

## Star of Space 3101

Chapter 3101 Should I let him steal, or should I let him steal?

...

Ban Jue and Shi Shu followed Lu Tianfeng all the way to the outside of Hongye Building and watched him instruct several subordinates to enter Hongye Building in disguise.

"What does he want to do?" Shi Shu frowned and asked the person next to him.

"What else can I do? I just want to steal those poisonous weeds. Now Lu Tianfeng has no influence at all in Sky City. He can only make a desperate move, right?"

Ban Jue smiled coldly and directly stated Lu Tianfeng's heart in one sentence.

Apart from the secret weapon in his hand, what chance does he have of turning over the cards? Therefore, he has to get those poisonous weeds first, otherwise, it will really be a dead end.

"Then what should we do now?" Shishu asked.

"You stay here and I'll report to my master and mistress."

After thinking about it for a while, he decided to tell his master and mistress about the matter first. After all, it was impossible for them to make the decision on their own for such a big thing as stealing poisonous weeds. They said they would let Lu Tianfeng steal it, so they let him steal it.

"Okay, go ahead."

The waiter responded, and after Ban Jue left, he continued to stare at Lu Tianfeng seriously.

...

"Stealing poisonous weeds?"

When Lin Caisang heard that the banishment was coming, Lin Caisang slightly curled her red lips and almost laughed out loud.

"Zimo, Tianfeng is really in a hurry here. He even thinks of stealing poisonous weeds directly.

The poisonous weed was a top priority. Being surrounded by Hong Ye Tower, he could think of stealing it, but the question was, could he steal it?

It's really interesting to think about it. This road to Tianfeng is really something they can have fun with when they have nothing to do.

"Do you think we should let him steal it, or should we let him steal it?" she asked.

"Ah."

Sui Zimo chuckled and raised his hand to gently rub Ren'er's head.

Turning his head, he looked at Ban Jue in front of him and uttered two words coldly at him.

"Go and do it."

"Yes, Master."

Ban Jue naturally knew what his master and mistress meant, so he retreated.

If Lu Tianfeng wants to steal poisonous weeds, then let him do it. They are also worried that he is not that capable and cannot steal the poisonous weeds. In that case, they will have to find a way to deliver it to Lu Tianfeng.

This is also a trouble.

"Huh, this Lu Tianfeng, I really don't know what he is thinking in his head." Lin Caisang shook his head, thinking that Lu Tianfeng was really incredible.

He actually thought of stealing those poisonous weeds, which shows what he was forced to do.

"Stop thinking about him, think about the other person first." Sui Zimo reminded her.

Hearing this, Lin Caisang raised his eyebrows.

"The road is wide?"

In addition to the scourge of Lu Tianfeng, there is also Lu Tiankuo.

Although this guy is not as capable as Lu Tianfeng, if he really gets up, he will be the second Lu Tianfeng.

"Why don't you just leave this matter of Lu Tiankuo to dad? He can handle it well."

Those new forces in Lu Tiankuo have not yet established a firm foothold in Sky City. Now, even if they were to catch them all, it would be quite easy, wouldn't it?

"stupid."

Sui Zimo shook his head and looked at her with a smile.

"What does Lu Tiankuo have to do with us? I'm talking about you. For the next month, you don't have to worry about the things outside. Just let them handle it."

he said.

"I feel like it shouldn't take more than a month." Lin Caisang lowered his head and looked at his big belly.

Chapter 3102 Is it growing too fast?

She always felt that the baby in her belly was different after they left the sea forest.

And she had checked her own pulse before, and it turned out that it was indeed different. The months her baby stayed in her belly were different from the actual months.

In other words, this baby was probably growing in her belly at the actual growth rate in some places in the vast sea forest.

"It doesn't take a month?"

But when Sui Zimo heard her words, his pupils shrank and he looked at her seriously.

"Why do you say that? Did something happen?"

He has been with her all the time. If something happens, he will definitely know it. Is there some secret that he doesn't know about in the vast forest?

This is for sure. They can't even walk to the edge of such a vast forest, let alone the secrets inside.

"But this kid must have grown up too fast in the vast forest." Lin Caisang said.

"he....."

Sui Zimo's eyes fell on her belly.

"Will something happen?"

"Won't."

Lin Caisang shook his head with a smile.

"What can happen? The most it can do is stay in my belly for half a month, and I can avoid suffering for half a month."

She said half-jokingly, and then the two began to discuss what they should prepare.

Giving birth is a top priority for a woman, and she must not be careless in the slightest, even though she has already prepared everything that needs to be prepared.

But if the little one really wants to come out early, he will definitely need to spend some more time and be more prepared.

"Sang'er, the situation outside is still tense right now. If the child is really born, why not..."

"When the time comes, I will enter the Golden Pearl Space. It will be beneficial to both our baby and me." Lin Caisang continued his words.

It was her first time to give birth to a baby, but whether it was her first time or not, she needed to be fully prepared.

Outside, Lu Tianfeng has nothing to fear, and Lu Tiankuo can be dealt with at any time, but this does not mean that the person behind them will stand still and do nothing.

Now that the fragments of the corpse-suppressing talisman are in their hands, they would find it strange that that person really didn't do anything.

"You're right. It's time for me to take a good rest these days. After the child is born, we should also go to the City Lord's Mansion as guests. By then, none of those old guys will dare to say anything anymore."

she said.

Although she has not left the house since coming out of the Sea-wide Forest, this does not mean that she does not know anything about what is going on outside.

Because Lu Tianfeng's power was destroyed outside, the fact that the city lord's wife was not pregnant was suddenly exposed. The elders of Sky City seized this opportunity and wanted to remove Lu Tianlan from the throne of the city lord. pull down.

At this moment, rumors are already spreading in Sky City, all talking about the fault of the city lord's wife.

Isn't that right? Those people saw that the city lord's mansion had no heirs. They had no choice but to rebel and wanted to introduce a more powerful city lord.

"Those people should be replaced."

Sui Zimo's silver eyes turned cold and he said calmly.

Who owns this Sky City? It's not up to those old guys who rely on their elders to show off their talents.

Chapter 3103 Let's go back to Yacun

With him and his son, how could we allow those people to act recklessly outside?

"puff.

After hearing his words, Lin Caisang couldn't help but chuckle.

"Zimo, you haven't even been seen by anyone, are you just thinking about how to deal with those people? If they knew this, would they still recognize you as the young city lord?"

"Whether they admit it or not, what does it have to do with me?"

Sui Zimo asked his wife back. Of course, in his heart, he didn't like this young city lord at all.

"When we finish dealing with things here, we will go back to Yacun and never come to Qianhuan Continent again," he said.

Of course, when he took his wife to leave Sky City, he would definitely leave their baby here. After all, Sky City also needs an heir, right?

The unborn baby: "..."

I haven't even been born yet, and my biological father has already figured out how to take full advantage of me? The baby is feeling miserable, but he just doesn't know how to express it!

"Yes, grandpa, grandma, they must miss us very much. I haven't seen them for a long time." Lin Caisang also said.

Compared to Qianhuan Continent, he still likes life in Yacun. He can grow some vegetables by himself, raise a few chickens and ducks, and be carefree every day. How great.

It's not like in this place, where you have to live a life of intrigues every day. It's so annoying.

"Work hard and deal with all those people as soon as possible, so that we can go back. Then let dad and mom stay here to take care of the baby, and we will go back to Yacun.

she said.

Sui Zimo: "..."

He couldn't believe it. What did he hear? Is this what his son said?

"Sonny, you..."

"Me? What happened to me?"

Lin Caisang looked sideways at him and blinked his eyes.

"Zimo, didn't you come up with this idea? You don't want to stay and be the Young City Lord of Sky City, do you?"

"Let's keep the baby."

Sui Zimo immediately said that he had had this idea in the first place, and now that it coincided with Son'er, it couldn't be better. He didn't have to wait until he racked his brains to think of a way to coax his wife to leave her son here. .

...

Two days later.

Lu Tianfeng successfully 'stole' the poisonous weeds in Hongye Building.

He was so cruel that he directly killed the subordinates who helped him steal poisonous weeds. He disguised himself as one of his subordinates and left secretly at night.

"Fortunately, we are smart enough, otherwise, he would really have escaped."

After following him out of Sky City and arriving at the banishment on the outskirts of the city, I couldn't help but speak to the servant beside me in the dark.

They had really almost been deceived by this person before. Fortunately, they had many people. As long as they were Lu Tianfeng's subordinates, everyone would follow them.

Who knew that this guy could be so cruel?

Even though there was no one around him, he was still able to kill all his subordinates, leaving no one behind. Not even the owner of the teahouse could escape his murder.

This is what Lu Tianfeng would do. Others would never be able to do such a cruel thing.

"Such a person will be sorry for himself if he doesn't die!" Shishu said coldly.

"yes."

Ban Jue agreed very much with Shi Shu's words.

"He has been walking around this place several times. It seems that he is near this place."

Chapter 3104 The end of the road

They have followed Lu Tianfeng and have walked around here several times. It can be seen that this man has become more cautious after experiencing all his forces being wiped out.

By doing this, he obviously wanted to get rid of them.

It's a pity, did they say they could just throw it away? Is he thinking too simply?

Not long after, Lu Tianfeng felt that he had almost walked enough circles, and he must have left those who should be dumped far away.

So, he came to a cave, looked back again, and made sure there was nothing suspicious before walking in.

There is a lot of food prepared here. Even if he lives there for a year and a half, he will be fine. Just let the people outside have a headache because they can't find him.

And after a year and a half, whether it is a poisonous corpse or the son of the evil devil, he will be born. He has got all the poisonous weeds, and he is not afraid that these poisonous corpses will not listen to him.

In fact, if he could, he really wanted to get the corpse-suppressing talisman into his own hands.

He had originally planned that if he got the corpse-suppressing talisman, he would never give it to that person. It would be great to use it himself.

It's a pity that this corpse-suppressing talisman has been destroyed and can't be picked up. What can be done?

"such a pity!"

He sighed softly.

However, so what if there is no corpse-suppressing talisman. He had heard that person mention how to control the sons of evil spirits before, but it only consumed more spiritual power.

As long as that person and Lu Tianlan and others can be eliminated by then, then what else does he care about the children of evil spirits? If they are all killed, this Qianhuan Continent will belong to him alone.

"Just wait, do you think I will reach the end of my rope?"

He sneered and continued walking into the cave.

...

Outside the cave, Ban Jue glanced at the servant beside him.

"I'm here to keep watch. You go and notify the master and mistress. It seems that he won't come out for the time being." He said to the servant.

Yes, where is the safest place for Lu Tianfeng at this moment? Isn't it safer to be with his poisonous corpses and the sons of evil spirits?

And even that person doesn't know about this place.

"Be careful yourself."

The servant looked at him, gave him a warning, then turned around and left.

...

On the other side, in the dim room, the man was full of rage and almost tore off the heads of all the subordinates opposite him.

"Trash, they are all a bunch of trash!"

It was okay to lose Lu Tianfeng before, but now, two days have passed, and even a person can't be found.

And he has received the news that all the poisonous weeds in Hongye Tower have disappeared.

Besides Lu Tianfeng, who else could steal those poisonous weeds? He couldn't tell that Lu Tianfeng had such ability. He actually wanted to control those poisonous corpses and the sons of evil spirits in his own hands. In hand?

"Hmph, if he wants to control so many demon children, he must be quite capable!"

Even if he wanted to master so many evil things, he had to rely on the corpse-suppressing talisman, so he tried his best to get the corpse-suppressing talisman.

Who knew that Lu Tianfeng was just a person with low cultivation, but he still wanted to master so many children of evil spirits without the corpse-suppressing talisman?

I'm afraid he can't even control a son of the devil, right?

Chapter 3105 It's really evil

Now that he was hiding and couldn't find anyone, he would just wait for Lu Tianfeng to be attacked by the sons of evil spirits and end up with the most terrible end.

"Get out, you useless things, get out of here!"

He yelled at his subordinates.

"Yes, yes, I'm resigning." The subordinates responded one after another, turned around and left.

"Master, please calm down, Lu Tianfeng is not worth it."

After all the subordinates left, a subordinate behind the man comforted him.

"Even if Lu Tianfeng is hiding now, so what? He will appear again sooner or later, and those things are beyond the control of a person with low cultivation like him.

At that time, as long as you have the corpse-suppressing talisman in your hand, are you still afraid of those things and won't listen to you? The key is still the corpse suppressing talisman. "

Hearing his subordinate's words, the man's eyes darkened.

How could he not know that the most important thing is the corpse-suppressing talisman?

But now the corpse-suppressing sigil is not in his hands, not to mention that the corpse-suppressing sigil has been destroyed. It is not that simple to turn it into a divine weapon again.

But he can think of a way to do all these, and the most important thing is to find a way to take the corpse-suppressing talisman from the hands of Sui Zimo and Lin Caisang.

That's the hardest thing.

"How are things going over there?" he asked his subordinates in a deep voice.

"My subordinates are doing things poorly."

The subordinates did not dare to overestimate their ability to do things and lowered their heads.

"Lin Caisang is really cunning. No matter what our people say, she refuses to hand over the corpse-suppressing talisman. Every time he gives her a prescription, he can accurately tell what is wrong with the prescription. place."

As he spoke, he secretly raised his eyes and glanced at his master.

"Even the antidote we gave her to temporarily suppress the poison in Sui Zimo's body was immediately withdrawn by her. Her eyes seemed to be able to see the true nature of all drugs.

It's really crazy. "

In the end, he summed it up in six words: This Lin Caisang is not evil.

As long as something passed through her hands, even if there was a slight mistake, they could be found out, so several times, they were unable to get the corpse suppressing talisman.

On the contrary, they felt that their behavior made Lin Caisang more cautious.

"Continue to negotiate with her and be sure to get the fragments of the corpse suppressing talisman."  
The man said.

"Yes, Master."

The subordinate responded. In fact, he really wanted to say, how about just exchanging the antidote for the fragments of the corpse-suppressing talisman?

But he didn't dare to say this. After all, the man in front of him was his master, and he had always been a man with a strong desire for control. How could he allow his subordinates to give him any advice?

...

Lin.

In the study, Lin Caisang put several prescriptions on the table and spread them all over the table.

"Sang Sang, what are you doing? The city lord and his wife are here. Why don't you go out and take a look?" Lin Changhong came to the study to see his sister. Seeing that she had been staring at these prescriptions in a daze, he couldn't help but ask.

Lu Tianlan brought his wife to the Lin Mansion. Although this was a very common thing, they had come often before.

But this time there is something important, and we are here to talk about Sui Zimo's recognition of his ancestor. This is a big deal. His sister is Sui Zimo's wife, how can she not get involved.

Chapter 3106 Ignore that person for now

"I have something to do. 69shux.Com "

Lin Caisang didn't even raise his head. He kept holding the pen in his hand, writing and drawing on a pile of white paper, and occasionally thinking about it.

Looking to her side, there was already a large ball of waste paper on the ground.

Lin Changhong couldn't help but smile and guess.

In the past, when I was in Yacun, so much paper was wasted, which would have made me feel sad for a while, but now, it is just thrown away like this.

"Sangsang, don't think about this for now. There's no rush at this moment anyway, right?"

He knew that his sister was looking for a solution to the poison on her brother-in-law, but how could the solution be so easy to find? He had to think about it slowly.

"How about waiting a little longer, maybe a few more prescriptions will be sent over, and then all the shortfalls can be made up?"

he reminded.

These prescriptions were all sent by that person's subordinates, just to deceive Sangsang into using the corpse-suppressing talisman fragments.

However, every time the prescription was used, Sangsang saw through it. He never succeeded in replacing the corpse suppressing talisman, so he had to return empty-handed.

And Sang Sang also had a few pills on hand that could temporarily alleviate the toxicity.

But in the final analysis, these things are of no use to Sangsang or Zimo.

After all, the poison in Sui Zimo's body has been suppressed and has never relapsed. What's the use of those temporary antidotes they want?

"Don't stretch yourself too hard.

"Um."

Lin Caisang raised his head, looked at Lin Changhong, and responded softly.

Based on these solutions, she knew that she should be able to figure out the antidote, but it was definitely impossible to get the antidote all at once.

Not to mention whether she has the ability or not, she just couldn't get the ingredients for the solution at the moment.

"Forget it, let's go see Zimo first."

...

In the living room on the other side of the Lin family, Lu Tianlan and his wife, Lin Baizhong, Liu Yuyang, and Sui Zimo were sitting at a table.

The faces of several people were not very good-looking.

"Can you find the person behind Lu Tianfeng?" Lu Tianlan asked.

"I have discussed with Sonner not to find that person for the time being and let him stay in Sky City for a few more days." Sui Zimo replied to him.

"Why?"

Lu Tianlan seemed to have not expected that his son would say this, so he asked.

Before, he thought that as long as they came out of Hongye Building, they could find out the person behind him through Lu Tianfeng.

But two or three days have passed, and Lu Tianfeng has become a man of his own. If that person moves to another place, then they really can't find him.

"Zimo, now is the time to find out that person so that Qianhuan Continent can return to the right path," he said.

"Ignore that person for now."

Sui Zimo insisted on his own ideas.

No matter who that person is, as long as he doesn't get the Corpse Suppression Talisman, he won't leave Sky City.

As for the Corpse Suppression Talisman, they would never give it to that person.

So now, he and Sonny will use the poison in his body to drag that person away. As long as he still has a glimmer of hope for the corpse-suppressing talisman, he won't really kill them.

"Zimo, tell us, do you have any ideas?" the city lord's wife asked.

She also felt that now was the time to deal with that person. Why didn't her son refuse to do it?

Chapter 3107 Former Elders

Is there something they don't know?

Or are Zimo and Caisang waiting for something to arrive that will allow them to capture that person in one fell swoop?

"Father, mother, that person is not so easy to deal with. He is already very strong just by being in Yuan Jue's body, let alone when he appears in person."

Sui Zimo looked at them with deep eyes.

"Are you sure you can deal with that person?"

"this....."

Lu Tianlan choked at the same time.

This is really a trouble. It should be impossible for them to deal with that person.

"If it doesn't work, I'll go and ask the elders and others to come out."

He thought for a moment and said.

"Um?"

Hearing this, Sui Zimo raised his eyebrows and looked at his father.

Elders? Those old guys who only do things in secret but never do anything serious?

They are now eager to drag his father out of the position of city lord. How could he really come to help them? Mentioning them is of no use at all.

"Zimo, the elders your father mentioned are not the elders of Sky City now, but the former elders." Lin Baizhong saw his doubts and answered for him.

The elders of Sky City are different from the city lords. The city lords are hereditary, but the elders must abdicate at a certain time to make way for others.

The previous elders had long since abdicated and had found a place to live in seclusion. They would only come out when Sky City really needed them.

This is not the time when Sky City needs them the most. It's here.

As for the current elders, one of the biggest reasons why they are jumping around so much is that their term of office is about to end, and in a few years, they will abdicate to make way for others.

If they don't want to leave, then they have to pull Lu Tianlan from the position of city lord, re-establish the best city lord in their hearts, and then change the elder abdication system, so that they can continue to be their elders. .

"It turns out they're not those old guys." Sui Zimo said quietly.

The remaining four people: "..."

Even though they were furious with the elders in their hearts, they didn't call them 'those old things' on their lips.

This kid, if those elders heard this, wouldn't they be so angry that they would die?

"Dad, can you contact them now?" Sui Zimo continued to ask regardless of what they were thinking.

"The contact can be made, but it's not certain whether they can arrive in time, but it will not be more than a month at most." Lu Tianlan hesitated and replied.

If Sky City is in trouble, the elders will naturally come, but after all, they are in different places. Even if they rush over immediately after receiving the news, it will take some time.

What's more, it would take time for him to summon him.

"A month, almost."

"Zimo, don't forget that Sangsang is going to give birth in a month. We should deal with that person in advance so that Sangsang can feel at ease..."

"My and Son'er's child should be born in half a month."

All Lu Tianlan's words were stuck in his throat because of Sui Zimo's words.

Four people and two couples stood up in shock at the same time and looked at Sui Zimo in disbelief.

Chapter 3108 You have to prepare early

"What's going on? Isn't it a month later? Why suddenly... Sangsang, you're here, come and sit down." Before Liu Yuyang finished asking, after seeing his daughter coming in from the door, he hurriedly asked Go over and help her.

But there was one person who was faster than her.

"Sang'er, why are you here? Be careful not to bump into her. Come and sit down." Sui Zimo carefully supported his wife and sat down on the chair he was sitting on.

"What's going on? Tell us quickly, did you encounter anything in the sea forest?" the city lord's wife asked impatiently.

"Why did the time suddenly advance?"

"Sangsang, what...is going on with you?"

Lin Changhong, who came with Lin Caisang, was anxious when he heard what they said, so he asked.

"It's just half a month in advance. It's really nothing." Lin Caisang smiled and spoke to them.

"Zimo and I speculated that it might be because the time in Qianji Pond is different from that outside, that's why this situation occurred."

"Then... nothing will happen to the child, right?" Lin Baizhong asked.

"of course not."

Lin Caisang immediately shook his head.

"Dad, I'm an alchemist. I don't know how my body is. I'm absolutely fine. I check my pulse every day.  
69shux.Com"

Hearing this, Lin Baizhong and Liu Yuyang looked at each other, and Lu Tianlan also looked at his wife.

They still believed Sang Sang's words, she would not lie about her child.

"Then... we have to get ready quickly. Seeing that the time is coming, there are still many things that are not prepared." Liu Yuyang said.

"Yep."

The city lord's wife responded repeatedly and turned to look at her own city lord.

"Tianlan, people outside are all watching with eager eyes, especially the person behind Lu Tianfeng. If he knows about Sangsang's early delivery, I'm afraid he will cause trouble again. You have to prepare early."  
"

The key is to protect their daughter-in-law, and she doesn't care about anything else.

"I will arrange this." Lu Tianlan responded.

Regarding this, he had planned it early on. No matter whether that person was eliminated or not, he would not let down his guard.

"Actually, it doesn't matter. Zimo and I won't be in Sky City when the time comes." Lin Caisang raised his eyes and glanced at Sui Zimo, then looked at them and said.

"Huh? What do you mean?"

Several people were puzzled and raised their heads to stare at Sui Zimo.

"No matter how safe the Sky City is, it is not as safe as Sonner's Golden Pearl Space. What Sonner and I want is that we can go directly to the Golden Pearl Space when the time comes.

However, there may be something going on in Sky City, and my father and father-in-law will still be busy by then. "

"Then we will go in together then."

Liu Yuyang and the city lord's wife said at the same time that they were not allowed to accompany Sangsang when she gave birth.

As for men, just stay in Sky City and deal with those who want to cause harm in the dark. There should not be a few of those people.

Several people got together again and talked for a while before bringing the topic back to how Sui Zimo recognized his ancestor and returned to his clan. However, everyone's opinions were inconsistent.

Lu Tianlan, the city lord and his wife, wanted Sui Zimo to enter the city lord's mansion as quickly as possible.

As for Sui Zimo himself, he wanted to wait until he killed that person before entering the city lord's mansion and purge all those self-righteous elders from Sky City.

Chapter 3109 Could it be that you are blind in vain?

This way everyone can be happy.

Moreover, the former elders happened to be there at that time. Even if the elders of Sky City wanted to cause trouble, someone would help them.

But Lin Baizhong also had his own ideas and felt that the matter of recognizing his ancestors and returning to the clan must be considered in the long term.

Now that I tell everyone directly that their missing young city lord is back, I guess most people in Sky City will not believe it.

It's not that they don't believe it, but that even if they know it is true, they will choose not to believe it. After all, there are no young city lords in Sky City, so it will be much easier for them to do things.

If a young city lord suddenly comes, they will not only have to adapt to the young city lord's temperament, but they will also no longer be able to say the same things they used to criticize the city lord for having no heir.

They can no longer do whatever they want in Sky City with confidence.

Lin Baizhong felt that he had to deal with those people first, or make them dare not complain about Sui Zimo, before he could make it public that Sui Zimo was the Young City Lord.

"Actually, what Baizhong said makes sense. The current Sky City is not united."

Regarding Lin Baizhong's opinions, Lu Tianlan also sighed lightly and felt that what he said was quite good.

Sky City is not something he, the city lord, can decide. After all, this is a world where the strong are respected, and the city lord is just a name to put it bluntly.

It's just that everyone likes this name and wants to fight for it.

"Let me tell you, why are there so many twists and turns? Zimo can just go directly to the city lord's mansion. If anyone dares to gossip, just give him a beating. It's such a simple thing."

Lin Changhong listened to their argument and expressed his thoughts directly.

Saying that this is not possible and that is not possible, should Sui Zimo be allowed to live in the Lin family all the time?

Although this is nothing, no one will say anything, but after all, he has wronged Sui Zimo, right? Sui Zimo is the city lord's biological son, so there is no reason to admit it.

"You have a city lord, a commander, a Ye An leader, and the power of the Ding family, are you afraid that you can't support Zimo alone? Are you looking too high on those people in Sky City?"

Everyone: "..."

Several people looked at me and I looked at you, but they all fell silent.

Yes, Lu Tianlan is the city lord, Lin Baizhong is the commander who oversees the safety of Sky City, and Liu Yuyang is the Ye Dark leader of Qianhuan Continent, plus the power of the city lord's wife, the Ding family.

Will Sui Zimo still suffer in the hands of those people?

What's more, it's impossible for Sui Zi Mo Guang to let those people take advantage of him, okay?

Otherwise, would all his cultivation be in vain?

"Let's wait until all the poisonous corpses raised by Lu Tianfeng are dealt with. There is also that person who is not easy to deal with. If he returns directly to the City Lord's Mansion now, that person will have even more reason to take out his anger on the City Lord's Mansion. "

Finally, Lin Caisang spoke and settled the matter.

That person wanted to take it out on the City Lord's Mansion, which was fine. They were still afraid that the person wouldn't jump out.

But if because of something happening in the city lord's palace, those elders who relied on their elders and betrayed them all put the blame on Zimo, then she would not allow it.

"At that time, Zimo and I's child was also born, so the City Lord's Mansion can have double happiness."

Chapter 3110 Why worry?

"Okay, let's do it as Yi Sang Sang does." Lu Tianlan thought for a while, then nodded.

In fact, he was also anxious. Although he ignored the rumors outside, he didn't want his son to be wronged in the slightest.

"Although there is still some time, we still need to make preparations. Tianlan, I think it is better for us to spread the word first and see who in this sky city will oppose the arrival of the young city lord. happy event."

"puff!"

After hearing her words, Lu Tianlan couldn't help but chuckle.

Who in Sky City would object? There are many people who would object, not just one, two or three?

But there is nothing wrong with doing this. It can prepare him mentally, and it also allows him to send people to deal with the troubled people in time, so as not to stain the eyes of his son and daughter-in-law.

"I'll take care of this," he said.

"Well....."

"Master, the servant is back."

As soon as everyone stopped talking, Jiang Li came in from the door and spoke to them.

Several people looked at each other, their eyes bright.

"It seems that Lu Tianfeng has found those who came here." Lu Tianlan said solemnly.

When it came to Lu Tianfeng, he really wanted to slap this person to death with one palm, but thinking that there were so many evil things behind him, he had to endure it.

Now, I can finally understand that person thoroughly, which is also a big thing to keep in mind.

"Let her in."

"Yes, Master." Jiang Li responded and went out.

Soon, the servant came in, first saluted everyone, and then told where Lu Tianfeng was.

"Master, my subordinates and Ban Jue followed Lu Tianfeng and left Sky City to the Jade Dragon Forest on the outskirts, and watched him enter a cave there.

The subordinates and Ban Jue were afraid that they would alert the enemy, so they did not follow him, but Dabai did. "

"Then let's go."

Lin Caisang stood up.

"Sangsang, are you going too?"

Lu Tianlan frowned when he saw Lin Caisang standing up.

Wouldn't it be enough for his son to make a trip over this matter? My daughter-in-law has a big belly, so what else is she going to do? It's very tiring.

"Sang'er really has to go together for this matter. Don't worry, I will take good care of Sang'er." Sui Zimo spoke for his wife and said to everyone.

Those poisonous corpses must be sent to the Wuji Hell, otherwise there will be no place to put them.

"Why don't you worry?"

Lin Changhong rolled his eyes and looked at his sister and brother-in-law.

"Of course we are going with you. With more people and more strength, we will try to take down those damn things as quickly as possible, right?"

Turning around, he looked at his biological father and mother, as well as the city lord and his wife. Are they still planning to let their daughter, son-in-law, and daughter-in-law fight alone?

"Yes, we encountered poisonous corpses this time, and there may be many mothers of the children of evil spirits. We must go together." Lu Tianlan nodded immediately.

"us....."

"You don't want to go. There must be someone guarding the city. Those old guys, if you give them a chance, they will want to cause some trouble."

Just as the city lord's wife wanted to speak, she was held down by her own city lord.

Those elders really gave him a headache. In this sky city, there are really no shortage of people at all times.

Therefore, his wife must stay, otherwise he will be worried about both ends.
