

Star of Space 3211

Chapter 3211 The cold palace in the palace

"When I finish processing these memorials, I will go to the Queen's Palace to see him.

As he spoke, he lowered his head again and started to deal with these memorials that gave him a headache. I don't know what happened recently, but people were missing inexplicably in the capital.

Moreover, people have been sent to check over and over again, but nothing can be found.

"emperor....."

The guard looked at the emperor and started to read the memorial again, and originally wanted to retreat.

However, there was one thing that he really felt uncomfortable not to mention, so he stood there hesitantly and looked at his emperor.

"Um?"

The emperor held the memorial in his hand and looked up at the guards.

"Anything else?"

"Your Majesty, this is something that this servant shouldn't say, but..." The guard hesitated and looked at the Emperor.

"When did you become so timid when you were here with me? Tell me," the emperor said.

"It's like this. The wife of the Zui family and the fifth young lady of the Zui family want to enter the palace. The servant is looking at the queen's side and is also embarrassed. Then he wants to tell the emperor."

The guard said.

This Zui family member really has no self-awareness at all.

Isn't it good enough that the emperor dotes on the queen alone and completely ignores his women?
Isn't this drunken enough for them?

What an honor. If it had been anyone else, they would have gone crazy with joy, right?

But the people in the Zui family didn't think so, and they were still thinking about stuffing another woman into the harem. This was not for those ministers who tried their best to send their daughters into the palace. There was nothing better than this. That's an excuse.

Hearing the words of the guard, the emperor's face darkened.

Do the people in the Zui family really think that he and the Queen know nothing?

Of course, he also knew that the head of the Zui family believed that the queen and he were not biological father and daughter, so he still wanted to stuff his biological woman into the palace, which would be more secure, right?

It's a pity that he also sent people to check, but they couldn't find out where Ming'er was adopted by Mrs. Zui.

If this hadn't been discovered, would the Zui family think he would have allowed them to act arrogantly in front of the Queen? The Zui family has been wiped out long ago!

"Even if Zui Yi Chun wants to enter the palace, let her come in. Maybe no one has lived in Quan Palace for a long time, so let Zui Yi Chun live in it."

He ordered the guards.

Guard: "!!!"

Quan Palace... that is the cold palace in the Zi Yan Kingdom's palace.

This drunken fifth lady hasn't even entered the palace yet. She hasn't even seen the emperor, and she's been relegated to the sidelines?

If this news is spread, then ministers, who would dare to send their own daughter to the palace? Do you want your own woman to come to the palace to keep company with Miss Zui Wu?

"Your Majesty, this..."

"Didn't you hear my order? Send someone to do it immediately." The emperor ignored his hesitation. After saying this, he continued to process his memorial.

"Yes, Your Majesty, I will order someone to do it now."

The guard responded, turned around and went out. He would not sympathize with Miss Zui Wu at all.

That woman deserved it. Before she even entered the palace, the guards guarding the palace gate had heard Zui Yichun blatantly slander the Queen several times.

With such an arrogant acting style and wanting to show his face in front of the emperor, is this just a dream, right?

...

After a while, the three of them sat down, and the palace maid had already brought tea and snacks.

Chapter 3212 Don't dare to think deeper

In Zui Yiming's hand, she held a portrait of Zui Yifeng. She raised her head and looked at her son and Lin Changhong.

"Baiqing, what are you doing with your uncle's portrait?" she asked.

Hearing this, Yin Baiqing's face immediately became unsightly.

"Mother, do you mean that the person in this portrait is indeed my uncle Zui Yifeng whom I have never met?" He asked with some uncertainty.

"This is natural."

Zui Yiming smiled and put the portrait on the table nearby.

"Although I have never met Zui Yifeng a few times, your portrait is so realistic that I will not be mistaken. He is Zui Yifeng.

"really!"

Yin Baiqing and Lin Changhong looked at each other, their expressions were somewhat gloomy.

Sure enough, it's the same person.

"Sure enough, Baiqing, what happened to you?" Zui Yiming asked.

She also knew that her son was following Sui Zimo and Lin Caisang. If nothing happened, he would not be able to come back now.

Moreover, when she came back, she even brought a portrait of Zui Yifeng with her, which made her even more suspicious. Could it be that something was wrong with Zui Yifeng?

"Mother, there is one thing. Don't be too shocked after I tell you." Yin Baiqing took a deep breath and spoke to her mother.

"Tell me, my mother, there is nothing she can't accept now."

Zui Yiming smiled and spoke. She could even accept that she was not a child of the Zui family. What else could she not accept?

"This Zui Yifeng from the Zui family is not a real Zui family at all. He came to Qianhuan Continent from another higher-level continent because he was convicted of a crime. This person is very evil.

The reason why I was brought to Huanglu had nothing to do with him, but the reason why brother Zimo was brought to Huanglu was all planned by him.

Not only that, but the reason why the emperor's grandfather and Yin Lüqing created so many poisonous zombies and the mother bodies of the devil's children was because of his secret instructions.

We now have reason to suspect that there are more poisonous corpses and children of evil spirits in the Zui family. "

"What?!"

After hearing his son's words, Zui Yiming suddenly stood up from his chair.

"Baiqing, what did you just say? This...isn't it true? How could this Zui family..."

She really couldn't believe that people from the Zui family could even do such terrible things, so what else couldn't they do?

Before, she thought that the family had some small thoughts of their own at most, and they might have taken her back to raise her out of goodwill.

But now...

Judging from Baiqing's words, she didn't dare to think deeper.

"Mother, although it is difficult to accept it, it is true. The person in this portrait is still making trouble behind Sky City. He killed many people before in order to get the corpse suppressing talisman. Now he wants to catch him even more. Sister Sang Sang, get the corpse-suppressing talisman fragment on her body."

"This this....."

Zui Yiming was in a panic, his center of gravity was unsteady, and he suddenly sat down on the chair behind him.

"This Zui family is simply... simply terrible!"

She was secretly glad now that she was not a child of the Zui family. Otherwise, with such evil family members, she would not be able to face the people of Ziyang Kingdom!

"Now, what are you going to do?" she asked.

Chapter 3213 Ask around

"us....."

Just as Yin Baiqing was about to speak, he saw a palace maid coming in from outside, and he immediately shut up.

"My servant has seen the Queen, Your Highness the Prince, Your Majesty, Mrs. Zui is already at the door. Do you want my servant to bring someone in?" the palace maid asked Zui Yiming.

"Let her in."

The smile on Zui Yiming's face dropped and he gave cold instructions to the palace maid.

"Mother, what's going on? Grandma made you angry?" Yin Baiqing looked at the cold aura on her mother's body and asked.

"call!"

Zui Yiming exhaled heavily.

"Originally I just thought that your grandmother just wanted her to come into the palace to be with your mother for the sake of your fifth aunt, but now it seems... that may not be the case."

Zui Yifeng's matter is not that simple, and even if Zui Yifeng wants to enter the palace, it is not that simple either.

"They still want the fifth aunt to enter the palace? As a concubine?" Yin Baiqing really wanted to laugh.

This member of the Zui family is so crazy, isn't it? It's not enough to have the queen mother in the palace, but they also want Zui Yichun to come into the palace?

He had seen his fifth aunt before, and she was so arrogant that it was shocking. Why did such a woman come to the palace? Can the father's eyes tolerate her?

"Mother, you won't agree to this, right?" He looked at his mother and asked.

"Of course the queen mother will not agree. Even if the queen mother agrees, do you think your father will agree?" Zui Yiming looked at his monkey with a smile and asked him.

"Of course not."

Yin Baiqing replied without thinking.

There was no other way at the beginning, so in order to get him back, my father pretended to be a debaucher all day long.

But he also knew very well in his heart that his father had a mother in his heart. In those years, he had always felt sorry for his mother when she was in Prince Niu's palace, so he had to worry about what happened to his son? He also had to handle all the matters in the house, big and small.

Now that he has finally become the emperor, he will naturally not wrong his mother again.

"Just in time, your grandmother is here. We can ask about Zui Yifeng." Zui Yiming reminded.

"good."

Yin Baiqing is also thinking about this.

"Brother Changhong, do you still have medicine in your hand?"

Turning his head, he looked at Lin Changhong and asked him, he must have some powder or something in his hand, right?

"Sang Sang prepared some for me. These are mantra pills. You can put them in the next cup of tea. However, they are only effective for a quarter of an hour. If you have any questions, you have to ask questions as soon as possible."

Lin Changhong didn't waste any time and took out the elixir directly.

"Mommy."

Zui Yiming glanced sideways at the grandmother beside him.

"Yes, concubine."

Grandma responded, then came to Lin Changhong's side, took the elixir with both hands, and then stepped back.

Soon, Mrs. Zui came in under the guidance of the palace maid.

Originally, he wanted to question Zui Yiming first, but when he saw the person sitting next to him, he was stunned for a moment.

"Queen, these two are..."

She had only seen Yin Baiqing when she was a child. Since Yin Baiqing came back, she really hadn't seen him again, so naturally she didn't recognize him.

"Mother, this is Baiqing, and Baiqing's savior." Zui Yiming introduced.

"It turns out it's Bai Qing. We haven't seen each other in the past few years, and you've grown so big?" Mrs. Zui's eyes flashed, and she had to endure the strong unwillingness in her heart.

Chapter 3214 Haven't seen each other for a long time

If Yin Baiqing had not been found and her daughter entered the palace, it would have been her daughter who gave birth to the prince. How could it be Zui Yiming's turn?

How come this little bitch didn't die outside? His life is really big!

"Grandma.

Yin Baiqing sat on the chair without even moving. She nodded to Mrs. Zui as a greeting.

"this....."

Mrs. Drunk's face was full of embarrassment.

She wanted to ask why this child had no manners at all. When she saw her grandmother coming over, she didn't even know to get up and say hello to her.

But when I look back, I realize that Yin Baiqing is now the Crown Prince of Zi Yan Kingdom.

If she really asked such a question, she would have offended Niang Yiming and Yin Baiqing.

She still has to rely on Zui Yiming to get her Chun'er into the palace. Now is not the time to fall out with them. After her Chun'er has established a firm foothold in the palace, she will give birth to ten or eight more children for the emperor. Prince, it is not certain who will be the crown prince.

I'm looking at Yin Yiming, who has been married to the emperor for so many years and has given birth to a son like Yin Baiqing. How can she still have a bulging belly?

In the end, the prosperity of the palace depends on her water shield.

"Mother, please take a seat, someone will come and serve tea.

Although Nong Yiming clearly saw the expression on Mrs. Zui's face, he pretended not to know and asked her to sit down.

"well."

Mrs. Zui responded repeatedly and sat on the other side of Zui Yiming.

"Ming'er, your fifth sister is still waiting outside the palace. Do you want to send someone to invite her in?"

As soon as she sat down next to him, she couldn't wait to remind him.

Her family Chun'er must be waiting in a hurry at the gate of the palace. She must quickly ask Zui Yiming to send someone to bring her in so that she can continue with the next plan.

"Um?"

Zui Yiming frowned when he heard her words.

"Didn't I tell the people around me before that I asked her to invite the fifth sister back? Why is the fifth sister still waiting outside the palace gate? Didn't the people around me convey the message?"

"Well!"

Mrs. Zui choked at her words.

Of course the words had reached her, but didn't she want to let Chun'er come into the palace so that she could accomplish this great thing?

However, Zui Yiming refused to answer her words. She really had no choice at all.

"Ming'er, Chun'er wants to follow her mother into the palace because she misses you. Why don't you send someone to invite her into the palace? You sisters haven't seen each other for a long time, right? Yes or no?"

Hearing this, Yong Yiming was really speechless.

Ever since she became Princess Niu, Zui Yichun thought she was useful at the beginning and visited her twice in Prince Niu's palace. After that, she never even saw Niu Yichun's face?

At this moment, when he was thinking about going to the palace to do evil, he remembered the sisterly love between them?

What kind of sisterly love can there be between them?

A sister who wants to steal her man? This is really a blessing, Mrs. Zui, you can still say it!

"Mother....."

"Grandma, this is a royal palace, not a vegetable market outside. Anyone can come in."

Before Zong Yiming could say anything, Yin Baiqing would not spoil Mrs. Zui. She would really glare at her mother if she was polite to her.

Chapter 3215 Everyone will be beaten back

"Also, grandma, I'm not telling you what Baiqing said. Although you are the mother of the empress, she is now the empress. When you come into the palace to pay homage to the empress, it's fine if you don't greet her with courtesy. Why don't you even address her by name? Not even an honorific?

There are only a few of us now, so that's it. If this is seen by other people in the palace and reaches the ears of the father, I'm afraid it will be accused of disrespecting the royal family, which will be detrimental to the Zui family, right? "

"Well!"

When Mrs. Zui heard what he said, she stood up in fright and her face turned pale.

She was preoccupied with the news that Chun'er was still waiting for her outside. How could she think of such nonsense?

What's more, she can treat her own daughter however she wants. No matter what, do you still want her to kneel down and worship such a bitch as Nong Yiming?

Did this Yin Baiqing deliberately embarrass her just because he was the Crown Prince?

You know, she is Yin Baiqing's grandmother. If he wants to ascend the throne in the future, he will have to rely on them to make his family rich.

"Baiqing, grandma, isn't this..."

"Grandma, I am the crown prince of Zi Yan Kingdom."

Before she could say anything, Yin Baiqing interrupted her and reminded her.

"this....."

Mrs. Zui was embarrassed and looked up at Zui Yiming in embarrassment, thinking about asking her to say a few words for her.

But who knew that Niang Yiming didn't seem to hear her son bullying her, not even the corner of his eye fell on her.

"Your Highness, am I not... am I used to talking to your mother like this?"

She had no choice but to face Yin Baiqing's questioning on her own. After all, she was Zui Yiming's mother, right?

"Grandma's habit is really not good. We have to change it." Yin Baiqing scolded her without being polite at all.

Drunken lady: "..."

She pursed her lips tightly, almost feeling furious.

She finally realized that Zui Yiming and Yin Baiqing were deliberately trying to embarrass her today, weren't they?

Could it be that they didn't want her Chun'er to come into the palace, so they deliberately made things difficult for her?

"The Queen, Chun'er..."

"Mrs. Drunk, please have some tea."

Before she could say anything, the palace maid brought the tea and put it on the table next to her.

"I....."

She opened her mouth, feeling like whatever she said would be slapped back.

After taking a deep breath, she directly picked up the tea cup, planning to drink tea first and then talk to Zui Yiming about Chun'er.

...

A quarter of an hour later.

Slowly, Mrs. Zui's expression became clearer, and she no longer remembered anything she had said before.

I just remember drinking tea and sitting down.

"Empress, Chun'er is still waiting outside. Do you think we should send a palace maid to invite her over?" She said to Zui Yiming as if nothing was wrong.

But at this moment, Niang Yiming's face looked very bad.

A quarter of an hour was enough for her to ask too many things from Drunken Madam.

Although Mrs. Zui didn't know the most important things about the Zui family, the secret of her own life experience was now crystal clear.

At this time, the woman in front of her actually wanted her to bring Zui Yiwan into the palace?

She wished that everyone in the Zui family would die!

Chapter 3216 This is my territory

Yin Baiqing's face wasn't very pretty either. Looking at Mrs. Zui's eyes, she wanted to devour her!

Lin Changhong, looking at Mrs. Zui, also shook his head.

How could the people of the Zui family be so vicious? They wiped out a small family just for some money, and even adopted the queen mother back because she could tell she had a beautiful face at her age.

The purpose is to use Zui Yifeng in the future to marry her to a powerful person and bring the Zui family to a higher level.

This is simply something that only animals would do!

"Mother, do you think I should bring the fifth sister into the palace?" Nian Yiming looked at Mrs. Zui and asked softly.

"yes."

The drunk lady nodded immediately.

"Ming'er, Chun'er is your biological sister. You two sisters are in the palace together, and you will have to take care of each other in the future. Don't you think so?"

She didn't think there was anything wrong with her words at all.

The palace is originally a place where people eat people. If they can take care of each other, they will not suffer a disadvantage.

Therefore, she did not think that Zui Yiming would not agree to her taking in her younger sister Zui Yichuan.

"hehe."

Zui Yiming lowered his head and smiled softly.

After a while, she raised her head and looked at Mrs. Zui seriously.

"Mother, you are such a good mother to me."

"Ming'er, what are you...what's going on? Mother is doing this for your own good. It's not easy for you to be alone in the harem. Bring Chun'er into the palace together. From now on..."

"Your Majesty, the Emperor has sent someone here."

Before Mrs. Zui finished speaking, the nanny outside came in and spoke respectfully to Zui Yiming.

"Did the Emperor send someone here at this time? Ming'er, the Emperor must be coming to see you later."

Madam Zui was so excited when she heard what the palace maid said. The emperor was coming over, so wouldn't it be the right time for Zui Yiming to send someone to bring her Wan'er in?

Her Chun'er is much more beautiful than Zui Yiming. If the emperor sees her, she will definitely be made a concubine.

"If you're not in a hurry, invite the people sent by the emperor. Also, hurry outside the palace and invite Miss Chun'er in. Your queen misses her sister very much. You...Ming'er, Chun'er there....."

She hurriedly gave instructions to the palace maid, but only halfway through the instructions, she remembered that this was the queen's palace, and her face immediately froze.

After being stunned for a while, she turned to look at Zui Yiming, wanting her to quickly send someone to bring Zui Yiming in to create an opportunity for Zui Yiming and the emperor.

But when he turned around, he saw Zui Yiming's face, which could not be darker.

"Ming'er, what is...what's wrong with you?"

Her heart trembled, and she secretly regretted why she was so excited. Wouldn't it be better to wait until she heard the news that the emperor would come, and then slowly persuade Zui Yiming to bring Chun'er in.

"Mother, do you still remember that this is my territory, huh?" Zui Yiming asked her with a cold face and a hint of meaning.

This drunken lady is very courageous. In front of her, the queen, she dares to order the maids in her palace so loudly, what should they do?

Does she regard this Ziyan Kingdom's harem as the back garden of her Zui family?

"Well."

Mrs. Zui choked at her words and shrank her neck.

Chapter 3217 The drunk lady with a happy face

She was really excited just now and said so many words, but she didn't feel that she said anything wrong.

"Ming'er..."

"I am the queen!"

Before she could say anything, Zui Yiming spoke up and interrupted her words.

"this....."

Mrs. Zui was frightened by Zui Yiming's momentum and unconsciously took a step back, her legs touching the chair.

But even if she touched a chair, she didn't dare to sit down.

Although she could rely on her mother, Zui Yiming, to instruct Zui Yiming to do something, but if Zui Yiming was really angry, it would be in danger for the Zui family.

"Go and bring people in."

Zui Yiming took a deep breath and gave instructions to the palace maid.

"Did you hear that? Hurry up and invite Miss Chun in." Madam Zui heard what Zui Yiming said and hurriedly said to the palace maid.

"Grandma, what the queen mother said was the person sent by the emperor, not Zui Yichun." Yin Baiqing reminded Madam Zui in a cold voice.

This drunk lady is really ridiculous. In front of so many people, does she still want to fish in troubled waters?

"you--"

Mrs. Zui almost cursed at Yin Baiqing, but fortunately she remembered that he was the prince of Ziyang Kingdom and stopped her mouth in time.

She did it on purpose just now, deliberately trying to distort Zui Yiming's words. I'm sure Zui Yiming would not expose her trick in front of her.

That way, her Chun'er can enter the palace and see the emperor.

But who knew that Yin Baiqing would be so disrespectful to her.

The palace maid naturally ignored Mrs. Zui's words. She felt blessed by Zui Yiming and Yin Baiqing, then turned around and went out to summon the people sent by the emperor.

After a while, a guard came over.

"This servant has met the Queen and His Highness the Crown Prince." He knelt down to Zui Yiming.

"Get up."

Zui Yiming waved to him.

"Thank you, Queen." The guard stood up.

"The emperor sent you here, but something happened?" Zui Yiming asked.

"Returning to the Queen, the Emperor heard in the Royal Study that Master Zui and Madam Zui wanted Miss Zui Fifth to enter the palace to keep the Queen company, so he ordered his servants to come and deliver the message."

The guard raised his head, glanced at Madam Zui, and then looked at the Queen.

"Since Miss Zui Wu likes the palace so much, let her come into the palace. The emperor has already sent someone to announce the decree at the palace gate..."

"real?"

Before the guard could finish speaking, Mrs. Zui asked quickly.

Her face was full of joy, and she couldn't help but think in her heart, it seems that the emperor also likes her Chun'er. No, she doesn't need to beg Zui Yiming anymore, her Chun'er can do it. She has entered the palace as a concubine.

From now on, as long as her Chun'er can make the emperor happy, she will no longer have to look at Zui Yiming's face, which is really great.

"Really? What did the emperor say?"

Zui Yiming glanced sideways at Mrs. Zui, whose face was full of joy, and asked the guard.

She didn't believe that the emperor would bring Zui Yiwen into the palace so easily. He had told her a few days ago that where there were too many women, there were also many disputes. It would be better to keep it simple and he could save it. Very worried.

You know, as soon as Zui Yi Chun started, there will be no end to it.

"Reporting to the Empress, the Emperor has ordered people to clean up the Quan Palace. Commander Li has gone to the palace gate to announce that the Fifth Miss Zui can move into the Quan Palace."

Chapter 3218 Who else could it be!

Zui Yiming \u0026 Yin Baiqing: "..."

They knew exactly where Quan Palace was.

Will Zui Yichun have to spend the rest of his life in Quan Palace? That was a cold palace that even the late emperor's concubines did not live in!

"What?!"

Upon hearing the word 'Quan Palace', Mrs. Zui screamed and almost fainted.

Even if she is just the wife of a foreign minister, she still knows where the Quan Palace is. Her Chun'er has not even seen the emperor, so how can she go to that cold palace?

"Impossible, impossible. How could the emperor issue such a decree? Are you mistaken?"

"Mrs. Zui, are you questioning the emperor's will?" The guard raised his head, looked at Mrs. Zui, and asked.

His eyes were full of disdain for Mrs. Zui. To him, just throwing Zui Yizhu into the cold palace was fine. It would not be an exaggeration to kill such a woman directly.

"No, no, I don't mean that."

How dare Mrs. Zui question the emperor's words? She quickly shook her head.

However, that was her Chun'er, the precious daughter she held in her hands. She also pointed out that Chun'er could become a queen and bring endless glory and wealth to the Zui family.

How did that happen? Shun'er has never met the emperor, so how could she be relegated to the cold palace?

Turning her head, she looked at Zui Yiming, who was sitting at the head, with a stern look.

"Is it you? Did you say something bad about Chun'er in front of the emperor, which made the emperor dislike Chun'er? Why do you hate your sister so much?"

"Mother, you are serious. The emperor was busy with affairs in the previous court, and I haven't seen him for a few days. How can I disturb the emperor for such trivial matters?"

Zui Yiming calmly explained to Mrs. Zui.

The emperor's move could be said to kill two birds with one stone. It not only suppressed the unsightly thoughts of the Zui family, but also allowed the ministers in the court to stop their small plan to send their daughter to the palace.

However, she really couldn't see that the emperor was really powerful.

"If it's not you, who else could it be!"

Mrs. Zui roared miserably. In her heart, besides Zui Yiming, who could not see Zui Yichun?

"Mother, please watch your words. I am the queen, the queen of Ziyang Kingdom." Zui Yiming warned her coldly.

Now was not the time to break up with the Zuijia. Originally, she was still thinking about how she could restrain the Zuijia so that she could thoroughly investigate the Zuijia.

It seems that there is no need to think about it now.

The emperor locked up Zui Yi Chun directly. She could have sent people to Zui's house in the name of Zui Yi Chun.

"Furthermore, the emperor has many things to do, and he is very busy with the affairs of the previous dynasty. He has only entered the harem very few times, but you and your father want to send the fifth sister to the palace, setting a precedent among the ministers.

Isn't this deliberately going against the emperor? How could the emperor allow such a thing to happen? If I hadn't informed the emperor of your and your father's intentions before, the emperor would have issued an order early in the morning to have the fifth sister imprisoned in the Spring Palace. "

"I....."

The drunk lady opened her mouth, but didn't know what to say.

Until this moment, she didn't know what mistake she had made. Yes, she and the head of the family were so anxious to send Chun'er to the palace because they wanted the emperor to change the situation.

Chapter 3219: The most I'll feel wronged is Chun'er

You know, the emperor had said before in front of all the courtiers that there was only one empress in the harem, and that was enough.

Seeing Mrs. Zui's speechless expression, Zui Yiming felt extremely angry and couldn't help but curl up the corners of her lips.

"However, mother got her wish. No, fifth sister can finally enter the palace," she said.

"you--"

The drunk lady had a mouthful of old blood stuck in her throat.

Is this called entering the palace? That is the Spring Palace, the Cold Palace. Whoever enters the palace will be favored by the emperor. She will never come out in this life.

Even after death, they can only be reduced to funerary objects. Perhaps they cannot even be used as funerary objects and can only be thrown into mass graves.

It would be okay if the woman in the cold palace died first, but if the emperor died first, she would have to be hanged directly, which is called being buried for the emperor.

But this kind of burial is not even possible in the imperial mausoleum. At most, it is buried in the concubine's mausoleum, and it is the kind of burial that does not even have a coffin and is just thrown away.

How could her daughter end up like this?

"Your Majesty, the message has been conveyed, so I have to leave first. Your Majesty is still waiting for your reply." After a while, the guard said.

"Okay, please step back."

Zui Yiming waved to him.

"Ming'er, Chun'er is your biological sister. You can't just die without saving her. She can't live in Quan Palace. The most... the most you can do is humiliate Chun'er and let her live in your palace."

Seeing that the guards had left, Mrs. Zui knew in her heart that she could not go against Zui Yiming, so she could only soften her body and speak to her.

"Come to live in my palace?"

Zui Yiming was almost amused by Mrs. Zui's words. Could she even say such a thing?

This is the middle palace. Except for the queen, which concubine would dare to live here. Zui Yichun was relegated to the cold palace without even seeing the emperor's face. She still had no status and was not even a palace maid. She is not a daughter, so she wants to live in her palace.

Moreover, Mrs. Zui actually felt that she had been wronged by allowing Zui Yichun to live in her middle palace? !

"Does mother want to tell me that it would be best for me to give up the position of queen to my fifth sister?"

"I....."

The drunk lady opened her mouth.

She wanted to say that this was the best, but she also knew that she couldn't say this, otherwise Zui Yiming would eat her.

"The Queen has misunderstood. I didn't mean that. It's just that Chun'er has been pampered since she was a child. She has never experienced hardship. Let her live in Quan Palace. It's really..."

"Mom doesn't have to worry about this." Zui Yiming interrupted her.

"Since Fifth Sister wants to enter the palace, she must be prepared to endure hardships. Quan Palace is also very good, so let her live there."

"The Queen!"

Mrs. Zui raised her head and looked at Zui Yiming in shock.

Yesterday she had a good chat with Zui Yiming. Although Zui Yiming's words were full of excuses, she didn't break her face like this, right?

But what happened today? He actually spoke to her so recklessly.

He glanced sideways at Yin Baiqing, who was sitting as steady as a mountain. Could it be that His Highness the Crown Prince came back today, so he gained momentum?

If that really happened, then Yin Baiqing would not be able to stay. If he had been alive, what hope would there be for her Chun'er?

Chapter 3220: Wronged Fifth Sister

"My mother has stayed in the palace long enough. The emperor has already issued an order for the fifth sister to enter the palace. It's time for my mother to go back. If she goes back and sends a message to her father, he should also be happy.

Zui Yiming no longer gave her a chance to speak and directly called the palace maid in.

"Come here, take Mrs. Zui out of the palace."

"Yes, concubine."

A palace maid came in from the door, blessed Zui Yiming, then came to Madam Zui and made a gesture of invitation to her.

"I....."

How could Mrs. Drunk be willing to leave like this?

At this moment, the only thought in her mind was to rescue her daughter from the Quan Palace no matter what.

"Ming'er... No, Queen Mother, Chun'er is your biological sister. You can't watch her suffer and ignore her. The Quan Palace is not a place for human beings. Mother, please take her home." Come out and let her live in your palace, okay?"

Finally, she knew how to speak humbly to Zui Yiming.

It's just that no matter what she says now, it's useless. How can Zui Yiming be so soft-hearted towards this drunk lady who wants to take advantage of her?

"Mom is joking, isn't it wronging the fifth sister by letting her come to my palace?" Zui Yiming returned what Madam Zui had said before.

Drunken lady: "..."

She just wanted to improve her daughter's status. She wanted Zui Yiming to look high on Chun'er, so that her daughter would not be bullied by Zui Yiming in the middle palace in the future.

How did she know that Zui Yiming couldn't even listen to such words.

Obviously in the past, Zui Yiming was whatever she said, but why has it changed now?

"Queen, you..."

"Grandma, didn't the queen mother speak clearly enough?" Yin Baiqing spoke up without giving Mrs. Zui a chance to speak.

"My mother's middle palace is not suitable for the fifth aunt to live in. Besides, there has always been no reason for other women to live in the queen's middle palace. Grandma, don't you want to go against the laws of the Ziyan Kingdom?"

"NO, I have not!"

How dare Mrs. Drunk answer the question? If she dares to go against the law, she will end up being shattered to pieces.

She is not stupid, how could she do this?

"Baiqing..."

"I am the crown prince!"

She wanted to argue with Yin Baiqing, but was interrupted by Yin Baiqing.

Her heart was full of hatred, and she really wanted to pounce on the little beast in front of her and kill him with one mouthful. If it weren't for him coming back, where would Zui Yiming have the confidence to talk to her like this?

But now, this little beast actually reminded himself several times that he was the prince.

So what if he is His Royal Highness? Amazing?

The emperor is in his prime, and it is not a problem for cultivators on Qianhuan Continent to live hundreds of years.

He is just a prince. Who knows how long he can sit in the position of prince. Maybe after a few years, the emperor will get tired of Zui Yiming.

When the time comes, there will be many women in the harem, and there will also be many princes. Your Highness will always take turns, right?

"Your Highness, my wife is not against the laws of the Ziyang Kingdom. It's just that Chun'er is the queen's biological sister after all. If she lives in the middle palace, she will be..."

"What is that too?"

Yin Baiqing looked at Mrs. Zui with sharp eyes.
