Chapter 3381 Are you willing to marry?

Yang Lin: "..."

She turned around silently and looked at her daughter who looked like a madman.

Now that you see someone's good-looking family, are you willing to marry? Or was it because he saw the prey in her hands and felt that he could eat meat every day that he was willing to marry?

What a pity. She raised her eyes lightly and looked at Lin Caihe.

"Are you willing to marry?"

"Yes, yes, I am willing to marry him." Lin Caihe felt hopeful when he saw his mother speaking to him, and nodded vigorously.

"Then why did you run away before?" Yang Lin continued to look at her and asked softly.

"Didn't I...didn't I hear that he was disfigured? If I had known before that he was not disfigured, how could I have run away?" Lin Caihe explained anxiously.

If she had known that Ya Guman was so handsome and that like Sui Zimo, she was an expert hunter, she would definitely not have run away.

"hehe."

Yang Lin sneered twice.

"You don't even know what you are like. You still want to marry Gu Man. That is Qing Yatou's fiancé, not yours!"

It was the first time she looked at her daughter with such disgust. Now that she thought about it, the girl Cai Qing had a good taste. She fell in love with Yagu Man at first sight, and the young couple was about to get married.

"What?!"

Lin Caihe's eyes widened when he heard Lin Caiqing's name.

"Why should Lin Caiqing? Yaguman is obviously the fiancé you have chosen for me. Lin Caiqing is my sister. Is there any biological sister who steals her own sister's fiancé? How shameless is she?"

she asked squeaking.

"Are you still shameless? Ah? Lin Caihe!" Yang Lin roared at her.

The most shameless person actually had the nerve to ask her why Caiqing was so shameless? Co-author: Except for herself, is it wrong for everyone to do something that makes her unhappy?

"Why are you so shameless? Yaguman is my fiancé!"

Lin Caihe didn't feel that she was wrong at all, and yelled at Yang Lin, now that she thinks Yaguman is full, he should be her man!

"No, you can't, mother, let Lin Caiqing come over. I'll tell her myself. I want to ask her, a little girl, why should she snatch her brother-in-law, my man, that's what I like? man!

She didn't learn well at such a young age, so she didn't want to lose her reputation, and she wasn't afraid of being drowned by spitting stars! "

"you....."

Yang Lin is really a scholar meeting a soldier now, and he can't explain why.

No matter, she would be taken away tomorrow anyway, and she didn't have to explain anything to Lin Caihe. How could a good young man like her, Ya Guman, be ruined by her?

"Forget it, why am I telling you this? Just stay here by yourself. If you dare to talk nonsense again, I will let a few wolves bite you to death!"

Although these words were used to threaten her, she was really so disappointed in her daughter that she didn't want to say a word to her anymore.

"laugh."

The man holding the child saw Yang Lin entering the room, looked at Lin Caihe, and sneered.

"If you like someone else, you have to see if they like you, right? Even I don't want someone like you!"

"you--"

After hearing his words, Lin Caihe felt a bad breath stuck in his throat and almost died of anger.

How is it now? This is her home, but does this man, who was able to come here because of her, dare to talk to her like this?

"You...ugh!"

Chapter 3382 She...is hopeless

She wanted to reply, but before she could say anything, she saw the wolf staring at her move. How dare she say anything.

"hehe."

The man smiled coldly at her.

This woman is really living like a street rat, to the point where everyone is shouting for her to be beaten.

For such a person, he really didn't understand what she had to be proud of. Did she still think that her family members were joking with her, but in fact they still loved her very much?

...

"Why."

In the main room, Lin Laogan listened to the sounds outside and sighed heavily again.

"Sangsang, listen, listen.

Lu Qiubo also shook his head vigorously, his face full of disappointment.

"You shouldn't have brought her back, she...is hopeless!"

It would be easier for them to let Sang Sang take the people away, but she was afraid that this would bring trouble to Sang Sang.

"It's unjustifiable if I don't bring it back."

Lin Caisang smiled, but he didn't think it would be much trouble to bring Lin Caisang back.

"I know that Third Aunt has been thinking about Lin Caihe all these years. If I don't bring her back, how can Third Aunt give up on her? So, it's better to bring her back and let Third Aunt take a look."

"Why!"

Lin Laogong sighed again.

"Sang Sang, don't spoil her, otherwise, she might do something by taking advantage of your influence."

He reminded his granddaughter that although Lin Caihe was also his granddaughter, with her temperament, he really couldn't dislike her, and the look in her eyes made his hair stand on end every time he thought about it.

"Don't worry, Grandpa, I won't do it." Lin Caisang nodded.

How could she possibly be spoiled by someone like Lin Caihe? If this woman was really spoiled once, what would happen? Have you done all the things like murder and arson?

No, even if none of them pampered her anymore, she would still want to kill people and set fire in front of them.

...

On Menghuang Mountain, Lin Caiqing had a lot to do.

Since Lin Caisang left, everything on Menghuang Mountain has been left to her alone.

Of course, she had Yagu Manlai to help her, and she also hired several long-term workers in the village, who came to work in Manghuang Mountain every day. Now she had prepared a dowry for herself.

"Brother Guman, why are you here?"

Just as he was about to stomp down the pigweed and cook it, the knife in his hand was snatched away by a big hand.

She looked up and saw Yaguman who was already beside her. She immediately gave him a big smile, then stood aside.

"I just went to your house. Brother Zimo and Sangsang came back, and..."

"Really?"

Lin Caiqing's eyes suddenly lit up when he heard the names of Lin Caisang and Sui Zimo.

"what else?"

"Lin Caihe."

Yaguman said the name calmly.

He really didn't like hearing the name Lin Caihe. Don't blame him for being cruel. He hoped that Lin Caihe would never return to Yacun.

I really never thought that Lin Caihe would come back so soon. Didn't she steal all the Lin family's things and run away, but she actually had the nerve to come back!

Especially just now, she heard Lin Caihe's hysterical roar there with her own ears.

How could she have such a big face and still think that as long as she hooked her finger, he would marry her? Who do you think his cliff valley is filled with?

"Lin...my sister is back?"

Lin Caiqing was almost frightened. Lin Caihe was back?

Chapter 3383 Extremely afraid that he will be killed

"She still has the nerve to come back. She didn't even leave us a grain of rice at first, but now she dares to come back?"

She didn't have any good impression of Lin Caihe. Of course he was so irresponsible and stole everything in the house and ran away.

Now you actually have the nerve to come back? What is she doing back?

"Then what do my grandpa and the others say to let her stay?" she asked carefully.

"No."

Yaguman shook his head.

"I heard Brother Ma means that grandpa and the others want Sangsang to get her away, and they won't let her stay in the village anyway."

The reason why he left so quickly just now was to chase Lin Ma and Liu Yushui. After all, he was not the son-in-law of the Lin family yet, so he couldn't ask about many things.

But it's still possible to ask Lin Cannabis about it.

"I heard from Brother Ma that she almost pinched Changsong, but Changsong pushed her away intentionally."

"What?!"

When Lin Caiqing heard this, he immediately jumped up.

"Is she crazy? She still dares to hurt Changsong. Is she sick?"

How could Lin Caihe, the elder sister of two such lovely children, Changsong and Changbai, think of hurting them?

Moreover, Lin Caihe had just come back, why would he want to hurt Changsong and the others?

"Brother Guman, is this true?"

She now doubted whether what Yaguman said was true.

Lin Caihe had done such a big mistake, and now he just came back. He didn't think about asking for forgiveness from his parents, but he wanted to hurt his family?

What did she think?

"it is true."

Yaguman nodded while cutting pigweed.

How could I say he was lucky? If Lin Caihe had not escaped, would he have married Lin Caihe?

Only after he got married did he find out that he was a lunatic, so he couldn't survive his life?

He even wants to kill his own son, this man is really hopeless.

"I'll go take a look... No, I don't want her anymore. I don't want to see her at all."

Lin Caiqing originally wanted to go home and have a look, but thinking that Yagu Mandu had come over, there must be nothing going on at home. There was no use for her to go there now. She might as well finish the work on the barren mountain first.

When she goes back, she will deal with that lunatic Lin Caihe!

...

Among the Lin family, Lin Laogan and Lu Qiubo quickly went to Uncle Jin's house and bought the abandoned house at the east end of the village.

Originally, the man wanted to pay for it himself, but he did not expect that buying a dilapidated house in this place would be so expensive. All the money he had on him was not enough.

He had no choice but to shamelessly accept the gift from the Lin family and let them buy the house for him first.

Early the next morning, Lin Caihe was sent away.

Moments before being sent away, Lin Caisang asked the man if he wanted to keep Lin Caihe.

But after the man heard her words, he shook his head repeatedly and protected the child in his arms tightly, fearing that he would be harmed by Lin Caihe.

"When she was pregnant with the dog, she would take it from her belly. This happened many times. Even after the dog was born, she couldn't bear it. When I went out, I would always put the dog at the aunt's house next door. .

Just like this, Gouzi was almost strangled to death by her several times. Can I trust her to stay with Gouzi? "

He said it very honestly.

Although he also admits that he is not a very good person, at least he will not attack his son, and he is also filial to his parents, and he will take good care of his parents until they die.

Chapter 3384 No common sense

But look at Lin Caihe, does she look like a person who can treat the elderly and children well?

In short, such a person is too terrible, he really can't afford it!

So Lin Caisang was sent away in the end, and it was Ban Jue who sent her away in person, without letting her make a sound all the way to the farm.

"ah!"

After arriving at the farm, Ban Jue relieved Lin Caihe's acupuncture point.

Lin Caihe was thrown to the ground mercilessly and let out a scream.

"You...you...how dare you do this to me. I'm Lin Caisang's cousin. Just wait. When Lin Caisang isn't angry with me anymore, see how I kill you!"

She sat down on the ground and looked at Ban Jue fiercely.

In her heart, whether it is Lin Caisang or other members of the Lin family, they do not understand that her kindness is only temporary. When they slowly understand her in the future, they will know how good she is.

At that time, Lin Caisang and the others will come to her with tears in their eyes, admit their mistake to her, and send all their best things to her!

Therefore, if Ban Jue treats her like this now, she will definitely not let him go in the future.

"Ah."

Ban Jue really wanted to be amused by her.

It doesn't matter if you don't have knowledge, but you can't have no common sense, right?

With what Lin Caihe has done, is she still thinking about the future? How stupid is his mistress to be so confused that she continues to pamper such a woman to harm herself?

"You keep talking about Lin Caisang, but it shows that you don't regard your mistress as your cousin at all. You are like this, and you still accuse my mistress of treating you well? Just dream!"

"you--"

Hearing his words, Lin Caihe was so angry that his whole face was distorted.

So what if she didn't regard Lin Caisang as her cousin. Anyway, her identity was there, she was Lin Caisang's cousin.

"You wait, wait until I let Lin Caisang kill you!"

Ban Jue raised his eyebrows, too lazy to say a word to such a woman.

"Listen up, you guys. This person will have to work every day from now on. Aunt Gui, you will allocate her work from now on. If she cannot finish her work on any day, she will not be allowed to eat."

He turned around and gave orders to several servants on the farm.

"Yes, banish the Lord."

Aunt Gui responded and glanced at the unkempt Lin Caihe.

A relative who had offended their master? I also asked Master Ban Jue to send him over in person and explain to them about this woman.

It must have come from how ruthless it was.

Moreover, listen to what this woman said just now, she still wants the master to kill the banished master, which shows that she is not a good person.

"Don't worry, sir, I will arrange errands for her properly."

"Um."

Ban Jue responded lightly and glanced at Lin Caihe.

"If she disobeys, feel free to beat her, as long as no one is killed."

He added that he felt that a shameless person like Lin Caihe would definitely not be able to work well if he had no motivation.

Therefore, a small leather whip is definitely needed!

"Yes, sir."

Aunt Gui was even more relieved after hearing his words.

After banishing Jue finished explaining, he raised his feet and left. Lin Caihe was frightened when he saw Banjue leaving like this.

Until she was thrown to the ground just now, she didn't believe that Lin Caisang was really following her. She thought that the Lin family thought she was disobedient, so they came up with such a way to scare her.

Chapter 3385 A dog chain

So she told herself in her heart that she could not give in to them and wanted them to know how powerful she was.

But now, Ban Jue has really left?

"Come back, come back, I want to go home, come back... ah!"

She hurriedly got up from the ground and wanted to catch up, but how could Aunt Gui and the women around her let her escape like that?

Aunt Gui stretched out her hand, grabbed her, carried her back and threw her to the ground.

"Still want to run? Can you run?"

She put her bucket on her waist and looked at Lin Caihe.

"We have to work when we get here. Hurry up and wash all the clothes in the yard. Xiaozhu, stop washing. Let her wash all the clothes from now on!"

She shouted to the woman who was taking out all the dirty clothes.

Aunt Zhu turned her head and glanced at her.

"Sister Gui, this woman is disobedient at first glance. If you ask her to wash the clothes, won't they all be torn?" She was a little worried. These clothes were not new in the first place. Once washed by this woman, they would not be damaged. Are they all turning into patchwork clothes?

"What are you afraid of?"

Sister Gui didn't take it seriously.

"If she dares to wash a piece of clothing, she will be beaten. We don't have much else here, but there are a lot of bamboo sticks. These bamboo sticks are much easier to use than whips. It hurts when you hit someone. But he won't kill anyone.

Go get a few more and prepare them, don't worry about those crooked people being disobedient! "

"Okay, Sister Gui."

Aunt Bamboo threw her clothes next to the wooden basin and hurriedly went to get bamboo strips.

"You... you..."

Listening to their words, Lin Caihe shivered, with fear in his eyes.

She knew that these women were serious. If she didn't work, she would really be beaten, and she would be beaten very badly.

Although Lin Caihe was selfish, she still knew how to bow to others, especially when she looked at the malicious eyes of strangers, so she didn't dare to say anything.

The typical example is that he bullies the weak and fears the strong, and he likes to bully his family members.

"What are you looking at? Why don't you hurry up and wash your clothes? You're asking for a beating!" Aunt Gui glared at her, and without being polite at all, she twisted Lin Caihe's arm several times.

She is the best at dealing with this kind of woman, and I promise to make her obedient in the future.

"Ah, ah, don't twist it, don't twist it. I'm going to wash it. I'm going to wash it now."

Lin Caihe was screamed by Aunt Gui, so she had no choice but to wash her clothes first.

"Sister Gui, this person is probably not a good person. She won't sneak away while we are resting at night, right? If she escapes, it will be difficult for the master to explain to her."

Another woman looked at Lin Caihe's back and reminded Aunt Gui.

"That's right."

Aunt Gui was reminded by her and also thought of this level.

This is the person that the master has promised to watch carefully. If she really escapes, how will they explain to the master?

"It's okay. We still have a chain to tie the dog there. From now on, we will keep an eye on her while she works during the day and tie her up at night. I don't think she can run away!"

They raised a lot of chickens and ducks on their farm, so thieves also had them, so they raised several dogs. However, one dog was beaten to death by a thief, and only a dog chain was left.

It's just right for this woman to use, so she won't be afraid of running away.

"That's okay too."

The woman heard her words and nodded with satisfaction.

Chapter 3386 It must be uncomfortable

Over there, Lin Caihe heard the conversation between the two and was so angry that he almost fainted on the spot.

She's not a dog, so why put a leash on her? But she knew that no matter how much she said, it would be useless. Those people would not let her wear the chain.

I originally thought I could escape and go back to the village to find the clan leader and others to sue the Lin family, but now I can only pretend that I haven't heard anything and stay here for now.

She took a deep breath and decided to endure the humiliation and survive here first. After she got out, she would go to Lin Caisang to take advantage of her!

...

On the other side, Yacun.

Having a house, even though it is a dilapidated house, is still my own home.

The man held the child in his arms and asked about the way to the town. He bargained for some necessities and went back to the mountains to hunt some game.

It can be said that the good life is really lived.

On the other side, several members of the Lin family were not in a very good mood.

Lin Changsong and Lin Changbai were really frightened by Lin Caihe's attack yesterday. That night, Lin Changsong, the little guy who bore the brunt, developed a high fever.

Fortunately, Lin Caisang was there, so no big problems occurred.

Lu Qiubo had a look on his face, feeling that Lin Caihe, the granddaughter, was here to cause trouble for them. He bluntly said that he would not have such a granddaughter in the future, and took care of Lin Changsong personally.

Lin Changbai was frightened and cried several times last night, and Yang Lin stayed with him until midnight before he fell asleep in a daze.

Ya Guman came over early the next morning and saw Lin Caiqing's livid face.

"What's wrong? What happened?" He pulled Lin Caiqing aside and asked quietly.

"It wasn't Lin Caihe who frightened Changsong so much that he had a high fever. No one in the family had a good night." Lin Caiqing replied with a cold face.

But fortunately, I finally sent him away today, and he will never harm their family again.

"It's my mother. She must feel uncomfortable."

After all, she was her biological daughter. Being sent away to suffer, no mother would feel better. But there was nothing that could be done about it. Leaving Lin Caihe at home would definitely be a disaster.

Lin Caihe was locked up in the woodshed last night and was scolded for a long time. Those words were very devoid of self-awareness.

"It will fade over time."

Yaguman didn't have much to say, so he could only say something dry.

However, he murmured in his heart that Lin Caihe definitely didn't want to scare Lin Changsong and Lin Changbai at that time. He was cruel to them and really wanted their lives.

Therefore, he agreed with both hands and feet that Lin Caihe was sent away.

In the future, when he gets married to Cai Qing, there will be less trouble.

"Too."

Lin Caiqing nodded.

"Just don't mention her in front of your mother from now on."

She thought about it and felt that the word Lin Caihe should be banned from the family in the future and should not be mentioned again, so that everything would be peaceful.

"Tsk, Lin Caihe is worse than Liu Yushui!"

At least Liu Yushui knew how to repent, but Lin Caihe didn't even know what to say. How amazing was she for a person who knew nothing wrong?

"Then don't mention it."

Yaguman also echoed that he didn't want to mention the name Lin Caihe.

"By the way, what are Brother Zimo and Sangsang doing here?" He changed the topic.

Chapter 3387 A little chicken

"Sister Sang Sang and brother-in-law? They have settled the affairs over there and will live in the village from now on. When Lin Caisang and Sui Zimo were mentioned, Lin Caiqing felt a little better.

"But my uncle and aunt didn't come back. They lived in Qianhuan Continent, and Brother Changhong didn't come back either."

But it doesn't matter whether they come back or not. The key is that Sister Sang Sang is back. That's enough. Grandma and grandpa are not to mention how happy they are.

Of course, it would be better if Lin Caihe didn't have this matter to cause trouble for the two elders.

"That's good."

Yagu Man also let out a sigh of relief.

When Sui Zimo and Lin Caisang went to Qianhuan Continent, he was worried about them. Now that they are back safely, he feels relieved.

After all, Lin Caisang had helped him before, and now he and the Lin family... He glanced at Lin Caiqing.

"Caiqing, do you want to discuss your marriage with me, your sister Sangsang?"

"That must be discussed."

Lin Caiqing said matter-of-factly, how could we not discuss this matter with Sister Sang Sang?

"Sister Sang Sang is back, I can no longer take care of the affairs of Menghuang Mountain, I have to return everything to her, and all the money I have earned in the past few years must be given to her.

Then....."

She talked about one thing after another, nodding her head when she said something, and the two of them were discussing.

...

Next door, Lin Caisang held his precious son in his hands and let him walk slowly on the ground.

But while walking, kid Lu Yannuo turned a corner, walked out of his yard, and walked happily to the next door.

"Little Nuo'er, come back!"

Lin Caisang hurriedly chased after him and picked him up.

"Chichi, chichi!"

The child Lu Yannuo fell into her mother's arms and kept struggling to go to the next door.

Because last night, the child saw a group of chicks that had just been hatched a few days ago in the yard, and kept chasing them. For this reason, his stumbling steps were refined a lot.

He wanted to play with chicks so much that he had decided to abandon his mother.

It's a pity that Lu Yannuo, as a baby, is no match for his mother, so he can only be carried back.

"Chi chi chi, chi chi chi."

The child Lu Yannuo who was brought back was still chirping in her mother's arms.

Lin Caisang: "..."

Yes, she gave birth to a little chick, right?

Ever since I came back last night and coaxed him to sleep, he started to get angry, which I think is quite fast.

"Sonny, it's time to eat."

Sui Zimo had already laid out the food, came to her side and took her son into his arms.

"Let's go have dinner first. After dinner, go to Grandpa's house to pick up some chicks and raise them so that he won't run over there all the time. By the way, Changsong and Changbai can come and play too."

"Fine."

Lin Caisang curled her red lips and raised her hand to lightly tap the tip of her son's nose.

"Little rascal, you refuse to be called mother, but Jiji learns quickly. If you continue like this, I will make you sleep in the same nest as an old hen tomorrow!"

Hearing this, Sui Zimo looked helplessly at his wife, then at his son who was still chirping in his arms, and chuckled.

"Go and eat. After that, go to grandpa's house."

"go together."

Lin Caisang held his arm, and the couple went to eat together.

After dinner, she had to go over to talk about something, and Cai Qing's marriage had to be settled quickly. Lu Qiubo mentioned it to her by the way last night.

Chapter 3388 I am a jijijiji

"I plan to go to Beijing in a few days and deliver the things there."

"Okay, let's have fun along the way." Sui Zimo nodded.

Before returning from Qianhuan Continent, Liu Yuyang asked them to bring back a lot of things, saying that they were for his family. Of course, in addition to the Lin family and the Liu family, they should also go to the capital.

"I'll go out later." Lin Caisang said again.

...

After dinner, Lin Caisang went out with his son who could only "chichijiji". Sui Zimo had other things to do, so he also went out with banjue.

Lin Caisang, on the other hand, came directly to Uncle Jin's house.

"Sangsang, why are you here at this time?"

The weather was getting very hot, and the whole family of Uncle Jin's family were sitting under the grape trellis in the yard to enjoy the coolness. Seeing Lin Caisang coming with the children, Uncle Jin's wife quickly stood up.

"Hey, this is your and Mo Lian's child. He's so old. What's his name?"

"Chi, chi chi chi."

Child Lu Yannuo said, I am a Chi Chi Chi.

Lin Caisang: "..."

She was speechless for a while and glanced at her stupid son. Can the little guy stop chirping all the time?

"This child's name is Yannuo, and we all call him Xiaonuo. Auntie, have you eaten before?"

"Yes, yes, I just ate. It's hot today. My dear, hurry up and cut out the soaked watermelon." The aunt responded with a smile and ordered her man.

Since the ponds were dug in their village, their crops are no longer afraid of being soaked in spring, and they are no longer afraid of running out of water in summer and autumn.

Moreover, they are planting two seasons of rice. There are many fields in the village, so they can grow some watermelons and melons to satisfy their cravings.

Isn't it all thanks to Lin Caisang?

No, I just picked a watermelon this morning and soaked it in cold well water for an hour. Now it's just right to cut it out.

"Okay, I'll go right away."

Uncle Jin was also happy to see Lin Caisang coming, so he was busy cutting the watermelon.

"Uncle Jin, please stop being busy. I just came here to talk about something. I have to go back soon." How could Lin Caisang sit down and eat watermelon at his house? What did she want that she didn't have in her Golden Pearl Space?

"What's going on?"

Uncle Jin paused at his feet and asked her.

The Lin family is really not short of a mouthful of watermelon to eat. There are so many things grown on the barren mountain. If Lin Caiqing can't finish the food, he will share it with everyone in the village.

But he still winked at his wife.

When the aunt saw her man looking at her, she took a step back and walked to her room, while Uncle Jin stayed behind.

"Sangsang, sit down."

Uncle Jin's daughter-in-law brought a stool for Lin Caisang to sit on.

"Thank you, sister-in-law."

Lin Caisang thanked her with a smile and looked at Uncle Jin again.

"Uncle Jin, I see there is some wasteland to the north of the village. Does anyone own it?"

Hearing this, Uncle Jin looked up at the sky, thought for a while, and soon knew where Lin Caisang was asking, and then shook his head.

"There are no people. There are more wastelands over there. The main reason is that it is far away from the village. It takes a while just to walk, and there are wild animals that come here often."

There are some that are closer to the village, but who wants to go there, so the land there has never been sold.

"Mainly because in the past, the land over there was relatively low-lying and it was easiest for water to accumulate."

But not anymore. Canals have been dug in the village, and it is not easy to accumulate water.

Chapter 3389 Why mention her?

But in this case, every household in the village has land and food, and no one has thought of buying the land there for a while.

"What, Sangsang, do you want to buy it?"

"Um."

Lin Caisang nodded his head lightly.

The fact is that she didn't want to buy it, but wanted to prepare a dowry for Lin Caiqing.

Moreover, Yaguman's family is relatively close there, and he is a capable person, so he is not afraid that his land is too far away from home. It is also good to plant some fruit trees first.

Then plant other crops.

"Are you... going to buy it all?" Uncle Jin asked.

"I took a look. There are about fifty acres of land over there. I bought it all and wrote Caiqing's name on it." Lin Caisang said.

"I bought it for your young girl."

Upon hearing her words, Uncle Jin's eyes lit up and he understood immediately.

He had long heard about Yagu Man and Lin Caiqing's marriage. It would definitely be held this year, and Lin Caisang just happened to be back.

Moreover, Sui Zimo and Lin Caisang are back. Even if Yaguman's parents want to make trouble, they don't have the ability, so he can rest assured.

"Okay, I'll do it for you another day."

"Thank you, Uncle Jin."

Lin Caisang said thank you, left the money to buy fifty acres of land, and prepared to leave.

"Sangsang, wait a moment."

Auntie walked out of the room, holding a red envelope in her hand, about to stuff it into the arms of little kid Lu Yannuo.

"Auntie, what are you doing?" Lin Caisang was a little confused.

She is here to buy land, not to buy red envelopes.

"It's for the child. We are in the countryside and we don't have such a big red envelope. It's just fun. Little Nuo'er, take it." The aunt looked at little kid Lu Yannuo with a smile and reached out to pinch the little guy's chubby flesh. Small face.

"Then...thank you Uncle Jin and Auntie." Lin Caisang thanked him and went back with his son in his arms.

"Why."

After Lin Caisang left, Auntie sighed softly.

"Everything about the Lin family is good, but there's just one person like that... it's really terrible!"

Of course she was referring to Lin Caihe. People in the village knew about her return. Many people in the village heard Lin Caihe's curse yesterday.

That girl is so shameless that she wants to marry Yaguman again. She deserves it!

"Why are you mentioning her? She's already gone today."

Uncle Jin was originally happy, but when he thought of Lin Caihe, who in the village didn't sigh for the Lin family.

Such a good and capable family, but two evil bamboo shoots, Lin Caihe and Liu Baixiao, really ruined the reputation of the Lin family!

Fortunately, Lin Caisang has made a lot of contributions to the village. Otherwise, none of the daughters of the Lin family would be able to get married, and it would be difficult for the sons to even find wives.

"Yes, just leave. You can't keep such a careless person." The aunt also nodded.

She just thought that if Lin Caihe had a better temperament, would Lin Caisang, as her cousin, not buy her a dowry and let her get married well?

But she didn't believe in this evil. She had done so many wrong things, but she still felt that she had done nothing wrong.

"I won't mention it from now on. Just pretend that there is no such person in the Lin family!" Uncle Jin said.

"Um."

The aunt responded and went to sit under the grape trellis again.

...

After Lin Caisang finished doing things here, he came to the Lin family.

Chapter 3390 Not a younger brother but a nephew

Lin Changsong no longer had a fever, but he still didn't have much strength, so he sat in the yard and watched the chickens running around happily.

Lin Changbai, on the other hand, was doing better. Under the leadership of Lin Changyi, he was also playing in the yard. Today, the two little guys did not dare to ask their brother to take them out to play.

"Brother, brother."

When Lin Changsong raised his head, he saw Lin Caisang coming over with kid Lu Yannuo in his arms.

But he was frightened yesterday. When he saw Lu Yannuo and no one introduced him, he intuitively thought that the kid who was younger than him was his brother.

"Second brother, Changbai, the younger brother is here, the younger brother is here."

Lu Qiubo, who had just stepped out of the kitchen: "..."

Lin Changyi was also shocked by his brother's words. He thought it was a younger brother from some family, but when he looked up, he saw that it was not his younger brother, but little Nuo'er from Sister Sangsang's family.

"Chang Song, that's not your brother, that's your nephew. Your little... no, your eldest nephew."

He is not the eldest nephew. This is the first nephew of their Lin family. And for Lin Changsong and Lin Changbai, this nephew will have to grow up with them in the future, so he is not the eldest nephew.

"Brother, younger brother, just younger brother."

Lin Changsong didn't care. He thought he was his younger brother, so he was his younger brother.

After yelling at his brother, he stood up from the stool, then rushed to catch a chick and came to Lin Caisang's side.

"Sister, sister, I caught a chick for my brother."

Lin Caisang: "!!!"

Come on, she is now of the same generation as her son, and he has become her younger brother.

"Okay, Changsong is so good. You can play with your brother."

She knelt down and put the child Lu Yannuo, who had long since stopped waiting in her arms, and watched as he grabbed the little chicken that Lin Changsong had given him and put it in his place.

"Chi chi chi, chi chi chi."

"Sister Sangsang, he is obviously a nephew, Changsong..."

"Don't argue with him, he was frightened. We can change the address in the future." Lin Caisang patted Lin Changyi's shoulder and said.

As a child, when he looks at children about the same age as himself, he always regards them as his younger brothers.

"Where are your sister and Brother Guman? They haven't come back yet?"

"Still busy on the mountain, but I'll be back soon." Lin Changyi said.

"Sang Sang, the sun is too strong outside, please sit indoors first."

Lu Qiubo came over, also holding a tray with slices of bright red watermelon on it.

"Grandma just cut the watermelon, come and eat a few slices. Changyi, stop playing around and go to the mountain to call your sister and brother-in-law down."

"Okay, Changsong, Changbai, take care of your little brother and play with him, don't fall."

Lin Changyi looked at the three little guys, then at Lu Qiubo, gave them a decisive warning, and then left the yard to call for help.

"Second brother, go, go quickly."

Lin Changsong didn't even look at his second brother and simply waved to him.

That look seemed to be saying, Second brother, please don't stop us from playing with our younger brother. Let's go quickly. If Lin Changyi is still here, he will definitely be pissed to death.

Why did he work so hard to take these two younger brothers with him?

Finally, when a playmate comes, he is no longer valuable and can just do whatever he likes.

"Brother, brother, brother, let me take you to play. There is little Bieba over there."
