

Star of Space 3341

Chapter 3341 I don't care about you

"What do you mean I'm blind? Look at Wanzi, isn't he smiling at me?" Yin Baiqing argued forcefully, not caring whether Wanzi was sleeping or not.

Anyway, he just saw Wanzi smiling at him, so what?

"oh."

Lin Changhongpi nodded to him with a smile.

"Then my little nephew is still smiling at me as my uncle. Have you seen it?" he said.

"Well."

Yin Baiqing choked at Lin Changhong's words and immediately had nothing to say.

"You guys, why bother?"

Yue Chushui looked at the two men like dueling roosters and shook his head helplessly.

Why bother, right?

We are all a family. The three of them are all Xiao Wanzi's uncles. Wouldn't it be nice to take care of Xiao Wanzi together? Why do we have to compete with each other?

"Wanzi is still sleeping now. Don't wake him up. Sister Sangsang will definitely be in a hurry with you later!" He said quietly.

"Well."

The two of them choked at his words at the same time and quickly looked at the little baby in the cradle.

Sure enough, under their influence, the little baby frowned delicately, looking like he was about to cry.

The next moment, Lin Changhong reached out without thinking and patted the little baby's chest while coaxing him softly.

"Be good, little ball. Let's go to bed and don't cry. If you cry, you won't be a good baby. Sleep well. When you grow up, your uncle will make a wooden horse for you. A wooden horse that can move forward on its own.

"Then you can do it now." Yin Baiqing blocked him again.

"you--"

Lin Changhong was so angry with him that he almost wanted to fight back again.

But after thinking about it for a while, I realized that I am such an old person, so why should I care about a child? Obviously Yin Baiqing is not that big, right?

"Forget it, I won't argue with you." He gritted his teeth and said.

"Brother Changhong, I think Baiqing is right. Although it's not possible to make a wooden horse, you can first make a cradle that can walk automatically. This way, Sister Sangsang doesn't have to coax Xiao Wanzi."

Yue Chushui said.

Hearing this, Lin Changhong's eyes lit up and he struck hard with both palms.

"Yes, why didn't I think of that? Chu Shui, you are still smart enough to think of this."

With that said, he stopped arguing with the little guy Yin Baiqing and left in a hurry, preparing to make his mobile cradle.

Looking at his back, Yin Baiqing opened her mouth.

It was obviously his idea to let Brother Changhong do it now, okay? How come Brother Chu Shui is so smart?

So who is he?

"Hey, Xiaowanzi, it's all because you are so cute. Look, you have made all three uncles jealous of you." Turning around, he sighed softly towards the little kid, looking like a little adult. , said.

Yue Chushui: "..."

You are obviously still a child, but you can pretend to be older than them?

He had nothing to say about this Bai Qing.

"Baiqing, leave Xiaowanzi to the care of Sister Shishu and the others. You come with me to practice." He said to the little guy with a straight face.

"ah?"

After hearing his words, Yin Baiqing's face suddenly turned into a bitter melon.

Not long after he sat down, he didn't even see Xiaowanzi waking up and squeezing his little hand. He was about to practice?

"Can you wait a little longer?"

He asked Yue Chushui in a consulting tone.

"What do you think?"

Yue Chushui raised her eyebrows and asked him.

Chapter 3342 Give yourself a face

Yin Baiqing raised her hand and touched her nose, feeling a little guilty.

"Okay, I'll go practice with you."

He had told everyone before that he would protect Xiao Wanzi from being kidnapped by bad guys like brother-in-law Zimo. You can't just keep your word, right?

Therefore, you cannot stop practicing. Just like eating and sleeping, you must practice well.

Only in this way can he become stronger and be able to protect Xiaowanzi in the future, right?

...

The day finally came when Sui Zimo and Lin Caisang entered the city lord's palace.

In order for the people to celebrate with the city lord's mansion, Lu Tianlan also ordered people to post a notice, focusing on how his son disappeared in the first place, and also pointed out Lu Tianfeng's evil thoughts.

The people all rejoiced that the young city lord was blessed with good luck and good fortune. They also said that he must have a lucky star and that if he survived the catastrophe, he would be blessed later.

Of course, the common people are full of praise for this young city lord's wife. After all, she is the most powerful alchemist in their hearts. How can it be better?

In the future, if the young city lord's wife is here, if they have a difficult disease, they can have someone to turn to for help, right?

"I heard that the Young City Lord's wife is an alchemist, and she is a very powerful alchemist?"

"No, the fact that the city lord's wife was not pregnant was discovered by the young city lord's wife. It is said that the city lord had not yet recognized the young city lord, so he had great trust in the young city lord's wife.

"So powerful, no wonder the city lord and his wife like the young city lord's wife so much. I heard that they go to Commander Lin's house to visit the young city lord's wife every now and then. I don't know if it's true?"

"Of course it's true. I saw it the day before yesterday. Good guy, he brought a lot of supplements. I think it's almost filling Commander Lin's house."

"That is, who would be unhappy to have a daughter-in-law who is such a powerful alchemist? Who would be sad to hold her in the palm of your hand?"

Although there are many alchemists, there are really too few powerful alchemists. Especially after being tricked by Lu Tianfeng into Haikuo Forest, some alchemists were missing again.

Therefore, a powerful alchemist is even more valuable.

"snort!"

At the corner of the street, a girl in red swung the whip in her hand hard, with a gloomy look on her face.

"What the hell, isn't she just an alchemist? As long as you have money, why are you afraid that you won't be able to find an alchemist? Is she, a low-class woman from the deserted continent, worthy of competing with me for the young city master? Is she really going to give it to you? You have a long face!"

Before the young city lord was found, her father thought she had no hope, so he thought of arranging another marriage for her. She agreed, but she had to find the best one.

But now that the young city lord has returned and is about the same age as her, she naturally wants to marry the young city lord.

"Miss, what is that woman? Miss, you are the Sixth Elder's precious daughter. Comparing yourself with that low-class woman, doesn't it tarnish your identity?"

On the side, her maid looked at the whip in her young lady's hand and trembled.

He didn't care whether his words were insincere or not, he only said what his young lady wanted to hear, because he was afraid that if the young lady didn't get her way, she would be whipped.

She had been waiting by the lady's side for a long time, and had been whipped by the lady several times, all for no reason. It was not her fault at all.

Chapter 3343 How can this be done?

"Those common people, don't they all listen to the wind and the rain? They don't know anything. If you want me to tell you, the city lord's wife will not take a fancy to the woman who came from the deserted continent. It's just for the city lord's palace. Shame on you.

What mother-in-law would like that her daughter-in-law came from a corner? It must have been spread by those ignorant people. "

"snort!"

After hearing what her maid said, the woman snorted again.

She also knew that those people were spreading rumors. How could the Young City Lord be worthy of those low-class women?

Even if that woman is the young city lord's first wife, so what, when she enters the city lord's mansion, she has to obediently give up the throne of the young city lord's wife to her.

As for that woman, she could force her to be a maid who would marry the young city lord.

This is all a benefit to that woman.

"I don't know what the so-called thing is, but I want to compete with this girl! I want to see what that little fox looks like, and it can take away the young city lord's soul."

Thinking about it, she still got angry. She was the chosen candidate for the young city lord's wife in the city lord's mansion, but she was actually cut off by a woman who appeared out of nowhere. How could she not be angry?

"Let's go, follow this girl to the City Lord's Mansion to have a look."

"Miss, please don't!"

When the maid heard that she said she was going to the city lord's mansion, her face turned pale with fright.

Who doesn't know that the young city lord loves the young city lord's wife very much? Even the city lord and his wife dote on this daughter-in-law. Only her young lady feels that she is a person and can compare with others.

If she were not the maid next to the young lady, how could she speak ill of others without conscience?

But now, her young lady actually wants to go to the City Lord's Mansion to celebrate together in the City Lord's Mansion? This is not to humiliate oneself.

Even the Sixth Elder had to greet people with a smile and congratulate them when they went to the City Lord's Mansion today.

As for her young lady, she was 10000 certain that she was definitely looking for trouble with the young city lord's wife. She might even cause a big trouble. How could this be allowed?

"Um?"

When the woman heard what the maid said, her sharp eyes glanced at her, as if she wanted to eat her alive.

"What do you mean?"

"this....."

For a moment, the maid didn't know what to say. Should she say that the young city lord would not like her young lady at all?

She didn't dare to say such things, and she wouldn't be killed if she did!

"Miss, the city lord and his wife are very face-conscious people. Today is another wedding banquet to celebrate the return of the young city lord. The city lord's mansion is full of family heads and their wives from big families.

If you openly have trouble with the woman brought back by the young city lord at this time, wouldn't this bring shame on the face of the city lord and his wife, and let everyone see the joke of the city lord's mansion!

Not only will this not drive that woman away, it will make the city lord and his wife unhappy. Moreover, the young city lord definitely likes gentle and graceful women. If you really make a scene at his banquet...

Miss, think about it, what else can the young city lord do with you...? "

She reminded her young lady in a low voice not to do something wrong, which would even implicate the Sixth Elder.

Of course, she would not say this to her young lady. She could only seize the young lady's Achilles' heel, which was the view of the city lord and his wife towards her, and give her the right medicine.

Chapter 3344 Immediately changed his mind

Sure enough, after the woman heard what the maid said, she was also frightened by the idea of making a scene.

If she really went to make trouble, she wouldn't get any benefits.

Who would like a fierce woman? Everyone likes a gentle and virtuous woman. Fortunately, the maid reminded her, otherwise, something bad would really happen.

"Who said I'm going to cause trouble? Can't I just go and watch?"

She immediately changed her mind. Even if she went to the City Lord's Mansion, it didn't have to be to cause trouble. She couldn't have gone to congratulate her. As the sixth elder's precious daughter, she was qualified to enter the City Lord's Mansion.

"I want to see what kind of vixen-like face that woman has. She can actually bewitch the young city master. She must not be a good thing!"

Maid: "..."

It sounds like her young lady still wants to cause trouble?

But as a maid, how could she persuade the young lady? So she had no choice but to follow the young lady to the city lord's mansion.

...

City Lord's Mansion.

Because the heads of the major aristocratic families had already been given the blessing, everyone knew that the young city lord and his wife were back, so there was not so much introduction to the scene.

Sui Zimo and Lin Caisang met an acquaintance, the leader of Haibo Kingdom, who kept the two of them talking there.

"You two are really not interesting. You are actually the young city lord of Sky City. You are really extraordinary! You must take more care of our orcs in Haibo Kingdom in the future."

"Ah."

Faced with such polite words, Lin Caisang just smiled.

Haibo Country is a country alongside Sky City, so why do we need their care?

"I have made a new furnace of Yuanshou Dan. The king can take it back and give it to 'Beep'."

Bibi is the son of the leader of the Haibo Kingdom. Maybe the child's mother, like her, had a bad name and gave her child such a nickname.

But as for the names, she felt they were all the same. Aren't they all meant to be called by others? They were the same no matter what they were called.

"Really? Thank you so much, Mrs. Young City Lord." The Lord of Haibo Kingdom's eyes lit up when he heard Yuanshou Dan.

His baby was already weak and had more skills than ordinary monsters. He was worried to death and worried that he wouldn't be able to feed him.

But it would be different if there was the Yuanshou Pill. It was a good thing to enhance physical fitness and increase longevity!

"In a word, if Sky City needs mounts from now on, they will all be taken care of by the king of the country." He patted his chest and assured the two of them.

"Then thank you, Lord."

Sui Zimo was not polite, this Yuan Shou Pill took a lot of effort from his wife to refine, just to wait for the Lord Haibo to come over and give it to his son.

After putting so much effort into it, nothing can be justified.

"By the way, there have been a lot of people entering and exiting the whirlpool recently. Does it have anything to do with you?" After a few polite remarks, the leader of Haibo Kingdom asked another serious question.

The sight of those people coming and going made him tremble with fear, fearing that they would do something crazy.

"There is some connection, but it's nothing serious." Sui Zimo said.

After those people come this time, they won't come again. After all, they won't be allowed to get anything they want.

Instead, they have to pay the price they deserve!

...

Chapter 3345: Date out

"That woman is what the young city lord likes? She doesn't look good at all. She's not as beautiful as this girl.

In the corner, the woman looked at Lin Caisang, who was standing next to Sui Zimo and talking to the leader of Haibo Kingdom. Her face was full of jealousy and her face was twisted.

The maid behind her: "..."

Miss, I'm afraid you have some misunderstanding about beauty and ugliness, right?

Isn't that young city lord's wife not as beautiful as you? You two are not on the same level!

And did you see, miss, that Lin Caisang was able to talk to the king of Haibo Kingdom, who was the king of the Kingdom of Warcraft? He even ignored the wife of the city lord!

As if she heard what the maid said, the woman frowned and looked at the leader of Haibo Kingdom with some displeasure.

"The king is blind. He's willing to talk to a little bitch who comes from a shabby place, and he's not afraid of being stained with filth!"

A person like the leader of Haibo Kingdom should talk to a noble person like her. How could he get together with Lin Caisang?

However, she thought about the time her father took her to Haibo Country to do something.

At that time, she also wanted to leave a good impression on the leader of Haibo Kingdom. In the future, she could go to Haibo Kingdom to get a flying mount, which would make her look majestic.

Who knew that the leader of Haibo Kingdom didn't even give her a look, thinking that she was one of the women Baba threw himself into, so he asked the guards to drive her away.

Afterwards, her father took her to see the leader of Haibo Kingdom. The leader actually asked him to discipline his daughter in front of her father and not do anything inappropriate.

She was so angry that she almost cried in front of everyone. She went home immediately and never went to Haibo Country again.

Such a cold-hearted orc was smiling so heartily at Lin Caisang. How could she not be jealous? She almost wanted to rush over immediately, grab the leader of Haibo Kingdom by the collar and ask him why. Should we favor one over the other?

But she knew that she had to hold back now. She had to give face to the city lord and his wife, and she couldn't make the young city lord hate her.

"Go and find a name to ask that woman out. I want to see what extraordinary abilities that woman has!" She turned her head and ordered to the maid behind her.

"What?!"

The maid was frightened by her young lady's words, her eyes widened and she didn't know how to react.

This is the city lord's mansion. Does the young lady really want to cause trouble?

"Didn't you hear? Hurry up and go!" Seeing that the maid didn't respond, she glared at the maid again and urged.

"Yes, yes, I will go right away."

The maid didn't dare to say she didn't dare to go in front of her young lady, so she could only respond first.

After leaving, she hurriedly went around to find the Sixth Elder. She had to let the Sixth Elder know quickly that her young lady wanted to cause trouble in the City Lord's Mansion.

But before she could find the Sixth Elder, she was stopped by a woman in the corner.

"Elder Zhu is well."

She happened to know this woman. She was one of the former elders. She was lucky enough to have a look at her from a distance in the Sixth Elder's Mansion not long ago, and her memory was very profound.

Because at that time, Elder Zhu kept scolding the Sixth Elder, which was so bloody that the Sixth Elder didn't even dare to fart. She saw it secretly.

Chapter 3346 He is not here

"What are you doing so recklessly? Don't you know there are many guests here today? What do they look like?" Elder Zhu saw the maid from a distance and turned around with a worried look on his face.

People who didn't know it thought something big had happened to the city lord's mansion.

"Slave..."

The maid was so panicked that she was too nervous to speak.

What if the young lady couldn't hold it back and ran out to confront the Young City Lord's wife before she could find the Sixth Elder?

Then she won't be beaten to death by the Sixth Elder when she goes back!

"Which maid in the City Lord's Mansion are you?" Elder Zhu asked her coldly. Judging from her clothes, it seemed that she was not from the City Lord's Mansion, but she couldn't tell whether she was from the City Lord's Mansion.

After all, no master would let his maid run around in this kind of situation.

"Slave...slave is..."

"Say it!"

Seeing that the maid was even more panicked, Elder Zhu gave a sharp shout, which frightened the maid into making a 'pop' and kneeling on the ground.

"Elder Zhu, please forgive me. This servant is serving Miss Yuanyuan at the Sixth Elder's house. The lady wants to find the Sixth Elder, so I am moving around."

She didn't dare to tell Elder Zhu that her young lady wanted to cause trouble in the City Lord's Mansion, otherwise Elder Zhu would have to eat the Sixth Elder!

She will also suffer. Even if she doesn't die, she will still have to shed her skin.

"You are talking nonsense, do you think I am so easy to deceive? You looked so panicked just now, are you just looking for the Sixth Elder to see Yuanyuan?" Elder Zhu naturally did not believe the maid's story, and his face was even more expressionless. Oh no.

This Yuanyuan has been willful and willful since she was a child. She dares to do any daring things, thinking that her father will always take care of her.

But sometimes, there are times when her father can't handle it.

"Tell me what's going on!"

"Slave..."

Seeing that she couldn't hold it anymore, the maid lowered her head.

"Elder Zhu, please forgive me. It's the young lady. The young lady wants to ask the servant to invite the Young City Master's wife to a place where no one is around. The servant does not dare to do this, so she wants to find the Sixth Elder."

How did she know that the Sixth Elder, who usually likes to walk around among the family heads the most, would not be there.

Then she met Elder Zhu, and she really wanted to cry!

In fact, she didn't want to meet Elder Zhu at all. She just wanted to find the Sixth Elder quickly, tell him about the young lady, and let him take care of this troublesome matter.

"absurd!"

Elder Zhu's face suddenly darkened and he cursed.

She really wasn't wrong. This little girl really dared to do anything. Now, with the daughter of her sixth elder, she even dared to trip up the young city lord's wife?

"Somebody come!"

"Master, please give me your orders."

Following her voice, two men walked over from the side and looked at her respectfully.

"Go and capture Shen Yuan for me and bring her to my place." Elder Zhu ordered them.

"Yes, Master."

The two of them took the order and left. Then Elder Zhu ignored the maid and left with them.

Maid: "!!!"

What should she do? The young lady has been captured by Elder Zhu. That is a sure thing.

If the Sixth Elder knew about this, he would have to eat her, this poor little maid, but she couldn't stop it, what could she do? .

"No, we have to go find the Sixth Elder!"

She couldn't sit still and wait for death. She had to go to the Sixth Elder and ask the Sixth Elder to rescue the young lady.

Chapter 3347 So impatient

Otherwise, if the young lady falls into the hands of Elder Zhu, she will not know how she will suffer. It does not matter that she suffers, the key is that the young lady will blame all the mistakes on her.

She walked around the city lord's mansion for a long time, and after searching for a long time, she found the sixth elder who had just come out of a room. There was also a third elder beside him. The two seemed to have just finished talking.

"Xiao Lian, why are you here, miss?" The sixth elder asked in surprise when he saw the maid.

Didn't he say he wouldn't let Yuanyuan come over? Why is she so impatient? He will deal with that woman Lin Caisang sooner or later, so why bother in a hurry?

"Elder..."

Xiaolian looked at the third elder, then at the sixth elder, with a look of hesitation on speaking.

"Sixth, since you have something to do, I will go back first and we will talk another day." Upon seeing this, the third elder said politely to the sixth elder and left.

When he reached a place where he couldn't see the Sixth Elder, he turned around and snorted coldly.

"Do you think I'm stupid? I can only live a good life with Xianyun Yehe. I have to go against the Young City Master. I don't want to die early!"

That idiot, the Sixth Elder, actually came to him for the sake of his useless daughter, wanting to cooperate and bring down Lin Caisang, the wife of the city owner!

He is not stupid, how could he do such a thankless thing?

If you do this well, Lao Liu will get all the benefits. If you don't do it well, it will cost him his life!

Yes, he is somewhat ambitious and is not willing to give away his eldership to others so quickly, but even if he is really ambitious, he is not for an outsider to take advantage of him, okay?

"It's better to avoid the sixth one from now on. By the way, I have to tell the fourth one not to get caught up in it." He muttered as he walked out and decided to take a look in the front yard.

On the other side, after the third elder left, Xiaolian knelt down in front of the sixth elder.

"Elder, please save the young lady, she was taken away by Elder Zhu."

"What?!"

As soon as he heard the word "Elder Zhu", his heart trembled. He still remembered the time when Elder Zhu scolded him. It was called a miserable word. It was still fresh in his memory!

"What's going on? How could Yuanyuan be taken away by Elder Zhu?"

"The young lady wanted to deal with the young city lord's wife, but the slave's persuasion was of no use. Later, the young lady wanted the slave to invite the young city lord's wife to a place where no one was around, but she was discovered by Elder Zhu, so...so...Elder Zhu He ordered someone to take the young lady away."

At this time, Xiaolian naturally did not dare to say that he had betrayed the young lady, so he could only remove himself.

"Yuanyuan...why is she so impatient? Can't she wait a moment?" The sixth elder shook his body and shook his head sadly.

"Elder, please go and save the young lady. I have been looking for you for a long time and have not found you. I don't know how the young lady is doing now. Elder Zhu, she..."

Xiaolian continued to cry, it was none of her business anyway, why did the Sixth Elder have to talk to the Third Elder about the matter? You can't blame her if she can't find anyone, right?

Hearing this, the Sixth Elder took a deep breath and hurriedly walked outside.

...

A secluded courtyard.

Shen Yuan was directly put over the head with a sack by Elder Zhu's subordinates and dragged back, just to teach her a lesson.

When the sack was thrown to the ground, she was free and immediately started yelling.

Chapter 3348 What are your instructions?

"You are such bastards, do you know who this girl is? I am the daughter of the Sixth Elder. If my father knows that you dare to do this to this girl, you will not be able to bear the consequences... ugh!"

Before she finished her words, she looked up and saw Elder Zhu with a gloomy face. She was so frightened that she swallowed back all the words she had not finished.

"Zhu...Elder Zhu."

She was so frightened that she broke out in a cold sweat. She shrank herself into a quail, how dare she be arrogant.

"Why, you want me to walk around without food? Huh?" Elder Zhu looked at Shen Yuan, his eyes even sharper.

"No, no, Elder Zhu, you misunderstood, I...I didn't mean it like this. How dare Shen Yuan admit it? If she faced others, she would not regret saying this, and she would be even more proud of it.

But the person in front of her was Elder Zhu. Even her father could only obey and accept the punishment in front of Elder Zhu, let alone her?

"That's not what I meant."

Elder Zhu kept staring at her and took a deep breath.

"Elder Zhu, you...do you have any orders?"

After a long while, Shen Yuan was stared at by Elder Zhu so hard that she almost knelt down.

she asked, gathering up her courage.

In her mind, it was impossible for Elder Zhu to know that she wanted to deal with Lin Caisang, the young city lord's wife, so it must be for something else.

But she hasn't done anything bad recently, really.

"What did you want to do when you went to the City Lord's Mansion today?" Elder Zhu asked directly without talking nonsense to her.

"Well!"

Shen Yuan choked at her words, and her whole face turned pale.

She never imagined that Elder Zhu would really arrest her and ask for punishment because of such a trivial matter in the city lord's mansion.

"No...it's nothing. I just went to see the excitement. My father said that there were many family heads in the city lord's mansion today, so I went to have a look."

Of course she couldn't admit that she wanted to cause harm, otherwise Elder Zhu might really eat her.

"Yeah?"

Elder Zhu snorted lightly.

"So, you didn't ask your maid to trick the young city lord's wife into a corner, and then you came forward to teach the young city lord's wife a lesson in person?"

she asked bluntly.

"No, no, Elder Zhu, I didn't do that. Who did you listen to? How dare I be disrespectful to the Young City Lord's wife?" Shen Yuan denied in a panic.

I scolded my maid a lot in my heart. This little bitch dared to betray her. Let's see how she will deal with this little bitch when she goes back!

"If you say no, then there won't be."

Elder Zhu didn't care. After all, she was the sixth elder's daughter, so she couldn't be killed with just one slap.

"Shen Yuan, you are now that old. It's time to find a marriage. Since your father won't arrange the marriage for you, I will reluctantly find a suitable husband for you."

It's better for this woman to get married as soon as possible, otherwise, the city lord's mansion will cause quite a storm.

"What?!"

Shen Yuan was shocked when she heard Elder Zhu's words.

Zhang Luo's marriage? How is this possible?

In the future, she will marry the Young City Lord and become the Young City Lord's wife, and in the future she will even become the City Lord's wife.

How could ordinary men deserve to have her?

"No, Elder Zhu, you... you can't... I already... already have someone I like."

Chapter 3349 For the Young City Lord

She doesn't want to just find someone to marry. She has a good plan for the future. She won't give up until she takes the position of the city lord's wife!

"The person you like? Is he the Young City Lord?"

Elder Zhu asked quietly, with a hint of disdain in his voice, as if he didn't look down on Shen Yuan's big intentions at all.

"Well!"

Shen Yuan choked at her words, and her face suddenly turned red.

She knew she was being ridiculed, but so what? Who said she couldn't like the young city lord? Her father is already making arrangements for her.

Of course, it would be great if Elder Zhu could arrange her marriage with the young city lord himself.
xο'''~'''οx

Even the city lord would give Elder Zhu a bit of a thumbs down.

"Elder Zhu, if you can talk about the marriage between He Yuan'er and Young City Master, Yuan'er will be grateful to you forever, and my father will also..."

"Shut up!"

Before she could finish speaking, Elder Zhu gave a sharp shout.

"Based on your lack of self-awareness, you still want to enter the city lord's palace and be the concubine next to the young city lord? Are you worthy?"

"I....."

Shen Yuan opened her mouth and found that she couldn't say a word.

She wanted to say why she had to be a concubine. It was obviously the woman from the deserted continent who was demoted to a concubine. She was the daughter of the Sixth Elder and was born to be the head wife!

But obviously, Elder Zhu in front of her didn't think so. In her eyes, she wasn't even worthy of carrying the Young City Master's shoes.

"Elder Zhu, I really like Young City Lord. I will do anything for Young City Lord. The current Young City Lord's wife definitely doesn't like Young City Lord as much as I do. She only cares about Young City Lord's identity."

After being stunned for a while, she finally thought of clearing her name.

That woman came from Desolate Continent. Didn't she marry the young city lord because she liked his identity?

So what if you give birth to a child? Anyone who comes from the wilderness is not a despicable embryo, and the same goes for the child born, they are not good things!

Only she can be worthy of the Young City Lord!

"laugh."

Elder Zhu really laughed when he heard her pretentious words.

She has never seen a woman who feels so good about herself. Others are by Young City Lord's side just to have the identity of Young City Lord's wife. Is she the only woman who is qualified and doesn't care about Young City Lord's identity?

"Shen Yuan, I am not as you think, a fool who can be deceived by others. If the Young City Master didn't have that identity, would you like him?" She warned her in a deep voice. .

"I....."

Shen Yuan opened her mouth again, wanting to defend herself.

She wanted to say that of course she liked him. She had also met Sui Zimo just now and her heart had already been secretly promised. How could she not like him?

"Elder Zhu, I am serious..."

"You really like the identity of the Young City Lord's wife, don't you?" Elder Zhu continued her words.

"Shen Yuan, I tell you clearly today that no matter how good you are, no matter how famous you are in Sky City, you will never be able to catch the eyes of the Young City Lord.

What's more, do you think you have a good reputation or a bad reputation in this huge sky city? When the people see you, they will probably stay away! "

"Well."

Shen Yuan choked on her words.

When the people in Sky City saw her, they were like a mouse seeing a cat. How could she not know this?

Chapter 3350 Force her to die

"Elder Zhu, those untouchables misunderstood me because they didn't like me. Don't believe what those untouchables say. I used to..."

"Have you ever done anything good before?" Elder Zhu asked her again.

"I....."

Shen Yuan didn't know how to reply at all.

Elder Zhu, on the other hand, took a deep breath again.

That's it for now. Now is not the time to talk about this.

"Suanfu has already ordered people to find your marriage partner. Taking advantage of the great joy of the city lord's palace today, I will also arrange your marriage. I will personally watch you get on the sedan chair and go to the groom's house to get married."

"No, you can't!"

Shen Yuan screamed, she was going crazy.

What does Elder Zhu want to do? What's wrong with her liking the Young City Master? Why must she be forced to marry a man she doesn't like?

And if they get married today, isn't this forcing her to die?

"Elder Zhu, you can't do this. If you force me to get married, I would rather die in front of you right now...ah!"

She wanted to threaten Elder Zhu with death, but as soon as she finished speaking, a dagger was thrown in front of her, making her scream in fright.

"Zhu...Elder Zhu..."

She looked at the dagger on the ground in horror, and then glanced timidly at Elder Zhu sitting at the head.

How could this old woman be so cruel? She said she wanted to die, but instead of trying to persuade her, she threw a dagger at her, hoping that she would die directly.

"Do it, don't you want to die? I will lend you a knife and let you die happily!" Elder Zhu looked at Shen Yuan coldly and said.

"me....."

Shen Yuan opened her mouth, filled with fear.

She was just talking, threatening Elder Zhu, but she didn't really want to die.

"Elder, the Sixth Elder is outside asking for an audience."

After a while, while the study was silent, Elder Zhu's entourage came in and spoke.

When Shen Yuan heard that her father was coming, Shen Yuan was so excited that she almost yelled at her entourage to let her father in quickly. She was waiting for her father to come and save her.

But as soon as the words came to his lips, they were all swallowed by Elder Zhu's sinister gaze.

She shrank her neck, not daring to say a word.

"Let him in."

Elder Zhu told his followers.

"I would like to see how he can plead for his daughter who is not ashamed and has no self-awareness!"

"Yes, elder."

After receiving the order, the attendant walked out.

Shen Yuan lowered her head, gritted her teeth and scolded Elder Zhu thousands of times in her heart.

How come she has no self-awareness? It's obviously the woman named Lin Caisang who doesn't know herself, okay?

Isn't it a big joke that a woman who came from the deserted land actually wants to become the young city lord's wife of Sky City? What's even more frightening is that both the city lord and his wife have been won over by that woman.

But she didn't dare to say these words, for fear that Elder Zhu would chop her with a palm after she said them.

...

In the city lord's mansion.

Ban Jue walked to Sui Zimo and whispered in his ear.

Sui Zimo glanced at Ban Jue and frowned.

It seemed like these people really didn't take him seriously. They wanted to touch his son in front of him?

"You go to Elder Zhu to send a message. Tomorrow, several elders will be replaced, and the city lord's mansion will be kept quiet. As for the candidates, I have already made a decision."
