

Star of Space 3281

Chapter 3281: Playing tricks

Who is this person? After he arrived, the great elder who was extremely arrogant even in front of him actually shrank like a quail and didn't dare to say a word?

He glanced at the great elder, trying to tell something from his face.

But the great elder didn't give him a chance, didn't even look at him, and looked elsewhere, obviously feeling guilty.

"What I don't like to eat the most is fruit."

The old man sneered and stepped on Zui Yifeng's chest even harder, causing Zui Yifeng to spit out a mouthful of blood again, with a ferocious expression on his face.

"you you....."

"Does a person like you deserve to continue living in this world?" The old man looked at him coldly and said.

He was about to make a move with his hand to kill the person directly, but a burst of spiritual power was faster than him and penetrated directly into Zui Yifeng's heart.

"Well!"

Zui Yifeng's eyes widened and he looked at the flying monster in mid-air and the man in silver standing on the flying monster.

"You...you dare..."

He didn't believe until his death that he would die in the hands of those people. They obviously didn't dare to kill him. Otherwise, they wouldn't have exiled him to Qianhuan Continent, but directly Just kill him.

And now, he will actually die in the hands of those people!

"Trash, you should have died a long time ago. **Qishuikidm**" The man in silver opened his thin lips and looked at Zui Yifeng with disdain.

An abandoned son who was abandoned by his family. If the owner hadn't kept him and still had a use for him, did he think he could survive until now?

Now that all the Evil Son's maternal bodies have been taken away, there is naturally no use in keeping him. What the family leader needs is the person who took away the Evil Son's maternal body from Zui Yifeng's hands, Lin Caisang and Sui Zimo.

"who are you?"

The old man retracted his feet, raised his head to look at the person, raised his hand, and hit the man in silver with a burst of spiritual power.

But the man in silver just raised his hand and blocked his spiritual power.

"How dare you do anything in front of me even though you are a mere cultivator?"

The man in silver sneered coldly and turned his eyes to the old man with disdain.

Even though these people were considered powerful beings in the Thousand Fantasy Continent, they were nothing on the Marrow Dragon Continent. How could he be afraid of these people?

"you....."

"I will give you three days to hand over Sui Zimo and Lin Caisang. Otherwise, the lord of Sky City should be replaced by someone else." Without giving the old man a chance to speak, the man in silver finished speaking and took advantage of the situation. The flying monster left.

"you--"

The old man watched the man in silver leave, so angry that he didn't know what to do.

This person was obviously not from their Qianhuan Continent, but probably from the Marrow Dragon Continent. Judging from the fact that he killed Zui Yifeng as soon as he arrived, he probably wasn't from the same group as Zui Yifeng.

However, this person wanted Sui Zimo and Lin Caisang as soon as he came!

"Master..."

The great elder looked at the old man and shouted respectfully.

"Get out of my way and stay at home. If I know that you are acting recklessly outside again, I will definitely kill you!"

The old man looked at the great elder and said cruelly to him.

Since when did his apprentice become like this, capable of such things as seeking skin from a tiger?

It was really his fault. He blindly chose such an apprentice to harm Sky City. If he had known this, he should have killed this apprentice with one palm.

Chapter 3282 It's not over yet

"Yes, yes, master, I will go back now.

The great elder did not dare to say anything more, turned around and left. Several other elders also bowed to the old man and left with the great elder.

After waiting outside the Lin family, he turned around and glanced at the door.

"Phew, it's so dangerous!"

Breathing out a heavy breath, he raised his hand to wipe the cold sweat from his forehead.

"First Elder, why did those old men come back?" The second elder also walked out of the Lin family and asked the first elder in a low voice.

He still doesn't understand why those former elders who were traveling around came back? Aren't they no longer interested in worldly affairs?

"You ask me, how do I know?" the great elder said angrily.

In this life, he is not even afraid of the city lord, but is afraid of his master, because even if he is given another hundred years to practice, he will not be able to defeat his master, and all his skills are handed down to him by his master.

Master wants to kill him, how simple is that?

"No need to ask, it must be the city lord who brought them back. The city lord is really capable. He can even call those old immortals back secretly. They are obviously here to deal with us."

The third elder also came over and said bitterly.

As soon as those old men came back, they couldn't even think of accomplishing anything. Not to mention forcing Lu Tianlan to hand over his position as city lord, it was impossible for them to even say a word to him.

"Shut up! Do you still dislike yourself for not being conspicuous enough in front of Master and the others?" The first elder heard the third elder's rude words and scolded him angrily.

These words are going to be heard by Master and others, so will they still use them alive?

"Don't do anything these days. If Master and the others find out, they will really attack us!"

He knows his master too well. He will do anything for Sky City. What's the big deal when dealing with a disciple and several disobedient nephews?

If that time comes, they really won't even have a place to cry.

...

in the room.

As soon as Lin Caisang and Sui Zimo came out of the Golden Pearl Space, they saw the old man and Lin Baizhong sitting at the table.

"Senior, Dad, have the outside matters been dealt with?" Lin Caisang asked them.

"It's taken care of."

Lin Baizhong raised his eyes and looked at the two of them with a worried look on his eyebrows.

"It's been taken care of, why are you still so gloomy? Did Zui Yifeng run away?" Lin Caisang asked again.

That shouldn't be the case. With so many people, would Zui Yifeng be allowed to run away? Could it be that Zui Yifeng was really that capable?

"It's not Zui Yifeng, it's..."

Lin Baizhong took a deep breath and didn't know what to say.

After a while, he told his daughter and son-in-law what happened in the yard and what the man in silver said.

"Oh, this is endless."

Hearing his words, Lin Caisang smiled helplessly and looked sideways at her husband.

Knocked down a Yinluqing, came up with a Lu Tianfeng, killed a Lu Tianfeng, and a Zui Yifeng. Now, Zui Yifeng was killed, and another one came out that they didn't even know who he was. people.

"The son of evil is always a good thing wherever he goes!" Sui Zimo said.

Even if no one dares to get something like the Devil's Son, the Devil's Son already exists, and they didn't create it. Those who want to get it are a little bit ready to get it, right?

Chapter 3283 Time... is running out

However, if you want to get the son of the devil, you have to see if they both agree, right?

"Three days, it seems we have to speed up." Lin Caisang said.

"yes."

Sui Zimo responded, raising his hand and patting his wife's face.

"Thank you for your hard work, ma'am. You have to suffer a few more times."

"As long as you are with me, we will suffer together." Lin Caisang smiled and replied.

"Um?"

The old man raised his eyebrows after listening to their words.

"Have you thought of a way to deal with the devil's son?"

Thinking of this possibility, he could finally let go of the big stone in his heart. He had never slept peacefully these days.

"Yes, there is a way."

Lin Caisang nodded. She and Zimo went to the Jinzhu Space and finally asked.

Originally, Yu Jing didn't know about it, but what a coincidence, because there were so many more mothers of the devil's children in the Golden Pearl Space, triggering another upgrade of the Golden Pearl Space.

Therefore, Yu Jing knows a lot more things, and also knows how to deal with the mother body of the devil's son.

"There is a virtual space in my golden bead space. There is a ghost clan there. The son of the evil devil is there. They are similar to the ordinary ghost clan. Any person from the ghost clan can take the powerful son of the devil. Beat him to death.

"That simple?"

Lin Baizhong didn't believe it. It couldn't be that simple, right?

"Ahem."

Lin Caisang coughed twice and pursed his lips.

Of course it's not that simple. The mother body of the devil's son is a serious entity. If you want to be brought into the illusory world and live in the illusory world, you have to pay something.

"I just want to bring the mother bodies of the children of evil spirits into the virtual space. It's a bit troublesome. I can't bring them all at once. I have to bring them in several. Moreover, the points required are very high. "

"That....."

When Lin Baizhong heard that he was in trouble, he opened his mouth to speak.

But Lin Caisang didn't give him a chance.

"Dad, don't worry. It's just a matter of doing a few more tasks. It's nothing. Anyway, I will have to do tasks in the future. This time I just do a few more. In terms of points, I have earned enough to support myself. Bring in the mother bodies of the children of evil spirits."

"Will it be tiring?"

Lin Baizhong asked worriedly.

Doing a task, his precious daughter has just finished confinement, and she has been busy during confinement. It is the time when she needs a good rest.

Now things are happening one after another, leaving her with no chance to recuperate.

"No, Zimo is here." Lin Caisang shook his head and looked at his husband.

"Don't worry, father-in-law, I will take good care of Son'er. I will do all the tasks." Sui Zimo said immediately.

This is something he has already thought about before. He will do all the tasks. Sonny only needs to be responsible for bringing him to the virtual space. The rest... just follows him.

"Young Master, Young Madam, our time... is running out."

Although the old man did not want to spare the hard work of the two of them, that person had already given a time limit. If the mother bodies of the children of the devil could not be completely sent to that place within the time limit, that person would probably be detrimental to them.

Moreover, he also needs to find a way to deal with that person.

The disadvantage to them is secondary. The mother body of the devil's son must not be taken away by them.

Chapter 3284 Mother and Child

"The problem of time is not a problem." Lin Caisang said with a smile.

In the virtual space, there is no time problem at all. It is just a matter of her and Zimo doing more tasks.

...

In the golden bead space.

All matters outside were left to Lin Baizhong and the others. At this moment, the main task of Sui Zimo and Lin Caisang was to send the bodies of the evil sons of the Wuji Hell into the virtual space.

Of course, before doing this, they had one more thing to do, which was to ask Yu Jing first how to do it in the most time-saving and effort-saving way.

'Dear master, although the son of the evil devil can survive in the virtual space, Yujing still recommends that you bring back the mother body of the son of the evil devil after he is born.

Because they have no other use in the virtual space, but will consume points, and will aggravate the demonic energy on the children of evil spirits, making them become troublesome monsters in the virtual space. '

Lin Caisang raised an eyebrow when he saw the words on the jade mirror.

"In other words, after those evil children are born, I can still bring the mother's body back?"

In this case, when the time comes, just throw those mother bodies in front of those who want the children of the devil. Do they like it or not? Anyway, tell them directly that the children of the devil have been destroyed, completely clean, and there is nothing left.

'Yes Master. '

Four characters were displayed on the jade mirror.

Saying this, Lin Caisang felt relieved. The loss on her side would not be too great, and in the future, the mother and child would never meet again.

"One more thing, Brother Yujing, if I put all the fragments of the corpse-suppressing talisman in the virtual space, do you think it's okay?"

Things like the corpse-suppressing talisman are simply more evil than the son of the devil. It is precisely because of its existence that Zui Yifeng took risks and created so many evil things.

Without the corpse-suppressing talisman, even if the devil's son appeared, no one could stop him, and he would still die in the end.

Who would get something like this?

Therefore, the fragments of the corpse-suppressing sigil need to be destroyed more than the son of the devil.

'Dear Master, Jade Mirror recommends that you do not put the same things in the same place. It is very unsafe, especially things like corpse-suppressing talisman fragments that are likely to reunite and become magic weapons. The place is even more unsafe. '

There are many words displayed in the jade mirror.

Even if he is a jade mirror and exists in the golden bead space, he doesn't want something like the corpse-suppressing talisman to exist in the same place.

"Well!"

Lin Caisang almost choked when she looked at the words on the jade mirror.

Yes, how could she forget that those were fragments of the corpse-suppressing talisman. If they were placed in the same place, they would probably be reunited by capable people and strangers.

"Then put one piece into the virtual space first." She said immediately.

No matter what, as long as one piece is missing, the other fragments, even if they fall into the hands of the same person, will not be able to re-forge it into a new corpse suppressing talisman.

"First bring a group of mothers of the sons of evil spirits over there." Sui Zimo said softly to her.

"good."

Lin Caisang responded.

"I'm going to take their pulse first and see which ones can be sent over first."

Chapter 3285 So many yin women

Of course, the mothers of those evil children who are about to leave must be sent there. Although they enter the virtual space, the time outside will not change.

But this does not mean that it must be safe.

It should be done just in case.

— —

In Wuzhu Teahouse, Red Gold and Red Silver were swimming happily in the fish tank.

However, when Sui Zimo and Lin Caisang arrived with a group of the mothers of the children of evil spirits, there happened to be two people waiting in the teahouse. When they saw the mothers of the children of evil spirits, the two people were shocked at first. .

Then, after seeing clearly the mother bodies of the demon children, they breathed a sigh of relief.

"It turned out to be a yin woman, I was almost scared." One of them patted his chest and said.

"Yin woman?"

Lin Caisang turned his head and looked at the man.

Is the Yin woman he mentioned the mother body of the children of evil spirits brought here by her and Zimo?

It turns out that in the virtual world, the mother body of the devil's son is called the Yin woman. Seeing that they are not afraid at all, it seems that it is really okay to bring them here.

"You call these women Yin women?"

"Yes, aren't these just yin women?"

The man nodded to Lin Caisang, and then glanced at the mother bodies of the demon sons again.

"In our ghost tribe, there are many yin women. For example, after the death of some childless men in our ghost tribe, the yin spirit will not dissipate, and the yin spirit will use the method of the yin spirit to impregnate the woman who was alive when he was alive. Such a woman, we ghosts call them Yin women."

"Yes, yes."

The other woman nodded, echoing the man's words.

"These Yin women have the aura of Yin spirits on their bodies, and there are a lot of poisons on them, which can make these Yin women invulnerable to fire and water. However, these are just ways to protect the children in their bellies.

It was also those ghosts who did not want their children to be destroyed by living people, so they did this. "

However, among their ghost tribe, although there are many such Yin women and everyone is used to it, they will still be startled when they first see those Yin women who are neither human nor ghosts.

Although they are from the ghost tribe, they are still human beings, and those Yin women are carrying children of Yin spirits in their bellies, and are already half Yin spirits.

They have to wait until they give birth to a child before they become normal, which is actually quite miserable.

"Sir, why are there so many yin women here? You must know that these yin sons are not easy to keep alive, and if they are not raised well, they will bite people."

Even if a ghost tribe member is bitten, nothing will happen to him, but who wants to raise such a ghost?

Therefore, their ghost tribe has many Yinzi who were abandoned by their mothers. Some are still alive, while others are starved to death, and their lives are not easy to survive.

They felt that it was quite miserable.

"Them."

Lin Caisang glanced sideways at the mother bodies of the children of evil spirits, and seemed to feel that they had some independent consciousness after coming to the virtual world.

I hope these children of evil can live well in the virtual world.

"We picked it up when we were doing a mission outside and were about to send it to the ghost tribe. By the way, what are you here for?"

she asked the two.

Judging from the faces of these two people, they didn't look like they were in a hurry. Why did they come to Wuzhu Tea House?

Chapter 3286 The Ghost Emperor is crazy

"this....."

When they mentioned their own affairs, their faces suddenly became ugly, and they knelt down directly towards Lin Caisang and Sui Zimo.

"Please, sir, help us, help our tribe, please?"

"Two adults, please help our tribe. We heard from the human race outside that you two adults will not look down on us ghost tribe members. As long as they come to us with a request, you will help."

Lin Caisang was almost stunned by what they did.

"What are you doing? Get up first and talk later." She quickly asked them to stand up first.

The attitude before and after was so different that it made her a little confused. Did something big happen among the ghost clan?

After a while, the four of them sat down. After listening to the many words of the two ghost tribesmen, they understood what happened. It was really a big deal.

"Is there such a thing?"

But it turns out that in the past few months, newborn babies have been stolen frequently among the ghost clan.

At first, no one was willing to pay attention to this matter. After all, the ghost tribe is the ghost tribe. It is not a big deal if one child is gone. They can have more children.

Of course, some families will also look for missing children, but the search does not take long, and they often stop looking after a while.

Just pretend that the child is dead and no longer exists.

But this time it was different. The children of ordinary people were missing, so that was it. The important thing was that even the Ghost Emperor's child was missing.

This has to attract the attention of the ghost tribe.

Especially the Ghost Emperor, who finally got a child, a boy, who might be the future heir of the Ghost clan.

But before you can hold it in your hands enough, it disappears. Who can bear it?

"yes."

The two nodded quietly.

"Everyone in the ghost clan is in danger now. The Ghost King has gone crazy. Everyone he sees looks like a thief who stole his child. The royal family's cells can hardly accommodate the prisoners."

In fact, those prisoners were all wronged.

But if the Ghost Emperor didn't say that they were wrongly accused, who would dare to let them go?

"The family whose first child disappeared has been exterminated by the Ghost Emperor. My husband and I are the second family among the ghost clan to lose a child. We are afraid..."

The ghost woman looked at Lin Caisang and Sui Zimo with a look of worry on her face.

She was afraid that their family's death was coming soon, and the Ghost Emperor would not let them go. After all, the Ghost Emperor now felt that all this was just a play directed and acted by them, just to get what they wanted. Take his children.

But why did they kidnap the Ghost Emperor's child? Who is the Ghost Emperor of the Ghost Clan? Is there any big difference from ordinary people like them?

Not to mention there is a big difference, there is no difference at all.

They would just live their lives as usual. If they didn't live in the ghost clan, they might not even know the name of the ghost clan.

"So, you don't even know who stole your child?" Lin Caisang asked.

"How can we know?"

The ghost man replied helplessly to Lin Caisang.

If only they could know, it would be great. They would have arrested that person long ago and handed him over to the Ghost Emperor.

But they really don't know who stole their child.

Chapter 3287 Taste the pain of a child being stolen

They were also suffering because their child was missing, and in the end they had to suspect that they had stolen the Ghost Emperor's child.

Are they that capable?

If they were able to steal the child of the Ghost King in the Ghost Palace, would they still let their children be stolen?

"I don't know who is so wicked that he stole so many children. You two adults, don't you know? In the past three months, thousands of children have been stolen from the ghost clan, and all of them are A newborn child."

"Thousands of kids!"

No matter how calm they were, Lin Caisang and Sui Zimo were both shocked.

Thousands of children, what kind of number is that? In three months, that is to say, eleven to twelve children were stolen every day.

What kind of concept is this?

"So many people have been stolen, and the Ghost Emperor doesn't care?" Sui Zimo asked.

"Well."

The man choked at his words.

"Sir, our ghost clan is different from the human clan. Some children are missing... The Ghost Emperor will not care. As long as nothing happens around him, the Ghost Emperor will not care about how the people are living."

This is the ghost clan. The ghost emperor is here to enjoy himself. The people's livelihood is not something the ghost emperor will care about.

"Ah."

Lin Caisang smiled coldly.

"No wonder he suspects that one of you parents who have lost your children has stolen his child. If it were me, I wouldn't be able to stand it anymore, and I want him to experience the pain of having his child stolen."

After losing so many children, no one came out from the ghost palace to take care of them. This is really the cold-blooded style of the ghost clan.

"Why do you say that, sir?"

The ghost woman shuddered in fear when she heard her words.

"We...we don't dare to do that. He is the future ghost king of our ghost clan. Who dares to steal him?"

She hurriedly explained that even Lin Caisang would think that they had stolen the Ghost Emperor's child, and then they really had no hope. Who would help them?

"You don't have to be so excited, I'm just talking." Lin Caisang said after seeing that her face had finally recovered, but she was frightened by her words.

"It's just that there is nothing wrong with doubting this. After all, the Ghost Emperor doesn't care about the life or death of your children. According to the habits of your ghost clansmen, would anyone want to let the Ghost Emperor also experience the pain of losing a child?"

"this....."

After hearing her words, the ghost men and women looked at each other.

Yes, the ghost tribe members really only think about themselves, and it is possible that they would do this.

"Could it be...that someone really thought that the Ghost Emperor wouldn't help us find the child, so he stole the Ghost Emperor's child?" The man couldn't help but ask the woman.

"That can't be a family like ours!" the woman said quickly.

Even if you want to take revenge on the Ghost Emperor for not caring about the life and death of their children, you must have the ability to take revenge.

Ordinary families like them don't have any great skills. Even if they lose their children, they can only consider themselves unlucky, okay?

How could he have the ability to go to the ghost palace and steal the ghost prince?

"Two adults, please help us, otherwise, we really won't be able to survive!" The woman looked at Lin Caisang and Sui Zimo and begged.

"What are your demands?" Lin Caisang asked them.

"Our demands?" The two looked at each other.

"Our request is to help us find the person who stole our child... No, it's not... it's the person who stole the Ghost Emperor's child." The man spoke to Lin Caisang.

Chapter 3288 Accepting two requests at the same time

But he was very torn. On the one hand, he wanted to find his own child, and on the other hand, he wanted to find the Ghost Emperor's child to save his family from disaster.

"Sir, we are two people, can we have two demands?"

After struggling for a long time, the man looked at Lin Caisang and asked cautiously.

Lin Caisang: "..."

Can two people come and have two demands?

Don't you know that Wuzhu Teahouse only accepts one order of business at a time? When two people come, they have to answer two requests. So if three people come, she and Zimo are the only ones here. Can they handle it?

"There can only be one... uh, G P H U X."

I was about to say something, I could only say one request, but something moved in my hand.

She looked down and saw that the mini form of the jade mirror had appeared in her palm.

"Just a moment."

She and Sui Zimo looked at each other and asked him to accompany them first, then got up and went to another place.

When she reached a place where the two ghost tribesmen couldn't see her, she transformed the jade mirror in front of her.

"Brother Yujing, what's the matter with you coming out at this time? Don't you mean to say that you can accept two requests at the same time?" she guessed.

'Dear Master: After the Jinzhu Space is upgraded, two requests can be received at the same time in the virtual space. A few lines of words are displayed on the jade mirror.

Lin Caisang: "..."

Although these two complaints are in the same place, it may be easier to get twice the result with half the effort.

But is this really good?

She is a human being, not a machine. She must fulfill whatever demands come from anyone. If two demands come from her at once, she will have to be busy with something. She will be exhausted, right?

"Then what's in it for me?" she asked, raising her eyebrows.

She didn't care about the two demands or anything like that. Whether she was tired or not, the worst thing she could do was rest more and spend more time.

The key is that it has to have benefits, just as many benefits as she can appreciate.

'You can go back to the Golden Pearl Space in the meantime, and you can send more people from Wuji Prison to the virtual space. ' A few lines of words appeared on the jade mirror again.

"That's it."

Lin Caisang nodded. Such benefits were quite good, but she was still not satisfied.

"Brother Yujing, this benefit is okay for me now, but after the mother bodies of these evil children are dealt with, it seems to be of no use, right? Isn't it?

Look, are there any more specific benefits on your side? For example: increase the points several times, give some props that can bring out the virtual space, etc. "

she asked.

Brother Yujing: "..."

It was surprising that he was just a jade mirror, and he was frightened by his master's ferocious thoughts.

It would be nice to get some benefits. His master actually wants so many benefits all at once. Can the props in the virtual space be taken out if he wants to?

'Dear master, props in the virtual space can only be dropped by chance. They are rewards that will be obtained after you have exceeded the virtual task. However, if you claim two demands at the same time, there will be no prop rewards. '

He told Lin Caisang very honestly.

However, the words on the jade mirror were displayed for only a few seconds before changing again.

‘As for the points, the two demands will be rewarded with double points, and the two demands will be rewarded with double points at the same time. Moreover, if the two demands are received at the same time, the original points will not be deducted if the task fails.’

Chapter 3289 No conditions

A few more lines of words appeared on the jade mirror.

"so good?"

Lin Caisang raised his eyebrows, feeling that this seemed unlikely.

The props and stuff she just mentioned were actually just what she said casually, but the points were a bit unexpected for her.

Will points not be deducted if the task fails? Is there such a good thing?

"When will the Golden Pearl Order be so good? What about the conditions? What conditions?" she asked.

She didn't believe that Jin Zhuling would be so kind. He must be trying to trick her again, right? She only has so little property in the Golden Pearl Dimension. Is it easy to accumulate it?

But she can't be fooled without her knowing.

‘No conditions.’

Four characters were displayed on the jade mirror.

Seeing these four words, Lin Caisang really wanted to be stunned.

Without conditions, would such a good thing really happen?

Since Jin Zhuling has shown mercy, it would be too hypocritical for her not to accept it, right?

"In that case, I'll take it."

Soon, Lin Caisang came back and happily accepted both requests.

...

Virtual space, ghost clan.

The ghost clan is different from the human clan. There is no day here, only endless night.

People in the ghost tribe also have particularly good eyesight. They can see distant scenery clearly even without lights.

However, among the ghost clan, the lights are still bright. After all, it is easier to do things if it is brighter.

"What's going on there?"

As soon as I arrived in the ghost capital, I saw many people being held on pillars on the execution platform. Everyone was sallow and thin, and they were no longer human-like.

"them....."

The two ghost tribesmen who were following them heard her words and couldn't help but glance at the tied people over there.

"Those are the people that the Ghost Emperor suspects. There are still many in the prison. These are the key suspects. In two days, they will all be beheaded."

"Sir, they are really pitiful."

The woman shook her head, a look of unbearable expression on her face.

If the Ghost Emperor's child was really in their hands, how could they not hand it over and let the Ghost Emperor destroy all their families?

It's a pity that the Ghost King is in anger now, so it is impossible to think of this.

"Their family conditions are very good?" Lin Caisang asked them.

"yes."

The man nodded.

"Those people used to be ministers in the ghost palace and could often go in and out of the ghost palace."

So, it's better for civilians like them. Even if the Ghost Emperor suspects them, he will feel that they don't have the ability to do such a thing.

However, if these people still fail to find the Ghost Prince after killing them, then their disaster will come.

"Ah."

Lin Caisang smiled coldly.

She doesn't have that much sympathy, and of course, she won't give it to just anyone.

Look at the people under the stage, look at the tied people, they are bloody and miserable, but does anyone have any expression of sympathy on their face?

"These people haven't done anything good in their daily lives, right?" she asked.

"Well."

The ghost man choked at his words.

Indeed, what good things can those ministers do? They usually fawn over the Ghost Emperor, and then take out all the anger they received from the Ghost Emperor on civilians like them.

Chapter 3290 We can't go

So when he saw them tied here, he didn't feel much emotion. 69shux.Com

But just because he doesn't have feelings doesn't mean he won't be afraid.

"Sir, they are indeed worthy of their death, but if they die, then we...we will be the ones who suffer next." The man said fearfully.

"Um."

Lin Caisang responded softly and looked at Sui Zimo.

"Which family has the latest stolen child? Take us there." Sui Zimo said to the man from the ghost tribe.

"Well."

Hearing his words, the ghost man choked and looked at the two of them weakly.

"This... I'm afraid it won't work."

"Um?"

Lin Caisang looked at him, puzzled.

Is it not here, but somewhere else?

That doesn't matter, as long as they are in the ghost tribe, they can walk.

"Where? Far away?" she asked.

"No, it's not."

The ghost man quickly shook his head.

This is not a problem of being far away, but a problem of them not being able to go there at all.

"Sir, the last person whose child was stolen...is...the Ghost Emperor, so...we can't go there."

He looked at Lin Caisang and Sui Zimo with great embarrassment.

If they enter the ghost palace, the ghost emperor will not be able to eat them. You know, the ghost prince was stolen now, which is a taboo for the entire ghost clan. Who dares to mention it? 6

If the guards of the Ghost Palace heard it, they would arrest him directly.

Lin Caisang: "..."

How do you say this? Can't he just turn a corner when thinking about the problem?

"Then it's okay for us to go to the home you can find, the one whose child was recently stolen, right?"
She settled for the next best thing and said.

"This is acceptable."

The ghost man thought for a moment and nodded.

"There is someone I know who is not far from the countryside. We can go and have a look."

"Going right now."

Lin Caisang immediately said that she didn't want to wait any longer.

...

The outskirts of the capital.

A seemingly poor mountain village with few people outside.

Moreover, when they saw strangers entering the village, they all stared at Lin Caisang and Sui Zimo nervously, with a vigilant look, as if they felt that Lin Caisang and his party would do something to them in the next moment. Something bad is coming.

In their hands, they were holding tightly what they thought were weapons.

"Get out..."

Not long after Lin Caisang and his party entered the village, a man finally spoke in a low voice to them.

When one voice shouts out, there will be a second and a third.

"Yes, get out, we don't welcome outsiders here, get out, get out!"

"Who let you in? We don't know you. Get out, get out, or don't blame us for being rude to you and beat you to death!"

A group of people surrounded them, many of them wanting to take action against them.

"Two adults, don't be angry. There are really too many children stolen here, and no one is spared. That's why they are like this, and they are not targeting you intentionally."

Lin Caisang and Sui Zimo didn't care much. They compared their feelings. If they encountered such a thing, they would also have this attitude.

However, the man from the ghost tribe who brought them here quickly explained to Lin Caisang and Sui Zimo after hearing what they said.

"None of the children born recently in this village are left, they were all stolen, so..."

"we know."

Lin Caisang raised his hand to stop him from continuing.
