

Star of Space 3111

Chapter 3111 I am the only one who steps on him!

"Then, okay, I'll stay.

The city lord's wife thought about it and stopped rushing to the suburbs to deal with Lu Tianfeng.

Things in the city also need people to preside over, and those people will scold them as soon as they get the chance.

"You must be careful, Tianlan, and protect Zimo and Sang Sang."

Lu Tianlan: "..."

Sure enough, there is no comparison between now and before.

Before his son came back, his wife only had eyes for him, but now that his son is back, it seems that his husband's only role in the eyes of her is to protect her son.

But.....

He silently raised his head and looked at his son Sui Zimo, who was very close to him.

Is his wife really sure that her son will still be the one who will be held in his arms and just cry?

His son no longer needs their protection. Instead, he has learned how to protect the relatives around him. This is the difference between children and adults.

"Okay, I will protect them."

Although he was thinking this, Lu Tianlan still turned his head and responded to his wife.

"Yu Yang, how about you stay in the city?"

Lin Baizhong saw that the city lord's wife had stayed, and he also wanted Liu Yuyang to stay.

He knew that she had been poisoned before and was in poor health. Although she was a spiritual practitioner and was no different from ordinary people, he didn't want her to have to work too hard after all.

only.....

"What do you think?"

Liu Yuyang glanced over.

"Forget it, let's go together." Lin Baizhong hesitated and said.

The worst thing is, he just needs to protect her. With him here, Yu Yang will never get hurt. If she wants to go, she can go with him.

He stayed in the city because he was worried about them, so he wouldn't have a good rest at all.

Lin Caisang: "..."

Is her biological father more cowardly enough?

However, a man who loves women is a good man, and her father is the biological father she respects.

"Go and get ready, let's set off." Sui Zimo ordered the servant and Jiang Li.

...

On the outskirts of Sky City, in a cave in the Jade Dragon Forest.

Sitting high on a golden dragon chair, Lu Tianfeng looked at the masterpiece he had created in front of him and smiled with satisfaction.

"When I have fed all these things, I want to see who dares to despise me and treat me as nothing. Even if it is him, don't even think about stepping on my head again. Then I will be the only one stepping on him. "

The 'him' in his mouth was naturally referring to the person who usually bossed him around, but when it was useless, he wanted to abandon him, and even wanted to kill him.

He will repay all this to that person.

As for Sui Zimo and the others, no one can escape until he slowly feeds these poisonous weeds to the mother bodies of these poisonous corpses and the sons of evil spirits, and controls them in his own hands.

At that time, he will be the only one who can control those people.

"hehe!"

He laughed out loud again.

The poisonous corpses in front of him will not have any sensory reaction. On the contrary, the mothers of the sons of evil, who are living bodies like the former queen, will have reactions.

However, after hearing Lu Tianfeng's laughter, they just raised their heads and glanced at him.

If those women who took the initiative to throw themselves into Lu Tianfeng's arms, as well as the family members behind those women, would see, they would definitely be able to tell that many of the women here are the women of Lu Tianfeng's Mansion.

Although their faces were covered with criss-crossing dark blue lines, their general appearance could still be seen.

Chapter 3112 Those people came in

It's no wonder that there are so many women in Lu Tianfeng's house, and he doesn't refuse any of the women sent to him by his family.

Because he used all those women here.

And the women in his mansion are just his female subordinates who have changed their appearance, and they are all extremely ugly. If they were to show their true appearance, they would definitely scare a lot of people to death.

Just when he was thinking about how he would sweep across the Qianhuan Continent in the future, suddenly, there was a loud "boom" from outside.

"what happened?"

He was so frightened that he stood up from the golden chair.

Although the poisonous zombies around you can be used to deal with foreign enemies, they are not that lethal after all, and they will still be damaged.

Not to mention the mother bodies of the children of evil spirits, they are useless for anything.

If the people sent by that person came in, then he would really only be caught, because he thought this cave was the most secret and no one else could find it.

Therefore, he did not leave any escape route for himself.

"Come on, come on, who hit something?"

At this time, he could only hope that his subordinates outside had bumped into something to cause the sound.

But would it be that loud if a simple thing was knocked down?

That was clearly the stone door outside. The sound of it being blown apart meant that someone must have broken in. Lu Tianfeng was absolutely sure, but he just couldn't believe it.

Because if you believe it, you will be dead.

"Where are the people? Where have they died? Why don't you leave them to me..."

With the sound of messy footsteps, Lu Tianfeng's unfinished words were interrupted. A subordinate stumbled in, his face covered with blood.

Of course, the blood on his face belonged to others, not his own. Fortunately, he ran fast and did not die.

"Master, what's wrong, those people outside came in, what should I do?"

"What?!"

Lu Tianfeng seemed to be in disbelief that he was found so quickly.

He was obviously careful enough to make sure that the people around that person would not follow him. How could he still be found?

Is there anything else that he hasn't thought of? What exactly went wrong?

Suddenly, he thought of another possibility.

Who said it must be that person's subordinates who broke in? It's not just that person who wants to get the poisonous corpse and the mother body of the evil son in his hands, but also...

Thinking of those two people, his face suddenly turned green.

More than that person, he didn't want his things to fall into the hands of Sui Zimo and Lin Caisang.

What fell into the hands of those two people would never see the light of day again, and all his years of hard work were in vain.

"Why don't you hurry up and take care of yourself outside? This young master..."

"No need, what's the point of trying to hold it up? You're just going to die, aren't you?"

With a muffled groan, the subordinate fell softly to the ground, and several people were already standing not far in front of Lu Tianfeng.

Among them, the person he is most familiar with is Lu Tianlan. This is the person he doesn't want to kill every day!

"Lu Tianlan, it is indeed you!"

Sure enough, he guessed right. His own power was wiped out all at once. Lu Tianlan must be behind Lu Tiankuo, who was behind Lu Tiankuo. Otherwise, it was just that idiot Lu Tiankuo?

Chapter 3113 What about the conditions?

What's ridiculous is that that person thought Lu Tiankuo was so great, and wanted to kill him and reuse Lu Tiankuo.

This is really a big joke, it's really funny.

"It turns out that you have known each other Sui Zimo for a long time, right? You are still pretending to be a big-tailed wolf in front of me, and you look quite similar!"

He said the last sentence through gritted teeth.

Everyone: "..."

Why do they feel like they are saying this the other way around? Who is pretending to be a big-tailed wolf? Is it them?

"Lu Tianfeng, haven't you been pretending to be the same for so many years? Now this city lord has just pretended for a while and you feel uncomfortable. So how do you think what you have done over the years should be considered? "

Lu Tianlan looked at him coldly and asked.

"Can you compare with me? I know people from a higher continent. Who do you think you are, the Lord of Sky City?"

In all these years, he has never taken this idiot Lu Tianlan seriously. Lu Tianlan always did whatever he said.

If Lin Baizhong hadn't been by Lu Tianlan's side in the past few years, Lu Tianlan would still be the one who listened to him and would never go west when he said to go east.

With such a person, do you still want to argue with him?

"It's a pity that your master no longer recognizes you. He only recognizes Lu Tiankuo. Lu Tianlan reminded him with a smile.

"you--"

When he mentioned that the person he was using now was Lu Tiankuo, he became extremely angry.

But he also knew that it was useless to talk about that person now. What he should think of most now was how to escape from the hands of these people.

He cannot die here. There are still many important things waiting for him to do. He has not yet become the city lord of the Sky City, and has not yet gone to a higher continent to gain more lifespan.

How could he die here?

"hehe."

Thinking of this, he smiled faintly at Sui Zimo and Lin Caisang.

"Don't you want to know where that person is? I can tell you."

Anyway, that person didn't recognize him as his subordinate, so he had nothing to worry about, and he couldn't be considered a traitor. He felt it was worth it to trade that person's life for his own.

"What about the conditions?"

Sui Zimo opened his mouth and asked him.

"The conditions were naturally discussed slowly. Why should we say it in such a hurry?" Lu Tianfeng felt that as long as Sui Zimo opened his mouth, he would still be alive.

"I don't have any conditions for killing people now. I just hope that after I tell you the hiding place of that person, you can let me go. As for other conditions, we can really talk about it slowly."

he said.

"laugh."

Hearing his words, Lin Changhong was the first to sneer.

There aren't many life-threatening conditions? If Lu Tianfeng wants to leave this cave alive, life is the most important thing.

Look what's inside this cave, batches of poisonous corpses. If these were put outside, how many people would die?

There are also the mothers of those evil devil children. If all the evil devil children in their stomachs fall to the ground, then this Thousand Illusion Continent cannot be described in just one word. It is completely hopeless.

How could they let a person like Lu Tianfeng stay in this world.

Chapter 3114 Take it directly

"A person who knows how to create the devil's son and poisonous corpse, Lu Tianfeng, do you think we will let you leave here alive? It's still daylight outside. Is it time to wake up from your sweet dream?"

"What did you say?!"

Lu Tianfeng glanced at Lin Changhong and then looked at Sui Zimo.

"Don't you want to know where that person is? I tell you that no one knows where that person is except me."

he threatened.

"Ah."

Lin Caisang slowly raised his hand and touched his belly while looking at Lu Tianfeng with a smile on his face.

"Are you really the only one who knows where that person is? Isn't there another person who knows where that person is? Doesn't he know it too? Now he is more popular with that person than you are."

Lu Tianfeng: "!!!"

He really didn't want to hear the words Lu Tiankuo.

When it comes to Lu Tiankuo, he will want to kill people. That idiot Lu Tiankuo, he and he are both working under that person, he is one of our own.

But that idiot was so stubborn that he did such a stupid thing and eradicated all the people under his command.

Even if Lu Tianlan interferes with it, he can't do this.

But unfortunately, that person knew what Lu Tiankuo had done. Not only did he not say a word of blame, but he used Lu Tiankuo even more. This made him want to vomit blood.

"You...you are going too far!"

Did these people come here on purpose to make him angry? Why do you dare to say anything?

Although he had to admit that Lu Tiankuo could see that person directly, he could not see him just when he wanted to. Lu Tiankuo could only see him when he needed to see Lu Tiankuo.

"Since you don't want to see that person, I have nothing to say."

Thinking that Sui Zimo and Lin Caisang must want to see that person as soon as possible, he pretended to be calm and wanted to threaten them.

Who knew...

"What nonsense are you talking about? Just take it down."

Lin Changhong didn't have the intention to keep in touch with Lu Tianfeng, so he rushed towards the person directly.

When Lu Tianlan and Lin Baizhong saw Lin Changhong rushing over, Lin Baizhong also went to deal with Lu Tianfeng, while Lu Tianlan rushed directly towards the poisonous corpses.

The mother body of the devil's son is indestructible in the presence of fire, so he cannot be killed, but those poisonous corpses are always afraid of fire, right?

It just so happened that he was a person with fire spiritual power, so he could just put out the poisonous corpses. It was such a simple thing.

"father....."

Seeing Lu Tianlan directly hit the poisonous corpse with a burst of fire, Lin Caisang was stunned.

Although she had said that the poisonous corpse was afraid of fire, the smoke was poisonous when the poisonous corpse was burned. This was a cave and the air inside was not very circulated.

Together with the poisonous smoke after the poison corpse was burned, they have to explain it here.

"Zimo, this is 'No Fear'. Hurry up and give everyone a pill. Also, put this on."

There was no way, it was too late to stop her father-in-law, the city lord, from showing his power, so he could only take out the antidote pills and a pair of masks for each of them.

"You watch here, mother-in-law..."

"Go, I will protect Sangsang."

Before Sui Zimo could finish speaking, Liu Yuyang said to him, with her here, what could happen to her daughter? Men should do serious things.

Chapter 3115 Is there a next time? !

"good."

Sui Zimo responded and then left. After a while, he was fighting with those poisonous corpses.

Although the poisonous corpse is not strong enough, it can still attack people. Even if it is burned, it is still capable of attacking before it is completely burned to ashes.

...

More than an hour later, outside the cave.

"Ahem!"

A few people stood scattered, coughing.

The smell of burning poisonous corpses was really unpleasant. They had never smelled such an unpleasant smell.

After finally settling the matter in the cave, they were able to come out and take a breather.

"Next time, next time, this city lord will never burn those things randomly." Lu Tianlan gasped for air and pointed to the sky and swore.

He even doubted that if Lin Caisang hadn't given them the antidote pills in advance, would they have been like Lu Tianfeng and had to explain everything in it?

"There's still a next time?!"

Lin Baizhong stood not far from Lu Tianlan. When he heard his words, he turned to look at him.

Lu Tianlan: "..."

Bah, look at his crow's mouth. This kind of thing once is enough to scare people. If it happens again, will he still live?

"There is no next time, absolutely no next time." He said quickly.

"Huh, this is still a human saying." Lin Baizhong exhaled heavily and said.

Those poisonous corpses were really terrifying. They were burned into a whole fire, but there were still enough to attack them. Even if Lu Tianfeng was already dead, the poisonous corpses would still attack them.

If Lu Tianfeng hadn't brought them here, these poisonous corpses would have killed many people in the future.

"Sang Sang, what should we do with Tianfeng's body on this road?" He looked at his daughter and asked.

They didn't understand why the daughter and son-in-law wanted to get Lu Tianfeng's body out of the cave. Wouldn't it be better to just leave it there?

"Set a fire and burn it." Sui Zimo said coldly.

Others: "..."

They deliberately took out Lu Tianfeng's body just to set a fire outside and burn him?

What kind of truth is this? He can't even figure it out.

"Lu Tianfeng is used to being cunning. Who knows whether he is really dead or pretending to be dead? It's better to take him out and set him on fire, lest he come back to life after we leave."

Seeing their puzzled faces, Lin Caisang explained.

After hearing this, a few people looked clear and understood what it meant.

"It's true that we think too simply. We should be more cautious. This person is a cat and has nine lives." Liu Yuyang looked at Lu Tianfeng's body and said something.

"Then let's set it on fire and I'll move it." Lin Changhong walked over on his own initiative, wanting to reach out and pick up Lu Tianfeng.

Unexpectedly, Lu Tianlan stopped him.

"Don't bother, just burn it."

Why move? After listening to his daughter-in-law's words, he now felt that Lu Tianfeng would stand up and run away at any time.

Just burn him with a fire and end it all at once. That would be good.

Hearing his words, Lin Changhong raised his head, glanced at his sister and brother-in-law, then raised his eyebrows, took a few steps back, and went to guard on the other side.

Soon, a raging fire burned on Lu Tianfeng's body. In order to make the fire burn brighter, Lin Changhong also picked up a lot of dead branches and threw them on the body.

Chapter 3116 Already dealt with

It wasn't until the body was burned to ashes that everyone put their hearts into their stomachs, simply cleaned up, blew up the cave entrance, and left.

...

When the man heard the news and came with his subordinates, he saw that the cave had been bombed beyond recognition and no one could enter it.

"Master, we are too late."

The subordinates beside him looked at the blown-up cave and said to their master.

However, the next moment, a loud slap fell on his face, and the man stared at him fiercely.

"I don't have eyes. Do you still need to remind me?"

He just came a step late and gave Lu Tianlan and his gang an advantage. But he didn't expect that these people would still keep an eye on Lu Tianfeng.

Even the person he was staring at, Lu Tianfeng, was thrown away. Lu Tianlan, whom he had always looked down on, could actually follow him?

It seems that he must have got help from Sui Zimo and Lin Caisang. I don't know who Lin Caisang is. He is obviously from Huanglu, but his skills are better than those of them. It's going to be awesome.

"Trash, if your people hadn't kept Lu Tianfeng with me, would I have been late?" He asked coldly.

After hearing what the man said, how could my subordinates dare to say anything?

They had deliberately let Lu Tianfeng escape alone before, because they knew that Lu Tianfeng would not obediently hand over the poisonous corpse and the mother body of the evil son.

And they had been sending people to follow them, thinking that they would be able to follow them and find the mother body of the poisonous corpse and the son of the evil devil.

Who knew that these people were so useless that they couldn't even keep up with Lu Tianfeng and even let him run away.

Just run away, there will always be opportunities to seize them again in the future.

But who would have thought that Lu Tianlan's people would be so capable, following them, and disposing of the poisonous corpse before them.

"It's my subordinate's fault. Those people have been dealt with by my subordinates." He lowered his head and said.

"snort."

The man snorted coldly.

What's the use of disposing of those useless things? Now Lu Tianfeng is gone, and the mother bodies of those poisonous corpses and the sons of evil spirits are gone too.

"What are you still doing there? Go immediately and find out where Lu Tianlan's people took the mother body of the Demon Son." He ordered.

Poison corpses can destroy corpses and eliminate traces, but the mother body of the devil's son cannot. That thing cannot be killed.

Therefore, he thought that Lu Tianlan must have found a place to place the mother bodies of those evil children, and deal with them when the evil children were born, that is, when the evil children were at their weakest.

Even so, he still has a chance to get the son of the devil.

"Yes, my subordinate will do it now."

The subordinate responded, turned around and was about to leave, going to the Sky City to inquire about it.

However, how could the man allow him to leave so easily? He stopped him directly.

"etc."

"Master, do you have any other orders?" The subordinate turned around and asked.

"If this thing goes wrong again, you don't have to stay with me." The man's emotionless voice sounded in the ears of his subordinates.

There are no useless subordinates under his command. If he can't handle even a small thing, there is only one place to go, and that is to die!

Hearing this, the subordinate was shocked and his pupils shrank sharply.

Chapter 3117 Dogs bite when they are anxious

He has always known that his master is a cold-blooded and ruthless person, and anyone who does things poorly will not end well.

In the past, he watched other people being executed by his master, but now it must be his turn?

"Yes, my subordinates will definitely handle this matter well."

For his own life, he had to get this done.

We must find out where the mother body of the devil's son is, otherwise, his death is not far away.

"Walk."

Since there is no whereabouts of Lu Tianfeng here, and there is no mother body of the Poison Corpse and the Son of Evil, the man will naturally not want to stay here anymore.

He turned around and left directly.

Other subordinates followed suit, as if they had never been to this place.

After they all left and the surroundings returned to calm, two figures poked their heads out of the grass not far away.

"It turns out to be him!"

Lin Baizhong looked at the man's back with terrifyingly deep eyes.

"Have you seen this person?" Lu Tianlan turned his head to look at Lin Baizhong in confusion and asked.

He had never even seen that person. How did Lin Baizhong know him? Could it be that he recognized the wrong person?

"I've seen it."

Lin Baizhong said two words calmly.

"After I rescued you, when I went back to pick up the city lord's order, I happened to encounter this man coming with many subordinates to collect the bodies of the guards."

However, at that time, he thought that this person just happened to be passing by and buried the corpses without thinking much about it.

He also lost his memory at that time, and he came to Qianhuan Continent alone. He couldn't tell what he felt in his heart, and he didn't think deeply about those weird things.

Otherwise, he should have thought of it long ago.

"Is this my subordinate's fault?!"

Hearing him mention the past events, Lu Tianlan thought of the time when he and his wife were killed and were accidentally saved by Lin Baizhong.

At that time, he thought that Lu Tiankuo was dissatisfied with him being the city lord and wanted to kill him, so he didn't think further.

Now it seems that all the things that happened around him should be related to this person.

Even if his son ends up living in the wilderness, it's all the work of this man.

"We should check to see what identity this person should have in Qianhuan Continent." Lin Baizhong looked at Lu Tianlan and reminded.

Regardless of whether that person is from Qianhuan Continent or not, if he stays in Qianhuan Continent now, he will definitely have an identity that is more convenient for him to stay here.

No matter how they deal with him in the future, they should first familiarize themselves with that person's identity.

"It's time to investigate."

Lu Tianlan whispered.

However, he still shook his head and felt that he shouldn't check it now.

"It's better to wait until Sangsang gives birth before doing other things. Dogs will bite people when they are anxious, let alone such a person." He said.

"right."

Lin Baizhong also nodded.

They burned all the poisonous corpses that the man wanted, and took away all the mother bodies of the devil's children.

That person is almost ready to die. If we send people to check for this person at this time, everyone will probably be sick. They should take it easy.

"Let's go back first. It's best to seal this place permanently," he said.

"I'll take care of this."

Lu Tianlan thought for a while and took over the matter.

Lin Baizhong: "..."

Chapter 3118 Let's go to Lu Tianfeng's house

He said he would handle it, but he was the one in charge of the mansion. Didn't he have to let him handle the final matter?

That's really good to say, as if he, the commander, is of no use at all.

...

City Lord's Mansion.

Because they found out that Lu Tianlan was not here, several elders immediately surrounded the city lord's wife.

Because they learned that the city lord's wife was not pregnant with the young city lord at all, the elders finally let go of the bad breath in their hearts.

By the way, in order to give themselves another bad breath, they had always wanted to talk properly in front of the city lord's wife.

"Mrs. City Lord, you must give us old men an explanation this time. The good young City Lord, how can you say that he is gone? Is what he said before all false?"

"That's right, Madam City Lord, if what you said before is not true, then why do you still spread such words? Isn't this intentional to embarrass everyone?"

"Originally, everyone was overjoyed, thinking that Sky City would finally have a successor. Who would have known that this was completely false? This really... makes us old men feel so embarrassed?"

If anyone is the best at pretending in Sky City these years, besides Lu Tianfeng, it must be a few elders.

In the past, the city lord's wife could show courtesy to them because they were elders, but now...

Whoever loves courtesy will give in more!

Her Zimo has grown up. As soon as he returns to the city lord's palace, those who want to bully him will all be pulled down from their elder positions one by one.

Those who have been replaced should be a new group of elders.

As for the elders this time, she and the city lord had to make a good choice. They could not get someone who was so arrogant that they couldn't even tell who their master was.

"Do the elders really want to know what is going on?" She sat on the chair and looked at the elders as if they were watching a few juggling sons.

"Of course."

The other elder standing at the front puffed up his chest and said.

Aren't they just waiting here for the city lord's wife to give them an explanation? If possible, they would also like to use the fact that the city lord has no successor as an excuse to pull down the city lord Lu Tianlan and replace him with someone they like. .

"Since you want to know so much, then go to Lu Tianfeng's house. Lu Tianfeng should be happy to answer this question for you."

The city lord's wife said calmly.

"you--"

The elders were almost angry when they heard her words.

There was no one left in Lu Tianfeng's house. It had been purged a long time ago, and there were no more people left, leaving only an empty house.

The person who dealt with Lu Tianfeng was Lu Tiankuo, but they couldn't come to him because Lu Tiankuo was also the son of the old city lord. Although he had similar status to Lu Tianlan, Lu Tiankuo was a ruthless person after all. ah.

If they offended Lu Tiankuo, they might have their necks wiped clean at home on a dark and stormy night.

Although they are the elders of Sky City, when it comes to spiritual cultivation, they are naturally as high as a mountain. There are many strong people who can be hired with money.

"What does this have to do with Lu Tianfeng? Can he still force the city lord's wife to get pregnant?" An elder asked with a cold face.

Chapter 3119 What does it have to do with you?

Could it be that the child of the city lord's wife could still be Lu Tianfeng's? They naturally came to the city lord's mansion to find someone, so why should they go to Lu Tianfeng's house.

Moreover, they knew that Lu Tianfeng would not be found at all.

"Why doesn't it matter?"

The city lord's wife took a sip of tea, put the tea cup away, and then looked up at the elders.

"My wife is pregnant. Who diagnosed her? And who told her that she was pregnant with a young city lord? Isn't it Lu Tianfeng?"

My lady has never said outside that I am pregnant with a young city lord. Could it be that some elders have heard me mention it before?

Since it was Lu Tianfeng who spread the news, he is naturally responsible. If the elders have any questions, they should ask Lu Tianfeng. I will not get any answers from my wife.

"Well."

All the elders choked at her words.

Indeed, they had never heard the city lord's wife say such words.

But so what, they don't get to see the city lord's wife very often, let alone sit down and chat with the city lord's wife. Even if the city lord's wife wants to talk to them, it's impossible, right?

It's just that they didn't give the city lord's wife the chance to say it, right?

"According to what the city lord's wife said, this matter is still Lu Tianfeng's fault?" One of the elders asked the city lord's wife with a dark face.

"nature."

The city lord's wife raised her eyebrows and said.

If it wasn't Lu Tianfeng's fault, who else could it be? Lu Tianfeng did all these things under the instigation of the person behind him.

How is it possible for her to shoulder all the responsibilities now?

"Elders, my wife, it's already getting late. You'd better go back. Don't wait for the city lord to come back. If you say something you shouldn't say in front of him again."

She directly ordered several elders to be kicked out.

"you--"

The elders didn't get the answers they wanted, nor did they hear the city lord's wife bow her head to them and admit that this mistake was her own, and they felt even more angry.

But what can they do? This person is not someone they can offend just by saying they offend him.

After all, Lu Tianlan is still the city lord now, and even if they were all put together, they are just elders and cannot defeat the city lord.

"Madam, can you give us some definite news? When will Sky City be able to have a young city lord?" asked the elder standing at the front.

"What does this have to do with you?"

Upon hearing his words, the city lord's wife suddenly turned cold.

"When will it be your elders' turn to take charge of the affairs of the City Lord's Mansion? Why, do you think that the City Lord is too old to have a son? Or maybe you think that since the City Lord's Mansion has no heirs, you can just leave it to you. Do whatever you want?"

"this....."

When several elders heard her words, their faces suddenly turned ugly.

What do you mean they do whatever they want? If they do this, it is not good for Sky City.

There has never been a successor in the city lord's palace. What do others think? The shame of their Sky City has been thrown onto the entire Qianhuan Continent, okay?

"Mrs. City Lord..."

"If I remember correctly, the terms of office of several elders are coming soon, right?" Without giving them a chance to speak, the city lord's wife reminded them.

Chapter 3120 I really can't keep it anymore

Several elders: "..."

What they hate most is having this matter mentioned.

However, what if their term of office is up? There is no Young City Lord in the City Lord's Mansion. Even if they reach their term of office again, there will be no Young City Lord to choose a new elder to succeed them.

On this point, they can rest assured.

"Madam, the young city lord has not yet been born. Isn't it a little early to talk about a new elder to take over?"

One of the elders glanced disdainfully at the belly of the city lord's wife and snorted in his heart. Not even a hair came out of his belly. Do you still want their eldership?

Are these elders really vegetarians?

"yes.

The city lord's wife looked at them faintly and nodded.

"The young city lord hasn't appeared yet, so the elders still have enough to show off their ability to show off their words in my wife's honor, right?"

"Well!"

Several elders choked at her words, and their faces turned extremely dark.

The meaning of the city lord's wife's words was to remind them that without the young city lord, they could still stay in the position of elders for a few more years. If there really was a young city lord...

Those young city lords have trained a group of people themselves, and their positions as elders will be replaced sooner or later.

"Madam, we remembered that we still have some things to deal with in the city, so we left first." The leading elder took a deep breath, said something to her, turned around, and left.

Seeing him leaving, several other elders followed him one after another, without even saying hello to the city lord's wife.

"laugh."

The city lord's wife looked at their backs and sneered.

Do you really think she will still look at their faces now? Now her son is back.

Just wait, when Zimo returns to the city lord's palace, these people should all be cleared out one by one, and no one can be left.

And unlike the previous elders, these people are extremely selfish and cannot remain within the sphere of influence of Sky City. All their rights have to be taken away.

"How do these people know that the city lord is not in the mansion?"

Suddenly, she thought of a question. Her city lord had gone out, and few people in the entire city lord's mansion knew about it. How did they know?

"Tsk, tsk, these people really pay attention to the city lord all the time."

Lu Tianlan left with her, and then she returned to the City Lord's Mansion alone. They immediately got the news and came here to besiege her. It can be seen that there is nothing going on in the City Lord's Mansion that these people don't know.

She took a deep breath and felt that these people really couldn't be kept any longer, otherwise, the next Lu Tianfeng and Lu Tiankuo might appear?

However, now is not the time to think about this. She should first prepare all the things that her daughter-in-law needs to prepare for the birth.

...

On that side, Lu Tianfeng was completely eliminated, and Lu Tianlan and Lin Baizhong also returned.

Sui Zimo and Lin Caisang returned to the Lin family together. Liu Yuyang happened to have dinner ready and ready to eat. During the dinner, the four of them talked about finding a midwife.

"It's up to me to find a midwife. I have to find someone reliable."

Liu Yuyang took over the matter directly. There was no one reliable in this sky city. This was the most troublesome thing.
