

## Star of Space 3271

Chapter 3271 Catch them all in one go

"Yes, Commander.

The guard took the order and went to do business.

...

On the way to Ziyang Kingdom, Zui Yifeng and others were hurrying on their way.

Although there are many flying monsters, not every subordinate has one. Flying monsters will get tired if they travel too much, so they still have to stop and rest.

Sui Zimo and Lin Caisang are just two people, and they each have flying monsters.

When one flying monster gets tired of flying, it can be replaced by another flying monster, and they can sleep on the back of the flying monster without any trouble at all.

Therefore, the speed of Zui Yifeng and the others was completely inferior to Lin Caisang and the others.

When Sui Zimo and Lin Caisang met Zui Yiming, Lin Changhong and the others, Zui Yifeng and the others were still rushing on the road and were extremely anxious.

"Mr. Sui, Mrs. Sui, you are finally here."

Zui Yiming secretly breathed a sigh of relief when he saw the two of them.

Finally, she no longer had to worry about it. Ever since she found out about the existence of the mother body of the devil's son and the poisonous corpse in Zui's family, she had never had a peaceful night's sleep.

She could tell the emperor about other things, but not about this matter.

She was afraid that the emperor would be like her, too worried to eat or sleep. It was enough for her to worry about such things alone, and she didn't need to let the emperor know about it.

"How's the situation at Zui's house?"

When Lin Caisang arrived, he didn't even sit down, so he asked Zui Yiming for tea.

"It's about the same as usual." Zui Yiming replied to her.

Apart from wanting to enter the palace every day, there is nothing wrong with persuading her to let Zui Yichun out of the palace.

The head of the Zui family also exposed many families who had colluded with the Zui family for the sake of Zui Yichuan's daughter, and they had already found out.

They just wait for the mother body and poisonous corpse of the Son of Evil to be cleaned up, and then they can start to deal with those aristocratic clans. If those scum are not cleared away, not to mention the Ziyan Kingdom, even the Qianhuan Continent will not be able to live in peace.

"Mr. Sui, Mrs. Sui, do you want to have a night's rest before going to Zui's house?" she asked.

"No, go now."

Lin Caisang denied Zui Yiming's words and replied.

Zui Yifeng must have gotten the news that they came to Ziyan Kingdom from Sky City. At this time, he was probably chasing them to Ziyan Kingdom.

We have to quickly get out the mother body and poisonous corpse of the evil son before Zui Yifeng arrives.

"Then let's..."

"Empress, you are familiar with the Zui family, so I'll ask you to lead the way for us." Sui Zimo said to Zui Yiming.

"well."

Zui Yiming nodded, thinking about taking advantage of this opportunity to wipe out the entire Zui family.

"I ask the emperor to send troops to kill everyone in the Zui family..."

"no."

Before she could finish her words, she was denied by Lin Caisang.

"We will only take away the mother body and the poisonous corpse of the son of the evil spirit. Zui Yifeng will not immediately think of you, so he will not do anything to you. If the Zui family is destroyed, Zui Yifeng will definitely take this account, Count it on you and Ziyang Emperor."

"Then you mean to wait until Zui Yifeng leaves before taking action?" Zui Yiming asked.

"But Zui Yifeng shouldn't be in Ziyang Country now. He...could he be coming soon?"

She guessed that if this was the case, the Zui family would really be unable to move for the time being. If the Zui family moved, Zui Yifeng would definitely be suspicious of them.

Chapter 3272 Kill that man's mouth

They were not afraid of anything else, but they were afraid that the evil guy Zui Yifeng would secretly poison him.

"Then let's go to Zui's house first."

She made a quick decision and said to them.

"Um."

Lin Caisang responded and the group set off.

This time, he went to the Zui family to do things secretly. Naturally, he would not bring anyone from the palace with him, and he would not let anyone from the Zui family find out.

...

Drunk family.

The head of the Zui family was angry because he could not save his daughter.

It's just that the way he got angry was different from others. Instead of throwing things and cursing people, he called a few maids over.

Mrs. Zui came to see her several times, but the head of the Zui family sent people to drive her back.

"Bitches, they are all a bunch of bitches, no one can rely on you!" Mrs. Drunk muttered and cursed as she walked out.

Her daughter was still suffering in the palace, and she didn't know what was going on, but the father never took any action, and instead got involved with several women.

Could it be that he wants to have a few more daughters to pave the way for him?

The drunk lady sneered a few times.

If the head of the Zui family wants to have another child, it will be impossible unless those women get out of the way.

Because the head of the Zui family had been poisoned by her a long time ago, he would never be able to have any more children except the ones he had before. He couldn't even think about having any more children.

It's a good thing she made this decision, otherwise with Zui Patriarch's character and so many women around him, he might have had children every day!

That way, her position as the wife of the Zui family will not be preserved!

"If you don't think of a way, I'll think of it myself!"

Gritting her teeth, she thought about what to do. Her man was unreliable, so the only solution now was to find a way by herself.

But what can she think of?

Going to seek drunken Yiming?

That's impossible. It's not like I haven't asked for it before. Zui Yiming didn't give her any face. Instead, she was ridiculed by Zui Yiming.

As long as her daughter is locked up anywhere else, she can find a way.

However, now that Zui Yichun is imprisoned in the palace, what can she do? Who in the Ziyan Kingdom dares to go against the Ziyan Emperor?

"By the way, look for Feng'er!"

Suddenly, she thought of Zui Yifeng, the little thing who was suddenly brought back by the Zui family master and said to be the illegitimate son of the Zui family master who was lost outside.

Now that he's outside, it's time for him to make a name for himself, right?

Maybe it would be useful to find him?

Thinking about it, Mrs. Zui had a little excitement in her eyes and left.

She was going to contact Zui Yifeng, but now she could only count on him. After all, she had not treated Zui Yifeng badly in these years!

...

The secret room of the drunken family.

Zui Yiming had always known that there was such a secret room in the Zui family, but she discovered it accidentally. No one in the Zui family knew that she knew this place.

Therefore, when she secretly brought Lin Caisang and Sui Zimo, as well as Lin Changhong and Yin Baiqing, no one watching in the backyard noticed.

"Who...uh!"

When they came to the secret room, the people guarding the secret room discovered them.

Just as he was about to use his sword to stop them and question them, Sui Zimo knocked them down without hesitation at all.

Lin Caisang immediately raised his hand to add another blow, killing the man's mouth directly.

After all, it was Zui Yiming who brought them here. It would be bad if these people brought him to the head of the Zui family.

Chapter 3273 The biggest secret of the Zui family

And who can be a good person who can guard this place? If you die, you deserve it. If you don't die, you will harm more people in the future. If you don't die now, how long will it last?

"Come on, inside.

Zui Yiming led a few people inside again.

Along the way, I met a few more people guarding the secret room, but they were all eliminated by Sui Zimo.

The secret room in the Zui family was not very big, and there was not much walking to do. Zui Yiming led the others into a secret room. Inside, there were densely packed poisonous corpses, all standing like this, motionless. .

Lin Caisang turned around and waved to several people, indicating that they should all go out.

Then, they withdrew again and went to another secret room, which contained the bodies of many evil children, even more than what they had seen in Ding Laoliu's home.

"This Zui Yifeng is simply crazy!"

Lin Caisang couldn't help but muttered, fortunately, the mother bodies of these evil children had no offensive power, so she could be put directly into the infinite prison of the Golden Pearl Space.

The poisonous corpses on the other side are not so easy to deal with.

Naturally, she would not take action, and Sui Zimo would not let her take action, leaving it directly to him and Lin Changhong.

...

Drunk's backyard.

Zui Yiming had already left with Yin Baiqing, leaving only Sui Zimo and the three of them.

The poisonous corpses that were originally locked in the secret room have been released and are attacking them in the backyard, with deadly moves.

But these poisonous zombies are okay, even if they attack people, they are not too powerful.

Just like Zui Yifeng said before, the poisonous corpses have not passed through his hands. If they had passed through his hands, they would be even more powerful. Sui Zimo and Lin Caisang would not be the opponents of these poisonous corpses.

So they arrived just in time and were able to eliminate these poisonous corpses.

Many servants and maids from the Zui family came after hearing the news. When they saw the terrible thing attacking people, they were all so frightened that they could not walk, and several fainted to the ground.

There were more people crawling out of the backyard.

...

When the head of the Zui family heard the news, he was still happily alive in bed.

He was also frightened when he learned that there was a monster in the backyard. He thought that the secret room was not carefully watched and the poisonous corpses came out to bite people.

He picked up his pants and rushed to the backyard without caring about what happened to the woman on the bed.

When he came to the backyard, there were no poisonous corpses anywhere. They had all been burned completely, and not even a corpse was left for him.

"What's going on? What's going on?"

He yelled into the air.

This was the biggest secret of their Zui family. Except for him and his closest subordinates, not even Mrs. Zui and Zui Yichun knew about it.

Why would anyone attack these things and even burn the poisoned corpses?

When he came to the secret room and saw the empty secret room, he was so frightened that he kept breaking out in cold sweat.

Although nominally, Zui Yifeng was his son, only he knew that he was just a subordinate of Zui Yifeng. Where there was no one else, he had to call Zui Yifeng his master.

Now that the master's things have been destroyed, and he still doesn't know who destroyed it, what should he do? How should he explain it to his master?

"Impossible, impossible, who is it and why do you know this place?"

Chapter 3274 Are you back?

He kept mumbling, not understanding that something he had hidden so well would be discovered and destroyed.

You know, these things can't even be burned by fire. He has tried them before, so how could they be burned? Who is so capable?

He sat on the ground in fear, thinking about how to explain to Zui Yifeng.

I still can't figure out why someone would come and take these things away from such a private place?

"What to do, what to do? What to do?"

Soon, Mrs. Zui came over when she heard the noise. She saw the head of the Zui family sitting on the ground, looking lost. Although she felt happy, she hurried over and asked what happened.

"Master, what's wrong with you? What happened?"

Upon hearing this, the head of the Zui family raised his head and looked at his wife. When he saw this face, the anger in his heart became even stronger.

"Tell me, is it you? Did you collude with outsiders to do it?"

He suddenly jumped up from the ground, grabbed Mrs. Zui's neck, and asked her sharply.

How great it would be if she did this, then he could put all the responsibility on Mrs. Zui, and he wouldn't have to be punished.

In fact, being punished is secondary. What he fears most is that Zui Yifeng will want to kill him because these things are gone.

The Zui family has finally gained some reputation in the Zi Yan Kingdom through Zui Yifeng and Zui Yiming. He doesn't want to destroy the Zui family's foundation just because of his own mistakes!

"Well!"

Mrs. Zui was unprepared for a moment and was pinched by the Zui family leader.

"Master... what are you talking about... let go... let go... I don't... I don't know anything... I don't know!"

She was choked by the Zui family master so that she couldn't breathe. She tried hard to break his hand with both hands, but she couldn't break him away, and she gradually began to lose strength.

The Zui family leader's idea at the moment was that as long as he strangled this woman to death, he could blame all his faults on Mrs. Zui.

Everyone is dead, even if Zui Yifeng wants to ask something, he can't do it, right?

Who knew...

Mrs. Zui was not completely dead yet. When he pinched Mrs. Zui's hand, he was swept away by a gust of wind.

"hiss!"

He was in pain, covering his wrist and looking at the person who hurt him.

"Who dares... Hiss, Lord... Yifeng, are you back?"

Seeing Zui Yifeng standing not far away from him with a very unhappy expression, he gasped again and spoke with a guilty conscience.

"what happened?"

Zui Yifeng looked at Mrs. Zui who was lying on the ground and was almost strangled to death by the head of the Zui family, and asked.

"This bitch actually collaborated with people outside to take away all the things I put in the secret room. I was interrogating her, Yifeng..."

"What?!"

Zui Yifeng was shocked when he heard that everything in the secret room was gone.

He was still a step too late. Lin Caisang and the others took away his things, leaving him with nothing left, right?

"Those bitches, how dare they!"

Now, in his hands, a poisonous corpse and the mother body of the devil's son are gone. They are all on Lin Caisang's body, right?

"You loser, you can't even look at anything. What's the use of me raising you?"

He raised his foot and kicked the Zui Patriarch out!

He is not doing things well and still wants to get close to him. Does he think he is really his father?

Chapter 3275 The speed will be so fast!

It's just a fake. If he hadn't needed an identity on the Qianhuan Continent at that time, would this old guy think that he would have the honor of being called daddy?

The head of the Zui family was kicked out by Zui Yifeng and screamed.

But he didn't dare to hesitate, and crawled towards Zui Yifeng on his knees, murmuring words of mercy.

"Master, I know I was wrong. It's really this bitch. It was she who teamed up with people from outside to take away everything here. It was this bitch who..."

"Shut up!"

Before the head of the Zui family could finish speaking, he was interrupted by Zui Yifeng.

How could he not know what Mrs. Zui was capable of? He didn't believe that she could come to Zui's house with outsiders and do whatever she wanted.

I'm afraid Mrs. Zui doesn't even know about the poisonous corpse and the mother body of the devil's son in the Zui family, right?

"You still dare to lie now? Tell me, what's going on?"

"I....."

The drunkard advocated opening his mouth, but he didn't know where to start.

"Master, I really don't know. I just heard something moving in the backyard. I came over to check and saw that the guards had been killed. Everything inside was missing. Outside, there were many signs of being burned by fire."

He really didn't know what was going on, why such a secret thing was leaked.

No one knows that he has these things hidden in his home. He has been very careful these years and no one has ever discovered them!

"idiot!"

Zui Yifeng gritted his teeth and looked at Mr. Zui.

He could imagine that Lin Caisang and Sui Zimo must have done something to the head of the Zui family.

Lin Caisang was an alchemist. It was very easy to do something to the Zui family master without being noticed by him. Everything that followed went smoothly.

But he didn't expect that Sui Zimo and Lin Caisang would be so fast!

He thought it would take some time for them to get into Zui's house, but who knew they would succeed so quickly.

"Master, they must have just left not long ago, should we chase them?" The subordinates beside Zui Yifeng looked at their master and asked.

"Chase!"

Zui Yifeng naturally wanted to pursue him.

This time Sui Zimo and Lin Caisang came out, only two of them, but he brought many people.

As long as he could catch up and stop the person, he wouldn't be afraid of not being able to get back the mother body of the devil's son, poisonous corpses, etc. He didn't care now, but he must get back the mother body of the devil's son.

"Yes, Master."

Zui Yifeng's subordinates followed him and quickly left Zui's house.

When the head of the Zui family saw Zui Yifeng leaving, he fell to the ground and let out a sigh of relief.

But before he could fully breathe out, he saw several of Zui Yifeng's subordinates returning, and then, a long sword was stabbed directly into his chest.

Then, before he took his last breath, he heard the sounds of fighting and screams coming from the backyard.

A drunkard would never exist again from this moment on.

He slowly closed it and ended his life.

...

Naturally, it was impossible for Zui Yifeng to keep those people from the Zui family, because the Zui family knew too much about him, and living would only become an obstacle to him.

What's more, Sui Zimo and Lin Caisang already knew about the Zuijia, so he couldn't tolerate the existence of the Zuijia.

He ordered several subordinates to come over and kill the Zui family, and then he took more people to chase Sui Zimo and Lin Caisang.

Chapter 3276 Complete trash

However, what he didn't expect was that Sui Zimo and Lin Caisang, who he thought had escaped in the direction of Sky City, were now in the palace of Ziyang Kingdom, guests of the Queen.

...

"What a waste."

In a bright study room, a man sat in front of the case, listening to reports from his subordinates, all of which were mentioned about Zui Yifeng.

"Master, what should we do now?"

The subordinate looked up at him and asked softly.

"what to do?"

The man looked up at his subordinates.

"I thought that trash Zui Yifeng would always be of some use. At least the mother body of the poisonous corpse and the son of the evil spirit was made very good, so that it could be used immediately.

He has been keeping an eye on Zui Yifeng. As long as there is a slight disturbance on his side, he will know it.

I thought that the son of the evil devil would mature in the mother's body soon, and then he would be able to own it all, and the entire continent would be under his control.

Who knew that Zui Yifeng was a waste, a complete waste!

Even such a trivial matter could not be handled well. The mother bodies of all the children of the devil were snatched away by others, and it was a woman who came from the deserted continent and a man who was abandoned since he was a child.

"That younger brother of mine... Bah! What kind of younger brother is he? He's a loser!"

What he despised the most was his brother who was born as a concubine. He obviously had no abilities, but he still wanted to be the head of the Zui family. x9°〃~~〃〃°9x

He doesn't even know what he is.

"Since it was taken away by someone, it will naturally be taken back. You can handle this matter."

He ordered his subordinates.

"Yes, Master." The subordinate responded, turned around and went out.

Those people were so ignorant that they robbed his master of what he wanted. Naturally, they would no longer be alive.

This time when he goes to Qianhuan Continent, he will definitely catch all those people and snatch back the mother body of the Son of Evil. As for Zui Yifeng, there is no use for him to live.

It's better to deal with them all together. Anyway, you can deal with a person in Qianhuan Continent without anyone noticing.

...

Lin.

A few days later, Zui Yifeng rushed back to Sky City and took people directly to the place where his people were watching near Lin's house.

But the news they got was that Sui Zimo and Lin Caisang never came back at all.

"Why didn't they come back? Where did they go?"

The mother body of his evil son has been taken away by them. Do they want to hide the mother body of the evil son in a safe place?

That's why you didn't come back?

But where can it be hidden? In the Qianhuan Continent, is there any place where the mother body of the son of the devil can be hidden without being known?

As far as he knew, there was no such place.

"Master, could it be that they haven't come back at all and are still behind us?" a subordinate asked in a low voice.

He felt that this was also possible. After all, when they eliminated the poisonous zombies at that time, they were too close to when they came over. What if they caught up with them?

For the sake of safety, they will definitely find a place to hide first, and then come out after they catch up.

Hearing this, Zui Yifeng turned his head and glared at him fiercely.

"Why didn't you tell me earlier?" he asked.

If I had told them earlier, wouldn't it be okay if they waited for them directly outside Sky City?

Chapter 3277 Just Lin Caisang

Subordinate: "..."

He hadn't thought of it in the morning. He only thought of this possibility after hearing that Sui Zimo and Lin Caisang hadn't returned.

"Master, please forgive me. I didn't think of it at the moment."

He couldn't say it wasn't his fault, so he had to admit it. Anyway, the master wouldn't punish him for this.

"Hmph!"

Zui Yifeng was just as he expected, and just snorted coldly.

"Let's go, go outside the city immediately..."

He was about to turn around and go outside the city to stop Sui Zimo and Lin Caisang, but before he left, he saw a flying monster flying towards the Lin Mansion.

"Master, they are back." The subordinate said immediately.

"Do you need to say it? Can't I see it?" Zui Yifeng glared at the subordinate again and said.

He has eyes, can't he see that Sui Zimo and Lin Caisang have returned? Not only that, there is another person on the flying monster, Lin Changhong.

It seems that they first sent Lin Changhong to Ziyang Country to inquire about the news, and only set out to Zui's house after getting the exact news.

He was careless, and did not expect these people to be so cunning!

"Since you are here, no one can leave!"

He said bitterly, and ordered everyone to go to the Lin family.

But he did not expect that Lin Baizhong had been prepared. The guards of the City Lord's Mansion had already been dispatched, waiting for Zui Yifeng to come, so that they could catch him in one fell swoop.

Soon, a fierce fight began. The people brought by Zui Yifeng fought with the guards of the City Lord's Mansion, and the fight was fierce.

The people nearby hid and did not dare to get close to here.

They couldn't help but mutter in their hearts, what's going on recently, the Lin family has such a thing every few days, and it's the guards of the City Lord's Mansion who are taking action.

This is even more lively than the City Lord's Mansion!

Soon, the elders also came over. Seeing Zui Yifeng and Lin Baizhong fighting each other, they didn't know who to help.

They had met Zui Yifeng before and received a lot of good things from him. They couldn't help Lin Baizhong deal with Zui Yifeng. They all knew this.

But the previous elders were also here. If they made the wrong choice at this time, their lives would be over.

So, they had to help Lin Baizhong deal with Zui Yifeng, but they were fighting some small minions. No one would touch Zui Yifeng at all.

"Where is Lin Caisang? Hand her over!" Zui Yifeng looked at Lin Baizhong and asked coldly after fighting with him for a while.

"Lin Baizhong, I can only want Lin Caisang now. As long as you can hand her over, I can consider letting your Lin family, including the City Lord's Mansion, and Sui Zimo, go. I can spare you."

"Tsk." Lin Baizhong sneered.

"If you want a fight, just say so!"

As he said that, he continued to rush towards Zui Yifeng.

Want to capture his daughter, ask him if he agrees? Such brazenness, I have never seen anyone like this.

Before, the forces of Lu Tianfeng and Lu Tiankuo were eliminated, so there were not many people around Zui Yifeng, especially when he just heard his son-in-law say that even the Zui family was destroyed by Zui Yifeng's personal order.

Then what was left around Zui Yifeng? There were only a few subordinates left.

Chapter 3278 The promise made to me

"Zui Yifeng, don't you know, all your forces in Sky City have been wiped out, not a single one is left!" He said to Zui Yifeng while fighting him.

"you....."

Zui Yifeng secretly screamed something bad, what Lin Baizhong said was not true, right?

When he thought that all of his people might be eliminated by Lin Baizhong, he felt frightened. His men even made a mistake, which was discovered by Lin Baizhong in time.

Lin Baizhong took action, and a burst of spiritual power hit Zui Yifeng, who was motionless for the moment.

"Take your life!"

After Zui Yifeng was slapped by him, he pounced on Zui Yifeng again, trying to add another slap and kill him directly.

However, there was a subordinate who was not afraid of death. When Zui Yifeng was about to be hit, he rushed over and blocked the blow for his master.

"puff!"

His body bumped into Zui Yifeng, and the two of them flew back together, then hit the wall and fell to the ground.

The subordinate spat out a mouthful of blood, and all of it spat on Zui Yifeng's body.

"hateful!"

Zui Yifeng didn't care whether his subordinate died or not and pushed his body away.

"Lin Baizhong, you are looking for death!"

He stood up and flew towards Lin Baizhong again, hitting him with all his moves. This time, he decided that even Lin Baizhong's life would be taken. 6

"Since you don't want to live anymore, then I will help you!"

He turned from defense to attack, hitting Lin Baizhong one after another, almost hitting Lin Baizhong with every move.

But every time, he would be avoided by Lin Baizhong, making him so angry that his eyes turned scarlet.

"Lin Baizhong, you..."

Taking advantage of the fact that Lin Baizhong was alone at the moment, he was preparing to catch him all at once. This man was Lin Caisang's father. As long as he was caught, Lin Caisang would not be afraid of him.

But before he had time to wait for a big move, another spiritual power hit him from the side.

He dodged and narrowly avoided the spiritual power. He turned around and saw only a familiar figure. A breath of bad breath stuck in his throat.

"Gu Ye, what do you want to do? Have you forgotten the promise you made to me?"

He took a few steps back and asked Gu Ye coldly. Gu Ye was the third elder of the City Lord's Mansion, a person whom he had bribed and who often gave him news about the City Lord's Mansion.

"What kind of promise? This elder is just listening to your nonsense."

Naturally, it was impossible for the third elder Gu Ye to leak the truth about himself at this time, so he just snorted coldly and hit Zui Yifeng sharply.

Now that Zui Yifeng's situation is over, all the forces have been eliminated by Lu Tianlan. If he has anything to do with this person again, he will be seeking death.

Therefore, he absolutely cannot admit that he has any relationship with Zui Yifeng. Anyway, Zui Yifeng has no evidence to prove his relationship with him.

As long as he doesn't admit it, even if Lu Tianlan has doubts in his heart, so what?

At worst, when the time comes, he will give up his position as the Third Elder and become his Xiaoyao Sanren. Anyway, he has enough money in hand, and he can live without worries in this life.

The other elders also had similar ideas to him, and there was nothing that could fall into Zui Yifeng's hands. What were they afraid of?

"You... you..."

Zui Yifeng was really annoyed by them. He didn't expect that these people were just fagots.

Chapter 3279 People on the Marrow Continent

Fortunately, he was prepared. It would not be so easy for these people to betray him.

"Don't get too complacent too early. If you want to add insult to injury, it depends on whether you have the fate!" He kept moving his body left and right, dodging those people's attacks on him.

"What do you mean?"

The great elder looked at him and hit him in the chest with a palm, but he still escaped.

"What's the meaning?"

Zui Yifeng smiled coldly.

"What I mean is that your bodies have been poisoned by me for a long time. As long as I die, you old guys will have to be buried with me!"

His years in Qianhuan Continent were not in vain.

Do you really think that he has no defense at all against these old people from the City Lord's Mansion, and that he doesn't have any clues in his hands?

That's because he had already reserved a hand and poisoned them. As long as they betrayed him, they would die with him.

"you--"

The elder did not expect that Zui Yifeng would poison them, and was shocked.

But now the arrow was on the string and had to be fired. If they had not captured or killed Zui Yifeng, they would not be able to miss him.

The previous elders were watching over there, and they didn't dare to mess around.

"Don't talk nonsense. We have nothing to do with you. Don't try to sow discord!" The second elder pointed at Zui Yifeng and said sternly.

It's just a little bit of poison. The worst thing is to find a powerful alchemist to detoxify them. They won't risk their lives just for a little bit of poison.

As for Zui Yifeng, this man dared to poison them, which shows that even if he gains power in the future, their fate will not be very good.

Rather than doing this, it would be better to kill him now.

"Watch the fight!"

The fourth elder shouted coldly and attacked Zui Yifeng.

The elders were no longer just flirting with Zui Yifeng like before, but their moves were ruthless and deadly.

Soon, Zui Yifeng couldn't resist anymore and stepped back step by step.

I thought to myself, is he going to die here? He planned so much, but he lost to Sui Zimo and Lin Caisang.

"ah!"

Just as he was thinking about it, the great elder hit him in the chest and knocked him out.

He screamed and fell to the ground, splashing dust all over the ground.

The next moment, several elders surrounded him, looking at him coldly, and the sword in their hands was pointed directly at his throat.

"You...you..."

Zui Yifeng looked pale and looked up at several people.

"You can't kill me. I'm from the Marrow Dragon Continent. If something happens to me, the Marrow Dragon Continent won't let you go. You know, if the people on the Marrow Dragon Continent want to deal with Qianhuan Continent, they have to resort to violence. It's a matter of moving your fingers!"

He gritted his teeth and said to them.

"Marrow Dragon Continent!"

Hearing these four words, the great elder and the others were trembling in their hearts.

If it was really the Marrow Continent that wanted to deal with the Qianhuan Continent, it would be really simple. At this time, they were really hesitant to take action against Zui Yifeng.

But are we going to let him go like this?

If he continues to live, their cooperation with him will be revealed sooner or later, and they will not be able to benefit from it.

Since there was no evidence in Zui Yifeng's hands, even if he just said it casually.

Chapter 3280 Such a rotten person

Their life in Qianhuan Continent will not be easy, isn't that how people's hearts are.

"He is actually from the Marrow Dragon Continent?"

"If we attack the people on the Marrow Continent, will it cause any disaster?"

Several elders discussed one after another and felt that they should not attack Zui Yifeng. It didn't matter if he was killed, but it would be bad if it caused trouble.

"snort!"

Zui Yifeng saw them hesitate and snorted softly.

He knew that these weaklings would not dare to attack him. As long as the Marrow Dragon Continent was mentioned, these people would be as afraid as a mouse seeing a cat.

Therefore, he will not be in danger and can still do what he wants to do. Get Lin Caisang over and get the mother body of the evil son and the fragments of the corpse suppressing talisman in her hands!

"You...ah!"

Just when he was feeling very proud and felt that he could escape this disaster.

An iron boot stepped directly on his chest, causing him to vomit blood. He looked up and saw an old man with gray hair standing in front of him.

And his feet were stepping on his chest.

"People from the Marrow Continent?"

The old man looked down at Zui Yifeng with cold eyes and sneered.

"I want to see if the Marrow Dragon Continent will become an enemy of the Qianhuan Continent for a rotten person like you. Do you really think of yourself as a person, huh?"

"you--"

Hearing this, Zui Yifeng felt a bad breath stuck in his throat and almost died of anger.

In fact, he is just a little person who was abandoned by his own family in the Marrow Dragon Continent. How many people in the Marrow Dragon Continent know him.

It is precisely because of this that he would use any means to create so many mothers of the devil's children.

As long as he can control the son of the evil spirit, no matter in the Thousand Fantasy Continent or the Marrow Dragon Continent, everyone will know his name and will be frightened when they hear his name.

What he wants is this effect.

But now, he doesn't have that ability, so he can only scare these people in Qianhuan Continent by relying on the fact that he is from Marrow Continent.

"Zui Yifeng, right?"

The old man looked at him and asked his name.

"You, a prisoner who was thrown to Qianhuan Continent by Marrow Dragon Continent, still want to continue to do evil in the name of Marrow Dragon Continent? Believe it or not, as long as the people in Marrow Dragon Continent know what you have done, They will kill you immediately!

Moreover, it is not as simple as letting you die, you will die in pain! "

Because something as evil as the Son of Evil is a forbidden technique no matter which continent it is on.

Even though many people want to create these things, there are laws on every continent. Once such things are discovered, whoever creates them will have their entire clan exterminated, including this surname. Disappear on the continent!

Such strict prohibition is to prevent the existence of these things.

And the person in front of me not only created one mother body of two evil children, but a lot of them!

The fate of such a person can no longer be described with the word "death". What would happen if those sons of evil were really born?

"you you....."

Zui Yifeng gritted his teeth and looked at the old man with a trembling body.

"Who are you? How dare you talk to me like this? Do you know who I am? If you offend me, you will not get any good fruit!"
