

Star of Space 3251

Chapter 3251 It's intentional!

"Yes, thank you, Queen Mother.

The head of the Zui family thanked him and found a chair to sit down. Soon, a palace maid came in with tea.

...

Quan Palace.

Because no one had lived there for a long time, the Quan Palace was in a mess.

The dust has accumulated to almost a foot thick, and the unpleasant smell can make people faint.

After Zui Yi Chun was thrown into the Quan Palace, no palace maid came to clean the Quan Palace. It can be said that Zui Yi Chun was left to fend for himself here.

At this moment, Zui Yichun was completely different from when he was just thrown in.

As the most favored daughter in the Zui family, she had never lived such a life and been to such a disgusting place. This was completely unacceptable to her.

Therefore, she did not clean a room, nor did she eat a grain of rice. She was already so hungry that she was weak.

"Come on, come on, come on, I want to see the queen, I want to see my parents! You call them me, I want to see them!"

Yesterday, she shouted that she wanted to see the emperor. She believed in her beauty. If the emperor saw her, he would never let her stay in this hellish place.

But from day to night, no one paid attention to her.

This made her know that it was impossible for her to see the emperor, so what she wanted to see now was the queen and her parents.

The emperor didn't see her, but the queen Zui Yiming was always her sister, right?

She has suffered greatly and wronged here. As her sister, Zui Yiming can't just ignore everything, right?

However, what she didn't expect was that even if she met Yi Ming drunk, it would be impossible. She seemed to be the only one in the entire Quan Palace.

If she is really the only one, that's fine, at least she can escape.

But when she wanted to climb over the wall, she was beaten back by the guards who came out of nowhere.

Those hateful guards didn't know how to invite her back properly. They really beat her and kicked her back into the dirty Quan Palace.

It was precisely because of the violence she suffered from the guards that she looked so embarrassed at the moment.

"Damn it, it's so abominable, Zui Yiming did it on purpose!"

Even if she were to be locked up in the Spring Palace, she would have to send a few maids over to take care of her daily life, right?

Like now, just throwing those vegetables into the gate of Quan Palace, are you planning to let her cook by herself? How can she do it?

What's more, what kind of vegetables are those? They are all rotten vegetables with no meat at all. How can she eat them?

This was definitely intentional, it must be that bitch Zui Yiming.

She was afraid that she would compete with her for the queen's favor, so she deliberately added insult to injury and wanted to bully her to death in the Quan Palace.

"No, I can't do what she wants, I have to find a way!"

It doesn't matter if she enters the Quan Palace. As long as she enters the palace, she will be able to see the emperor one day.

At that time, with her beauty, how could she lose to that bitch Zui Yiming? The emperor will definitely abandon Zui Yiming and choose her to be his queen.

"I want to go out, I must go out!"

While muttering, she turned to look at the high courtyard wall.

There were guards guarding yesterday, which means there are guards guarding today too. She could give it a try, maybe she could escape?

"Yes, let's do it like this."

Chapter 3252 Crying so hard that I can't help myself

As soon as he gritted his teeth, Zui Yiwen came to the corner of the wall, spotted a place, and jumped up!

The next moment, a big foot came towards her and kicked her directly into the yard very rudely.

"ah!"

Zui Yichun screamed and rolled several times in the yard before stopping.

"Chun'er!"

This scene happened to be noticed by Mrs. Zui who came in through the gate. She hurriedly ran over and tried to help her daughter up.

And Xiang'er, who came with Mrs. Zui, was shocked when she saw this scene.

She thought that the emperor was venting his anger on the empress and the most he could do was imprison Zui Yichun in the Quan Palace, and that was all. However, she did not expect that less than a day later, Zui Yichun had completely changed his appearance.

"Chun'er, mother, Chun'er, how are you? Get up quickly."

She helped Zui Yi Chun stand up, tears falling down her eyes, and Zui Yi Chun, after seeing her mother, cried so hard that she couldn't help herself.

"Mom, please take me out quickly. I don't want to stay in this place for a day anymore. That bitch Zui Yiming did it on purpose. She...ah!"

She was just about to say that all the suffering she suffered was caused by Zui Yishi, but before she could finish her words, she was slapped in the face by the palace maid who brought Mrs. Zui over.

"You are so impudent that you dare to insult the Queen. Someone, drag her down and beat her twenty times!"

The palace maid ordered behind her. The next moment, three guards came in. Two of them grabbed Zui Yiwan and pushed him down on a bench.

The other guard just held a long board, pointed it at her butt, and started beating her hard.

"Ah! Ah!"

Zui Yi Xuan screamed.

On the side, Mrs. Zui wanted to push the guard away, but he pushed her away and continued to beat her.

Seeing that she could not find favor with the guards, Mrs. Zui pointed the finger at the palace maid and rushed towards her.

"If you dare to hit my daughter, I will tell the Queen and order you to be executed!"

Hearing this, the palace maid just sneered and looked at Mrs. Zui with disdain, as if she was looking at a fool.

"Mrs. Zui can go and talk to the Empress. Just say that Miss Zui Wu was beaten by the slaves because she insulted the Empress. Or if the Empress can't do it, you can also go to the Emperor to file a complaint."

"you--"

The drunken lady had a bad breath stuck in her throat, and she almost died of anger.

How could there be such a person? She knew that she would not get any benefit from the emperor and Zui Yiming, but she still said this.

Isn't this done deliberately to anger her?

On the other side, Zui Yichun continued to be beaten. The pain was so painful that he broke out in cold sweat. He had no strength to even struggle. He lay limply on the bench, and the only sound was screams.

Soon, the twenty-big board was finished. The guard pushed Zui Yiwan to the ground unceremoniously, then left with the bench.

"You...you are simply..."

Mrs. Zui looked at such an arrogant guard and was so angry that her whole body trembled.

But now was not the time for her to argue with these people. She turned around and looked at her dying daughter who was lying on the ground. She rushed over, hugged her into her arms and cried.

"Chun'er, Chun'er, wake up, wake up, are you okay?"

Zui Yiwan: "..."

She was just in too much pain from the beating and didn't want to speak, but it didn't mean that she was really fainted.

Chapter 3253 Do you want to resist the decree?

What's going on with this mother? She's been beaten like this, and yet he even asks her if she's okay. She's in a lot of pain now. Something's really wrong!

"Mom, hurry up... take me out, I don't want to be here anymore, take me out of the palace.

If she had thought before that she could escape, and then the emperor would see her beauty, and then gain his favor.

But now after being beaten, she didn't think about anything. She just wanted to get out of the palace quickly, leave this ghost place, and never come back. Even if she came, she would have to beg Zui Yiming to take her into the palace.

"Okay, okay, mom will take you home, take you home."

Mrs. Zui nodded quickly and was about to support Zui Yishi and take her away, but at this time, the palace maid stood up again.

"Where do Madam Zui want to take Miss Zui Wu? She is someone who has been ordered by the Emperor to stay in the palace, and you also want to take her away? Do you have the Emperor in your eyes?!"

she questioned.

"you--"

The drunk lady's throat tightened and she almost spit out a mouthful of old blood.

Her daughter has been tortured like this, why don't you let her take her away? How do they want to bully Chun'er?

"I don't care about the emperor, I will take Chun'er away!"

"So, Mrs. Zui wants to resist the decree?" the palace maid asked her, raising her eyebrows.

"I....."

"Mrs. Zui, please think carefully. Those who resist the decree will be beheaded. If the circumstances are serious, the whole family may be wiped out. Do you really want to do that?"

Before Mrs. Zui could say anything, the palace maid reminded her again.

Hearing this, Mrs. Zui shook her hand that was holding Zui Yishi, and without paying attention, she threw her daughter to the ground.

Zui Yichun had already been beaten, with wounds all over his buttocks. He suddenly sat down on the ground with a lot of gravel, gritted his teeth and screamed, his eyes as big as bells.

The cold sweat on his body broke out again, and he fell to the ground, unable to exert any more strength.

"Chun'er, Chun'er!"

Upon seeing this, Mrs. Zui hurriedly helped her up again.

It was impossible to leave the palace. In the end, she could only clean out a room, helped Zui Yichuan in, lay down on the dirty bed, and comforted her softly.

The palace maid had already left at this moment, and was standing outside Quan Palace, waiting for Mrs. Zui to come out.

"Mom, I don't want to live here, can you take me out?" Zui Yiwan still said this, how could she stay in this place.

I couldn't stay here when I wasn't injured, and now I'm even more bruised and bruised. How can I still stay here?

The emperor and that bitch Zui Yiming did it on purpose. They wanted her to die here. If she died, how could she become the queen in the future?

Therefore, she had to go home first and recover from her injuries before making other plans.

"Xun'er, it's impossible for you to go out now." Mrs. Zui also wanted to take her daughter away, but how could this be so easy?

"Although you live in Quan Palace, you are still the emperor's woman in name. If mother takes you away now, you are disobeying the decree and will be held accountable. To be more serious, mother and you It's not certain whether dad's life can be saved."

She persuaded her daughter not to go against the emperor.

Although Zui Yichun was thrown into the Quan Palace, after all, it was the emperor's woman who was able to get into the cold palace, wasn't it?

Chapter 3254 How could you be so stupid?

Therefore, Zui Yichun has become the emperor's woman in name only, although it is very likely that she will remain the emperor's woman in name only for the rest of her life.

But people come up with solutions. As long as they can think of a solution, the emperor will definitely be able to see Chun'er's goodness.

"Then do I still want to be here? Look, what kind of place is this? It's too scary." Zui Yichuan also knew the seriousness of the matter, but she really didn't want to stay here.

"Mom, can't you and dad find a way to get me out?" she asked.

"Your father...don't mention him."

Speaking of Master Zui, Mrs. Zui thought of last night.

After hearing that his daughter had been relegated to the cold palace, the man was still interested in finding two maids to wait on her, and today he even beat Zui Yiming in front of her!

Can such a man be trusted? Don't even think about it, her daughter still has to rely on her.

"Xun'er, listen to mother, you still have to rely on yourself. Only if you stay in the palace, will you have the opportunity to see the emperor in the future. If you go outside the palace, you won't even be able to see the emperor's people."

"But I was looked at in Quan Palace, and I can't see the emperor!" Zui Yichun endured the pain and said to Mrs. Zui.

"Why can't I see you?"

Mrs. Zui didn't take it seriously, thinking that the solution was thought up by people.

"Think about it, can Zui Yiming still be favored by the emperor for the rest of his life? If one day the emperor doesn't like Zui Yiming and the two of them have a fight, the emperor will think of you.

In this way, wouldn't you be able to seize the opportunity and be favored by the emperor? "

Zui Yiwan: "..."

Is this her biological mother? How could you be so stupid?

In this way, when will she have to wait until Zui Yiming is really old and wan?

You know, Zui Yiming was raised in the middle palace. She could open her mouth when she got food and stretch out her hands when she got clothes. But she didn't even have anyone to serve her in this spring palace.

You have to do it yourself all the time in order to be able to support yourself.

In a few years, her fingers will become very rough and her skin will not be so white. How could the emperor still be interested in her?

"Mom, you are too naive. What kind of woman does the emperor want? Will he fall in love with me again? Don't even think about it!

And you don't look at the current situation. If I continue to stay here, Zui Yiming will definitely try to bully me. "

"No, she wouldn't dare." Mrs. Zui shook her head and said firmly.

Zui Yiming is not so bold as to bully her daughter, otherwise, she would definitely not be able to spare Zui Yiming!

"Why doesn't she dare?!"

Zui Yichun couldn't help but scream.

"I have been beaten today. I have been beaten. A little palace maid next to Zui Yiming can order someone to beat me. If she hadn't ordered it, would a little palace maid dare to do that?"

After thinking about it, I knew that this must be Zui Yiming's intention, that she wanted her to die.

She was sure that if she were alone in Quan Palace, Zui Yiming would try every means to bully her and torture her.

"Mom, don't be too naive. Zui Yiming is not a good woman. She is cruel!" she reminded.

"this....."

Mrs. Zui was frightened by her words.

Is Zui Yiming really not a good person, or has she discovered something?

Chapter 3255 They will come

Otherwise, Zui Yiming was quite good to them before, but how could he be like this now, beating her Shun'er right away without even giving her a chance to plead for mercy.

"But there is no other way now. But don't worry, Chun'er. Your father is with Zui Yiming now. It depends on whether he can let Zui Yiming let you go. That little bitch Zui Yiming used to It should be okay if you listen to your father."

Hearing this, Zui Yichun secretly rolled his eyes and scolded his mother half to death in his heart.

Before, she said that the man was unreliable and asked her not to mention him. But now it's good that he is protected again and he pointed out that her father can save her?

However, she also hopes that her father can rescue her. She doesn't want to stay in this place for a day anymore.

...

In the middle palace.

After drinking the 'tea' that was served to him, the drunk master gradually became confused.

Zui Yiming didn't waste any time. The first sentence asked him the key point. He asked him directly where the monsters Zui Yifeng asked him to look at were.

The head of the Zui family did not disappoint her and quickly answered her question.

"The drunken family's secret room!"

She knew the secret room of the Zui family. It was a big secret, a place that could accommodate many people.

She really didn't expect that they would hide those terrible things directly in their own home.

You know, if those things really escape, the entire Zui family will be ruined.

Zui Patriarch really dares to do this!

In fact, after asking this question, there was nothing else that needed to be asked. Their previous guesses had been confirmed. Zui Yifeng was indeed the one who wanted to turn Qianhuan Continent upside down.

"Baiping, Mr. Lin, what should we do now?" She looked at her son and Lin Changhong and asked.

"Wait, I have sent a message to Sangsang, they will come over." Lin Changhong said.

They could deal with the poisonous corpses, but they couldn't kill so many mothers of the devil's children, or hide them elsewhere.

Therefore, we can only ask Sangsang to come over. There is no other way.

"Then we'll just have to wait."

Zui Yiming sighed softly. She didn't expect that the Zui family was really so scary, that they would get involved with someone as evil as Zui Yifeng and cause such a thing.

She couldn't help but wonder whether Yin Lüqing and the former emperor also worked for Zui Yifeng through the Zui family leader, and Lu Tianfeng was just a springboard.

If that's the case, then the Zui family is really terrible and must be destroyed directly!

"Ask him something else. There may be more than just this one thing happening to him, and there may be other things." Yin Baiqing suggested, looking at the still confused Master Zui.

"good."

Zui Yiming nodded.

Then, the three people started another interrogation of the Zui family leader.

After a long time, the head of the Zui family came to his senses. Looking at the entire palace, he and Zui Yiming were the only two people. He thought he was dreaming about the questions he vaguely remembered.

I was so scared that I broke into a cold sweat.

He thought to himself, how could he think about such things? If those things were known to Zui Yiming, it would be a big trouble.

"Empress, the matter of Chun'er..."

"It is not appropriate for me to interfere with the matter of Zui Yichun. Father, if you want to take her back, you should ask the emperor to see if he is willing to change his order tomorrow and let the ministers see his joke."

Chapter 3256 Can't say a word

Zui Yiming said rudely to the head of the Zui family.

"Well!"

The head of the Zui family choked at her words.

She has already said this, what else can he think?

Go to the emperor? How is this possible? The emperor is not something he can see whenever he wants. What's more, it was Zui Yichun who said something carelessly that led to this crime. Can he still say that the emperor's punishment was too severe?

If he said this, he would be seeking death. How dare he say it?

"Queen, Ming'er, is there really no other way? Chun'er is your biological sister!" He looked at Zui Yiming in embarrassment and persuaded.

He knew that as long as Zui Yiming said a word in front of the emperor, Zui Yiming would be released.

At most, it would be enough to let him take Zui Yichun home, give him a good education, and then put him in confinement for a few months to show off.

But Zui Yiming refused to accept his words. What could he do?

Could he still give an order to Zui Yiming, telling her to release Zui Yiming? Even if you give him a thousand courages, he won't dare.

"What can I do?"

Zui Yiming said lightly, if she could now, she would kill the whole Zui family directly, would she still save Zui Yichuan?

"Father, the emperor is in the royal study now. You might as well go find him. As for mother, I think she won't come so soon. When she comes back from the fifth sister, I will order someone to take her out of the palace.

she said.

"I....."

The Zui Patriarch had thousands of words to say, but they were all stuck in his throat, and he couldn't say a single word.

It seemed that Zui Yiming's path was not feasible. He had to think of other ways. At worst, he gathered all the ministers and went to the emperor. As long as everyone felt that the emperor had done something wrong, the emperor should also treat Zui Yiming. The water shield was released.

Maybe, under the pressure of the ministers, the emperor will make Zui Yichun his concubine, and then everyone's daughters can be sent to the palace.

He thought beautifully, and suddenly he was no longer entangled.

After bidding farewell to Zui Yiming, he left the palace and went home.

...

On the other side, Mrs. Zui comforted Zui Yixun for a while before turning back. Unexpectedly, when she arrived at the middle palace, she learned that her husband had already left the palace.

She was so angry that she almost scolded Master Zui thousands of times in the palace.

He didn't even wait for her and just left.

Is there anything outside the palace that would make him go back so impatiently? It's not just the few little bitches in his room.

With his charming face, he knows how to seduce the head of the family, but he can't do anything else!

"Empress, you didn't know how to keep your father here. He only came to the palace to see you with great difficulty." She raised her head and looked at Zui Yiming, accusing her.

Did this woman deliberately let the master of the house get drunk and hang out with the women at home?

If this is the case, when she gains power in the palace in the future, she will not be spared, and she must be made to look good.

"What does mother mean by this?"

Zui Yiming's face turned cold and he asked Mrs. Zui.

A woman who can't even control her own man has the nerve to question her? This drunk lady is really quite capable.

Moreover, she is so irritated that even if she gives her a three-point color, she would like to open a dyeing room for herself and try it out, right?

Chapter 3257 Acquired at a high price

"I....."

Madam Zui opened her mouth, naturally she didn't dare to say anything about Zui Yiming.

She had not forgotten that her precious daughter was slapped twenty times just for saying something bad about Zui Yiming. This must have been what Zui Yiming had ordered.

Now if she embarrasses Zui Yiming here, and the head of the family is not here, she might have to fall into Zui Yiming's hands.

"Is mother saying that I don't care about the relationship between father and daughter? Where my father wants to go is his business. Can I, a daughter who is married outside, still be able to control him?"

"No, it's not...I didn't mean that."

Mrs. Zui shook her head repeatedly, fearing that Zui Yiming would really attack her.

"It's just that your father has been...a little confused in recent days, and his eyesight is getting worse and worse. He's surrounded by unknown people, and he hasn't been to your mother's yard for a long time..."

"My mother is getting older, so my father naturally doesn't like her anymore."

Before she could finish speaking, Zui Yiming continued her words rudely. Who wants to face a yellow-faced woman all day long?

Especially this yellow-faced woman, who is very talkative and dares to say anything. Even her own daughter has been taught bad things by her.

Is it strange that the drunken master would like Mrs. Zui?

What's more, the head of the Zui family is not a poor person. He has so much money on hand that he can't spend it all. It is normal for him to find a few young and beautiful women.

What could she blame the head of the Zui family for? After all, it wasn't her own inability to capture a man's heart?

"Mother, you'd better listen to me and be your drunk wife in the Zui family. Don't make any more evil moves. Otherwise, my father will be really angry."

she reminded.

"you--"

The drunk lady was so angry that a bad breath stuck in her throat.

Does anyone talk like this? This is her daughter in name only, and she is actually cursing her mother here!

"The Queen is right, mother knows."

Thinking that her daughter was still in Zui Yiming's hands, she didn't dare to argue with Zui Yiming anymore. After saying yes, she was ready to leave.

She was going to find the head of the Zui family and ask what was going on now.

Can her Chun'er be rescued? She can't be allowed to suffer in the Quan Palace, right?

Although she was persuading Chun'er to stay in the palace with peace of mind, the Quan Palace was really not a place where people should stay. At least it needed a better environment, right?

...

In Sky City, in front of Zui Yifeng, a subordinate hurriedly walked in.

"Master, my subordinates have discovered something."

"What's the matter?"

Zui Yifeng was currently thinking about how to get the corpse-suppressing talisman fragments in Lin Caisang's hand. He really didn't care about the rest.

When he saw his subordinates coming over, he was also absent-minded.

"Master, my subordinates have found out that there are many medicinal materials on the market recently, and they have all been purchased at high prices. Moreover, according to the news from our people in Haibo Kingdom, a few days ago, the master of Haibo Kingdom personally ordered people to go to the forest. Inside, some medicinal materials were collected.

Those medicinal materials were all used in Sui Zimo's antidote to poison. "

The subordinate said to Zui Yifeng.

"What?!"

Hearing this, Zui Yifeng was shocked.

He had always been lucky before, thinking that Lin Caisang was just lucky and got the few herbs from the Ding family by accident.

Now when he heard the news from his subordinates, he secretly screamed something bad.

Chapter 3258 I really underestimate you.

I'm afraid this Lin Caimulberry has really developed the solution.

"But where did this woman get the ability to develop the solution?" He cursed fiercely. Even he himself had to have people develop it for many years before he got the solution.

Lin Caisang was able to develop it so quickly?

He thought of the stupid thing he had done before and gave Lin Caisang one fake prescription after another. He must have obtained the solution through those things, right?

Thinking of this, he felt that his heart, liver, spleen and lungs were burning.

"Damn it, since you don't want to live anymore, what else do I keep you for?"

He thought that as long as Lin Caisang was killed, the things in her hands would be his alone, right? It's impossible to disappear with Lin Caisang, right?

"Go and gather more people. I will make the Lin Mansion completely disappear in Sky City tonight!" He ordered his subordinates.

"Yes, Master."

The subordinate took the order, turned around and went out to prepare.

The Lin family is a tough nut to crack, and it will be difficult to defeat it. He must be fully prepared to do so.

...

It's night in the Lin family.

The backyard was already a fire, burning.

The fire was soaring into the sky, but no one paid attention to it. Everyone was in the front yard. Wherever they looked, there were neat rows of people in black.

In the room, Lin Caisang had already put her treasure into the golden bead space, and she also came out with Sui Zimo and stood in the yard looking at the man in front of her.

"Zui Yifeng? Why are you here again?" she asked.

"I have been wondering how you know my name." Zui Yifeng looked at Lin Caisang and Sui Zimo and said coldly.

At first, he thought that the affairs of his Zui family were leaked, but he did not expect that these people knew his name only by guessing, because they knew the leader of Haibo Kingdom.

Only these people who have friendship with the leader of Haibo Kingdom are enough for him to personally send people to collect medicine in the forest.

Otherwise, if you just go to someone casually, you won't be beaten out by the orcs from Haibo Kingdom.

"Lin Caisang, Sui Zimo, I really underestimate you. You actually know the leader of Haibo Kingdom, and you can even get the medicinal materials there."

Hearing this, Lin Caisang's lips curled up slightly and she looked at him with a smile.

"It's easy to say, it's easy to say. Since you have come to Qianhuan Continent, shouldn't you know more people? Just like you, in Qianhuan Continent, you also know a lot of people from all the families, right?"

she said.

"Ah."

Zui Yifeng smiled coldly.

When he came to Qianhuan Continent, he naturally had to be prepared. Otherwise, when would he be able to go back and kill all those who had bullied him? !

"Since that's the case, I can't keep you anymore. I'll kill you and leave no one alive!"

He ordered to the person behind him.

The next moment, all the men in black behind him rushed towards the Lin family's yard, and the scene suddenly became filled with the sound of fighting.

"Sonny, be careful."

Now that my father-in-law couldn't spare any time, the matter of dealing with Zui Yifeng was naturally left to him alone.

Sui Zimo whispered to his wife, then flew forward and started fighting with Zui Yifeng.

After a while, the two of them were fighting evenly, and no one took advantage. However, Lin Caisang, who had been standing below, frowned.

Chapter 3259 Ruined by Sui Zimo

When did Zui Yifeng become so weak?

Even though her husband was very powerful, she knew that he had already made Zui Yifeng even with him even before he exerted all his strength.

Judging from Zui Yifeng's appearance, he must have used all his strength.

"Zui Yifeng...that's bad...ugh!"

Just when she figured something out, she felt a sharp spiritual energy approaching from behind her. She didn't even have time to dodge before it hit her back.

"puff!"

She paused and a mouthful of blood spurted out from her mouth.

She stumbled, and her whole body fell forward. Fortunately, Sui Zimo, who was fighting with Zui Yifeng, rushed over and supported her, preventing her from falling.

"That person is simply Zui Yifeng, a fake!"

Lin Caisang figured it out. The real Zui Yifeng must still be hiding in the dark.

The person who hit her just now was Zui Yifeng. This person was so insidious that he must have used a pill that could hide his aura.

"I know."

Sui Zi Mo already knew this. How could he not understand the moment he saw his son being beaten?

"You go back to Jinzhu Space, and I'll find him!"

Son'er who dared to hit him, how could he tolerate Zui Yifeng to live anymore? This time, he must not let him go.

"Need not.

Lin Caisang shook his head, not wanting to hide whenever something happened.

And she knew very well that Zui Yifeng's purpose was not to eliminate the Lin family at all, but...

"His target is me. If I disappear, he will definitely withdraw."

Raising her hand, she wiped away the blood on the corner of her mouth. She looked into the dark night, searching the dark night with her eyes. Unfortunately, she really found nothing.

"He's really good at hiding."

"We will definitely find him." Sui Zimo said.

As long as he was by Sang'er's side, Zui Yifeng would not attack Sang'er because doing so would expose his hiding place.

"It must be somewhere behind me." Lin Caisang said.

Just now, Zui Yifeng's spiritual power hit her back directly, so Zui Yifeng couldn't be in front, only in the backyard.

And there was a fire and thick smoke over there, so nothing could be seen at all.

This also allows Zui Yifeng to hide his figure.

"He's not afraid of choking to death on cigarettes," she said.

Sui Zimo: "..."

Those who practice spirituality can all hold their breath. Are they still afraid of being smoked?

"Let's go there together and find him. Leave this place to my father-in-law."

"good."

Lin Caisang responded and went to the backyard with Sui Zimo.

On the other side, there is the highest place in the backyard.

Seeing that the blow missed, Zui Yifeng secretly knocked on the wall next to him.

This Lin Caisang was also a centipede, and could not be killed no matter what. His blow was already full of spiritual power, and it didn't kill her yet, it just made her vomit a mouthful of blood.

And Sui Zimo was able to leave his subordinates and kill them instantly, which was unexpected to him.

That subordinate was the most powerful person around him, and he was usually used to perform the most difficult tasks.

Today, Sui Zimo died.

How could he not be angry?

But now is really not the time to be angry. The two men rushed over. According to their skills, they would be able to find his hiding place very quickly.

Chapter 3260 Give up on me for my father

Although he is not afraid of those two people, what he wants is Lin Caisang's life!

"hateful!"

He cursed bitterly.

Originally, if Lin Caisang had not appeared, all the talents and spiritual power in Sui Zihei would have been his, and he could have taken a step further.

But now, he has gotten nothing. In front of Sui Zimo and Lin Caisang, he still looks a little embarrassed, as they have gotten everything.

Lu Tianfeng was killed by them, and many of the mother bodies of the Demon Sons were taken away by Lin Caisang.

Even Sui Zimo is almost free now.

Thinking of this, he wanted Lin Caisang's life even more. If this woman didn't die, she would definitely ruin his big event!

So today, he must kill this woman and cannot let her continue to live in this world.

They are looking for medicinal materials. They probably haven't refined the antidote yet, right? As long as Lin Caisang is killed, Sui Zimo will still have to beg him to give him the antidote, and those things will also be in his hands.

But, can he take away Lin Caisang's life today?

"You have to do it even if you don't!"

Gritting his teeth, he decided to take a risk and make a fortune. After this time, he didn't know if he would have a chance to attack Lin Caisang.

"I want to see if the two of you combined are my opponents!"

As if he had made up his mind, he walked out of the darkness and flew in the direction of Sui Zimo and Lin Caisang.

Before Sui Zimo could notice his presence, he struck Lin Caisang in the chest with his palm.

However, the two of them were already on guard. Sui Zimo quickly took Lin Caisang to the side, while Lin Caisang waved his whip and headed towards where Zui Yifeng was standing.

"drink!"

Zui Yifeng shouted in surprise and narrowly dodged the blow.

He didn't expect that Lin Caisang was injured by him, and he could use such strong spiritual power, and almost injured him too.

It seems that the talents of these two people are very good. It would be great if they could be put to full use and owned by him.

It's a pity that it's not allowed now. Only one of these two people can survive, and the one who lives is naturally Sui Zimo. Lin Caisang has a place where he can hide people. It's too difficult to control.

"Sui Zimo, even if you protect her, I won't let her go. Let go."

He looked at Sui Zimo with sinister eyes and advised him.

Today, Lin Caisang's fate is decided. No one can stop him, especially Sui Zimo.

"Look at the front yard, Lin Baizhong has already fallen behind. Are you sure you want to give up Lin Baizhong for a woman? That is the commander of Sky City."

Listening to Zui Yifeng's words, Lin Caisang was so ashamed.

Her father is the leader of Sky City, so he cannot be given up. What about her? She is still her father's daughter. Doesn't this guy think his logic is wrong?

"Zui Yifeng, you don't think my husband will give up on me for my father, do you?" She looked at him and asked.

"Well."

Sure enough, Zui Yifeng choked at her words.

Why didn't he think that Lin Caisang and Lin Baizhong were father and daughter? He was really pissed off by Sui Zimo.

Even the most basic things have been forgotten.

"Lin Caisang, I will definitely take your life today. If you know better, you will kill yourself in front of me. Otherwise, you will only bring trouble to Sui Zimo and Lin Baizhong."

He looked at Lin Caisang and threatened Hate.
