans?" "Puff! "

Several people who heard her words laughed at the same time.

As expected, Yuan Jue's face looked very bad after hearing these words, but they really agreed with Lin Caisang's words.

He was dreaming of handing over the prescription in one hand and the corpse-suppressing seal in the other. The corpse-suppressing seal cannot be tampered with, but the prescription can be tampered with, and if it is changed a little bit, it can be poisoned, right?

He said such a thing. Did he really think that there was no smart person on their side?

"What do you want?"

Yuan Jue stared at Lin Caisang with cold eyes and asked with gritted teeth.

"It's very simple. Hand over the prescription first. Let me see if it is a prescription for detoxification, and then consider whether to give you the half of the corpse-suppressing seal in my hand.

"You——"

Yuan Jue was really angry at her words.

It's the same reason. If they get the prescription but don't hand over the corpse-suppressing seal to him, then he will get nothing, right?

"This is impossible. You guys are dreaming of getting something for nothing." He rejected Lin Caisang's proposal without thinking. "In that case, what else can we say?" After hearing his words, Lin Caisang shrugged and glanced at Sui Zimo beside him. The next moment, she swung the spiritual whip in her hand directly towards Yuan Jue, and Sui Zimo had already hit Yuan Jue with the spiritual power in his hand the moment she made her move. Two equally powerful spiritual powers attacked Yuan Jue at the same time. If Yuan Jue was the person himself, it would be fine and he could still dodge it. But Yuan Jue was not. He just had a strange soul in his body, which could control him, and even the control was only temporary. So even if Yuan Jue's spiritual power was slightly improved because of this soul, it was impossible for him to directly dodge the attack of two spiritual powers. Although he tried every way to dodge, he was still injured by Sui Zimo's spiritual power. "You wait." He covered his chest and threw half of the corpse-suppressing talisman in his hand into Lu Tianfeng's hand at lightning speed. "Take it well. If it's gone, you don't need to exist!" "Hiss!" Lu Tianfeng took a breath and quickly put the corpse-suppressing talisman into his magic weapon. The next moment, Yuan Jue seemed to be hit by something. After a twitch, he slowly fell to the ground. "Hold him!" Sui Zimo immediately ordered the three fence-sitters. The three people went over at the same time, held the man, and then looked at Sui Zimo and Lin Caisang. "Sui Gongzi, Captain, what's going on? How could Captain Yuan..." "Did other consciousness forcefully break in? Then he won't be in trouble, right?" Captain Liu also hurried over, looked at Yuan Jue, then looked at Lin Caisang and the others, and asked.

Chapter 3093 Let's settle the accounts with them

"probably not.

Lin Caisang glanced at Yuan Jue and said.

Yuan Jue's own willpower is also very strong. Although he will be injured if that person breaks into his consciousness, his consciousness should not be damaged.

"We have to find an exit quickly and go back. Although he is fine, it is still difficult to stay in the water for too long."

She looked at Sui Zimo.

Yuan Jue's spiritual power can't be used now, so he has to rely on others to protect him. Otherwise, he won't be cooked in this hot water?

"Okay, let's find the exit."

...

"You...you..."

After saying "you", Lu Tianfeng covered his seriously injured chest and spit out a mouthful of blood.

"That's my thing! Give it back to me!"

His eyes looked scarlet at what Lin Caisang was holding in his hand at the moment, and he was so angry that he wanted to eat the people in front of him alive!

Although he was telling them to return it to him, he knew better that if the things in these people's hands were returned, how could they return them to him? They did it on purpose.

Before, in the vast forest, they went their separate ways to complete their tasks. He once thought that Sui Zimo and Lin Caisang would not snatch half of the corpse-suppressing talisman from him.

Who would have known that they were waiting for him in Hongye Tower, and without saying a word, they snatched the corpse-suppressing talisman from his hand.

"hehe."

Lin Caisang chuckled and put the corpse-suppressing talisman directly into the golden bead space.

"Lu Tianfeng, go back and tell your master that if he wants the corpse-suppressing talisman, let him exchange it for something. If he doesn't want to exchange it, it doesn't actually matter.

I will be able to cure the poison in my Zimo's body in a short time. "

she said.

"you--"

Lu Tianfeng took a deep breath and endured it before rushing forward and killing this woman.

He couldn't kill this woman anyway, so he could only wait until he saw that person before settling the accounts with them.

"You wait!"

This sky city is not decided by Lu Tianlan alone. He, Master Tianfeng, is not a decoration. When he calms down, he must make it look good to them.

With that said, he dodged and left directly.

"Waiting..."

Lin Caisang twitched the corners of his mouth and looked at his husband.

"I wonder if my parents have eradicated Lu Tianfeng's influence?"

"there must be."

Sui Zimo raised his hand, patted her head gently, and then lifted her up.

"Leave things here to others, let's go back first."

With that said, the two figures disappeared in front of everyone.

"Why....."

The trio wanted to shout to stop them, but they were walking so fast that they didn't have time to shout. What could they do?

However, looking at so many things in front of me, they have all been divided.

They looked at the people in other groups, their eyes full of envy, and they were satisfied.

"You should wait for me!"

Lin Changhong saw the two people leaving without saying hello, and wanted to follow them.

"These other things will all belong to you. I'll leave first." He turned his head, said something to the three people on the wall, and then left.

The trio of wallflowers: "..."

They finally saw that these people really didn't care at all about things outside of themselves.

There were obviously rewards to be received, so I just left. In the end, I gave them an advantage.

Chapter 3094 Only one person is left

They are so lucky to be in the same group as Mr. Sui and Captain Lin. I wonder if it will be possible to do missions with them again in the future?

"Cough, cough!"

In his ears, Yuan Jue coughed.

"Captain Yuan, are you okay?" Captain Liu stood next to Yuan Jue and asked with concern.

These two teams suffered the most losses. Yuan Jue's team was okay. Five people died after sending one out before, but his team...

Although Lu Tianfeng and Zhe Feng were still alive, for him, he was really alone.

The two of them can be said to be evenly matched.

"It's okay, I can still hold on."

Yuan Jue grinds his teeth. This is the first time he has grinded his teeth.

He still remembered that his father had spoken quite highly of Lu Tianfeng, the young master, and had great plans to have a good relationship with Lu Tianfeng.

Who knew that Lu Tianfeng would be such a person, and the person behind him almost killed him. How could he be associated with such a person?

However, he thinks Lu Tianfeng has no future, right?

...

Lin.

From the moment they learned that Sui Zimo and Lin Caisang came out of Haikuo Forest, Lu Tianlan and others had been waiting at the Lin house.

On the other side, Lin Baizhong also directly handed over all matters to his subordinates. When he came back, Liu Yuyang had already prepared a sumptuous meal and was waiting for them to eat together.

"Zimo, Sang Sang, you are finally back. What happened to Sang Sang?" Seeing Lin Caisang being held by Sui Zimo, the city lord's wife hurried over and asked.

"It's okay, I'm just a little tired. I carried her all the way here to make it easier." Sui Zimo explained and put his wife down on the chair.

"Sonny, eat something first if you're hungry."

He was not polite and directly brought the bowls and chopsticks and placed them in front of Lin Caisang.

"Yes, eat something quickly. You will be tired in the vast forest, right?" The city lord's wife hurriedly responded.

"I'm not too tired. I just made Lu Tianfeng angry." Lin Caisang said as he picked up the chopsticks.

She thought it was funny when she remembered that when Lu Tianfeng was driven away by them, his face was so ugly, but he still shouted at them to wait.

Waiting, I don't know who is waiting for whom.

"Him? Isn't he dead yet?"

The city lord's wife frowned and asked.

She thought Lu Tianfeng would die in Haikuo Forest, so that everyone could feel at ease.

"I want him to die, but it's not possible yet." Lin Caisang curled his lips.

"Eat first, and then eat the rest after you're full." Sui Zimo reminded her when he saw that she had been talking.

Whether Lu Tianfeng dies or not is not that important to them. Now they have their own way to track down that person.

But there is another point. There are poisonous corpses around Lu Tianfeng, and maybe there are living corpses or something like that. The Son of Evil doesn't know if they are there anymore.

They must find these evil things.

"Father, has Lu Tianfeng's influence been completely eliminated?" He looked up at Lu Tianlan who was silent and asked.

"The rest of the forces have been eliminated, but those vicious things hidden in the secret cannot be found. I am afraid that only Lu Tianfeng knows about it."

Lu Tianlan replied.

He naturally knew what his son wanted to ask, so he pointed it out directly.

Chapter 3095 They are too arrogant

"It doesn't matter. He's back now. He will definitely take us to find his things." Lin Changhong walked in from the door and said to everyone.

Lu Tianfeng's power was almost cut off, and the corpse-suppressing talisman in his hand was snatched away by them again.

When I go back now, I have really lost my wife and lost my troops. My strength is not even as good as Lu Tiankuo.

If he wants to make a comeback, there is only one way to use the most available things in his hands, so that he can continue to stay under that person's hand.

"Next, my people will keep a close eye on Lu Tianfeng." Lu Tianlan said.

"Um.

Sui Zimo responded.

"Zimo, you sit down and eat too, and Chang Hong, sit down and eat together quickly. I'll go to the kitchen to see. My mother-in-law is still cooking." The city lord's wife greeted them to sit down and eat, while she went outside Go.

During this month, she had become very familiar with Liu Yuyang. When she had nothing to do, she would often come to Lin's house and cook with Liu Yuyang.

...

On the other side, in an extremely dark room.

"Where's the stuff?"

The tall man stared at Lu Tianfeng, who was kneeling on the ground and shivering.

"Been...robbed...by Sui Zimo.

Lu Tianfeng gritted his teeth and said this with his whole body trembling, fearing that the next moment, that person would hit him with a palm.

In fact, after hearing what he said, the man did slap him and knocked him away.

"Well!"

Lu Tianfeng groaned and fell to the ground unable to get up.

"I have spent so much effort to get back the corpse-suppressing talisman, and you just gave it away to others?" The man's bloodthirsty eyes stared at Lu Tianfeng, wishing he could smash his Tianling Cap with a palm.

But for the sake of the things in Lu Tianfeng's hands, he could only endure it for the time being.

"Trash, you are worse than that trash Lu Tiankuo." He cursed at Lu Tianfeng.

Hearing this, Lu Tianfeng just gritted his teeth and did not dare to say anything.

At this moment, he didn't know that all his powers had been cut off. He still thought that he was very powerful, so powerful that men wouldn't do anything to him.

"Master, it's not that my subordinates are not doing things well, it's just that Sui Zimo and Lin Caisang are too arrogant." He argued forcefully.

What could he do? He hid himself, tried his best not to let Sui Zimo and the others discover him, and even disguised himself as someone else.

However, those two people seemed to be able to see through his disguise. As soon as they arrived at Hongye Tower, they directly injured him, snatched his magic weapon, and gave him the pieces of the corpse suppressing talisman. Robbed.

He couldn't defeat them alone, so what could he do?

This time when we enter the vast forest, he is the unluckiest one, okay? I didn't get anything, and I was made miserable by Sui Zimo and Lin Caisang.

"You are stupid and you blame others?"

The man sneered. He really wanted to beat Lu Tianfeng to death directly, but he couldn't do it now. He took a deep breath.

"Where are those things I asked you to keep? Go and get them for me immediately," he said.

Hearing this, Lu Tianfeng suddenly raised his head and looked at the man.

Those things? How could a man suddenly want those things? Those things haven't been fully developed yet, so what's the use of taking them out now?

Chapter 3096 The hiding place of those things

His instinct told him that all this was too abnormal. Did his master want to abandon him?

"Master, those things haven't been raised yet. This time I entered the Haikuo Forest. Although I didn't get the Corpse Suppressing Talisman, those poisonous weeds are already in Hongye Tower.

As long as we get those poisonous weeds, those things will soon become a major killer. Then Master..."

"enough."

The man didn't want to hear anything more.

He was afraid that if those things stayed with Lu Tianfeng, Sui Zimo and Lin Caisang would catch them all.

Then, he will really have nothing left. Who will he go to to complain to?

"I don't want to hear any more nonsense from you. Now, go get those things from me immediately. I will send someone to assist you.

he ordered.

"Master, no."

Lu Tianfeng refused without thinking.

"Those things are very fragile now. If they are moved, they will probably be destroyed. Otherwise, should we wait until those poisonous weeds are fed before taking them out?"

No matter what the man was thinking, Lu Tianfeng really didn't want to give those things to the man so easily.

At least now, he doesn't even know what's going on outside. If he really gives those things to the man, if something happens outside, what will he do?

Hearing this, the man also took a deep breath and was really going to be pissed off by Lu Tianfeng.

He originally thought that it would be safer to keep those things at Lu Tianfeng's place. After all, Lu Tianfeng was considered a capable person around him at that time.

But no one would have thought that this person was so stupid!

"Then you can take my people with you to take a look. I can take over the next batch of things," he said directly.

"Owner....."

Lu Tianfeng still wanted to find some excuse.

However, the man obviously no longer had that patience, and his brows were knitted together in displeasure.

"Why, does my order no longer apply to you now? Huh?!"

He asked coldly.

"no no."

Lu Tianfeng was immediately frightened and shook his head, how could he dare to answer.

But he really didn't want to give those things to the man. Judging from the current situation, it should be very bad outside.

He has always had a guess whether Lu Tianlan and the others already knew his details. If that was the case, then during the time he was in the sea forest, his people...

Won't they all be wiped out by Lu Tianlan's people?

That's why the man was so impatient with him here, and if he really took out those things, that would be the day he died.

"Master, this subordinate will take people to the hiding place of those things."

Thinking of this, he had to grit his teeth and be willing to hand over the mother bodies of those poisonous corpses and the sons of evil spirits.

As long as he can leave here first, he will have a chance to escape, and he is the only one who knows about that batch of things. The other subordinates who know about those things have not come out from that place.

Even men can't find that batch of things.

Now that no one has a zombie-suppressing talisman in their hands, as long as he has the mother body of the poisonous corpse and the son of the devil in his hand, he is a more powerful being than a man.

What does he have to fear from men?

Chapter 3097 Gave a fake prescription

Do you still want to give up on him and get a new puppet? Then you have to ask him if he agrees, right?

However, one thing he had to say was that the man in front of him was not easy to fool, and his little thoughts were likely to be seen through by the man.

So he had to find something else for the man to do to divert his attention.

"Master, the corpse-suppressing talisman is in the hands of Sui Zimo and Lin Caisang. Do we really don't want it? Lin Caisang said that as long as you take the prescription or antidote, she can suppress the corpse. The fragment of the talisman is for you."

He looked up at the man and said.

Lin Caisang did say that before, and he wasn't lying.

But when the time comes, he won't be able to decide who takes advantage and who suffers.

After all, Lin Caisang, that woman, was also full of evil intentions. Even he had suffered from her several times, without ever taking any advantage.

He believed that men were no exception.

However, he didn't dare to say this in front of the man, but he also pointed to the news about the corpse-suppressing talisman, which could attract most of the man's attention.

"Yeah?"

Sure enough, when the corpse suppressing talisman was mentioned, the man's face became obviously darker.

He naturally wanted to get the corpse-suppressing talisman, but Sui Zi and Mo were obviously not easy to fool. If one of them couldn't get it, it would be fine if he couldn't get the corpse-suppressing talisman. The poison in Mo's body was detoxified.

However, if he gave a fake prescription or a fake antidote, Lin Caisang should be able to tell. After all, she is also an alchemist, and a very powerful one.

"You don't need to pay attention to this matter. Go out immediately and bring this person to those things."

"Yes, Master, I will do it right here."

Lu Tianfeng responded, got up and went out, as long as he could get out of here.

He was really afraid that if the man got upset, he would kill him right here. This was something a man would do.

"Someone is coming."

After Lu Tianfeng left, the man spoke and called his subordinates outside.

"Master, what are your orders?"

After the subordinates outside came in, they knelt down to him and asked.

"You go and negotiate with Sui Zimo and Lin Caisang. No matter what the price is, you must get the Corpse Suppressing Talisman to me!" the man ordered to his subordinates.

As for Lu Tianfeng, because he was thinking about the corpse-suppressing talisman, how could he have the mind to pay attention to him? He intuitively felt that Lu Tianfeng would not dare to do anything famous.

"This is the antidote to the poison in Sui Zimo. It is not allowed to be given unless it is absolutely necessary. Do you understand?"

He took out a porcelain bottle, handed it to his subordinate, and warned.

"Yes, Master, I understand."

The subordinate responded, took the porcelain bottle with both hands respectfully, turned around and left.

"Sui Zimo!"

When he was alone in the room, he took another deep breath.

I thought that Sui Zimo, a rare cultivation prodigy, could take his cultivation to a higher level, but he didn't know that this person would be so difficult to control.

Before he could think of this person, he had already arrived in Qianhuan Continent.

It's also his fault. He shouldn't have trusted Lu Tianfeng so much in the first place. He should have left such important matters to different people. In this way, Sui Zimo would not have targeted Lu Tianfeng and those who targeted him. The mother body of the Poison Corpse and the Son of Evil.

Chapter 3098 Wouldn't it be nice to die?

"Since I can't deal with you, then... deal with that woman of yours first!" he said.

Isn't Lin Caisang about to give birth? Then he can just deal with Lin Caisang's children. It doesn't need to kill two of them, but at least one must be alive and detained by his side.

In that case, he can take over Sui Zimo's spiritual power again in the future.

Otherwise, wouldn't it be too much of a waste for such pure spiritual power to only fall on Sui Zimo, a waste from the Qianhuan Continent?

Anyway, that woman Lin Caisang is also a bitch. She deserves it whether she lives or dies. Who makes her want to go against him? Even if he died, wouldn't it be nice?

...

On the other side, Lu Tianfeng was escorted out by several people.

At first he didn't run, nor did he dare to run. After all, he was still within that person's sphere of influence. Even if he ran, he wouldn't be able to run far.

But later, after leaving Sky City, he lied that he wanted to go to the toilet, dumped the people who were escorting him, and stayed in a certain place, using the money that person had given him before. The magic weapon that hides the breath hides itself.

Those people kept waiting, but did not wait for Lu Tianfeng to come back. They thought he had run away, so they hurriedly chased him.

After that, Lu Tianfeng came out with a big swing and headed in another direction.

"Let me go, this Lu Tianfeng is really good enough."

Jiang Li was also hiding in the dark, watching Lu Tianfeng walk out of the hiding place openly, straightening his clothes, and then left slowly.

He really... I want to say something, this guy is awesome!

If they hadn't watched Lu Tianfeng go to the toilet, they would have been fooled into chasing something like those people.

"Whether he can or not, he can't get rid of us." Shishu stared at Lu Tianfeng coldly and said.

"Go, follow."

Jiang Li nodded, quickly came out of his hiding place, and followed him.

After that, they watched Lu Tianfeng change his clothes and face, and then went outside his own house and met with someone unknown.

In the end, he left with a dark face and very unwillingly.

"Does he know that all his power is gone?" Jiang Li raised his eyebrows.

Although this is a question, he is absolutely sure. Now that he is here, can he still not know what situation he is in now?

What's more, looking at him like that, he was almost so angry that stars were popping up in his eyes. He couldn't even speak. How could he not know?

"Stop talking nonsense and follow him quickly. He must be looking for the mother bodies of those poisonous corpses and the sons of evil spirits now, right? I don't know how many there are."

Shishu pulled Jiang Li, and then the two of them continued to follow.

...

Not long after, Lu Tianfeng came to a teahouse and entered a private room.

Soon, the owner of the teahouse came over and also entered the private room. The two began to talk. Of course, they did not dare to get too close to Lu Tianfeng. Naturally, they did not know what was said.

"He actually still has power in the city?" Shishu looked at the entire teahouse.

He always said that cunning rabbits have three nests, but this Tianfeng road has not only three nests, but more than thirty nests. They have been so strangled, and there are still fish that have slipped through the net.

"This shouldn't be considered a force. It's just a place for gathering information." Jiang Li also looked at the teahouse and said.

Chapter 3099 What exactly did you do?

He estimated that this was just a place Lu Tianfeng used to collect information on weekdays. It had no combat capabilities and its main function was to help Lu Tianfeng collect information.

His guess was correct. When the teahouse owner entered the private room, he almost burst into tears when he saw his master.

"Master, you are back, this month..."

"Explain to me clearly what is going on!" Lu Tianfeng asked with a dark face.

He did not come here to listen to this subordinate's complaints. He wanted to know what was going on. No matter how capable Lu Tianlan's people were, they would not dare to remove his influence so openly.

There must be something he doesn't know about this.

Before at the gate of the mansion, he only asked some ordinary people, and they only knew that there was no one in his mansion.

All the servants are dead, all the concubines are gone, there is not a single one left.

As for the other forces, he thought that even his mansion was like this, so there was no need to talk about the other forces, right?

"Who did it? Someone from the Commander's Office?" he asked.

"What is the commander's office?"

The boss was stunned for a moment when he heard his master's question.

What does this matter have to do with the Commander's Mansion? Commander Lin, like his master, has been in Haikuo Forest for a month.

"Who is that? Someone from the City Lord's Mansion?" Lu Tianfeng frowned and continued to ask.

"Master, you are not from the City Lord's Mansion, but Lu Tiankuo. As soon as you left, Lu Tiankuo gathered a large number of people and caught us by surprise."

The boss said bitterly.

Fortunately, this was not an important place for him, and it was not on Lu Tiankuo's murder list, so he was able to escape.

"The road is wide?"

Lu Tianfeng was stunned for a moment.

He thought about many people, but he never thought it would be Lu Tiankuo.

After all, Lu Tiankuo and he had the same master, and with just Lu Tiankuo's little power, could he compete with him?

He could kill Lu Tiankuo's people with just a move of his fingers, right?

"How could it be his? What did he do?" he asked.

"Master, Lu Tiankuo didn't know where he got a lot of people, and all of them were not weak. Our people were quickly wiped out. Moreover, we also listened to your instructions and went to the place when something happened. That...that person asked for help, but..."

The boss raised his eyes cautiously and glanced at his master.

"But what?" Lu Tianfeng asked.

He had asked his master for help, so why was it still like this?

Almost all of his forces were wiped out, leaving only some useless places with no fighting capacity left for him.

"But the people over there drove our people out, saying that we are just...the dogs raised by their master. It doesn't matter how many of them die. At most, we can just raise a new batch."

The boss lowered his voice and said.

"Damn it!"

Hearing this, Lu Tianfeng was furious.

Those people were so abominable. There was no one left who was watching him helplessly?

So, if his power is gone and he becomes weak, that person wants to take away the mother body of the Poison Corpse and the Evil Demon Son. Then what?

Do you want him to fend for himself or kill him directly?

He guessed it was the latter, right?

After all, he knew too many secrets. If he really stayed in this world, that person would probably not have a good life, right?

Chapter 3100 Getting more and more arrogant

"Who else is here?"

He took several deep breaths before he could say a word.

He was so angry that he wished he could rush to Lu Tiankuo's house right now and beat him to death.

But he knew he couldn't.

"No...no more."

The boss shook his head weakly. Although he couldn't bear it, he still had to tell his master this fact.

There was no one else. Apart from his teahouse, all the other people who could be named were killed, and no one was left.

"there is none left?!"

No matter how calm Lu Tianfeng was, after hearing his subordinate's words, he couldn't help but scream and stood up from his chair.

What does it mean to be gone? That is to say, the forces he had worked so hard to manage for so many years in Sky City and other places were all wiped out by Lu Tiankuo, and there was no trace left?

Lu Tiankuo, when did he become so capable?

He didn't believe that there was no handwriting by Lu Tianlan here. Lu Tiankuo must have been part of Lu Tianlan's plan, right?

"Have you found out that Lu Tiankuo really did those things alone?" He took a deep breath, tried to calm down his mood, and asked his subordinates.

Now that things have come to this, it is useless to regret anything. No matter what happens, those people will never come back.

"Master, it's really Lu Tiankuo. He has some other forces in his hands. And because of these forces, he has more and more people in his hands in recent days, and there are more and more people working in Sky City. More and more arrogant."

The boss thought for a while and said.

"By the way, there is a person beside him that you asked your subordinates to contact before. That person is Yin Lvqing, and he is now his right-hand man."

"Yinluqing!"

Lu Tianfeng really regretted it when he mentioned this name.

If he had known that Yinluqing would cause him so much trouble, he should have killed him directly in the first place. Why did he have to let people drive him away before solving the problem.

It's good now, Lu Tiankuo has been given such a good opportunity.

Moreover, he didn't think that such a good opportunity fell from the sky and fell directly on Lu Tiankuo. There must be someone behind it to add fuel to the fire, right?

As for that person, besides Lu Tianlan and Lin Baizhong, he couldn't think of anyone else.

I'm afraid those two people knew early on that he wanted to cross the vast sea and forest, so they kept treating him like a monkey, right?

Yinluqing lost power so quickly in his own country and fled to Sky City. It must have been the work of Sui Zimo and Lin Caisang. It was Suizimo who traced his life experience and tracked down Yinluqing.

As for him, they just found it by the way when they were tracking down Yin Lüqing.

"call!"

Thinking of this, he exhaled a heavy breath.

It's too late to understand this now. His people will never come out again.

The only solution now is to get those poisonous weeds first, and then successfully cultivate the poisonous zombies and the sons of evil spirits. Only in this way can he have a chance to turn over the cards.

If he couldn't get the poisonous weed, then he really had no hope at all.

"Go and find some smart people for me." He ordered his subordinates.

"Yes, Master."

The boss responded, turned around and went out to prepare people for Lu Tianfeng.
