

Star of Space 3231

Chapter 3231 It's indeed them!

The three-flavored medicinal materials must have been taken away by Ding Rong and Ding Xu. They are no longer in the Ding family. Fortunately, he has been asking people in the Ding family these days where the three-flavored medicinal materials were hidden by Mrs. Ding. went.

Is the co-author no longer in the Ding family at all?

"This... you didn't even ask the younger one."

The butler looked at his master's face with an innocent face. It was not until he finished saying this that he saw how ugly his master's face was.

"Master, what's wrong with you? Why do you look so bad?"

"you you--"

Ding Laoliu really didn't know what to say, but he actually had the nerve to ask why his face looked so bad?

It would be strange if his face looked good.

Obviously those medicinal materials should have been in his hands. As long as the housekeeper told him that night that he saw Ding Rong and Ding Xu at Ding's house, he would definitely rob those three medicinal materials. ah.

Even if it's nothing, it's okay.

but now.....

"Get out of here, get out of here!"

He now has to think about how to explain to his master. The medicinal materials may have been taken away by Ding Rong and Ding Xu!

"I'll take my leave, little one."

The housekeeper noticed that Ding Laoliu was not in a good mood, and it must have something to do with what he said, so he ran away in despair.

However, he really didn't know that what did he have to do with Ding Rong and Ding Xu returning to Ding's house when he came to ask for medicinal materials? Could it be that Ding Rong and Ding Xu went home and he couldn't get the medicinal materials?

Those medicinal materials were not taken away by those two people.

"Damn it, damn it!"

Watching the housekeeper leave, Ding Laoliu cursed fiercely at the door.

Originally, he could get a lot of things from his master by relying on those three medicinal herbs, but now, he has gotten nothing, and instead there is a possibility of being rejected!

And all this is because of Ding Rong and Ding Xu. Why do they want to return to Ding's house at this juncture?

"No, we can't just let it go. We must get those three herbs back."

Ding Rong and Ding Xu were not at Lin Baizhong's daughter's place. They must be at the Lin family. He went to the Lin family to ask for it. He couldn't let outsiders get advantage of such good medicinal materials in vain, right?

Those two little sluts Ding Zhuzui gave birth to, instead of being good young ladies of the Ding family, they had to go and be married to others.

Now, he is even willing to give away his own treasures.

I just want to piss him off!

"I have to go back. Huh, if the head of my family goes to ask for it in person, I don't believe it. They dare not give me this face!"

With that said, he walked out of the study, preparing to take the servants of the house to the Lin family to ask for medicinal materials. At the same time, at Zui Yifeng's house, he also received the news.

"Lin Caisang, Sui Zimo, it's really them!"

When he heard from his subordinates that Ding Rong and Ding Xu had returned to Ding's house on the same day that Ding Laoliu went to ask for medicinal materials, Zui Yifeng was really stunned.

"Where did that woman get the ability to... be able to prepare the prescription?"

In his opinion, this is simply impossible. How can it be so fast?

"Master, what should we do now?"

The subordinate looked at his master who was full of anger and asked in a low voice.

Hearing this, Zui Yifeng just took a deep breath and glared at his subordinates fiercely. For a moment, he really couldn't think of what to do.

Chapter 3232 I'll attack you so quickly

Could it be that he could still go to the Lin family and snatch the three herbs back?

"Go out immediately and find out for me whether those few medicines got into Lin Caisang's hands." He ordered his subordinates.

"Also, check to see if anyone is looking for other medicinal materials on the Qianhuan Continent. Once discovered, there is no need to come to report, they will be killed directly!"

"Yes, Master."

After receiving his instructions, the subordinates immediately turned around and went out.

He knew what to do without his master's instructions. He was still waiting for his master to take him into a higher continent after he controlled the entire Qianhuan Continent.

Thinking that he can go to a better place, he is so motivated!

Zui Yifeng, on the other hand, was looking into the distance with a faint look, and the feeling in his heart could not come out no matter what.

To make him believe that Lin Caisang got the prescription so quickly, he would rather believe that those few medicines just happened to be delivered to her hands, and it was not what he thought at all.

"Lin Caisang, I hope you won't let me attack you so soon."

If he really had a prescription, Lin Caisang would not be able to keep her. Even if he killed her directly, he might not get the corpse suppressing talisman, and he could not let Lin Caisang live anymore.

Not just because of a prescription, but because of Lin Caisang's ability, which was truly remarkable and could already become a serious problem for him.

And he also believed that as long as Lin Caisang could be killed, the mother body of the evil son and the fragments of the corpse suppressing talisman would be returned to his hands.

"call!"

He exhaled heavily.

...

The front door of the Lin family.

Zui Yifeng's subordinates had just arrived here, and before they had time to hide themselves, they saw a familiar figure.

"Why is he here?"

Isn't this person Ding Laoliu? Shouldn't he be pretending to be sick at home?

According to his idea, once he found out that the three-flavored medicinal materials were really in Lin Caisang's hands, he could also arrange for Ding Laoliu to pretend to be ill and use rumors to force the Ding family to take the medicinal materials back and serve them with both hands. For Ding Laoliu.

But he didn't expect that before he had time to act on his idea, he saw Ding Laoliu with all his beard and tail at the door of Lin's house.

"What does he want to do? He actually found the Lin family. Doesn't he think the master has enough troubles?"

He muttered something, and was about to take advantage of Ding Laoliu's lack of movement to get him away. Unexpectedly, before he could even lift his steps, he heard Ding Laoliu's ghostly roar. .

"Lin Baizhong, get out of here!"

"hiss!"

The subordinate gasped, and the next moment, he quickly found a place to hide himself.

"Ding Laoliu must be crazy. Even if the master himself comes to the Lin family, he has to come quietly at night. How dare he... he is really too presumptuous!"

Besides, who is Lin Baizhong?

He is now the commander of Sky City, and he can be considered a figure in the entire Qianhuan Continent.

And Ding Laoliu is just the head of a branch of the Ding family. Even if Ding Zhu is drunk, he still has to be polite when facing Lin Baizhong!

"Master is right, this Ding Laoliu is really an idiot! He is extremely stupid!"

Now that there is such a fuss, no one will believe that Ding Laoliu is ill. After all, who is sick can be so angry?

Chapter 3233 Break the door open for me!

On this side, Zui Yifeng's subordinates were so angry that they didn't know what to say.

On the other side, Ding Laoliu waited for a long time, but no one came to pay attention to him. The door of the Lin family was still closed.

Instead, because he roared like this, the people around him gathered around and pointed at him.

"call!"

He took a deep breath and glanced at the servants he had brought with him.

"Knock on the door. If Lin Baizhong doesn't open the door, the head of the family will smash the door down!"

He had come in person, but Lin Baizhong still wanted to lose face for him. He dared not open the door for him and greeted him respectfully. It was so shameless!

The servants secretly gasped when they heard their master's words.

This is Commander Lin's home. Who dares to break down the door? Even the city lord has to open the door before entering, right?

Is their head of the family mad?

"Yes, Master, the young one will go right away."

He could knock on the door, but he wouldn't dare to smash it.

Perhaps the commander, Lin Baizhong, would not do anything to the head of his family for the sake of the Ding family, but as a servant, he might not be so lucky.

If he dares to break down the door, he probably doesn't even know how he died, right?

He slowly walked forward, stood in front of the Lin family's door, and then started knocking on the door.

However, after a while, there was still no response, as if no one was there at all in the Lin family.

"You loser, why are you still dawdling there? Just break the door open for me, the head of the family!"

How could Ding Laoliu wait any longer? He was afraid that those who had no eyesight would use the medicinal materials that could make him prosperous.

By then, he would be completely hopeless.

"Master, this is Commander Lin's residence."

The servant turned his head and reminded his master in a low voice.

If he really dared to break down the door, not to mention him, not even his master, nor the Ding family would have anything to eat.

Isn't the head of the family afraid?

"What nonsense are you talking about? Doesn't this head of the family know?"

Ding Laoliu was so angry that his head was about to smoke. Mrs. Ding just gave him a slap in the face. Even Lin Baizhong didn't take him seriously!

After all, he was following his master and was being used in an important way. Could he still be afraid of him?

Who is Lin Baizhong? It's just a dog raised by the City Lord's Mansion. The Ding family are in-laws of the City Lord's Mansion. What is he afraid of?

"You open it for me, the master of the family, and I will do it myself!"

Since the people under his command don't dare to move, then he will do it himself. Isn't it possible that he can't open a door?

With that said, he raised his feet and walked towards the door of the Lin family. When the servants saw him coming, they quickly made room and hid far away, fearing that they would be affected!

"That idiot! Does he want to die?"

Zui Yifeng's subordinates looked at Ding Laoliu's movements and wished they could immediately step forward and stop him.

Can Ding Laoliu mess around in the Lin family?

Moreover, when there were so many people watching, was Ding Laoliu afraid that others would not know how arrogant he was and that he would not die quickly enough?

"I....."

He moved his feet, wanting to step forward.

But a voice in his head told him that stepping forward at this time would undoubtedly expose him to Lin Baizhong and the others.

Chapter 3234 Everyone was lying on the ground

He must hide well and not bring danger to his master.

Of course, he cannot put himself in danger. After all, he still wants to go to a better place with his master to enjoy life. How can he stay here?

"call."

You can't control him anymore. It's useless no matter how you control him.

After all, Ding Laoliu is a member of the Ding family. No matter what happens, Lin Baizhong will not kill him. At most, he will only make Ding Laoliu suffer a little.

He just watched.

On the other side, Ding Laoliu was really ready to break down the door. In his eyes, the Lin family was really nothing.

He also thought that he was a member of the Ding family. If something happened to him, why would the Ding family just stand by and watch? They would definitely help.

It would be great if Lin Baizhong really dared to do anything to him.

He just used his own injury as a threat to force them to hand over the three herbs, so that he could return to his master.

Lin.

Liu Yuyang slowly came out of the kitchen and looked at his husband-in-law standing in the yard.

"Baizhong, what are you doing? People are about to break down the door."

Listening to the arrogant roars outside, she really wanted to laugh. Is this Ding Laoliu here to tease them? He even brought people to his door to ask for medicine.

"Then let him smash it. Lin Baizhong's eyes darkened slightly and he said.

Liu Yuyang: "..."

Let the person outside the door smash it? What a joke.

Because of the recent unrest, formations have been set up around the Lin family.

If Ding Laoliu was really smashed, wouldn't he lose half his life? After all, he is a member of the Ding family, so they can't kill him, right?

"It's better to open the door. After all, it represents the Ding family." She reminded.

"Um?"

After hearing her words, Lin Baizhong looked sideways at her and raised his eyebrows slightly.

Such a person can still represent the Ding family. If he were a member of the Ding family, he would directly twist this guy's head off his neck!

"What I'm talking about is on the surface. He still represents the Ding family, right?"

Liu Yuyang explained again that Ding Laoliu was following Zui Yifeng, but the people of Sky City didn't know.

Such people can be killed secretly, but there must be a lot of people outside at the moment. They can't really give them any face, right?

"call!"

Lin Baizhong let out a sigh of relief.

"Someone's coming."

Turning around, he called a guard from the City Lord's Mansion and gave him instructions.

"Go to the Ding family and inform Mrs. Ding and the head of the Ding family about Ding Laoliu coming to the commander's house to cause trouble."

"Yes, Commander."

The guard took the order and flew away from the wall.

He thought to himself that the city lord's wife was really unlucky. Except for Mrs. Ding, no one in her family was reliable. They were all waiting to hold her back.

No, he dared to come to Commander Lin's house to cause trouble. He didn't know who lent him the courage.

"Let's go and have a look."

"Okay, let's go take a look together."

Lin Baizhong and Liu Yuyang arrived at the door together and opened the door.

"I kicked this... ah!"

Ding Laoliu outside the door was raising his foot to kick the door, but Lin Baizhong opened the door.

The next moment, Ding Laoliu, who was supposed to kick Lin Baizhong, was knocked out by Lin Baizhong's spiritual power. He fell down not far away in a very embarrassed state, lying on the ground.

Chapter 3235 What's wrong with kicking you?

"Master of the house, master of the house."

Seeing this, several servants hurried forward to help their master up.

Ding Laoliu was beaten so hard by Lin Baizhong that he could hardly tell the difference between east, west and north. After being helped up by his subordinates, he shook his head a few times before he woke up and looked in Lin Baizhong's direction angrily.

"Lin Baizhong, do you dare to hit my master?!"

He has never been beaten by anyone in his life. Who has seen him before without respecting him?

Even if Ding Zhuzui saw him, he would respectfully call him "Sixth Uncle", but now, he was beaten by Lin Baizhong here.

Where does this put his face?

"If I don't beat you, are you still waiting to be beaten by you?" Lin Baizhong looked at Ding Laoliu coldly and asked him.

"Well!"

Ding Laoliu choked at his words.

He almost kicked Lin Baizhong just now, but so what? Who made Lin Baizhong open the door and walk to his feet? It was his fault?

"What's wrong with my head kicking you? Lin Baizhong, you are just a... commander raised by the city lord's house, what's the big deal? If my head is willing to kick you, that's because he thinks highly of you!"

Although Lin Baizhong's sharp look was enough to frighten his legs, he had not forgotten why he came.

He is here to ask for the three herbs, so he can't be cowardly.

However, although he did not give up, the people watching nearby gasped after hearing his words.

"If I read it correctly, this is a branch of the Ding family, isn't it? Is he the sixth uncle of the Ding family leader? Is this man crazy? He dares to talk to Commander Lin like this?"

"I'm really desperate for my life. I came to Lin's house to talk to Commander Lin. Could it be that I'm really mad because I've lost my mind?"

"Look at what he said. It's so shameless. Even if the head of the Ding family comes, he still has to give Commander Lin some respect. How dare he, a side branch, talk to Commander Lin like this?"

"Did Sky City belong to their Ding family that day?"

"No, that's not right. The Ding family never said that. The head of the Ding family and Mrs. Ding are very low-key. I dare to conclude that the Ding family must not know that this person came to Lin's house to cause trouble.

If he knew, I don't know how the Ding family leader would punish him. He might have to be expelled from the family tree! "

The head of the Ding family was almost angry to death when he heard the buzz around him.

He wanted justice for himself, what happened? The three herbs should have been his. Mrs. Ding, that old lady, just refused to give it to him. Instead, she gave it to Lin Caisang and the others for nothing. How could he bear it?

Expelled from the family tree?

He wanted to see if Ding Zhuzui dared to do this. If that was the case, he would definitely invite the clan elders to come out and seek justice for him!

"What are you looking at? Who asked you to stand here!"

With scarlet eyes, he turned to look at the people watching the excitement and roared at them.

I didn't ask my servants to drive people away before, just because I wanted them to be a witness and let everyone know how disgusting Lin Baizhong's family is, and rob him of his three herbs.

But now, he hasn't said anything yet, but the words of these people are all directed towards Lin Baizhong.

So what's the use of letting these people stay here?

All must be driven away.

"Why are you still standing there? Drive those untouchables away to my master, drive them away!" He ordered the servants he brought.

Chapter 3236 Eight generations of bad luck

"this....."

The servants looked at their master, and then at the common people.

Although they are the master's people and should listen to the master's words, they cannot drive away those people if they want to.

They are all well-educated people, so if they don't agree with each other, they may be beaten to death or maimed.

How can they take action? What's more, this is still the gate of the Lin family. Commander Lin Baizhong didn't say anything, so they started to drive people away?

"Master, they... they are difficult to drive away."

One of the two servants who was supporting Ding Laoliu approached Ding Laoliu and whispered in his ear.

They could come to the Lin family to ask for the three-flavor medicinal materials, but they still could not offend the people in Sky City. After all, the city lord valued the people very seriously.

If the city lord knew that they were chasing people away from Commander Lin's house, then the matter would be really big.

But what the servants didn't know was that even if they didn't chase people away, the trouble would still be big enough.

"you....."

When Ding Laoliu heard what his subordinates said, he was so angry that he almost spit out a mouthful of blood.

Those untouchables not only did not help him, but also gossiped about him. How could he tolerate them? But he also knew that there were several people in this group who had higher cultivation levels than him.

He is really untouchable for the time being, at least on the surface.

"You untouchables, how dare you say this about my master, do you know who my master is? The wife of the city lord even calls me uncle. You dare to slander my master, be careful if my master tells the wife of the city lord, I will kill you!"

Since this matter was caused by Mrs. Ding and she gave the three herbs to Lin Caisang, let her take care of it.

Let her daughter lose face and see if she dares to show off with him in the future!

"Tsk, tsk, you are the only one who dares to call yourself the head of the family, and you still want to be related to the city lord's wife? Save it, the city lord's wife has an uncle like you, she has been unlucky for eight generations!"

There was an older man among the people who cursed at Ding Laoliu with a straight face.

Is this person born to bring trouble to the City Lord's Mansion? He actually has the nerve to mention his city lord's wife's uncle?

"That's right, if I were the wife of the city lord, I would be the first to stand up and beat you up!"
Another woman also cursed at Ding Laoliu.

Seeing the two people scolding Ding Laoliu, the others also agreed and criticized him without hesitation. Suddenly, the door of Lin's house was full of people's voices scolding Ding Laoliu.

"You...you..."

Ding Laoliu's chest rose and fell sharply, and he raised his hand tremblingly, pointing at the people.

"Tricky people, a group of unruly people! The city lord's wife will not let you go, she...ah!"

Before he could finish his words, Liu Yuyang raised his hand and struck him out with a palm, causing him to lie down in a big glyph again.

But when they saw him flying straight towards him, none of the people reached out to catch him. Instead, they all moved away, fearing that they would be hit by Ding Laoliu.

"I didn't want to take action at first, but Ding Laoliu, you are too presumptuous!"

Liu Yuyang raised his feet and walked step by step towards the beaten Ding Laoliu. Seeing her approaching, although the servants did not dare to do anything to her, they still bravely stood in front of Ding Laoliu.

"You, don't come here!"

Chapter 3237 Teach you how to behave!

Ding Laoliu was also worried. This Liu Yuyang was as difficult to mess with as Lin Baizhong. ๐๓

He just said a few words, and it wasn't her she was talking about, but she actually hit him so hard. When Lin Baizhong hit him just now, it wasn't as harsh as hers.

"Block it, you block her to the head of the family."

Seeing that she was still coming towards him, he yelled at the servant he had brought.

The servants all swallowed their saliva and looked at Liu Yuyang who was walking toward them in fear. Although they wanted to run away, they also knew that if they really ran away, they would die.

Ding Laoliu will never let them go.

"Ah."

Liu Yuyang sneered.

With one hand raised, a group of servants were swept away by a burst of spiritual power and fell to pieces.

There was wailing everywhere.

"This this....."

Ding Laoliu was really frightened. He didn't expect anyone from the Lin family to be so powerful.

"You... don't come over. I am a member of the Ding family and the sixth uncle of the city lord's wife. If you dare to do anything to me, the city lord's wife will not let you go."

He shouted to Liu Yuyang.

He had always used the title of City Lord's Wife in the past, and it was very useful. I believe Liu Yuyang did not dare to do anything to him.

But, he thought wrong.

Before he could say anything else, a foot stepped directly on his chest.

"ah!"

He screamed and looked at the condescending Liu Yuyang.

"You...you dare..."

"Why don't I dare?"

Liu Yuyang looked down at him and asked.

"You have used the name of the city lord's wife to do evil outside for a day or two. Are you really thinking that no one in the sky city can cure you? Today, Mrs. Japan is here to teach you how to behave!"

As she said that, she stepped on Ding Laoliu's chest and pushed hard.

"ah!"

Ding Laoliu screamed again.

"You, you are not a human being. I am just here to ask for the medicinal materials that you have stolen. Do you still want to kill me to silence me? Hand over my medicinal materials and I will leave!"

Even when Liu Yuyang stepped on his chest, he did not forget the purpose of his visit.

It doesn't matter if he was beaten, he can still get it back in the future, but the medicinal materials must be taken away, and he cannot be tricked by these people. They are his things.

"Medicine?"

Liu Yuyang chuckled.

She has never seen such a person who wants money rather than his life. Besides, does the medicinal material belong to him?

"Ding Laoliu, you mean that you are now in charge of the Ding family? Can you still take back the things that Mrs. Ding and Ding Zhuzui sent out if you want to? Hmm? ?"

As she spoke, she put a little more force on her feet.

"ah!"

Ding Laoliu screamed again, gritted his teeth, and his whole face turned red from the pain.

"Then... I asked Mrs. Ding for that first. Why should she give it to you? Those medicinal materials should be given to me! They are for my treatment. You can use them to save the life of the head of the family. , do you still have a face?

Take it out quickly and I'll leave! Otherwise, we are not done! "

Everyone: "..."

Just now they thought it was the Lin family who had taken Ding Laoliu's things, and they thought they had misunderstood Ding Laoliu just now.

How do you know that this is not the case at all?

This Ding Laoliu is really wicked. The Ding family's face has all been ruined by him.

Chapter 3238 Let's see who can outlast whom

He actually brought people to ask for things that Mrs. Ding and the head of the family gave away. What is the difference between this and openly robbing them?

He also said that he came to ask for it first. Even if he came to ask for it, it would still depend on whether Madam Ding and the head of the Ding family would give it to him. Why didn't he get the item?

He was still treating illnesses and saving lives. Looking at him like this, did he look like he was going to die at any time?

If he hadn't been stepped on by Mrs. Lin, he probably could have jumped up and hit someone. Just like this, it's enough to say he was full of energy, right?

"This Ding Laoliu is no one else. In order to obtain medicinal materials, he actually made up lies about being sick and about to die. How could there be such a person in the Ding family? It is simply an embarrassment to the Ding family!"

The old man looked at Ding Laoliu who was being stepped on and sighed softly.

"Such a person will never have anything to do with the City Lord's Mansion in the future." The woman next to the old man also looked at Ding Laoliu gloomily and said.

If a person like this stays in Sky City, he might do something else in the future.

Moreover, he also used the name of the city lord's wife. It was the reputation of the city lord's wife that was ruined, that is, the reputation of the city lord's mansion.

"right."

The old man nodded.

"However, this Mrs. Lin's cultivation is quite good."

He changed the topic and talked about Liu Yuyang. Although he didn't see her take action very often, judging from the few times she took action, she was not an ordinary person.

"Let's just watch, Xiaosi, go to the city lord's mansion and report what happened here to the city lord and his wife." The woman ordered the waiter beside her.

"Yes, Fifth Elder."

Xiao Si responded, turned around, pushed aside the crowd, and left.

Here, Liu Yuyang no longer stepped on Ding Laoliu, but instead had a confrontation between two people. However, it was Lin Baizhong, not Liu Yuyang, who confronted Ding Laoliu.

In the past few days, his wife has been busy taking care of her daughter. With that in mind, she just needs to let her vent her anger, and leave the rest to him.

"Ding Laoliu, I would like to advise you, it is best to go back to where you came from, otherwise, I will not be so easy to talk to," he said.

The meaning couldn't be more obvious. If Ding Laoliu doesn't leave, he won't care how many people are watching, and he won't look at the Ding family's face. He will beat people directly. In Sky City, the people he, Lin Baizhong, beat, It's not just one or two anymore.

"you--"

Ding Laoliu felt a bad breath stuck in his throat.

"Lin Baizhong, if you want to threaten my family master, there is no way. If you don't take out the medicinal materials, my family master will consume them with you. Let's see who can consume the other. Those are my family master's things. If you want to take them all, you can't even think about it. Don't think about it!"

What does he have to be afraid of? Is it possible that Lin Baizhong can kill him?

If that was the case, could Lin Baizhong explain to the Ding family? He was sure that Lin Baizhong would not dare to do anything to him.

Anyway, when he comes this time, he must take back the three herbs, otherwise, he won't leave and will waste them here!

...

Lin family, in the room.

"How about you go out and take a look?"

Lin Caisang looked at Sui Zimo who was teasing his son and suggested.

She also didn't expect that Ding Laoliu could be so shameless and have the nerve to make trouble at her door.

He really didn't even care about his own face. This shows how important these three herbs are to Ding Laoliu.

Chapter 3239 Like a shrew in the market

"Zui Yifeng didn't know what he had promised him, so that he could even lose his own face." She murmured.

"It's useless to make any more promises." Sui Zimo raised his head and glanced at her.

Zui Yifeng himself was just a lost dog. He was beaten to Qianhuan Continent after committing a crime. What else did he want to promise to others? I'm afraid that when that time comes, he won't be able to come up with anything.

What's more, he wouldn't let Zui Yifeng reach that point.

"Zimo, I'm thinking, what are the people on the higher-level mainland thinking? People who have committed crimes are sent here because they think Zui Yifeng is not enough to make trouble there. I want to let him continue to come here to cause bigger troubles? "

Lin Caisang said.

Hearing this, Sui Zimo was also silent for a while.

He had also thought about this, but he just didn't have an answer.

"If you have time to wait, let's go to the higher continents and give them some advice. What do you think?" he suggested.

Lin Caisang: "..."

Not at all, will those higher up listen to them?

"Forget it, I won't tell you anymore, I'll just continue to sleep for a while."

She lay down and prepared to sleep for a while. It must be very lively tonight. She had to recharge her batteries and be ready at all times.

"You have a good rest, I'll go to the kitchen and take a look.

Sui Zimo hugged his son and the two went to the kitchen together.

...

On the other side, the guards from the City Lord's Mansion quickly arrived at the Ding family.

Because he was wearing the guard uniform of the City Lord's Mansion, the gatekeeper did not dare to neglect and welcomed the person in directly. He soon saw the head of the Ding family, and coincidentally, Mrs. Ding was also there.

"What?"

Ding Zhuzui heard what the guard said and knew that Ding Laoliu went to make trouble in front of Lin's house. He was really angry.

"How could this person act like a shrew in the market?" He said angrily.

Not only did the Ding family lose their face, but even the man's dignity fell to the ground. He simply didn't dare to think that such a person actually existed in the Ding family.

"He is really capable. Since when have the things of my Ding family become something he can give and ask for?" Mrs. Ding was also very angry, and she slapped the table with her palms, making a loud noise.

She came here today to discuss how to deal with Ding Laoliu. Who knew that before they could discuss anything, Ding Laoliu himself began to seek death.

"Mom, what should we do now? Can we go there together?" Ding Zhuzui asked.

When Ding Laoliu does such a thing, they must go there and express their opinions, otherwise, this will become something that the Ding family does.

"No need."

Mrs. Ding raised her hand and denied his words.

She really didn't have the nerve to go and take a look. She didn't need to think about it to know what Ding Laoliu looked like now.

Raising her eyes, she looked at her son.

"Go and call the steward next to you, ask him to go there with the guards, and tell Ding Laoliu that from now on, he, Ding Laoliu, is no longer a member of my Ding family. The Ding family has officially expelled him from Ding. Genealogy."

she spoke.

"ah?"

Ding Zhuzui was stunned when he heard this.

"Mom, this expulsion from the family tree is a big deal. It needs to be discussed with the clan elders, right? Besides, after all, he is the sixth uncle and dad's brother."

Even he, the head of the family, cannot make such a big decision easily, right?

Chapter 3240 Determined to seek death

Isn't it too hasty to just settle it with just one sentence? He looked at his mother hesitantly and asked softly.

However, Mrs. Ding smiled faintly and looked at him sideways.

"Do you think that if the clan elders knew what Ding Laoliu had done, it would be as simple as expelling them from the family tree?"

Don't be kidding. If Ding Laoliu does something like that, will the clan elders let him go? I'm afraid it will bring death to Ding Laoliu's whole family.

Although Ding Rong and Ding Xu didn't say much when they came, how could she not know that Ding Laoliu now really dares to do anything.

In fact, I am afraid that he is already confronting the City Lord's Mansion.

"Well."

Ding Zhuzui choked at his mother's words.

Yes, if the things Ding Laoliu had done were done by the clan elders, there would only be one ending.

How could he be expelled from the family tree so easily?

"How about we wait for the elders to come and then deal with him?" he suggested.

"No need, let those outside deal with Ding Laoliu's affairs. We, the Ding family, have nothing to do with it." Mrs. Ding shook her head and said.

Ding Laoliu was determined to seek death, so naturally she would not stop him.

"Zhu Zui, as the head of the family, why can you be so indecisive? Ding Laoliu wants to get several medicinal materials at all costs. Do you think he is just doing it for himself?"

"this....."

Ding Zhuzui was naturally aware of this matter.

But he didn't understand why Ding Laoliu did this, for money or power?

But the Ding family is an in-law of the City Lord's Mansion. When he worked outside in the past, he never did it in the name of the City Lord's Mansion. What else could he be dissatisfied with?

"Mother....."

"Although I don't know who Ding Laoliu is relying on outside, that person is definitely not a good person. You can tell it by listening to what Rong'er and Xu'er said.

Moreover, this matter should have a great relationship with the City Lord's Mansion, otherwise, Rong'er would not remind you not to interfere in these matters. "

Mrs. Ding interrupted what Ding Zhuzui wanted to say and spoke to him in a deep voice.

"It doesn't matter if he seeks his own death, but he must not harm other members of the Ding family. Also, if you have nothing to do these days, you will also conduct a thorough investigation of the Ding family. Although we can't help much, we can't help our own family either. It's just adding to the chaos."

"Yes, I understand." Ding Zhuzui responded.

...

On that side, in front of Lin's house.

Ding Laoliu really went to the point of shamelessness and refused to leave at the door of Lin's house.

Regardless of how disgusted and disgusting the other people looked at him, he would not give up until he achieved his goal.

"Lin Baizhong, I tell you, hand over those medicinal materials quickly, otherwise, the head of this family will make you lose face starting today!"

He sat on the ground, covering his chest, pretending to be seriously injured, and yelled at Lin Baizhong.

All the people: "..."

They really can't see it. Who has lost face?

How could such a person appear in the Ding family? He has lost face, but he doesn't even know it, and he still thinks that he has done a good job and made the other party lose face?

"If I were a member of the Ding family, I would probably find a hole in the ground to hide now, and I would be too embarrassed to see anyone, right?" Someone looked at Ding Laoliu's appearance, and murmured in a low voice with a feeling of coldness in his heart.
