

## Star of Space 3321

Chapter 3321 Leave no useless people behind

No wonder, Master Ming has been trying to find the person who stole the baby, but the Ghost Emperor has been putting off doing it, as if it was a trivial matter.

It turned out that it was not because this matter was a trivial matter, but because it was caused by the Ghost Emperor himself.

"waste!"

The ghost guard heard what he said and threw him away.

He had already winked at this guy, asking him to admit the crime, and said that he had seen suspicious people coming.

Who knew that this ghost guard was so dishonest that he refused to take any trouble from him? perform

The leader of the ghost guards was thrown away by him, and it didn't matter. He just stood up, took a few steps back, and then continued to stand, watching the ghost emperor and his henchmen ghost guards acting there.

"Ghost King, what's going on?"

After a while, Master Ming also came over with a large number of ghost guards. He was almost frightened when he saw the densely packed babies.

"This emperor..."

The Ghost Emperor just wanted to explain, saying that this matter had nothing to do with him.

But Lord Ming didn't give him a chance to explain at all, and shouted directly at the person behind him.

"Come here, hurry up, wrap up these children, go find some tree powder, and feed them.

"Yes, Master Ming."

After hearing his words, the ghost guards separated some of them, took off their red cloaks, picked up the children, wrapped them in their cloaks, and carried them out.

Some babies stop crying after being held, but some babies still cry hard. What makes them unlucky is that they met a vicious person like the Ghost King, who even gave them several meals a day without feeding them. Woolen cloth?

"Ghost Emperor, should you give us an explanation as to why so many babies are outside your dormitory?" After all the children were taken down, Master Ming looked at the Ghost Emperor and asked coldly. .

Some other ministers, as well as several veterans who had followed the previous Ghost Emperor in the Ghost Palace, also looked at the Ghost Emperor with angry eyes.

Everyone knew very well that this matter was caused by the Ghost Emperor.

But the Ghost Emperor just doesn't recognize him.

"How do I know who wants to frame me? Ming, I will give you three days to find out these things for me. I will not leave any useless people under my command."

Seeing that his affair had been exposed, he didn't want to pimp with Master Ming anymore, so he gave him instructions with a cold face.

"you--"

Master Ming was almost angered to death by his words.

"Ghost Emperor, do you really want to investigate this matter? If I really find out, can you afford it?"

After taking a deep breath, he looked at the Ghost Emperor seriously and asked.

"Why can't I bear it?" The Ghost Emperor asked him with a cold smile.

He didn't leave any evidence behind, so Guiming still wants to find out about him? He couldn't find anything.

On the contrary, if Gui Ming can't find anything after three days, then he can find a reason to send Gui Ming out so that he will never want to live in the ghost palace again.

Originally, the Ghost Palace belonged to the Ghost Emperor alone. Why was Gui Ming, a minister under him, living in the Ghost Palace with him?

"Hurry up and bring someone to investigate this matter. The emperor has important matters and cannot delay here."

With that said, he raised his feet and walked towards his dormitory, without any intention of staying for a moment.

Chapter 3322 What a heartwarming scene

Maybe those people in Guiming didn't know that the Mutant Juehua was in the jade vat, and they just poured out the blood, along with the Mutant Juehua, instead of destroying or taking it away?

"good very good.

Master Ming looked deeply at his back and nodded.

"It's obviously him, Lord Ming, why don't you expose him?"

"That's right, Lord Ming, are we going to let him go like this? This time he was able to take away so many children. Next time, he might take away more children."

Several ministers around Lord Ming couldn't stand it, pointed at the Ghost Emperor's back, and said angrily.

Their ghost clan didn't have many children to begin with. What did a thousand children mean to them? Could it be that the Ghost Emperor didn't know clearly?

As for the Ghost King, for his own selfishness, he actually wanted to kill so many children. Does he still have any humanity?

"It goes without saying."

Master Ming already understood in his heart and just let them go.

If the Ghost Emperor continues to cause trouble in the Ghost Clan, the Ghost Clan will only get worse and worse. I am afraid that in a few years, even the Human Clan will not be able to compare.

"Get those children settled first, and we'll talk about the rest later."

The most important thing now is to settle the babies. As for the rest, he will take care of it. The Ghost Emperor will not be proud for long.

...

A few days later, in the ghost palace.

Lin Caisang and Sui Zimo went on several more missions together, and the mother bodies of the devil's sons in the Infinite Prison were finally brought to the virtual space.

However, there is really one thing among the ghost clan that puts everyone in trouble.

"So, many babies were killed by the Ghost Emperor, and the remaining children were not enough. Those who lost their children were at odds with each other?" Lin Caisang asked.

Who said that people in the ghost clan are cold-blooded? They are obviously much better than the human clan.

Even though he knew that 99.99% of the children he took back were not his own, he still took them back and raised them, and some people got into trouble because they didn't get the child.

What a heartwarming scene this is!

"Yeah, worry."

Lord Ming has now ousted the Ghost Emperor from the throne, but he does not want to be the Ghost Emperor himself, so he directly puts the Ghost Emperor's son, who was stolen by the mutant Juehua, on the throne.

Of course, until the child reaches adulthood, he still has to deal with the affairs of the ghost clan.

But at any rate, he is not the Ghost Emperor. As long as he waits for more than ten years, he will be free. He feels that it is good anyway.

But he is worried about this child!

"Did you promise anything to those people?" Sui Zimo asked.

If you just take a child home to raise, it is impossible to have such a situation, unless Guiming agrees to some things that should not be agreed to in order to raise the children well, allowing those people to happily hold the children gone back.

"this....."

When Master Ming heard his words, his expression froze and he secretly twitched the corners of his mouth.

How did he know that those people were so willing to take those children back and raise them because of his casual promise?

"I just promised them that as long as the children are raised, those children will be the first to be considered when the ghost palace needs people in the future, but it doesn't matter. Every year, the ghost palace needs some people. "

Lin Caisang \u0026 Sui Zimo: "..."

Chapter 3323 Just mutual benefit

Such a big promise, but it still feels like nothing.

"I have some Yin women over there. They won't give birth to children soon. Lord Ming, if you need it, can I leave them all here?"

She immediately took advantage of the opportunity and said to Guiming.

It just so happened that the mother bodies of those evil children were eliminated. No matter how hard those children were here, they would not be able to make waves.

"Need, need, badly need."

Master Ming's eyes lit up when he heard her words, and he nodded repeatedly.

How could he not need it? His head would be so big for the sake of those people who came to ask for children from him.

As a man, he would never be able to give birth to a bunch of children and take them back. Even if he could give birth, he would not give his children to others to raise.

Besides, he is still a man and cannot give birth at all!

"Two adults, thank you very much. In this way, my problem will be solved." He was finally able to breathe out a sigh of relief.

"Ah."

Lin Caisang smiled.

"It's just mutual benefit."

They also need to get rid of the mothers of the children of evil spirits, and the ghost tribe happens to be short of children. Isn't this a coincidence.

It just so happens that when the mother gives birth to the child, they can take the mother back, and let those who try every means to get the devil's son see whether they have the ability to deal with the devil's son.

...

When Sui Zimo and Lin Caisang left the Jinzhu Space, three days had passed.

Of course, doing tasks in the virtual space does not take time, but their children need to be entertained, and there are many things in the space that Lin Caisang needs to do.

When the man in silver was in a good mood and came to the Lin family with many of his men, hoping to pick up the mothers of the children of evil spirits, he saw a group of dull women with flat bellies and no goods at all.

"This is...this is..."

No matter how stupid he was, he still knew that these women with black mesh lines on their faces and necks were the mother bodies of the children of evil spirits.

"Where is the son of the devil? What did you do to the son of the devil?"

With scarlet eyes, he looked at Lin Caisang and Sui Zimo, and he really wanted to chop these two people alive!

There were so many sons of evil spirits that not even the people on the Marrow Dragon Continent could eliminate them, and he only had three days to deal with them, so these two people had to deal with all the sons of evil spirits?

"What do you think?"

Sui Zimo looked at the man in silver with cold eyes and asked him.

"Hey, don't you want the mother body of the devil's son? Aren't they all here? We have always been very generous, so give them all to you. We really don't need these stupid women."

Lin Caisang stood beside Sui Zimo and said to the man in silver.

"you--"

The man in silver had a bad breath stuck in his throat and almost spit out a mouthful of blood.

What he wants is the son of the devil. What is the use of these useless mothers? Can they be used as food?

Even if he wanted to use them as food, the mother bodies of these demon children are full of poison, would he be able to eat them? Don't look back, he has become the same person as his mother!

"You guys are really good!"

He gritted his teeth and looked at Sui Zimo and Lin Caisang, who actually treated him here. He really had never been so angry!

Chapter 3324 Come back quickly to get it

"Of course we are good, do you still need to say this?" Lin Caisang raised an eyebrow at him and smiled.

If they were not good-looking, would they let the man in front of them take away all the children of the devil and bring disaster to the world? It's impossible to think about it!

It's just fine for the Marrow Dragon Continent. They can pretend they don't know about it, but what if it affects their Qianhuan Continent?

This is not a matter of chance, but a certainty.

"You really want to die!"

The man in silver had blood-red eyes and looked at the two of them.

He had already said before that he would give them three days to consider and hand over the son of the devil.

But he really didn't expect that these two people would wipe out all the children of evil spirits in three days, leaving only the mother bodies of these evil children.

What is the use of these useless things that he wants?

"You can try." Sui Zimo said calmly, looking at him in a cold voice.

"you--"

The man in silver was choked.

This is the Qianhuan Continent. Even if he comes from the Marrow Dragon Continent, there is no way he can really be enemies with these people on the Qianhuan Continent.

After all, he is the bodyguard of a family on the Marrow Continent, and these people in front of him are really the rulers of the Qianhuan Continent. These people can represent the Sky City, and the Sky City is between the continents. It can represent everything on Qianhuan Continent.

Just like that, he really didn't know what to say.

"You wait!"

Now, he can only report this matter to his master first and see how his master will deal with it.

Thinking about it, he turned around and left with the people.

"Hey, don't you want the mother bodies of these evil children? Come back and get them quickly!" Lin Caisang shouted to them from behind.

When the man in silver heard her voice, he staggered with anger and almost fell to the ground in front of his subordinates.

Whoever wants those things wants to go. He quickened his pace and left this ghost place, fearing that if he was a step late, Lin Caisang would say something bad again.

After all, he had been tricked into doing something that was disgraceful no matter what, and he might even be punished by his master if he went back.

"Ah."

After the figures of the men in silver disappeared from everyone's eyes, Lin Baizhong called for people to take away the mother bodies of the sons of evil spirits.

Lin Caisang, on the other hand, gave a cold chuckle.

"There are really no good people in the Marrow Continent!"

They can do anything. As long as it doesn't cause harm to their own continent, is it okay to do crazy things in other continents?

"Dad, how should we deal with this matter?" She looked at Lin Baizhong and asked.

"The city lord and I will handle this matter well. Since the people on the Marrow Continent want to do evil, don't blame us for being rude." Lin Baizhong said quietly.

"Why are you so rude?"

Lin Caisang asked curiously with bright eyes after hearing what his biological father said.

It's a pity that her husband didn't give her a chance to be curious. He directly picked her up and walked towards the room.

"We'll talk about this later. I'll send you to rest first."

"oh."

Lin Caisang had no choice but to respond lightly.

But she was really curious. Is there any way to make those who are so bad inside not dare to mess around again?

Chapter 3325 Destroyed... Destroyed

...

Because the Son of the Devil is gone, Sky City rarely has peace for some days.

On the other side, on the Marrow Dragon Continent.

The man in silver quickly went back and came to their master's side, lowering his head and not daring to speak.

"Where is the son of the devil?"

When the man looked at his subordinate's appearance, he knew that he had done something wrong and failed to get any advantage from Sui Zimo and his wife.

But he didn't think about the worse. He felt that his subordinates were useless and could not defeat Sui Zimo and Lin Caisang. As long as he sent more people, he could still get the son of the devil. .

"Master, my subordinates did things poorly. The sons of evil spirits... were all destroyed." The man in silver took a deep breath, raised his head and said to his master.

"What? Say it again?!"

Finally, after hearing what his subordinate said, the man stood up in disbelief and stared at him.

"Master, it's true."

The man in silver shut his mouth and felt that he was really useless this time.

He told his master everything he had done after arriving in Qianhuan Continent, and described Sui Zimo and Lin Caisang as very vicious.

"My subordinates didn't expect that those two people were so capable. They allowed so many children of evil spirits to be born in three days, and also destroyed them all."

He thought that even his master didn't have that ability.

Even after the children of evil are born and they are at their weakest, it is not easy to destroy them.

What's more, there are so many children of evil spirits, and it is even more difficult to destroy them.

"Destroyed...destroyed?"

When the man heard this, he felt that his eyes were filled with darkness, and he almost couldn't stand and fell behind him.

He had been carefully planning for so long, and designed to throw Zui Yifeng to Qianhuan Continent, wasn't it just to let him try every means to get the son of the devil out?

But the son of the devil did it, but it was destroyed without him even seeing it?

"How do people in Qianhuan Continent get such great abilities? Huh?"

He didn't believe that people on Qianhuan Continent could destroy so many children of evil spirits. How much spiritual power would it cost to cultivate?

"Did they hide all the children of the devil and you didn't notice it? You loser..."

"Master, it's true, the children of the devil are gone."

The man was about to curse, but he heard the man in silver continue to speak. Why did he want all the sons of evil to be destroyed? After all, it was his part of the effort.

However, the Son of the Devil is gone, just gone. Even if he doesn't want to, there is no way he can bring out the Son of the Devil again, right?

"My subordinates saw the mothers of the children of evil spirits, and their stomachs were all empty. Moreover, there was no connection with the children of evil spirits at all."

There is a certain connection between the son of the devil and the mother's body, even after the child is born.

It allows many capable people to tell at a glance whether the evil child born from this mother's body is dead or alive.

But what he saw was the mother body of the children of evil spirits, which looked like they had any connection with the outside world. From this, he was sure that the children of evil spirits were really destroyed by Sui Zimo and Lin Caisang.

Chapter 3326 How could he die?

Otherwise, how could he be so easy to fool? He would have found the son of the devil long ago and brought him to his master. (audience)

"How...how could this happen?"

The man really couldn't believe that things would turn out like this.

"Where's Zui Yifeng? Where is he now?"

Thinking that all the sons of the evil devil had been destroyed, he was furious to death, but now was not the time to be angry. He had to know first, how was Zui Yifeng doing now?

The man in silver was stunned by his master's words and looked up at him.

"Master, didn't you ask your subordinates to... silence him?"

That's what I said before. Besides, Zui Yifeng has no need to live at all, right?

"he died?"

Finally, after hearing that Zui Yifeng was also dead, the man seemed to have been drained of all his strength and sat down on the chair.

"How could he die? How could he die!!!"

"master....."

The man in silver looked at his master with some fear and murmured.

His master shouldn't be sad over a dead Zui Yifeng, right? After all, he has been with his master for so long, and he knows his master to some extent. Family ties are a stumbling block to his success.

Wouldn't it be better if Zui Yifeng died?

The man didn't care what his subordinates thought. He only knew that Zui Yifeng was dead.

It doesn't matter if Zui Yifeng dies, but now only Zui Yifeng knows how to control the son of the evil devil. If he dies, how will he create the son of the evil devil in the future?

At this moment, he really regretted it to death. If he hadn't been too confident, how could he not even keep a backup copy when he gave Zui Yifeng the banned book?

Now Zui Yifeng is dead, and all the sons of the evil spirit have been eliminated!

"Damn it, damn it, those two bitches, I must let them die without a place to die!"

It was all because of Sui Zimo and Lin Caisang. If it weren't for them, how could he have gained nothing?

At least now, the son of the devil has been obtained!

"Go and make arrangements immediately for those two people. I don't want to hear any more news about them!" He ordered the man in silver.

If you dare to ruin his good deeds, you must pay the price!

"master....."

The man in silver twitched his lips when he heard his master's instructions.

If Sui Zimo and Lin Caisang were really the ones they wanted to deal with, then he would have taken action before.

After all, those people were just like ants in his eyes at that time. He could kill them whenever he wanted without any effort.

But it's not that simple to kill them.

"Master, Zimo was the young city lord of Sky City at that time. If we kill him, Qianhuan Continent will not let us go."

"so what?"

The man raised his eyes and stared at the man in silver with his scarlet eyes.

He just wants to kill two people, isn't that enough? Aren't they just two people from Qianhuan Continent?

"Master, Lu Tianlan knows about Zui Yifeng, and he knows about us. If we kill his son, then he will definitely contact the Dragon Lord. If the Dragon Lord knows that we have created such a thing as the Son of Evil, then as a result of....."

The man in silver looked at his master and advised.

The Dragon Lord is the ruler of their Marrow Dragon Continent, and the highest and most powerful people on each continent naturally have their own way of contacting them.

Chapter 3327 Burn now

If they really made Lu Tianlan angry and contacted the Dragon Lord, would their Zui family be able to live well?

Hearing this, the man's expression suddenly changed, and it felt more like a huge boulder was pressing on his chest, making him unable to breathe.

What was about to succeed was ruined by two people. Why couldn't he avenge himself? How could he swallow this breath?

"Just forget it?"

How could he be willing to do so? He wished he could squeeze Sui Zimo and Lin Caisang to death right now.

"Master, this is all we can do now."

The man in silver spoke calmly. Of course, he was also very angry in his heart. He was manipulated by those two people. After that, he didn't know how he would be angry with the other master's subordinates when he was around his master.

Even if he wasn't angry, his subordinates would discuss his affairs privately.

"However, when this matter subsides a bit, Master, we can think of ways to deal with those two people. By then, even if those two people die, no one will be suspicious of the Master."

He added in his heart: Even if there is suspicion, those people will not have evidence.

Of course he would not say this to his master.

After hearing the words of the man in silver, the man's anger indeed subsided a lot, but his face was still slightly red, which showed that he was still unhappy in his heart.

"Huh, that's all we can do.

After a while, he breathed out heavily.

"Go to Qianhuan Continent again and bring back all the things Zui Yifeng used. Don't leave any of them behind." He ordered the man in silver.

"Yes, Master."

Although the master didn't know why he did this, he still decided to go to Qianhuan Continent again.

...

At the same time, in Qianhuan Continent Sky City, Zui Yifeng lived in a house.

A brazier was placed in the yard, and a raging fire burned inside, reflecting several faces.

"Sang Sang, we have brought all the things, are you going to burn them now?" Lin Caisang came out of Zui Yifeng's study with a large pile of things in his hands.

Of course, these things were not from Zui Yifeng's study, but were found from a secret room in the study. They were all banned books, including many kinds of evil things.

He couldn't even imagine the consequences if these things were used by Zui Yifeng...

"Burn it."

Lin Caisang spoke calmly.

In the past few days, they went to many places, all of which were places where Zui Yifeng lived.

That guy is very smart. He will never live in any place for more than a year before changing his base. Therefore, even his own subordinates, most of them don't know where he lives.

She and Zimo also searched for a long time before they found these banned books secretly hidden by Zui Yifeng. They were found in many places, and they were all different banned books.

This naturally includes books on how the Devil's Son is created.

But naturally she wouldn't read these. Every time she found some banned books, she would burn them directly and get rid of them once and for all.

Just like today, they found many banned books again.

"Zimo, luckily we came early."

She raised her head and looked at her husband, who had been accompanying her silently without saying much, and spoke.

"It's not that we came early, it's that they didn't think of it and gave us just enough time to destroy these things." Sui Zimo said.

Chapter 3328: Bullying goes too far

Reaching out his hand, he embraced the girl in his arms. Both of them looked at the flames, watching the forbidden books being thrown into the fire and finally turned into ashes.

"Those people should come again."

Lin Caisang: "..."

She didn't care whether they would come again or not. All the things that followed would be handed over to the Lord of Sky City. He would do it freely.

"Zi Mo, next, we only have the last thing left, right?"

She said faintly.

"Yes."

Sui Zi Mo responded.

Yes, there is also the last thing that they must deal with.

That is the group of elders in the City Lord's Mansion who relied on their seniority and thought they were so great.

I'm afraid they thought that Zui Yifeng was dead, and all the things they had done that they shouldn't have done before were buried with him, right?

How could it be so simple? If that was the case, wouldn't it make them seem too easy to bully, right?

"But wait for you to recuperate for a few more days, and there will be plenty of time to deal with those people." He said.

...

Several days passed again.

When the silver-clad man was ordered to come to the Thousand Illusions Continent again, he found the courtyards where Zui Yifeng had stayed before.

"Damn it, damn it, this is too much!"

Looking at the copper basin that was blatantly placed in the courtyard, it was obvious that Sui Zimo and his people had left it there on purpose, just to wait for him to see that all of Zui Yifeng's things had been destroyed by them.

He really didn't expect that the two people would be so ruthless.

Zui Yifeng had been in the Thousand Illusions Continent for so long, it was impossible for him to do nothing, and he must have collected a lot of "good" things.

Not to mention the things on the Thousand Illusions Continent, even on the Marrow Dragon Continent, Zui Yifeng had gotten a lot of things before, and those things must have been placed next to Zui Yifeng.

But when they reacted and came to look for it, it was nowhere to be found.

Every place he went to, he could see the same large copper basin, which was full of black ashes.

In many places, the ashes in the copper basin were blown away due to the strong wind, but it can be seen that something was burned, which must be the things his master wanted.

Especially here, there was a drizzle recently, and there was still some rain in this copper basin. The ashes inside were not blown away. The rain was already black.

"Those two people!"

Thinking of the fact that he was still persuading his master to let these two people go first, he regretted it in his heart.

If he had known that these two people were so greedy, he would never persuade his master to spare them temporarily. Even if he had to fight to the death, he would make them pay the price.

But it was useless to think about these things now.

Everything had been destroyed, and there was nothing left. Moreover, Sui Zimo and Lin Caisang could not move for the time being, and they were the people of Sky City.

"My lord, what should we do now?"

Among the group of gray-robed people who came with the silver-robed man, the person closest to the silver-robed man asked him in a low voice.

All their things were gone. How were they going to explain to their master? This time they had failed to do their job properly. Moreover, this was not the first time they had failed to do their job properly, but the second time in a row.

The master was not someone who would be lenient with his subordinates.

Chapter 3329 Only one dies

They failed two missions in a row, why shouldn't the master take out all his anger on them?

"Why don't we go and settle the score with those people? We are people from the Marrow Dragon Continent. They dare to do this to us. This has already made trouble for both of us!" Another man in gray robe also lowered his voice and said.

Hearing this, the man in silver turned around and glared at the two men in gray.

Doesn't he know that he has been teased by Sui Zimo and Lin Caisang for days? Why do you have to say such a shameful thing, why can't you keep it in your heart?

"Do you really think they will be afraid after being lifted out of the Marrow Dragon Continent?" He asked the two of them coldly.

"this....."

The two men in gray robes heard the words of the man in silver, their eyes full of uncertainty.

They are people from the Marrow Dragon Continent, but at the same time, there are too many families like the Zui Family for the Marrow Dragon Continent.

If the Dragon Master really found out that their family master was going behind his back and wanted to bring out so many evil children, would there be a single living person in the Zui family?

I'm afraid that the final outcome will be death.

Perhaps even worse, even the families closely related to the Zui family would be wiped out.

Isn't there a saying that it's better to kill a thousand by mistake than to let one go? After all, whoever hears something like the Son of the Devil will be so frightened that he can't come back to his senses.

"Sir, do you mean that we can only suffer the loss of being dumb?" he asked.

I don't feel comfortable thinking about it!

He could imagine that after this incident passed, they adults would probably no longer be reused in front of the family head.

Even the adults will no longer be reused, let alone those who follow the adults?

The days ahead will be difficult.

And all of this was brought about by Sui Zimo and Lin Caisang. If it hadn't been for them, how could the adults have broken it?

"If you want to die, don't get involved with me."

The man in silver looked coldly at the unwilling man in gray and said.

Isn't he angry? Doesn't he want to kill Sui Zimo and the others directly?

After two somersaults in a row, he was so angry that he wished he could coax his master to kill everyone who opposed them in Qianhuan Continent.

However, if Sui Zimo and Lin Caisang were to have an emergency, Lu Tianlan would most likely contact the dragon master of the Marrow Dragon Continent and the masters of other continents. He did not want to take this risk.

"Well."

The man in gray robe choked at his words.

"Look carefully to see if there is anything that Zui Yifeng left behind and those people missed." The man in silver ordered the people around him.

Now is not the time to settle accounts with Sui Zimo and the others. Of course, he will not really swallow this breath. After all, these people deserve to die for ruining his good deeds!

If he helps his master accomplish something this time, then he will be his most capable subordinate.

But this time things were messed up, and he was nothing. He was not the only subordinate who could be reused by the master's side. There were too many competitors.

"Yes, sir."

After hearing his instructions, the men in gray robes dispersed and searched inside and outside the yard.

However, after the people brought by Sui Zimo and Lin Caisang cleaned up the yard, how could there be anything left behind?

Chapter 3330 What to do now

You know, Lin Caisang has a pair of white foxes with an extremely sensitive sense of smell in his hands.

In the end, the group had to return disappointed and found nothing.

...

The main palace of Sky City.

At this moment, the city lord's mansion was filled with joy, and red lanterns were hung up.

The people in the city saw the lantern a day in advance. In the dark night, it was a dazzling sight.

"What happened to the City Lord's Mansion? Is the City Lord's wife really pregnant?"

"What kind of happy event? There are so many lanterns hung up. Speaking of the city lord's mansion, there has never been so much trouble since the young city lord disappeared.

"Isn't that right? The City Lord's Mansion hasn't had a happy day in many years. What's going on today?"

The people were talking about everything, but a large part of them were rumoring that the wife of the city lord was really pregnant. After all, this was the most gratifying thing about their sky city.

"If you ask me, that Lu Tianfeng is nothing. He is a wolf-hearted person. How kind our old city lord is to him. Seeing how pitiful he was for adopting him, this is how he repays the old city lord."

"That guy deserves to die without a burial place! He actually wants to harm the city lord and even ruin the reputation of the city lord's wife. He can do such cruel things!"

"He is like this, he still wants to sit on the throne of the city lord, and don't look at what he is? He is cheating on others, colluding with outsiders to cause so many things, and will die early and be reborn...ah, he shouldn't be Superborn, it's better to be reduced to ashes!"

As the discussion continued, the building became crooked and turned into words of abuse against Lu Tianfeng.

The people didn't know about the son of the evil spirit, but with the death of Lu Tianfeng, he deliberately poisoned the city lord's wife and said that she was pregnant, but Lu Tianlan deliberately spread the news and revealed it. .

After all, the city lord's wife is really not pregnant, and this matter cannot be hidden at all.

This matter was originally caused by Lu Tianfeng, and in the end it could only be ended by him, and no one else could be blamed.

"Second Elder, what should we do now?"

On top of a tall building, a man in purple robes was sitting in front of the table, holding a teacup in his hand.

There were two followers standing behind him.

The person who asked him was another man in white robe sitting opposite him. His face was different from the calmness of the man in purple robe, but had an anxious look on his face.

He really didn't expect that Lu Tianlan would be able to find his biological son. He thought that Lu Tianlan would never have a son in this life?

After all, they had done it themselves so that Lu Tianlan only had a son, Sui Zimo.

"You're talking about that matter...will they doubt us?"

Hearing this, the purple-robed man glanced at him with cold eyes, and placed the tea cup in his hand heavily on the table. However, the tea in the cup did not spill out at all.

"You look like this. Even if they don't know anything, they can still see some clues." He reminded.

"Well."

The man in white shirt was choked by what he said.

He didn't want to do this, but he felt guilty. Didn't they listen to Lu Tianfeng's coaxing and become related to Zui Yifeng, so they did that ridiculous thing?

Now Sui Zimo is back, and his wife is an alchemist...
