Chapter 3301: Brothers with the Ghost Emperor

"this....."

After hearing Lao Qi's words, the minister didn't know what to say.

Yes, this is correct. The other two tribes don't have Zi Juehua. How can anyone from the ghost tribe understand Zi Juehua?

"Having said that, you two adults, it's so pitiful that I have been in the Ghost Palace for so many years, and I didn't know that Zi Juehua still had such variables, let alone other people.

How could ordinary people know that the mutant Juehua can absorb blood? "

This is impossible at all.

It was also his instinct that he didn't want to believe that there could be such cruel people among the ghost clan, who would treat human life as a trifling matter just to make the mutant Juehua become cruel.

If you do this, won't you harm the people in the ghost clan?

"It's not something everyone knows, right?"

Sui Zimo looked at Zi Juehua and asked.

"this....."

The mutant Juehua felt Sui Zimo's eyes and placed them on him again.

"It's not necessarily true. We Zi Juehua all know this secret, but there are really very few mutant Zi Juehua who can practice like me and can speak. Is there anyone else among the ghost clan? I really don't know. Know.

But one thing I know is that using the blood of babies to turn the Mutant Juehua into a vicious flower, it is best to start from a seedling and cultivate to an accomplished Mutant Juehua, there is no big use.

"It seems that someone really wants to do something big." Lin Caisang said with a smile on his lips, looking at the others.

Others listened to her words and their hair stood on end. How could the ghost tribe meet such a person? He would do anything for his own selfishness.

"This matter cannot be delayed. I have to report it to Master Ming and the Ghost Emperor as soon as possible." The minister also knew the seriousness of the matter, and after saying a few words to Lin Caisang and the others, he left.

...

"Lao Qi, who is this Master Ming of your ghost tribe?" After the minister left, Sui Zimo looked at Lao Qi and asked him.

This Master Ming is not ordinary. It feels like his status is almost the same as that of the Ghost Emperor, right?

"Back to your lord, Lord Ming and the Ghost Emperor are brothers. Of course, after the death of the old Ghost Emperor, he was originally going to hand over the throne to Lord Ming, but Lord Ming didn't like being the Ghost Emperor, so he let the current Ghost Emperor take the throne. The Lord of the Ghost Clan."

Lao Qi explained to them.

There is no one in the ghost clan who doesn't know about this matter.

"The Ghost Emperor is also very taboo about this matter. He has ordered that no one from the Ghost Clan is allowed to mention it. If you hadn't asked me today, I would not dare to say anything nonsense."

Who would be happy that his throne fell to his brother because he didn't want it?

What's more, their Ghost King is very self-interested. Ever since he became the Ghost King, he has often suppressed Master Ming overtly and covertly. Isn't it because he is afraid that he will take away his position as the Ghost King?

"So, Master Ming also has considerable rights in the ghost palace, right?" Lin Caisang asked.

"yes."

Lao Qi nodded in agreement.

"Master Ming used to have more control over it. In recent years, the Ghost Emperor caught Master Ming for some minor mistakes and took back many of his rights. Master Ming did not control so many affairs.

But I heard that there are many ministers in the Ghost Palace who are all interested in Master Ming. After all..."

At this point, he became cautious, looked around, and kept his voice very low.

Chapter 3302 Ghost Book Pavilion

"Our Ghost Emperor never thinks about the people. Many things come to a result only after Master Ming raised them to the Ghost Emperor many times. Just like this time, so many babies have disappeared, and the Ghost Emperor also Nothing was said.

Lord Ming has already asked the Ghost Emperor for a thorough investigation several times, but to no avail. It is estimated that Lord Ming will have to mention it a few more times before the Ghost Emperor will give the order. "

As he spoke, he curled his lips.

"But, it is estimated that Lord Ming will investigate this matter in the end, and the Ghost Emperor will not care about it."

"Tsk."

Lin Caisang clicked his tongue lightly.

"How can it still be like this?"

Could such an irresponsible Ghost Emperor still be the leader of the Ghost Clan for so many years without being pulled down?

"Then you, the Ghost Emperor, have been very inactive these past few years, and have done nothing for the people of your clan?" she asked.

Hearing this, Lao Qi's wife curled her lips in disdain.

"Not only did they not do anything for the clan, but people like him are probably thinking about how to suppress Master Ming. I really don't know how our ghost clan can be like this... ugh!"

Before she could finish her words, Lao Qi covered her mouth.

"Keep your voice down, don't let the ghost guards outside hear you."

It was so loud that the ghost guards outside wouldn't be able to hear it. You know, even though the ministers who came to their house had left, the ghost guards were still there.

The Ghost Emperor has been suppressing Master Ming these years. There are also many spies of the Ghost Emperor around Master Ming, not to mention that those ghost guards came from the Ghost Palace.

They are the people around the Ghost King.

The woman looked at her husband and nodded, indicating that she understood.

Only then did Lao Qi put down his hand and stopped covering Ye's mouth. He really didn't want to bring any trouble to his family.

"call!"

He let out a heavy breath.

"Two adults, you may not know that the Ghost Clan has been having conflicts with Master Ming over the years. However, Master Ming has been giving in, and the Ghost Emperor...

It's okay not to mention it, it's really..."

He shook his head and said nothing more.

...

In the ghost palace, in a remote palace.

"Mutant Juehua?"

Holding a book in his hand, the man had a look of surprise on his face when he heard about the mutant child Juehua.

"What happened to the mutant Juehua? Could it be that these were all caused by the mutant Juehua? Have you caught them yet? So fast? Where are they?"

"Well."

When the minister heard his questioning, he was immediately choked.

"No, Lord Ming, although we caught the mutant Juehua, it seems that it was not the mutant Juehua who stole those babies, it should be someone else."

he said quickly.

"What's going on? Please tell me clearly." Lord Ming put the book in his hand on the table and asked him.

After hearing this, the minister told Master Ming all the things he heard at Lao Qi's house. The more he talked, the uglier Master Ming's face became.

"So, someone is raising the mutated Absolute Flower, and wants to turn the Mutated Absolute Flower into a ferocious flower to bring disaster to the ghost clan?" he asked.

If this is the case, then this person must not be forgiven, and this person must be caught as soon as possible.

"Yes, Master Ming, that's it." The minister responded.

"Mutant Juehua..."

Master Ming murmured in his mouth while falling into deep thought.

"I seem to remember seeing the record of mutant child Juehua in the Ghost Book Pavilion. Let's go to the Ghost Book Pavilion."

Chapter 3303: You don't want to kill him to silence him, do you?

"What?"

The minister saw Master Ming walking out and quickly followed him.

Is there actually a record about the mutated sub-flower in the Ghost Book Pavilion? Many of their ministers have been to Ghost Book Pavilion and have never seen it.

Could it be possible that someone saw it and destroyed the records about the mutated child?

I have to say that the minister really told the truth.

When they came to the Ghost Book Pavilion, Master Ming came to the place where he had seen the record of the mutant child Juehua in his memory. He searched all the books but could not find that book.

"It was obviously here, how could it be gone?"

He still didn't believe it, so he continued to flip through each book. He was already flipping through it for the second time, fearing that he might have missed something the first time.

The books in the Ghost Book Pavilion will not be placed randomly. They will be put back where they were taken from, and they will not be allowed to be rearranged or moved.

And he was certain that he had seen records of mutant Juehua in this place.

So.....

"Someone came and took this book away?"

After a long time, he finally realized the fact that someone came and took the thing away, so he couldn't find it.

"Lord Ming, who can take away the books from Ghost Book Pavilion?" the minister asked in a low voice.

Even when Master Ming goes to the Ghost Book Pavilion, he can only borrow books. After reading them, he has to return them and have to register.

"unless....."

"Shut up!"

Before the minister could say anything, Lord Ming stopped him.

Naturally, he would not believe that the Ghost Emperor would take away the records of the mutant child Juehua.

But only the Ghost Emperor can take away the books in the Ghost Book Pavilion without making any registration. Who else could he be if he wasn't the Ghost Emperor?

The minister curled his lips and said nothing more.

But in his heart, he was already very suspicious of the Ghost Emperor. If anyone wanted to create a fierce flower, the Ghost Emperor would still be very suspicious. What's more, the Ghost Emperor really didn't put the people of the Ghost Clan in the first place. In eyes.

The life and death of the people in the ghost clan were nothing in the eyes of the Ghost King.

"Master Ming, what should we do now? Check the whereabouts of that book?" he asked.

Hearing this, Master Ming glanced sideways at him.

If you could find out who stole those babies by looking at the whereabouts of a book, that would be too simple.

"You continue to go to those guards, and I'll go find the Ghost Emperor to ask about the situation." He ordered.

"Yes, Master Ming."

The minister responded, turned around and left.

Originally, he was going to report to the Ghost King after reporting to Lord An, but now...

He really doubted whether he would be able to get out if he went to the Ghost Emperor. Wouldn't the Ghost Emperor want to kill him to silence him?

When he came outside the Ghost Book Pavilion, he raised his hand and touched the back of his neck, feeling that this was really possible.

"Could it really be him?"

In the Ghost Book Pavilion, Master Ming also had the same suspicion in his heart, but he really didn't want to believe that his brother could be such a person.

...

"Caught a mutant Juehua?"

In the Ghost Emperor's palace, he also received a report from the Ghost Guard and learned what happened in Lao Qi's home.

"You really underestimated them. They were able to catch the mutant Juehua. If I had known, I should have killed that thing!"

He took a deep breath and gritted his teeth.

But when he personally went to dig up the mutated Juehua, he didn't see the big one.

Chapter 3304 Who could it be? !

And in order to avoid any accidents, he directly dug up the mutated child Juehua and came back without even thinking that it would cause trouble.

For a moment, he did not think that the mutant Juehua that Lin Caisang and the others caught was the one that he did not kill at the beginning. He just felt that his affairs might be exposed and let them know. I am raising evil flowers.

At this moment, he naturally would not have thought that Lord Ming, his brother would have already suspected him because of this.

"It seems that you have to be more careful."

He murmured to himself, feeling a sigh of relief in his heart.

Fortunately, he had already captured almost all the children. With so many children, they were enough to raise the ferocious flower of the mutant child Juehua.

It's just that he still hates it and can't figure out who would steal his son away!

"Who could that person be?!"

His face turned gloomy, and he gritted his teeth and asked himself.

He doesn't care about a son. After all, he is the Ghost Emperor. There are many women around him, and there will be even more children in the future. He is not afraid of not having a son.

But, was the person who stole his son away from him in revenge for not caring about the disappearance of the ghost baby?

Or do you already know that he is the one who stole all those children?

He couldn't be sure about this, which was the most troublesome. He didn't hope it was the latter at all, but what if it was the latter?

He was on tenterhooks every day, fearing that the ghosts would know that he secretly sent those children there.

"Damn it, who is it?!"

We must catch that person, otherwise how can he feel at ease?

However, the problem is that he doesn't even know who stole his son.

That's why recently, he used his anger to destroy a large number of families that had lost their children one by one, because he felt that the person who stole his son was among those people.

"call!"

I can't think about it anymore, the more I think about it, the angrier I get.

Breathing out a heavy breath, the most important thing now is that the two people in Wuzhu Tea House can no longer be kept.

...

In Lao Qi's home.

The mutant Juehua is still there and has never left.

Of course, Sui Zimo and Lin Caisang would not give him a chance to leave. Hongyin kept staring at him without moving.

After a long time, the mutant Juehua could no longer bear it and spoke to them.

"Are you sure you won't let me leave?" he asked.

"You want to leave?"

Lin Caisang asked him, wouldn't it be good to stay with them? Let's find out who took away so many children.

So, why leave?

"no."

The mutant Juehua spoke.

Of course he didn't want to leave, so he finally found a few people to investigate what he wanted to know.

"I don't want to leave, but if I don't go back, the child will starve to death." He said quietly.

"child?!"

Hearing this, Lin Caisang sat up from the recliner in shock.

What children? Doesn't the disappearance of those children have nothing to do with him?

Why do you have another child now?

"not....."

With a guess in her mind, she couldn't help but glance at her husband, and then at the mutant Juehua.

"Did you steal the Ghost Emperor's son?" Sui Zimo asked.

"uh-huh."

The mutant Juehua didn't deny it and nodded directly.

"That Ghost King has done nothing, so he shouldn't be allowed to rule the Ghost Clan."

Chapter 3305 I feel so panicked

Who told the Ghost Emperor to know that so many children were missing, but he didn't even investigate? The Ghost Clan lost so many children all at once, did he really think it was nothing important?

How can a person like this deserve to be the emperor of the ghost clan?

"Since he thinks it doesn't matter if those people lose their children, then I will let him experience the feeling of losing a child," he said.

Lin Caisang \u0026 Sui Zimo: "..."

So, it's really an act of revenge, isn't it?

But the one who takes revenge on the Ghost Emperor is not the families who lost their children, but the mutant flower in front of them?

"Do you know that a large number of people from the ghost clan have died because of your revenge?" Lin Caisang said to him quietly.

"I know."

The mutant Juehua continued to nod.

"Aren't those people worthy of their death? They were all people who followed the Ghost Emperor and did many bad things, weren't they?" He asked them.

If those people were ordinary people, he should have returned the Ghost Emperor's child, right?

But those people were all those who used to follow the Ghost Emperor, bullied them, did many bad things, and harmed many people. If they died, they would die, and he didn't want to care about them.

"What did you say?"

Hearing his words, Sui Zimo narrowed his eyes dangerously and looked at him.

"Are the people who died before all close to the Ghost Emperor?"

Turning his head, he looked at the seventh wife who had just walked in to bring them tea, and asked.

"yes."

The seventh daughter-in-law nodded.

"The Ghost King probably thought that only those close to him would have the chance to steal the Ghost Prince, so he attacked them first and killed a large number of them.

Moreover, they are all the ones who want to wipe out the entire clan. It's so miserable, not a single one is left, and we don't know when it will be our turn. "

Thinking that they might also be destroyed, she felt very panicked.

"Yeah?"

Lin Caisang turned his eyes and looked at Sui Zimo.

"How could it be such a coincidence, Zimo, what do you think?"

Sui Zimo's thin lips curled up slightly and he smiled coldly.

"It seems that this matter is really difficult to investigate." He said.

He had been thinking before, where could the ghost clan find records about the mutant child Juehua? Even Wuzhu Teahouse didn't have it.

He thought, there is no other place besides the palace, right?

And now, it is learned that the first batch of people killed were actually people around the Ghost King, which makes it even more suspicious.

Even if the Ghost King is suspicious again, he will not doubt the people around him first, right? Unless the Ghost King has other ideas, and these ideas can only be realized by the ghost guards close to him.

Then, the Ghost King wanted to kill people and silence them?

"Go directly to the Ghost Palace?" Lin Caisang suggested.

"Going to the Ghost Palace?"

When the seventh daughter-in-law heard her words, she was almost scared out of her wits.

What kind of place is the Ghost Palace? Can anyone enter it if they want to? What's more, they also heard that the minister kept saying that the Ghost Emperor did not like the two adults of Wuzhu Tea House.

Just like that, if they still go to the ghost palace, they are looking for trouble.

"Two adults, is it impossible for you to go to the Ghost Palace?" She looked at them carefully and asked.

Hearing this, Lin Caisang and Sui Zimo looked at each other, and she shrugged.

Yes, it is completely impossible to go to the ghost palace now. It is strange to be able to go in. The ghost emperor does not want to see them. If it is really as they guessed, he might want to let them die early and be reborn.

Chapter 3306: Fight with him for everything

"It's really troublesome.

I want to go into the ghost palace to check, but I can't get into the ghost palace, so how can I check it out?

"Headache."

She lowered her head and raised her hand to caress her forehead.

Seeing this, Sui Zimo walked over and came to her side.

"Don't worry, there is always a way."

...

In the ghost palace.

Master Ming has already come to the Ghost Emperor and told the Ghost Emperor everything he found out.

Even the matter of the loss of the books recorded by the relationship mutant Zi Juehua in the Ghost Book Pavilion was told to the Ghost Emperor.

"Such a thing happened. The books in the Ghost Book Pavilion were actually lost?" The Ghost Emperor pretended to be surprised and looked at Lord Ming.

Instead, he changed the topic to the Ghost Guard, obviously not wanting to mention the mutant Juehua.

"What do these ghost guards guarding the pavilion do for food? They all deserve to die!"

"Ghost King, this matter has nothing to do with the ghost guards guarding the pavilion. They..."

Lord Ming knows the character of the Ghost King, and killing a few people is nothing in his eyes, but isn't the life of the Ghost Guard life?

Therefore, he opened his mouth to plead for the Ghost Guard.

"Brother, since the ghost guard was careless and lost the books in the Ghost Book Pavilion, he was derelict in his duty. Such useless things should not be left in the ghost palace!"

How could the Ghost Emperor give him this opportunity to persuade him and plead with him?

He also understands that this brother is the most soft-hearted. As long as he wants to kill someone, he will definitely plead for mercy.

Even though he begged for mercy, those people were still dead. Guiming felt sad for a while and had no intention of telling him anything about the mutant child Juehua.

Blood is often the best piece of cloth to cover up other things.

Sure enough, when the Ghost Emperor insisted on dealing with the ghost guards guarding the pavilion in the Ghost Book Pavilion, Master Ming left without saying anything.

"hehe."

After watching Master Ming leave, the Ghost Emperor sneered twice.

How could he not understand his brother? The lives of several ghost guards were enough to make him sad for a while, but as long as these few days passed, he no longer had to worry about Gui Minghui taking away his title of Ghost Emperor. Bit.

But what he didn't know was that when Gui Ming left the ghost palace, his eyes sharpened.

"It seems that it is really him."

He sympathized with the ghost guards, but that didn't mean he was a fool.

If the Ghost King is changing the subject and he doesn't understand such a simple truth, then he is really stupid, isn't he?

"What does he want to do by catching so many babies for a vicious flower?"

He gritted his teeth and whispered to himself.

Since childhood, he has known that his brother attaches great importance to the throne and will compete with him for everything.

But he really doesn't want to grab it. The throne means nothing to him.

So when the late emperor wanted to give him the throne, he didn't ask for it. Instead, he recommended his brother to let him enjoy the high position.

But what he didn't expect was that even if he gave up the throne to him, he would not feel at ease. Instead, he would deal with him even more aggressively.

Of course, he could only give in to all these. Anyway, those powers were not what he wanted.

He just wants to see the people of the ghost tribe live a good life, without worrying about three meals a day or excessive taxes.

But now...

Thinking about so many babies being stolen, he originally just felt that the Ghost Emperor was inactive and did not think about the worse.

Chapter 3307 This is murder and silence!

As long as he still has enough time to argue in front of the Ghost King, it will be the same for the two brothers to work together to govern the Ghost Clan. He really thought this way before.

But today, he was really disappointed with his brother.

Could he actually mutilate so many babies for his own selfishness? These are the future of their ghost clan!

"Master Ming, what should we do now?"

The ghost guard who had been following Lord Ming looked at the look on his face and asked in a low voice.

Even he looked at the Ghost Emperor and saw something was wrong. Lord Ming couldn't possibly not see it. So, what are they going to do now?

"Let's get out of here first."

Master Ming turned his head, glanced at the ghost palace behind him, took a deep breath, and then said.

He didn't want to discuss how to do it here. Firstly, the man inside was his brother after all; secondly, this was a ghost palace, and they were all the Ghost Emperor's people after all. Whatever they said would be heard and passed into the Ghost Emperor's ears. Inside.

"Yes, Master Ming."

The ghost guard responded and left with Lord Ming.

...

In Lao Qi's home.

The minister had returned and told Sui Zimo and Lin Caisang his guess.

"Knew it."

The two of them had already guessed that this was a possibility and were not surprised at all.

But it was the minister who was surprised first when he saw the calm expressions on their faces.

"Two adults, do you...all know?"

Impossible, he was just guessing. He only thought of the Ghost Emperor based on the fact that the books in the Ghost Book Pavilion disappeared for no reason.

But the two people in front of them seemed to have known about it for a long time.

"Um."

Lin Caisang nodded.

"Didn't he execute a large number of people around him?"

she said.

"ah?"

The minister didn't understand for a while.

Wasn't that what the Ghost Emperor did in a rage because he felt that the people around him had stolen his son away?

Could it be that from this incident, we can imagine that the ghost emperor was responsible for stealing the baby?

Could it be...

"hiss!"

He gasped.

"This is murder and silence!"

Yes, isn't it just to kill people and silence them? Is this because he is afraid that the people around him will know what he has done, so he deliberately finds an excuse to deal with those who may know the secrets?

This is too cruel, those people are all loyal people who have been following him!

Can this be done?

"For a vicious flower, he killed so many subordinates. Is it... worth it?"

"Why isn't it worth it?"

The mutant Juehua, who had been silent until now, spoke.

"Our mutant Juehua's ability is not small, how can it be matched by a few people from the ghost clan?"

"this....."

When the minister heard what he said, his expression was very bad.

No matter how powerful she is, what can she do? Apart from killing people, the mutant Juehua who has absorbed the baby's blood can't do anything else, right?

"Is this Ghost King seeking his own death? Can Fierce Flower recognize who should be killed and whether he should be killed?" He asked quietly.

"Well."

This sentence stunned the mutant Juehua.

Yes, the mutant Juehua absorbed the baby's blood, which is not recognized by any of his relatives, let alone the ghost clan, even the brothers who branched him out will not let him go.

When the Ghost King raised such a vicious flower, did he want to deal with others or himself?

Chapter 3308 Cooperate with those people

This question really needs to be verified, and he doesn't know the answer anyway.

Because he has never absorbed the baby's blood, nor has the mutant Juehua around him, so he really doesn't know.

...

It was night, and the ghost clan was quiet as usual, with no movement at all.

But the ghost guard who was asking what to do before was now following Master Ming to the door of Lao Qi's house.

"Master Ming, do we want...them to cooperate?"

He looked at Master Ming with some uncertainty and asked.

Although he has heard that the people at Wuzhu Tea House are very powerful, he heard that they are from the human race.

If they cooperate with people from the human race, they won't be disliked by the people from the ghost race, right? The Ghost Emperor would seize this and frame them.

After all, the human race and the ghost race have never been in harmony.

Moreover, relying on their own strength, the ghost tribe also looks down on the human race.

"Is there a better way?" Master Ming asked him calmly.

"Master Ming, with your strength, it is not impossible to cooperate with the Ghost Emperor..., is it?" The Ghost Guard was still a little hesitant, feeling that it would not be good to cooperate with the people from Wuzhu Tea House.

If it was just a few people from the ghost clan who invited people from Wuzhu Teahouse for their own benefit, then they could just turn a blind eye and pretend they didn't see it.

Master Ke Ming is a member of the royal family of the ghost clan. He would be criticized if he openly cooperated with the human clan like this.

"There's absolutely no need for us to cooperate with those people, right?" he reminded.

Hearing this, Lord Ming just glanced sideways and glanced at the ghost guard beside him.

"That's not what you said."

If it was just to make the Ghost Emperor abdicate, of course he could do it alone.

Although he has been giving in all these years, giving in does not mean that he is really weak and has nothing.

The strength is still there, and the people around him who are loyal to him are also there. As long as he says a word, they can rise up and resist. The Ghost Emperor is not his opponent.

However, what he wants to do now is not to directly pull the Ghost Emperor from the throne.

There were so many babies. He believed that the Ghost Emperor couldn't kill them all, right? There must be many alive, and these babies can always be rescued, right?

This is the most important purpose. Only by rescuing the children can he do what he should do.

"The missing baby must be found first."

After hearing Master Ming's words, Ghost Guard remembered that there were still so many babies that had not been found, and he didn't know what was happening to them now.

So, we really have to find the children first before we can deal with the Ghost King, right?

"Then you're going to knock on the door?" he asked.

"No need."

Lord Ming shook his head and entered the courtyard with just a flash of movement.

When the ghost guard saw this, he immediately followed.

However, when they had just stood still in the courtyard and before they had time to see what the courtyard looked like, they felt a sharp murderous aura coming towards them.

"drink!"

The ghost guard was startled and took a few steps back before narrowly dodging the attack.

When he turned around to look, he saw a man striking at them one after another, and all of his moves were fatal.

Master Ming was also attacked. He took several steps back and separated himself from his ghost guards, so that no two of them were attacked by the man at the same time.

Chapter 3309 In short, he is too difficult!

And the man who attacked them...

It was the red gold in the water tank in the yard that was guarded by the master's order.

When a stranger came, he naturally jumped out of the water tank and beat Master Ming unceremoniously.

Although there are two people on the other side, for Hong Gold and Red Silver, who exist like loopholes in the virtual world, any one of them can come out and deal with the two people in front of them, isn't it more than enough?

After only a few moves, the ghost guard, who thought he was a figure in the ghost clan, was beaten by Hong Jin, and his face hurt everywhere.

Master Ming was not much better either. He was also hit on the face and was hit several times.

The two of them murmured in their hearts at the same time: What's going on with this guy? He doesn't hit him anywhere, but he insists on saying hello to his face? Are they shameless?

After a while, several people who were discussing things in the room heard the noise outside and quickly ran out to see what was going on.

When the minister saw Master Ming and the Ghost Guard who were completely suppressed by the red gold, his jaw dropped to the ground in shock. He didn't even know that this red carp could be so powerful!

Don't ask him how he knew. He had seen the red and silver transformation before, and now it was placed in the water tank on the stone table in the yard. Another red carp was missing again. How could he not have thought of it?

"Stop...stop fighting...Two adults, that is our Lord Ming."

After a long while, he found his voice, looked at the two people who were beaten, then at Lin Caisang and Sui Zimo, and said quickly.

"Master Ming?"

Lin Caisang was also stunned.

She thought the Ghost Emperor thought they were a problem and had found someone to deal with them.

But he didn't expect that the person coming over would be Lord Ming.

"Hongjin, stop, go back."

Sui Zimo immediately shouted at Hong Jin.

After listening to Sui Zimo's words, Hong Jin flashed and disappeared directly in front of Lord Ming and the ghost guard.

And then there was a muffled sound of entering the water, and there was already a red carp in the fish tank.

"He...I...you..."

Lord Ming watched helplessly as he fought with them just now... Oh, no, it was the man who beat them so hard that they couldn't breathe. He just turned into a red carp and was swimming leisurely in the water...

He felt so sour in his heart, it was so... he wanted to... and he didn't know what he wanted to do.

In short, he is too difficult!

"Master Ming, why did you come here?" The minister hurriedly came up to greet him and asked Master Ming.

"I....."

Lord Ming opened his mouth, wanting to say that he was here to ask if the people at Wuzhu Tea House could find a way to find and rescue those babies.

Of course, if he really saves people, it will naturally come from the people around him. After all, there are only two people in Wuzhu Tea House.

But now...

"hiss!"

He raised his hand and poked his painful face.

He felt that it was not as simple as letting the people at Wuzhu Teahouse find a solution. He had to quickly ask for help from the people at Wuzhu Teahouse to find and rescue all the babies.

After all, if you find it early, you can save more lives.

"Introduce me to the two adults from Wuzhu Tea House." He ordered the minister.

"Yes, Master Ming."

The minister responded and turned to look at Lin Caisang and Sui Zimo.

"Master Ming, please follow me."

...

Not long after, inside the main room of Lao Qi's family.

Chapter 3310 How could he be forgotten?

Lin Caisang, Sui Zimo, and Lord Ming and others all sat down.

"So, are you sure that the person who stole so many babies is the Ghost Emperor himself?" Lin Caisang looked at Master Ming seriously and asked.

"Yes, no doubt."

Master Ming took a deep breath and nodded.

If I hadn't been sure of it, I wouldn't have put such a big dirty hat on my brother's head.

After all, once something like this happens, his face will be tarnished, right?

"Two adults, I have to trouble you about this matter and see if you can find out where the Ghost Emperor hid those babies." He looked at the two of them and asked.

"this....."

Lin Caisang hesitated.

It is not an easy task to find those babies, and she has no better way.

"Zimo, what do you think we should do with this?"

She looked at her husband and asked him.

"Mutant Absolute Flower."

Sui Zimo glanced at her, and then turned his attention to the mutant Juehua they captured.

"Yeah, why did you forget about him?"

Lin Caisang looked at the mutant Juehua and felt happy.

"What do you mean, can you find it?"

"It depends on where my brother is. If it's too far away, I won't be able to find him." The mutant Juehua thought for a while before saying.

Hearing this, Master Ming took a deep breath again.

"The Ghost Emperor will generally not leave the Ghost Palace, but the mutant Juehua will never be trusted by others, so she will definitely be by his side."

He was very sure of this. If there was a mutant Juehua, it must be in the ghost palace.

"But in the past few days, I have not smelled the scent of the mutant child Juehua in the ghost palace, so I am not sure whether the mutant child Juehua is in the ghost palace."

"The young mutant Juehua doesn't have much smell." The mutant Juehua said.

"But our son, Juehua, can smell even a little bit of scent, as long as he doesn't hide his scent.

Of course, I can also be sure that my brother still doesn't have the ability to hide his aura.

So as long as I get within one mile of him, I can smell his scent. "

In particular, since his brother separated from his body, he can sense it even more, and there is absolutely nothing wrong with it.

"It seems that we can really enter the ghost palace." Lin Caisang chuckled, looked at Lord Ming and said.

"I have to make arrangements."

Master Ming did not take them directly into the ghost palace, but said something to them.

After all, it is not easy to enter the Ghost Palace. The Ghost Palace is full of people belonging to the Ghost Emperor. If he wants to bring people in, he must either find a legitimate reason that the Ghost Emperor cannot refute.

Or, let them dress up and follow him into the palace.

The former is definitely not possible. There is no way the Ghost Emperor would let people from Wuzhu Teahouse enter the palace.

"Someone will come to take you into the palace tomorrow," he said.

"Can."

Lin Caisang nodded.

They can still wait for a day, as long as they can find those babies and get rid of that guy.

But they didn't expect that before they entered the palace, not long after Master Ming left, the masked ghost guards sent by the Ghost Emperor to kill and silence would appear in Lao Qi's home.
