

Star of Space 3151

Chapter 3151 Why can't I go in?

"correct."

Suddenly, Sui Zimo, who was just about to enter Jinzhu Space, turned his head again.

"I don't want anything to happen to the Ding family, such as being taken advantage of by some people. Ding Rong and Ding Xu, your father, you should know how to do it, right?"

he reminded.

"I know, I know, I know." Ding Xu quickly responded without waiting for Ding Rong to respond.

Having been in the Jinzhu Space for so many days, he also knew some things. Didn't their father rob Liu Yuyang of a mineral vein before?

If this was used by that person, it would very likely put the Ding family into a situation of great disaster. How could they not be on guard?

"If you know it, go ahead. 6"

Sui Zimo nodded, turned around and dodged into the Jinzhu space.

In the yard, the two siblings were left staring at each other.

"Xu'er, don't you think there's something wrong?"

Ding Rong looked at his brother and asked after being stunned for a moment.

"What's wrong?"

Ding Xu didn't think there was anything wrong. Isn't it good enough to ask them to come back and take a look?

"Don't you want to ask how Sui Zimo came out of Lin Caisang's golden bead space alone?" Ding Rong asked.

"Well!"

Ding Xu thought about it and felt that was the case. xD°"~~~"°Dx

But he raised his head and looked at his eldest sister, looking at her like a grown-up.

"Sister, I think you'd better not think about this matter, otherwise, it's time to go to the Promise Prison again," he reminded.

Ding Rong: "..."

Don't mention this to her, okay?

I don't know if she is particularly unlucky, or if she is really curious.

Even though he was not doing much, he still went to the Promise Prison for a walk from time to time. Moreover, last time, he actually met the disgusting-looking former queen, which scared her.

Fortunately, although the former queen looked disgusting, she was a nice person, otherwise, she really wanted to die.

"I don't want to think about it anymore. I don't want to think about it anymore. It's better to go home quickly. If you delay it any longer, don't come back halfway."

She didn't want to think about the Promise Prison at all, so she had better go home and have a look, and talk to her biological father by the way, so as not to let anything go wrong in the Ding family again.

...

In the golden bead space.

Several people gathered around the room where Lin Caisang was.

Of course, it was impossible for Lin Baizhong and the other grown men to come in, as long as they waited at the door.

"Dad, why can't I go in?"

Lin Changhong was stopped outside the door, puzzled.

He is Son'er's biological brother. Why can't he go in and see his little nephew? Why should he be outside with two old men?

"Aren't you a man?" Lin Baizhong asked him.

Based on the idea that if he had a hard time, no one else would have a good time, so he naturally wanted to keep his son out.

Otherwise, as a grandfather, he cannot go inside to see his grandson, and he can still take advantage of his own son. Then where should he put his face?

"I....."

Lin Changhong opened his mouth, but didn't know what to say in reply.

He is a man, but he is Sangsang's biological eldest brother. It's not an exaggeration to say that he grew up wearing a pair of pants from novels, right?

They couldn't get in, so why couldn't he get in either? What is this for?

I feel so wronged!

However, what made him feel even more aggrieved was that the voices of his mother and the city lord's wife came from the room, praising his nephew. It was so gentle.

Chapter 3152 Where are the people?

She's cute, cute, and beautiful, but he just can't see it!

"Mom, mother, please take the little guy out and let us take a look!" he yelled at the door.

It's not bad to not let him see his sister, but his nephew, so he should settle for the next best thing, right?

Why didn't you even hold your nephew out to show him?

...

In the dark room, when the man heard the report coming from his subordinates, he was so angry that he swept out everything at hand.

Suddenly, a harsh sound sounded in the room, frightening the subordinates to take a step back.

But without the master's instructions, they couldn't leave even if they wanted to. They could only stay here and wait to see if the master would give them other instructions to do things.

"Having given birth? You actually have the nerve to tell me that Lin Caisang has given birth?"

After hearing this news, he really wanted to kill all the stupid subordinates he had raised.

gave birth?

Now tell him that Lin Caisang gave birth?

"Yes, yes, master, according to our people who were guarding outside the Lin family, Lin Caisang has given birth." Although the leader of the subordinates did not want to speak at all, but the master asked, he had to answer.

He was crying to death in his heart, and kept asking himself, why did the master give him such a difficult task?

Even if he was asked to go to the most terrifying place to do a task, he didn't want to stay outside the Lin family, because this was the most difficult task, and they had never seen Lin Caisang at all.

"Where are the people?"

The man asked his subordinate coldly.

"No...I don't know..."

The subordinate replied with a trembling voice, lowering his head and not even daring to look at his master.

How did they know where Lin Caisang and the child she gave birth to were? They didn't hear anything at all. They just heard happy voices in the yard, saying that Lin Caisang had given birth.

"have no idea?!"

The man suddenly raised his voice and glared at the subordinates in front of him.

"What do you do for food? Can't you keep an eye on people? Since they are giving birth, don't you even know where they are?"

"Subordinate, subordinate..."

The leader of the subordinates really wanted to cry. How should he reply to this?

"Master, our people were guarding outside the Lin family. We only heard voices coming from the yard, saying that Lin Caisang and Sui Zimo were missing. Later, the city lord and his wife also came, and then..."

Then I heard Sui Zimo's voice, saying that Lin Caisang had given birth, and then... Then there were no more members of the Lin family, and finally the two people from the Ding family were returned to the Ding family.

The subordinates really don't know the rest. "

"Yes, Master, we don't even know where they went after leaving the Lin family, because we didn't see them coming out at all, but unfortunately, the Lin family just doesn't have them."

Another subordinate also spoke.

If this Lin family member hadn't been so weird, he wouldn't have dared to speak at this moment.

"hiss!"

The man took a deep breath and exhaled heavily. He was really angry!

Of course he knew that those people must have entered the artifact in Lin Caisang's hands, otherwise where else could they go?

However, he didn't expect that Lin Caisang would be so cautious in doing things, so that he didn't even get a chance.

"Where are the people you sent? Has any news spread?"

He turned to look at one of his subordinates and asked him coldly.

Chapter 3153 Take it now!

"Well!"

The subordinate also choked when the man called his name.

"Back to the master, there is no news about the midwife yet, but I think she must be looking for an opportunity to strike, and she will definitely be able to get it.

Her subordinates had carefully told her before that as long as they caught Lin Caisang's child, no matter where it was, Sui Zimo and Lin Caisang would deliver her safely. "

Hearing this, the man took a deep breath again.

If only things were as simple as these idiots think.

Sui Zimo is not a fool. How could he give a midwife too many opportunities to have contact with his wife and children?

If you can't seize this opportunity during the delivery, then there will be no chance at all. In the end, the midwife will be punished at most.

What else could there be?

"Go and keep an eye on the midwife's family. If anything happens, report them immediately," he ordered.

"this....."

The subordinate was stunned for a moment when he heard what he said.

The next moment, his face turned ugly. Did the master mean that the person he carefully selected would make a mistake?

It shouldn't be the case. He promised the midwife a lot of benefits. If she could mess up the matter on such a condition, her family would not be able to survive.

The midwife should know this very well!

However, the master's words are definitely not wrong. It seems that he was careless.

I thought it would be foolproof, but I don't know, something went wrong. I don't know if the midwife will have a chance to get Lin Caisang's child out in the future.

"Yes, I will go immediately."

Although he was extremely unwilling to let his move go to waste, he still turned around and went to find someone to keep an eye on the midwife's family.

However, he was secretly glad that he did not stay with his master and continue to be tortured by him.

He didn't want to stay in his master's room anymore, where he might be beaten to death by the angry master at any time. There was no such precedent before.

"You guys, keep an eye on the Lin family for me. Once Lin Caisang and her children appear, take them down immediately!"

The man gave orders to his subordinates.

He must get the corpse-suppressing talisman, and there must be no mistakes. If he doesn't get the corpse-suppressing talisman, then he won't be able to do anything he wants to do in the future.

How could he be willing to do so?

Therefore, even if this Sky City and this Thousand Illusion Continent were to stir up bloodshed, he still had to get the Corpse Suppression Talisman.

The worst case scenario is to use the people of this city to threaten Sui Zimo and the others.

He wanted to see if Sui Zimo and Lin Caisang would hand over the corpse-suppressing talisman to him for the sake of those innocent lives.

If they don't give it, then they won't be able to stay in Sky City any longer. After all, who will support the young city lord who doesn't cherish their lives?

It's not easy for him, and Sui Zimo and the others don't want to have an easy time either.

"You continue to have contact with those old immortals, and you can promise them whatever they want." He looked behind him with his gloomy eyes.

The next moment, a man in black clothes walked out and knelt down in front of the man.

"Master, those old immortals have too much appetite."

He wanted to contact those people, but those people really didn't know what they were and thought of all kinds of things.

Chapter 3154 Not even a groan

He wanted to kill those greedy old guys.

"stupid!"

The man stared at him and cursed.

"So what if we promise them? What we want to say is not a matter of a word from us. As for what we will give them in the future, it depends on whether they are still valuable by then, understand?"

Now even if you promise those old guys and give them the entire Qianhuan Continent, so what?

After he gains his own power here and gets everything he deserves, what use will those old guys have?

Since they were all useless, why would he give them all the good things?

When the time comes, he holds the corpse-suppressing talisman and the poisonous corpse in his hands, and the mother body of the son of the devil. Will those people be able to do anything to him? Isn't it just what he wants?

Anyone who dares to disobey him will face death!

After hearing the man's words, the man kneeling on the ground suddenly raised his head and looked at him.

"Master, is this possible?" he asked.

Those old guys are not so easy to talk to. If there is nothing real, how can we cooperate with them? Even if we cooperate, there will be dissent when the time comes, right?

"Why doesn't it work?"

The man looked at his subordinate seriously and asked him.

"Is it possible that if they want this Sky City or something else, can I give it to them directly? Isn't it possible that everything can only be captured successfully after cooperation?"

As a person, you have to know how to think. It's not that what they want can be obtained with nothing. What they get directly requires some sacrifice, do you understand? "

Hearing this, the man thought deeply for a while and finally raised his head.

"Yes, Master, I understand."

He knew what to do. Since he was looking for those people to cooperate, of course it should be mutually beneficial.

If those old immortals don't have any real skills in their hands, why should they cooperate with those people? Therefore, everything must be done by letting those old immortals make some achievements first.

"My subordinates will take care of it now. We must let those old immortals do their own thing first."

"Well, let's do it."

After listening to his words, the man nodded with satisfaction.

...

In the golden bead space.

The sleeping little guy was brought out by Liu Yuyang and the city lord's wife, including the crib.

However, even if the place was changed, the little guy continued to sleep without even a groan, looking like he wanted to sleep until eternity.

"Zimo, have you given the child a name?" Lu Tianlan was satisfied after finally seeing his grandson. While looking at the little guy, he asked his son next to him.

"Not yet." Sui Zimo shook his head.

He and Sonny had thought about several names together before, but they had not yet decided which name to use or to give the little guy another name.

"Sang'er means to give the little guy a nickname first, then a big name... and then give it to the little guy when he grows up."

"Um?"

Lin Baizhong's reluctant eyes moved away from the little guy and looked at Sui Zimo.

"Whatever your temperament, you should give it a name. Son'er and I have the same idea." Seeing his confusion, Sui Zimo explained.

A child's name is a big deal. It should accompany the son for his whole life, but it can't be careless, and it can't be left to them to pick one casually, right?

Chapter 3155 What is it called? Piggy?

"Zimo, you and Sangsang don't want the baby to name himself?" the city lord's wife asked with a smile.

"this....."

Hearing this, Sui Zimo raised his eyebrows.

"Perhaps, it really can be like this. Give it a nickname first, then give it a big name. When the child becomes sensible, let him choose a name of his own. As for the name, he should always choose a name that sounds comfortable to him."

Everyone: "..."

The child is his biological father, are you serious?

How can a father not choose a name for his son, but let his son name it for himself when he grows up?

"Zimo, does Sangsang agree with your idea?" Lin Baizhong asked.

"Why don't you agree?"

Sui Zimo asked his father-in-law, he thought this was a good idea.

"Dad, I think Zimo's idea is very good. If I have children in the future, I will do the same." Lin Changhong felt that this idea couldn't be better.

It also saves him the trouble of worrying about the name of the child, which saves worry and effort.

"Go, what do you need?"

Lin Baizhong glared at his son angrily.

"You haven't even met your wife, Mao, and you're already thinking about the child? You can wait until you find a wife to talk about this. If you have the ability, find a wife now."

He looked at his son with disgust and said.

Lin Changhong: "..."

Dad, you are your biological father. How old is he, and you want him to get a wife?

How can this man and girl compare like this? He still thought that before he was twenty-five, he didn't plan to keep a woman by his side. It would be better now...

"Dad, are you so anxious to have your grandson?" he asked angrily.

"It's okay to hold a grandson. What kind of grandson are you holding? Get out of here!"

Lin Baizhong rolled his eyes at him, then looked at Sui Zimo and continued to ask about his grandson.

"Have you decided on the child's nickname? Since you don't want to give it a big name so early, you have to choose something nicer. It can't be too casual."

"It's natural."

Sui Zimo nodded and looked down at his sleeping son.

"Sang'er and I can't choose any name for our child casually. Son'er thought about it for a long time before he came up with a good nickname."

"what is it call?"

Lin Baizhong and Liu Yuyang, Lu Tianlan and the city lord's wife, and Lin Changhong all asked at the same time.

"Zhuzhu." Suizi Mo said.

Five people: "....."

What is it called? Did they hear wrongly?

"Zimo, what did you just say? What is the baby's nickname? Piggy?"

Lin Baizhong almost screamed. If he wasn't afraid of scaring the little baby, he would have hit his son-in-law with a big ear-scratcher.

"Zimo, what do you and Sang Sang think? How can a child be named Zhuzhu? I still call him Dog!" Lin Changhong also laughed out loud, feeling that this girl and her brother-in-law were really cheating on their son. .

"It's like a pearl." Sui Zimo explained.

Everyone: "..."

Regardless of which 'bead' it is, do they have to explain to someone when they see someone in the future that our child's name is Zhu of Jewelry?

"Change it, change it." Liu Yuyang made an immediate decision and said.

"Mother-in-law, this name was given by Sang'er." Sui Zimo looked at Liu Yuyang and said.

Liu Yuyang: "..."

It was hard for her to say anything since her daughter took it.

"Zimo, how about you and Sangsang go discuss and change the name?"

Finally, she handed over this difficult task to her son-in-law and asked him to discuss it.

Chapter 3156 No one can survive

"mother in law....."

Sui Zimo was also a little helpless and looked at the people in front of him.

"You must have heard of the name Sangsang gave her pet, right?" He reminded several people.

Everyone: "..."

They knew about Lin Caisang's pet.

The black panther is called Xiaohei, and the two white foxes are called Dabai, so they can't tell which one is which. There are some others, either with the word "big" or "little" in their names.

Thinking of this, several people unconsciously twitched the corners of their mouths. Such a naming technique, maybe one Zhuzhu, is good enough, right?

"How about I go discuss with Sangsang later and let us choose the name of this child?" Liu Yuyang took a deep breath, raised his head and asked the other people.

Although she has to worry about her daughter, her grandson's name is also a top priority.

If it were based on the naming ability of her precious woman, this name... there might be something wrong with it, so she might as well let them choose it.

"That's it, Yu Yang, you and Sang Sang discuss it," Lin Baizhong also said.

"Mom, you have a good talk with Sangsang, and don't make her unhappy." Lin Changhong warned.

Hearing this, Liu Yuyang rolled his eyes at his son.

"Sangsang is my daughter, do you need to remind me?" Her precious daughter, it was too late for her to feel pain. How could she be unhappy?

"hehe."

When Lin Changhong saw that his own mother was angry, he quickly smiled, but did not dare to say anything to make his mother angry.

"By the way, Zimo, why didn't I see Ding Rong and Ding Xu? Why didn't they come back?" He quickly changed the subject and asked Sui Zimo.

"They finally managed to go out. I asked them to go back to Ding's house and come back." Sui Zimo said.

"Ding family..."

When the Ding family was mentioned, the faces of Lu Tianlan, the city lord, and his wife did not look good.

When the Ding family was in trouble, two such good children were living in the dirtiest place in Sky City, and were constantly being threatened.

This kind of thing is really annoying.

Mrs. Ding used the power of thunder to directly take down the elders who were helping Aunt Qiongying. Not a single one of them could survive.

Of course, Aunt Qiongying had several children after all, and she was still pregnant with the Ding family's flesh and blood at that time, so she did not go to find a companion with the elders, but she went directly to make a pair with Jin Cuiniang.

Although they were in two different yards, the outcome was the same.

Once Aunt Qiongying gives birth to the child, she will be sent to the village to be taken care of by the servants of the Ding family. She will never return to Sky City or the Ding family again.

Naturally, Aunt Qiongying's children could no longer stay with her, so they were sent directly to Mrs. Ding's yard to take care of them.

The City Lord's Mansion got the news about all this very early, but it made the City Lord's wife so angry that she almost wanted to scold her own mother.

"No one in the Ding family has trouble." Lu Tianlan said coldly.

When the city lord's wife heard his words, she didn't say anything to refute. In fact, she also felt that her family was really good at causing trouble.

She doesn't really care about face or anything like that, but the more chaotic the Ding family is, the easier it is for people to take advantage of it.

Now, I don't know what kind of big fish there are in the Ding family.

Chapter 3157 Someone will help you

...

In the Ding family compound.

Aunt Qiongying's children have been living in the old lady's yard. Although they are well taken care of, they are also very noisy.

Unlike Ding Xu, Ding Xu had been taken care of by Mrs. Ding because he was sick, and he was not close to Aunt Qiongying.

But the other children are different. They have been taken care of by Aunt Qiongying.

In the past, Ding Zhuzui and Mrs. Ding couldn't feel it, and thought it was okay for Aunt Qiongying to take care of the child herself.

But ever since it was revealed that Aunt Qiongying was embarrassing Ding Zhuzui's two children who were away from home, several children came to the old lady's yard.

Now, all the drawbacks are exposed.

The grandmother and father who are supported by several children do not recognize her at all, they only recognize Aunt Qiongying as her biological mother.

She was crying and making a fuss, just wanting Ding Zhuzui to release Aunt Qiongying.

Hunger strikes and self-mutilation occurred several times.

However, this was the first time that Ding Zhuzui was so tough. He did not release Aunt Qiongying because he felt sorry for the children. Instead, he directly told the children that if anyone wanted to starve or harm himself, no one would do it. Will stop.

After a few times, several children saw that no one paid attention to them, and they no longer dared to do anything harmful to themselves.

After all, he is still a child. It is okay to scare others and make them really do something cruel to him. How dare he just make a small wound and cry and shout.

"Old mistress, old mistress, I'm so happy, the eldest lady and the third young master are back."

In Mrs. Ding's yard, the old woman was full of joy and hurried back from outside the yard.

"What?!"

In the yard, Mrs. Ding, who was lecturing several children, swayed excitedly when she heard her grandma's words, and almost leaned forward.

"Hey, old mistress, please be careful."

The nanny beside her quickly supported her and whispered.

The eldest lady and the third young master are back. They are all very happy, especially when they hear that the third young master can come back. Does that mean that the third young master is fine?

"Where is the person? Where is the person?" Mrs. Ding asked quickly.

"Back to the old mistress, the eldest lady and the third young master went to the master's study and said they would come over to visit the old mistress in a while." Mammy replied to her.

"I went to the front yard, that's what I should do."

Mrs. Ding was so excited that she finally let go. She would be able to see Rong'er and Xu'er later.

The next moment, her sharp eyes glanced at the children in the yard, and she coughed heavily. She did not forget that these children were making trouble again.

"What are you doing standing there, why don't you stand up quickly?"

The children were already afraid of Mrs. Ding, the grandmother. If they hadn't heard that Aunt Qiongying was suffering this time, they wouldn't have made a fuss.

Now that Mrs. Ding was giving such a glare, she was on a business trip. She stood there numbly, with her head lowered, not knowing what she was thinking.

"Don't think that just because your third brother is back, you think someone will help you. If you dare to cause any trouble in my yard, I will directly make the decision and let you go and accompany your aunt. From now on, outside here, no one will. There's no need to go out!"

Mrs. Ding shouted sharply at them.

Chapter 3158 Want the moon in the sky

Although she is not very old, she still can't bear the commotion of these children every day.

She was really blind before. Not only did she choose a daughter-in-law like Jin Cuiniang for her son, but now even Aunt Qiongying was so unsafe.

Her hands were stretched even longer than Jin Cuiniang's, and even several elders were attracted by her.

Although she found out in time and dealt with the elders, those elders were also elders of the Ding family. Apart from that, the Ding family really fell behind a lot.

"Continue to stand here. Without my instructions, if anyone dares to move, he will stand for one more hour!"

After speaking to several children, Mrs. Ding left. Ding Rong and Ding Xu came back. She was eager to order the kitchen to make something that the two children liked to eat. perform

I don't know how long they can stay, but they will probably have to go back soon, right?

She had to ask the kitchen to make more for the two children to take back.

And Xu'er's place, because he had been sick, his share of things had not been given to him before. Now that he finally came back, naturally he had to take it with him.

No matter which grandchild it is, she will treat a bowl of water equally and will not wrong any one of them.

Several children watched Mrs. Ding's retreating back. After a while, they secretly let out a sigh of relief.

"Second sister, third brother is back, shall we go there?" The little child looked at the older girl and asked.

"What third brother, what nonsense are you talking about? We only have the eldest brother, where did the third brother come from? Those two people are wild children. I will not recognize them as my brothers."

The little girl glared at the boy next to her and said angrily.

Her aunt said that it was those two wild children who caused her aunt to be locked up. She wished they would die, so she would not call them eldest brother or second brother.

Wouldn't it be better for those two people to stay outside? You've been here for so many years, why do you want to come back?

If they weren't still children, she would really want to kill those two wild children.

"Grandma will go to see eldest sister later. Then we will secretly find eldest brother and ask him to meet his aunt. Grandma used to love eldest brother the most. As long as he begs grandma, grandma will definitely release aunt. Give it back to us."

The little girl thought beautifully that if Ding Xu came back, their aunt would be saved.

"Really? Third... can eldest brother rescue our aunt?" the little boy asked, blinking his big, confused eyes.

"sure!"

After hearing his words, the little girl raised her chin proudly.

"Who is our eldest brother? Even if he wants the moon in the sky, grandma will find a way to get it for him. As long as the eldest brother begs grandma to let my aunt go, grandma will definitely agree."

"Then what should we do now? Go find big brother?" the little boy asked.

"this....."

The little girl thought for a while and felt that she couldn't go looking for it now.

If grandma finds out that they are gone, she will definitely look for them. Then it will not be so easy for them to see their eldest brother.

"Not now. After grandma and the others leave, we can go find big brother."

"But grandma will also go to see eldest brother, right?"

Another, smaller girl who had been silent until now blinked her big eyes and asked.

"Well."

The little girl choked at her words and glared at her angrily.

Chapter 3159: Coming back to announce the funeral?

"Can I not know that grandma will go to see eldest brother? I mean, after grandma goes to see eldest brother, and we go there again, it is impossible for grandma to only see eldest brother once.

She had just thought that her grandmother would definitely go see her eldest sister and brother later, and then they would run away.

If the people in grandma's yard find that they are missing, they will definitely notify grandma. Then grandma will definitely send someone to look for them. If they can't be found, eldest brother and the others will definitely know about it.

Big Brother will definitely come to them when the time comes, and then they will be able to see Big Brother.

As long as they tell their aunt about their aunt in front of their eldest brother, the eldest brother will definitely beg their grandmother. When the time comes, their aunt will be released and they can be by their side again.

From then on, they will no longer be afraid of their grandmother, and their aunt will protect them.

...

The back house of the Ding family.

In a cold house, Jin Cuiniang has lived in this house for a long time, and her overall condition is not very good.

Now the Jin family has also given up on her. As long as she can maintain the name of the Ding family's wife outside, the Jin family will not offend Ding Zhuzui because of her.

On the other side, there was no news at all from Lu Tianfeng, and those who wanted to help her were directly suppressed.

That time Mrs. Ho's wife came over and scolded her a lot.

He felt that she had brought trouble to Orjia, and said that he would never care about her life or death again. .

Now she is really at the end of her rope.

"Madam, madam, what a happy event."

There is only one maid serving Jin Cuiniang. She cannot leave the courtyard, but her maid can.

Thinking about it, she felt desolate. Her current situation was even worse than that of a maid.

"What happened again? Are those evil beasts dead?"

She asked calmly without even raising her eyelids. Of course, she was referring to Aunt Qiongying's children.

"Well."

The maid choked at her straightforward words and didn't know what to say for a moment.

Madam was so filled with hatred. She didn't say anything yet, she was just thinking in her heart, what's wrong with Aunt Qiongying's children?

After a while, she came to her senses.

"Madam, the eldest lady is back."

"Rong'er is back?"

When Jin Cuiniang heard that Ding Rong was back, her eyes suddenly lit up.

No matter whether the Jin family lets her go or not, no matter how bad Ding Zhuzui treats her, Ding Rong is her daughter, and this will not change.

Even if she was in trouble again, as a woman, Ding Rong would not dare to ignore her.

"When did she come back? Did she come back alone? Did those little bastards die and Rong'er came back to pay their respects? That's great, it's really great!"

Maid: "..."

Madam, she is obsessed with thinking about the death of Aunt Qiongying's children, right?

"Madam, the eldest young lady and the third young master came back together." Although she didn't want to say it, the maid still had to say that what she found out was that Ding Rong and Ding Xu came back together.

"What?!"

Hearing this, Jin Cuiniang let out a sharp roar and her eyes widened in disbelief.

"What are you doing, Rong'er? You've got people outside, and you still can't kill them. How could I have raised such a useless daughter? I've been teaching her for so many years in vain!"

She taught Ding Rong so many things that a married woman should pay attention to, but they were all in vain!

Chapter 3160 Who made her unlucky?

"Husband... madam... eldest lady, she..."

"What a eldest lady, I don't have that kind of useless daughter. She is really a white-eyed wolf. It's in vain that I have been so kind to her all these years. In the end, I still fell in love with that old immortal and Ding Zhu!"

Before the maid could say anything, Jin Cuiniang cursed into the air again, as if Ding Rong was standing there, listening to her curses.

"hiss!"

The maid gasped.

"Madam, please be gentle, don't let anyone outside hear you."

If these words were heard by the guards outside and reached the ears of the old lady, the lady would suffer again, and she would also be punished.

It was already hard enough to be assigned to Madam's place and not be able to make any profit at all. She didn't want to be punished again because of Madam's unflattering words.

"Hmph, what are you afraid of?"

Jin Cuiniang didn't care at all.

She has fallen into this situation now, what is there to be afraid of? Can Ding Zhuzui divorce her?

Compared to Aunt Qiongying, although the things she did would be considered vicious by them, they would not lead to death. She hoped that Ding Zhuzui would divorce her, so that she would be free.

However, even if she had to leave the Ding family, she had to take away Ding Rong, that white-eyed wolf.

Why should she go out to suffer while her daughter can enjoy happiness in the Ding family? Her daughter must suffer with her!

"If you have the ability, let Ding Zhuzui come to me. Haha, I can just ask him what kind of character his Aunt Qiong Ying, who loves her so much, is like now?"

After saying that, she giggled again and felt much better.

When the maid looked at such a lady, all the hairs on her body stood up. In her opinion, the head of the family should avoid women like snakes and scorpions, right?

After all, what kind of things did a lady and an aunt around me do? Whoever passes them will be unlucky!

If she had a choice, she would rather be a laundry maid than wait in the madam's yard, but who made her unlucky? There was nothing she could do about it.

...

On the other side, although Aunt Qiongying was also imprisoned, she had worked hard in the Ding family over the years and had some servants who were loyal to her.

As soon as she came back from Ding Xu, she got the news, and she felt even more happy.

As long as her son comes back, then she has hope of leaving. Who makes her son Mrs. Ding's heart and soul?

"Haha, Xu'er is back, Xu'er is finally back!"

She was so happy that she laughed in the yard, and the maid who was waiting for her curled her lips involuntarily.

This maid used to be a laundry maid and was not allowed to be reused. Later, she was sent to take care of Aunt Qiong Ying because she offended someone. The reason why she was chosen was that she was not from Aunt Qiong Ying's side and would not help her. Aunt Ying.

Although she was not allowed to be re-employed, she had heard about the things that happened to the Ding family.

It is said that Aunt Qiongying didn't even take Mr. Ding Xu to see him before, because he was a sick man and he didn't know when he would die.

Because I don't know when I will die, I don't care about it.

In such a situation, when Mr. Ding Xu comes back, will he offend his grandmother and father who love him for the sake of an aunt who has abandoned him long ago?

No matter what others thought, she felt it was impossible.
