

Star of Space 3351

Chapter 3351: Use it to make up the numbers?

"Yes, Master.

Ban Jue responded and turned around to go out.

"What's wrong?"

Lin Caisang saw the banished person coming, but quickly left. She smiled at the head of the family who was being polite to her and turned around to ask him.

"It's time to replace a group of elders." Sui Zimo's eyes dimmed and brightened as he spoke faintly.

Lin Caisang: "..."

Did her husband find someone new to trap?

I just got my son into trouble, and now I have to change a group of elders. I don't have to think about it to know that these elders must be some of them.

Which ones will they be?

"Do you have the right person?" she asked.

The elders of Sky City are not appointed based on the number of people. Just like the previous elders, there were only four, but the current elders have six.

It depends on the ability of these elders to take care of everything in Sky City.

"do you have?"

Sui Zi Mo looked at her with a smile and asked.

Lin Caisang: "?"

Can she say she doesn't?

"I think the eldest brother is quite suitable. There is also Chu Shui. The two of them move and stay still, just enough to control each other's temper." She betrayed her eldest brother and younger brother unceremoniously.

"Um."

Sui Zimo thought so too, so he nodded.

Yue Chushui was originally from Qianhuan Continent, so it was okay to be an elder.

As for Lin Changhong, guarding this world for his nephew, if he is not happy, he will beat him until he is happy.

Also...

"What do you think of Baiqing?" he asked.

Lin Caisang: "!!!"

Yin Baiqing, she is still a half-grown child, is she being used by her husband to make up for it?

But I have to say that although Yin Baiqing is still a child, he is indeed very capable. If he can become an elder in Sky City, he will definitely be extraordinary in the future.

Even if the elder stops serving in the future and returns to the Ziyang Kingdom to be his emperor, it will be more convincing to the ministers and people.

"anything else?"

"Is three not enough?" Sui Zimo asked her back.

"Is three enough?" Lin Caisang blinked.

Does her husband want one of Wanzi's three uncles to take care of them?

"Just leave the servant to take care of Wanzi, that's enough." Sui Zimo thought for a while and then said.

That's okay. The ability to serve as a bookkeeper is also okay. If you practice well, you won't be an ordinary person in the future.

Lin Caisang was speechless. This was someone who was really roped in to make up the numbers, right? A person even more pitiful than Yin Baiqing was finally born!

"You can take care of this matter, but I will not leave Wanzi within six months." She said.

"Well, as you wish."

Sui Zimo naturally relied on his wife.

His meatball is indeed still young, and he hasn't even been given a name yet, so it's time to think about what to call him.

...

Where Elder Zhu lived, the Sixth Elder hurried over. After being invited in by his entourage, he saw his daughter huddled aside, not even daring to say a word.

"Master, Yuanyuan is still young and not sensible. Please don't get along with her." He immediately said to Elder Zhu.

His daughter, who even he couldn't bear to blame, was now so wronged. He felt heartbroken just thinking about it. If it weren't for the person sitting in front of him, he wouldn't dare to offend her. He really wanted to scold her. ah!

"Of course I don't have the same experience as her."

Elder Zhu smiled and glanced at Shen Yuan. The next moment, she locked her eyes on the Sixth Elder.

Chapter 3352 Shameless words

"But it's the fault of the father if the son doesn't teach. Sixth Elder, should you explain to me how you taught this precious daughter of yours to make her so lawless that even the young city lord's wife wanted to scheme against her? !"

She questioned the Sixth Elder sternly.

"You have given birth to a daughter like this. If you continue to be an elder, you may cause some trouble in the future. Get out of here now!"

"No, it's not."

When the Sixth Elder heard Elder Zhu's words, he was so shocked that he was almost speechless.

How come Duan Duan was involved in his position as the Sixth Elder? It's just a little kid's quarrel, what's the big deal?

"Master, isn't this just Yuanyuan trying to embarrass the young city lord's wife, but she doesn't really want to do anything to the young city lord's wife. Didn't you stop her in time?

Besides, she is the young city lord's wife, and she will become the city lord's wife in the future. If she can't handle my Yuanyuan's little tricks, how can she still convince the people of Sky City?

If you ask me, it makes sense for Yuanyuan to do this, but she has to test whether the Young City Lord's wife has that ability first. "

He didn't feel at all that his daughter had done anything wrong. If she, Lin Caisang, couldn't even hold on to her position as the young city lord's wife, then she should give up her position to someone who was capable.

If he was wrong, the only thing he felt was wrong was that Yuanyuan shouldn't be so reckless and should have planned carefully. How could she be so stupid that Elder Zhu found out?

"you--"

Elder Zhu was almost angered by his shameless words.

It seems like she really treats this guy too well, right? That he can't even tell the difference between dignity and inferiority?

Even if the elders of the City Lord's Mansion are high-ranking figures in the eyes of the people of Sky City, in the City Lord's Mansion, the elders are just subordinates to the City Lord.

Does he really want to elevate himself to the point where he even wants to point his fingers at the affairs of the young city lord?

Especially, he dared to question the Young City Lord's wife!

"Shen Qian, you are very good. I will remember your words today."

She took a deep breath and said fiercely.

"Well."

Shen Qian choked at her words.

He also knew that what he said was a bit excessive, but if he didn't help his daughter at this time, who could?

He loves his daughter. Just like Commander Lin, didn't he give his daughter to the young city lord and become the young city lord's wife to make his position in Sky City more stable?

Lin Baizhong could do this, couldn't he?

"Elder Zhu, I..."

"Elder, the young city lord outside has sent someone over. It seems there is something going on."

The Sixth Elder wanted to say something more, but saw the follower who had greeted him before coming in again, and said something beside Elder Zhu.

"oh?"

Elder Zhu glanced at the Sixth Elder meaningfully, with a faint smile on his lips.

"Go and invite the young city lord's people to come in." She ordered.

"Yes, elder."

After the attendant responded, he went out to invite people.

When the Sixth Elder standing aside saw the entourage leaving, his heart beat rapidly.

How come the young city lord's people came to Elder Zhu? Did you find something? Or was it that the Young City Master found out about what his Yuanyuan did?

If that was the case, it would be difficult for him to do the next thing.

Chapter 3353 Handover Matters

Even if he can get the Fourth Elder to help him, he may not be able to deal with the young city lord. Even though he is just a young man, he can do things much more ruthlessly than them.

He looked at Elder Zhu uneasily.

"Master, the young city lord's people are here to see you. What's the matter?" he inquired.

"have no idea."

Elder Zhu is in a good mood now and is willing to answer the sixth elder's words.

"Normally, I don't have much friendship with the young city lord. How can I know why he suddenly sent someone here? Maybe there is something urgent."

As she spoke, she slowly turned her gaze from the Sixth Elder to Shen Yuan.

That meaning couldn't be more obvious.

Seeing this, how could the Sixth Elder not know what was going on? The Young City Lord must have heard the news that his daughter was brought back by Elder Zhu, so he wanted to use Elder Zhu's hands to deal with his daughter.

But now that he is here, as long as he protects her, he wants to see who dares to touch a hair of his precious daughter!

He thought very well, even if the people around the Young City Lord really put pressure on Elder Zhu later, he would not let Elder Zhu touch his daughter.

This is the responsibility he should have as a father.

But he didn't expect that when Ban Jue was brought in by Elder Zhu's entourage, he first greeted Elder Zhu and then explained his purpose of coming directly.

"Elder Zhu, the young city lord has ordered his subordinates to tell you that he has already chosen the candidate to succeed the elder. Since the elders are so impatient to make a name for themselves, the young city lord also You can't force it, you can only let it go.

Therefore, tomorrow he will personally send the person to the elders' house and let the people around him hand over to several elders. "

"What?!"

Elder Zhu had not yet responded, but Elder Six screamed in surprise after hearing the words of banishment.

How could this be possible? He had never said that he wanted to make his own way. How could he hand over the position of elder so easily?

If that's the case, what has become of him?

"No, no, how can..."

"Well, I understand. If you report back to the young city lord, I will arrange the handover tomorrow." Elder Zhu nodded, completely ignoring the words of the sixth elder.

Can he say no if he says no? Who is he?

You still want to make trouble with the young city lord's wife. Have you asked the young city lord for his opinion?

"Okay, Elder Zhu, now that the words have been conveyed, the subordinate has resigned." The banishment came and went quickly, and he left quickly.

"Master, how could the young city lord do this? He was just recognized by the city lord today, and we elders will be cleared out tomorrow. Isn't he afraid that there will be civil strife in Sky City?"

After Ban Jue left, the Sixth Elder could no longer hold back and asked Elder Zhu.

How could this be possible? Can the position of elder be replaced just by changing it? They have many things in their hands. If they were replaced directly, those things would probably not be handled well.

Is this young city lord too willful? Sure enough, it's still a little tender!

"Tomorrow, I will go to the elders' courtyard in person. If you don't want to go, you can. Of course, Elder Yan will also go." Elder Zhu ignored what he said and said directly.

Chapter 3354 Choose another time

"I--"

The Sixth Elder opened his mouth, not knowing what to say.

Isn't this forcing them to abdicate? How could anyone do this? What do they think of them? They come when they are recruited and go away when they are ignored?

"Master, does it have to be like this?"

He asked, really unwilling. After running the Sky City for so many years, not only did he fail to send his daughter to the position of the young city lord's wife, she even took the position of his own elder?

Could it be that if Shen Yuan didn't want to deal with the Young City Lord's wife, this would not have happened?

Thinking about this possibility, he turned his head and glared at his daughter fiercely. She was really a guy who failed to achieve anything but failed more than failed.

...

In the end, Elder Zhu did not answer his question and asked him to leave.

Naturally, Shen Yuan was not punished and was asked to leave with the Sixth Elder. Seeing her father walking in front, Shen Yuan trotted to catch up.

"father....."

Before he could say anything, there was a "pop" sound.

The sixth elder turned around in anger, raised his hand and slapped Shen Yuan on the face, so hard that two of her teeth fell out, and blood suddenly came out of her mouth.

Shen Yuan was stunned. She just covered her face and slowly looked at her father.

She has never been beaten since she was a child. No matter how big of a mistake she made, her father would always deal with it for her. He never said a harsh word to her.

But now, her father actually beat her, beat her!

"Dad, you... hit me?"

After a long while, she realized what was happening and asked blankly.

"I'll hit you lightly, but I still want to kill you!" the Sixth Elder said bitterly, grinding his teeth.

He could have continued to be his sixth elder. As long as no one mentioned the matter of changing elders, he would pretend that he knew nothing. Anyway, he felt that the Young City Lord would not do anything to them for the time being.

After all, they are elders. If Sui Zimo succeeds in taking the position of Young City Lord and replaces them, will he still lose his own face?

But he never expected that his daughter would go to the city lord's mansion and want to attack the young city lord's wife.

The Young City Lord found out about this matter, so he had to take action against him.

"father!"

When Shen Yuan heard what her biological father said, she was not afraid. She knew that what her biological father said was just angry words.

So she yelled at him angrily.

"I didn't do anything wrong. It's obviously Elder Zhu who is meddling in other people's business. If it weren't for her, I would have already dealt with that woman today!"

If it weren't for Elder Zhu, as long as she brought the so-called young city lord's wife into disrepute today, then she would be the young city lord's wife's best choice.

Isn't it right for her to do this?

"How dare you say that!"

The sixth elder was extremely angry and wished he could slap her again.

Now they are still not far from Elder Zhu's house. If Elder Zhu hears this, will the two of them get anything good to eat?

"If you want to attack something that is not enough to succeed but is easy to fail, wouldn't you choose another time to do it? There are so many people in the City Lord's Mansion tonight, is this the right time for you to attack the young City Lord's wife?

Idiot, why are you so stupid? ! "

"Then I'm not in a hurry. You didn't say you would help me, so I have to do it myself." Shen Yuan said angrily.

Seeing those women getting acquainted with so many aristocratic family heads in the company of the young city lord, those people who were supposed to be the ones she should be strong with, ended up being taken advantage of by that useless woman.

Chapter 3355 is so easy to deal with

She even wanted to kill Lin Caisang!

"When did I say I won't make the decision for you? You idiot, can't you wait a little longer? Now, I, the sixth elder, don't have to do anything anymore, and you can't even count on it.

Next we should move out from Sky City, how about it? Do you feel comfortable? ! "

"How...how could it be...Dad, the Young City Master is just joking, you are an elder, how can you just change it casually? Other elders will not agree!"

Does Shen Yuan think that the elder's position was given up at the drop of a hat? This is impossible.

"Are you kidding me?!"

The Sixth Elder was almost amused by his daughter's words.

Elder Zhu has been notified of this matter, and Elder Zhu also said that he would tell Elder Yan. Can it still be a joke? That's a done deal.

"Do you think Elder Zhu is joking? Huh? The young city lord has already sent someone to tell you, is it still a joke?

How could I have given birth to a fool like you? It's enough to cause trouble for me outside all day long. Now it's better, you have taken away my elder position. Can you be more patient? "

"me....."

Shen Yuan took a step back, fearing that her father would slap her again in anger.

"I don't know either. It's that little bitch who can't even handle such a small thing. If Elder Zhu finds out, I'll beat her to death when we get back!"

She put all the responsibilities on her maid.

If her maid hadn't messed up even such a trivial matter, how could such a thing have happened? She had already ruined the reputation of the Young City Lord's wife.

"You still have the nerve to blame others?"

The Sixth Elder took a deep breath and really wanted to kill this stupid daughter with one strike.

But what else can be done now? Things are already like this.

"You go home now, and you are not allowed to go out without my permission. If you let me know that you are causing trouble outside again, I will break your legs!"

With that said, he turned and left.

"I....."

Shen Yuan looked at the direction her father was leaving and became angry.

She didn't do anything wrong. She just wanted to work hard for her own future. How could she be wrong? ?

If people don't care for themselves, they will be punished by heaven and earth. What's wrong with her thinking about herself?

Therefore, she was not wrong. It was all because of Lin Caisang. How could she become the wife of the young city lord, but she had to be beaten by her father here until her teeth fell out?

"I won't let you go!"

She looked in the direction of the City Lord's Mansion with a sinister look.

Even if the father cannot grow up, so what? As long as she has the ability, she can take the position of the Young City Lord's wife.

She must be able to think of a way, it's just a man, how can she still be unable to seduce him?

Taking a deep breath, she spit out the blood in her mouth and walked towards her home.

This time she was really anxious, just wait, after she healed the injury on her face, she would definitely get the position of the young city lord's wife. As for Lin Caisang, she would definitely not keep her anymore.

...

"Is there such a thing?"

In the city lord's mansion, the city lord's wife was simply shocked when she heard the guards coming to report.

How did Shen Yuan think of dealing with Sang Sang? Does she think Sang Sang is so easy to deal with?

Chapter 3356 He has his own considerations

Thinking about it, I am really drunk. Could it be that the Sixth Elder has never seen her daughter-in-law take action, and he can still let his own daughter come to die!

"This sixth elder really doesn't want to live anymore. Since he wants to die, the city lord..."

She looked at Lu Tianlan who was sitting aside and said nothing.

"After tomorrow, let's send him on his way."

Lu Tianlan didn't want to endure the Sixth Elder anymore, so he spoke directly.

Several other elders, even though they had done a lot of stupid things in the past, now that Lu Tianfeng and Zui Yifeng were eliminated, they have all calmed down and stopped making any moves.

There is only the Sixth Elder, and he is still looking for power every day. Today he is looking for the Second Elder, and tomorrow he is looking for the Sixth Elder.

Among the people in Sky City, apart from the useless ones, there is no one who has some skills that he has not searched for. He has searched them all.

It's a pity that no one pays attention to him. No one is like him and has no self-awareness at all.

"tomorrow....."

When it comes to tomorrow, the city lord's wife is suspicious.

"City Lord, in your opinion, are the people Zimo selected really qualified for the position of elders?"

Those people, even if they had worked with Zimo and Sangsang before, they had some experience, but they were still young after all.

She was really afraid that they would not be able to handle these things in Sky City. After all, as an elder, there were a lot of things that he had to deal with on a daily basis.

"Zimo naturally has his own considerations." Lu Tianlan didn't say anything else.

Naturally, he would not say that his son's intention was to let the former elders stay and take charge of matters in Sky City first, and then slowly let Lin Changhong and the four of them learn the same thing.

After all, he, the city lord, is still here.

"Hey, I don't even understand what Zimo is thinking. He doesn't want to be a good young city lord. He also wants to return to Huanglu to live his pastoral life, so he is going to leave Wanzi here."

They are really willing to give up.

"We can't force Zimo to do something he doesn't want to do, and he has grown up and has his own ideas. If we force him to do what we want him to do, the result may not be good."

Lu Tianlan said quietly.

He had listened to his father's words and appointed those ambitious people as elders, and that was why he attracted such a Zui Yifeng.

And if his father hadn't obeyed his grandfather's words, how could he have frowned upon such a vicious person like Lu Tianfeng by his side and still raised him as his own son?

It turned out that his son was bitten by such a vicious person.

"They."

The city lord's wife shook her head.

...

The second day.

The Sixth Elder ran all night, trying to get to the First Elder, the Second Elder and the others to persuade them to join him in resisting and not hand over their position as elders.

But Elder Zhu seemed to have expected it and sent people to block his way back. He didn't even see any of the elders.

After that, he went to several family heads in the city who had been friends with him in the past and asked them if they could go to the city lord's mansion to oppose this matter.

But what is the result?

When the heads of the aristocratic families saw him, they were quite polite at first.

But after hearing that he would no longer be an elder, his expression suddenly changed, and the respect he had for him before could still be seen on his face.

Chapter 3357 Unexpected

They all found some excuses and sent him away.

He had been so high and mighty for so many years that he had forgotten that he had also talked down to others. It was only after he became an elder that he finally toughened up and punished all those who had bullied him.

Now it's his turn to be bullied by others. It's been thirty years in Hedong and thirty years in Hexi!

In the end, he was forced to have no choice but to hide for a while. As long as he never showed up, no one could take away his position as the Sixth Elder, right?

But early in the morning, Elder Yan's entourage found him and directly explained his purpose. It was Elder Yan who asked the entourage to invite him to the Elder's House, but they showed him, but they couldn't do anything to them. .

After a while, he finally stood in the elders' courtyard, and at this moment, the other five elders had already come over.

Seeing him coming, the other elders looked at him with poisonous eyes, as if they wanted to peel off a layer of skin from his body.

He shivered and wondered what these people were like after just spending the night. Why were they looking at him like this?

He hasn't reacted yet. If it hadn't been for his precious daughter, the elder wouldn't have changed the seat so quickly. Wasn't all this caused by his lax teaching of women?

Although several elders no longer have much thought about the position of elder, they still need to be fully prepared if they want to leave Sky City.

They still want to prepare more time.

Little did they know that Shen Yuan's nonsense directly made Shaocheng angry, and he immediately issued a message asking them to hand over the position of elder.

This was something they didn't expect!

"Boss, you are all here." He felt a little guilty when they saw him, and smiled at them.

"snort!"

The Fifth Elder glared at him coldly and shook his sleeves heavily.

If it weren't for the person in front of them, they wouldn't have to come here so quickly. At least they could delay it for some time, right?

But now, as soon as they are messed up by Shen Yuan's trash, they are no longer elders from today on, and they have no rights at all. How can they be willing to do so?

But what can I do if I don't want to give in? I can argue with Elder Yan and Elder Zhu?

According to Elder Zhu's violent temper, if they dared to complain, she would kill them all with one palm.

When the time comes, they can be charged with any crime and they will be able to explain the past. The key point is that they have done things that are not good for Sky City and the City Lord's Mansion before, and they have not been wronged.

"Fifth Elder, what's wrong with you? Who provoked you? Why did you take out your anger on me?" The Sixth Elder saw that the Fifth Elder had a bad look on him. Naturally, he didn't want to be offended, so he asked .

"He's not some idiot who makes his woman lawless and dares to do anything. He wants all of us to get out of Sky City!"

The fifth elder glared at the sixth elder and cursed.

Regardless of whether there are Elder Yan and Elder Zhu's followers around him at the moment, he will be just an ordinary person from now on, so what is there to be afraid of?

But he would never let go of this Sixth Elder. He had to hand over his position as an elder so soon, and he didn't prepare anything that he should have prepared.

He must let the Sixth Elder make up for everything he lost!

Chapter 3358 It's not done either

"Well!"

The Sixth Elder choked at his words.

He muttered to himself that this was not something he could have expected. He was also angry and wanted to beat Shen Yuan to death.

But even if Shen Yuan is beaten to death, it is inevitable to hand over the position of elder. Now, nothing you say or do will be of any use, right?

"Boss, this really has nothing to do with me. I didn't know Yuanyuan would do such a thing. She..."

"The child does not teach, the father too."

The great elder interrupted him and spoke calmly.

He didn't want to talk to the idiot Sixth Elder right now. If he kept talking, what if he wouldn't be able to hold back and strike directly at the Sixth Elder?

"Well.

The Sixth Elder was choked by the Great Elder again.

He couldn't help but wonder, was his Yuanyuan really that bad?

Obviously in the past, several elders praised Yuanyuan as a good girl who would definitely find a good husband in the future.

But now, there is such a wishful husband like the young city lord beside me, but he can't see how good his family Yuanyuan is. What does it mean to be so nice to a woman from the wilderness?

"This Yuanyuan...she didn't make it either, she..."

"The young city lord has arrived.

Just when the Sixth Elder felt guilty and wanted to explain, he suddenly heard a voice coming from outside.

The word "young city lord" frightened him directly. He thought of last night, when his daughter wanted to deal with the young city lord's wife, wouldn't that be to stir up trouble on the young city lord's head.

After the Young City Lord comes over, he won't attack him directly, right?

Thinking of this possibility, he quickly stood aside and almost shrank himself into a quail.

"laugh."

The fifth elder looked at the sixth elder like this and sneered.

He is obviously a timid person, but he is still thinking about what kind of achievements he wants to make. Can he have this ability?

Soon, Sui Zimo came in, followed by Elder Yan and Elder Zhu, followed by a large number of followers, and of course, Lin Changhong and the four others.

"Thank you elders for handing over the matters in your hands to the new elders around this student ID card. Be sure to explain everything well. Otherwise, if Sky City has any trouble in the future, it will only take you. Several people asked."

Sui Zimo's eyes lightly swept over the six elders and smiled at them.

"hiss."

Several elders gasped.

They had thought about saving a hand before. After all, there were so many things in Sky City, and it was impossible to hand them all over. As long as they kept a hand, Sky City would still rely on them in the future.

Little did he know that the young city lord seemed to have already anticipated what they would do, so he directly warned them.

"If they have something to hide, we won't let them off lightly without Shaocheng taking the initiative." Elder Yan's warning gaze swept over the six elders one by one and said to Sui Zimo.

If you dare to be petty at this time, don't blame them for being ruthless.

"So, there are Elder Laoyan and Elder Zhu." Sui Zimo turned his head and nodded to the two of them.

"no."

Finally, the fifth elder couldn't stand any longer and stood up.

He didn't think there was anything wrong with handing over his position as elder. He would have to hand it over sooner or later, there was no difference.

but.....

Chapter 3359 It's like drinking boiled water

"Young City Master, the two elders, those around you are still children. Are you sure you want to hand over such an important elder position in Sky City to them?"

Lin Changhong is okay, he doesn't look too young.

But what about Yue Chushui and Yin Baiqing? How big are these two talents, so they are allowed to take care of so many affairs in Sky City?

It doesn't feel reliable no matter what, right?

What's more, there is a woman. Who is she? She is worthy of succeeding to the position of elder?

"That's right, Young City Master, this Young Master Lin is from Huanglu. How can he succeed to the position of elder? And this girl, she is also from Huanglu. What's more, she is a woman. She ..."

The third elder also agreed and stood up.

"The third elder looks down on women?"

Before he could finish speaking, Elder Zhu asked him coldly. The meaning of his words couldn't be more obvious, and asked him to shut his mouth.

"Well!"

The third elder was choked and suddenly broke into a cold sweat.

How could he forget that Elder Zhu is a woman? If she can be an elder, so can other women.

"Elder Zhu, I don't mean to look down on women, but they are from the Desolate Continent, how can they become the elders of Sky City?"

"The elders of Sky City have always been inhabited by capable people. If they have this ability and are prepared to live permanently in Qianhuan Continent, then they have this qualification.

Elder Yan opened his mouth and said.

"But this... the people of Sky City will not obey them!" The second elder also stood up and retorted.

"If anyone around me is dissatisfied, you can ask them to come to me. I will explain it to them in person, so I won't bother you... the former elders will worry."

Six elders: "..."

Well, now, they have become the former elders before they have even completed the handover.

This young city lord is really not someone to be trifled with.

Especially with his strength, just standing there almost suffocated them.

Why didn't they realize that the Young City Lord's strength had improved a lot after not seeing each other for a few days? How could this cultivation be as easy as drinking boiled water?

He is obviously just a young man, but he already has the tendency to crush old men like them.

Bah!

The great elder took a sip in his heart.

What is a trend? It has clearly crushed them to death!

Look at Lao Liu, he could still say a few words to them just now, but after the Young City Lord came over, he didn't even dare to fart, and he even hid so far away.

What is this called? A typical example of bullying and fearing the strong, isn't it?

How can they talk about 'trend' like this? This young city lord is definitely not easy to deal with.

Now that they have clearly explained the matter and left, it may be good. If they wait until some time, they may not be able to explain everything here.

So, while I could still move, I quickly handed over the matter at hand and let's go.

"Young City Master, how can we help you with our own affairs? If any of the elders are dissatisfied, they can come up and ask for advice. All of us are happy to accompany you."

Yin Baiqing smiled kindly at the elders, trying her best to look so harmless and kind.

He looked like this obedient little brother next door and rolled his eyes when he looked at Lin Changhong.

Chapter 3360 Reluctant

This guy has always been so dark, and he is used to it. Looking at such a small person, he is really hard to guard against.

If he returns to Ziyan Kingdom and becomes emperor in the future, Ziyan Kingdom will definitely become more powerful.

The people here were thinking so, but over there, several elders almost jumped up when they heard Yin Baiqing's arrogant words.

After all, they have been the elders of Sky City for so many years, right?

Now, he was despised by a little guy, and he was brazenly planning to fight with them.

They really wanted to comply and shoot this little guy into the mud directly in front of everyone.

But it doesn't work.

Not to mention the young city lord, but also Elder Yan and Elder Zhu who were guarding the place. Even without them, could these old guys be able to shamelessly attack a little guy?

If this matter spreads out, will they still have face?

"Hi, ho!"

The great elder took a deep breath and exhaled heavily. He really didn't want to talk to these people anymore.

If he talks to these people, his lifespan will be shortened by half. He lives well, but he doesn't want to die so early.

"Okay, okay, hand over."

In the end, he could only grit his teeth and speak to the Young City Lord.

Handover is handover. Do you really think that nothing will be achieved if they leave the position of Sky City elder?

"Boss!"

When the Sixth Elder heard the First Elder's words, he shouted unwillingly.

But all he got was the great elder's cold eyes, which glanced at him gloomily.

"Well."

He suddenly felt a chill on his back and thought about why they were standing here today. It wasn't his daughter who caused the trouble.

It seems that the great elder and the others have blamed all their faults on him.

But what could he do? It was not him who asked Shen Yuan to do such a thing, and it was not successful at all!

He really didn't understand why the young city lord had to be so fussy about it?

"Young City Lord, two masters, today there is a handover between our elders, won't the City Lord be present?" The second elder looked at Sui Zimo and asked doubtfully.

Even if it was Sui Zimo, the young city lord, who wanted Lin Changhong and the others to succeed the elders, he could not override the city lord and make this decision directly.

In what position does he put the city lord in this way?

"That's right, two masters, does the city lord disagree with the young city lord changing the elders now?" The third elder also interjected.

If the city lord really disagrees, then the matter will be easy to talk about. They can use the city lord as an excuse not to hand over the position of elder.

But, they really thought wrong.

"Are you sure you want to see the city lord?"

Sui Zimo's eyes glanced over their bodies one by one, and the meaning in his tone couldn't be more obvious. I'm afraid they won't have any good results when they see the city lord, right?

"Well."

Several elders choked at his words.

Could it be that if they see the city lord, they can never come back?

But they are really not sure about this, and the city lord doesn't know what leverage they have.

In particular, Sui Zimo stared at them with such malicious eyes, which made their scalps numb and it was impossible not to think of the worst.

"City Lord, is he busy?"

The fourth elder also asked with some uncertainty.
