

Star of Space 3181

Chapter 3181 Still escaped

The leader knew that he could not escape, so he turned around, picked up the subordinate next to him, and threw him outside the wall of the Lin family.

Fortunately, this place is not far from the outer wall. If he throws it like this, he can really throw the person out.

As for him, Lin Baizhong and others had already locked him in, so it was naturally impossible for him to escape, so he could only let his subordinates inform him.

If he dies, he dies, but he still has his family.

If everyone is trapped in the Lin family, and there is no one to deliver a message to the master, then no one in his family will be able to escape.

The master has always been ruthless and ruthless. How could he be spared so easily when he failed to do things well?

“Go after it.

Lin Baizhong glanced at the two guards beside him and gave orders.

The guards took the order and ducked to chase them out. Unexpectedly, the leader seemed to have anticipated what they wanted to do, and rushed towards them with his sword.

The two of them paused and did not fight him, but dodged back.

Almost immediately, several guards rushed over and suppressed the leader's moves. He could only watch the two guards, following the man in black he threw out, chasing after him. Got out.

"You deserve to die, the master will not spare you!"

With scarlet eyes, he hit the guards. He was really unwilling to die here so easily.

Not long after, the bodies of the Lin family were dragged out one by one. Lin Baizhong walked to the body of the leader and snorted coldly.

"He is a loyal subordinate!"

Knowing that he was about to die, he didn't know how to escape, so he actually got his subordinates out.

In Qianhuan Continent, there are really very few such people. After all, they are all cultivated people, and they definitely cherish their own lives. Who doesn't want to be admired by others?

Just like when we were in the Zi Yan Kingdom, the imperial mausoleum was bombed. In order to avoid being convicted, we had to run away. If we should shirk the responsibility, we should shirk the responsibility.

This is a very common thing, and it can happen anywhere.

"Commander, we are back."

The two guards who chased him quickly turned back.

"How's it going?"

Lin Baizhong raised his eyes to look at the two of them and asked.

"Following the commander's instructions, we chased the man for a long time. After several fights, he was stabbed several times and still escaped," one of the guards said.

Of course, this was something they had discussed in advance. They needed to send someone to report the news before those people would continue to act.

"Very good, thank you for your hard work. Let's go down and have a rest." Lin Baizhong nodded with satisfaction.

"My subordinates resign."

When the guards heard what he said, they cleaned up the yard and left.

Seeing that the courtyard became quiet, Ding Rong and Ding Xu walked in slowly.

"Uncle Lin."

"You two are back?"

Hearing the voices of the two people, Lin Baizhong remembered that he had not seen them in the Jinzhu Space before.

"Well, I'm back."

Ding Rong nodded his head and moved his nose.

The smell of blood in this yard is really unpleasant. I'm afraid it won't be just this time. There will be more smells like this in the future.

"Where is the master, where is she?" she asked.

"In the room, go in yourselves."

Lin Baizhong ignored them and left after saying something.

Chapter 3182 Let's use the dark one!

Although this group of people was eliminated, it was definitely not the only group. He had to make arrangements again.

Ding Rong and Ding Xu ignored him and went directly to Lin Caisang's room.

...

On the other side, Ding Laoliu's home.

The housekeeper was sent back by his master's family, and he directly reported to his master that he had not obtained the medicinal materials.

"What? Didn't you get it?"

Ding Laoliu was lying on the recliner, originally waiting for good news.

Little did he know that the good news didn't come, but he heard the housekeeper say that all the medicinal materials had been used on Ding Xu.

"Has it been used on those cheap boys like Ding Xu?"

"Yes, sir, that's what the master's family said. They said that everything was used and there was nothing left." The butler looked up at his master and replied.

Of course, this is only stated openly. Who would believe that many medicinal materials have been used?

Ding Xu hasn't been back to Ding's house for more than a month, so how could he need those medicinal materials? This is simply Mrs. Ding's excuse.

How could his master not understand the fact that even he knew?

Sure enough, after hearing the butler's words, Ding Laoliu's face became extremely dark.

"This sister-in-law is getting more and more outrageous. Doesn't she even care about my brother's life and death?" Naturally, he didn't believe it. All the medicinal materials had been used up.

But he really didn't expect that even though he asked the housekeeper to tell him that he was terminally ill, Mrs. Ding still didn't take out the medicinal materials for him.

"Haha, do you really want to take such a good thing and give it to those short-lived ghosts? I don't want to see if he has the life to eat it!"

As for Ding Xu's short-lived ones, who among the Ding family has ever thought highly of them? Only Mrs. Ding thinks that guy is a treasure, right? If it were him, and he had such a grandson under his knees, he would just strangle him to death without waiting for him to die of illness.

What's the use of living? If you can't practice, you still have to get so many medicinal materials to make up for it.

Those are all real gold and silver, made of impure crystals, or even pure crystals. And these things don't all belong to the Ding family!

At least he has a share!

"Master, what should we do now?"

The housekeeper looked at his master's unkind expression and was scolding Mrs. Ding for being so unkind.

It's just a few medicinal herbs, but the master's family didn't even give them such a small amount. Fortunately, his master has been working for the master's family all this time. It's really not worth it.

"What else can be done?"

Ding Laoliu glanced at the housekeeper coldly.

"If the light one doesn't work, we'll use the dark one! You go and make preparations and get those medicinal materials under the cover of night."

Some people can spend a lot of money on those medicinal materials. As long as he can get them, in the future, he, a side branch of the Ding family, might be able to leap forward and directly suppress the main family in terms of momentum?

He was not stupid, how could he miss such a good opportunity?

"Master, are you going tonight?" the butler asked softly.

"If it's not tonight, why should we choose a good and auspicious day?" Ding Laoliu asked, glaring at his housekeeper with unkind eyes.

"Well."

The housekeeper choked at his words and didn't dare to say anything more, so he just nodded.

"Master is absolutely right. If you go find someone, you will definitely be able to get those medicinal materials."

Chapter 3183 It's basically the same person

After saying that, he turned around and went to arrange people.

"snort!"

Ding Laoliu looked at the butler's leaving figure and snorted coldly.

Do you think he will believe it if he says the medicinal materials have been used? He is not a three-year-old child.

However, after tonight, those medicinal materials were really used, and when used on him, they could increase his wealth and status, and strive to crush this family!

"Haha, my dear sister-in-law, just wait!"

...

Lin family, in Lin Caisang's room.

Several people sat at the table and looked at the medicinal materials in the three medicine boxes.

"Sang Sang, if we bring these medicinal materials now, will there really be no problems?" Lin Changhong looked at his sister and asked.

"What could go wrong?"

Lin Caisang curled her lips and asked him.

Listening to Ding Rong and Ding Xu's words, that person must have put his mind on the Ding family.

That Ding Laoliu should be the person he just wanted to use.

However, Ding Laoliu was really bold enough to send someone directly to Mrs. Ding to send a message asking for these three herbs. This was really bold!

"Zimo, put these medicinal materials away first. It seems that we have to speed up our search for medicine. She looked at her husband and reminded.

"Um."

Sui Zimo responded, and the next moment, the medicinal boxes on the table disappeared.

"Then let's..."

Ding Rong felt relieved when he saw that all the medicinal materials were put away. He was about to say when they would enter Jinzhu Space.

Just as he was talking, he suddenly thought of something very important.

"Have Mr. Lin told you about Zui Yifeng?" she asked.

"What is Zui Yifeng?" Lin Caisang was puzzled.

This name is so familiar, I seem to have heard it somewhere.

"Are they Princess Niu's natal family?" Sui Zimo also asked.

He knew that Princess Niu's name was Zui Yiming, so the name Zui Yifeng should be related to Princess Niu, right?

"Don't you all know?"

Ding Rong turned his head and looked at Lin Caisang in surprise, then turned back to Lin Changhong.

He's been back for so long, and yet he hasn't even mentioned Zui Yifeng to them? This is an extremely important thing.

Of course, if it was just Zui Yifeng, it wouldn't be that important, but the key point is, what if the Zui family really raised those terrible things?

The mother body of the poisonous corpse and the son of the evil devil, this is something that cannot go wrong.

"Look what I did, I didn't have time to say it." Lin Changhong touched his nose, but he really didn't feel guilty at all.

After all, no matter how big the issue was, it was not as important as looking after his nephew. That was the most important thing.

"Brother, has something happened?" Lin Caisang looked at Lin Changhong and asked.

"We learned from Lord Haibo that many years ago there was a man named Zui Yifeng who came from another continent because of a crime. Baiqing also mentioned that he had an uncle, also named Zui Yifeng. Yifeng, but Baiqing has never seen this person."

Lin Changhong said to them.

"So, do you suspect that these two Zui Yifeng are the same person?" Sui Zimo asked.

Hearing this, Lin Changhong, Ding Rong, and Ding Xu nodded at the same time.

"I don't think it's such a coincidence, and the time when Zui Yifeng came from other continents and the Zui Yifeng from the Zui family appeared."

Chapter 3184 This matter... is not urgent

If it's really a coincidence, then it's a bit too much, right? Even if you say it, no one will believe it.

After hearing his words, Sui Zimo and Lin Caisang's expressions darkened.

"It seems that it's time to check out Zui Yifeng from the Zui family." Lin Caisang said.

"According to Bai Qing, Zui Yifeng of the Zui family often travels abroad. Not only has he never met him, he has not even met his mother and concubine. This person has always been the most mysterious person in the Zui family."

Lin Changhong said.

It is not easy to check this person.

"Isn't this simple?"

Lin Baizhong smiled, feeling that this matter couldn't be easier.

"The city lord and I have met that person. We drew the portrait and sent it to Zi Yan Kingdom. We just asked Princess Niu. If these two people are really the same person, then the matter will be simple. "

Just take down all the people in the Zui family and that's it.

"Dad, I'm afraid things are not that simple." Lin Changhong glanced at his own father and reminded him.

"What do you mean by that?"

Lin Baizhong didn't think so much for a moment and couldn't help but ask.

Is there anything else going on in this? Is he thinking too simply?

"Before, Zimo and I were still talking about how we had taken possession of the poisonous zombies and the mother bodies of the evil devil's sons. Why didn't that person make any big noise, and he was still thinking about asking for the corpse-suppressing talisman in our hands.

It seems that it is really not that simple. "

Lin Caisang, who was lying on the bed, sighed softly and said quietly.

"Son of the devil...hiss!"

Lin Baizhong couldn't help but take a breath of air when he heard the mother body of the devil's son.

Therefore, that person does not only have these poisonous corpses and demonic children in Lu Tianfeng's hands, but also has them in other places.

"It's a drunkard!"

He thought that the only possibility was the Zui family. However, the Zui family were really crazy. They actually helped an outsider to do such a thing. Aren't they afraid that the entire family would be destroyed because of this?

"Zimo, this matter needs to be resolved sooner rather than later. We must go to Ziyang Kingdom as soon as possible and go to Zui's house to find out what's going on." He looked at Sui Zimo and said.

"This matter... is not urgent."

Sui Zimo glanced at his wife and said softly.

Now his wife is undergoing confinement, and looking at Zui Yifeng's current behavior, it is far from the time when those evil sons were born.

They can still wait.

"First find out whether these two people are the same person, and we will talk about the rest later. But now, the most important thing is to deal with the next person. If they can't catch the person, they won't give up so easily."

Hearing this, everyone nodded.

"In order to suppress the corpse talisman, Zui Yifeng will probably do it himself, right?" Lin Changhong put forward his own idea.

"should be."

Lin Baizhong nodded.

"Just in time, let me see what that person looks like?" Lin Caisang said with a smile.

As long as she could see what Zui Yifeng looked like, she would be able to draw a portrait that was close to his original appearance. It would be much easier to send it to Zi Yan Kingdom for Princess Niu to identify.

I hope that Princess Niu can help them identify Zui Yifeng for the sake of the future of Qianhuan Continent, right?

After all, the Zui family is Princess Niu's natal family, and no one can protect them if Ku Zhen commits such a serious matter.

However, what Lin Caisang didn't expect was that something big was also happening in the Zui family. At this moment, Princess Niu no longer regarded the Zui family as her relatives at all.

Chapter 3185 Use secret hands and steal

"By the way, there's one more thing."

Ding Rong thought for a while and decided to talk more seriously about Ding Laoliu of the Ding family, so she told the two of them more carefully what she was thinking.

"You mean, that Ding Laoliu may have a lot to do with Zui Yifeng?" Sui Zimo asked, his voice a little cold.

This Zui Yifeng has really developed his abilities to the extreme. Everyone has been developed by him. It seems that there shouldn't be only a few of them, right?

"I thought it was nine out of ten. Otherwise, by some coincidence, he came to ask for those three medicinal materials, and it was too fast. To say that he had just been developed by Zui Yifeng I don't really believe it.

Ding Rong said seriously.

You know, there are really very few medicinal herbs that are used to treat diseases, and only people who only have one breath left, like Ding Xu did before, would use them to hang their lives.

Because those medicinal materials are all poisonous, eating them may have other consequences.

"My sixth grandpa, I saw him lively and vigorous last year, is now sick, and is about to die? How can such a coincidence happen?

What's more, it took him a lot of effort to learn that my grandmother had found those medicinal ingredients for Xu'er. The motive itself was gone, right?

So I concluded that there must be someone behind him, instigating him to ask my grandmother for those medicinal herbs. I guess they knew better, or they would steal them secretly. "

"Tsk."

Lin Caisang clicked his tongue lightly.

It's true that everywhere you go, there are some unscrupulous people, who come to covertly if they can't do it openly. Do they think that the people of the Ding family are just for food?

Can they do whatever they want?

"It seems that this person really needs to be kept an eye on." Lin Caisang said.

"Zimo, you said that if Zui Yifeng is really that person from the Zui family, then he would put the poisonous corpse and the mother body of the evil son in the Zui family, would that also..."

She was half lying on the bed, looking sideways at Sui Zimo, and said pointedly.

After hearing her words, the faces of several people in the room turned dark at the same time. Ding Rong even raised his hand and slapped the table hard, almost scaring the others.

"I just said that I always felt like something was wrong, so that's what happened."

She always felt that Ding Laoliu's matter should be taken seriously, but they just talked about it and just said they were staring at Ding Laoliu. She was very nervous and felt that something was missing.

But it turns out that this is it.

"As soon as we sorted out the prescription here, Ding Laoliu came to ask my grandmother for the three herbs. It must be related. It seems that that guy has already taken refuge in Zui Yifeng.

Master, you are right, maybe Ding Laoliu also has the mother body of the poisonous corpse and the son of the devil? "

After all, in the past few years, Ding Laoliu has been playing around in the Ding family, and he looks arrogant in front of his family. There must be someone behind him to support him.

"Without further ado, we really need to keep a close eye on Ding Laoliu," she said.

"Let my father handle this matter."

Lin Caisang said that they didn't have enough manpower to handle this matter, so they had to let her father go.

Or, let the people in the city lord's palace keep an eye on Ding Laoliu to see if they can dig out something from Ding Laoliu. As for Zui Yifeng...

Chapter 3186 Be sure to capture Lin Caisang!

It seems that we really can't kill him immediately, we have to dig out all the people behind him.

Otherwise, maybe in a while, this land of thousands of illusions will be filled with the children of evil spirits.

Lin Baizhong sat there and nodded.

...

Over at Zui Yifeng, when the seriously injured subordinate stumbled back, he saw him directly.

As soon as he reported what happened at the Lin family, he didn't even have the strength to kneel down and collapsed on the ground, with wounds on his body still bleeding.

However, Zui Yifeng didn't take his injury seriously at all. Instead, he became furious after hearing his words.

"Idiot, so stupid!"

If it weren't for the fact that the subordinate in front of him was injured, the thing in his hand would have been thrown directly at this person.

"Who made him take action so quickly? He was really stupid. Even if he took action, wouldn't he send someone back first? These idiots really deserve to die!"

The subordinate who was slumped on the ground felt a chill in his heart when he heard his master say this. He couldn't say a word and didn't dare to say anything.

He clearly heard the leader say that the master asked them to capture it at all costs after seeing Lin Caisang. But now that their action failed, the fault is all theirs.

If they had known earlier, they shouldn't have acted so quickly. They could have just reported to the master first, right?

But he knew in his heart that if the leader really sent someone to report, he might be charged with another crime. In short, his leader would not be able to escape this unjust crime.

It would only be successful if they successfully captured Lin Caisang.

But is Lin Caimulberry really that easy to catch? Before they entered the Lin family, they already knew that they would most likely fail.

If it weren't for the leader, his life would have been handed down there, and there would be no chance of survival.

"Master, what should we do now?"

Another subordinate next to Zui Yifeng came forward and asked.

"What do you think we should do?" Zui Yifeng glanced at the subordinate with cold eyes.

The subordinates trembled when he stared at him and quickly lowered their heads.

"I understand, I will summon the people at hand to capture Lin Caisang!" he said quickly.

"snort!"

Zui Yifeng snorted coldly.

With these useless things, how long will it take for him to catch Lin Caisang?

"Get ready immediately. I have to go and meet those people in person!" he ordered.

Although his cultivation would be suppressed on the Thousand Fantasy Continent, it was still more than enough to deal with those people. He wanted to see how those people could escape from his grasp.

"Yes, I will go immediately."

The subordinate responded, turned around and prepared to go out, but glanced at the man lying on the ground, a trace of cruelty flashed in his eyes.

"Master, how should we deal with this person?" He asked aloud.

Hearing this, Zui Yifeng glanced at his injured subordinate.

"Useless trash, throw it out and feed it to the dogs!"

He said in disgust, "What is the use of keeping such a useless thing?"

Hearing his voice, the injured subordinate raised his eyes and glanced at Zui Yifeng without even saying a word to beg for mercy.

He already knew what would happen to him. He just hoped that nothing would happen to his family after he died. They all had no choice but to do it, so what could they do?

Chapter 3187 Afraid that he will give up

"Yes, Master.

The subordinate responded, called two subordinates, and dragged the injured subordinate out.

Before anyone could drag him out of the door, he heard Zui Yifeng's voice again, ringing in the room, giving instructions to his subordinates.

"Cut the grass and roots, leaving no one behind!" he ordered.

"Yes, Master."

The subordinate bowed his head in response, and raised the corners of his mouth slightly where Zui Yifeng couldn't see him.

He knew that the master had a cruel temper, how could he keep those troubles? He would definitely get rid of them all.

However, the subordinate who was being dragged outside and who was quietly waiting for death suddenly became excited after hearing Zui Yifeng's words. He almost broke free from the grasp of the two subordinates and moved toward Zui Yifeng. Rushed over.

"Master, my family members did not make any mistakes. Please forgive me, Master... Uh-huh, uh-huh."

Before he finished speaking, someone covered his mouth and he couldn't even speak. Seeing that he was still trying to struggle, the two of them simply slashed at his neck, causing him to pass out. .

The man who had received the order and was about to gather his subordinates had just come out of Zui Yifeng's house.

Looking at the subordinate who was pushed down like a dead dog, he smiled coldly.

"Deserve it!"

They were working under Zui Yifeng, and there was competition, and the leader that his subordinates followed had always suppressed him before.

Now that everyone is dead, the people under his command will naturally follow him.

"Gather all our men immediately and follow the master to the Lin family." He ordered softly to his subordinates who had just approached him.

"Yes, leader." The subordinate responded, turned around and went to do his work.

...

Ding's house, outside the warehouse where valuables are kept.

A group of guards dressed in black were taken down directly, and their bodies lay on the ground.

"Master, all the people sent over there have been hanged." The leader saw Ding Zhu getting drunk, and hurriedly approached him and replied.

"How's the injury?" Ding

Zhu Zui glanced at the corpses and asked the leader.

"Go home, Master, all my subordinates are slightly injured, nothing serious." The leader replied.

"very good."

Ding Zhuzui nodded with satisfaction when he heard that the person on his end was not seriously injured or dead.

"Carry all the corpses down. Since he wants to declare war with the head of this family, then return all these corpses." He ordered the leader in a cold voice.

I really didn't realize that his sixth uncle was so stupid.

It was obvious that he had been taken advantage of by others, and he was still complacent, thinking that he had taken advantage and would soon achieve enlightenment and ascend to heaven.

He was really shocked by his sixth uncle.

"Yes, head of the family."

The leader responded and ordered people to carry all the corpses down.

"Master, I'm afraid the Sixth Master won't let it go." A steward took two steps forward, came to Ding Zhuzui's side, and spoke to him in a low voice.

Today, Ding Laoliu was able to send so many people to steal a few medicinal materials. If he were to see the bodies of his subordinates, who knows what would happen?

"My head is still afraid that he will give up and give up." Ding Zhuzui gave the steward a cold look and said.

Since there is going to be trouble, let's make it bigger. As long as the Ding family makes the matter bigger, they will be unable to do anything else about Sky City.

Chapter 3188 How to deal with it

He has to get rid of all the unsightly things in his home before he can help his sister, right?

"Go, let's spread some rumors and say that the Ding family has those medicinal herbs, but even if they are rotten at home, they will not be cheaper than those ungrateful things outside.

He ordered to the steward.

Manager: "..."

Patriarch, is it really okay for you to say so bluntly that the Sixth Master is a ruthless person?

If the Sixth Master heard this, he wouldn't just "ignore his own health" and rush to the Ding family's home to curse the head of the family, right?

However, these six masters are really not a thing. The master of the house did not point out how much money he had to give them, but also allowed them to rely on his family and the name of the city lord's wife to live a prosperous life in Sky City. It was enough. Okay.

Just like that, they were not satisfied yet and wanted to cause some trouble.

How much do you want to die? Do you think you have lived too long?

"Yes, Master, I will give you the instructions now."

He responded, but still looked up at his master.

"Master, there is something I don't know whether I should say or not. You..."

"explain."

Before he could finish speaking, Ding Zhuzui spoke.

"I received the news. The reason why Mr. Six knew what was in our house was because... Miss Sui'er got word from Aunt Qiongying and sent someone to spread the news. Look at this..."

This Aunt Qiongying was really restless. He really wanted to ask how to deal with her.

Hearing this, Ding Zhuzui took a deep breath.

If it weren't for the fact that Aunt Qiongying was still pregnant with his child, he would have really wanted to beat that woman to death with a stick.

As for Aunt Qiongying and his children, you can hate him if you want!

"My master happens to be free. Let's go and see this good aunt of my master." He said coldly.

He stepped forward and walked towards the yard where Aunt Qiongying was. However, as if he thought of something, he suddenly stopped and looked at the steward.

"Old Sun, my head heard that Zhi Qiong Hospital has reopened?"

"Well."

Manager Sun choked at the words of his family leader.

Zhiqiongyuan is not a good place. Historically, only young ladies from big families who have made mistakes will be thrown there.

But they all say that family ugliness should not be publicized, and there are a few aristocratic families who are willing to publicize their family's ugliness, so this Zhiqiong Academy has always had few students.

No, it has been closed for several years because there is no source of income.

This year, two children from aristocratic families who made mistakes finally got in, so it was reopened. However, I really don't know how many years this kind of academy can last.

"Master, Zhi Qiong Hospital has reopened."

"That's it, send Ding Sui over and let them be well disciplined. In addition, donate 10 million non-pure crystal stones to Lao Zhiqiong Courtyard. Remember to tell them that the head of the family is sending things there, not for them to be raised by the head of the family. A charming lady came out."

Ding Zhuzui ordered.

No one knows what Ding Sui will be like if she comes into contact with her aunt again, so it's better to keep Ding Sui away.

It just so happened that he had heard that students from Zhiqiong Academy, no matter how disobedient or arrogant they were before, would become well-behaved and sensible.

"Family...Master, are you serious?"

Chapter 3189 Why did you come here in person?

Steward Sun was shocked when he heard his family leader's words.

The head of the family actually wanted to send Miss Sui'er to Zhiqiongyuan. That would be an extra-large cell. In the past, the eldest lady had never been sent to Zhiqiongyuan no matter how big her crime was.

Moreover, Miss Sui'er is really still young. Will she be sent away from the Ding family at such a young age?

"What are you doing standing still? Didn't you hear my master's instructions?" Ding Zhuzui saw his stunned look and stopped to ask him again.

"Yes, yes, little one, let's do it right now."

Seeing that the head of the family was about to get angry at him, Manager Sun quickly responded.

...

In a very deserted courtyard of the Ding family.

Aunt Qiongying was pregnant and sitting in the yard, looking at the moonlight.

She was waiting, waiting for the person to come to save her after the letter was sent. Even if he didn't come to save him personally, he still had to give her an idea.

She is still young and cannot spend time in this cold place, right?

But what she didn't expect was that instead of waiting for someone from outside to give her advice, she would instead wait for an angry Ding Zhuzui.

"Home...Master, why are you here?"

Seeing Ding Zhuzui coming in a hurry, Aunt Qiongying stood up in surprise.

What she was thinking about was, could it be that unfilial Ding Xu who had already begged the family head for her? So is the head of the family here to take her back?

"Master, why did you come here in person? Send someone to pick me up, why don't you just...ah!"

Before she could finish her self-righteous words, she was slapped by Ding Zhuzui's face and fell to the ground.

When she fell down, the maid next to her fell to the ground in time, so that her stomach was not hit hard and something serious happened.

However, at this moment, Aunt Qiongying covered her burning face with one hand and looked at Ding Zhuzui in disbelief.

"Master, you...are you going to hit me?"

Even in the past, when Jin Cuiniang was still favored, Ding Zhuzui had never hit her, let alone now.

Jin Cuiniang had already met the same fate as her, and she was still pregnant with Ding Zhuzui's child. How dare he, how could he hit her?

He also hit her so hard that she fell directly to the ground.

If the maid hadn't reacted quickly, she didn't even know what the consequences would have been.

"I'll hit you, I'll hit you lightly!"

Ding Zhuzui looked at her with extremely contemptuous eyes, and with one hand, he threw the letter that Aunt Qiongying had intercepted by his people directly in her face.

"You are really capable. Now, you still dare to find people outside to save you? Do you think they will come to save you, a useless waste?"

Aunt Qiongying's heart trembled when she saw the letter that was thrown in her face and slid to the ground.

How did this letter get into Ding Zhuzui's hands? She obviously sent it to the person she trusted most, but it was actually intercepted by Ding Zhuzui's people?

Why are those things so useless? She spent so much gold and silver raising those people in the future, and it was all in vain!

"Master, what is this? I have never seen it before."

She tried hard to calm down, tried her best to look normal, looked at Ding Zhuzui and asked.

As long as she insists that this thing is not hers, even if Ding Zhuzui is convinced that this letter was written by her, he can't do anything to her, can he?

Chapter 3190 I don't know anything

After all, she was Ding Xu's biological mother, and she had several children with Ding Zhuzui. perform

Except for the two little beasts and Ding Rong who were not killed by her, all of Ding Zhuzui's children were born to her, and there is still one in her belly at the moment?

At this moment, she really felt extremely regretful. If she could have been more ruthless and killed the mother and son directly, wouldn't everything be over?

Those things she had done would not have been discovered, and she would not have ended up like this.

Everything was because she was too kind.

"Oh, never seen it before?"

Ding Zhuzui sneered, really wanting to be made angry by this shameless woman.

"My master watched you hand this letter to the maid outside. The maid wanted to escape from the Ding family and hand it over to someone outside. Now come and tell my master, this letter is yours." Never seen it?"

"Well."

Aunt Qiongying choked at his words.

She really didn't expect that Ding Zhuzui would send someone to keep an eye on her after she was already in this situation.

After all, in the eyes of the Ding family, the elders who had been in contact with her had been eliminated, and those forces had been completely destroyed.

Now she has nothing.

But in such a situation, Ding Zhuzui actually sent someone to keep an eye on him. What did he want to do?

"No, this is not my letter. I just wrote a letter to my parents and asked them to help me. I don't know anything else.

She denied it again.

Since Ding Zhuzui sent someone to keep an eye on her, he must have known that she wrote this letter.

She couldn't deny that she sent someone to deliver a letter, but it could be said that the letter she sent was not this one.

Is it possible that others wanted to make trouble for her, so they exchanged the good letters?

"Master, please be aware that I didn't write that letter. I just missed my parents. Really, I didn't do anything else.

Someone must have changed my letter. They just don't like me. Yes, that's it. "

Ding Zhuzui: "!!!"

Why hadn't he noticed before that this woman had such a high ability?

She has been abandoned in this place. No one in the entire Ding family knows that this woman has fallen out of favor and will never make a comeback.

Who would want to frame her, Jin Cuiniang?

That woman was even worse. She couldn't even protect herself, so how could she still be able to frame her?

However, it has to be said that between Aunt Qiongying and Jin Cuiniang, the one who is superior is Aunt Qiongying. They are both imprisoned. Jin Cuiniang can't do anything, but Aunt Qiongying can still do it. You can secretly go outside to find someone.

And they were looking for Ding Laoliu and the person behind Ding Laoliu.

It can be seen that Aunt Qiongying had been in contact with the person behind Ding Laoliu before. Otherwise, how could she have mentioned in the letter that she asked Ding Laoliu to find their master to help her?

"Qiongying, Qiongying, originally, considering how many children you have given birth to for my family leader, my family leader would only let you stay in the village, but now..."

He looked at Aunt Qiongying with a sneer.

Now let's talk about it being absolutely inappropriate for her to go and stay peacefully in the village outside after giving birth.
