

Star of Space 3371

Chapter 3371 You can throw away your own son

"What right do you have to say no?"

Lin Caisang glanced at Lin Caihe with cold eyes. He really thought that he had to take her back, didn't he?

"Lin Caihe, I give you two choices. The first one is for you three to go back together. The second one is for us to take him and your children back, while you stay here and continue to suffer. How about that? Which one do you want to choose?"

"I....."

Lin Caihe was frightened by her words.

She didn't want to choose either of these, but she had no right to choose at all, because the initiative was in Lin Caisang's hands, and her life and death were in Lin Caisang's hands.

"No, you can't!"

Lin Caihe instinctively refused, how could she stay here.

It was impossible for her to survive alone in this place. Without this man, she would have died in this place long ago.

"Sister Sangsang, you can't leave me, no, you are my cousin!"

"Then this child is still your biological son. Have you ever thought about letting him go with you?" Lin Caisang asked her bitterly.

If this man hadn't caught up with her, she wouldn't have thought that Lin Caihe also had a milky smell on her body, which was the special smell that only comes from feeding children.

And this woman is so cruel that she even wants to leave her child behind and go alone? !

"It's okay to throw away a biological son, let alone just a cousin. Don't you think so?"

"Well.

Lin Caihe choked on her words.

Yes, that was her biological son, but so what, that was just a son she didn't want, and she hated this son!

But no matter how much she hated them, in the end, Lin Caisang took the man and the child back to Yacun together.

...

Yacun.

When Lin Laogan and Lin Baiyi saw Lin Caihe, they were stunned.

"father....."

The moment he saw his father, all the grievances he felt from being bullied by Lin Caisang suddenly burst out.

Her eyes were red, and she wanted to tell Lin Baiyi her grievances and sue Lin Caisang properly!

However, before she could even say a thousand words in her belly, she saw her own father's face, which quickly turned cold and waved his hand at her.

"Get out of here, I don't have a daughter like you!"

"father!"

Lin Caihe never expected that her father would react like this when he saw his daughter coming back from all the hardships.

"Dad, do you know how much I have suffered outside? How can you deny me? I am your daughter, I am Lin Caihe, look at me!"

I...I really suffered a lot outside. After I left home, I was deceived. Finally, I was sold to a small village and forced to marry an old man.

Dad, you have to make the decision for me, I..."

"You asked for it!"

Lin Baiyi interrupted her, showing no sympathy for her daughter at all.

He thought that when Lin Caihe came back, he would at least admit his mistake to them first, so that he could calm down.

But what did he hear? As soon as she came back, she complained to him. Was it him, the father, who allowed her to steal all the belongings at home and then go out and be deceived?

It seems that this daughter will never be able to change her life, that's all.

"Sang Sang shouldn't have brought you back. You should have been left outside to suffer for the rest of your life!"

Chapter 3372 I'll hit you lightly!

"Dad, you..."

When Lin Caihe heard her father's words, she looked at him with wide eyes and disbelief.

Is this still her biological father? Why would she say such things to her biological daughter? Is she so inferior to Lin Caisang?

"Dad, do you think that my daughter is the same just because you have two younger brothers?" She looked at Lin Baiyi in panic.

If even her father doesn't make the decision for her, then won't she really have to live with that man for the rest of her life?

No, no, no matter what, she wants to marry a better man!

A crazy thought flashed through her mind. Would it be that if her mother's two younger brothers were gone, they would like her daughter again?

When she came back with Lin Caisang and the others, she learned that her mother had given birth to two more brothers. Grandpa and Grandma were very happy about this, and they also loved these two brothers very much.

Therefore, her father must have treated her this way because of these two younger brothers.

"I knew, I knew, those two bastards shouldn't have been kept, I should have killed them in the first place!"

With scarlet eyes, she murmured to herself, thinking that no one could hear her, but she didn't know that several people around her had listened to her words.

The man holding the child gasped when he heard her murmur and looked down at the child in his arms.

I muttered in my heart, not bad!

Fortunately, he was watching carefully, otherwise with this woman's vicious temper, would his son still be here?

Lin Baiyi, with a livid face, raised his hand and slapped Lin Caihe in the face. He really wished he had never given birth to this daughter!

"Get out of here, I don't have a daughter as vicious as you!"

He trembled, pointed outside the courtyard door, and shouted at Lin Caihe.

"Dad, you hit me?!"

Lin Caihe covered her face and couldn't believe it.

From this, she became more certain that the reason why her father disliked her so much was because there were more and more children in the family, and he had shifted all his attention to those two bastards.

"I'll hit you lightly!"

Lin Laogan was so angry that he knocked on the bamboo stick in his hand.

"Lin Caihe, Lin Caihe, how can you be so vicious, that is your biological brother, you can even think of killing them? There is no way for someone like you to come back to our house, even if you tell me!

You have been expelled from the family tree a long time ago. Our Lin family does not have a girl named Lin Caihe. You can leave, you are not welcome in our family! "

"Grandpa, you..."

Lin Caihe didn't expect that her grandfather, who had always been friendly with her at home, would ask her to leave?

But why should she leave here?

Looking up, he looked at the brand new yard, then at the flocks of old hens in the yard, and then thought about the desolate mountain, there must be more good things.

Finally, she thought about the place where she had lived all these years. It was not a place where people lived at all.

No, she can't leave, she wants to stay and enjoy her happiness.

"Why should I leave? Isn't this my home? I want to stay and live in my original room and let Lin Caiqing move out. I..."

She also knew that after she left, Lin Caiqing must have lived alone in the original room. She would just stay in that room from now on.

However, before she finished speaking, she was interrupted by Lin Baiyi.

Chapter 3373 I will kill you!

"roll!"

Just one simple word contained infinite anger.

"father!"

"Grandpa, daddy, my brother and I are back. We arrested...scare!"

Just as Lin Caihe was staring at his father angrily, he heard a strange voice coming from outside the yard.

Two little guys, Lin Changsong and Lin Changbai, were coming in from the outside carrying a small wooden bucket. Before they could finish their happy words, they saw a stranger in the yard.

Especially the older woman, who was staring at him and his brother with vicious eyes.

The two of them were so frightened that their hands shook, and the small wooden bucket fell to the ground and turned sideways. Many loaches swam out of it, twisting around their feet.

"Grandpa, daddy, they..."

"Changsong, Changcypress, they are..."

"It's you two bastards who caused me to be scolded and beaten by my father. I'll kill you!" Lin Caihe looked at the two little children who had been raised to be fat and white, and was furious.

He lost his sense and rushed towards the two of them while yelling and cursing, intending to kill them directly.

However, before she could get close to the two of them, she was pushed by Lin Changyi, who had just come in from outside the courtyard gate, and was pushed directly to the ground.

"You dare to hurt my brother and seek death?"

He didn't see the person clearly, nor did he hear Lin Caihe's words clearly. He just saw that Lin Caihe wanted to hurt Lin Changsong and Lin Changbai, so he made his original reaction.

The spiritual power that Lin Caisang and Sui Zimo had gathered in their hands suddenly dissipated.

Of course they have the ability to stop it, but they also want Third Uncle and his family to see Lin Caihe's true face clearly, and not to put other children in danger for such a person in the future.

Therefore, they did not stop Lin Caihe from speaking like that just now, but it did not mean that Lin Caihe could hurt anyone in this yard.

The man holding the child was also frightened by Lin Caihe's action.

If he hadn't been holding a child in his arms, he would have rushed to save people. In fact, he also moved a little, but not as fast as Lin Changyi.

Lin Caihe was pushed to the ground by Lin Changyi. His body was covered with chicken manure and his hands were broken.

She sat on the ground and looked at Lin Changyi who was holding the two little things in her arms with scarlet eyes.

"Lin Changyi, you white-eyed wolf, I am your biological sister, how dare you push me, aren't you afraid of being struck by lightning? You idiot, a waste!"

"you....."

Lin Changyi opened his mouth, but for a moment he didn't understand. When did he get such a sister?

After a while, he realized what was happening and looked at Lin Caihe with narrowed eyes.

"Are you Lin Caihe?!"

"Yes, I am Lin Caihe, your biological sister. How dare you push me? I..."

"Lin Caihe, do you still have the nerve to come back?" Lin Changyi interrupted her and asked her.

If it hadn't been for Lin Caihe rushing over and reaching out to strangle Lin Changsong's neck, maybe he would have been a little nicer to Lin Caihe.

But now...

"Grandpa, dad, if you want to keep her at home, then I will leave and never come back!" Looking up, he looked at his biological father with a dark face and threatened.

"There are also Changsong and Changbai, I will take them away too, so as not to stay at home and be killed by this woman!"

What he said was not unreasonable. Just now, Lin Caihe's hands were almost pinching Chang Song's neck.

Chapter 3374 There is no such sister!

Why is this woman so vicious? She stole everything from the house, and now she comes back and wants to harm his two younger brothers.

Sure enough, this kind of woman is just as vicious as Liu Baixiao!

"Changyi, your sister..."

"She is not my sister. I don't have such a sister!" Lin Changyi refuted Lin Baiyi's words.

What is the use of such a eldest sister? Is she going to use it to harm her two younger brothers? Even if she can harm her own brother, there is nothing she can't do.

"Changyi, she won't stay here." Finally, Lin Caisang spoke up.

"Sister Sangsang?"

Hearing the sound, Lin Changyi discovered Lin Caisang.

Don't blame him, he was really frightened just now. Who would have thought that a woman would suddenly rush out and want to strangle his brothers to death.

He has had a particularly good relationship with his two younger brothers since he was a child. They have played with him since they could walk. When they were a little older, he would take his two younger brothers to catch loaches in the ditch together.

Therefore, whoever wants to hurt his two younger brothers, he will not make it easy for them.

"Sister Sangsang, you are back."

He was very excited to see Lin Caisang. He pulled his two younger brothers and walked to Lin Caisang's side.

"Changsong, Changbai, do you remember Sister Sangsang? Call someone quickly."

"Sister Sangsang.

"Sister Sangsang."

The two little guys suddenly saw so many strangers, and they seemed quite shy. After calling Sister Sangsang, they hid behind Lin Changyi, their faces red, and Lin Cai was taken aback. San was amused.

"good."

Lin Caisang reached out and rubbed Lin Changyi's head.

"You've grown so tall, you're an adult now."

"No, I've grown up."

Lin Changyi nodded and said proudly.

But he hadn't forgotten what happened just now. He glanced at Lin Caihe, and then looked at Lin Caisang.

"Sister Sangsang, you said she... won't stay, is that true?"

"Yes, she won't stay."

Lin Caisang nodded his head vigorously and turned to look at the man holding the child.

"Your sister is already married and has her own home, so naturally she won't live here."

"scare!"

This time, it was the man who was frightened.

"No, no, no!"

He quickly shook his head and looked at Lin Caisang in horror.

"I don't want to live with her. This woman is too scary. She wanted to strangle my child to death before. If I really live with her, she will kill the child!"

He used to think that this woman might treat her son like this because she hated him, hated him for buying her, and often beating her, causing her to suffer a lot.

So he endured it, thinking that she was his son's biological mother after all, and that might change in the future.

However, it was not until this moment when he saw that this woman even wanted to kill his own brother that he realized that this woman was so vicious in her own right, and it had nothing to do with her.

He followed them here because he wanted to live a better life.

And he also believes that he has this ability. Let's not talk about farming and so on. He doesn't know it, but he can learn it. The key is that he can also hunt.

He has the confidence that as long as he is given a chance, he can live a good life.

But the prerequisite is that his son can grow up safely, and working hard for his child is his goal.

Chapter 3375 I don't want her anymore

If his son is gone, what's the use of living a good life? He might as well go back to that place and continue to live his hard life. 6

"You don't want her anymore?"

Hearing the man's words, not to mention everyone else, even Lin Caisang was extremely surprised.

This person was Lin Caihe who spent money to buy her, but that's not incomprehensible. Looking at Lin Caihe like this, he was so selfish that he didn't care about anyone but himself.

She's just like this, no other man would want her.

Especially this woman, she thinks so self-righteously that she is such an amazing person that all the men in the world have to hang around her.

"No, no, I don't want it anymore. I don't want it anymore." The man shook his head repeatedly.

For such a terrible woman, wouldn't he be seeking death for himself and his son?

Who knew that this woman would stab herself one night while she was sleeping? I guess she doesn't even think that murder is illegal, right?

"I...I have money. The money you gave me last time has not been used yet. I can buy...buy land and build a house by myself. I...I...I don't want her anymore. I will give it back to you."

For him now, whoever wants a woman like Lin Caihe will be in trouble. He doesn't want to cause trouble for himself.

"you--"

When Lin Caihe listened to the man's words, a bad breath got stuck in his throat, and he almost spit out a mouthful of blood.

She naturally despises such an ugly man, but she can despise this man. Why should such an ugly man despise her?

"You piece of shit, I'm your wife, how dare you say that!"

"I just spent money to buy you, and I didn't marry you. Now that I don't want you anymore, why don't I give you away?" The man looked at Lin Caihe and retorted.

Anyway, he was determined not to want Lin Caihe to live with him, and his dog still wanted to live.

"you--"

"You are such a cruel woman, you can even kill your own son, and you have been seen by me several times. In the past, I thought it was because I bought you, and I still let you."

Lin Caihe wanted to speak, but the man didn't give her a chance to speak.

"But you have gone home now, and you even want to harm your own brother. It shows that you are a cold-blooded person. Whoever lives with you will be unlucky.

If I make you unhappy one day, you might not see the sun the next day. I want you. Why do I want you to come? Are you here to harm me and Gouzi?

I don't care, but the dog is still young, and he is still your biological son. I have to raise him up. "

"you--"

Lin Caihe stared at him, not knowing how to reply.

What she found disgusting the most was that little thing, which caused her to suffer so much, especially when she gave birth to that little thing, which was difficult to give birth to and almost died.

It's strange that she would like this guy!

"That little bitch deserves to die. If it weren't for him, I would have been back!"

She said viciously to the man.

Originally, she had a chance to escape at that time, but when she was halfway away, her stomach hurt and she couldn't run anymore, so she was captured by this man again.

So she hated that little thing. If she hadn't known about him, she would have found a rich family to marry. How could she ask for help from Lin Caisang like she is now?

Chapter 3376 Your granddaughter

"Lin Caihe!"

Lin Baiyi shouted angrily when he heard her words.

He finally understood that the man holding the child was Lin Caihe's current husband-in-law, right?

The child in the man's arms was Lin Caihe's biological son, but Lin Caihe wanted to kill the child, more than once!

"How come we, the Lin family, have a vicious woman like you?" Lin Changyi looked at Lin Caihe with cold eyes and cursed.

Even her own son can be killed, which shows that Lin Caihe is hopeless, what else can she expect from her.

"Dad, anyway, I told you, there is her in this family without me, there is me without her!" Turning his head, he looked at Lin Baiyi and said to him word by word.

Just like that man said, let Lin Caihe live at home. Who knows who will not pay attention when talking in the future, accidentally offend her, and not see the sun the next day?

This is definitely something Lin Caihe would do. It can be seen from the fact that she wants to strangle Changsong and Changbai to death in front of her grandfather and father.

"call!"

Lin Baiyi also exhaled heavily.

"Dad, what do you think we should do about this?"

"Do you really want to see what I mean?"

Lin Laogong looked at his son and asked him.

"Yes, I'll do whatever you say. Lin Baiyi nodded.

After listening to the two people's words, Lin Caihe's eyes lit up and he looked at Lin Laogong.

You must know that the most soft-hearted person in the family is grandpa. He must have been too angry when he scolded her just now. As long as she said a few soft words, she believed that grandpa would definitely forgive her and keep her.

"Grandpa, I know I was wrong..."

Just when she was thinking beautifully that Lin Laojie would stay with her and wanted to lower her head and admit her mistake for the time being, she saw Lin Laojie turn his head and look at Lin Caisang.

"Zimo, Sang Sang, I leave this person to you. As long as she doesn't die, you can send her anywhere." He said coldly.

The Lin family cannot afford this granddaughter, otherwise there will be endless problems in the future.

"Grandma!"

Lin Caihe's eyes widened, and the expression on his face was as painful as if his parents had died.

"Grandpa, I am your biological granddaughter!"

"snort!"

Lin Laogong snorted coldly at her.

Soon, Lin Caisang asked Ban Jue to take the people away. They had been traveling for several days, so naturally they would not let Ban Jue deal with Lin Caihe immediately.

What's more, even if grandpa really told her that, that's not how things were done. The family still had to sit together and talk about Lin Caihe's matter carefully.

...

After a while.

Lu Qiubo and Yang Lin were all called back, and even Liu Yushui, who was already married, was called back.

The whole room was full of people, standing and sitting, just waiting for the result to see where Lin Caihe would be taken.

"Third child, third child's daughter-in-law, it's not that we don't want to keep Caihe, it's actually that child who is already a scourge. If she stays at home, she won't be able to live in peace!"

Lin Laogong looked at his son and daughter-in-law and said helplessly to them.

As long as Lin Caihe didn't act so radically and didn't attack his two brothers as soon as he entered the house, he wouldn't really make such a choice.

But just now he saw and heard it.

Not only did Lin Caihe want to kill his two younger brothers, he even wanted to kill his own son.

Chapter 3377 I'm still afraid

Of course, even if Lin Liu Baixiao was wrong, he would always be kind to his son, and he would not do anything to Liu Qingshui. But Lin Caihe was really hopeless, even more hopeless than Liu Baixiao!

"Dad, I..."

Yang Lin wanted to open his mouth and say a nice word for his daughter.

Even if you don't keep her at home, you can buy her a house in the village and let her live alone, right?

But just as she was about to speak, her husband beside her held her wrist.

"Bai Yi, you..."

"Alin, didn't you see the way she looked at Changsong and Changbai just now? She wanted to eat them alive and wanted to strangle them to death.

Lin Baiyi thought back to the scene just now and was still scared.

This was still in front of their eyes, and Lin Caihe dared to do this. If it was somewhere where they couldn't see, he wouldn't know what sinister tricks he would use.

It's impossible for them to guard Changsong and Changbai all the time. Maybe let Changyi watch?

But Changyi has grown up, and he also has things he wants to do, right?

"Dad is right. If she really stays, can our family still live in peace?"

"I....."

Yang Lin opened his mouth, but it was filled with bitterness.

She couldn't understand that she had always been a kind person, and her husband Lin Baiyi was filial to his parents and loved his children.

How could a couple like them give birth to such a vicious, selfish daughter? What did they do wrong?

Is it really just because the two elders love Sangsang more?

No, that's not the case at all. It's her daughter who has been selfish since she was a child and only does things that are beneficial to herself. Sangsang is just an excuse for her to do evil.

"call!"

She exhaled heavily and looked at her two children playing outside the door.

"Forget it, Sang Sang, I'll trouble you about Cai He. Let's see if we can give her a place to go?" She looked at Lin Caisang and asked her.

"If third uncle and third aunt can trust me, I have a farm in the county where Caihe can go to work. There will be people watching her there who will not let her cause any trouble."

Lin Caisang thought for a while and said.

Of course, she wouldn't let Lin Caihe do anything important. She would always do simple laundry, fetching water, etc., right?

And there are people over there who will be watching her, and if she doesn't do well, she will also be punished.

She believed that in order to survive, Lin Caihe would not act recklessly.

"Okay, okay, thank you, Sangsang." Yang Lin looked at his niece and thanked her.

As long as people are still alive, it's okay. If you are afraid of this person, if he blindly seeks death, even God can't stand it, then life will be really difficult.

"And that man, Sangsang, do you really want him to stay in the village? Do you want him to go to the farm too?"

Liu Yushui, who had been silent until now, suddenly spoke.

After being called over just now, she also heard about what happened here. Lin Caihe wanted to kill his own son. He was already crazy!

Of course, she would not say this in front of her uncle and aunt.

Now Lin Caihe's whereabouts have been arranged, but there is another man. That is Lin Caihe's husband. Do you want him to stay in this village?

Which man is willing to live apart from his wife? Can that man be willing?

Chapter 3378 The fifth child

Of course, she didn't see that the man was selfish and afraid of the lunatic Lin Caihe. She thought that the man came back with Lin Caihe just to live with Lin Caisang.

"If he wants to stay, let him stay. Zimo and I will find him a similar house that is enough for the two of us. The rest is up to them."

Lin Caisang said.

If the man wants to stay, then let them stay. Let's first see if this person is good or bad.

"Stay here. After all, we are of the Lin family's blood. We can't suffer along with the adults." Lin Laogan sighed softly again and said.

Although the man didn't look like much, the child was still small after all, not to mention the man was really good to the child.

The little guy already has a biological mother who wants to kill him, so he has to leave a biological father who treats him well and protects him, right?

"call."

He also exhaled heavily.

"Old lady, don't we still have a shabby house at the east end of the village? Go and ask people if it's for sale. If so, buy it, repair it, and make do with it for them to live in."

"Okay, I'll ask later." Lu Qiubo agreed.

"Sang Sang, I'm going to trouble you about Cai He."

"Grandma, what are you talking about? There's no trouble. It's just a matter of words." Lin Caisang smiled and glanced at Sui Zimo.

"Why."

Lu Qiubo also sighed heavily.

It's not that she's afraid of troublesome her granddaughter, it's just that it doesn't sound good to talk about it.

Lin Caihe is Sang Sang's cousin. If she goes to Sang Sang's farm, who knows what trouble she will cause by relying on that relationship?

"Third brother, third brother's wife, you go back first. Changsong and Changbai were also frightened today. You have to comfort them and don't let anything happen at night."

She looked at Lin Baiyi and Yang Lin and ordered.

In their rural areas, children will have a lot of fever at night after being frightened, but be careful not to get scared.

"Mom, Alin and I know."

Lin Baiyi responded, knowing that her mother had an explanation for Sangsang, so she left with Yang Lin first.

After they left, Liu Yushui and Lin Ma also went back. The children at home were all at home, so they couldn't stay here forever. When they passed the yard, they saw the wolf invited by Menghuangshan guarding them and not daring to move. Lin Caihe.

At this moment, she was staring at Liu Yushui with vicious eyes.

He looked like he just wanted to bite off some meat from Liu Yushui's body to relieve his anger.

"Ignore her."

Lin Ma stopped looking at his wife-in-law, followed her gaze, and saw Lin Caihe.

He raised his hand, patted his wife's shoulder, and whispered to her.

"Um."

Liu Yushui turned to look at him and nodded her head lightly.

Now she could ignore the gossip of the women in the village. Anyway, she lived her own life, and she felt that it was enough to live a good life.

And she put one hand on her belly, where it was already slightly bulging.

This was her and Lin Da's child, the fifth child in their family. She had already thought about it, whether it was a boy or a girl, she would treat the five children equally, and there would be absolutely no deviation.

"let's go."

With Lin DaMa's careful support, the two of them prepared to leave.

Chapter 3379 Harming Others and Yourself

In fact, it doesn't have to be like this at all. She is still very young, so there is no need to be so cautious. But Lin Ma is so worried about her, and there is nothing she can do about it.

"Liu Yushui, stop!"

Seeing Liu Yushui about to leave, Lin Caihe roared angrily, raised his feet and was about to rush over.

"Ouch!"

Just when she was about to move her feet, she heard the howl of the wolf that had been staring at her. She was so frightened that she immediately stopped moving and huddled in the corner.

But she didn't want to let Liu Yushui go and looked at her hatefully.

"Liu Yushui, if it weren't for you, how could I be like this now? It's all because of you. You are doing well now, getting married with peace of mind and living your own life.

That man, look at how charming Liu Yushui is. She hooked up with Zhou Liang before they even got married, and they even have a child.

Isn't it disgusting for you to be with such a woman every day? "

While she was talking to Lin Ma, she looked at Liu Yushui. The expression on her face was one of pride, as if Lin Ma would slap Liu Yushui in the next moment.

"you--"

Liu Yushui was naturally angry when he heard what she said.

She opened her mouth to say something, but was stopped by Lin Ma. She turned her head and looked at the man patting her back.

"With a person like her, there's nothing to worry about. It's going to hurt your body." Lin Ma advised her.

Then, he turned to look at Lin Caihe, his tone was very calm.

"Yu Shui made many mistakes in the past, but she already knows her mistakes. Now we, as a couple, are living our own lives, very at ease, and we no longer think about how to harm others.

Unlike you, when you reach this stage now, you still don't know what you did wrong, and you have no intention of repenting at all. People like you are disgusting! "

He also wanted to give face to his third uncle and his third aunt, but this woman really deserved to be scolded. He and Yu Shui had just come here, and they hadn't even spoken to her. When they met, he wanted to instigate a relationship between them.

How could there be such a woman? Grandpa's decision just now was right. A woman like this can never stay at home.

If you really stay, you will harm others and yourself.

"you you....."

Lin Caihe didn't expect that the man would say that, and he was trembling with anger.

This was different from what she had imagined. After hearing what she said, shouldn't this man slap Liu Yushui hard in the face? Why would he say that again?

"Didn't you hear? Liu Yushui lost her innocence before she married you. What else do you want from such a woman? She should be divorced!"

She yelled at Lin Marijuana.

"enough!"

After Yang Lin came out just now, he took Lin Changsong and Lin Changbai back to his room.

Although she was inside, how could she not hear Lin Caihe's crazy roar? She really never imagined that her daughter would become like this.

Doesn't it mean that if she is not living a good life herself, then she has to let everyone else follow her and have a bad life?

Thinking of this, she rushed out of the room and roared at Lin Caihe.

"Lin Caihe, are you so unwilling to see other people's lives? How did Yu Shui offend you? Did he hurt you or something? Do you want to hurt her like this?"

"She has hurt me, she has hurt me!"

Lin Caihe jumped to his feet and shouted excitedly to Yang Lin.

Chapter 3380 I'll give you more food

"If it hadn't been for her, why would you have locked me up and asked me to marry a disfigured man? Isn't this all because of Liu Yushui?"

It's good now, she is living a good life and is pregnant with a child. Why would a woman like her have a child?

Liu Yushui, just wait. As long as I am here, you will not be able to live well, nor will the child in your belly be born. I will definitely kill him! "

"hiss!"

Listening to Lin Caihe's roar like a madman, Liu Yushui was frightened and took a step back.

Fortunately, Lin Ma stood beside her and supported her in time, otherwise, she would really fall back.

"Big...marijuana, she..."

"She's crazy, don't worry about her, Sangsang will deal with her." Lin Ma reminded her.

There was no way Lin Caihe could stay in Yacun. She could rest assured. Since it was impossible for Lin Caihe to stay in Yacun, it was naturally impossible for him to reach out to them.

"you--"

Yang Lin was also frightened by her vicious eyes.

She thought of Lin Caihe's expression when he heard that she was pregnant with Changsong and Changbai, and she suddenly felt chills all over her body.

Suddenly, she realized that it was useless to talk to Lin Caihe, because she only had herself in her heart and never thought about others. As long as other people's words were detrimental to her, they were wrong.

So she stopped talking and turned to look at Lin Ma and Liu Yushui.

"Marijuana, Yu Shui, you still have children at home, go back first, don't worry, you won't see her after tomorrow, and she won't cause you any more trouble."

"Third Aunt, let's go back first."

Lin Ma said a polite word to Yang Lin, then helped Liu Yushui, who was still shaking slightly, and left.

Yang Lin, on the other hand, ignored Lin Caihe and wanted to go into the room to see her two young sons. They were really frightened just now. When they heard Lin Caihe's voice, they would tremble with fear and shrink into Chang Yi's arms. He refused to come out.

But before she could go back, she saw a man hurriedly coming in from outside the courtyard, carrying a lot of prey in his hand.

"Gu Man, why are you here?"

"Auntie, I heard that Brother Zimo and Sangsang are back. They caught some game and brought you some extra dishes." Yagu said with a smile on his face and weighed the game in his hands. Said to Yang Lin.

"Gu Man, you are interested. Since you are here, you can eat at home tonight instead of going back to cook." Yang Lin was not polite and directly took the prey from Ya Guman's hand and said to him.

"well."

Yaguman nodded repeatedly.

"Auntie, please be busy first. I'll go to Menghuang Mountain to help Qing'er work."

With that said, he turned around and left again.

"He...he is...Ya Guman?"

Lin Caihe was stunned as he looked at the man coming and going like the wind.

Didn't it mean that Yaguman had been disfigured? And she had seen it with her own eyes. That face was impossible to see.

But now, looking at the man who came in just now, there is no scar on his face, and he is extremely handsome. Compared to Zhou Liang before, he is even better.

If her mother hadn't called out, she wouldn't have recognized that the man was Yagu Man.

"Mom, I'm willing to get married. Didn't you and dad make an engagement for me? Now I'm willing to marry Yagu Man." She shouted to Yang Lin without thinking.
