Chapter 3291 Special Situation

"Just explain it to them," she explained.

"Yes, yes, sir."

The man from the ghost clan responded and was about to explain to the villagers.

But before the words were spoken, a voice was heard, coming from not far away.

"Old Qi, are you finally back?"

As his voice came, soon, a man with a haggard face walked through the crowd and walked towards the ghost man.

"Everyone, I'm sorry. This is my friend. He also has a missing child at home. He is just as pitiful as the rest of us. I'm sorry. I will take them to my house right now. I will definitely keep an eye on them."

He stood next to the ghost man and spoke to the villagers, bowing to them as he spoke.

Soon, after listening to his words, the villagers slowly left, leaving only Lin Caisang and the others.

"Lao Qi, you have invited the two adults from Wuzhu Tea House. Come on, adults. You have been tired from the journey. Please go to your home to rest first."

The man met them and went to his home.

As soon as they entered the man's house, Lin Caisang and Sui Zimo paused unconsciously.

"What's the matter, two adults?"

Lao Qi and the man stopped when they saw them, turned to look at them, and asked.

"fine."

Sui Zimo said two words calmly, and the two of them continued walking inside and came to the main room.

A woman from the ghost tribe came over, followed by a child, carrying four cups of tea. The man smiled at Lin Caisang and the others.

"Two adults, this is a small place and we don't have anything good. This is Yunmei tea. Please drink it."

This is also the best thing he can get at home. It was prepared for the child's full moon wine, and he thought it would be used to entertain guests.

Little did he know that it was of no use at all and the child disappeared.

Lin Caisang smiled, picked up the teacup and took a sip, then put the teacup back on the table and looked at them again.

"Tell us, how did you lose the child?" Sui Zimo asked them.

"child....."

The man's eyes turned red when he mentioned the child.

"We don't know what happened. As soon as my wife gave birth to her son, my mother held the baby in her arms. I went to announce the good news to my father, but when I came back from announcing the good news, I saw my mother fainted on the ground, and my wife, He was also unconscious in bed.

The child was gone. When they woke up and asked them, they didn't know anything and couldn't remember what they had done before. "

"Yes, yes, we are too, it's the same."

Lao Qi's wife kept nodding her head when she heard the man's words, indicating that they had been like this before.

She was unconscious on the bed and didn't know anything. She couldn't even remember how she gave birth to a child before. The same was true for her mother-in-law. She didn't even know whether she was giving birth to a boy or a girl.

"Did anything special happen at that time?" Lin Caisang asked them.

"Special circumstances?"

Several people looked at each other, not knowing how to answer.

Could there be any special situation? They didn't even know what happened at that time.

"For example, did you smell any special smell, hear any special sound, or did someone at home disappear and then come back?"

Lin Caisang reminded.

"this....."

The four people started looking at each other again because they couldn't remember anything.

Chapter 3292 A very strange smell

"Ah, right.

Suddenly, Lao Qi screamed.

"I remembered that the hag disappeared at that time. It was when we were looking for someone later that she came out and said she had gone to relieve herself," he said.

"Ghost woman..."

Lin Caisang narrowed his eyes. Among the ghost tribe, the hag is the midwife who delivers babies.

"It's not really a hag, is it? How could she do this?"

The two ghost women's faces turned pale as they listened to their speculations. The ghost woman is also a woman. Isn't she afraid that her family will be treated like this?

"But...but the ghost woman we invited is also different.

The other woman was sad for a while and then remembered an important thing. The ghost clan had lost so many children and babies, and it was not delivered by a hag. How could it be done by a hag?

Is it possible that there are still so many hags working together to steal babies? This is unlikely, right?

If it was really the hag who did it, wouldn't they have already suspected them?

"this....."

After hearing the woman's words, the two men also felt that it was impossible.

If it was really the hag who did it, then so many hags from the ghost clan would have united together?

Isn't this too ridiculous?

"Two adults, is it really the ghost woman who did this?" They looked at Lin Caisang and Sui Zimo and asked in a low voice.

"Just think about it again."

Lin Caisang asked them again without answering directly.

There are many possibilities for this kind of thing, and the hag is just one of them. There are many other possibilities.

"Thinking again..."

The four of them looked at each other, not knowing what to say. Who else could be there besides the ghost woman?

Even if giving birth is the same thing, the people around you cannot be the same batch. And even if it is done by the same person, how can we explain that so many children are stolen every day?

Could it be that that person still has the ability to clone himself? Or, are there really many people doing this together?

"When we came in before, there was a very strange smell. Did you smell it?" Lin Caisang saw that they couldn't explain the reason, so he opened his mouth and asked them.

"odor?"

When the four people heard this, their faces were blank.

"There's no smell. Sirs, are you smelling it wrong? There is no strange smell in the house." The man said to them.

They didn't smell anything.

"There's none?"

Lin Caisang and Sui Zimo looked at each other.

"Don't you smell the foul smell in the yard? The smell is quite strong."

When they heard her say this, the four of them looked enlightened.

"My lord is talking about that smell. It is not a strange smell, but the smell of Zi Juehua." The woman explained to them.

"You two adults don't know. In our ghost tribe, there are Zijue flowers in many places. Those flowers are really very vital. You can see them in any field or forest.

The flower doesn't need anyone to water or fertilize it, it can grow well by itself, and the smell is strong. People from the ghost tribe are used to smelling the flower, so they don't feel anything at all. "

"yes."

Two men echoed, and one of them spoke.

"This unique flower is quite beautiful, but it's just that the name of this flower is not good, and it also has a foul smell when you smell it carefully, so no one likes to keep this kind of flower."

Chapter 3293: Is it a human or a ghost?

"It's really strange. No one in our village grows this flower, and they will cut it down as soon as they see it grow. How come there is such a smell?"

The women and men of this family looked at each other.

It is possible to smell this smell from a farther place. After all, Zi Juehua's vitality is indeed tenacious.

But in the village, there is no such thing.

"So, this is also a strange place." Lin Caisang looked at them and said seriously.

Then, she set her sights on Lao Qi, looked at him and asked.

"Have you ever smelled this kind of smell?"

"this....."

Lao Qi and his wife looked at each other and hesitated for a long time.

At that time, they were in a hurry to find their children, so how could they have the mood to pay attention to what smells appeared in their homes?

However, thinking about it carefully, thinking about it more carefully...

"It seems... it seems... there really is a weird smell, isn't it?" The man looked at his wife and asked.

"Seems to be."

There was some uncertainty in the woman's words, but she nodded anyway.

"It doesn't seem like it. Let's go to other families in the village and ask if they are okay. Shuanzi, you go to Lao Huang's house and find Lao Huang and his wife to see if it's the same at their home."

Another woman said to her husband.

"Okay, I'll go right away."

Shuanzi responded, stood up and walked outside.

"Two adults, the incident happened to Lao Huang's family not long ago, just a few days before us. They are familiar with our family. It should be okay if we ask."

After the woman watched her husband leave, she said to Lin Caisang and the others.

"Um."

Lin Caisang responded lightly.

"You guys wait here, let's go outside and take a look."

She pulled Sui Zi and Mo Ye to stand up and walked outside.

"Two adults..."

The woman wanted to stop them, saying that the people here would not let them wander around.

But when the words came to his lips, he didn't dare to say them.

She also knew that if she just asked them here, she would definitely not be able to find out anything, so she still had to go outside and take a look.

...

In the village, Lin Caisang and Sui Zimo were walking side by side.

Although the villagers had been watching them warily, they also knew that they were guests of Shuanzi's family, and they didn't really do anything to them, they just kept staring at them.

"Brother Zimo, I think we won't be able to find anything if this continues." Lin Caisang said to Sui Zimo.

"Um."

Sui Zimo responded.

"Take the initiative." He said.

"I think so too. We always have to see if the person who steals the child is a human or a ghost, right?"
Lin Caisang nodded.

She really wanted to know why so many children were stolen and what were they used for? Are other people's children really worthless and allowed to be stolen as they please?

"There is obviously no Zi Juehua in this village, but it is full of the smell of Zi Juehua. When I arrived in the capital before, I also smelled that smell. Almost the entire ghost clan has this smell."

she said.

However, before walking on the road, there was only a faint smell, but after arriving at someone's house, the smell was much stronger, making them aware of something strange.

"Do you know the medicinal properties of Zijuehua?" Sui Zimo asked her.

He still didn't know about pharmacology, so he had to ask his wife.

"Zijuehua...has no medicinal properties." Lin Caisang curled his lips and said.

Chapter 3294 Her points will be deducted

If this was a medicinal flower, that would be easy to say. She could start with Zi Juehua.

But this Zijue flower is really a kind of wild flower. The reason why it is named Zijue flower is because Zijue flower has no seeds and reproduces by its root system.

That's why it's called Zi Jue.

"Go back and ask them." Sui Zimo said.

...

After returning to Shuanzi's house, they saw another strange man, followed by a woman with red eyes, obviously crying.

"How to say?"

Lin Caisang asked them.

Asking about the situation, why are you still crying? This woman...

"Two adults, I asked Lao Huang. Their family also smelled the scent of Zi Juehua before, and it still smells like this." Shuanzi said to them.

"The smell of Juehua cannot last that long. The ones that are open outside are not as fragrant or smelly. Sirs, do you think this is mutated?"

They asked Lin Caisang and Sui Zimo.

"Mutations....."

Sui Zimo looked at Lin Caisang and raised his eyebrows.

This is possible. In this virtual space, anything can happen.

It is normal for a plant to mutate.

"It's really possible. Lin Caisang also said.

However, now is not the time to talk about this, they should start from another place first.

"Is anyone here about to have a baby?" she asked them.

Hearing this, several people looked at me and I looked at you, a little confused.

"Yes, there is, but..."

Shuanzi nodded, but his words were speechless.

"Two adults, because what happened recently is so terrible, everyone no longer dares to invite witches to give birth to children at home, and they dare not make it public."

Now it is not only the matter of children being stolen, but also the matter of the Ghost King arresting people.

The Ghost Emperor's children have all been stolen. If children like these ordinary people were born again, wouldn't it be a slap in the Ghost Emperor's face?

But when the child is pregnant, it is impossible to say whether or not the child will be born. Therefore, everyone's childbirth is a very secret matter. They do not tell anyone about it. Even when the child is born, it is hidden secretly and does not dare to let everyone know. of.

Even the crying was not heard, she was held in her arms and kept coaxing her.

"Do you two adults want to lure out the child thief? I'm afraid you can't. Who dares to risk their own children?" They all shook their heads, indicating that it was impossible.

Lin Caisang also felt that it was impossible, and it was impossible for them to let the ghost clan make sacrifices in order to complete the task.

If Jin Zhu Ling discovers this, her points will be deducted.

"If that doesn't work, let's just pretend." She said.

"ah?"

Several people were dumbfounded when they heard her words.

What does it mean to pretend to be a person? How do you pretend to have a baby with this big belly? No matter how much you pretend, you can't pretend it, right?

"Two adults, what do you... want to do?"

Lao Qi asked them stammeringly.

...

How to do it, of course, do this.

A woman with a big belly came to the capital. She was helped into the courtyard of Lao Qi's house and settled down.

"Sir, aren't you being a little too blatant?"

Lao Qi watched them help a sinister woman lie down on the bed, and then the two of them sat at the table and started drinking tea. He asked with some worry.

Chapter 3295 Two very powerful people

Here, the children of Yin women are also children, and some have been stolen.

As for this yin woman, she looked like she was about to give birth. Her belly was so big that he wondered if she was going to give birth next moment.

"Um?"

The two looked at him at the same time.

"I....."

Lao Qi was startled by them and quickly took a step back.

"I...I'm going to find a hag, and I'm going now."

With that said, he turned around and hurried out of the door to find the hag.

In the village before, the elders of those families could deliver babies for their daughters-in-law and so on, but this is no longer possible here. No one in their family has that ability.

Therefore, I can only go to find the hag.

Of course, this is also necessary. If they don't find the hag and don't let people know that someone is giving birth here, how can someone come to steal the child?

...

Here, Lin Caisang and the others have made complete preparations. The red gold and red silver have been arranged, and the fish tank is placed directly in the room.

But what they didn't expect was that they didn't wait until the Yin woman gave birth, but first waited until the ministers sent by the Ghost Emperor came to negotiate with them.

Lin Caisang \u0026 Sui Zimo: "..."

Looking at the smiling ministers in front of them, why do they feel that it is so difficult?

"Excuse me, what do you want?" Lin Caisang stepped forward and asked him.

"Two of you, who is the woman inside who is about to give birth?" The minister came in with his neck held high, not caring about the people inside at all.

However, when he looked at Lin Caisang and Sui Zimo, whose temperaments were completely different from those of ordinary people, his attitude immediately changed.

He was used to seeing all kinds of people in the ghost palace. He could still tell at a glance whether the two people opposite him were someone he could offend. They were obviously very powerful people.

"friend."

Lin Caisang and Lin Caisang spoke at the same time, spitting out two words.

"friend?"

The minister looked at them, and then at the couple who shrank to one side, their eyes evasive.

They are obviously two people from the human race, right? What on earth do you want to do when you bring a yin woman with a big belly to their place?

"So they are friends. Where did those...come from?" he asked.

"Wuzhu Tea House." Sui Zimo replied directly.

"hiss!"

Upon hearing the words "Wuzhu Tea House", the minister suddenly took a breath of air.

Wuzhu Teahouse, these two people in front of him were actually from Wuzhu Teahouse. He was shocked. He quickly turned around and looked at the few servants around him.

"You all go down and stop talking nonsense, do you understand?" He ordered them.

"Yes, sir."

Several servants responded and went out.

"You two adults are polite. Master Ming mentioned to the Ghost Emperor before that he wanted to send someone to Wuzhu Tea House to ask you to come and help. I didn't expect that you are already here."

He smiled at Sui Zi Mo and said.

They mentioned to the Ghost Emperor that they wanted to invite people from Wuzhu Tea House.

It's a pity that their Ghost Emperor felt that it was so embarrassing that such a thing happened to his clan, so he didn't agree with their opinions at all, and he had no intention of inviting the people from Wuzhu Tea House.

Of course, he would not say this to the two adults in front of him. Just assume that the Ghost Emperor agreed to invite the people from Wuzhu Tea House.

The meaning of Lord Ming and several of their ministers was already obvious.

As long as they can find out all the strange things that happened to the ghost clan, they are willing to invite them no matter who it is.

Chapter 3296 How do you want to arrange it?

After all, too many people died this time, and those stolen babies still don't know whether they are dead or alive.

But their Ghost Emperor...

Forget it, there are some things that you don't want to think about. Since the two adults from Wuzhu Tea House have already arrived, maybe the ghost tribe has some children and there is a possibility of saving them?

The Ghost Emperor's thoughts were not something they had to worry about. There were more important things they needed to do.

...

After a while, they came to the hall and sat down.

The minister still had a smile on his face and said hello to them, but soon, the smile disappeared from his face. When he mentioned so many missing babies of the ghost tribe, his face looked very bad.

His family has no newborn children, but he can also sympathize with the parents who have lost their children.

Especially now, all the children of the Ghost King have disappeared, and the entire ghost tribe is in panic. Everyone is afraid that they will be imprisoned after sleeping.

"Two adults, Master Ming heard that you are coming, and would like to ask if you can...send a few more ghost guards from the ghost palace to check for safety?"

He asked the two of them.

Afraid that Lin Caisang and Sui Zimo would not agree, he added another sentence at the end.

"Of course, we are hiding secretly so that no one will find us. The ghost guards who can be sent are specially trained and can become invisible."

he said.

"Can.

Lin Caisang nodded without thinking.

This is a ghost tribe, so even if we consider ourselves on their territory, we can't refuse their kindness.

Otherwise, if someone sets a trap for them, wouldn't this cause trouble for them?

"You can arrange whatever arrangements Master Ming wants to make," she said.

"well."

The minister was immediately happy when he heard her words.

Originally, they wanted to do this. They found a woman who was about to give birth and sent people to guard her. The person who stole the child again was caught.

But I've done this before, but it still didn't work.

The baby was still stolen, and they didn't notice it at all, which made them all feel that the ghost guards were too incompetent and were just for good reason.

"Thank you two adults. As for the ghost woman, we have made arrangements. She came out of the ghost palace and there will definitely be no problem." He added.

"good."

Sui Zimo responded.

No matter who they are, they only need to keep an eye on the vaginal woman they brought and the child in her belly.

...

"Those two people are really here?"

In the ghost palace, the Ghost King called his attendants who were close to him and couldn't help but ask.

"Yes, Emperor, the people from Wuzhu Tea House have arrived. Now Master Ming has sent people to that house, saying that he will cooperate with them to catch the person who stole the child."

The attendant looked at the Ghost Emperor carefully and said.

"snort!"

The Ghost King snorted coldly.

"Those people, do you mean you can catch them if you catch them?"

If it were really so easy to catch, would there still be so many missing babies from the ghost tribe? Peace would have settled down long ago.

"Guiming is also useless. He can't be used for it, and he still wants to be embarrassed in front of outsiders! What's so great about Wuzhu Teahouse? I want to see what results they can find out. !"

"The emperor means..."

The attendant looked at the Ghost Emperor and spoke hesitantly, but he didn't know how to express what he was feeling.

Chapter 3297 I won't be soft

Regardless of whether the people from Wuzhu Tea House can find out, at least they are here. They are here to find out about the missing ghost baby, right?

Unlike the Ghost Emperor, he didn't care about the disappearance of so many babies under his rule.

Only when his child disappeared did he think of looking for it, and the first thing that came to his mind was that his child had been stolen by those who stole it.

Instead, the family whose child was stolen took revenge on him for not caring about their life or death, so he stole his child away.

To be honest, if he wasn't serving in front of the Ghost Emperor, he would have wanted to say something bad about the Ghost Emperor.

"Go and keep an eye on them and ask them to pay attention. Don't cause too much trouble among the ghost clan. It will end badly." The Ghost King glanced at the attendant coldly and ordered him.

Hearing this, the attendant glanced at the Ghost Emperor strangely.

"Yes, Your Majesty, I will order someone to keep an eye on me right now." He accepted the order and went out.

But he was wondering, now that the people from Wuzhu Teahouse have taken over this matter, shouldn't the Ghost Emperor be happy? Why do you still have this attitude?

Does the Ghost King really feel that it is embarrassing for outsiders to know that something like this has happened to their ghost clan?

But no matter how embarrassing it is, it is not as important as the future of the ghost clan.

If so many more babies are stolen, the youthful strength of the ghost clan will be gone, and the ghost clan will be exterminated, okay?

Haven't these ghost emperors thought about it?

"call!"

He came out of the Ghost King's place and breathed a sigh of relief when he got outside.

As an attendant of the Ghost Emperor, you must listen to the Ghost Emperor's words. Even if you feel something is wrong, you must do as he is told, right?

Thinking about it, it was really difficult. In his heart, he wanted to catch the child-stealing thing, rescue the children, and restore peace to the ghost clan.

But the Ghost Emperor was not happy, so he had no choice but to convey the Ghost Emperor's wishes.

...

In Lao Qi's home.

When the attendants around the Ghost Emperor came over, they did not see Lin Caisang and Sui Zimo, but saw the minister and blocked him directly.

"Is this...really what the Ghost Emperor said?" The ministers were shocked when they heard what the attendant said.

He looked at the attendant in disbelief. It took him a while to react and asked him a question.

"Yes, sir, you'd better be careful and keep an eye on the two adults at Wuzhu Teahouse. Don't touch the Ghost Emperor's brow. The Ghost Emperor's hands will not be soft."

The attendant thought for a while, but he didn't care that he was the person next to the Ghost Emperor, and reminded the minister.

Minister: "..."

He looked at the Ghost Emperor's followers speechlessly.

I really want to ask, what on earth is this Ghost King thinking?

It's just that I don't send people to investigate the missing children, but I'm not even willing to even hire powerful people to find out the truth from the families who lost their children?

He also asked him to keep people under guard. Wasn't this just to drive people away?

Who in Wuzhu Teahouse can't call you "sir" when you see him?

If people like this were really put under custody, they would not just leave. Would they still care whether the children of the ghost clan were missing all the time?

"Thank you, I will pay attention." The minister thanked the attendant.

"Now that the words have been conveyed, sir, I will go back and report to the Ghost King." The attendant could not stay any longer, so he informed the minister and then turned around and left.

Chapter 3298 Hongyin, catch him

"What is this all about?"

Seeing the attendant leaving, the minister sighed secretly.

It's not a bad thing that someone came to investigate the disappearance of the children, but he didn't send anyone to investigate. Did those children deserve to disappear?

How could their ghost clan have such a ghost emperor? Is the life and death of the people really not worth mentioning to him?

"It's not even as good as Lord Ming. It's simply...well, I can't say it, I can't say it."

He raised his hand to cover his mouth, not daring to say anything more, but he still sighed and turned back.

This time, with the help of the two adults from Wuzhu Teahouse, he believed that he would be able to catch the guy who stole the child. He must catch him!

...

Time, another two days passed.

There was no movement in the Yin woman's stomach yet, but the smell of Zi Juehua in the yard became obvious again.

"Zimo, I have a little headache."

The fragrant and slightly smelly smell gave Lin Caisang a headache.

"You should rest for a while and leave the other things to me." Sui Zimo carried her to the big bed in the room prepared for them by Lao Qi and his wife.

"Um."

Lin Caisang responded lightly.

"I think it's not the smell, but something else."

If it was just a matter of smell, how could she, a spiritual cultivator, have a headache? It was not like she had never smelled those complex smells before.

What's more, she is also an alchemist. What kind of smell has she not smelled when refining elixirs?

Nothing happened.

"I know."

What didn't Sui Zimo know? This must have something to do with Nazi Juehua.

"You rest first, I'll go outside to check..."

"ah!"

Before he finished speaking, he heard a woman's scream.

"What's wrong?"

Lin Caisang suddenly sat up from the bed and asked.

"I gonna go see."

Sui Zimo reacted and immediately turned around and walked out, ready to see what was going on.

As soon as he arrived outside, he saw a black shadow fighting with a silver line, and the scream was not made by the Yin woman, but by Lao Qi's wife.

She was bringing tea and snacks and was coming to Lin Caisang's room. Unexpectedly, as soon as she entered the yard from the kitchen, she saw a black smoke falling to the ground.

Then, a silver light flashed out and started fighting directly with the black shadow.

She was so frightened that she screamed, all the tea and snacks in her hands fell to the ground, and her legs became weak and she sat on the ground.

Suizi Mo looked sharply at Hei Wu who was fighting Hong Yin. It was obvious that he was no match for Hong Yin and he fell behind in just a few moves.

Red gold and red silver are two game black holes in the virtual world. All the characters here are no match for them.

That's why he can be used as his son's deputy so that he can be taken out to do missions.

"Red Silver, catch him."

"yes."

Hongyin responded, and his moves became even more ruthless.

Not long after, Heimu was caught by her, but...

"What is this?"

Looking at the thing in her hand, she also felt very strange, because she had never seen such a person who could pinch her waist with one hand.

How thin this waist must be!

"Master, this..."

"It's the Mutant Juehua!"

Sui Zimo said without giving her a chance to finish her question.

Chapter 3299 I am the mutant Juehua

"Zi...Zi Juehua?"

Lao Qi's wife, who fell to the ground with limp legs, heard Sui Zimo's words and trembled as she looked at the black mist in Hongyin's hand.

Is this Zi Juehua?

So, the person who captured their child was really not a human, but Zi Juehua, the mutant Zi Juehua?

"Where is my child? Where is my child? Give it back to me, give it back to me!"

At this moment, she didn't care whether she was afraid of the black mist or not. She struggled to get up from the ground, stumbled to Hongyin, and questioned the black mist.

She didn't care about anything else, she just wanted to know where her child was. 6

That was her first child. The whole family was looking forward to the arrival of this child. As a result, the child arrived, but disappeared in the blink of an eye.

How can she accept this?

When there was no hope, she could pretend not to care, but when she had hope of finding her child, her state of mind was naturally different.

"my child....."

"I didn't steal the child."

Just when she was about to ask the mutant Juehua again, she heard the mutant Juehua speak.

"hiss!"

She gasped.

She never dreamed that this mutant Juehua could actually speak. How many years of training would it take?

"Whether you believe it or not, I also want to know who stole those children. I followed many pregnant ghosts, but I still didn't track the person who stole the children."

Zi Juehua knew that this was a trap set by them, and had no intention of hiding it from them, so she said directly.

"you....."

"I am a mutant Zi Juehua. As a Zi Juehua, I have no children, but I have many brothers and sisters who were separated from me. They are basically ordinary Zi Juehua. Only one of them is mutated like me."

Sui Zimo wanted to ask questions, but the mutant Juehua didn't give him a chance and continued to speak.

"But he was still very young, so he was poached by someone while I was away. I looked for him everywhere, including the entire ghost clan. Later I heard that the babies of the ghost clan have been disappearing. , just followed."

"Hongyin, take him to Sonny's room first."

Sui Zimo felt that here, in this courtyard, was not a good place to talk, so he ordered Hong Yin.

Of course, he didn't forget that his wife didn't like the smell of Zi Juehua.

"Take away the smell on your body, it smells bad."

"oh."

Mutant Juehua responded.

"Hey, wait for me."

The minister also heard the noise and came in from outside, just in time to see Sui Zimo ordering Hongyin to bring the mutated child Juehua to Lin Caisang's room.

...

After a while, Lin Caisang was in Lin Caisang's room.

Lin Caisang was sitting on a half-lying stick, and several people were sitting in front of the table.

The mutant Juehua, still in the form of a black mist, was on the table, telling them how his brother was poached and why he followed those families who had lost their children.

"So, what you mean is that if your mutant Juehua is poured with the blood of a baby, it will mutate again and turn into a very powerful evil flower?"

The mutant Juehua talked a lot, and finally Lin Caisang summed it up like this.

This is also the reason why the mutant Juehua follows the families who have lost their children, because he knows that those children are definitely related to his poached brothers.

"Yes."

Chapter 3300 You won't just ignore everything, right?

Mutant Juehua responded.

"Our son Juehua, the modification is of no use at all. Even if it is mutated, at most it will look better, have a richer fragrance, and nothing else.

But there is one thing that Zi Juehua cannot get on, and that is pure baby's blood. If it gets on it, it will always absorb the baby's blood as nourishment and become a very powerful evil flower.

It would be okay if they were just wild flowers, but after all, they would not get a lot of baby blood, or if they were raised by others, there would be endless troubles.

As for my brother, he was obviously poached and raised by others. He is still young and doesn't even know good and evil yet. What if he is taken advantage of by bad people?

In fact, this is also the reason why our Zi Juehua is called Zi Juehua, because if the mutated Zi Juehua is stained with human blood, it will turn into a vicious flower. It has always relied on absorbing human blood as nourishment, and it is still a baby's. Blood.

"It's actually like this!"

Lin Caisang never thought that there would be such a relationship.

Because as far as she knew, Zi Juehua really had no effect, but of course she would not have thought that this mutated Zi Juehua could absorb human blood.

"Looking at the situation, it's impossible that your brother didn't absorb human blood." She looked at the black smoke on the table and reminded him.

Hearing Lin Caisang's words, Hei Yan was also silent for a while.

Of course he knew. With so many babies stolen, how could nothing happen?

"If that's the case, then I can only... kill him."

After hesitating for a while, he spoke quietly and said.

"Do you have the ability to defeat him?" Sui Zimo asked aloud.

Mutant Juehua: "..."

If you don't tell the truth, can't you tell the truth?

Even if he is not a member of the ghost tribe, he still wants to save face. After all, he is a mutant plant, which is rare and even more awesome.

"Isn't it true that we still have you? You people from Wuzhu Teahouse are here, so you won't just ignore everything, right?"

he said.

It doesn't matter if he can't defeat him, as long as they can defeat his brother, the ultimate goal is to prevent his brother from committing crimes.

Whoever defeats his brother is the same.

"But let me make it clear first, Zijuehua will not absorb human blood by itself. It must be fed by someone to passively absorb it." He said.

In other words, behind this incident, there is another person hiding behind his brother, who is brewing some unknown conspiracy.

"That means someone from the ghost tribe is using Zi Juehua to do evil?" the minister said quietly.

"But our ghost tribe never knew that Zi Juehua had such abilities. Who would do such a thing? What's more, who would be so cruel and steal so many children just to give the mutant Zi Juehua Absorb blood?

Could it be a human race or a demon race? "

he guessed.

In short, he did not believe that there would be anyone in the ghost clan who would harm his compatriots in the ghost clan to achieve his own goals. How cruel such a person must be!

He would rather believe that they came from other places, such as humans and demons.

"Sir, there are no children between humans and demons." Lao Qi reminded the minister carefully.

In a place that doesn't even have Zi Juehua, how could it be possible to know that Zi Juehua can be raised with blood after mutating?
