

Star of Space 3131

Chapter 3131 Foolishly fooled

It is poison after all. It is always harmful to people no matter what. What if it spreads to one of our own people?

"Don't use it unless absolutely necessary.

"This is natural."

Lu Tianlan nodded. Who would use such a method to deal with a spiritual cultivator when they have the means?

On this Thousand Illusion Continent, what is the most evil poison, it is the poison that can make people lose their spiritual power. What's more, according to what Lin Baizhong just said, this poison should be able to make people lose their spiritual power forever.

If those elders didn't mess around, he wouldn't use this thing on them.

However, those elders have become more and more restless these days, and they have more and more contact with those outside.

They are obviously the elders of Sky City, but they have to do things to connect with that person. Do they think that if that person becomes powerful in Sky City, they can continue to be elders and climb on that person's head?

This is really whimsical.

"How are Lu Tiankuo these days?"

Suddenly, Lin Baizhong looked at Lu Tianlan and asked.

"The road is wide?"

Lu Tianlan was a little surprised, why did he suddenly ask about Lu Tiankuo.

Since Lu Tianfeng died, Lu Tiankuo was naturally the most loyal dog around that person, but he didn't get any benefits. He could only continue to live his life in his own house.

"What else can he do? His parents' family has been wiped out, and he hasn't found out yet. He continues to dream about his spring and autumn dream, thinking that he will soon be the lord of the Sky City."

He chuckled and said.

"Ah."

Lin Baizhong sneered.

"No matter how I deal with that person, Lu Tiankuo will be handed over to me from now on." He said to Lu Tianlan.

"It seems that you have quite a feud with him." Lu Tianlan said with a smile.

Lin Baizhong sneered again and said nothing.

Can this hatred not be serious?

If it weren't for Lu Tiankuo, he could have been separated from Yu Yang for so many years and still...

Although he and Yu Yang are living a good life now, with children and a daughter, and they are happy, but only he can feel that in Yu Yang's heart, she always feels that she owes him what happened in those years. of.

As for this matter, he really didn't know how to persuade her.

Isn't all this because of Lu Tiankuo? Even though Yu Yang had escaped from Qianhuan Continent, he still refused to let her go and chased her to Huanglu to harm people.

How could he let such a person die so easily? He must live inhumanely!

...

Lu Tiankuo's mansion.

The road ahead is vast and difficult now.

He already knew clearly in his heart that it was impossible for him to wipe out all the forces that Lu Tianfeng had on his own.

What's more, since Lu Tianfeng's influence was eliminated by him, the man named Yin Luqing in the mansion disappeared and never appeared again.

Naturally, he also knew that he was being used to eliminate Lu Tianfeng's forces.

And who this person is, you don't have to think about it to know. It can't be that person, it can only be Lu Tianlan, because these days, he has heard a lot of things about Lu Tianfeng.

Including the city lord's wife's belly, she was not pregnant at all. It was all caused by Lu Tianfeng alone.

And he actually fell into Lu Tianlan's trap and wiped out all Lu Tianfeng's forces. If that person found out, would he still be alive?

Chapter 3132 One is more ruthless than the other

I can't even imagine. Will his end be worse than Lu Tianfeng's?

Therefore, these days, I thought that Lu Tiankuo had been staying in his house, not going anywhere, and not thinking of a way to show his face in front of that person.

"You should think of a way for me. Is there any way that can allow me to escape this disaster?" He asked anxiously to his subordinates.

"Do you think you will be fine if something happens to me?"

"Master, how about we open that pure crystal mine, and then you can send those pure crystals up there. If that person is happy, maybe he won't mention what happened before?"

There is a suggestion from a subordinate.

Pure crystal stones are rare even on higher continents, right?

If that person knew that they had discovered a pure crystal mine, it would be another great achievement for the master in front of that person.

In this way, what the master is worried about will not happen, right?

"Pure spar mine..."

Lu Tiankuo's face turned extremely dark when he mentioned the pure crystal mine.

That pure crystal mine was something he had not dared to touch before because he was afraid of being discovered by that person. This was something he wanted to keep secret.

If in the past, in order to get that person's appreciation, the mine would be opened. Whether he did it alone or contributed to that person, it was a good choice.

But now...

After all, that thing is not his own. Liu Yuyang is back and is just staring at it.

As long as he dared to touch the pure crystal mine, not even Liu Yuyang, not even Lin Baizhong would make it easy for him. Those two couples were more ruthless than the other.

Don't think that he doesn't know that the two couples were also involved in Lu Tianfeng's incident.

He has always seen Liu Yuyang's ability, otherwise he would not have tried every means to take Liu Yuyang for his own use in those years.

But that woman was so ungrateful that she would rather run back to Huanglu than stay with him.

But now, these two people are no longer capable of being destroyed if he wants to.

Well, even Lu Tianfeng suffered such a big loss at the hands of those people. He couldn't easily offend them, and he didn't want to die early and be born early.

"It's time to move the pure crystal mine."

He gritted his teeth and felt that he should also get ready.

He was not as stupid as Lu Tianfeng. He had entrusted everything to that person and left no room for maneuver.

If there will be a battle in Sky City sooner or later, then he should prepare early.

He didn't want to fill that man's life. He could just get some more pure crystals and live anywhere on the Qianhuan Continent, so he could live happily. Why should he have to seek death?

"Now put down everything you are doing, go to the pure crystal mine, and open the mine. Remember, you must open it quietly and don't make too much noise."

He ordered his subordinates.

"Yes, Master."

The subordinates responded and went to do the things Lu Tiankuo told them.

...

Not long after, Liu Yuyang received the news that her pure crystal mine had been opened.

"Is the mine open?"

She was a little surprised that Lu Tiankuo would start mining at this time. Could it be to win that person's favor?

Chapter 3133: It's just a death

"Yes, Master, the pure crystal mine has opened again, but there hasn't been much noise. If it weren't for the people we placed there and were called to open the mine, we wouldn't have known about it."

The subordinate looked at Liu Yuyang and said.

"Did it secretly? Haha."

This time, Liu Yuyang was even more surprised, and even laughed out loud.

"This road is vast, but I am much more knowledgeable than Lu Tianfeng."

He knew that it was impossible to take advantage of him in a head-to-head confrontation with the people in Sky City, and that person only used him as a tool that could be used, so how could he pick him out at the critical moment?

You will only pull him to block the knife at critical moments, right?

Therefore, Lu Tiankuo wanted to take him out at this time, before that person took action and before they could fight back.

Are you looking for a place to hide, so you want to get some more pure crystals to save your life?

"When will it be his turn to take my things as he pleases?"

She looked at her subordinates with slightly cold eyes.

"Master means..."

The subordinate looked at her and asked softly, does this master want to take back the pure crystal mine?

"Go and take back the mine. Remember, you must take it back vigorously." Liu Yuyang ordered.

Doesn't Lu Tiankuo want to retreat? It depends on whether he can retreat or not. She is not a philanthropic person. How can she let someone who bullied her continue to live a good life under her protection? day?

In the days when the road is wide open, you should live as hard as possible!

"Yes, Master.

The subordinate responded and went to do it.

"What happened?"

After his subordinates left, Lin Baizhong walked in and asked her.

"It's about Lu Tiankuo."

When Liu Yuyang saw him coming back, he stood up and faced him.

What she disliked the most was talking about Lu Tiankuo in front of Lin Baizhong, which would make her want to kill Lu Tiankuo directly.

"The road is wide?"

Lin Baizhong paused and opened his mouth, but he didn't know what to say to her.

"Tianlan has promised to leave Lu Tiankuo to us when the matter here is over. When the time comes, you can have whatever fate you want for him."

Finally, he said something.

"What's the end?" Liu Yuyang curled his lips and spoke bluntly.

"Left or right is just a word for death. However, I don't want him to die too easily. He still wants to live a good life, and he also wants to open my pure crystal mine. That's quite acceptable."

He thought that there were ventilated walls in the world, so he could do whatever he wanted.

"Then we won't let him die." Lin Baizhong said.

"Since he wants to open a mine, let him open it."

"Um?"

Liu Yuyang raised his eyes and looked at him with some confusion in his eyes.

But soon, she figured it out and knew what Lin Baizhong meant.

"Can I let him dig enough?" Lin Baizhong asked her.

"Ah."

Liu Yuyang smiled.

"This is a good idea. Why didn't I think of it before?"

Let Lu Tiankuo go mine. He likes those pure crystals, so let him face those pure crystals every day.

Unfortunately, although he can see it every day, there is not a single pure crystal that belongs to him.

She thought Lu Tiankuo would like it very much on days like this.

"puff!"

As she thought about it, she laughed.

"Baizhong, I think it's strange that the two of us are not confronting that person. We are just thinking about how to deal with the people under him."

Chapter 3134 Looking at another person

"It's almost time to remember.

Lin Baizhong didn't find it funny at all.

No matter what that person wants to do, as long as they are around, failure is doomed, right?

"It's okay to deal with Lu Tiankuo first."

"Um."

Liu Yuyang responded seriously.

...

After a few days of traveling, Yue Chushui and his party finally arrived at Haibo Country.

After taking out the token, they directly met the king.

When the leader of Haibo Kingdom heard that Lin Caisang asked them to come, he naturally didn't refuse. He took a closer look at the prescriptions in Yue Chushui's hands and immediately said that there are several medicinal materials in Haibo Forest. .

"Is there one in Haibo Forest? That would be great."

When Ding Rong heard this, he immediately became happy and thought about how to find those medicinal materials.

"Chu Shui, why don't we separate and you can go find other medicinal materials? Xu'er, Ziyu, I and I will go to Haibo Forest first to find these medicinal materials?"

She suggested.

After all, they are slaves in the Jinzhu Space. They cannot be outside all the time. They don't know when they will be taken back by the Jinzhu Space.

Therefore, they first found the medicinal materials in Haibo Forest and sent them back, and they had to rely on Yue Chushui and the others to find them.

"this....."

"No need to bother."

Before Yue Chushui could speak, Lord Haibo spoke.

"There are many magic beasts in the Haibo Forest. It's inconvenient for you to go there. It's better for the master of the country to send the magic beasts to collect the medicinal materials. They are all flying magic beasts. It's faster to go out in a hurry. It only takes a few days to come back and forth." "

"Master Haibo, our search for medicinal materials is relatively confidential." Yue Chushui thought for a while and warned.

It is indeed a bit troublesome for humans to go to Haibo Forest, but it is different for Warcraft. If they want to enter and leave Haibo Forest, they only need the consent of the leader of Haibo Kingdom.

"Don't worry, the leader of our country will send his cronies there, and they won't leak the secret." Leader Haibo said cheerfully.

The benefactor's matter is a big deal. How could he let the monsters under his control mess it up? He must be careful and cautious.

Soon, he ordered the Warcraft to go to Haibo Forest, and he sat down with Yue Chushui and the others.

"Did something happen to Miss Lin? Do we need help from Haibo Country?" he asked Yue Chushui.

"this....."

Yue Chushui was stunned by his question.

Things over there are tricky, and you need to find some helpers, especially in a big country like Haibo, where just a few of the magic beasts are enough to make a drink for the subordinates under that person.

However, it was not easy for him to mention Sister Sang Sang's matter to others casually.

"As long as Miss Lin opens her mouth, I will definitely help anyone who I can help. Mr. Yue, please don't be polite. By the way, this is..."

Suddenly, he turned his head and looked at another person.

Yue Chushui also turned his head and looked at the other person among him, Lin Changhong, who came out with them but would soon turn back.

"Master Haibo, I am Lin Changhong, Lin Caisang's biological brother, so the two of them look more imaginary." Lin Changhong nodded to Master Haibo and said.

"That's it. No wonder he looks so similar to Miss Lin." Lord Haibo had a look of sudden realization on his face.

Chapter 3135 Did you come through the passage?

When he was outside before, he was still thinking about what Miss Lin wanted to do by disguising herself as a man. Could it be that he was in danger and was being followed? So you need to hide your identity.

However, they had already entered his territory, and he still did not speak. He had no intention of answering the question he had just asked.

He could tell that this man who looked very similar to Miss Lin was not Miss Lin herself.

Now that he said this, he knew that he was Miss Lin's brother. It was understandable that he looked so similar.

"Master Haibo, I really have something to ask you here." Lin Changhong spoke again. Of course, this was also the most important reason why he followed Yue Chushui and the others this time.

"What's the matter? Master Lin, may I ask?" Lord Haibo looked at him and asked.

"I heard that the entrance to the higher continent is in Haibo?" Lin Changhong asked.

This is what Lu Tianlan told them before. If they want to go to a higher continent, they have to go to Haibo Kingdom first. Therefore, this is also the reason why Haibo Kingdom has more medicinal materials.

Because this place is closer to the higher continent and has more spiritual energy.

"This is."

Lord Haibo really did not expect that Lin Changhong would ask such a question.

The reason why Haibo Kingdom has been on the Qianhuan Continent and has not been destroyed for a long time is related to this passage. Without this passage, I am afraid that Haibo Kingdom would have been destroyed long ago.

However, in recent years, under his leadership, others in Haibo Country had to weigh their own strength if they wanted to take action.

"Have there been people coming in and out frequently over the years?" Lin Changhong asked again.

"In and out? Frequently?"

Lord Haibo was stunned by what he said and chuckled.

"Young master Lin, you don't know. This higher-level continent is not something anyone can go to if they want to. People without any cultivation level may be minced just by trying to enter the vortex. Whoever Dare to come in and out frequently.

As far as the owner of the country knows, those from the higher continents cannot easily enter the Thousand Fantasy Continent, because once they enter the Thousand Fantasy Continent, they will be suppressed by the law of heaven, and their cultivation will be reduced a lot, which is not the same as our Qianhuan Continent. The people on Fantasy Continent are pretty much the same. "

Therefore, apart from bringing more spiritual energy to the warcraft in Haibo Kingdom, their channel in Haibo Country actually does not have much other effect.

"What kind of people are coming through the passage?" Yue Chushui asked.

He also knew why Lin Changhong asked this. Since that person came from a higher continent, there must be a reason for coming, right?

Do you want to come to Qianhuan Continent to cause trouble for no reason?

Just like what Lord Haibo said, just by coming here, the cultivation will be suppressed by Heaven. Why did they come here?

"what kind of person....."

Lord Haibo thought about it carefully.

"In recent years, no one has really been able to come through the passage. There was one in the past few years. However, according to those who escorted him here, he should have committed a serious crime in his own clan and was sentenced to death. Sent to our Qianhuan Continent.

It was just to allow him to come here to reform. Only if he could sincerely repent and realize his mistakes would he be able to go back. "

he said.

"Let me think about it, that person seems to be called... drunk or something."

After all, it was too old, and that person was a sinner from another continent. Lord Haibo couldn't bear it anymore.

Chapter 3136 You have never seen this person before, right?

"correct.

Suddenly, his eyes lit up.

"That person's name is Zui Yifeng."

"What, what did you say? What did you say his name was?"

When Yin Baiqing heard what Lord Haibo said, he screamed in shock. If Lin Changhong hadn't caught him, he would have rushed in front of Lord Haibo.

"Baiqing, sit down."

"Brother Changhong..."

Yin Baiqing frowned and turned to look at Lin Changhong.

"Sit down first."

Lin Changhong spoke to him, indicating that he should be quiet first, and they would discuss other matters in detail later.

"good."

Yin Baiqing finally had to nod and sit down.

...

Soon, Lin Changhong and the others were arranged to rest in a cave. Several people sat together, their faces looking a little solemn.

"What's wrong with you?"

Ding Rong looked at them like this and still didn't understand.

I felt something was wrong with them just now, but it was just a name. What could be wrong? Have they ever heard of this person?

"You haven't seen this person before, have you?"

Suddenly, as if she had guessed some great news, she looked at them and asked.

"Brother Chang Hong, Brother Chu Shui, shouldn't they... have the same name and surname?" Yin Baiqing looked at the two of them and asked with a bad look on her face.

There are no such coincidences in this world. There are people with the same name and surname, but there are really very few people with the surname Zui. There are only a few families in Qianhuan Continent.

"I think it's him!" Yue Chushui glanced at Lin Changhong and said.

"That's him? Who is he?"

Ding Rong's eyes lit up when he heard what they said.

It seems that they have really met this person before, but where did they meet him? She couldn't guess it now.

Turning around, he looked at Jiang Wu and the others. Maybe they would know about this.

But how could they know that person? After all, they had never met him, they had only heard of his name.

"Baiqing, have you seen him before?" Lin Changhong asked Baiqing.

Hearing this, Yin Baiqing immediately shook her head, saying that she had never seen it before.

"I was only three years old when I left home, and I didn't meet many people. Not to mention that person, even my mother and concubine, I'm afraid I haven't met that person a few times, so who cares about me?"

It's just that he didn't expect that the person who created so many poisonous corpses and the mother bodies of the devil's children in Qianhuan Continent would actually come from the Zui family.

"Baiqing, how do I remember that your mother-in-law's maiden name is Zui?"

Listening to what they said, Jiang Zuo suddenly remembered that Yin Baiqing's concubine was called Zui Yiming, and there was only one word difference between her name and Zui Yifeng.

Is this really such a coincidence? Or is that person, Zui Yifeng from the Zui family?

"Yes, my maternal grandfather's family name is Zui."

Naturally, Yin Baiqing does not deny this fact, but...

"My mother-in-law has an older brother named Zui Yifeng, but I have never met him, and my mother-in-law has not met him a few times. According to my grandfather, my uncle is extremely talented and often practices in seclusion. of.

But they didn't expect that their so-called cultivation was actually practiced outside! "

"this....."

Several people were speechless after hearing what he said.

"Wait a minute, something isn't right."

Ding Rong and Sui Zi glanced at each other, then interrupted them.

"Baiqing, even if there is a Zui Yifeng in your Zui family, it may not be that person."

Chapter 3137 Some clues

There are many people with the same name, but it's not like there aren't any. On this Qianhuan Continent, it's very possible to see someone with the same name just walking on the road.

Although the surname Zui is relatively popular, it is impossible for a person from a higher continent to enter the Zui family, right?

"Is it a mistake? It's just a coincidence, right?"

"impossible."

Yin Baiqing glanced at Ding Rong and said.

He really hoped that he was mistaken, but whether he was mistaken or not, could he not be clear in his heart?

"It is said that my uncle was the illegitimate son of my maternal grandfather who was sent back to Zui's family after he reached adulthood. My mother-in-law was still young at that time, so she still remembers this incident deeply.

Moreover, according to what Lord Haibo said, the time when that person entered the Qianhuan Continent was not much different from the time when my uncle entered the Zui family.

My grandfather must have been bribed by Zui Yifeng and given him a place to stay. After all, outsiders also need a serious identity if they want to survive in Qianhuan Continent.

Just like people from the wilderness, if they don't have anything or any skills, they can only grow medicinal materials to make a living. "

"That means that the person who is against us now is really Zui Yifeng from the Zui family, your 'uncle'?" Sui Zi said calmly.

This kind of thing happens in many places. It is okay to do anything for power, fame, and profit.

"Could it be that Weiyin Luqing was used by Lu Tianfeng? Even my father and mother almost paid the price for this matter. It turned out that it was because there was a poisonous snake hidden next to me!"

Yin Baiqing sighed heavily and said.

"That's not a poisonous snake, but a poisonous python!" Ding Rong said.

"Then what should we do now, Baiqing? I think not many of you Zui family are clean anymore, right?"

She looked at Yin Baiqing and said with some pity, after all, it was the mother-in-law of Yin Baiqing's mother-in-law, so something like this would happen.

If Zui Yifeng wants to rise in the Qianhuan Continent, the first thing he has to do is to hold the Zui family in the palm of his hand, so that he can slowly develop outside.

"I'll write to my mother and concubine first to see if she can find any clues." Yin Baiqing thought for a while and said.

"It's not too late. You should write a letter now and tell Sister Sangsang and others about this matter." Yue Chushui said.

Since they have suspicions, they must be just in case. Even if it turns out to be just their guess, they have to investigate before they can rest assured.

"good."

Yin Baiqing responded.

The Zui family was already rotten to the core, and his mother and concubine had already mentioned this to him.

It was just that for the sake of the father, the Zui family could have allowed the Zui family to live a good life in the Ziyang Kingdom and become their family, but now it seems that it is impossible.

As far as he knew, after his father proclaimed himself emperor, the Zui family had developed some influence outside, and they were still thinking of becoming the first aristocratic family.

Of course, this is only limited to the first family in Ziyang, don't even think about other places.

How can those big aristocratic families be able to develop overnight? It is impossible for thousands of years. And how many generations can those aristocratic families that rely on the royal family prosper?

"Not only do you write a letter to check, but you also have to be on guard. If this is true, then it is very likely that the Zui family is not just Zui." Sui Zi said quietly.

Chapter 3138 You must proceed with caution

"Ziyang, what do you mean?" Jiang Zuo looked at Sui Ziyang and asked.

"The mother body of the poisonous corpse and the son of the evil devil." Sui Ziyang glanced at them and said.

"hiss!"

After hearing her words, several people suddenly gasped.

Thinking that the Zui family might also have those things, the hairs on Yin Baiqing's body stood up.

"Brother Mo and sister-in-law have always found it strange that the mother body of the poisonous corpse and the son of the evil spirit is in their hands, so why is Zui Yifeng still so interested in the corpse-suppressing talisman?"

I couldn't figure it out before, but now that I think about it, it's probably because he still has those disgusting things in his hands. "

Suizi Youdao.

"Yes, Ziyang is right, it must be like this."

Ding Rong agreed with Sui Ziyou's words. The mother body of the poisonous corpse and the son of the evil spirit must still be out there, otherwise Zui Yifeng would have been angry long ago.

How could Sui Zimo and Lin Caisang be so peaceful?

"If that's true, then this matter is really big!" Lin Changhong said in a deep voice.

I originally thought that the batch of things in Lu Tianfeng's hands was the last batch and could be eliminated, but now it seems that this Zui Yifeng is really a cunning rabbit from Sanyao.

"Are we going to Ziyan Country?" Yin Baiqing asked.

"No.

Yue Chushui and Lin Changhong shook their heads at the same time.

Even if there are really poisonous zombies and the mother body of the devil's son, now is not the time to deal with those things.

"Let's find all the medicinal materials first. No matter what, if the poison in Zimo's body is not detoxified and Sangsang's child is not born, that person will be difficult to deal with."

They can deal with Zui Yifeng, but the way he is now, it's really not like they can deal with him.

"Moreover, these are just our speculations now. We don't know whether that person is Zui Yifeng or not, so we must proceed with caution." Yue Chushui said.

"Ai."

Ding Rong turned his head and looked at Yin Baiqing.

"Baiqing, didn't your mother meet Zui Yifeng? Moreover, my uncle and Uncle Lin also met that person before. Why don't we draw portraits of both sides so that we can know whether they are the same person?"

Let's get to know the person clearly first, and then let's talk about the rest.

"Yes, let's do it."

Lin Changhong gave them a high-five and said to them.

...

"call."

In the Golden Pearl Space, Lin Caisang exhaled heavily.

Unable to overcome the worries of Liu Yuyang and the city lord's wife, they finally found a midwife, but this person was signed by Liu Yuyang into a life and death contract, and would have to stay in the Golden Pearl Space for the rest of his life. .

Lin Caisang has been in Jinzhu Space these days. He lets Sui Zimo and Liu Yuyang out in the morning, and then takes them in again at night.

She was already very familiar with this, and could move them in and out with her eyes closed.

"It's so good, why are you sighing?"

Sui Zimo saw her listless look and walked over with a tray.

"Is the news from elder brother and the others true, Zimo?" Lin Caisang asked, holding his chin in his hands and looking at his husband.

Could Zui Yifeng really be that person?

Why did she think this was too much of a coincidence? If it was such a coincidence, then they would be too lucky, right?

"Eat first, then think about other things after eating." Sui Zimo didn't care about this, but put all the food on the tray in front of her.

Chapter 3139 Are you about to give birth?

Whether it is or not, that person always has to deal with it.

If not, it would be better, and it would save a lot of trouble, but if it is, then it won't be a big deal if they solve it together.

It's just that it does take some effort to deal with that person, after all, the strength and cultivation level swings there.

"Yeah, let's eat first."

Lin Caisang nodded vigorously and held the rice bowl in his hands.

"I've been feeling heavy in my stomach for the past two days, and I feel very tired after walking a few steps. I think I'm about to give birth," she said.

"Then I won't leave for the next two days." Sui Zimo said directly.

"By the way, I will pick up my mother-in-law later. There are also things that will be used. I will check it out later to see if there is anything..."

"Well!"

With the crisp sound of chopsticks falling to the table,

Before the man finished speaking, he looked up and saw his wife's face, already frozen there.

"Zi... Zimo, you..."

"What's wrong? Sonny? Are you about to give birth? I'll carry you over."

His expression suddenly turned bad, he got up in a panic, picked her up and hugged her.

"Xunpo, Xunpo, come here quickly, Sonny is about to give birth!" As he walked towards the small bamboo house, he shouted to Xunpo to come over.

That Xunpo was the midwife that Liu Yuyang found before. She was also well-known in Qianhuan Continent, but Liu Yuyang spent a lot of money to buy it and promised that in the future, Xunpo's descendants could live in Sky City. Looking for a good job.

"Hey, here it comes!"

Po Xun was in the bamboo house, and when she heard the sound, she immediately stuck her head out.

"Master, don't stay here. Go quickly and boil some hot water. Leave the rest to my slave."

Seeing Sui Zimo put him on the bed, Xun Po quickly explained to him.

Lin Caisang: "..."

Although her water broke, she didn't give birth so quickly.

"Zimo, don't be anxious. Let's boil the water first and then get the things ready. There's still time. Take your time. I've just started to have an attack."

She told Sui Zimo.

"well."

Sui Zimo responded, but he was so panicked in his heart that the expression on his face twitched.

...

Outside, the Lin family.

Because that person didn't come to their place again to ask for trouble in the past few days, it was quite quiet.

However, the City Lord's Mansion is not that peaceful. Several elders are constantly being instigated by that person. They are like people who are just like grass on the wall. They might be shaken at some point.

Lin Baizhong needed to keep an eye on those elders. When he returned to Lin Mansion, the night was already very deep.

"Yu Yang? Why are you here?"

Seeing that the study was still lit, Lin Baizhong was quite surprised, and intuitively thought that Liu Yuyang had something to tell him.

Hearing this, Liu Yuyang also raised his head helplessly and looked at him.

"There is no distinction between day and night in Sangsang's Golden Pearl Space. It's probably because the two of us lost track of time because of what we were talking about or what we were doing. No, I also have some things to deal with, so I'll deal with them easily."

"Sang Sang, will she forget?"

Lin Baizhong's heart skipped a beat after hearing her words.

"Could it be that Sangsang is about to give birth?" He couldn't help but speculate on this possibility.

"this....."

After being reminded, Liu Yuyang couldn't care less about what he was doing, so he stood up immediately.

"This... this is really possible, but what can we do? In Sangsang's space, there is no... just Zimo and Na Xunpo, how can we make it happen?"

Chapter 3140 Nine Yang Pearl

"Don't worry, maybe it's just our guess."

Lin Baizhong saw that she was anxious and quickly comforted her. Maybe they were just scaring themselves.

"That's...possible."

After being mentioned about Sangsang's birth, Liu Yuyang felt his eyelids twitching.

But thinking that if something really happened, her daughter and son-in-law would come out and ask her to go in together, so she didn't really think about it.

...

In a dark room.

Suddenly, a bead hanging on the man's right wrist lit up.

"how so?"

He suddenly put his right hand in front of his eyes and looked at the bead in disbelief.

"Why did it light up? What's going on?"

This bead has not lit up for a long time. When it lit up before, Sui Zimo had not yet been poisoned by him.

Naturally, Sui Zimo was poisoned, and the bead never lit up again. This is enough to prove that Sui Zimo's innate power was suppressed by the poison. He would only use it when he wanted to use it. be awakened.

But now, the bead actually lit up, and the expression on his face suddenly turned dark.

"Could it be that the poison in Sui Zimo's body has been cured?"

Is Lin Caisang really that powerful? Can he prepare the antidote with just a few of his prescriptions?

"Impossible, so what if you know the prescription for the antidote? Those medicinal materials cannot be found overnight. Even if they are found,..."

Refining the antidote is not that quick. It took him a month to refine the antidote to the poison before.

"So, it's not Sui Zimo."

But if it wasn't Sui Zimo, who could make the Nine Yang Pearl he placed on Sui Zimo react?

"unless....."

Suddenly, his eyes lit up and he thought of a possibility.

"hateful!"

He cursed harshly, then raised his head and looked at the door.

"You idiots, get out here!"

He yelled towards the door, and soon, several subordinates pushed the door open and knelt down in front of him.

"Master, what are your orders?"

The leader of the subordinate asked, just one sentence almost made the man angry to death.

You still have the nerve to ask him what his orders are? Such a big thing happened in the Lin Mansion, but they didn't know anything about it. What was the use of him raising these people?

"Has there been any movement in the Lin Mansion recently?" he asked in a cold voice.

"Back to the master, there is no movement in the Lin Mansion." The leader of the subordinates replied.

But the next moment, he was knocked out by the man's spiritual power, fell against the door and bounced back, spitting out a mouthful of blood.

"master!"

When the other subordinates saw this, they were so frightened that they lowered their heads and complained secretly.

There was no movement in the Lin Mansion, of course, except for Lin Caisang, because they had never seen Lin Caisang at all. The woman seemed to have disappeared. Recently, they couldn't even see her shadow. .

But the master knew about this matter, and they had reported it to him before.

The master's intention was to keep their eyes on the Lin Mansion and capture Lin Caisang as soon as he appeared. How could they know what to do with the rest?

"Can you tell me again, is there really no movement at all in the Lin Mansion?" The man looked at the other subordinates with cold eyes and asked in a cold voice.
