Chapter 3171 What does leaving mean?

"Ah.

Mrs. Ding chuckled lightly and glanced sideways at her son.

"Don't talk about him. Who was it that got the mineral vein from Tianxia City after being secretly encouraged by someone in the first place? You don't think this is just a trivial matter, do you?"

"Well!"

Ding Zhuzui was choked by his mother's words and immediately had nothing to say.

Come to think of it, it wasn't a coincidence at first. Someone must have been plotting something behind the scenes. If he hadn't stopped in time, he might have been the next Ding Laoliu.

No, that's not right.

If the mine was still in his hands, then some people would not go looking for Ding Laoliu, but would come directly to him.

"Those people are really scheming." He sighed softly and said.

"It's good if you know it's a plan."

Mrs. Ding glanced at him solemnly.

"Let's go and arrange your uncle's affairs. As for hers, don't interfere."

she said.

Hearing this, Ding Zhuzui nodded naturally.

He also knew what his mother meant. The two women at home had worked hard on this family before. They knew even things he didn't know.

Moreover, a steward and a maid are still in contact with Ding Laoliu's people.

If it's just that his status in the house has plummeted, it doesn't mean he has no income, right? There must be some other purpose, right?

Come to think of it, those two women are really good enough. They are both locked up. They have such great ability to contact people outside, and they want to make the Ding family uneasy.

"Hey, did I owe them something in my previous life?" He sighed softly, turned around, and left.

Mrs. Ding looked at her son's retreating back with a faint look in her eyes.

It's also her fault that she has bad taste. Why did she choose such two women for her son in succession? I wish I had known it earlier... It's a pity that no matter what, I can't buy the regret medicine.

...

"Gone? What nonsense are you talking about? What do you mean by leaving? How could it be possible?!"

In the yard, Aunt Qiongying had a big belly and was holding her maid's collar in one hand. Her eyes were so wide that she almost wanted to bite off a piece of meat from the maid's body.

Ever since she got the news of Ding Xu's return, she had been waiting for her son to come and see her.

When that time comes, she can complain to her son. As long as her son feels sorry for her, she will go to Mrs. Ding to plead for mercy. Moreover, her eldest daughter also came to see her secretly before.

He clearly said that he would go to Ding Xu.

"Useless things, all useless things, none of them are useful!" She threw the maid's collar away and cursed into the air.

Sure enough, Yatou Jiazi is the most unreliable. Even if I ask her to do something, she can't do it well!

She taught the little girl what to do step by step, but she still couldn't do it well. What was the use of those useless things she kept in the past?

If I had known earlier, I might as well have strangled them to death when they were born!

"By the way, before Xu'er left, did you say anything about me?" She looked at the maid and asked, as if grasping the last straw.

Even if you don't come to see her, you should let Mrs. Ding take care of her more, right?

She didn't believe that her son would ignore even a little bit of family affection and really forget about her?

Chapter 3172 It's reasonable

"Auntie, the Third Young Master didn't leave any words. The maid said in a low voice.

What she was thinking was that even if Mr. Ding Xu really left something, it was not something she, a little maid who was not valued, could find out, right?

The most she could do was to find out that Mr. Ding Xu had left.

"What words did you leave behind? What words did you leave behind?"

Aunt Qiongying murmured to herself, as if she didn't believe what she heard.

"How is this possible? Is it you? Didn't you find out clearly? How could my Xu'er have nothing to say to me? He is my son, my biological son!"

After a long while, she raised her head, looked at the maid with fierce eyes, and asked angrily.

Hearing this, the maid just curled her lips and didn't say much.

But she really wanted to ask, what happened to her biological son? I haven't seen how much Aunt Qiongying cared about this biological son before. Didn't she not go to see him for ten and a half days?

If it weren't for the old lady guarding him, Ding Xu, the third young master, would have died early and become a cup of loess, right?

How could he be so lucky, waiting until the eldest lady found someone to save his life?

oh.

Now that I am in trouble, do you think this son whom I despise is useful?

What did you do that morning?

If I had known better now, I should have dealt with Mr. Xu well from the beginning, right?

"Auntie, I have already inquired clearly. The third young master really didn't leave anything behind. Maybe he came back in a hurry this time. It is reasonable that he could not think of you for a while.

"What's reasonable? It's fine if he doesn't come to see me. He didn't even mention it. What does he mean?" Aunt Qiongying felt like she was going crazy and shouted at the maid.

Being locked up in this hellish place every day, she couldn't even see anyone except this maid, let alone anyone who would let her out.

Finally, she had a great opportunity. Her son, who had always been loved to the core by Mrs. Ding, was back. As long as she could see him and complain about it, she could go out.

Even if he won't get much favor from Ding Zhuzui in the future, he can at least get freedom, right?

In this way, she will be satisfied. From now on, she can stay in the Ding family with peace of mind and will not do anything she shouldn't do, as long as she can be free.

How could she have expected that this son would not even ask her a question? How could this make her feel so embarrassed? !

"The evil son, that evil son!"

She trembled and murmured, cursing Ding Xu, her son.

"A white-eyed wolf, a wolf-hearted thing, I gave birth to him in vain, and I didn't even care about my own mother's life and death. If I had known... If I had known, I would have let him die of illness, and I would not have allowed him to go outside for treatment.

What kind of things did this scoundrel learn outside? It must have been taught by that bitch Ding Rong. That bitch was just as vicious as her bitch mother! "

The maid on the side heard her words clearly: "..."

Speaking of vicious things, isn't this Aunt Qiongying in front of her vicious enough?

Although the old lady has given an order not to allow servants like them to discuss the masters' affairs at will, who in the house does not know what Aunt Qiongying has done?

The eldest young master and the second young master can survive until now, it is because of their hard luck!

I just pity the lady.

Chapter 3173 There is nothing to show mercy to!

She is obviously the mother of the two young masters, but she cannot enter the Ding family and can only live outside. No one in the Ding family can even mention her. Even if the two young masters want to see her, they have to go secretly. .

When it comes to being vicious, Aunt Qiongying is even more vicious than Madam, right?

"Auntie, it's getting late, please rest first."

Ignoring Aunt Qiongying who was still mumbling to herself, the maid closed the door and walked out, letting out a sigh of relief.

"No, we can't just let it go!"

In the room, Aunt Qiongying's only hope was lost.

She thought that after she gave birth to the child in her belly, she would have to live in a village, and she would be guarded and couldn't even get out.

She felt chills in her heart, wishing that the child in her belly would never come out!

However, no one can change the fact that a woman is pregnant in ten months. Even if she doesn't want to give birth to the child, it is impossible. When the time comes, the child will be born.

"I have to find a way, yes, find a way, those scoundrels are unreliable, I have to rely on myself!"

While muttering, she got up from the ground, came to the table and started writing on the paper. She wanted to ask for help and could no longer sit still and wait for death.

Otherwise, waiting for her end will definitely not be good.

Not only is his son unreliable, he may not be the head of the Ding family in the future.

And how she treated Ding Ru, Ding Jun and their mother before, she knew even more clearly in her heart.

If one of these two people becomes the head of the Ding family, then her life will be truly over. Not only herself, but her children and her natal family will not get any benefits. of.

She could care about those useless scoundrels, but she couldn't let anything happen to her family.

"Ding Zhuzui, since you don't want me to have an easy time, then I have nothing to show mercy to!"

After saying this viciously, she filled a whole piece of paper, then picked up the paper, brought it to her mouth, blew on it, and then folded it.

Since these people want to die, then why should she hesitate? Either they die or she dies. With such a simple choice, wouldn't she still be able to choose it?

...

In Mrs. Ding's yard.

Several children lowered their heads and stood motionless in the dark night.

Mrs. Ding, on the other hand, was sitting on the only chair in the courtyard, looking coldly at the children standing there.

"Old Mistress, these young ladies and gentlemen should already know that they are wrong. Why don't we let them go back and rest first?" Seeing that the calves of the children were trembling, the old mama could hardly stand anymore and whispered to Mr. Ding. The human ear reminded.

After hearing what the old nanny said, several children raised their heads and looked at Mrs. Ding with longing in their eyes.

However, how could Madam Ding spare them so easily?

"Whatever you are looking at, stand still for me. If anyone dares to move, he will stand for an extra hour, plus tomorrow's breakfast will be waived!" she said sternly.

"hiss!"

Several children gasped and looked at the older girl cautiously.

Today they wanted to find the elder... no, it was the third brother, but before they could see anyone, they were stopped by the grandmother next to them.

Chapter 3174: Quite courageous

The second sister cried and shouted, wanting to see the third brother, thinking that the third brother would hear her because there was only a wall between them.

Who knew that no matter how much the second sister cried, the third brother wouldn't come out, as if he didn't hear their cries at all. In the end, they were all taken away by the old nanny and locked up.

It wasn't until the third brother left that the grandmother ordered the old nanny to release them.

However, when they were released, they were not taken to have dinner. Instead, they were called to stand in the yard with their heads punished. What was even more cruel was that even with dinner, their grandmother told them that because they had done something wrong, they did not get to eat. .

There was no need for dinner. If they didn't even have breakfast, wouldn't they have to starve to death?

When the youngest girl heard her grandmother's words, her mouth flattened and she was about to cry.

However, Mrs. Ding glared at her sharply.

"Hold it back!"

"Well."

How could the little girl dare to cry? She could only purse her lips tightly and glance at their grandmother secretly. Then, she turned her head secretly and glanced at the older girl.

Why did she listen to the second sister and do what she said, but not only did she not see her aunt, she was forced to stand and starved?

Is everything the second sister said wrong?

"Old Mistress..."

Seeing that the young masters were still being made to stand, the old grandma wanted to give some advice.

Mrs. Ding glanced over and said, "Then what benefit has Aunt Qiongying given you?"

"Well."

The old grandma choked at her words and quickly laughed with her.

"What did the old mistress say? Even though the old slave was full of courage, he did not dare to betray the old mistress. However, the second young lady, the third young lady, and the fourth young master were all taken by Aunt Qiongying before, so it was inevitable Got some bad habits.

But this bad habit can't be changed all at once. It has to be taught slowly, don't you think so, old mistress? "

"snort!"

Mrs. Ding snorted coldly.

Although she was extremely angry, after all, the children were her biological grandchildren, so it was not too bad.

"Except for the second girl, everyone else should go wash up and sleep."

"grandmother....."

When the slightly older girl heard Mrs. Ding's words, she wanted to speak unconvinced.

Why should she be left behind when everyone else can go to bed? What's the point? Is she the only one who did something wrong?

"Shut up!"

Mrs. Ding scolded her with a sullen face.

After a while, the old grandma had left with several other children, and she looked at the little girl coldly.

"Don't think that I don't know what you are doing outside. You are quite brave!"

"me....."

The little girl lowered her head unconsciously and could not say a word.

"Sui'er, if you want to go to your grandfather's house, grandma won't stop you. She will send you there early tomorrow morning. From now on, you will no longer be a descendant of the Ding family. How about that?"

Mrs. Ding looked at the little girl and asked.

"What?!"

When Ding Sui heard this, his eyes widened in fear.

Although she is also young, she is a child of the Ding family after all, and she grew up next to her aunt. She is not one of those children who doesn't understand anything.

Although her grandfather loved her, she also knew that it was because she was the granddaughter of the Ding family.

If she didn't have this identity, her grandfather and grandmother wouldn't care about her life or death. What's more, she has seen it clearly these days.

Chapter 3175 It's really crooked

After her aunt lost power in the Ding family, her grandfather and his family didn't even ask. She wrote secretly to ask for help, and no one came to intercede on her aunt's behalf. 69shux.Com

It can be seen that when her aunt fell out of favor, she was already abandoned by her grandfather's family.

"Grandma, Sui'er is wrong. Sui'er just feels that it's so pitiful that my aunt is locked up alone in that yard. She wants to beg her grandmother and father to let her out. Sui'er really didn't do this on purpose."

With a 'plop', she knelt down towards Mrs. Ding, tears falling down.

"Ah."

Mrs. Ding sneered.

To say that she really doesn't like this granddaughter.

Rong'er used to be messy and did more than one or two wrong things, but she didn't say anything.

Because she knew that Rong'er had been misled by Jin Cuiniang, and she had a good nature and would not completely destroy herself.

But the little girl in front of me...

She was smart, but she was too smart, and she was taught by Aunt Qiongying that she lost her nature. Apart from herself, she didn't even care about family ties.

She knew better that the child wanted to save her aunt not really for her aunt, but because she felt that without her aunt, she would have no support in the future.

"Sui'er, grandma has eaten more salt than you have eaten rice. Do you think you are thinking about something? Does grandma really know nothing? Huh?"

She glared at Ding Sui with stern eyes and warned in a cold voice.

"I....."

Ding Sui opened his mouth, but didn't know how to reply.

She didn't understand what she had done wrong for her own plan. The eldest brother was his aunt's son. Wasn't it his duty to rescue her aunt in trouble?

But the eldest brother obviously came back, but he didn't mention his aunt at all. Even when she cried and made a fuss and wanted to see his eldest brother, he didn't dare to see him.

She even doubted whether that person was her eldest brother.

"Grandma, Sui'er just wants to see her eldest brother. She really doesn't..."

"What did you say?"

Before Ding Sui could finish her words, Old Man Ding narrowed his eyes and questioned her coldly.

"I....."

Ding Sui gasped subconsciously.

"No, no, Sui'er just had a slip of the tongue. It was Third Brother. Sui'er meant Third Brother. Sui'er hasn't seen Third Brother for a long time and misses him very much."

Hearing this, Mrs. Ding chuckled again.

This granddaughter, what should she say? She is really too smart.

"Even if you know you were wrong, that's fine. I haven't punished you wrong today. You can continue to stand in the yard. You can go back to rest after an hour."

After saying that, she stood up and left with the help of another old nanny.

Ding Sui looked at Mrs. Ding's leaving figure bitterly, wishing she could go forward and push her. Why should she stand for an extra hour? She was also very tired.

She had already admitted her mistake, so why wouldn't she let her go?

"Old mistress, this Miss Sui'er..."

The old grandma supported her and whispered in her ear.

"This girl is really crooked, and I don't know if it can be corrected." Mrs. Ding sighed and said helplessly.

"It's good that Miss Sui'er is smarter. If she gets married in the future, she won't be bullied by her husband's family." The old mama didn't know what to say, so she could only pick the good one.

However, these words did not make Mrs. Ding happy.

Chapter 3176 What happened?

She was afraid that in the future they would marry another Aunt Qiongying. If that was the case, the Ding family's reputation would be completely ruined.

"Do you really think she's doing this for a good thing?" She glanced sideways at the old nanny and asked.

"Well."

The old grandma choked at Mrs. Ding's words and immediately didn't know what to say.

Didn't she just see that the old lady felt bad, so she thought of choosing something nice to say to make the old lady relax.

To be honest, this second young lady, not to mention her, even the other servants of the Ding family looked down upon her, she was so unruly and willful.

Of course, it was only after Mrs. Jin Cuiniang lost power that she showed such a savage side.

In the past, in front of Jin Cuiniang, she was like a little sheep.

However, it is precisely because of this that people feel that the second young lady's scheming is really extraordinary. You know, the second young lady is still a straightforward little girl.

"The old mistress is right. The temper of the second young lady should be carefully controlled. In the future, I have to trouble the old mistress to control the temper of the second young lady."

She said quickly.

After hearing what the old lady said, Mrs. Ding was really helpless.

If she hadn't been able to save face, she really wanted to throw Ding Sui out and follow Rong'er and Xu'er.

Since Miss Lin can change Rong'er's temper, can she also teach Ding Sui well?

However, as the head matron of the Ding family, how could she let outsiders know that the Ding family could not even educate their own children and grandchildren? This Ding Sui was such a headache.

However, what Mrs. Ding didn't know was that besides Ding Sui, there was someone in the Ding family who gave her a bigger headache.

...

On the other side, in the front yard.

Ding Zhuzui had just sent Ding Rong and Ding Xu away, and wanted to deal with some things at home, so he went to the study.

Little did he know that as soon as he entered the study, his personal bodyguard came over, holding an unopened letter in his hand.

"What happened?"

In fact, you don't need to ask. Someone must have come up with something behind his back.

But he still wants to know, who is it?

"Master, the person who was watching Leng Yuanju just now came to report that Aunt Qiongying had someone secretly send this letter out. Where exactly was it sent? The person who sent the letter who was caught by us was very harsh. It hasn't been explained yet."

As the guard spoke, he placed the letter on Ding Zhuzui's desk.

Ding Zhuzui did not pick up the letter immediately. He just looked at it with a heavy gaze and took a deep breath.

They have already fallen into this situation. There is only one maid waiting by her, and she can't even leave Leng Yuanju. What else does Aunt Qiongying want to do?

"Where are the people? Where are they being held?"

After a while, he reached out and took the letter in his hand, but he did not open it and read it. Instead, he raised his head and asked the guard.

"Go home, Master, that man is locked up in Leng Yuan's miscellaneous room and is being guarded," the guard replied.

Because it concerns Aunt Qiongying, she is the head of the house's woman after all, and she is also the biological mother of several young ladies, so they don't dare to do anything to her.

Without the permission of the family leader, they did not dare to publicize such a matter, so they could only arrest the person first and interrogate them secretly.

Hearing this, Ding Zhuzui took a deep breath.

Chapter 3177 Doing stupid things again

"Go and have a look with my master.

He wanted to see who this person was, and Aunt Qiongying. How much trouble did she want to cause before she could feel at ease?

"Yes, head of the family."

The guard responded and followed Ding Zhuzui to Leng Yuan's residence.

...

In the old lady's yard.

Mrs. Ding was just about to go to sleep when she heard the old nanny coming to report.

"Old mistress, something happened to Leng Yuanju again." The old mama secretly raised her eyes and looked at the old mistress, thinking about those women who were really willing to risk their lives.

"What kind of trouble is she trying to cause?"

Mrs. Ding sat in front of the bronze mirror, but she didn't even raise her eyelids and asked calmly.

"Back to my old mistress, according to the report from the maid serving Aunt Qiongying, Aunt Qiongying probably felt that the Third Young Master did not intercede on her behalf. She knew that she could not leave Leng Yuan's residence, so she wanted to secretly ask someone to deliver a letter. Send it outside."

The old grandma replied.

Mrs. Ding: "..."

These women really want to cause trouble all the time.

What kind of thing is this? Are you still thinking about going outside for help? Do you really think that the members of the Ding family are so useless that they only sent a maid to take care of her daily life?

"Where are the letters?" she asked.

"It has been sent to the head of the family. The head of the house should be on his way to Leng Yuanju at the moment. Old mistress, would you like to..."

"Since the head of the family has passed away, there is no need to pay attention to it. Let the head of the family handle it." Before the old mama could finish her words, Mrs. Ding said.

The Ding Zhuzui now is not the drunken Dingzhu before. He will not do stupid things for the sake of a woman.

What's more, her son has really never cared about Aunt Qiongying in these years. Otherwise, Jin Cuiniang would not have been bullying Aunt Qiongying for so many years.

"Just back off."

"Yes, old mistress." The old lady responded and retreated.

...

The Lin family is brightly lit at the moment.

Lin Caisang came out of the Jinzhu Space and lay down in his room, while Sui Ziyu took care of the child in the Jinzhu Space.

"Father, mother, are you making such a big show of it, are you afraid that they won't know that we did it on purpose?"

Seeing the attitude of his own father and mother, Lin Caisang really laughed out loud.

These days, someone is staring at their Lin family. They know this very well, but of course, they don't pay attention to it.

But tonight, since she came out of the Jinzhu Space, she felt that the atmosphere outside suddenly became tense, and murderous intent rushed directly towards her.

"I'm not afraid that they will come, but I'm afraid that they won't be able to get through." Lin Baizhong said to his precious daughter with a cold face.

If he dares to set his sights on his precious daughter, how can he let them leave standing upright? They must be crushed to death!

"But we are very obedient, there is no need to be so nervous." Lin Caisang was even more helpless.

Those people outside are no match for so many people at home. City Lord Lu Tianlan knows the situation here and has sent many people over.

"You girl, for whom are we so nervous?" Liu Yuyang glanced at his daughter angrily and asked.

"Okay, it's for me." Lin Caisang pursed her red lips.

She stopped talking about them, so that was it. Turning around, she looked at Sui Zimo who had just come in from the door, and saw that he was holding a small bowl in his hand.

Chapter 3178 A quick victory!

"Zimo, I..."

"Sonny, eat a little first."

Sui Zimo came to her and planned to feed her with his own hands.

"Don't worry about your father-in-law and mother-in-law's side. Just focus on taking good care of yourself. There's also Wanzi here. Let's just take good care of Wanzi." He said.

"Sang Sang, listen to Zimo, just leave everything else to me and your mother." Lin Baizhong agreed when he heard what his son-in-law said.

After a solemn silence among the family, the little baby's nickname was finally changed from "Zhuzhu" to "Wanzi". As for the name, I'll think about it later and take my time.

Although Lin Caisang still felt that the nickname "Zhuzhu" was good, everyone disagreed, so she could only reluctantly agree with their ideas.

"Okay then." Lin Caisang responded lightly.

She didn't want to care about the affairs of those outside, but she didn't want those people to have a good time.

Were those people so sad when they found out that she had given birth to 'Mean Zi'? Everyone has such a strong murderous aura on their bodies, I wish I could kill her with a thousand knives.

It's a pity that those people can't get close to her.

The Lin family was heavily guarded, and outside the Lin family, those people were worried, not knowing what choice to make.

The master had previously ordered them to take down Lin Caisang or the younger one as soon as they saw them.

But so what?

The Lin family is guarded by Lin Baizhong. Can they just break in and capture the person? Isn't it too simple to think about it?

"Chief, do we...really want to go in?"

A subordinate next to the leader asked him in a low voice.

When he heard this, the leader turned his head and glared at him fiercely.

He still wanted to ask, do you really want to go in? Not to mention whether they can beat the Lin family, even if they can, Lin Caisang himself has some abilities.

Can they really catch someone?

However, his master didn't know anything about these questions and thoughts. He only knew that he wanted to catch Lin Caisang and use it to threaten Sui Zimo to hand over the corpse-suppressing talisman.

He just doesn't understand. What's so good about the corpse-suppressing talisman?

"Leader..."

"Stop talking nonsense and fight quickly!"

The leader didn't want to hear his subordinate's words anymore and let himself feel regret in his heart, so he directly interrupted his words and ordered in a cold voice.

"But the leader..."

The subordinate wanted to say something else, but he could only choke back all his words under the leader's cannibalistic gaze.

What can they do? We can only act according to the instructions. I hope there are not too many people in the Lin family now, so they can be sure of victory, right?

"Remember, don't be reluctant to fight. If you catch Lin Caisang, retreat immediately." The leader said again.

Their purpose was to capture Lin Caisang. They didn't need to pay attention to the rest, and of course they couldn't.

"Leader, how about we start from secret?"

Another subordinate suggested, knowing how dangerous these tasks were.

There are so many people in the Lin family, it's possible for them to get in one or two, right? When the time comes, we can just add some medicine and secretly get Lin Caisang.

The leader naturally knows what his subordinates think, doesn't he want to do this?

However, now he could only look at his subordinates as if they were looking at idiots.

Chapter 3179 I'm afraid you'll scare them

If the Lin family could get in so easily, then why were they still standing outside? Didn't they find out where Lin Caisang went?

That woman gave birth to a child without even making any noise, which shows how powerful she is.

"Can you get in?" he asked his subordinate.

"Well."

The subordinate choked at his words.

Yes, it is really impossible to enter the Lin Mansion.

It's not because the servants in the Lin Mansion are so powerful, but... there isn't even a single servant in the Lin Mansion.

There are just a few of the most familiar people in their own house. How can they sneak in? They can't sneak in, right? They don't have that ability either.

"My subordinate is wrong."

"It's good to know you were wrong!"

The leader glanced at him coldly, then looked at the other subordinates.

"You guys, go attract the attention of the Lin family. I will take a few people to capture Lin Caisang. As soon as I capture her, everyone will retreat immediately."

he ordered.

"Yes, leader." All the subordinates responded.

At this point, they are being pushed to the shelves. If they don't get this done, they will die if they go back.

Moreover, they have been fed poison since they started working for their master, and they cannot even run away.

Even though it was a mission to die, they still had to go.

Everyone took a deep breath and stared at the door of the Lin family with determination, thinking that as long as this matter was done well, there should be no difficult tasks in the future, right?

Because there is no task more difficult than this one.

"ready to go."

After the leader said something, everyone quickly took advantage of the night and rushed towards Lin's house.

"I go!"

Just after returning from Ding's house, before he reached Lin's house, he saw several black figures in the night, heading towards Lin's house. Ding Rong almost screamed in surprise.

It was Ding Xu who covered her mouth in time so that those people were not shocked.

"Uh-huh."

After a while, when no one was outside, Ding Rong slapped Ding Xu's hand away angrily.

"What are you doing?"

"I'm not afraid that you might shock them."

Ding Xu took his hand back and replied to her sarcastically.

Ding Rong: "..."

She just wanted to ask, did she scare the men in black, or did the men in black scare her?

"No, let's go help quickly."

Suddenly it occurred to me that now is not the time to talk about this. So many men in black broke into Lin's house. Shouldn't they be there to help?

Since you are going to help, why are you still standing here?

"etc."

When Ding Xu saw that she was about to go over, he quickly stretched out his hand to catch her.

"what?"

Ding Rong looked back at him and asked.

"Our most important task is not to help, but to protect the things in our hands. As for those people, sister, do you really think they can get benefits from Commander Lin?"

Ding Xu asked her.

It doesn't matter whether they go to help or not.

However, the things in their hands cannot be allowed to go wrong, and they must be protected no matter what.

As for those men in black, to be honest, he was quite worried. Could those people still come out of the Lin family alive? The answer is of course impossible.

"What you said seems to be right."

Ding Rong looked at the two boxes in his hand, then at the box in Ding Xu's hand, and nodded.

Chapter 3180 Block these people

She could ignore the rest, but the box in her hand could not allow for mistakes, otherwise Lin Caisang would have to skin her.

"It's just that they... are so brave."

"There's nothing to be afraid of. Let's watch first." Ding Xu said.

It's normal to do whatever it takes to achieve your goals, but those people probably didn't expect that they would never come back, right?

...

Lin.

A group of men in black appeared first, trying to lure Lin Baizhong and others away.

But they didn't expect that the Lin family would include not only Lin Baizhong and his family, but also the guards of the city lord's palace.

And these guards are not ordinary. The spiritual power of each one is not inferior to them. They are really shocked into cold sweat.

They thought about escaping, but it was too late. When they stepped into Lin's house, they no longer had the ability to retreat. They even lost the ability to alert people outside.

Suddenly, there was a sound of fighting in the Lin family's yard.

The few men in black who were waiting outside to attack at the right time heard the voices inside, and the leader couldn't help but frown.

"What's going on? How could there be such a big commotion?"

Even if they try to attract the attention of Lin Baizhong and others, they can't make such a big noise. Although the Lin family is relatively remote, there are still many guards from Sky City patrolling here.

Such a big movement would be over in less than a moment.

"Leader, what should I do?"

A man in black next to the leader asked.

"What else can we do? Let's fight quickly!"

He glanced at his subordinates and said coldly, it was too late to withdraw now.

We can't let those who took the lead be discovered in vain. Then how can he establish his prestige in front of his subordinates in the future?

"Remember, as long as you catch Lin Caisang, leave immediately!"

Finally unable to let go, he warned his subordinates again.

It's a pity. If he knew what the Lin family was like at this moment, he would probably stop thinking about how to establish prestige. After all, he only has one life.

After breaking in, it's not a question of whether or not you can break in, but the most gentle way to die.

Not long after, the Lin family...

The leader looked at the corpses on the ground in disbelief. They were all dressed in black, which meant they were all their people.

He raised his head and looked at the guards who had surrounded them. He really wanted to die.

The reality is that it's not that he wants to die, but that he simply can't get out of this place today. If he had known this, he should have thought about it again and wouldn't have barged in so recklessly. !

"You...you already knew that we were watching from outside?"

I thought they were hiding well enough that these people wouldn't notice them at all, but now that I saw it, that was not the case at all.

These people are afraid that they will know early in the morning that they are watching from outside. Are they just waiting for them to fall into the trap?

And he was actually stupid enough to jump into the hole dug by these people!

"hehe."

Lin Baizhong looked at them with a sneer, and dropped his raised hand heavily.

"Take it!"

As these two words came out of his mouth, all the guards rushed towards the man in black.

"You go quickly, we will stop these people."
