

Star of Space 3201

Chapter 3201 Actually sent someone to steal? !

"Then you rest first, don't worry about the portrait. Sui Zimo gave the portrait to Lin Baizhong, then picked her up and put her back on the bed.

This matter is not urgent at this moment, it is more important that she rest well.

"Zimo..."

Lin Caisang looked at him helplessly.

Although I am in confinement, I don't have to lie in bed all the time.

In addition, she was a cultivator, so when he lay down in the past few days, he felt that he had almost recovered.

"I think I have recovered now. I can still paint a few paintings."

"I'll paint again in the afternoon.

Sui Zimo didn't allow her to deny it and said directly.

Hearing this, Lin Caisang was helpless and could only nod.

"Oh well."

She can't always confront her husband. After all, it's for his own good that he keeps watching her to let her rest.

...

the other side.

Zui Yi returned to his place in high spirits. As soon as he entered the door, he saw Ding Laoliu wandering around in the yard.

The anger in his heart was not all over the place, and he was almost angry at Ding Laoliu.

But thinking that this person was still useful for the time being, I endured it.

"You all go down."

He gave cold instructions to his subordinates who were not doing things well.

"My subordinates resign."

One by one, the subordinates looked at me and I looked at you. They didn't dare to say anything else and left in dejection.

It's because of their poor cultivation that they can't even deal with the guards of the City Lord's Mansion.

The commander had told them before that they should practice more, because one day they would have a big war with the guards of the City Lord's Mansion and the Commander's Mansion.

They originally thought that their strength was good enough, but who knew that they were not as good as those guards.

Thinking about them makes them feel guilty.

"Who asked you to come here?"

Zui Yifeng took Ding Laoliu back to his study, sat on a chair, looked at Ding Laoliu kneeling in front of him, and asked coldly.

"Master, I didn't do what you asked me to do well. Mrs. Ding was really difficult to deal with. She refused to give me those medicinal herbs, saying they were for Ding Xu. Who else would ask for them except him? I won't give it either."

Ding Laoliu came to Zui Yifeng because he had no other choice.

"If you don't get what you want, you will send someone to steal it. How could you know..."

"What? You actually sent someone to steal it?!"

Upon hearing Ding Laoliu's words, Zui Yifeng almost spat out a mouthful of old blood.

He raised his right hand and struck out with a palm, sending the person in front of him flying away.

"ah!"

Ding Laoliu screamed and hit the bookcase, then bounced back and fell to the ground.

"You sent someone to steal it, are you afraid that the Ding family doesn't know the importance of those medicinal herbs? Idiot, how could there be something as stupid as you around me?!"

He sent Ding Laoliu to ask for it, just to get the three herbs by surprise, so that Sui Zimo and Lin Caisang could not find the herbs even if they knew how to cure the poison.

Because among the three herbs at home, there is one that is only available on higher-level continents.

He also tried his best to find out that the Ding family had such medicinal materials, so he wanted to get it in his hands quickly, so that he would not be afraid that Sui Zimo and Lin Caisang would not take advantage of them.

But how did he know that Ding Laoliu, an idiot, would send someone to steal it after he failed to get it!

Chapter 3202 It's still too late

If the person sent was someone close to him, then it was still possible to steal the medicinal materials.

But the people sent were those under Ding Laoliu. How could they steal the medicinal materials? The guards of the Ding family are not vegetarians, and they can't even detect the idiots under Ding Laoliu.

Now, it was completely a warning. Even if he sent people to Ding's house to steal those medicinal materials, he would not know where the medicinal materials were placed.

But if he sent someone to the door to ask for it...

Now that the conflict between him and Lin Baizhong has begun, if he adds another Ding family, the few subordinates he has in Sky City will not be enough at all.

Among the two gangs, he must choose one.

However, both groups of people are very important to him, and both are indispensable.

"Master, I have no choice. I have already sent people to ask for it, but the old witch didn't give it and even sent the people I sent back.

The young one thought that those medicinal herbs were really important, so he thought of sending people to steal them. Little did he know that they were already on guard! "

Ding Laoliu also felt unspeakable pain in his heart. He didn't even understand what the use of those medicinal herbs was, and he needed to be asked to send people to beg or steal them.

Moreover, because he didn't steal those medicines, he was beaten by Zui Yifeng.

You know, the master has never touched him before. He is a very important subordinate to the master, right?

"Master, it's still too late now. As long as you send someone there, you will definitely be able to get those medicinal ingredients." He said to Zui Yifeng.

"idiot!"

As soon as he finished speaking, Zui Yifeng cursed at him.

What's the time? It's too late. You know, Ding Zhuzui and Mrs. Ding are very shrewd.

Now that they know that Ding Laoliu Ming wants to remain anonymous and steal them, we can see the importance of those medicinal materials. If they can't remember and protect those medicinal materials, the Ding family will really perish. Yes.

"What's the use of talking about this now? I'm afraid those medicinal materials have long been transferred by the Ding family!"

"Well!"

Ding Laoliu choked at Zui Yifeng's words.

"No...impossible, right?"

He was thinking to himself, isn't it just a few medicines, does it need to be moved and someone should be sent to keep an eye on it for protection?

However, didn't his master ask him to send people to the Ding family to ask for those medicinal herbs? But I couldn't get it, which was really annoying.

"How is it impossible?"

Zui Yifeng questioned him again.

"Do you think Ding Zhuzui is as stupid as you? You stole it even though you couldn't get it. How can he still not understand what's going on? Could it be that you think it's because of what you did with perseverance? Regarding the matter, will Master Ding still send those medicinal materials to you because of your perseverance? "

"I....."

Ding Laoliu opened his mouth, not knowing what to say for a moment.

He wanted to say that he thought Ding Zhuzui should do what he should do. After all, he was Ding Zhuzui's elder and his sixth uncle.

Could it be that when Uncle Liu was sick, could Ding Zhuzui pretend that he didn't know anything and sit at home peacefully, waiting for him to die? He should have put those medicinal herbs in front of him with both hands.

"Master, maybe Ding Zhuzui really knows how to...send medicinal materials to me, don't you think so?"

Chapter 3203 Returning in vain every time

"You idiot!"

Zui Yifeng almost spit out a mouthful of old blood due to Ding Laoliu's stupidity.

How did he think that Ding Zhuzui would bring the medicinal materials to him? Ding Zhuzui was the head of the Ding family, and Ding Laoliu was now a side branch.

Let the head of this family give away the treasure in his hand for a side branch?

Ding Zhuzui doesn't want to lose face?

"Get out of here, get out of here!"

He roared at Ding Laoliu, his scarlet eyes really wanted to shoot holes in Ding Laoliu's body.

Ding Laoliu was also frightened by his angry look. Without even thinking of resigning, he ran out of the study and only let out a sigh of relief when he reached the yard.

"Master, where did you get your anger? You vented it on me."

Isn't it common sense that this medicinal material cannot be obtained? It is a very precious thing. If it were in his hands, he would be weird if he gave it to others.

Even if you really want to give it, you have to give it the best price.

Just like now, if the master hadn't promised him so many benefits, how could he have tried his best to get those medicinal materials.

"Why am I so unlucky? Fortunately, I ran away quickly. Otherwise, my master might have had my head ripped off."

As he said that, he stretched out his hand and touched his neck, feeling that it was really thrilling just now.

"Forget it, since the master can't get those medicinal materials, you can only rely on me. I don't believe that Ding Zhuzui and his old witch mother can still bite on those medicinal materials!

If they have the ability, they will eat all the medicinal materials now, otherwise, I will definitely get it. "

For no other reason than for the benefits that Zui Yifeng promised him, he would not give up so easily and must get those few medicinal materials.

If the previous subordinates are not good enough, then he will send more powerful subordinates. The Ding family is like a dragon's pond and a tiger's den, and he has to try his best.

...

The next day, Yin Baiqing left with Zui Yifeng's portrait, accompanied by Lin Changhong. As the two of them set off, their safety was still guaranteed.

Because there are flying mounts, it won't take long to reach the Zi Yan Kingdom.

However, when they were on their way to Ziyan Kingdom, the Lin family was very busy. Zui Yifeng could not get Lin Caimulberry or the corpse suppressing talisman once, and sent people to disturb them several times.

Although he failed every time, this was the effect he wanted.

The more times he sent people there, and they were sent back every time, Lin Baizhong, Sui Zimo and others would become numb, and they would gradually lose their guard when dealing with his people.

He only had to wait until the two of them lost their guard, then attack in one fell swoop and catch Lin Caisang.

As long as Lin Caisang is captured, Sui Zimo's son will also be in his hands. When the time comes, are you still afraid that they dare not hand over the fragments of the corpse-suppressing talisman?

However, sometimes he is also very angry, such as:

On Ding Laoliu's side, without his order, Ding Laoliu actually sent someone to secretly go to the Ding family's home to steal some medicinal materials.

The movement this time was not too small. Not to mention stealing, it was almost as big as Ming's robbery.

But Zui Yifeng was so angry that he almost summoned Ding Laoliu and beat him to death with one palm.

Chapter 3204 Fight them all out!

But in the end, he didn't do this. After all, Ding Laoliu was also a very important person to him, and he had to rely on him for many things to come.

...

Zi Yanguo, in the imperial palace.

Ever since Prince Niu became emperor, there was only one Queen Zui Yiming in the palace, which had made the courtiers very dissatisfied.

But the emperor insists on this and treats all courtiers equally. There is nothing we can do. We can't force women to the emperor, right?

Even if they could find beautiful women, they wouldn't have the guts to force women on the emperor.

However, there is someone who really dares to do this, and that person is the queen's natal family, the head of the Zui family, who is also the father of the queen Zui Yiming.

"Humph, they are so brave!"

Throwing the name sticker in his hand onto the table, Zui Yiming snorted coldly.

"Mother, do you want me to send you back?"

The maid next to Zui Yiming looked at her carefully and asked.

Since the emperor ascended the throne, all the ministers in the court knew that the emperor only doted on the queen, and none of the other women had ever entered the emperor's eyes.

Regarding this, even the ministers of the Manchu Dynasty did not dare to say anything.

But it happened that the Queen's family wanted to stuff their own girls into the harem.

Don't they think that the fact that the emperor only loves the queen is enough to make the Zui family famous in the Ziyang Kingdom? He even wanted to let other women in.

For this kind of thing, if there is one thing, there are two things, and if there are two things, there are three things.

As long as there is a precedent, there will be no stopping it in the future. No matter which minister proposes to choose a concubine or something, the emperor cannot even refute it.

Fortunately, the people from Zui's family, or the queen's natal family, really don't understand the twists and turns of the palace at all.

"Hi! Hoo!"

Zui Yiming took a deep breath and exhaled heavily.

Those people really thought that she was a fool, or maybe they thought that since she didn't find out what happened back then, they could just let them handle it.

"Go and bring my mother in. Anyone else who wants to enter the palace will be beaten out!" She looked at the maid beside her and ordered.

"this....."

The palace maid looked embarrassed when she heard her words.

"Your Majesty, what if the second young lady insists on entering the palace?"

She is just a slave, there is no way she could really offend the second lady, right? That's the empress's biological sister.

"This is my order. If anyone dares to enter the palace without being summoned, I will ask the emperor to let her stay in the prison! You must remember that you are the person next to me, and the others No one can do anything to you except the emperor, do you understand?"

Zui Yiming looked up at the palace maid and said.

"Yes, your Majesty, I will go right away." The maid received Zui Yiming's assurance, then turned around and went out.

"call!"

Zui Yiming exhaled heavily again.

"Your Majesty, do you want to inform the Emperor about this?" Next to him, an older nanny came over, blessed Zui Yiming, and asked.

"No need."

Zui Yiming waved his hand to grandma and said.

The emperor was already very busy dealing with major affairs in the court. How could she dare to trouble the emperor for such a trivial matter in the harem?

After all, the mess left by the former emperor has made the Ziyang Kingdom still unstable. The affairs of the previous dynasty were all major events.

Chapter 3205 It's a beautiful thought

"Actually, your Majesty, there is no need to be too polite with the Zui family. They are glaring at you now and want to use you as a stepping stone." Mammy said to Zui Yiming again.

Speaking of this, this nanny also followed Zui Yiming out of Zui's house.

But she really couldn't stand the people in the Zui family, and she really felt sorry for Zui Yiming. She had checked all the things about the Zui family before, and what she found was really not the slightest bit.

When the queen was still Princess Niu, she had been asked to secretly investigate the affairs of the Zui family.

As a result, a huge thing was discovered. Queen Zui Yiming was not the daughter of the Zui family, but was adopted from outside by the head of the Zui family.

This shocked her. You know, when Zui Yiming was a little baby, before she could walk, she was already by Zui Yiming's side. She didn't even know about this. thing.

It can be seen that there must be some ulterior purpose hidden here.

Although she came from the Zui family, but now she is a person close to the empress, so she naturally has to be loyal to the queen, and she is really disdainful of the people of the Zui family.

"hehe."

Zui Yiming just sneered.

When she was still Princess Niu, the emperor spent all day drinking and drinking with Yin Luqing in order to seduce him.

At that time, she proposed to carry Zui Yichun into Prince Niu's palace. His 'good' parents were unwilling to do so, and they wanted to marry Zui Yichun to Prince Rui.

Because at that time, King Rui was the most likely to become the next generation king of the Ziyang Kingdom.

I'm afraid they would never have thought that Prince Niu, who had always ignored court affairs and only looked for women outside, would ascend the throne and take charge of the entire Ziyang Kingdom.

So now, they are thinking of using her to bring Zui Yiwan into the palace, so that the emperor canonize her as his concubine.

"To be crowned a concubine, they have a pretty good idea!" She smiled.

"I'm afraid what they are thinking is not as simple as just canonizing the fifth young lady as a concubine, empress." Mammy reminded her in her ear.

The people in the Zui family are very ambitious. If Zui Yichun really enters the palace, I don't know what tricks he will use. By then, the harem will be in a state of chaos. I'm afraid even the emperor will be upset because of it. The empress brought Zui Yishi into the palace, but ignored her.

"Why, are they still planning to give up the position of queen to Zui Yiming?" Zui Yiming smiled coldly, already disappointed with those in the Zui family.

"this....."

Grandma choked at her words and didn't know what to say.

"Logically speaking, you are also the daughter of a drunkard, so they shouldn't have such thoughts, but..."

After all, Zui Yichun is the biological daughter of the Zui family, but Zui Yiming is not. Every father and mother will love their daughter, right?

"It seems that they have noticed something and know that Xi Gong ordered you to investigate your life experience." Zui Yiming said quietly.

"How could this happen?"

Grandma's face turned green and she thought it was impossible.

When she went to investigate this matter, she was extremely careful. No one in the Zui family would notice anything.

"Empress, are you worrying too much? They are only thinking about their daughter at most, and they probably won't think of this. Or maybe they have other purposes?"

Chapter 3206 Such a terrible thing

If people from the Zui family find out, will they use this matter to threaten the Queen?

If that's the case, that's not good.

People from the Zui family are willing to do whatever they can, and when the time comes, they may really do something that will cause them to die together.

"Empress, if it weren't for this old slave..."

"No need."

Zui Yiming interrupted grandma and said.

"If people from the Zui family want to use this matter to threaten me, even if you silence those who know about it, they will still be able to shamelessly come to me."

However, it may be empty words by then.

"You continue to investigate my life experience, and don't bother with the rest." She ordered.

"Yes, concubine."

Grandma responded, but she sighed in her heart. How could such a kind person encounter such a bad thing?

Those drunk people are simply disgusting.

"Old slave, please retire."

Zui Yiming watched her grandma leave and sighed softly.

Regardless of whether she is from the Zui family or not, she always has her own parents, right? She didn't ask for anything, she just wanted to find her parents and ask them why they carried her to Zui's house.

There was nothing else she could ask for.

As for whether her life experience would be leaked, she just wanted to say, what if the world knew about it?

The Zui family was originally a small aristocratic family, and it was only after she became Princess Niu that people became aware of it. Now, she just changed her identity, so what's wrong with it?

"Empress, empress, I am so happy!"

Suddenly, the grandma who had just come out started running again, with excitement on her face.

"What happened?"

Zui Yiming felt a little out of sorts and couldn't think of anything worth celebrating recently.

The people in the Zui family were like crazy. They wanted to go to the palace every day to persuade her and let the emperor appoint Zui Yichun as his concubine. She was so angry that she didn't dare to trouble the emperor for this matter.

"His Royal Highness is back."

Grandma's voice was filled with joy.

His Highness the Crown Prince is back. I am very happy. The Queen has not seen His Highness the Crown Prince for a long time.

"Baiqing is back?"

Zui Yiming was also stunned, since his eyes were full of ecstasy.

"Where is the lover? Quick, take me there."

With that said, she stood up and wanted to walk out the door, but after taking only two steps, she saw Yin Baiqing had come in.

"Mother, Baiqing is back."

"Baiqing, Baiqing, I haven't seen you for a while. Look, you've grown taller." Zui Yiming looked at Yin Baiqing happily and looked at him from top to bottom.

Yin Baiqing: "..."

It has only been more than two months since he left his mother. Can you really tell that he has grown taller?

Lin Changhong, who came in with Yin Baiqing, was speechless when he heard Zui Yiming's words. Why didn't he see that Yin Baiqing had grown taller?

"Master Lin is here too."

After a while, until Zui Yiming had seen enough of his son, he saw Lin Changhong standing aside.

Lin Changhong: "..."

He just stood there the whole time, okay?

However, he didn't say anything. If someone stood with his girl, he would only see his girl. As for others, they could cool off wherever they liked.

"I've met Queen Ziyun."

Chapter 3207 This is my world

...

Outside the palace.

Zui Yichun accompanied Mrs. Zui and sat in the carriage.

"Mom, why haven't eldest sister sent someone over yet? Look at the sun. Could it be that she wants to tan my skin on purpose so that the emperor will look down on me? Why is she so vicious?"

Zui Yiming raised the car curtain with one hand, looked in the direction of the palace entrance, and loudly accused Zui Yiming of his vicious behavior.

"Shh!"

When Mrs. Zui heard her words, she almost raised her hand and covered her daughter's mouth.

But in the end, he just made a gesture of silence and did not do anything to his daughter.

"Xun'er, are you crazy? Although Ming'er is your sister, she is the queen. How can you speak like this? That is a great crime of disrespect!"

She didn't think her daughter had made a mistake, because she also felt that Zui Yiming had an impure heart and deliberately kept them at the palace gate for so long.

But so what?

Others wouldn't think so. The guards at the palace gate didn't care what they were thinking.

When they heard Zui Yichuan say bad things about Zui Yiming, they might have spread these words to Zui Yiming's ears in order to make meritorious deeds.

At that time, their idea of sending their daughter to the palace by relying on Zui Yiming would be impossible to realize.

However, Zui Yichun didn't think so much. When he heard his mother's words, he sneered disdainfully, not feeling that there was anything to be careful about after what he said.

"Mom, what are you afraid of? No matter how powerful Zui Yiming is, she is still the daughter of the Zui family. Doesn't she have to do whatever you ask her to do?

Now I just ask her to mention it to the emperor and canonize me as his concubine. Does she still want to disagree?

I'm not asking for the queen's position to her now. I will listen to you and dad and let her give it up in a few years. What else can she be dissatisfied with? "

"you--"

Mrs. Zui was almost frightened to death by her daughter's words.

"shut up!"

Are these words what she should say now? How can someone with such an outspoken voice survive in the palace?

"Xun'er, now the harem is all your eldest sister's people. If you continue to talk nonsense like this, your eldest sister will not let you go. Do you understand?"

She warned Zui Yi.

"laugh."

Zui Yichun sneered even more disdainfully.

"Mom, you are just too careful. How can she, Zui Yiming, cause any big trouble? When I enter the palace, this harem will be my world from now on. Who does she, Zui Yiming, carry my shoes? Neither deserves it.

If she really dares to do anything to me, I will give the secret of her life experience to... Ugh! "

Before she could finish her words, Mrs. Drunk covered her mouth.

"Zui Yichuan, do you want to die?"

Madam Drunk's heart was beating so hard that it almost jumped out of her throat.

"You idiot, is it easy for your mother and your father to pave the way for you all the way? You still don't know how to restrain yourself. With your behavior like this, even if you enter the palace, you won't have a few days to live!"

"mother--"

How could Zui Yiming listen to her? After hearing her demeaning words about him, he immediately became unhappy.

"you shut up!"

The drunk lady didn't give her a chance to speak.

"Do you really think that Zui Yiming was a vegetarian during all those years in Prince Niu's Mansion?"

"What else can I do?"

Chapter 3208 Hibernating and Standby

Zui Yichuan snorted twice, but he didn't think there was anything special about Zui Yiming. It was only because of the emperor that he reached his current position.

"If the emperor doesn't favor her, she will be nothing! What can she be so great about?"

"you--"

Mrs. Zui was so angry that her daughter almost spit out a mouthful of blood.

"After Zui Yiming married into Prince Niu's Mansion, she gave birth to the young prince Yin Baiqing the next year. Even if the young prince disappeared in the end, her status in Prince Niu's Mansion did not change.

Even if she has nothing to do after that, she is still in charge in Prince Niu's palace, and the emperor regards her as..."

"Mom, you think too highly of her, don't you?"

Zui Yichun didn't feel at all that what his own mother said was right.

"When the emperor was still Prince Niu, didn't he have a lot of wives and concubines in the palace? Not only that, he also went out to find women. Otherwise, could you and dad not let me directly enter Prince Niu's mansion?"

For such a man, she always believed that the emperor was just pretending to be deeply in love with the Queen Zui Yiming these days. In fact, he was just doing it for others to see.

Or perhaps, in fact, none of the maids waiting for him around the emperor were left, and they were all the emperor's women.

After all, Zui Yiming is already an old man. Which man wants to live with a woman with rough skin and a voice as loud as a gong or drum?

"this....."

Mentioning this incident, Mrs. Zui also regretted it.

At the beginning, that bastard Zui Yiming had asked them to carry Zui Yiming into Prince Niu's palace and make her a concubine to the emperor who was still Prince Niu at that time.

It's just that in the eyes of outsiders, the emperor at that time was really just a man who only knew how to live and drink, and there was no way he could become the emperor of Ziyan Kingdom.

If she had known that this would be the case, she and the head of the family should have agreed when Zui Yiming proposed it.

In this way, now they don't have to beg Zui Yiming!

"There is no need to mention the past things again. You just need to remember that after entering the palace, you should restrain your temper and lie dormant, waiting to trample Zui Yiming under the mud. Do you understand?"

she reminded.

But now, when Zui Yiming is still the queen, they can't mess around.

"Okay, I get it."

Although Zui Yichun said so, he didn't think so at all in his heart.

By just lying dormant and waiting, when will she be able to squeeze out Zui Yiming and become the Queen of Ziyan Kingdom? How can she be without some intrigues and intrigues in the palace?

But there was no need for her to tell her mother about this, as it would be troublesome if she did.

"It's good to know."

Seeing that she had responded, Mrs. Zui secretly let out a sigh of relief.

How could she know that Zui Yichun was not thinking that way at all, but was thinking about making some big noise as soon as she entered the palace.

Because Zui Yichun felt that the emperor would notice her only if she caused some trouble.

After a while, the maid next to the queen finally came out. When the two saw this, they immediately got off the carriage and looked at the maid happily.

"Auntie, has the Queen announced that we have entered the palace?" Madam Zui asked.

"Yes, Mrs. Zui, please follow me into the palace." The maid looked at Mrs. Zui and said respectfully.

Chapter 3209 Could it be that... you want to break into the palace?

"well.

Mrs. Zui responded repeatedly, thinking that today, she must make that bitch Zui Yiming nod and let her daughter enter the palace!

"Xun'er, hurry up and come with your mother to the palace to see your sister..."

While she was happy in her heart, she turned her head and greeted Zui Yichun to enter the palace. Who knew that before she finished speaking, she heard the palace maid's voice.

"The Queen has ordered that only Mrs. Zui enter the palace, while the others are waiting outside the palace." She said calmly.

"What?!"

The drunk lady almost jumped up when she heard the palace maid's words.

She was still thinking that after sending her daughter to the palace today, she would not let her go back.

Who knew that Zui Yiming, that bitch, wouldn't let her daughter enter the palace? What did this mean? Was it to guard against them?

"Auntie, this is not... I came here with Chun'er. Chun'er is the Queen's sister. How could the Queen not let Chun'er enter the palace to see her? Did you hear wrongly?"

In her heart, she scolded Zui Yiming thousands of times, and she really wanted to cut her into pieces.

"This slave is just a messenger. If Mrs. Zui thinks that this slave has heard wrongly, it will be easy to handle." The palace maid raised her eyes and glanced lightly at Zui Yichun who was following Mrs. Zui.

"Please Madam Zui and Miss Chun wait here for a while, and then go to the Queen's Palace to confirm whether the Queen has announced Miss Chun's entry into the palace.

she said.

"Well!"

Mrs. Zui choked deeply at the maid's words.

They have been waiting at the palace gate for an hour. If the palace maid goes back to report and gets Zui Yiming's order to come back, how long will they have to wait?

Isn't this because he wants her and Chun'er's lives? How could anyone do such a thing?

"Auntie, look, how can we trouble you to run back and forth? Otherwise, you take me and Shun'er into the palace first, and meet the Queen. She will be happy and won't argue with you. no?"

She licked her face and smiled at the palace maid, and suggested.

In her heart, she was thinking that when her Chun'er gained power in the palace, she would definitely punish this palace maid to see if those in the palace who had no vision would dare to offend her in the future.

"Mrs. Drunk, could it be that she... wants to break into the palace?"

The palace maid's eyes widened, and her voice suddenly rose a few degrees, causing the guards guarding the palace entrance to look sideways.

"Well!"

Mrs. Zui was choked again and her heart skipped a beat.

Breaking into the palace? That was a serious crime that could lead to death. It was something that a woman like her could not bear.

"No, no, I didn't mean that, I just...just..."

She just wanted to bring her daughter into the palace, why was it so difficult? Could it be that that bitch Zui Yiming already knew what they were thinking, so he deliberately prevented Shun'er from entering the palace?

This is not impossible.

This Zui Yiming is really becoming more and more capable. I don't even think about it, if it weren't for their Zui family, would she have lived to such an old age?

"It's okay if you don't mean it."

The palace maid nodded lightly and looked at her with a smile on her face.

"Mrs. Zui, do you still want to follow this slave into the palace? If you don't want to go into the palace, then I will go back first. Your Majesty is still waiting for your reply."

she said.

Do you really think her mother-in-law is stupid? Everyone can see what this family is planning.

Chapter 3210 I'm cramping your muscles!

Now that the emperor only favors one woman, the queen, the queen and the queen's palace are all proud of themselves. No one is happy for another woman to appear in the harem and steal their queen's favor.

Even if this woman is the queen's natal family!

What's more, she looked past Mrs. Zui to Zui Yishi behind her. Those eyes almost shot hundreds of holes in her body just by staring at her.

If such a woman really enters the palace, will their life be easy?

"this...."

Mrs. Zui looked at the palace maid in front of her, then turned to look at her daughter beside her.

"Xun'er, how about you wait outside the palace for a while, wait until my mother sees your eldest sister, and then ask her to send someone to take you into the palace?" She asked softly. Wingdings:

"mother!"

How could Zui Yi and Chun Xi be happy?

She was left alone outside the palace, watched like a monkey, and had to look at Zui Yiming's face before she could enter the palace.

Just thinking about it made her angry. She had never been so useless in her life!

"Okay, you wait here, this aunt will come to take you in soon." Mrs. Zui didn't say anything. After saying something to Zui Yichun, she was led by the palace maid and entered. The palace went.

When the palace maid turned around, she gave Zui Yichun an evil look with her cold eyes.

Such a woman who can't even hide her thoughts wants to enter the palace to compete with their empress for favor?

I just don't know what it means!

"you--"

Zui Yichun saw the disdainful eyes the palace maid was looking at before she left, and was so angry that she almost cursed.

Fortunately, she remembered that this was the palace gate, so she endured it. Otherwise, she might have become the first member of the Queen's family to be thrown out by the guards guarding the palace gate.

"Just wait and see if I don't peel off your skin and cramp your muscles in the future!"

These people who were blocking her one by one from entering the palace, once she gets the emperor's favor, she will not let go of any of them!

She swore fiercely at the palace door.

...

Royal study room.

The emperor is dealing with a lot of important things.

When the late emperor was in power, the Ziyang Kingdom was in a mess, and the treasury was completely empty.

The people were already complaining incessantly. On the first day he arrived at the imperial study, he saw a pile of memorials piled in the corner, all expressing the sentiments of the people of the land.

Just take care of those things...

Well, until now, I haven't been able to completely handle it, mainly because I don't have that much financial resources.

In order to fill this loophole, he took out all the money that had been saved in Prince Niu's palace, and the Queen also took out all the money she had earned from her dowry over the years.

In addition, he also took out all the money from Yinluqing.

This barely allowed the people of Ziyang Kingdom to settle down, but this was also temporary.

"call!"

After taking care of some things, he put the memorial back on the table, raised his hand, and rubbed his temples.

"Your Majesty, the guards at the palace gate came to report that His Highness the Crown Prince has returned. He should have gone to the Queen's palace at this moment." The guards beside him reminded him in a low voice.

"Baiqing is back?"

The emperor rubbed his temples with his hands.

Baiqing had just left not long ago. Something must have happened when she came back. Could it be that something happened again?
