

Star of Space 3191

Chapter 3191 Will something happen?

When she stayed at Ding's house, she could write letters like this and contact people. If it was difficult for him to reach out to Zhuangzi, wouldn't she become even more lawless?

In addition, she has lived in the Ding family for so many years, so she knows the Ding family very well.

It would be easy for her to do something bad to the Ding family. How could such a person be let out?

It was obvious that he had gone astray before.

"Master, you...what do you mean?"

Aunt Qiongying looked at the sneer on Ding Zhuzui's face, and her heart suddenly became cold.

"No, you can't kill me. If Xu'er and the others know that you killed their mother, they will never forgive you. You can't do this, you can't do this.

Yes, she told herself in her heart, Ding Zhuzui would not kill her.

Even if Ding Zhuzui doesn't care about her as a woman, she will still care about her own children. Just like Ding Ru and Ding Jun's mother, she has already cuckolded Ding Zhuzui so many times that even a man can't stand it. ah.

However, isn't she living well now? Ding Zhuzui even bought her a large house outside for her to take care of in her old age.

Isn't this an honor only given for the sake of the two children Ding Ru and Ding Jun?

And she had given birth to several children to Ding Zhuzui. Ding Zhuzui would not touch her, not to mention that there was another child in her belly that was not yet born.

After hearing her words, Ding Zhuzui looked up at the starry sky, closed his eyes, and took a deep breath.

He really wanted to kill the woman in front of him. Ever since he recovered his memory and found out that Ru'er and Jun'er's mother had been put in such a situation by her, he had wanted to kill this woman.

However, he was stopped by his mother. For the sake of several children, he endured it and did not kill her.

I just thought that after she gave birth to the child in her belly, she would leave it to Zhuangzi to fend for herself. This was already a huge affection. Who knew...

He lowered his head and looked at Aunt Qiongying.

"Yes, even for Xu'er's sake, I won't kill you."

He promised Xu'er that he would not take her life. No matter how vicious this woman was, she was still Xu'er's mother.

"Someone, drag her away!"

He suddenly turned around and gave orders to the night.

The next moment, two men dressed in black came over from nowhere and directly picked up Aunt Qiongying from one side to the other.

"What? What are you going to do?"

Aunt Qiongying had never been so scared before, and she kept struggling, trying to break free from the restraints of the two.

But it had no effect, and soon, she was dragged away.

...

"Here...what is this place?"

Looking at the unfamiliar environment in front of her, Aunt Qiongying became frightened for no reason.

She had lived in the Ding family for so many years and had inquired about everything that needed to be done, but she had never known that the Ding family actually had such a place.

"This is the secret prison of my Ding family. You can live here from now on." Ding Zhuzui looked at Aunt Qiongying and said coldly.

"What?!"

Aunt Qiongying couldn't believe that the Ding family actually had such a place.

"No, head of the family, you can't do this. I'm still pregnant with your child. How could you let me live in a place like this? Aren't you afraid... aren't you afraid that something will happen to the child in my belly?"

Chapter 3192 Spare me

The words that were originally meant to beg for mercy were turned into threats by her.

She doesn't want to stay in this place. She hasn't even explored the place, which shows how secretive it is. If she stays here, she will never want to go out again in this life.

"Don't worry, if something happens to the child in your belly, something will happen to you just like him!" Ding Zhuzui looked at her and said seriously.

"hiss!"

Aunt Qiongying gasped.

Do you want to kill her? The child in her belly is obviously hers, and she can do whatever she wants. Why should she be threatened?

"Master, I know I was wrong. I really know I was wrong. I promise that I will never contact those people outside again. Can you just let me go?"

If Sui'er and the others can't see me, they will definitely be anxious. They have never left me. Head of the family, if you don't think about me, you have to think about Sui'er and the others.

They are still young and cannot live without me as their mother, the head of the family. "

She absolutely did not want to stay in this place. If she stayed here, she would really have no future. And next to Ding Zhuzui, the old and immortal Mrs. Ding would definitely choose another woman for him.

When Ding Zhuzui has another woman by his side, how can he think of her again?

Then her life is really over.

She is not even as good as the two beastly mothers of Ding Ru and Ding Jun. That despicable woman still has a house in Sky City, and her two sons bring her delicious food and drink every day.

But here she has to spend her whole life in this dark place. How can she be willing to do this?

"Master, please forgive me. I will never dare to go against your will again. I will never listen to those people outside again. From now on, I will follow you wholeheartedly and take care of Sui'er and the others for you.

Xu'er is working outside now. If he knew that his mother was locked up, he would definitely not feel at ease outside. Master, please think about Xu'er and let me out. "

She begged Ding Zhuzui for mercy.

Ding Zhuzui, on the other hand, looked at the woman in front of him coldly, feeling really regretful that he should not have listened to his mother and brought this woman to his side.

However, without this woman, Xu'er would not have such an obedient son, right?

He was really conflicted in his heart.

However, no matter how conflicted it was, he knew how to choose.

"It is because of Xu'er that my family leader will not let you continue to cause trouble outside. Do you think that if you say something begging for mercy in front of my family leader now, my family leader will believe you?"

Do you think he is still the innocent Ding Zhuzui from before? He had already fully realized it.

"Qiongying, just stay here and take care of yourself."

After saying that, he flicked his sleeves and prepared to leave.

"No!"

Seeing Ding Zhuzui about to leave, Aunt Qiongying yelled and rushed over to hug Ding Zhuzui's thigh.

"Master, please forgive me. I really know I made a mistake, and I will never make another mistake in the future. Master, please forgive me for the sake of Sui'er and the other children."

She couldn't let Ding Zhuzui leave like this. If Ding Zhuzui left this time, she could predict that she would never have the chance to see Ding Zhuzui again.

Then she really has to stay in this place for the rest of her life.

Chapter 3193 Planning for your future

Ding Xu, that unfilial person, doesn't care about the life and death of her biological mother. She has to rely on herself. She still has Sui'er and their children.

As long as she can get out of this place, it's still not too late.

"roll!"

Ding Zhuzui kicked her away.

It was okay not to mention Ding Sui, but when he mentioned Ding Sui, he became even more angry. That child was completely ruined by Aunt Qiongying.

"How dare you mention Sui'er and the others? I won't let you stay in the Ding family just for them. Otherwise, all my Ding Zhuzui's children will be like you!"

It was only after he saw Ding Sui's appearance and Aunt Qiongying's ruthlessness in doing those things that he wanted to lock this woman up completely.

Otherwise, the Ding family will really be doomed in the future.

"Master!"

Although Aunt Qiongying was kicked away, she still crawled towards Ding Zhuzui quickly.

"Please, for the sake of the unborn child in my belly, don't lock me up. I will definitely be obedient in the future and won't do anything. As long as I can continue to stay in that yard, that's fine. Yes, Master, Master, please."

"Ah."

Ding Zhuzui sneered.

Unless he was crazy, how could he believe that this woman would stay peacefully in this yard and do nothing?

"Why are you still standing there? Why don't you drag her down to the head of the family and lock her up!"

"Yes, Master.

The two guards responded and dragged Aunt Qiongying away.

No matter how much she begged for mercy or how many children were used to plead for her, Ding Zhuzui ignored her.

As the iron door slammed shut with a bang, Aunt Qiongying was the only one left in the entire underground prison.

"ah!"

She sat limply on the ground and screamed.

Why?

She had already begged Ding Zhuzui for mercy in such a low voice, so why didn't he spare her?

What on earth did you do that went too far? Is it wrong to plan for your own future?

She did those things not for the sake of Ding Xu and their children. Otherwise, how could she do such a thing? Even if I lend her a few hundred courage, she wouldn't dare!

But even if he didn't do anything wrong, he still admitted his mistake to Ding Zhuzui, didn't he?

Why couldn't he just turn a blind eye and let her stay in the Ding family and live her good life?

"It's all those two evil beasts. If it weren't for them, how could I have ended up in such a miserable situation? It was all them!"

She thought in her heart that it was all because of Ding Ru and Ding Jun that Ding Zhuzui was confused. Otherwise, for the sake of giving birth to several children for Ding Zhuzui, Ding Zhuzui would not What will happen to her.

Because the future of the Ding family depends on her Qiongying's children, the head of the family will also be her children in the future.

However, Ding Ru and Ding Jun came back, and they were older than her children.

"I should have killed them in the first place, why did I relent for a moment? It was really a big mistake!" She yelled in the iron prison, regretting that she had not killed Ding Ru and Ding Jun in the first place. .

Outside the iron gate, Ding Zhuzui heard her words clearly.

"It's all my fault."

He shook his head and sighed.

If something like this happened to him, who could blame him?

Is it his fault that his mother shouldn't have attacked him and made him forget the woman who was unforgettable to him?

Chapter 3194 Going out for something

Why didn't he understand it himself? If he hadn't insisted on Ru'er and his mother marrying him as his official wife, his mother wouldn't have attacked him.

Everything is his fault alone.

He was too self-righteous and thought he could do the best, but in fact, he couldn't do it well at all.

"call!"

He sighed again, turned around, and left the underground prison.

...

It was night, and the sky in Sky City was already getting a little light.

There was silence all around the Lin family. There seemed to be no sound of insects. Such silence could make one's hair stand on end.

Lin Baizhong has already sent people to keep an eye on Ding Laoliu, and here, the guards of the City Lord's Mansion are always ready, not relaxing at all, preparing for the next most important battle.

And Ding Laoliu's home.

None of the people sent out came back. Ding Laoliu was so angry that he almost smashed everything in his study.

"Trash, how could this family owner raise such a bunch of trash?"

It was in vain that he used to think that the people under his command were so powerful, and there was nothing they could not do that they were told to do.

He has always been proud of his family's guards.

Who knew that when it came time to do the most important things, those people would be like waste and of no use at all.

"Isn't it just to let them steal some medicinal materials? They can't even handle such a trivial matter. What's the use of my family master raising these people!"

Yes, what's the use of keeping those trash?

"Master, it seems those people will never come back. What should we do next?" The subordinate beside him reminded him in a low voice and also asked him.

Hearing this, Ding Laoliu glanced sideways and glanced at him hatefully.

"Don't I know this? Do you still need to remind me?"

Those people have been gone for so long and haven't come back. It's strange that they can come back. They must have been captured by the people of this family.

But fortunately, those people he sent were all dead soldiers. As long as the mission was not completed, no information could be obtained from them.

He took a deep breath, feeling really angry.

I just don't understand. Isn't it just a little bit like this? Why wasn't Madam Ding willing to give it to him?

In the past, those medicinal herbs were reserved for Ding Xu and could not be given to others. He was too angry and would not argue with Mrs. Ding.

But what is the situation now?

Ding Xudu has been away from home for more than a month. I guess he is either dead or has been cured?

In this case, what's the use of keeping those medicines? It's not like giving them to him, right?

"You stay here and stay here. The head of the family is going out for something."

After giving instructions to the subordinates beside him, he stood up and walked out of the study.

This matter has not been done well. I must tell that person. From what I heard from that person before, it seems that these medicinal materials are very important to him. If he can't get it, it doesn't mean that person can't get it either, right? ?

"Yes, Master." The subordinate responded and watched Ding Laoliu's figure disappear into the night.

...

In the Lin family, just a short while later, the atmosphere was already extremely tense.

A small circle of black-clothed men had already surrounded the Lin family, and they seemed to be determined not to give up until they caught Lin Caisang.

Chapter 3195 Leave no one behind!

The leader was Zui Yifeng who looked angry but also proud.

"Hand over Lin Caisang, and I can consider sparing your lives. If not, I will raze your house to the ground!"

He said to Lin Baizhong and others.

So what if there are guards from the city lord's palace? As long as he thinks about it, how can these people be his opponents? None of them can survive.

Today, he was still in a good mood. He just wanted to get Lin Caisang and the fragments of the corpse-suppressing talisman, so that he could temporarily spare the lives of these people.

However, if these people have to go against him, then he doesn't mind crushing them to ashes.

"Tsk."

Lin Baizhong clicked his tongue lightly.

I thought to myself, this person is really good at speaking.

In front of so many of them, especially in front of him, Sangsang's father, they asked him to hand over his daughter.

Moreover, even if he handed Sangsang over, he would only consider letting them go, but he might not really let them go. This is not a good thing to say.

"Zui Yifeng, right?" He raised his head, looked coldly at the man standing on the eaves, and asked.

"you--"

Hearing Lin Baizhong call out his name, Zui Yifeng was shocked.

When did these people become so capable and actually know his name? You know, even people like Lu Tianfeng are not qualified to know his name.

The people under him, without exception, did not know his real name and always only called him master.

"Lin Baizhong, you are really good!"

Unknowingly, he learned his name. Did Lin Baizhong also find out some other things?

He had to guard against this. He had not yet succeeded in his big task, so he had to be cautious.

"Since you know so much, I can't keep you guys waiting."

His eyes darkened, and a strong killing intent suddenly lingered in his body. The corners of his lips curled up slightly, and he gave orders to his subordinates behind him.

"Kill them all for me, leave no one behind!"

"Yes, Master."

The leader among the subordinates responded and immediately led everyone towards Lin Baizhong and the others.

They brought a lot of people today, just in case they would fight with the people from the Lin Mansion. As expected, this scene could not be avoided.

"Lin Baizhong, today is your death... ugh!"

The leader flew over, and when he was about to bully himself in front of Lin Baizhong, before he could finish his words, a foot suddenly kicked from the side, hitting his waist and sending him flying out.

The next moment, he landed on the ground. After rolling a few times, he bounced back after hitting the stone steps. He stopped after a while.

"For such an unbeaten thing, you still want to talk harshly to my father. Are you worthy of it?" Lin Changhong was already standing beside Lin Baizhong, looking disdainfully at the leader of the man in black who was kicked far away by him.

"you--"

The leader in black stood up like a carp and looked at Lin Changhong regardless of how painful his waist was from being kicked.

He clearly didn't feel the presence of anyone else near him just now. It was just Lin Baizhong. Where did this person come from?

Chapter 3196 Finally appeared?

Moreover, because of this man's kick, he lost all his dignity, and the master may not be able to punish him in the future.

Sure enough, when he raised his head, he saw Zui Yifeng's eyes burning with flames, looking at him with dissatisfaction.

"master....."

"waste!"

Zui Yifeng spit out two words from his mouth coldly.

Before he could do anything to Lin Baizhong and the others, his own people were beaten first. How could he swallow this breath?

"Lin Baizhong, it seems that I really can't keep you here.

In his opinion, although Lin Baizhong's strength alone was nothing to worry about, the commanding office of Sky City was indeed a tough nut to crack.

However, as long as Lin Baizhong is captured, the Commander's Mansion will become nothing more than a piece of loose sand, not worth mentioning.

While he was speaking, he ducked and came to Lin Baizhong.

Since his subordinates suffered a loss from him, only he can get it back.

However, before he could make any move, he felt a strong spiritual power from the right side, sweeping towards his head.

He turned sideways to avoid the blow, and when he looked up, he saw another person.

"Sui Zimo, you finally showed up?"

He was very familiar with this person. When they were in the sea forest, they repeatedly opposed him, causing his corpse-suppressing talisman to fall into their hands.

This revenge just happened to take advantage of this opportunity to avenge it.

"Since you want to die so much, then I will help you!"

With that said, he attacked Sui Zimo directly.

"Changhong, I will leave these people to you, and I will help Zimo."

Lin Baizhong glanced at the men in black who were fighting with the guards, told his son, and then rushed towards Sui Zimo and Zui Yifeng.

Lin Changhong curled his lips after hearing his words.

The guards sent by the city lord's palace can handle everyone else. The most important thing is Zui Yifeng.

His cultivation level is really not that good. Even his brother-in-law, after only a few moves under his hands, was already unable to withstand it. It seemed that they still had a chance to fight this man.

After taking a look at Zui Yifeng, who was fighting with Sui Zimo, he turned his attention to the men in black.

If he can't deal with Zui Yifeng, can he still be unable to deal with those little guys?

...

The battle lasted for more than an hour.

It was already dawn, and Zui Yifeng, Sui Zimo and Lin Baizhong could not decide the winner. However, the subordinates Zui Yifeng brought with him were fighting one after another with Lin Changhong and the guards of the city lord's palace. 's fallen.

"Well done to you two!"

Zui Yifeng's eyes became colder, but he didn't expect that he could not take any advantage in the hands of these people after he had summoned so many people.

Sure enough, that was not possible in Qianhuan Continent. If he were on his own side, he could kill these little guys just by raising his hand, so how could he be so angry that his heart and liver hurt? ?

After knowing that he could not take much advantage in the hands of these two people, he stopped attacking and stepped aside to confront them.

"We are not good, how can we still be good to you? Don't look at yourself, what kind of morality do you have?"

Chapter 3197 It's true this time

Lin Baizhong sneered and looked at Zui Yifeng who was already standing quite far away. Do you want to hide if you can't take advantage? This really subverted his previous imagination of this person.

"What? You were going to fight, why did you stop after so long? Oh, are you out of strength? I didn't expect that you, a grown man, don't even have this little strength. It's really It's embarrassing for us men."

"you--"

Zui Yifeng was almost angered to death by Lin Baizhong.

He made a mistake today and did not bring more subordinates, but this does not mean that these people can show off their power in front of him.

"Sui Zimo, Lin Baizhong, I urge you to hand over Lin Caisang obediently. I can spare your life. If not... you should know what will happen to you!"

"You wanted us all to die just now, but now you can spare our lives?" Lin Baizhong shook his head, really amused by the man in front of him.

"Zui Yifeng, which words in your mouth are true and which words are false? Also, you may not be able to see what will happen to us, but I believe we will definitely be able to see it. Your final fate!"

He said loudly to Zui Yifeng.

"you--"

Zui Yifeng had a bad breath stuck in his throat. After a while, he took a deep breath. 6 9 s h u x

"Lin Baizhong, you really have a clever mouth. I want to see who sees whose fate in the end!"

He said something to Lin Baizhong, and then looked at Sui Zimo.

"Sui Zimo, don't you want the antidote? How about handing over Lin Caisang to me to take away, and I will give you the antidote immediately? This is a once-in-a-lifetime opportunity, you must seize it. "

Sui Zimo: "..."

Hearing this, he really wanted to laugh. This person didn't really think that all the fake but genuine prescriptions he had given were of no use at all, right?

Lin Baizhong: "..."

It was a once-in-a-lifetime opportunity. Did he think they were in a vegetable market and could still bargain.

"Antidote?"

Sui Mo's thin lips slightly hooked up and he looked at him evilly.

"Yes, it's the antidote. This time it's true. I keep my word. As long as you hand over the mulberries collected in your family forest, I will give you the real antidote to detoxify you."

Zui Yifeng said to Sui Zimo.

One year of Zimo can only increase his cultivation level a little, but the corpse-suppressing talisman is very important to him.

"Sui Zimo, there are women all the time, even if they are as beautiful as Lin Caisang, it's not impossible to find them. Why do you want to get yourself involved just for a mere woman? "

As long as you can detoxify the poison on your body, with your cultivation level and being the young city lord of the city lord's mansion, what kind of woman can you want? A rich family will send women into your arms, right? "

"Ah."

Sui Zimo chuckled lightly.

He thought this Zui Yifeng was such a powerful person. It seemed that he really had a master just like his subordinates.

Except for his higher cultivation level and his cruel mind, this man is really useless in other aspects.

He can say such things, which shows that he is no different from a fool. They really think too highly of him.

Chapter 3198 It's possible to create a wedge

"How about it? Sui Zimo, if I can give you the antidote, it will be a once-in-a-lifetime opportunity. You must seize it. Hand over Lin Caisang, and you can..."

Seeing Sui Zimo smile, Zui Yifeng felt that he had succeeded in tempting Sui Zimo with the antidote, so he wanted to continue striking while the iron was hot.

Who knew that before he finished speaking, a person jumped out from the side and interrupted him directly.

"Bah!"

Lin Changhong was originally there, dealing with the men in black with the guards of the City Lord's Mansion.

But as he listened, he heard such shameless words. He really couldn't bear to listen anymore. He saw that the guards were more than capable of dealing with the men in black, so he rushed over directly.

"I have never seen anyone as shameless as you. Can you, an outsider, separate the relationship between Zimo and my sister with just a few words? We look at you with high regard, you are really Think of yourself as a dish, right?"

Tell me something you don't want to hear. Who do you think you are, worthy of threatening us here? "

"you wanna die!"

There was no benefit for Lin Baizhong and Sui Zimo to join forces, but against Lin Changhong, it was just a matter of hands for him.

Zui Yifeng raised his hand and struck Lin Changhong with a palm.

He wanted to see if this guy, who was as slippery as Lin Baizhong, would continue to be slippery after being slapped by him.

However, he thought wrong.

With Lin Baizhong and Sui Zimo here, how could Zui Yifeng hurt Lin Changhong.

Even if there weren't two people, Lin Changhong's cultivation was pretty good. Even if he couldn't take Zui Yifeng's palm, he could still dodge it.

He just dodged and came to the other side of Sui Zimo and Lin Baizhong, snorting coldly at Zui Yifeng.

"Hmph, you're the only one who's going to hit someone if you can't explain it, right? What, do you think that what I said is wrong? Or do you think that what I said has hit your mark and you are getting angry from embarrassment?"

"you--"

Zui Yifeng gritted his teeth and was about to be pissed off by Lin Changhong.

For Sui Zimo, no matter how good his relationship with Lin Caisang was, she was just a woman. He expected that Sui Zimo would not give up his life for Lin Caisang.

With such a good opportunity to get the antidote, how could Sui Zimo not want it?

However, Lin Baizhong and Lin Changhong were staring at him, which was really an eyesore to him. These two people were Lin Caisang's father and eldest brother.

Seeing that Sui Zimo wanted to trade with him, how could they let it develop?

"Sui Zimo, you have to think clearly. If the poison in your body does not have my antidote, you may die at any time. Are you sure you want to give up your life for a woman?"

"I don't have much patience. When you think about it, I will count to three. If you can send Lin Caisang to me, I will give you the antidote."

He looked at Sui Zimo with scarlet eyes, as if he really didn't have much patience.

But God knows, he was also pounding in his heart, thinking that Sui Zimo wouldn't hand over the antidote to Lin Caisang.

But even though he thought so in his heart, he still wanted to win. What if Sui Zimo was willing?

"one....."

"You don't have to count."

Chapter 3199 Life will be very painful

Before he could finish speaking, Sui Zimo spoke up.

Zui Yifeng felt happy, and the calculating look in his eyes when he looked at Sui Zimo became even more intense.

"Young people are indeed young people. They know practical things. Now that you have decided, stop talking nonsense and hand over the people quickly. I will deal with these two people. You just go and bring Lin Caisang out, then... ..drink!"

Before he could finish his words, Sui Zimo hit him with a burst of spiritual power from his hand.

He almost had no time to react, and after shouting in surprise, he dodged and left the place where he was originally standing.

'boom--'

There was a loud noise, and wherever he looked, he saw that the place where he originally stood had been blasted out with a huge hole.

"You-how dare you!"

He raised his head and looked at Sui Zimo with sharp eyes.

"What dare I not do? Is it possible that a villain like you is still allowed to celebrate the New Year?" Sui Zimo said coldly to him.

"you--"

Zui Yifeng choked at his words and couldn't believe it.

"Sui Zimo, don't you want to take your own life? Without my detoxification, you won't be able to live for a few more years, and you will live in great pain!

You must also understand that the feeling of poisonous hair is very unpleasant, right? Are you sure you want to live like this? "

He knew his own poison very well. Before poisoning Sui Zimo, he had conducted experiments on living people. None of those people could withstand the devastation of the poison.

Who hasn't knelt at his feet and begged him constantly in order to get the antidote?

Only this year, Zi Mo, has been out of his control for many years, and he doesn't even need the antidote to relieve the poison.

He didn't even understand how he did it!

"laugh!"

Lin Changhong sneered and looked at Zui Yifeng as if he were an idiot.

"Young man named Zui, do you think your poison is really great? My brother-in-law has never been poisoned since he met my sister. Your poison is nothing to my sister. It has been done for a long time. Got it under control.

I believe it won't be long before my sister will be able to develop an antidote. When the time comes, go and cool down wherever you fall in love! "

He said mockingly to Zui Yifeng.

"You - you are simply -"

Zui Yifeng wanted to scold them for their shallow knowledge. Could the antidote to relieve the poisonous effects be the same as the real antidote?

Only the antidote in his hand could detoxify him. Without him, Sui Zimo would have died in the end. He knew this very well.

"Since you are so ignorant, let's just wait and see! After all, I have plenty of time to waste with you."

He flicked his sleeves and gave orders to his subordinates.

"Everyone stop with me!"

Hearing his voice, the men in black all stopped attacking and quickly returned to their master's side, holding their heads high as if they had won a great battle.

In fact, in the battle with the guards of the City Lord's Mansion, they were the losers.

"Sui Zimo, since you don't want to pay attention to my conditions, just wait. I will come back soon to test your skills!" Zui Yifeng said to Sui Zimo, Then he left with his subordinates.

He brought too few people with him today. When he goes back, he can come again.

Chapter 3200 How is it comparable?

"Tsk, are you leaving so soon?"

Lin Changhong watched Zui Yifeng leave with his people and let out a light tut.

This really comes in a hurry and leaves in a hurry.

But, what did they get in this place? The corpses everywhere were all the subordinates Zui Yifeng brought.

On their side, although some guards were seriously injured, at least there were no real casualties.

"Dad, Zimo, you guys are here, I'm going to see the injured guards." He said this and walked towards the guards.

"Zimo, go see Sang Sang."

Lin Baizhong glanced at Sui Zimo, and the two of them walked in the direction of Lin Caisang at the same time.

...

In the room, Lin Caisang was rarely ordered to lie on the bed by Sui Zimo. Instead, she was sitting on a chair accompanied by Liu Yuyang, holding her colored pencil in her hand and drawing something.

The door was pushed open and the two people walked in. Lin Caisang did not raise his head to look at them.

"How's it going?"

Liu Yuyang looked at them and asked.

"I'm calling back for the time being." Lin Baizhong said with a serious look on his face.

However, this is only temporary. For the corpse-suppressing talisman, Zui Yifeng will not give up so easily and will definitely come again.

"You were beaten back so easily? It seems that that person's cultivation level is not very good, right?" Liu Yuyang came to his side and asked in a low voice.

"Maybe it's not great, but for us, it's good enough. At least Zimo alone can't defeat him." Lin Baizhong glanced at his son-in-law and said.

"Dad, that's what you said."

Finally, Lin Caisang put down the colored pencil in his hand and looked up at his father with a smile.

"How many years has Zimo been cultivating? How many years has it been since Zui Yifeng just came to Qianhuan Continent? How can he and Zimo be compared?"

If her husband had cultivated for a few more years, Zui Yifeng would have been beaten to the ground. How could there be so many things going on.

Hearing this, Lin Baizhong also sighed lightly.

"That's why Zimo suffered so much," he said.

He knew that Sui Zimo had suffered a lot due to the poison he had suffered in those years. Wasn't it all because of his talent in cultivation?

"If he had no talent, how could he have suffered like that?"

"If Zimo didn't have such a high talent, would you be willing to let him be your son-in-law?" Lin Caisang asked him with a smile.

"Of course it won't work. My Sangsang is my treasure. The one who can be worthy of you must be one of the best among men." Lin Baizhong said immediately.

These words caused several people in the room to laugh at the same time.

Yes, everything has its pros and cons, and there is no way around it. Why are there so many evil-minded people in this world?

"Zimo, this is Zui Yifeng's portrait. I drew it." Lin Caisang took the portrait at hand and handed it to Sui Zimo.

"It's very similar."

Sui Zimo took the portrait in his hands and nodded.

"With this portrait, we can know whether Zui Yifeng is the Zui Yifeng from the Zui family." Lin Baizhong also walked over and spoke to the two of them.

"We will let Baiqing take the portrait back to Ziyan Kingdom." He said.

"Wait a while, I will draw another portrait in case of emergency." Lin Caisang said.

One portrait is too unsafe, so why not draw an extra one and keep it as a backup, in case it gets damaged on the road?
