Chapter 3241 Doing bad things

This is simply not something a human being can do. How could the Ding family have such a shameless fool?

"It's not just the Ding family. The wife of the city lord has been completely disgraced by him. If you ask me, dragging such a person away and giving him a beating, beating him until he can't get out of bed for ten and a half months, is not enough to satisfy his hatred!"

Another man spoke to the previous speaker.

"Fortunately, it's just a side story. Even if it's embarrassing, it won't involve too much, otherwise it would be really..."

All the people were shaking their heads. They were really speechless about Ding Laoliu's actions.

"This Ding Laoliu is simply..."

The old man too, seeing Ding Laoliu's behavior, really wanted to rush out and beat him up.

But this time they returned to Sky City in secret. They couldn't expose their identities now, so they had to endure it, but they really couldn't bear it.

"Thanks to Commander Lin's arrogance, if it were me, I would have beaten him to death directly."

The woman also shook her head, unable to explain. If this was her family, she would definitely not forgive him lightly. However, she thought of another thing and looked at the old man next to her with confusion.

"It's really strange. Why did Ding Laoliu do such a shameful thing just for a few medicinal herbs? Could it be that those medicinal herbs have some special purpose?"

"maybe.

The old man nodded, thinking that should be the case.

I just don't know what the use of those medicinal materials is, but although I don't know what they will be, Ding Laoliu is so lively and lively that he definitely doesn't need any medicinal materials.

"This Ding Laoliu has evil intentions. Maybe he wants to use these medicinal materials to do evil things?" he guessed.

Hearing this, the woman's eyes darkened.

If Ding Laoliu really wanted to do something evil, then they would never let him off lightly.

Thinking about it, these people who came back to Sky City did not simply go back to their hometown to take a look. They had big things to do. Could it be that there is any connection between them?

"I hope other members of the Ding family will not be involved," she said.

In the corner, Zui Yifeng's subordinates looked at Ding Laoliu like this and really wanted to shoot an arrow and kill him directly.

He had never seen anyone so embarrassed, and he only made the matter worse.

This Ding Laoliu will not be willing to involve his master and the true purpose of those medicinal herbs, right?

If the master hadn't told him that Ding Laoliu couldn't die now, he would definitely...

"Huh, how could the master find such a fool to do things for him? This is really..."

All good things were ruined by him. If Sui Zimo and Lin Caisang knew about it, they would definitely doubt Ding Laoliu, and even more doubt the purpose of those medicinal materials.

Even if it was like the master's previous guess, the two people who didn't know the prescription before would definitely have doubts now, and they would certainly not hand over those medicinal ingredients again.

"Ding Laoliu!"

He gritted his teeth bitterly and looked at Ding Laoliu sitting there like a fool.

But Lin Baizhong and Liu Yuyang stood up straight, looking down at him as if they were looking at a monkey.

Couldn't he feel that Lin Baizhong and his wife were treating him like a monkey? In this way, he can still sit like this, just like a three-year-old child...

Chapter 3242 Give it to Lin Baizhong!

"No, I have to inform the master that Ding Laoliu cannot be kept here.

He bit his lower lip and took a deep breath. He felt that Ding Laoliu really couldn't keep him anymore. He was a living target and could be caught at any time and expose his master.

However, now he can't leave and has to keep an eye on Ding Laoliu.

If Lin Baizhong really arrests Ding Laoliu, he will be able to save people at that time. Even if he is injured, it is better to let Ding Laoliu be arrested.

He raised his hand bitterly and knocked on the wall beside him.

...

A while passed.

Ding Laoliu never got any response from Lin Baizhong and Liu Yuyang, so he could only sing a one-man show there.

Finally, the guards who were sent to the Ding family came back, bringing with them the stewards of the Ding family.

"Sixth Master, what are you..."

When the manager saw Ding Laoliu sitting on the ground, he couldn't bear to look directly at him.

What should he say to such a person? He thought to himself, it's a good thing the head of the house and the old lady didn't come over, otherwise, the Ding family's face would really be lost.

"Tsk, do you still know how to come here?"

Ding Laoliu thought that Ding Zhuzui had sent his steward here to seek justice for him. He felt excited and gave instructions to the steward.

"Now that you are here, why not hurry up and ask Lin Baizhong to hand over all the medicinal materials that belong to my master, so that you can go and explain to your master."

Manager: "..."

Now Ding Rong and Ding Xu are both in the hands of Lin Caisang, that is, in the hands of Lin Baizhong.

Would the head of the family offend Lin Baizhong, who held his own son alive and dead, for Ding Laoliu alone? What are you thinking about?

"Sixth Master, what medicinal materials are you talking about? I don't know anything. How come your medicinal materials are at Commander Lin's house? Are you still awake?"

He asked Ding Laoliu angrily.

No matter what, the sixth master in front of me has been expelled from the family tree by Mrs. Ding, so he is no longer a member of the Ding family.

What else does he have to be afraid of?

"Why aren't you at the Lin family? Don't think that the head of the family doesn't know that Ding Zhuzui gave those medicinal herbs to Lin Baizhong!" Ding Laoliu jumped up from the ground when he heard the steward's words.

Don't think that he doesn't know anything. All those medicinal materials went into the pocket of Lin Baizhong's daughter, Lin Caisang.

Not only did he lose the good things his master should give him, but he was also scolded. How could he swallow this and walk away? He had to ask for it back.

"What medicinal materials are Master Six talking about?" the manager asked.

"It's the ones from the Ding family that Ding Zhuzui gave to Ding Rong and Ding Xu!" Ding Laoliu yelled at the steward.

"Since it was given to the eldest lady and Master Xu, why did you come to ask Commander Lin for it again, Master Six? Master Six, you must have drunk too much and you can't even tell people apart, right?"

The person in charge immediately took over his words.

"That's right, the head of the Ding family gave it to his son and daughter. What does it have to do with him?"

"Master Ding Liu, I'm afraid he is stupid. He actually wants to compare himself with the Ding family's biological children. Can even the Ding family's sixth uncle have his own son and daughter to kiss?"

"This is really funny. I have never seen anyone like this."

"I thought it was the head of the Ding family who gave the medicinal materials to Commander Lin, but it turned out that they were given to his son and daughter."

Chapter 3243 It has nothing to do with the Ding family!

"It's all like this. He still has the face to come to ask for help. Who is he! He doesn't have any medicinal materials in his hand, so why should he give it to him? It's really shameless. I think he just comes to the door to fight the autumn wind, right?"

The people looked at Ding Laoliu and started talking one after another.

"What do you know? Ding Rong and Ding Xu are the Lin family now. The things are in Lin Baizhong's hands. The head of the family came to ask for it from him. What's wrong?"

Ding Laoliu couldn't hear what the people said and yelled at them.

"Then Ding Rong and Ding Xu eat and drink from the Lin family, why can't they allow the Lin family to take some things away? Master Ding Liu, it's okay for you to be stingy, but don't ruin the reputation of the Ding family. !"

A man said loudly to Ding Laoliu.

"Is it possible that, Mr. Ding Liu, your descendants can still be raised by other people for free?"

Hearing his words, the people around him laughed. They looked at Ding Laoliu as if his woman had put many brightly colored hats on him.

"you--"

Ding Laoliu was so angry that he took a step back without being able to stand still.

These despicable people really don't take him seriously, they dare to say anything to him!

Just wait, after he has finished taking care of Lin Baizhong's family and obtained the medicinal materials, he will have plenty of time to deal with these unsightly things.

"Just wait, the Ding family won't let it go..."

"Sixth Master."

Before he could finish speaking, the steward spoke to him again.

"What's up?"

Ding Laoliu looked at the steward impatiently.

Before, he thought that this person was sent by Ding Zhuzui to help him, but he didn't know that this person was here to mess with him. Naturally, his attitude suddenly changed.

"Sixth Master, following the orders of the old lady and the head of the family, let me tell you that starting today, you will be expelled from the Ding family tree. Whatever you do outside in the future will have nothing to do with the Ding family!"

"What?!"

Hearing the steward's words, Ding Laoliu's eyes widened and he looked at him in disbelief.

He didn't believe that Mrs. Ding, that old bitch, dared to treat him like that. He was a member of the Ding family. If he hadn't been unwilling before, he would have become the elder of the Ding family.

That old immortal woman actually dared to expel him from the family tree?

"What nonsense are you talking about? My family leader is Ding Zhuzui's sixth uncle. Where did he get the courage to expel my family leader from the family tree? He is so presumptuous! My family leader should ask him who he borrowed the courage from. he....."

"Sixth Master, please don't do anything else in the name of the Ding family and the city lord's wife in the future. Neither the city lord's wife nor the Ding family will recognize those things."

The person in charge didn't care what kind of bad words Ding Laoliu said, so he continued to speak to him.

Of course, he didn't say these words just for Ding Laoliu to listen. The main reason was that he wanted the people around him to hear that Ding Laoliu would have nothing to do with the Ding family in the future.

This is also what the old lady ordered. Only after he has done it can he explain it to the old lady.

Moreover, not to mention the old lady and the head of the family, he, after seeing Ding Laoliu's appearance just now, wanted to cover his face and pretend that he didn't recognize this person.

"He...he...he dares..."

Ding Laoliu puffed out his cheeks and couldn't say a word.

He knew that Ding Zhuzui might not dare, but Mrs. Ding did. There was nothing in the Ding family that she did not dare to do.

Chapter 3244 Nothing is impossible

Moreover, all the clan elders also listened to her. As long as she said something, he would be expelled from the Ding family tree. That was a certainty that could not be changed.

However, how could he be willing to do so? Even if he was expelled from the family tree, he still wanted to get these medicinal herbs.

"Lin Baizhong, hand over those medicinal herbs to my family master. They belong to my family master! If you dare to take my family master's things, be careful that my family master will let you take it with your life, but not enjoy it with your life!"

With madness in his eyes that he couldn't hide, he looked at Lin Baizhong and yelled at him.

"you--"

When the manager heard what he said, he was really angry and laughed.

He couldn't understand. It was clearly Mrs. Ding who asked for the medicinal materials for Mr. Ding Xu, so how could it become Ding Laoliu's?

Could it be that whatever Ding Laoliu likes must belong to him, even if it is in the hands of others, it must be delivered to him respectfully?

How can there be such a truth in this world?

"Sixth Master, those medicinal herbs were never yours, right? They were obtained by our old mistress of the Ding family, who went through a lot of trouble to treat Young Master Ding Xu's illness."

He said sharply to Ding Laoliu.

"Now Commander Lin's daughter has cured Young Master Ding Xu's illness. Not to mention that the old lady gave those medicinal herbs to Young Master Ding Xu. Even if they were really given to the Lin

family, they are what the Lin family deserves. What do you think? Why do you think those herbs are yours?"

"Obviously it was the head of the family who went to ask for it from that dead old woman first. Why didn't she give it to me, but gave it to Ding Xu, those beasts who should have died long ago?"

Ding Laoliu yelled at the manager, there was nothing he couldn't bear now.

That damn old woman from the Ding family, if he had known that something like this would happen today, he would have poisoned her to death a few years ago.

"you--"

After hearing his words, the steward opened his mouth, but no words came out.

Is this person crazy? How dare you scold the old lady? It seems that the old lady's decision is really the most accurate. Keeping this person in the Ding family will lead the Ding family to the road of destruction.

After a long while, he found his words, looked at Ding Laoliu and sneered.

"That's a good point. Ming has already snatched it. As long as it's something you want, do you have to tell others to give it to you? Mr. Liu, who do you think you are, the ruler of Qianhuan Continent?"

Even if you are the master, you can't just rob other people's things, right? What's more, you are nothing, just a side branch who relies on the Ding family to survive in Sky City.

Oh, by the way, it was a side branch before, but no longer. "

"you....."

Ding Laoliu was so angry that he raised his hand and wanted to beat the manager to death with one palm.

"You bitch slave, my master will beat you to death... ugh!"

As soon as he took action, unexpectedly, before the spiritual power hit the person in charge, he was swept away by another spiritual power. He fell to the other side of the crowd and landed heavily on the ground.

"It's really nothing to look for."

Lin Baizhong flicked his sleeves and looked coldly at the direction where Ding Laoliu was beaten out.

Originally, Ding Laoliu was allowed to cause trouble, just to see if anyone could bear it and come out to get Ding Laoliu away.

How could I know that no one came?

Then why does he keep this person in front of his house? Although he wouldn't be beaten to death at this time, he couldn't let him live too well.

Chapter 3245: Not enough success, more than enough failure

With that palm just now, even if Ding Laoliu didn't die, he would still have to lie in bed for ten days and a half, just like what the people who were watching before said.

After Ding Laoliu was knocked unconscious, the steward sent by the Ding family left. Seeing that there was no excitement to watch, the people who were watching naturally left too, leaving no one behind.

Several servants brought by Ding Laoliu looked at me and I looked at you. Finally, they had to help Ding Laoliu up and drag him away.

However, when the servant dragged Ding Laoliu around a corner, he saw a man standing in front of them, blocking their way.

"You...what are you going to do?"

The servants were extremely frightened, fearing that Lin Baizhong did not dare to do anything to their master in front of the people, but would do it secretly.

When they saw the man, their hands holding Ding Laoliu were trembling.

The next moment, Ding Laoliu, who was not supported, fell directly to the ground, splashing dust all over the ground.

"Ding Laoliu stays, the rest of you, get out!"

The person who came was Zui Yifeng's subordinate. He looked at the trembling servants and sneered.

Such a person, with such a bunch of useless things under his command, I really don't know how his master took a fancy to him and asked him to do things for his master.

By his side, even a random person would be better than the clueless Ding Laoliu.

When several servants heard what he said, they dared to stay. They threw their master away and fled in all directions.

Zui Yifeng's subordinate slowly walked up to Ding Laoliu, raised his foot, and kicked him hard until Ding Laoliu rolled on the ground several times before he stopped.

"idiot!"

He really didn't want to take such a stupid person back.

But to the master, this person is still useful, and he cannot just let the servants get rid of him.

He could be sure that when Ding Laoliu returned to his home, the only thing waiting for him would be Lin Baizhong's revenge. The Lin family did not seem like people who would let him be wronged.

Thinking about it, he picked up Ding Laoliu and dragged him away.

...

"What's going on? Why did you bring him here?"

When Zui Yifeng saw Ding Laoliu being thrown to the ground, he was completely confused.

This Ding Laoliu, didn't he ask him to check the medicinal materials? He also asked him to stay peacefully in the Ding family and stop going out to cause trouble.

Why is it like this now?

"Replying to the master, this man went to the door of Lin's house and made a big fuss. He asked Lin Baizhong for those medicinal materials, which made the whole city aware of it."

The subordinate gritted his teeth, looked at Ding Laoliu who was still unconscious on the ground, and said.

"What?!"

Zui Yifeng was surprised.

Looking at Ding Laoliu, he looked as if he wanted to eat him alive.

"Not only that, he also asked Ding Zhuzui and Mrs. Ding to use this as an excuse to expel him from the Ding family tree. From now on, Ding Laoliu will have nothing to do with the Ding family."

The subordinate continued.

"he....."

Zui Yifeng had a bad breath stuck in his throat and almost spit out a mouthful of old blood.

"A guy who doesn't succeed enough and fails a lot, is simply... useless!"

Staring at Ding Laoliu hatefully, he wished he could crush him to death with one kick, but he knew that it was not the time to let Ding Laoliu die yet.

"Wake him up," he ordered.

"Yes, Master."

Following the order, the subordinate immediately took the tea cup from the side and poured the tea in it directly on Ding Laoliu's face.

Chapter 3246 Don't die

"Uh...ah!"

The tea was boiling hot, and Ding Laoliu screamed when he was burned.

"Who, who dares to pour hot water on... uh, master."

He wanted to question, but before he finished speaking, he saw Zui Yifeng looking down at him.

The curse words stuck in his throat all of a sudden, and he couldn't curse anymore. Moreover, with a trace of guilt in his eyes, he didn't dare to look at Zui Yifeng.

"You idiot, who asked you to go to the door of Lin's house to cause trouble? You've got a lot of patience!" Zui Yifeng saw that he was drunk and raised his foot, so she stepped on his face.

"hiss!"

Ding Laoliu gasped, and his whole body began to twitch in pain.

He had been splashed with scalding hot water just now, and now his face was burning and painful. Now that he was stepped on like this again, he felt like he was about to die.

"Master, please forgive me, I... I just want to... get those medicinal materials back. I have no other ideas."

For the sake of those medicinal materials, it was easy for him. He risked his own face and even caused himself to be expelled from the Ding family tree. As a result, when he came to the master, would he still be blamed?

"Do you want to get the medicinal materials back?"

Zui Yifeng's brows were furrowed tightly, and his feet became harder and harder, wishing he could crush the person.

"I still want to get my things back, do you think it's just you?"

However, can he get those medicinal materials back if he wants to? How could the things in Lin Caisang's pocket be taken back so easily?

If it were really that easy, he wouldn't have to rack his brains to capture Lin Caisang, he could just grab the fragments of the corpse-suppressing talisman, right?

"You idiot, you don't have to think about what you do? Do you think they will hand over the medicinal materials after you make such a fuss?"

Even if he had guessed wrong before, and Lin Caisang and the others just happened to get those few herbs, they might have come to their senses after Ding Laoliu made such a fuss.

If it was really because of Ding Laoliu that he alerted the enemy, he would definitely not be able to spare this fool!

"Ah...uh! Little one..."

Ding Laoliu was stepped on hard and wanted to scream in pain, but he didn't dare and could only endure it.

"If I hadn't seen that you were still of some use, I would have killed you idiot right now!"

Zui Yifeng raised his foot and kicked Ding Laoliu out of his study room, and then gave instructions to his subordinates.

"Send someone to heal his injuries before he dies."

"Yes, Master."

The subordinate took the order, turned around and went out.

He cast his disdainful eyes on Ding Laoliu, who was knocked unconscious again, and then called someone to drag Ding Laoliu away.

...

The Lin family, Lu Tianlan and the city lord's wife quickly received the news.

At night, Lu Tianlan came over, and with him was the old man who had been watching the theater in front of Lin's house.

"This Ding Laoliu is deeply involved with Zui Yifeng." Lu Tianlan said to them with a serious face.

"That's it. Zui Yifeng hasn't killed Ding Laoliu yet. It shows that Ding Laoliu can't die yet." Lin Baizhong also had a sullen face and kept tapping on the table with one hand.

"It seems that the previous guess is correct. Ding Laoliu's side must be the mother body of the poisonous corpse and the son of the evil devil."

"What does this Zui Yifeng want to do?"

Chapter 3247 Just catch them all in one go

The old man had heard Lu Tianlan talk about Zui Yifeng before, and several old men also gasped frequently about the mother body of the devil's son.

If those things were really born, the Qianhuan Continent would be completely destroyed.

"If Qianhuan Continent is in chaos, what good will it do to him?"

"That's a lunatic!"

Lin Caisang also came over, but he was sitting on a half-reclined chair.

"Zimo, you have to follow Ding Laoliu in the next time. He may be the only one who knows the whereabouts of those poisonous things."

She looked at Sui Zimo and said.

"Don't worry, I will keep an eye on him."

Sui Zimo nodded towards his wife to express his understanding.

If Zui Yifeng knew the whereabouts of the mother bodies and poisonous corpses of the sons of evil spirits, there would be no need to keep an uneasy guy like Ding Laoliu around.

It can be seen that he does not know the whereabouts of those things.

"I can't help but be curious. Do you think Zui Yifeng is stupid enough to not have something as important as the mother body of the devil's son in his own hands?"

Lin Caisang smiled and asked them.

"How dare he?"

The old man curled his lips and said angrily.

The mother body of the evil child is not a good thing. It is better to have no temper. If it is evil, it will kill people.

"According to what you said, he doesn't have the corpse-suppressing talisman in his hand, and he can't control the large number of demon children's bodies, so he can only separate them and give them to different people to take care of.

Moreover, the mother body of this evil son is different from ordinary people, that is, when it smells the breath of its own kind, it will want to live in groups.

If all the mothers of these evil devil children escaped...then he would have suffered a big loss. "

"The Great Elder knows so much." Lin Caisang said with a smile.

"Nowhere, I've only seen these things in the library of the City Lord's Mansion." The great elder smiled and waved his hand.

"Because they were too evil, they were all put in the forbidden library. When I was cleaning up the forbidden library, I accidentally took a look at them. I didn't expect that someone would actually dare to do such evil things."

It was a coincidence that a disciple accidentally knocked over the tea cup on top of the book, which led him to see the record about the devil's son.

"I don't know how the Zi Yan Kingdom is doing?" Lu Tianlan said quietly.

Not only here, but also in the Zi Yan Kingdom. I don't know if the Zui family really has the mother body and poisonous corpse of the son of the evil spirit.

"I hope there won't be one over there." Lin Baizhong took a deep breath and said.

But he knew very well that his hope was unlikely to be realized.

"Whether there are any or not, just catch them all." Lin Caisang said to them.

Hearing this, everyone in the room focused their attention on Lin Caisang.

"Mrs. Sui, what are you going to do with the mother bodies of the children of evil spirits?" the great elder asked.

This thing is not an ordinary thing. It is very difficult to destroy. What's more, the mother body of the Devil's Son in their hands now is not one, but a pile.

When he mentioned this, he felt angry. What were the people on the higher continent thinking?

People who have committed crimes should just be put to death. Why do they have to be exiled to their Qianhuan Continent? Now that they are fine, it is really... to come up with such a vicious thing...

Chapter 3248 Why does your face look so bad?

It would be easy for them to kill Zui Yifeng, but the mother bodies of those evil sons were really difficult to kill.

"Then what should we do next, continue to hide and seek with Zui Yifeng?" the great elder asked.

He is not a very patient person. He clearly knows that there is such a mastermind behind it and even knows where it is hidden, so why do he still allow this person to do evil?

It would be best to capture this person immediately. Although beating him to death with one palm would be an advantage, it would also eliminate a major problem for Qianhuan Continent.

"They should be back soon after being banished, right?"

Lin Caisang looked at Sui Zimo and asked, and several others also looked at him.

Although finding medicinal materials does not happen overnight, it has been a month and I have found all the medicinal materials that I should look for. The remaining ones can be found slowly.

"Soon."

Sui Zimo nodded.

"correct!"

Suddenly, the great elder suddenly slapped the table as if he thought of something.

"I almost forgot, aren't you looking for medicinal materials? I took a look at the prescription in the hand of the city lord before. There are two medicinal materials in it. I happen to have some medicinal materials over there. I have sent someone to get them. They will be available soon. coming."

Although he had gone through a lot of hard work to find those two herbs, no matter how many people came to ask for them, he was not willing to give even a cent.

But Sui Zimo was different. He was the young city lord of Sky City, and he was very good at cultivation at a young age. He would definitely be able to surpass the city lord Lu Tianlan.

He took out the two herbs in his hand to detoxify the young city lord without any reluctance.

"Thank you very much, Great Elder."

Sui Zimo thanked the great elder.

"You're welcome, you're welcome." The great elder smiled.

"It's not too late, why don't we attack directly?" Lin Baizhong suggested.

Although it is not possible to kill Zui Yifeng directly, it can make Zui Yifeng go crazy, make Zui Yifeng unable to hold back, and expose his shortcomings.

"Dad, father-in-law, please send someone to tell people outside that we are looking for the ingredients for a prescription. As for the prescription, it is okay to leak it."

Suizi Mo said.

"good."

Lu Tianlan and Lin Baizhong responded at the same time.

It just so happens that we can also confirm whether that prescription can detoxify.

If it is really possible, then Zui Yifeng will definitely be anxious, and maybe he will jump over the wall and do something.

...

Zi Yanguo, in the harem.

The head of the Zui family came over early the next morning with his wife Zui. After waiting at the palace gate for a long time, the maid sent by Queen Zui Yiming took him in.

"I am here to meet you, the Queen."

When the head of the Zui family saw Zui Yiming, he immediately saluted her.

"See the Queen."

Mrs. Zui had a look of reluctance on her face, but she had to pay her respects to Zui Yiming.

In my heart, I have scolded Zui Yiming thousands of times. She, a daughter, Zui Yiming, actually asked her parents to kneel down and say hello to her. What kind of truth is this?

What kind of peace of mind do you have? This is simply treason!

How can such a person be worthy of being the Queen? Only her Chun'er is the best and can sit on the throne of the Queen.

"Why does mother look so bad?"

Zui Yiming didn't say anything as the two of them got up. They just looked at Mrs. Zui's extremely ugly expression and spoke quietly.

Chapter 3249 You...you hit me?

"Father, look at how bad my mother looks. Is she sick? How could you let her come into the palace with you? She's not in good health, so she should rest at home.

"Well!"

The head of the Zui family choked at her words.

Turning his head, out of sight of Zui Yiming, he glared at his wife fiercely.

If his plan to save Chun'er is ruined, he will never make this woman look good. He really fails to accomplish anything but fails more often than not!

Mrs. Zui was glared at by her husband, her heart thumped, and she secretly screamed something bad.

He raised his head and looked into Zui Yiming's eyes. It was more like quenching poison, and he wished he could poison Zui Yiming to death.

Why is this woman so troubled? She looks bad. Isn't it because she is worried about Chun'er? Chun'er is alone in the Quan Palace and doesn't know what's going on.

"The Queen has misunderstood. I'm just worried about Chun'er's current situation in the palace, so I didn't sleep well last night."

She put everything on Zui Yiming. It was just the beginning that she could draw out her daughter who was suffering, so that Zui Yiming had to let her go.

"What does mother mean, is there someone in the palace who will abuse fifth sister?" Zui Yiming asked, raising an eyebrow.

"Who can say for sure? Maybe..."

Mrs. Zui wanted to say that maybe Zui Yiming deliberately wanted to make things worse for her daughter.

Zui Yiming was afraid that her daughter would be favored by the emperor in the future and make her lose the throne of the queen. Therefore, she would definitely not treat her Chun'er well. She might have suffered just this night. It's over.

"you shut up!"

But the words she didn't finish were swallowed into her stomach amidst the sharp shouts of the Zui family master.

"Queen, don't listen to this woman's nonsense. How can Chun'er be wronged in the palace?"

He quickly spoke to Zui Yiming to round out his words.

No matter how much Zui Yichuan suffered in the palace, it was still the emperor's order. As ministers, how could they say it was not the emperor's?

Originally, the Zui family was only looking at Zui Yiming's face, and that's why they got where they are today. If they really offended Zui Yiming, who is currently being favored, then the emperor would most likely not be interested in Zui Yiming's face. ah.

When the time comes, how about having a drunk family?

"Um."

Zui Yiming nodded.

"Father is right. When Chun'er enters the Quan Palace, it is the emperor's decree. Even I, the palace, cannot imagine that Chun'er will be able to see her."

She pointedly said to the two of them.

"Well."

Mrs. Zui choked at her words.

How is it possible that Zui Yiming can't see Chun'er? This must be a lie to excuse them.

However, what was annoying was that she knew clearly that what Zui Yiming said was a lie, but she couldn't stop him. This was able to suffocate her to death.

"The Queen..."

"However, today I know that my mother is coming, so I begged the emperor for mercy early in the morning..."

"real?"

Mrs. Zui's eyes lit up when she heard her words.

"Ming'er, has the Emperor agreed to your taking Chun'er over? That's great... ah!"

Before she could finish her words, she was slapped hard by the Zui Patriarch on the side. She looked at her husband in disbelief.

"You...you hit me?"

The drunk lady covered her burning face and asked him.

"Shut up, my master!"

Chapter 3250 Completely redundant

The master of the Zui family was extremely angry and shouted angrily at Mrs. Zui.

At this moment, he really had a headache. If he had known that this woman was so stupid and dared to say anything, he should not have brought her into the palace.

Now in front of Zui Yiming, people can say such bastard words. I don't know what they said outside before. It's no wonder that the emperor issued an order and threw Zui Yiming into the Quan Palace. .

These two women are really equally stupid and equally capable of seeking death.

"Empress, please don't listen to this woman's nonsense. It's enough if you can take Chun'er out of the palace. Chun'er will never dare to live in the Queen's palace."

He immediately turned to look at Zui Yiming, his eyes extremely serious, and assured her.

The position in the middle palace can be taken slowly. Chun'er is still young anyway, so they have plenty of time to make plans.

The most important thing is the current level, they have to rescue Zui Yi Chun first.

"What did father say?"

Zui Yiming looked at the couple in front of him and just smiled.

"Let the fifth sister enter Quan Palace. That is the emperor's personal decree. If the emperor's decree was issued yesterday and changed today, wouldn't the court become child's play?"

Do they really dare to think that the emperor's imperial edict can be issued as he wishes and accepted as he wishes?

"Uh, this..."

The head of the Zui family choked at her words, with a look of embarrassment on his face.

"Then what do you mean?"

When Madam Zui heard her words, she couldn't help but stepped forward and asked.

Does her daughter still have to suffer in Quan Palace? Even the emperor can't be ruthless now. He just threw Chun'er into Quan Palace. She was the daughter of their Zui family.

What's more, Chun'er didn't do anything wrong. She didn't do anything at all.

"Is mother questioning me?" Zui Yiming looked at Madam Zui with a smile in her eyes and asked.

"I....."

Madam Zui wanted to say yes, but as Zui Yiming's mother, couldn't she question her?

But under the gloomy gaze of the Zui family leader, she swallowed back all her words and couldn't say a word.

She knew that if she said this, Chun'er would not be saved, and even she would no longer be the wife of the Zui family. You know, she was not the only woman around the Zui family master.

"That's not what I meant. Forgive me, Queen. I'm just too worried about Chun'er." She said angrily.

"It's good that mother didn't mean it." Zui Yiming nodded and looked at Mrs. Zui.

"I have informed the emperor before, and the emperor has allowed my mother to go to Quan Palace to visit Chun'er. Can my mother go?" she asked.

On her side, the only person she needs is Master Zui, and Mrs. Zui is completely redundant. It is better to send her away and let her see what kind of suffering Zui Yichuan is suffering.

"real?"

Hearing that Zui Yiwan could be seen, Mrs. Zui became energetic again.

"Then I'll go now, Ming'er... Queen, please send someone to take me there quickly."

"Mom, go out to find Xiang'er. She will take you there." Zui Yiming said.

"well."

Mrs. Zui responded repeatedly and left impatiently, without even saying hello to the master of the Zui family.

This made Master Zui so angry that he really wanted to rush over again and slap this blind woman.

"Father, mother went to visit Chun'er and won't be back soon. Father, please sit down." Zui Yiming looked at the head of the Zui family and said to him.
