

Star of Space 3221

Chapter 3221 Want to find someone for help

"Grandma, even you and my grandfather are foreign ministers to this huge palace, let alone the daughter of a foreign minister. Grandma is very capable, and you want your fifth aunt to live in the East Palace?"

Could it be that my grandmother wanted my queen mother to give way to my fifth aunt? Haha, I wonder if my grandfather and grandmother had such thoughts. Does my father know?"

"Well!"

Mrs. Zui choked on Yin Baiqing's words and couldn't say a word.

She finally understood why the emperor ordered Shun'er to be thrown into Quan Palace without even seeing her. It must be that the guards guarding the palace gate heard what they said at the palace gate before. .

Then, it reached the ears of the emperor, right?

She told Chun'er not to talk nonsense and to be careful about everything, but Chun'er refused to listen.

She's fine now, has she suffered something bad?

Moreover, Zui Yiming and Yin Baiqing probably agreed with the emperor's will, so they insisted not to take Chun'er back despite her various pleas.

She lowered her head and gritted her teeth. When she raised her head again, she had become that arrogant look again.

"Aren't you going to escort me out of the palace? Why don't you lead the way?"

What's so great, she doesn't need to ask Zui Yiming and Yin Baiqing. After leaving the palace, the head of the family has many ways to ask the emperor to take Chun'er out.

"Mrs. Drunk, please."

The palace maid looked at Mrs. Drunk respectfully, and then took her out of the room.

"Mother, it seems that she still wants to find someone for help."

Yin Baiqing watched Madam Zui leave, and after a long time, she spoke to her mother.

"Who can she ask for help?" Zui Yiming sneered.

It was the emperor's order to bring Zui Yichun into the Quan Palace. Could she find someone else to threaten the emperor?

"And Zui Yifeng."

Lin Changhong, who had been silent until now, opened his mouth to remind him.

However, Zui Yifeng is now in Sky City. If you want to ask for his help, you won't be able to find him so quickly.

What's more, Zui Yifeng only wanted to use the Zui family, so how could he come forward for Zui Yifeng? This is unlikely.

"Let's put aside the matter of Zui Yizhen for now. Bai Qing, Mr. Lin, should we think of a way to check whether the Zui family really has the mother body of the poisonous corpse and the son of the evil devil?"

Just now, they failed to ask Madam Zui about this matter, which showed that Madam Zui did not know about it.

However, the Zui family master must know. If they can know something from the Zui family master, then it will be twice the result with half the effort for them to deal with those poisonous corpses and the mother bodies of the evil children.

"It's not urgent."

Lin Changhong was not so anxious to express his position.

They just came here to confirm whether Zui Yifeng was the one from the Zui family. The rest was really difficult to deal with.

If this place is really the mother body of poisonous corpses and demon children, even if they find it, it will not be easy to deal with. They don't have the golden bead space to collect all those things like Sangsang.

"Yes, Queen Mother, Brother Changhong is right, we can't be impatient." Yin Baiqing also agreed with Lin Changhong's words.

"Whether it is the poisonous corpse or the mother body of the devil's son, it is difficult to deal with it. If we rashly dig these things out of Zui's house, maybe Zui Yifeng will know about it and give him the opportunity to give these things to Moved away."

Chapter 3222 Do you want to take him with you?

What they want is to completely wipe out those things, not to wipe out the drunkards.

After one Zui family is eliminated, it is very likely that another family will be exploited by Zui Yifeng, and the mother body of the poisonous corpse and the son of the evil devil is the most important.

"Then what should we do? Should we just watch?" Zui Yiming asked.

Thinking that the Zui family might be raising those evil things, she would definitely not be able to sleep at night.

If those things were really allowed to come out, would the people of Ziyang Kingdom still have a way to survive? Not to mention the Ziyang Kingdom, even the Qianhuan Continent will perish!

"We don't know yet about Zui Yifeng, but we already know where his lair is. If Zui's family really has those things, Zui Yifeng will feel safe."

Lin Changhong continued.

"He doesn't want to move the Zui family's things yet. I'll contact Sangsang first and ask them to come over. Then we'll discuss how to deal with the Zui family."

However, one thing is certain, even if there are no poisonous corpses and the mother body of the devil's son in the drunken family, it will not be clean. "

Hearing this, Zui Yiming and Yin Baiqing nodded at the same time.

"Queen Mother, Brother Changhong, why don't we check what properties the Zui family has now. If it is really the mother body of the poisonous corpse and the son of the evil devil, they must go to a very hidden place if they want to hide it."

Yin Baiqing said.

"right."

Zui Yiming nodded immediately after hearing his son's words.

Many of the things about the Zui family were done without telling her, and she would not be very clear about it. Therefore, the most important thing now is to find out the Zui family first.

"Mr. Lin, you still have some medicine on your body. Tomorrow at the latest, the head of the Zui family will definitely come to the palace to plead with me on behalf of Zui Yichuan. By then, we can learn more about the Zui family from his mouth. Case."

She looked at Lin Changhong and said.

She thought the medicine used on Madam Zui was quite useful.

"Yes, yes."

Lin Changhong hesitated.

"However, the effect of these medicines will be very short-lived for people with high cultivation levels. It is very likely that we will also expose the secret."

This kind of medicine is originally used by people with low cultivation level to be able to control it, just like Mrs. Zui. If the Zui family master wants to use these medicines, I'm afraid...

He is a little worried, so don't alert others.

"It's nothing."

After listening to his words, Zui Yiming was not anxious at all, but chuckled lightly.

"The master of the Zui family is not as good as Baiqing, and he is not much different from Madam Zui. Madam Zui was controlled very well just now."

Yin Baiqing: "..."

Queen Mother, you can just scold the drunk family master, why are you bringing him along with you?

"Mother, is this son your biological son? Have you ever belittled your own son like this?" He looked at Zui Yiming helplessly and asked.

"this....."

Zui Yiming smiled awkwardly.

"The queen mother made a mistake."

She apologized to her son, but the topic changed to the head of the Zui family again.

"But the master of the Zui family is really not good at cultivation. Otherwise, with the support of Zui Yifeng in these years, and with this palace, the former Princess Niu, how could the current queen be still a third-rate queen in the Ziyang Kingdom? Where is the family?"

When it comes to Zuijia, she is really a little disdainful. They all have selfish virtues.

No wonder, it can be used by Zui Yifeng.

Chapter 3223 The first one can't spare you!

Even if they are not discovered now, when Zui Yifeng feels that they are of no use anymore, he will just let them disappear in Qianhuan Continent, right?

"Then let's ask him first. Lin Changhong has decided immediately.

...

In the evening, the emperor rushed to the queen's palace even though he had not finished handling the affairs.

On the other hand, Mrs. Zui returned to Zui's house in a hurry. When she asked where the head of Zui's family was, she ran over without caring about what he was doing.

"ah!"

A woman's scream came from the room, followed closely by the drunken master's roar.

"What are you doing? Who asked you to come in? Get out of here!"

I saw two people, a man and a woman, rolling on the big bed, but Madam Zui interrupted their good deeds. Can Master Zui not be angry? He just missed Mrs. Zui with a slap.

"The head of the family..."

Mrs. Zui hated the Zui family leader's clinging to the left and right, which was exactly the same as the previous Prince Niu.

It was still broad daylight, and she rolled on the bed with the maid who shared the same room. On ordinary days, how could she let go of this maid who seduced her husband?

It's just that now is not the time to argue with a little maid, she is in a hurry.

"Master, something big has happened. You... please think of a solution quickly. He

Hearing this, Master Zui looked at the person on the bed, then at Madam Zui's rough yellow face, and took a deep breath.

Although he really wanted to drive Madam Drunk out and continue his good deeds, Madam is Madam after all, and he couldn't really deny her any face, could he?

"Why are you still standing there? Get out of here, head of the family. You and Meng Ju will come back to serve the head of the family in the evening."

He ordered to the maid.

Hearing this, Mrs. Zui's face turned livid.

This man is really enough. One woman is not enough. He actually wants two women to serve him at the same time?

It's just that she doesn't dare to care about it now. All the hatred is nothing compared to her Chun'er. The suffering in Quan Palace is more important. She has to ask the head of the family to rescue Chun'er quickly.

"Yes, head of the family."

The little maid glanced timidly at the livid-faced Drunken Madam, picked up her clothes scattered on the bed and on the floor, and hurriedly left the house owner's room.

"Hmph, bitch!"

The drunk lady couldn't help but cursed lightly as she watched the little maid leave.

Why are you so shameless? You didn't even put on any clothes, and you just went out to the yard to show off. Maybe you didn't get satisfaction from the owner of the house, so you went to find someone else?

It's a good thing that the master of the house still asked her to serve him!

"What are you looking at?"

The head of the Zui family frowned when he saw Mrs. Zui staring at the little maid who had just left with vicious eyes.

"The head of the family is warning you, don't try to take advantage of the maid next to the head of the house. If anything happens to her, the head of the house will be the first to spare you!"

In front of the maid, he gave his wife enough face, but if something happened to the little maid, he would not be polite to Mrs. Zui.

After all, he is a man, and it is normal for him to like young and beautiful women. Should he be allowed to live with a yellow-faced woman for the rest of his life?

The few little maids around him were the good ones he finally selected from the tooth shop, but they haven't had much fun with them yet.

How unjust it would be for him to be killed by Mrs. Drunk like this.

Chapter 3224 The imperial edict issued by the emperor himself

"Master!"

When Mrs. Zui heard what he said, she turned back and looked at him bitterly.

Would her dignified wife be so fussy with a little maid? As long as she was still the wife of the Zui family, she wouldn't mind having as many women as the family leader wanted.

However, the head of the house had not spent the night in her room for more than half a year, and she felt really sad.

"What's the matter with you coming here? Where did you cause trouble?" asked the head of the Zui family.

Hearing his words, Madam Zui finally remembered what she was here for, and she was almost fooled by a little maid and even forgot the most important thing.

"Master, please go into the palace quickly and save Chun'er."

"Chun'er? What's wrong with Chun'er?"

The head of the Zui family was stunned and frowned intuitively.

Zui Yi Chun's daughter is the child he can most use. Because of her excellent appearance, he has been planning to let Zui Yi Chun enter the palace and become his concubine.

If she could get the emperor's favor, then their family would be able to reach the sky in one step.

Unlike the useless trash Zui Yiming, even if she became the empress, she would only think about the emperor and would never think of their Zui family if there were any benefits.

Sure enough, she is not her biological daughter, but she is different!

"Xun'er has entered the palace? Isn't that good? It also saves me the head of the family from having to think of other solutions. You stupid woman, why are you howling here? You interrupt me for such a happy event as Chun'er entering the palace. Are you impatient with the good things the master of the house has done?"

Thinking of his good deeds being interrupted, he felt angry and wished he could beat his wife to vent her anger.

"Master!"

Mrs. Zui was so angry with him that she almost rolled her eyes.

"What a happy event! Our Chun'er was sent to Quan Palace by decree without even seeing the emperor's face. Doesn't the head of the family know where Quan Palace is?"

If it was really as simple as Chun'er entering the palace, would she still come in such a hurry?

"What?!"

The head of the Zui family was shocked. The coat he had just picked up fell to the ground before he could put it on himself.

"What's going on? What's wrong with that bitch Zui Yiming? Chun'er is her biological sister. How could she throw Chun'er into Quan Palace? Sure enough, she's not the biological son of the head of the family, she's just vicious!

Why are you still standing there? Why don't you come over and help me change my clothes? I want to go to the palace to meet the emperor! "

This matter is probably going to happen to the emperor. Zui Yiming is so vicious that he won't even spare his own sister. If the emperor knows about it, he will definitely not pamper her anymore.

At that time, the emperor will take Shun'er out of Quan Palace, and the position of queen will belong to his Shun'er.

He thought to himself that this was a blessing in disguise.

"Master!"

Mrs. Drunk is really going to spit out a mouthful of old blood.

"It wasn't that bitch Zui Yiming who did it, it was the emperor. The emperor personally issued the imperial edict and had Chun'er imprisoned in Quan Palace! I was at Zui Yiming's place at the time, and she still heard the report from the people around the emperor. , just found out."

He didn't even think about it. If it was really what Zui Yiming had done, would she still need to come back and ask her husband for help?

"Your Majesty... Your Majesty's decree? How could Your Majesty issue such a decree? Did Chun'er make the Emperor angry?" Zui family leader asked.

Chapter 3225: Often slandering Niu Yiming

"I don't know either. Chun'er still didn't follow me into the palace today. She just waited at the palace gate. How could I know what was going on with Chun'er.

Mrs. Zui said helplessly.

She wasn't with Chun'er at that time, so how could she know what happened?

"you do not know?"

The head of the Zui family was extremely angry. Could she not know if Zui Yichun had angered the emperor?

"You went with Chun'er, how could you not know?"

"I....."

The drunk lady opened her mouth.

"I entered the palace at that time, and Zui Yiming, that bitch, actually asked the palace maid to stop Chun'er outside the palace gate and not let her go in with me. What happened after that, I don't know.

I'm wondering if Chun'er often slandered Niang Yiming at the palace gate and shouted that she could take the position of queen. These words were heard by the guards and spread to the emperor's ears? "

"What?!"

The head of the Zui family was shocked. He raised his hand and slapped Mrs. Zui.

"You idiot, Chun'er is ignorant, are you also ignorant? Is there a place outside the palace gate where you can talk nonsense? Don't you want to die?"

"I....."

Mrs. Zui was slapped by her husband. She grinned in pain, but she didn't dare to say a word in rebuttal.

"Then...then I don't know that the guards at the palace gate can be so talkative. The emperor is also the same. He is not busy with everything, how can he still have time to listen to the words of a few guards? The palace gate, but Far away from the emperor."

After all, the guards at the palace gate were too talkative. If she gained power in the future, she would definitely deal with all of them without leaving a single one behind.

"you--"

The head of the Zui family almost fainted from her anger.

Aren't the people at the palace gate all the emperor's people? A few other gossips may have reached the emperor's ears, not to mention that they were talking about the queen, and they wanted to squeeze Zui Yiming out and become the queen herself?

"How could the head of my family have such a stupid daughter? She didn't even enter the palace and she just wanted to be the queen? She is really capable. Why doesn't she want to be the queen mother?!"

I don't know that the emperor now dotes on the empress. Even the ministers who wanted to choose a concubine for the emperor were stopped by the emperor.

Zui Yichun actually dared to talk about the queen at the palace gate. She really didn't want her own life.

"Master, now is not the time to scold Chun'er. We must quickly find a way to rescue Chun'er." Madam Zui reminded.

The matter has already happened, so what's the use of scolding Chun'er now. The person must be rescued first.

"It's all my fault that Zui Yiming is a bitch. I begged her to take Chun'er out of Quan Palace and live in her palace. She actually refused and even said she wanted Chun'er to live with her. In the palace, Chun'er was wronged.

I just said this in order to improve our Chun'er's status. She actually dared to use my words to block my mouth. It's really unbelievable...ah! "

Listening to Madam Zui's thoughts, Patriarch Zui couldn't bear it anymore and slapped Madam Zui out.

"You idiot, idiot!"

How could he have such a stupid wife? Fortunately, he used to think that she was pretty good and could take care of the Zui family's internal affairs.

Who knew she was such a stupid woman?

Chapter 3226 What's not allowed?

"Master, you...you hit me again?"

Mrs. Zui received two slaps, and her tears fell down all of a sudden as she could no longer hold back her tears.

After marrying into the Zui family for so many years, when had she ever been so angry? She was slapped twice in succession. Even if it was the head of the family, she shouldn't be.

"Hit you? I'll hit you lightly!"

The head of the Zui family gritted his teeth and spoke to her bitterly.

If it weren't for the fact that the woman in front of him was still useful, he would have wanted to beat her to death.

"That is the middle palace. Only the queen can live in the middle palace. What do you think you and Chun'er are now? You actually want to live in the middle palace. Are you afraid that the emperor doesn't know your thoughts?"

"I....."

How could Madam Drunk dare to speak? Listening to her husband's scolding, she knew that she had said and done the wrong thing.

But the problem is, she really thinks that her daughter, her Chun'er, should live in the middle palace, and when her Chun'er moves into the middle palace, Zui Yiming, that bitch, should be more practical. Move out of the central palace and live in other palaces.

That way, even if Shun'er is not canonized as queen, everyone in the palace will know that Shun'er is the woman favored by the emperor.

What's wrong with her thinking this way?

"Master, Chun'er will be the queen in the future. What's wrong with her living in the middle palace?"

"But she is still the queen now, not even any of the emperor's women!" Master Zui yelled at Mrs. Zui.

A woman who had never even met the emperor was actually saying nonchalantly that she would become the queen, especially since the queen, Zui Yiming, was not dead yet, living in the middle palace, and she was also the emperor's favorite queen.

"She really wants to be the queen, but the position of the queen now belongs to someone else. By saying this, don't you just tell everyone that you want to murder the queen Zui Yiming?"

"I...I didn't."

Mrs. Zui immediately shook her head, saying that she had never thought of it that way.

At most, she hoped that Chun'er could fight Zui Yiming down in the future and let Zui Yiming live in Quan Palace, never to see the emperor again.

But who knew that the person who moved into Quan Palace first was not Zui Yiming, but her daughter Zui Yichun.

"Master, I... really haven't thought about it that way."

"snort!"

The head of the Zui family snorted coldly.

He wanted Zui Yiming to die, which he had thought about countless times.

Of course, he would only attack Zui Yiming after he had paved all the roads for Chun'er.

There is nothing wrong with this.

But the fault of Madam Zui and Zui Yichun was that they took out all these inner thoughts and expressed them in public, and luckily the emperor found out about them.

"You stupid woman, you want to die yourself, don't bring my entire drunken family with you! You dare to say anything treasonous. If you want to murder the queen now, will you want to murder the emperor in the future?"

"No, no, Master, I have never thought of it this way." Mrs. Zui defended herself, how could she think so?

"It doesn't matter what you think. What matters is what the emperor thinks in his heart!" Master Zui yelled at her.

"I....."

Mrs. Zui was dumbfounded by the Zui family master's scolding.

After a long while, she realized that her daughter was still suffering in Quan Palace.

"Master, it's too late to say this now. We have to rescue Chun'er quickly. Chun'er is the hope of our Zui family."

Chapter 3227 Follow this family leader

Hearing this, Master Zui took a deep breath.

Why didn't he want to rescue Zui Yichun now? But no matter what he thought, it was of no use at all.

The emperor personally issued an order to banish Zui Yiwen into the Quan Palace. This was to kill the chicken and respect the monkey. It was to let the ministers see that if anyone proposed to marry him again, the fate of those women would be this. .

Therefore, it is useless for him to go to the palace to beg the emperor now.

"call!"

He exhaled heavily.

"The head of the family went to see the queen in person. I don't believe that she can really watch her own sister in the cold palace and refuse to save her!"

The only way now is to beg Zui Yiming. She is deeply favored by the emperor. If she can say a few words, the emperor might let Chun'er go for her sake.

As for how Chun'er will enter the palace in the future, these can all be planned slowly.

"Going to seek help from Zui Yiming?"

Upon hearing the word "queen", Mrs. Zui's whole face became distorted.

At the end of the day, do you still want to beg Zui Yiming? She didn't believe it. Shun'er was sent to Quan Palace and had nothing to do with Zui Yiming.

It must have been Zui Yiming who said something bad about Chun'er in the emperor's ears, right? Otherwise, no matter what happens, the emperor would never have thrown Chun'er into Quan Palace without seeing her.

"Master, what's the point of begging Zui Yiming? She won't help at all."

"That's for you!"

The head of the Zui family glanced at Mrs. Zui coldly.

Fortunately, he didn't go into the palace to force Zui Yiming to take Chun'er into the palace. When he saw Zui Yiming later, he could tell that this was all Mrs. Zui's idea and he didn't know about it.

Then he begged for a few more words, and no matter how unwilling Zui Yiming was, he still had to ask the emperor to let Chun'er go for his sake.

"This head of the family is her father, so what I say still applies."

"this....."

Mrs. Zui hesitated for a moment. Although she felt that it was useless at all, it was still okay to let Mr. Zui give it a try.

"Why don't you get out and get ready for my master? I want to enter the palace, so you go with me!" Seeing that she was still hesitating, the Zui family master scolded her.

"Well."

Mrs. Zui choked at his words.

Will she also enter the palace? How could she enter the palace in such a miserable state?

Everything else can be dressed up, but the marks on my face that were slapped twice by the master of the Zui family just disappeared so quickly.

Didn't she embarrass herself in front of Zui Yiming by entering the palace like this?

"Master, can I not go?" she asked softly.

"What did you say?!"

The head of the Zui family stared at her and glanced at her.

"If you don't go, who will apologize to Zui Yiming, my master?"

He took Madam Zui with him, and of course he had his own ideas. When the time came, all he had to do was put all the fault on Madam Drunk and ask her to apologize.

And he, as the head of the Zui family, couldn't really lose face and apologize to Zui Yiming, right?

"No, no, Master, that's not what I meant." Mrs. Zui quickly shook her head.

She didn't want to see Zui Yiming now, but what could she do? Suddenly, she thought of Yin Baiqing.

"What I mean is that when you enter the palace now, I'm afraid you won't be able to see Zui Yiming."

"Why?"

The head of the Zui family asked with a frown.

Could it be that Zui Yiming was still able to keep him out of the palace?

Chapter 3228 Are you afraid that others won't hear?

If that was the case, then he would have more to say, and he could accuse Zui Yiming of being disobedient and unfilial.

"I was in Zui Yiming's palace just now. I met Yin Baiqing. That little beast is so awesome now. Every word he speaks is laced with thorns. I almost don't know how to reply."

Mrs. Drunk said.

Thinking of Yin Baiqing, she couldn't help but grit her teeth.

If Zui Yiming hadn't seen Yin Baiqing come back, would he have been able to talk to her like this? She wouldn't even dare to lend her a hundred courages.

"The prince is back?"

The head of the Zui family was stunned. Didn't he say that Yin Baiqing went out to practice with his benefactor?

Coming back so soon?

"Why is he back at this time?"

"Who knows.

Mrs. Zui echoed, she did not expect that Yin Baiqing would come back so soon.

"I didn't even think about it, why didn't he die outside? He actually came back. Now, Zui Yiming is even more proud. Master, you have to find a way to kill that little beast. Otherwise...ah!"

Before she could finish her words, she was slapped out by Master Zui again.

"Shut up, my master!"

At this time, the Zui Patriarch had blue veins on his forehead.

"Home, head of the family..."

Mrs. Zui didn't come back to her senses for a long time, her mouth was bloodshot, she was obviously beaten badly.

"You idiot, how could the head of the family marry a woman like you who speaks so freely? How can you, the Crown Prince, talk about it casually, and you still want to...are you afraid that others won't hear?"

From what I heard today, it seems that this woman and Zui Yiming must have talked about Zui Yiming and Yin Baiqing outside on weekdays.

Maybe they even revealed outside that they wanted to kill Yin Baiqing, the Crown Prince.

Thinking that these words might have reached the emperor's ears, his back was covered in cold sweat. He was almost scared to death by them.

"Concubine——"

The drunk lady fluttered her eyelashes and looked at her husband carefully.

She was just talking in her own home, and she didn't go outside to talk. Who would hear her?

Besides, hadn't she heard this man himself say before that he wanted to get rid of Yin Baiqing? Wasn't he right?

"Tell me, did you say these things outside?" The head of the Zui family stared at her sharply and asked.

"No, no."

The drunk lady immediately shook her head. She was not stupid. How could she say such a thing outside?

If these words were heard by outsiders, it would be a serious crime of beheading.

"Master, I don't dare to say these things outside. I really don't."

"You haven't said that, what about Chun'er?" Zui family leader continued to ask.

He just wanted to come in. If Chun'er had just said a few bad words about Zui Yiming, he wouldn't have been thrown into Quan Palace. Could it be that the idiot was outside and said something about wanting to kill Yin Baiqing? ?

If this is the case, then there is no need for him to enter the palace, and it is impossible for Zui Yichun to save him.

"No, how could Chun'er say that outside? She wouldn't." Mrs. Zui quickly denied it.

Even if she thought that Zui Yi Chun would really say such things outside, she would not dare to admit it in front of the head of the Zui family. Otherwise, how could Chun'er be saved?

As the wife of a drunken family, she still knew the importance of this.

Chapter 3229 Two tough bones

"It's fine if you don't."

The head of the Zui family also secretly let out a sigh of relief.

In this case, he wouldn't have to give up Zui Yi Chun.

"Since the prince is back, I, the head of the family, will enter the palace tomorrow. We won't go there tonight."

"Master, then..."

"What are you doing here? Get out of here."

Mrs. Zui was about to speak when she was impatiently interrupted by the head of the Zui family.

"Master of the house."

A hint of embarrassment flashed across Mrs. Zui's face.

"You haven't come to my place to rest for half a year, why not tonight..."

"roll!"

Before she could finish her words, the head of the Zui family roared angrily. His eyes were full of disgust for the woman in front of him.

"You don't even know what kind of virtue you have now. Are you qualified to serve my master? It's good enough for my master to allow you to continue to be the head wife of the Zui family. You still want me to come to your room? What do you think? What is it?"

"Well."

Mrs. Zui, who was only slightly embarrassed at first, was made blushing by the words of the Zui family master.

"Get out of here quickly, don't disturb the good things of this family leader."

The Zui family leader waved his hand at Mrs. Zui like a fly.

"Do you still think you are fifteen or sixteen years old? You have already turned into a dead fish. You are still thinking about these things. If any woman is randomly pulled out by the head of the family, she is not even a little bit better than you. Do you understand??"

"I am..."

Tears welled up in Mrs. Zui's eyes as she looked at the head of the Zui family who disliked her.

She really wanted to yell at Mr. Zui, those women were all sluts, could they compare to her? But she knew in her heart that Master Zui just liked those women.

She couldn't say it. If she did, she might not even be able to keep her position as wife.

"I retire."

She had no choice but to cover her face, turn around and walk out.

Before she even walked outside, she heard the drunken master behind her shouting at the door.

"Mengzhu, Mengju, come here quickly and wait for me to rest! If I had known that this was going to happen, I wouldn't have asked Mengzhu to leave. We can do it as soon as we finish talking!"

Mrs. Zui paused, gritted her teeth, and then continued walking out.

She heard nothing, nothing. As long as she was still the wife of the Zui family, that was fine. Nothing else mattered!

...

Sky City.

Zui Yifeng has sent people to the Lin family several times, but every time they returned without success, instead the subordinates around him suffered a lot.

"Lin Caisang, Sui Zimo, you are really a tough nut to crack!"

If he had known this, he should have found another way. It shouldn't have been the Lin family's head-on confrontation. Not only did he lose his own people, but he was also directly exposed to Sui Zimo and others.

"What's going on with the Ding family?"

Not only Lin Caisang's side, but also the Ding family's three-flavored medicinal materials were not ready.

"Going back to the master, we still haven't found out where Ding Zhuzui put those medicinal herbs. We have almost rummaged through the Ding family, and there is nothing we are looking for."

The subordinate said to him respectfully.

He even wondered whether the three herbs were still in the Ding family, or had they been given away by Ding Zhuzui?

"Useless things!"

Zui Yifeng cursed angrily.

He couldn't find any medicinal herbs. He really didn't understand what kind of people he had raised under his hands.

"Where's Ding Laoliu? Do you have any news?" he asked.

Chapter 3230 Sit here and wait for death

"There is no news from Ding Laoliu, but he is also checking, and this subordinate knows." The subordinate replied.

Hearing this, Zui Yifeng took a deep breath.

It is impossible to rely on Ding Laoliu. At most, this person can be used by him to do small things.

"Master, there is something I don't know if I should say it." The subordinate looked at Zui Yifeng and said softly.

"What's the matter?"

Zui Yifeng asked.

"Are those medicinal herbs from the Ding family still there?" the subordinate asked.

"Um?"

Upon hearing his subordinate's words, Zui Yifeng was stunned.

The next moment, his face suddenly turned ugly, and he looked at his subordinates as if he wanted to eat him.

"Go and check immediately. Has anyone entered the Ding family recently?!" he ordered.

Could it be that the medicinal materials of the Ding family have really been given away and are no longer in the Ding family, so he sent so many people to look for them, but they could not find the medicinal materials.

But, to whom would you give such valuable medicinal materials?

Could it be... could it be Sui Zimo and Lin Caisang?

Thinking of this possibility, his face suddenly darkened. If that were the case, wouldn't it mean that Lin Caisang had already researched the antidote?

"no, I can not."

He shook his head, feeling that this was simply impossible. No matter how talented Lin Caisang was, it was impossible for him to know the antidote so quickly.

If she was really that capable, what had she been doing before? She could have detoxified Sui Zimo early in the morning.

"Yes, it's definitely not Sui Zimo and Lin Caisang, it's not them."

He told himself in his heart that the three herbs must have been given to others by people from the Ding family and could not be theirs.

However, there was also a voice in his heart telling him, besides Sui Zimo and Lin Caimulberry, who else could the Ding family give such precious medicinal materials to?

The Ding family has two children, both of whom live with Lin Caisang.

Ding Rong is Ding Zhuzui's legitimate daughter and the child he cares about most, while Ding Xu grew up under the care of Mrs. Ding. Mrs. Ding's most distressed person is Ding Xu.

These two people were at Lin Caisang's place. Who else could give those medicinal materials to Lin Caisang besides giving them to Lin Caisang?

"No, I can no longer sit here and wait for death."

There must be someone in the Lin family who is in his hands. Even if it is not Lin Caisang, it can be someone else, Lin Baizhong, or Liu Yuyang.

Even worse, he could still capture the city lord's wife.

As long as the city lord's wife is in his hands, he doesn't believe that Sui Zimo and Lin Caisang will not take action!

However, he had to put a lot of effort into catching the city lord's wife. There were many guards around that woman, especially in this situation, there were even more guards around her, and They are all the elite guards of the City Lord's Mansion.

"call!"

He exhaled heavily, feeling that this matter was really difficult to handle.

...

At the same time, at Ding Laoliu's house.

"What are you talking about? In addition to you, Ding Rong and Ding Xu also went to Ding's house that day?" Ding Laoliu looked at his housekeeper and wanted to slap him to death.

"Yes, Master, I saw Ding Rong and Ding Xujin's Ding family with my own eyes," the housekeeper replied.

"you--"

Ding Laoliu almost spat out a mouthful of blood.

"Why didn't you tell me earlier!"

If he had told them earlier, he would not have sent people to the Ding family. Wouldn't it be better to go directly to rob Ding Rong and Ding Xu.
