

## Star of Space 3361

Chapter 3361 City Lord's Order!

"The city lord is quite free, but he doesn't want to see a few of them. He's afraid that if he doesn't hold back, he will..." Sui Zimo looked at them and continued to speak.

His father really didn't want to see these people in front of him. He was really afraid that he would twist the heads of the elders in front of him from their necks without holding back.

Who told them to find out a lot about what these elders were doing secretly?

"Are you sure you want to meet the former elders?"

"no no."

The Sixth Elder was the one who felt the most guilty. Hearing Sui Zimo's words, he shook his head and denied it without thinking.

He doesn't want to see the city lord now. Who knows how that crazy man will deal with him. Compared with the young city lord in front of him, Lu Tianlan is simply worse.

"Old Six!"

The First Elder heard the Sixth Elder's voice and glared at him with hatred.

No matter how guilty you are, you have to hold it in. It was exposed so quickly. Do you really want the Young City Lord to deal with them?

"The Young City Lord is joking. The City Lord should have stepped in for this new elder to take over the throne. Even though you are the Young City Lord, you shouldn't..."

Turning his head, he looked at Sui Zimo and calmly tried to persuade them. They were changing the elders in Sky City. What would it look like if the city lord didn't show up? Does that mean that the young city lord will have the final say in Sky City in the future?

But before he finished speaking, he saw Sui Zimo take out a token from his arms.

All the words he had not finished speaking were stuck in his throat.

"City Lord's Order!"

Several elders also widened their eyes and looked at the City Lord's Order in Sui Zimo's hand in disbelief.

There are two City Lord Orders, one of which can be given to others for use, but the other one is always in the hands of the City Lord.

Whoever can obtain this City Lord's Order can issue orders on behalf of the City Lord.

The City Lord's Order in Sui Zimo's hand now is the one that can issue orders on behalf of the City Lord. This is exactly what the City Lord, Lu Tianlan, intends to pass on to the Young City Lord.

It would be strange if the elders were not frightened. They did not dare to say a word and directly handed over all the rights in their hands.

...

Outside the city lord's mansion, a group of people were staring at Sui Zimo and Lin Caisang.

They were the ones sent by the Zui Family Master of the Marrow Dragon Continent to find Sui Zimo and the others to seize the corpse-suppressing talisman fragments.

But the City Lord's Mansion of Sky City is not something they can enter just if they want to, and the young City Lord of Sky City is not as simple as they imagined.

So they could only think of starting with Lin Caisang and forcing her to hand over the fragments of the corpse-suppressing talisman. The thing was on her body anyway, wasn't it?

However, they have been wandering around outside and have not found any chance to enter the city lord's mansion, let alone capture Lin Caisang.

But it was their figures that kept wandering around the door of the City Lord's Mansion that attracted the attention of the guards of the City Lord's Mansion.

Several faces that have been passed around to the point where they are no longer unfamiliar to them, can they not attract attention?

After all, Sky City is not peaceful these days, and some people want to make some noise secretly.

But they are always on the lookout for suspicious people, no matter how small they are. What's more, these people dare to hang around the city lord's mansion, just to attract their attention.

Chapter 3362 It's simply courting death!

Therefore, several guards discussed the matter and directly reported the matter to the commander-in-chief, Lin Baizhong.

After Lin Baizhong heard the news, he personally sent people to surround the group. Of course, how could the guards be the opponents of these people.

Only Lin Baizhong caught one person personally, and the others ran away.

From his mouth, he found out that those people came for the fragments of the corpse-suppressing talisman, and he was really surprised.

"The sons of evil are gone, but those people are still peeking at the fragments of the corpse-suppressing talisman. It seems that these people's appetites are really big enough!"

Seeing Lin Baizhong sitting down next to him, Lu Tianlan took a deep breath and asked.

"It seems that we really shouldn't let them go like this."

"City Lord, do you have any news over there?" Lin Baizhong asked him.

"The news is not that fast. People on other continents are fine. They should respond soon after receiving the news, but the Dragon Lord on the Marrow Dragon Continent..."

Lu Tianlan shook his head at him, indicating that he was really not sure about this person.

It's not that the Dragon Lord will protect the Zui family, but that the Dragon Lord is too selfless. If he knew that the Zui family had done such a thing, he would directly destroy the Zui family with his troops!

Therefore, if there is news from the Marrow Dragon Continent, it is probably the news that the Zui family has been destroyed.

In fact, Lu Tianlan's guess was right.

...

Marrow Continent, Dragon Palace.

When he received the message from Lu Tianlan, the Lord of Qianhuan Continent, the Dragon Lord didn't understand why.

After all, Lu Tianlan has always kept a low profile over the years and has never contacted other continents.

However, when he opened the summons and read what was written in it, he was so angry that he almost smashed the entire Dragon Palace. His whole life of wisdom was ruined by the Zui family.

"Go and check immediately to see if anyone from the Zui family has entered Qianhuan Continent in recent years." He ordered the guard beside him.

It would be okay if this matter was fake. At most, he would write a letter to Qianhuan Continent and blame Lu Tianlan for a few words. But if it was true, then the Zui family would definitely not be able to keep him.

With such a vicious family head, how many of the other members of the Zui family are good?

I'm afraid they are all people who want to do evil but have no ability.

"Yes, Dragon Lord."

After hearing his order, the guards immediately left the Dragon Palace.

Soon, he came back and brought a thick record book. This was a list of all the people who came in and out of the whirlpool, only those who came in and out of Qianhuan Continent.

"Lord Dragon, just recently, the Zui family has sent many people back and forth between Qianhuan Continent and the Marrow Dragon Continent. Moreover, Zui Yifeng, the second son of the Zui family, was dismissed by the Zui family because he committed a crime. I went to Qianhuan Continent many years ago, and it's recorded in the book."

"What?!"

Hearing this, the Dragon Lord was shocked and stood up directly from the dragon chair.

"How dare he do this, he is simply seeking death!"

It was just a matter of sending people to the Qianhuan Continent, but they actually asked members of the clan who had committed serious crimes to be sent to the mainland.

Does this Zui family think Qianhuan Continent is a continent affiliated with their Marrow Dragon Continent? Is it a place used to detain prisoners in the Marrow Dragon Continent?

Thanks to him for having the guts to do such a thing!

"Damn it, if this Dragon Lord allows such a family to remain in the Marrow Dragon Continent, how can I have the face to meet the Lords of other continents in the future?"

He slapped the pillar full of dragons hard and was very angry.

Chapter 3363 Almost fell down

"Dragon Lord..."

The guard was also frightened when he looked at him like that, and he spoke with some fear.

"Go immediately and destroy the Zui family to me, the Dragon Lord!" Sure enough, in response to Lu Tianlan's guess, the Dragon Lord really ordered his guards to go directly and destroy the Zui family.

It would definitely be a disaster for such a family to stay on the Marrow Dragon Continent, and it would be a huge disaster!

Now that it is immortal, can it still be kept to celebrate the New Year?

The guard was stunned when he heard his order.

"Destroy... destroy the Zui family?"

Even if someone from the Zui family frequently goes to Qianhuan Continent, that cannot be used as an excuse to destroy the Zui family.

That is a big family. Although it is not the top class in the Marrow Dragon Continent, it has a population of tens of thousands, right? Just say it will be destroyed?

"Didn't you hear this Dragon Master's order? Why don't you go quickly and wait for this Dragon Master to tell others to go?"

When the dragon master saw that he didn't go, he drank at him again.

The guard was startled and did not dare to hesitate any longer, so he turned and left.

They are just a drunken family. If they are destroyed, then destroy them. Who made them offend the Dragon Lord? As long as it is the Dragon Lord's order, the guards of the Dragon Palace must carry out it.

The Zui family was completely destroyed, and no one was left. From then on, there was no one named Zui in the Marrow Dragon Continent.

When those people who escaped from Qianhuan Continent saw the empty Zuijia, they were all confused. They didn't know what was going on. Why was there no one in the Zuijia that was so bustling in the past?

Of course, no one cared about what they thought, and Zuijia simply disappeared.

...

In Sky City, everything is slowly getting on track.

The six former elders left Sky City and did not know where they went. Of course, Elder Yan and Elder Zhu knew about it because they had sent people to follow them.

And Lu Tianlan, naturally he would not let those careless people continue to cause trouble, so he also sent people to follow him.

"Nuo'er, little Nuo'er, look over here, over here. Mom will give it to you when you come over."

Lin Caisang held a bunch of red candied haws in her hand, looked at her son who had just learned to walk, and promised that as soon as his son came to her, she would give him the candied haws in her hand.

When my son could walk, he finally had a famous name, Lu Yannuo.

But there is no way. The little baby who has been deceived N times said that he is already a big baby. Even though he can't speak yet, he is already very familiar with his mother's routines.

Therefore, when he was about to walk in front of his mother, his little feet swayed and he almost fell down.

Lin Caisang was startled, and she quickly stepped forward to help her. Then, she felt that the candied haws in her hand had been pulled by her son, and she stuffed it into her mouth desperately.

Lin Caisang: "..."

This damn cute little son.

She picked up the little guy and kissed him directly on his tender face.

"You are such a cute little guy. Mother is really reluctant to leave you here! How about we go home to see my great-grandmother together? Can your father stay here?"

Sui Zimo on the side: "..."

Ladies, don't treat me like air. Your husband is still standing here.

"Take little Nuo'er back first, and let grandma see what he looks like." He spoke immediately and decisively, leaving a way for himself.

Chapter 3364 Do you have the right to refuse?

There is no other way. In order to prevent his wife from throwing him away, he can take his son with him. Anyway, Lin Changhong and the others are there to support him in Sky City, so nothing will happen.

"Look, your father is even afraid of you."

When Lin Caisang heard her husband's words, she smiled and said to her son.

"Let me hold him, this kid is too heavy." Sui Zimo took the little guy from her hand and threw it directly to Ban Jue behind him.

"Exiled Jue, hold on, don't let him eat the candied haws. He knows how to eat candies at such a young age, but he will be able to eat them when he grows up!"

Banishment: "..."

Master, this is what you said, will you come and hold me?

Why did he feel so pitiful for the young master of his family? He was so young, yet he was despised by his own father and wouldn't even give him any candy.

But when he lowered his head and looked at the little young master in his arms, he saw that the little guy's big eyes were widened and he wanted to rush towards his new father's arms.

Come on, your biological father is your biological father after all. No matter how much you are bullied, you are still willing to be held by your biological father.

"Young Master, will my subordinate take you out to play?" He asked the little guy in a negotiable tone.

Lu Yannuo blinked his lovely eyes, not knowing what Ban Jue was talking about.

If he could, he would definitely say, it's up to you anyway. What can I do? I can't just take me wherever you want.

Do I have the right to refuse?

Ban Jue said: Of course not!

"How are things going over there?" After Ban Jue left with the little guy, Lin Caisang asked the man next to him.

"That's it."

Sui Zimo nodded towards her.

The former six elders didn't make much noise, but after he became the Young City Lord, the Ding family created a lot of trouble for him.

Jin Cuiniang, in particular, is truly a centipede, dead but not stiff.

She probably felt that with her daughter by Son'er's side, even if it was for Ding Rong's sake, the City Lord's Mansion would not attack the Jin family, right?

So the people of the Jin family have been jumping up and down before. Of course, they are not the real Jin family, but some side branches used by Jin Cuiniang, running around outside under the banner of being well connected with the city lord's palace.

As for Mrs. Jin and the head of the Jin family, when they learned about Jin Cuiniang's hard work, they had already packed up their things and left Sky City far away to live their own happy lives.

It was rare for the mother and son to see clearly and be able to proactively make the right choice.

Now that the entire Jin family was being destroyed, he didn't think about what to do to Mrs. Jin and the head of the Jin family, so he just let them go.

It's just Jin Cuiniang, this woman can't be forgiven anymore, but she is the one who failed to live up to her expectations. Before he did anything to her, she couldn't stay in the Ding family any longer, and she actually ran away with her husband.

In the end, he died directly in the hands of that man, which he must have brought on himself.

Lin Caisang got the news before and gave Ding Rong a few days' leave so that she could go back to see her mother off. This was considered as fulfilling her filial duty as a child.

"Now all that's left is to hand over the affairs of the City Lord's Mansion to my father again, right?" Lin Caisang asked.

"Um."

Sui Zimo responded.

"I have already ordered you to go down, and we will set off back tomorrow."

"So soon? Father hasn't come back yet. Wouldn't it be good for us to go back so soon?" Lin Caisang raised an eyebrow.

Chapter 3365 Why not stop it?

"You do not understand.

Sui Zimo gave her a meaningful look and said.

If they wait until his father comes back, can they still go back as they wish? I'm afraid they'll get caught up in this or that thing again, so it's better to catch them off guard.

"Everything is ready, it's time to go back and take a look."

"Oh well."

Lin Caisang didn't say anything else.

Whatever her husband says is whatever she wants. As long as she can take her baby with her, she doesn't care about the rest!

...

"Go...go?"

A few days later, when Lu Tianlan hurried back from Beimingzhiyuan, he heard his wife telling him that his son and daughter-in-law were gone.

"It doesn't matter if you leave. Where is little Nuo'er? Is he at his grandmother's house?"

The son is unreliable, but fortunately he has a grandson. If he has been raised by his side for more than ten or twenty years, he will be able to take up his position. When the time comes, he will take his wife and go all over the continent to see the scenery.

"what are you thinking?"

The city lord's wife glared at him angrily.

"Have you ever seen such a young child leave his parents? Of course little Nuo'er went back with Zimo and Sangsang."

she said.

"What?!"

Hearing this, Lu Tianlan opened his mouth and couldn't close it.

It's okay if his son leaves, why don't he even leave his precious grandson behind? That is the heir to his sky city!

"Madam, why didn't you stop me?"

He looked at his wife with some complaints. If he had known it, he would have come back from the Northern Abyss earlier, and he wouldn't have caught none.

"Let's just leave. Why should I stop him?" The city lord's wife looked at her husband-in-law innocently and asked him.

"Zimo and Sang Sang are the same wherever they go. This is always their home. Besides, don't you think it would be better for little Nuo'er to be raised by Sang Sang's side than by us?"

In the sky city, people and snakes are mixed together, and a child may be raised crookedly if he is not careful.

Although she didn't think there was anything wrong with raising a child by herself, there might be something unexpected and she had to guard against it.

On the other hand, Zimo and Sang Sang, the two children themselves are of good quality, and the children they raise will definitely not be bad either. Little Nuo'er will naturally follow his parents, isn't that good?

"Tianlan, the City Lord's Mansion... is indeed not a good place."

"this....."

Lu Tianlan was a little embarrassed by what his wife said.

But he also knew that Little Nuoer really made him uneasy in the city lord's mansion.

After all, when Zimo was in the city lord's palace, there were so many guards and maids surrounding his little baby, but Lu Tianfeng took them away.

Who knows besides Lu Tianfeng, there are other people with evil thoughts in this city lord's mansion?

"Forget it, forget it, everyone has left. It's useless to say anything. Let's go see them more when we have time in the future." He shook his head. The matter was over, and there was no point saying anything else.

...

Outside Baiyun Mountain, in a small village.

Coming to this place again, Lin Caisang was really emotional.

It wasn't because she had already been to Qianhuan Continent, but as soon as she arrived here, she saw the person she least wanted to see - Lin Caihe.

"You...you save me...save me...otherwise...I will never let you go even if I'm a ghost!"

Once upon a time, Lin Caihe, when he saw Lin Caisang, it was as if he had seen the most vicious thing, and he wanted to go forward and strangle him to death.

Chapter 3366 I really know I was wrong

But now, she has suffered so much in this place, even if she sees Lin Caisang, the only thought in her heart at the moment is to let Lin Caisang take her out.

She never wanted to suffer in this place again.

"Brother Zimo, Brother Zimo, ask Lin Caisang to save me and save me. I will repay you in the future."

She now understands that in Sui Zimo's eyes, Lin Caisang is the only one. Only if Lin Caisang agrees to save her will Sui Zimo save her.

As for the future, I will wait until later.

"Sister Sangsang, I will never miss Brother Mo again. I know he is yours. Please save me. I really don't want to stay here anymore. That man beats me every day. If this continues, I will be beaten to death by him!

Please save me. For the sake of my parents, take me away. I will never go against you again.

As long as she could leave this place, she could do anything. That man was simply not a human being, and he didn't treat her as a human being. She didn't know how she lived for so many days and nights.

"Ah."

Lin Caisang looked at Lin Caihe like this and sneered.

On the surface, he looks pitiful, but can those eyes deceive others?

The viciousness imprinted in her bones had already been transmitted to her heart through those eyes. If such a person let her return to Yacun, God knows what she would do.

"So, Lin Caihe, you realized you were wrong because you didn't want to be beaten by that man again, right?" She asked quietly.

"I....."

Lin Caihe was stunned by her words.

Unexpectedly, Lin Caisang, a bitch, was still unwilling to save her. This woman was indeed a bitch, and she was also the most vicious.

He was her cousin. At that time, he watched her suffer here, but he did not take her to Qianhuan Continent to enjoy happiness.

Now she was just begging Lin Caisang to take her back to Yacun, but she didn't agree.

She really wanted to scold Lin Caisang, and scold Lin Caisang bloody!

But it's not allowed now. If she falls out with Lin Caisang, a bitch, Sui Zimo will definitely not spare her, and she will have to continue to be tortured here.

She has endured enough in this hellish place, how could she still want to stay here?

"Sister Sangsang, I really know that I was wrong. I will never go against you again. Please, please save me. I am your cousin. We grew up together, didn't we?"

Please take me back for the sake of us growing up together.

I've been waiting here for so long before you come here. Sister Sangsang, please don't give up on me. I won't pester Brother Zimo anymore. As long as there is a place for me to live now, That's it.

I don't ask for anything else, Sister Sangsang. My parents definitely don't want me to suffer in this place, Sister Sangsang. "

She said so much, but one thing was true. Although she couldn't escape from this place, she came to the village entrance every day and waited, waiting for Lin Caisang to come back.

Therefore, she said that she would never let go of this opportunity and must leave this hellish place.

"Lin Caihe, you are really worse than Liu Yushui!"

Lin Caisang shook his head and looked at the duplicitous woman in front of him. Did he really think she was stupid?

Chapter 3367 The child in his arms

Can't you even tell whether Lin Caihe is truly repentant or just wants to leave this place and start over again?

At least Liu Yushui sincerely repented and lived her own happy life after getting married.

But what about this one in front of you?

At this stage, he was still making small calculations in his heart, and the eyes looking at her were all calculations.

"Liu...Liu Yushui?"

Lin Caihe didn't know why Lin Caisang mentioned Liu Yushui, and his weathered face suddenly twisted together.

Why do you say she is inferior to that bitch Liu Yushui? How can that bitch compare with her?

"No, Sister Sang Sang, I am different from Liu Yushui. I already know that I was wrong. I will change it. I really will change it. I will always stay by my parents' side in the future and will never give anything to my parents again. You and Brother Zimo are causing trouble. Sister Sangsang, please take me away.

She originally wanted to scold Liu Yushui to vent her anger. After all, at that time, if it weren't for Liu Yushui, she would not have been locked up in the woodshed by her family.

Her parents would not want to marry her to a man with a broken hand and a disfigured face.

It was all Liu Yushui's fault. It was that bitch who betrayed her, so she had no choice but to steal things from home and run out.

In the end, I was deceived and sold to this hellish place.

What's more, even though she had been discovered by Lin Caisang, she still didn't save herself. The woman in front of her was simply more vicious than Liu Yushui!

But he can't show it now. Even if Lin Caisang is really that vicious, only she can take him out of this ghost place now.

"Sister Sangsang, we grew up together. Please help me get out, okay?"

"hehe."

Lin Caisang sneered again.

To make her believe that Lin Caihe has gotten better, the only way is for the sun to come out in the west.

But there is no use saying this now. When she returned from Qianhuan Continent this time, she originally planned to take Lin Caihe back with her.

If Lin Caihe is still so restless when she returns to Yacun, then she doesn't mind being a villain again and just makes her disappear!

"Lin Caihe, I really look forward to what kind of life you will have after you return to Yacun."

"hiss!"

Hearing her words, Lin Caihe gasped.

Suddenly, she had a very bad feeling. This bitch, Lin Caisang, would not let her have a good life. Even if she had her parents to protect her, she would not be able to defeat Lin Caisang.

But even if you don't have a good life, it's still better than living here, right?

She couldn't stay in this place for a moment.

After a while, Lin Caihe was about to follow Lin Caisang and the others. However, not long after leaving the village, a man caught up with him.

Ban Jue and Ban Wu blocked him not far away, and did not dare to do anything to him, because in the man's arms, there was a child, who was crying.

"You bitch want to run away again? It's a good thing that I've been so kind to you these days. You bastard, I'm so blind!"

The man held the child in his arms and looked angrily at Lin Caihe who was huddled behind Lin Caisang.

Lin Caisang, however, ignored Lin Caihe and kept focusing on the child in the man's arms.

She naturally remembered this man. He was the man who bought Lin Caihe back, and he was also Lin Caihe's nominal husband. So the child in his arms was...Lin Caihe's? !

She turned around and reached out to lift Lin Caihe out.

Chapter 3368: Not born by you!

"You...what are you going to do?"

Lin Caihe was already frightened when she saw the man chasing him.

Now that Lin Caisang was being treated so rudely, his body was shaking so much that he almost fainted from fright.

She was really afraid, afraid that Lin Caisang would leave her here again and make her suffer in this hellish place, unable to escape no matter what.

"Lin...Lin Caisang, you promised to take me home. You...can't go back on it!"

"Lin Caihe, you are so good!"

Lin Caisang said this through gritted teeth.

"me....."

Lin Caihe was trembling, how could he dare to be stubborn with her? She didn't even know what Lin Caisang was referring to.

"I didn't do anything and I really knew it was wrong."

"Is this what you know is wrong? Lin Caihe!"

Ban Jue stood up from the side and looked at Lin Caihe coldly.

Even they could tell that the child held by the man in front of them belonged to Lin Caihe, but what about Lin Caihe?

When she saw the man holding her child, she didn't even look at it. There was nothing but fear on her face. Didn't she have any compassion for her child?

"Whose child is this? Don't tell us, he was not born to you!"

"No, it's not."

Lin Caihe shook his head instinctively and denied it.

Of course she couldn't admit it. If she did, she might be left here by Lin Caisang.

This man used to beat and scold her at every turn, and even wanted to ask other men in the village to bully her. She would always remember this, so how could she still want to stay here?

Children are nothing, she is still so young and can have many more children in the future.

This child is not only hers, but also that disgusting man's. She can't let this child stay with her, even...

If it weren't for the man's close attention, she wouldn't even want to give birth to this child!

"He is not my child, not mine. He was adopted by that man from outside. He has nothing to do with me."

Seeing everyone's distrustful expressions, she shook her head in denial again.

"You fucking fart!"

When the man heard Lin Caihe's words, he immediately became angry.

"You bitch, you don't even want your own child, right? Gouzi is your biological son, even if you want to run away, can't you run with Gouzi? You don't even care about your own son, you still don't People!"

It can be seen that the man loves his son very much. Even though he is full of anger at this moment, the two hands holding the child are not very strong, but are holding the child in his arms with skill.

Even when he was yelling at Lin Caihe, he lowered his voice for fear of disturbing the child in his arms.

It can also be seen from this that this child has always been taken care of by men. Lin Caihe did not fulfill her mother's duties and never took care of the child.

Otherwise, how could a man be so skilled in holding a child?

"Yes, I beat you before, but since I beat you and got pregnant with the dog, have I ever beaten you? You, on the other hand, tried to kill the dog while I was working outside several times. son.

Even if the dog is born, you want to strangle him to death, but even so, have I ever hit you? Instead of giving you delicious food, I am drinking porridge myself and I will go hunting for you to eat.

Chapter 3369: Own Child

You bitch, you really are... you really deserve to die! "

For the sake of the child, he could forgive the evil things this woman had done, as long as the child could have a mouthful of milk to drink.

But what about this woman?

If she wanted to run away, she might as well take her son with her, so as not to have her son stay with him and endure hardships and hardships with him in this village in the future.

"I'm telling you, you can leave if you want, but you must take the dog with you!"

He's already like this anyway, so it doesn't matter anymore, but the dog can't stay here forever and live a life without enough food and clothing.

He had noticed before that Lin Caihe's sister was from a wealthy family. If Gouzi could follow them, even if she was begging for food with them, it would be much better than being here with him. ㄇ

"Otherwise, even if I'm a ghost, I won't let you go! Don't even think about having a good life!"

Hearing the man's words, Lin Caihe shivered instinctively. If Lin Caisang hadn't been carrying her, she would have hidden behind Lin Caisang.

This man could do whatever he said. Every time he said he would hit her, he would never show mercy.

However, if she wants her to take the man's son with her, how is this possible? If she really takes him with her, how can she find a rich family to marry in the future?

Looking at Lin Caisang's clothes, I knew that she was no longer what she used to be. Even if she didn't catch up with Sui Zimo in the end, she could rely on Lin Caisang's strength to find someone who could keep her fed and clothed for the rest of her life. The sad person is getting married.

She didn't want to bring this man's child with her and cause trouble for herself.

Therefore, she turned her attention to Lin Caisang.

"Sister Sangsang, don't... don't believe him. This person is simply a lunatic. Who knows where he got the child from? He has to say it is mine. Sister Sangsang, this child is really not mine. It's true." no!"

She vehemently denied it. Anyway, she just didn't want this child to hinder her future.

In the future, she will marry into a wealthy family and become a young mistress!

"Hi, ho!"

Lin Caisang took a deep breath, exhaled heavily, and looked at the woman in front of him who was in denial.

Then the next moment, she threw Lin Caihe out, causing her to fall to the ground without noticing.

"I don't know. You can even deny your own children? That's right. Didn't you just steal the whole house and didn't care at all whether our whole family would starve to death if we didn't have anything to eat?" Well.

Even your unborn brother can be so vicious that you want to get rid of him, let alone a son you don't like, right? "

"me....."

Lin Caihe fell to the ground and wanted to deny these words, but couldn't find a reason to deny it.

"It's really not my child, not really."

Although she knew that she had been exposed and Lin Caisang already knew that the child in the man's arms was hers, she still didn't want to admit it.

If she admits it, maybe Lin Caisang will keep her here.

After hearing her words, Lin Caisang raised his hand and stroked his forehead, feeling a little pain in his head.

If such a woman were to be brought back, there would be a lot of trouble in the family. Not to mention that my own little Nuo'er was still young, and my third aunt's two young sons were both still young, but He couldn't stand Lin Caihe's torture.

"Zimo..."

She looked at Sui Zimo, wanting to ask what he meant.

Chapter 3370 Not intentional

But before she could ask anything, Sui Zimo had already spoken.

"Since they all have children, they are a family. Let's go back together and choose a good and auspicious day to get married." Sui Zimo directly decided the words.

"no, do not want!"

Lin Caihe was really panicked and yelled miserably at Sui Zimo.

She finally managed to escape from this place, how could she bring this man to her side again?

She wants to live a good life in the future. This man is ugly, old, and good for nothing. If she is left with such a man, what kind of good life can she live?

"It can't be like this, it can't be done, brother Zimo, it was my fault before, I shouldn't have been wishful thinking about you, but I already know it was wrong, you can't do this to me, you can't take him back.

If he leaves with us, my life will be over, do you know? "

"Your whole life has been over since you left Yacun." Sui Zimo said to her coldly.

I want to leave the home that protects her and run out to cause chaos. Is there anyone who can do anything about it? She has to bear all the consequences herself, and she still points others to follow her behind her every day to protect her?

Let's see if she has that ability!

"I....."

Lin Caihe opened his mouth and looked at Sui Zimo with resentment.

She clearly remembered that Sui Zimo was not like this in the past. He would not treat her badly, and he would not even say a harsh word.

Every time she comes to Lin's house, she will be brought a lot of delicious food.

Since when did Sui Zimo become like this? She remembered that it started when Lin Caisang became more beautiful.

It's Lin Caisang again. It's all because of her that Sui Zimo changed his mind after meeting and treated her badly!

But, she didn't dare to say anything now, and she didn't dare to be dissatisfied with Lin Caisang's mission, otherwise, she would have to stay here and live with this disgusting man for the rest of her life!

"I was still young before. I really didn't mean it. Brother Zimo, please, don't take him away with you. I have nothing to do with him!"

"you--"

When the man heard what she said, he was so angry that he wanted to yell at her again.

But the child in his arms woke up at this time and began to cry.

"Oh, don't cry. Dad wants you, and he will always be with you. Be good, dog. If you have a bite to eat from daddy, you won't be hungry. Oh, oh, be good, baby, don't cry. "

He rocked his body, using himself as a cradle, while gently coaxing the child.

"I'll make a can of milk powder for the child first."

Lin Caisang couldn't stand it any longer. One look and she knew that the child was hungry. It was obvious that Lin Caisang refused to even feed her own child. She really wanted to kill such a mother-in-law with one palm. .

But in the end, she soaked the milk powder for Coyotito first. As soon as the milk powder came to his mouth, the little guy stopped crying, opened his two big eyes, and started drinking the milk powder.

"Exiled Jue, take them with you."

After the child finished drinking the milk powder and fell asleep again, she gave instructions to Ban Jue.

"Can't!"

Lin Caihe yelled at Lin Caisang without even thinking about it.

How could they leave with her? What would she do in the future? Should she still be allowed to live with this man?

No, she doesn't want it, she wants to marry a rich man and become a young mistress!
