

## Star of Space 3331

Chapter 3331 This group of elders

Even the fact that the city lord's wife was not pregnant, but poisoned, was found out, and it was just a simple pulse.

Then the tricks they used on the city lord's wife have also been found out, right?

"Aren't I... aren't I afraid of being found out?"

He gritted his teeth and said.

"Now that Zui Yifeng is dead and Lu Tianfeng has been wiped out, who can find out who is responsible for us?" the second elder asked him calmly.

The two people who had contact with them are both dead. As long as they insist that those things have nothing to do with them, can the city lord and his wife forcefully accuse them of all those crimes?

"As long as you can hold on steady, it'll be fine," he said.

"I....."

The man in white shirt opened his mouth, but his expression was still very bad.

He was steady. He was naturally able to hold his own in front of Lu Tianlan. He didn't miss anything, right?

But no matter how stable he is, can Lu Tianlan's doubts about them be eliminated?

"Lu Tianlan is the city lord. As long as he has doubts in his heart, it is not very simple to deal with us. Just give us some hidden tricks, which is enough for us. Second Elder, can you Not worried?"

he reminded.

Hearing this, the second elder also took a deep breath.

Why isn't he worried anymore?

But if he keeps worrying, what's the use?

If he is worried, can people not think about the things they have done? That's simply impossible.

"Now that the young city lord Sui Zimo is back, Sky City will soon elect a group of new elders, and it's time for us to retreat."

What he meant was that after retreating, Lu Tianlan would not be able to find trouble for them even if he tried to do so, because they would be far away by then.

Anyway, what they have in hand is enough for them to live their entire lives.

"What?!"

The man in white shirt screamed in surprise when he heard the second elder's words.

He doesn't want to abdicate so soon. With the title of elder, he can control the situation in Qianhuan Continent. If he retires, he will really be nothing.

Moreover, their group of elders is probably the most pitiful group, right?

When the old city lord was in power, it took hundreds of years for the young city lord, Lu Tianlan, to be his son.

So the previous elders had also been elders for hundreds of years, but it happened to them that Lu Tianlan married his wife so early and gave birth to a son, Sui Zimo.

As elders, they have to plan to hand it over to others before their position is occupied. How can they be willing to do so?

Therefore, they came up with the idea of putting Sui Zimo to death.

Who knew that Zi Mo was so tough that he couldn't die like this, but he found him back by himself, and also got Lin Baizhong to come over first to fight for him!

It makes me angry just thinking about it. Now, most of the power in the hands of these elders has been taken over by Lin Baizhong, the commander of the guards. These elders are almost becoming a mere name!

In such a situation, he was even more unwilling to have his rights taken away by others!

"How is this possible? What ability does he, Mr. Mo, have to sit on the throne of Young City Lord? Moreover, he doesn't even have a decent person around him. Who can take our place?"

He said reluctantly.

Chapter 3332 He is not afraid...

But when the second elder heard his words, his eyes were completely unmoved.

Does Sui Zimo have no ability at all?

Just by being able to block Zui Yifeng, he proves his strength, right?

After all, Sui Zimo is still so young and came from the Desolate Continent. He can achieve such a level of cultivation now. If it takes a few years, his level of cultivation may not be so abnormal.

"Is there really no one around him?" He looked at the man in white robes calmly and asked him.

Man in white robe: "..."

How could he know that the people around Sui Zimo would be there and disappear again? He didn't understand the strength of those people at all.

"The people around him the most are Lin Baizhong's people. Will the city lord still allow Lin Baizhong to be so powerful in Sky City?"

he asked.

Don't look at it now, Lin Baizhong's power is as strong as the city lord's.

If it were him, seeing that the dog he had lifted up with one hand was almost shoulder to shoulder with him, he would definitely kill that person directly. How could he be allowed to stay until now?

He estimated that Lu Tianlan had such an idea before, right?

It's just that now that Lu Tianlan's son has this inexplicable relationship with Lin Baizhong's daughter, and even the next generation has come, it's natural that Lu Tianlan can't be in trouble with Lin Baizhong anymore.

Thinking of this, he chuckled.

"I don't know if the city lord can swallow this breath. Seeing that Lin Baizhong is about to climb on his head, he can't do anything to him."

Hearing this, the second elder looked at him lightly.

This sounds like Lu Tianlan doesn't want to see Lin Baizhong, but is this really the case?

Lin Baizhong has the power he has today in Sky City. Wasn't it because Lu Tianlan, the city lord, single-handedly promoted it? The relationship between the two of them is good.

Moreover, Lin Baizhong was always good at using tricks, and he never showed any pride in taking credit in front of Lu Tianlan. Instead, he always acted for the sake of Lu Tianlan, the city lord.

Let me ask, who wouldn't want such a subordinate?

If it were him, he would also want a subordinate like this. After all, if there are more people like this, it will be much more convenient for him to do whatever he wants to do.

Isn't it great that Lin Baizhong can handle all those things without having to remember everything all the time?

"It would be nice if things were as simple as you think." He chuckled and said.

Hearing this, the man in white robe also curled his lips. He also saw that Lu Tianlan really didn't treat Lin Baizhong as an outsider. He told him everything and worked out a solution together.

"Second Elder, do you think the city lord is really stupid? He actually values Lin Baizhong, an outsider, so much. He is not afraid..."

He didn't dare to say the next words, and he didn't know how to say them. Lu Tianlan didn't put up a guard against Lin Baizhong, so what did they, the elders, who might be pulled down at any time, have anything to say?

"Lin Baizhong is really lucky. He saved the city lord and his wife just once, and he was able to make the two of them love him heart and soul. Now it's better, they have become in-laws, and the relationship is different from the past. "

"Ha, is this what you are most troubled about?" the second elder asked him with a sneer.

"this....."

The man in white robe was really embarrassed for a moment after hearing what he said.

Chapter 3333 You shouldn't think about it

He was struggling with this, so what, if Sui Zimo had not been taken away, he would have been his childhood sweetheart with his daughter. After all, his daughter and Sui Zimo were born on the same day.

Moreover, he is an elder, and the direction in and out of the City Lord's Mansion is such that he can get to the moon first by approaching the water or the tower.

The other elders had no daughters, only sons. He was the most beneficial person, but Sui Zimo disappeared inexplicably.

Can he not be confused?

"I'm not angry, otherwise..."

"No matter what happens, the young lady of the City Lord's Mansion has no Yuanyuan identity, so just give up on this idea." The second elder said to him rudely.

He still had to pour cold water on him, because the elders like them had never been in the eyes of the city lord, Lu Tianlan, from the very beginning.

He knew this from the beginning.

If Lu Tianlan hadn't been able to disobey the old city lord, it would have been impossible for Lu Tianlan to let them become elders, and he would have replaced them a long time ago.

How could he allow his son to marry the daughter of an elder whom he disdained?

"you--"

The man in white robe was almost angry to death by his words.

What's wrong with his Yuanyuan? She's doing very well. Sky City doesn't know how many young people are chasing her to come to propose marriage.

But he didn't like any of those people.

Ever since he knew that Sui Zimo was back, he was still thinking about whether he could let his Yuanyuan go to serve Sui Zimo. As a man, what if he had a wife?

As long as you are a man, there is no one who doesn't cheat, and Concubine is the best.

Maybe if his Yuanyuan is capable, she can be so obsessed with Sui Zimo that she can divorce Lin Caisang directly?

It's not impossible, is it?

"Second Elder, what if my Yuanyuan..."

"I advise you, it's better not to think about things you shouldn't think about."

Before the man in white robe could finish speaking, he was interrupted by the second elder. His expression did not look good.

What is this person thinking about? What sweet dream is he having in broad daylight?

For a person like Sui Zimo, it only takes one glance to tell how much he loves his wife, and he still wants to put a woman next to Sui Zimo in such a whimsical way?

"Not to mention that Sui Zimo won't be willing, even Lin Caisang is not as simple as you think. I'm afraid that as soon as you bring up this idea, your precious daughter will be disabled if not dead!"

To offend an alchemist and steal her man, isn't this going to make things difficult for yourself? Who would do such a thing?

"Your daughter must have a grudge against you, otherwise why would you just throw her into the fire pit?" he said.

"I....."

The man in white robe choked and didn't know what to say.

Yes, that woman Lin Caisang can't be messed with either. Just like her father, they are both difficult people.

And because of what happened before, Lin Caisang was very popular with the wife of the city lord. What's more, she also gave birth to a son for the city lord's mansion, who was the next generation of the city lord's mansion.

In such a situation, I'm afraid that there is no hope for his Yuanyuan.

"Huh, forget it, forget it, my Yuanyuan deserves a better husband." He exhaled heavily and said in a desperate manner.

The second elder: "!"

Is my husband, who is even better, really considered his daughter to be so great? Does a man have to like his daughter?

Chapter 3334 Stay away from me

What's more, on this Thousand Fantasy Continent, is there a better man than the young city lord in the sky?

Otherwise, would the Sixth Elder still think about such an impossible thing even though they clearly did not dare to offend Lin Caisang? It's obvious that I can't find a better man.

"Lao Liu, you'd better take it easy and don't step on the young city lord's wife's bottom line," he reminded.

How could he not know the temper of the Sixth Elder? Although he talks about finding a better husband-in-law, in fact, he still feels that Sui Zimo is the best.

So, who knows when he will do something that is detrimental to others and not beneficial to himself?

"laugh."

The Sixth Elder curled his lips nonchalantly.

"She is not the young wife of the city lord. It is not certain whether she will be able to gain a foothold in the city lord's mansion in the future."

Let him tell you, she is just a woman who came from the deserted continent. Even if she has shared the joys and sorrows with the young city lord, so what, on this Thousand Illusion Continent, she cannot do whatever she wants.

Even if he, the sixth elder, doesn't do well in Sky City, he still has more power than her, right?

Just wait and see, if he wants to oust him from the position of elder, he wants to see if Sui Zimo has the ability. Even if Sui Zimo has the ability, he must get rid of Lin Caisang.

At least you can't let yourself not get even a little benefit, right?

"you....."

Looking at his appearance, the second elder knew that no amount of persuasion would be of any use, so he could only shake his head.

"Forget it, I'm too lazy to tell you. There are still a lot of things to do in the City Lord's Mansion. Although the City Lord doesn't need us to do it, we can't really do nothing."

With that said, he stood up and prepared to go to the city lord's mansion.

Lu Tianlan can't let Lu Tianlan ignore their existence too much. He has to show his face occasionally to let everyone know that these elders are still there.

"Second brother, second child."

The sixth elder watched the second elder leave and called several times behind him, but there was no response.

"Why are we leaving in such a hurry? How can Lu Tianlan be without someone like you?" He couldn't help but muttered.

However, after all, he felt that he was still the elder of Sky City, so he could only stand up and rush to the city lord's mansion with the second elder.

He also wanted to take a look at how the city lord and his wife wanted to welcome a young city lord back from the deserted continent.

How do you want to explain to everyone in Sky City the sudden appearance of their young city lord?

"It's okay to be happy that someone has found his son. Why are we going to join in the fun?"

After finally catching up with the second elder, he said angrily.

Second Elder: "..."

He stopped and glanced sideways at the Sixth Elder.

"Lao Liu, you'd better... stay away from me."

After saying this, he continued to lift his feet and walked forward, without any desire to talk to the Sixth Elder anymore.

"What do you mean?"

When the Sixth Elder heard what he said, he stared at the man in purple walking in front with his eyes widened.

What do you mean by staying away from him? How did he offend this guy? Obviously he didn't say anything, he just complained.

What's the point?

"Second Brother, Second Brother, I'm talking to you. What's the matter with you? What do you mean by ignoring me?"

Chapter 3335 Is it done?

Seeing the second elder walking further and further away, he immediately followed him, wanting to know where he had offended him and why he said such words.

The second elder secretly rolled his eyelids and thought to himself: Who wants to pay attention to you?

He still wants to live for a few more years, and the things in his hands are enough even if he no longer has the position of elder.

But if he continues to talk to the confused Sixth Elder, he will be in danger. Don't think he doesn't know that the Sixth Elder is here to find help for his daughter.

Whoever wants to help the Sixth Elder grab the seat of the Young City Lord's wife should do so. It's not him anyway.

If he couldn't do this kind of thing well, he would have to pay for it himself. Moreover, if he wanted to do such a thing, he would definitely not be able to do it well.

Therefore, he moved faster and had no intention of waiting for the Sixth Elder.

...

In the city lord's mansion, the city lord's wife is busy directing everyone to clean up here, decorate there, and bought a lot of flowers to put in the garden, and the corridors will be filled with flowers.

The old lady of the Ding family also came over. She was very happy to know that her grandson was still alive and back.

However, she murmured to her daughter for a while, feeling that her daughter was hiding such a big happy event without even informing her in advance.

The city lord's wife just smiled and didn't say anything.

It was a great joy for her son to come back, but if the news leaked out and caused trouble to her son, then she, as a mother, would regret it to death.

The child in her belly was a fake, so she had nothing to hide from her mother, but she would never let any mistakes happen regarding Zimo.

Thinking about it, her city lord kept it secret even from her, because he was afraid that she would tell her mother about it and spread the news.

Now that so many things happened in the City Lord's Mansion, she also reflected on it and felt that she couldn't tell her mother-in-law everything. If the people in the Ding family were all good, then it would be okay.

Just afraid...

Her sister-in-law and Qiongying were just trying their best to prevent them from having an easy time.

Therefore, it is necessary to be more careful in the future.

"Tian Lan, are the things outside done?"

It wasn't until night fell and Mrs. Ding and the others went back that the city lord's wife had time to go back to her room and ask her husband.

"alright."

Lu Tianlan replied to her with two words.

What they were talking about was naturally how to publicize the fact that their son, the young city lord, was found.

Of course, they didn't add much fuel or jealousy, they just told them what Lu Tianfeng had done, how their son disappeared, and how he got acquainted with Lin Baizhong's daughter.

With rumors circulating in Sky City, they can also see who is not willing to see the young city lord come back.

As for what will happen to these people, he has already planned it for them.

"That younger brother and sister of yours is really not that simple." He looked at his wife and said.

"What's wrong?"

When the city lord's wife heard what he said, she felt something was wrong and raised her head to ask him.

Everyone has been locked up. What kind of monster is she trying to be? What kind of monster can she be? Who will help her again?

"The Lie family has rebelled." Lu Tianlan said to her.

"hiss!"

After hearing his words, the city lord's wife took a breath of air.

Chapter 3336 Enjoy the happiness

There is no big relationship between the Lie family and the Ding family. It's just that Jin Cuiniang used the name of the Ding family to put her sister into the Lie family and became the concubine of the head of the Lie family.

But I didn't expect that a little concubine could actually incite Patriarch Lie to rebel against Sky City because of Jin Cuiniang?

This ability is not small!

"How's it going over there? Did something big happen?" she asked immediately.

"It's nothing major. Don't worry, nothing will happen." Lu Tianlan said.

He also reminded his wife that she could not tell her mother-in-law about everything in the future, let alone support her relatives just because she was the wife of the city lord's palace.

Some people can, but some people, once they taste the sweetness once, will take advantage of it.

"I'll tell you, you've made several appearances for that woman from the Lie family, right?" he reminded.

"Well."

The city lord's wife was choked by his question and didn't know what to say.

At that time, she didn't think it was okay to help her mother's family just for the sake of her younger siblings.

Who knew that Jin Cuiniang's sister might be able to run wild in the Lie family because of her support, and that the Lie family could rebel against Sky City.

This is something no one would have thought of.

"My mother and the others...know?" she asked softly.

"Know."

Lu Tianlan said.

Could the people of the Ding family not know? They have been paying attention to the Jin family recently. Jin Cuiniang's sister has put the entire Lie family on the fire. How could the Ding family not receive the news?

"Why."

The city lord's wife sighed softly.

Just like this, her mother was still complaining about her before and didn't tell her the news that her son was back.

She was secretly glad that she didn't say anything. Otherwise, who knows if the Lie family would have gotten the news, and maybe they would have done something even crazier?

"Now that Zimo is coming back soon, and Sang Sang is about to move into the city lord's mansion, it's time for me to enjoy my happiness." She said quietly.

From now on, she doesn't want to take care of the things in the City Lord's Mansion, so she can just let Sangsang take care of them. She will just ignore everything, so she can live for a few more years.

However, Lu Tianlan heard her words: "..."

Does his wife think too much of her son and daughter-in-law?

Do those two people look like they will stay in the city lord's mansion for the rest of their lives? Maybe at some point, they would disappear without even seeing him.

This is definitely something they can do.

Moreover, he believed that those two people must be thinking that since he is still so young as a father, it will not be a problem to manage Sky City for a hundred or two hundred years. Are they happy and free?

Then maybe, when will they take their son and run away?

"Then just wait," he said.

It would be strange if he could really wait for jail time.

...

There was a 'crash' sound.

All the things on the table were swept to the floor. The man's face was gloomy, and his eyes were about to spit out flames.

"You're a little late again. What are you doing for food?"

He took a deep breath, looked at the man in silver, and asked coldly.

The books in Zui Jiafeng's hands were very important to him and must be obtained.

But now this subordinate told him that he could not get anything. All those books were destroyed and burned completely by a fire?

Chapter 3337: Punished to the Ice Wall for Three Years

How could he not be angry at this, and how could he swallow this breath?

"My subordinates are not doing their job well, so please punish me, master.

Seeing his master so angry, the man in silver had to kneel down and whispered.

But what exactly was wrong with him?

It's his master who didn't explain clearly. If the master had told him to get those books from Zui Jia Feng when he went to Qianhuan Continent last time, would something like this still happen?

Now that things have been destroyed by Sui Zimo and the others, they blame him?

He is the one who is most wronged, okay?

"You still know that you are not doing things well?"

The man is full of anger now and urgently needs a place to vent it out, and the subordinate in front of him is the best way to do so.

"Punishment? What's the use of punishing you now? Can it revive the drunken family style? Or can it help get those books back?"

He shouldn't have thought that Zui Jiafeng was a person who could succeed in the matter of the Devil's Son. Who would have known that he was a guy who failed to achieve anything but failed more than he did.

"master....."

When the man in silver heard his words, he raised his head gratefully, thinking that his master would not punish him.

Unexpectedly, as soon as he raised his head, he heard the man's ruthless voice ringing in his ears.

"You useless piece of trash, go to the ice wall to receive your punishment. You will not be allowed to come back within three years. After you come back, you don't have to stay with me anymore. Get out!"

"hiss!"

The man in silver took a breath when he heard his words.

Going to Bingbi, that place, even the strong ones on their Marrow Dragon Continent couldn't stay there for three years, right?

Moreover, this is the Marrow Dragon Continent, and there are great changes every day. In three years, will the master still remember him? Wouldn't the master feel that his last words were superfluous?

He really wanted to refute, but now he couldn't say a word to refute.

He knew very well that if he had anything to say, his fate would only be worse.

"Yes, Master, I am resigning."

With that said, he stood up, turned around and went out.

"Somebody come!"

And after he left, the man started calling his subordinates who were guarding outside the door.

It's absolutely impossible for him to let Sui Zimo and Lin Caisang go like this. This grudge has been made, and he must avenge it.

And when he heard the man's voice calling his subordinates, the man in silver just calmed down.

Maybe it was a good thing that he was sent to the ice wall. If he continued to stay with his master and let them deal with the people in Qianhuan Continent, it was not certain whether he would survive.

"call!"

When he came outside, he exhaled heavily, then raised his head and looked at the blue sky.

He didn't know how Lu Tianlan, the city lord, would inform them of the Dragon Lord of the Marrow Dragon Continent. He thought, Lu Tianlan wouldn't let this matter go away so easily, right?

"Boss, what does the master say?"

After a while, he returned to the place where he lived. Several subordinates who were loyal to him immediately surrounded him and asked him.

"What else can I do? I'll be punished by going to the ice wall for three years." He spoke to several people.

"What?!"

Several people screamed in disbelief when they heard what he said.

Ice wall, that's an ice wall, who can stand it, not to mention it's still three years!

"Boss, you..." Several people wanted to ask him something else.

Chapter 3338 Dark things

"Which one of you wants to go with me? I am only on the outside of the ice wall and will not go inside."  
The man in silver asked them before they finished speaking.

"I estimate that this drunken family will not be peaceful in the future."

"this....."

Several people looked at me and I looked at you. After a while, they looked at the man in silver.

"Boss, are you telling the truth? The Zui family is really..."

The Zui family is quite big, but there are so many big families in the Marrow Dragon Continent. Compared with those big families, the Zui family is not worth mentioning.

That's why the head of the Zui family set his sights on the son of the evil spirit, because he didn't want to take the Zui family to a higher level.

It's a pity that the idea of the Son of Evil was killed by Sui Zimo and Lin Caisangcai, so the Zui family is still the same Zui family and has little to see in the Marrow Dragon Continent.

But even if the bar is not promising, it doesn't mean that the Zuijia will collapse, right?

"Did something happen?"

"No way, I haven't heard anything about it. The master of the house didn't offend anyone, right?"

"should not."

A few people talked to each other and talked about it.

The man in silver looked coldly at his subordinates and sighed inwardly.

What's the use of telling these people this? With the Zuijia behind them, they have been unable to leave the Zuijia for a long time. Even if they know that the Zuijia may be in trouble, they will continue to stay with them in the mood of giving it a try. of.

But can the Zuijia really be allowed to continue to exist now?

His intuition told him that Lu Tianlan would never let it go so easily.

The end of the Zui family is probably coming soon, but only the head of the Zui family has not figured it out, thinking that he can bully the people in Qianhuan Continent if he wants to.

It might be okay if the head of the family didn't want to go against Sui Zimo and Lin Caisang this time.

But is it possible?

How is it possible for the head of the family to swallow this bad breath!

"Huh, forget it, I have to rush to Bingbi. Even if you want to stay at Zui's house, I will arrange a place for you."

He also has a few fair-weather friends at Zui's house. It's okay to arrange for these people of his to be around them. Wait three years later...

Ah.

What do you think about three years later? Maybe the Zui family master will target Sui Zimo and the others this time, and Lu Tianlan will give the Zui family master the most painful blow?

It's not certain whether Zuijia will be here or not. As long as Zuijia is gone, he can come back. There is no need to wait for three years.

"Really?"

Several subordinates really didn't think that such a big drunk family member would collapse at the slightest suggestion and destroy them at the slightest suggestion, so they didn't take the words of the man in silver to heart.

Now that I heard the man in silver said that he would arrange them well, I felt even more excited.

As long as they can stay at Zuijia, that would be great.

"Boss, thank you. Don't worry. When you come back in three years, we will definitely come back to you." Someone said sincerely to the man in silver.

Hearing this, the man in silver just sighed in his heart.

He really hasn't thought about what will happen in three years' time. It's not certain that he can't pass the current test.

...

Just then, the head of the Zui family issued another order and sent people to Qianhuan Continent to deal with Sui Zimo and Lin Caisang.

Because he remembered that in addition to the Son of the Demon, there was also the Corpse Suppressing Talisman, which was also a divine weapon. In addition to being useful to the Demon's Son, many things could be controlled by the Corpse Suppressing Talisman.

Of course, those things are also dark things.

Chapter 3339: Go in vertically, come out horizontally

So he also has to get this thing.

The Son of Evil is gone, and those books are gone, but Sui Zimo and Lin Caisang can't destroy the fragments of the corpse-suppressing talisman, right?

He wanted this thing, and if he got it, the Zui family could move up a notch in the Marrow Dragon Continent.

But is the son of the devil so good? Lin Caisang had already lost a few pieces to the virtual space, and also lost some to Sui Zimo's Sang Mo Garden.

And where they lost it, they couldn't even remember it for a while.

Therefore, it is simply impossible to collect the fragments of the corpse-suppressing talisman now.

...

In the sky city.

I don't know when a wave of rumors started.

The common people are saying that the young city lord of their Sky City has a son, and they want to give the young city lord's position directly to this precious son. Moreover, the city lord Lu Tianlan and his wife also dote on their grandson very much.

"Is it true? The young city lord just came back and he has a son? Isn't this too soon?"

Some people didn't believe it and thought it was a rumor, but some people believed it because they lived relatively close to the Lin family and heard that the Young City Master's wife was the daughter of the Lin family.

"How can it be true? That is an ironclad fact. Otherwise, according to the temperament of our sixth elder, we would not be able to bring his daughter to the young city lord's side?"

"That's right. Rumors came out a while ago that the Sixth Elder particularly liked the Young City Master and wanted him to be his son-in-law. I guess this must have come from the Sixth Elder himself."

"Why is the sixth elder like this? I heard that our young city lord's wife is a great beauty, and she is also an alchemist. She is so powerful. She is the daughter of the sixth elder's family? Tsk tsk!"

"No, with that arrogant look, do you still want to get ahead of our young city lord?"

Word spread that the building was tilted again, and the people directly blamed the Sixth Elder. Who made him think about creating opportunities for Sui Zimo and his daughter, and sent people to spread the rumors?

It's a pity that his daughter is not a good person either. Because her father is the sixth elder, she often beats and scolds the people in Sky City.

Many people in the city have been bullied by this girl and are afraid of him.

Now that the young city lord has finally returned, the elders are about to be replaced, and the people can finally no longer worry about the sixth elder.

"She still wants to serve the young city lord, and isn't she afraid that our young city lord's wife will ask her to go in vertically and come out horizontally?"

"puff!"

After hearing this, the woman who had been sitting on the street, waiting for a bowl of noodles, really couldn't help laughing.

She is the only female elder among the previous elders.

I have also heard of the sixth elder's daughter. She is arrogant, arrogant and willful. She refuses to obey anyone's discipline. Even if the city lord's wife wants to say a few words to her, she may be pushed back.

For such a girl, the wife of the city lord had her brain kicked by a donkey before sending her to her son.

What's more, she had also seen the city lord's wife getting along with Lin Caisang. The two were as close as mother and daughter. How could she let other women get involved with her son?

Lu Tianlan, the city lord, has only one woman, the city lord's wife. It is impossible for her to find many women for her son without thinking.

Chapter 3340 Those are really

"Boss, listen to what these people say, it's really like this." She looked at the white-haired old man sitting opposite her and said with a smile.

The white-haired old man glanced at the group of people, then thought of a few elders, and couldn't help but frown.

"Are the recent ones moving too much?" he asked.

"Ah."

The woman heard his words and chuckled.

"It's not like the Lie family has rebelled against Sky City. It's normal to have more actions."

The Lie family rebelled, and soon several of their former elders disappeared in Sky City. Did those idiots think that Lu Tianlan, the city lord, sent them to deal with the Lie family?

So, these days, the gang really does a lot of things.

"A Lie family, do they think we need to take action?" The old man chuckled.

He is obviously the elder of Sky City, but he doesn't know the city owner Lu Tianlan at all. Do you still think that the Lie family can cause any serious trouble to Sky City?

"Let's go check and see if the Lie family's affairs have anything to do with them?"

He gave instructions to the entourage behind him.

"Yes, Master."

The attendant responded and turned around to check.

On the contrary, the woman who was sitting couldn't help but curled her lips when she heard her boss's words.

"Does this still need to be investigated? It's weird if it doesn't matter.

If it really has nothing to do with it, they haven't received any news from the Lie family yet. The actions of these people are getting bigger and bigger, which is impossible even if they think about it.

"Boss, I think it's time to choose new elders. Those ones are really...I don't even want to say anything about them."

She shook her head, feeling helpless most of all.

Those people could be considered her apprentices, but she really looked down upon them. If the former city lord hadn't asked them to teach those people, those people wouldn't even be worthy of carrying their shoes.

However, there is no use saying this now. Since they no longer want to be the elders, she doesn't mind replacing them all.

"You can handle this matter. As for the selection of the new elder..." The old man looked at the woman.

"I will discuss with the Young City Master. He will decide on any good candidates he has. We will also discuss the others." The woman said immediately.

She had failed once, and she would not make the same mistake again.

If there is another group of elders like the current ones, Sky City will really be doomed.

"Um."

The old man nodded his head lightly.

The most important thing is to make the young city lord like him, and to be loyal to the young city lord.

...

"Smile, smile, Wanzi smiles, Brother Changhong, Brother Chu Shui, Wanzi smiles at me."

In the golden bead space, the little baby was sleeping in the cradle, showing off a smiling face from time to time. He was so happy that Yin Baiqing, who had been by his side all the time, showed off directly to others.

"Where, where?"

When Lin Changhong heard what he said, he immediately put down the book in his hand and rushed over.

But when he saw Xiao Wanzi, who still had her eyes closed and decided to sleep until the sky was dark, he couldn't help but roll his eyes at Yin Baiqing.

"You are blind. Does that mean he is smiling at you?"

The little guy was obviously asleep, so even if he smiled, he wasn't smiling at Yin Baiqing.

It made him think that Xiaowanzi really smiled at Yinbaiqing, and he felt a little jealous in his heart.

But it turns out that this is how a smile works. That meatball will make anyone smile, right?
